<http://rightsstatements.org/vocab/InC/1.0/>

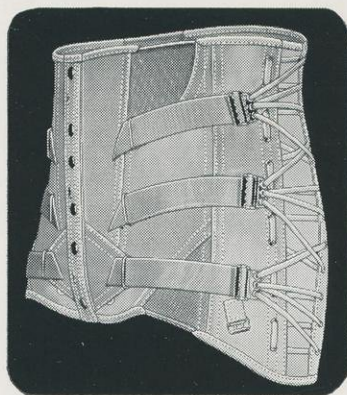

The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

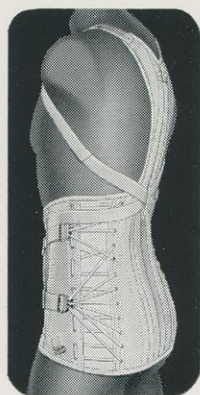

MORE DOCTORS PRESCRIBE

OTC with complete confidence. They know that when they prescribe OTC, they are selecting from the *only complete* line of professional surgical appliances. Doctors know that there is an OTC product for virtually every need. And for the rare occasion when a special support is required, OTC craftsmen will custom-make it to specific patient requirements.

Doctors know that OTC products are made of the finest materials by skilled, experienced craftsmen, backed by 71 years of service to the medical profession. And that OTC products are designed and constructed to give the patient *maximum support* and *maximum comfort*.

Sacro-lumbar support

Dorso-lumbar support
