The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

**Postpartum discomfort
stays with her longer
than you do.**

But PURILON* rayon can take over where you leave off.

Parke-Davis supplies a convenient maternity kit of personal care products made of PURILON—the same soft, absorbent, hypoallergenic fiber already on hospital duty in sponges, dressings, tapes, absorbent balls and other health care items.

In the kit a new mother finds enough Sanaban® maternity napkins, disposable washcloths and disposable underpads to see her through those first uncomfortable days. And she can carry home the rest in their handy, colorful container.

If your hospital doesn't provide the Parke-Davis maternity kit, find out why. Someday it might be your turn.

American Viscose Div.,
New York, N.Y. 10001.

PURILON RAYON

*Purilon is the trademark of the FMC Corp. for special rayon fibers for health care products.
