The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Abstract Submission

by April 30, 2005

Early Registration

by June 30, 2005

International Society of Limb Salvage (www.isols.org)
has made a great contribution to the surgery for musculoskeletal tumors including tumor resection and limb reconstruction to improve patients' survival and limb function through extensive collaboration since 1981.
