MADISON, WIS., TUESDAY, MAY 21, 1895.

[PRICE THREE CENTS.]

## UMPIRE BEATS US

GAME AT NOTRE DAME WAS  
FIVE TO FOUR.

FOULS WERE COUNTED AS FAIR  
BALLS.

The Team Is Improving—Notes on the  
Different Games.

At Notre Dame yesterday a most bare-faced steal was perpetrated upon our base ball team. A student of Notre Dame college was put in as umpire. Strenuous objections were made by Captain Kummel and the manager; but, as the guarantee money had not been paid over, they finally submitted, under protest.

The Wisconsin team played perhaps the best game of the season, errors being few and brilliant plays many, in number.

The score was four to one in favor of Wisconsin, when the last half of the ninth inning opened with Notre Dame, at the bat. Here, the student umpire, seeing that the Notre Dame ball players could not win the game, evidently determined to come to the rescue, and he did so most effectively.

A number of ground balls were hit past third base—clearly outside of the bag, Wisconsin fielders being compelled to cross the foul line to pick up the ball, but the umpire called each one a fair ball, and by dint of perseverance in such decisions, this student umpire brought in four runs, leaving the game five to four in favor of his college, counting their fouls as fair hits.

A number of spectators from South Bend spoke to the manager and offered to send to Madison an account of the rank work of the umpire if the men wished it.

Our team played a clean, quick game, hitting hard and safely. Their work is much improved and on Thursday they will give Michigan a hard game.

The following is the summary:  
Notre Dame.....000100004-5  
Wisconsin.....100100200-4

The team arrived home at 3 o'clock this morning. In regard to the first two games Manager Cleveland said:

"In the game at Ann Arbor our men held Michigan 2 to 1 for five innings, when George was compelled to retire, having been injured by a foul tip. Gregg took his place with his throwing hand scarcely recovered from the injury sustained on the previous Monday.

At Oberlin Falk pitched in good form and but few hits were made; the runs made by Oberlin were not earned while the U. W. men batted out hard, line hits.

The men have improved very much in batting, and in fielding are much surer and quicker.

### NO REGITATIONS.

All university work will be dispensed with tomorrow afternoon to allow all students to attend the field and track meet.

## CHRISTIAN ASSOCIATIONS.

The Y. M. and Y. W. C. A. held one of the most interesting and enjoyable meetings of the term in the Law building Sunday afternoon. Rev. Paul Pollach, D. D., late missionary to China, addressed the meeting on his work comprising a period of four years in China.

Mr. Pollach is a very interesting talker and though speaking of the topic so often discussed, missions, he treated it in an entirely new light, bringing forth many new and interesting phases of missionary work. Mr. Pollach has taken up the branch of medical missions and in his talk showed how much more abundant the opportunities for work for this class of missionaries are than for any other. In many foreign countries, especially in Turkey, all missionaries are subjected to great danger, the natives believing them to be impostors and tricksters. In such countries access is alone obtained by the medical missionary who by healing the sick and infirm wins a place in the hearts of the people which could be obtained in no other way. He establishes hospitals and asylums. He visits the sick and prescribes for them and in due time commences his prime object, their conversion.

Mr. Pollach has made a careful study of the Chinese character and says he considers their most prominent characteristic egotism, the love of self. This trait prevades their every act. It is seen in their domestic life, their business life and indeed in the life of the nation as a whole. The principal motive stimulating them to some apparent kind or generous act if traced back is shown to be selfishness. The life of the women is especially degrading, being held as little better than our slaves. The children are raised in ignorance and degradation and into them is instilled these selfish motives. Dishonesty is another prominent feature of these ignorant people. It pervades the home life and is manifested on every side. It is even found in the government.

Although these people so ignorant and despised are thus, yet they are ready to appreciate any kindness when they discover the true motive with which it is done. There is a fruitful country, yielding as it does two crops each year. Their commercial advantages if improved would rank second to none in the world. Their climate and vegetation is superb. Temperate, tropic and even the frigid zones are included in their vast extent of country. In fact contrary to the general supposition the natural advantages of China are extensive and if improved as our are would be inferior to none.

Mr. Pollach expects soon to leave for China and take up his work there once more.

## MELVIN CLUB HOP.

The Melvin club will give a ball at Kehl's hall tomorrow evening. Only about forty invitations will be issued to members of the club. Another party will be given at Winnequah shortly after Memorial day.

—F. A. Hoyt, ex-'97, of Sioux City, Iowa, is visiting at the Phi Gamma Delta house

—Athena will elect her Semi-Public men this evening.

## TRACK AND FIELD

LONG LIST OF ENTRIES FOR TOMORROW.

RECORDS WILL GO IF WEATHER PERMITS.

Plans for the Interscholastic Meet—  
Entries Coming in.

Tomorrow the track athletes will be out in force for the annual field day contests, weather permitting. A singular sort of a "hoodoo" seems to hang over the day set for the games. For three years now rain has necessitated a postponement. Tomorrow, however, promises to be a good day, and if the weather does continue pleasant a large number of records are sure to go. The team is far-and-away better than any previous Wisconsin track team, but last Saturday's fine records at many places show that other institutions are making wonderful strides and every event at Chicago will be bitterly contested. The entries for tomorrow's meet are as follows:

100-yard dash—W. S. and H. Frame, Downer, Montgomery, Metcalfe, Maybury, Aston, Lees.  
220-yard—All of the above except W. S. Frame.  
440-yard—Crocker, Montgomery, Gay, Tower, Bell, Hopkins.  
880-yard—Elsner, Hopkins, Gay, Bell, Tower.  
Mile run—All of the above except Gay.  
Mile walk—Blackburn, Norton, Zinn, Peterson.

Mile bicycle—Klug, Anderson, Zimmerman, Smelker, Chittenden.  
120-yard hurdle—Richards, Siegler, Smith, Schuchardt, Max Mason.  
220-yard hurdle—Richards, Crocker, Smith, Waiker, Main, Rider, Schuchardt, Fortier.  
High jump—Siegler, Holt, H. Frame, W. S. Frame, Day.  
Broad jump—Brewer, H. Frame, Graham, Fortier, W. S. Frame, Lees.  
Pole vault—Holt, Jackson, Crane, Brewer, Day, Fortier.  
Shot put—Cochems, Barth, Zinn, Riordan.  
Hammer throw—Cochems, Kull, Barth, Day, Zinn.

Hitch and Kick—Holt, Brewer, H. Frame, W. S. Frame.  
Standing broad jump—W. S. Frame, H. Frame, Holt, Day, Lees.  
The games will begin at 2:30 sharp, and the admission price will be the same as advertised,—thirty-five cents.

## THE HIGH SCHOOL MEET.

The plans for the Interscholastic meet are rapidly shaping themselves in something very tangible and its success is assured. Entries began to arrive within three days after the circulars were mailed, and many schools which have not yet sent in their entries intend to do so as soon as they have their local trials. The main difficulty now seems to be that some of the high school principals to whom the circulars were sent, have apparently pigeon-holed them without saying

anything to the students about the matter. It is well known that many of the high school principals throughout the state, fail to see the good of athletics as a physical, mental and moral training, as a means of securing more school spirit and in general for raising the esprit du-corps of the student body. The meet has the highest stamp of commendation from the regents and President Adams, and if these principals realized this they would doubtless present the matter somewhat more favorably. Another difficulty is lack of confidence among the schools from the smaller towns. The boys in the smaller high schools seem to think that the city schools have bigger, better built fellows and more chance to train, when precisely the contrary is the case. Most of the best athletes on the 'varsity teams are men who have come from the schools of the smaller towns. But however this may work in some cases it is certain that a large number of competitors, with plenty of friends will be present. The railroads have given a very low rate, a single fare for the round trip and this fact alone will be enough to draw a large number.

The events will be as follows:  
100-yard dash.  
220-yard dash.  
440-yard dash.  
880-yard run.  
Mile run.  
Mile walk.  
120-yard hurdle race.  
220-yard hurdle race.  
Running high jump.  
Running broad jump.  
Pole vault.  
Putting 12 pound shot.  
Throwing 12 pound hammer.  
Four lap relay race—Teams of four men, each man to run 1-5 of a mile.

Last Saturday the University of Illinois held their third annual interscholastic meet and it was a tremendous success. Twenty-one schools were represented by about 175 competitors, the Chicago contingent going in a special car. Englewood won the championship with 25 points, Rockford was second with 20 and Chicago South Division third with 16. There was no event with less than 12 competitors and in the majority there were from 15 to 18. The records made were very good but from what is known of the athletes who are to compete here June 8th there is every reason to believe that many of them will be surpassed, even though it is the first Wisconsin interscholastic meet.

## DON'T CARE FOR A CRITIC.

The system of administration, which was adopted by Judge Carpenter a few weeks ago, for the better management of classes in the Law school, has been abolished by him as unsatisfactory. The system as put into practice by the Judge, was to appoint a sentinel to sit by his side and take down all names of unruly or disorderly members of the class and make a report after the recitation. This action was looked upon with general disfavor by the students, and its abolition is heartily endorsed by the majority.

—E. J. Henning, law '96, and Geo. A. Kingsley, '95, who represented the Madison chapter of Delta Tau Delta at the convention at Lincoln, Nebraska, last week, have returned.

**The Daily Cardinal.**PUBLISHED DAILY (SUNDAYS EXCEPTED)  
DURING THE COLLEGE YEAR.BY THE STUDENTS OF THE  
UNIVERSITY OF WISCONSINSubscription price \$1.00 per term, \$2.50 per year  
in advance.

Our joint debates are not without fame, unless it be in their own country. Even Minnesota has added her testimony to the long roll of praise which they have received. Perhaps if they were held in as high esteem at home as elsewhere, the senior debater would not be compelled to grind out a thesis.

"Minnesota's debate team is making sturdy efforts to carry off the honors to be won next Friday," says the Ariel. "Nevertheless we must not be too sure of victory for Wisconsin is noted for sending out the best debaters of any college in the country. The amount of work they put on a debate is simply astonishing. The results of their investigations as expressed in their debates become a valuable addition to our knowledge of the subject under discussion."

With favorable weather tomorrow afternoon there is no reason why we cannot have a glorious field day. As has been the custom heretofore, classes will be suspended, so that everybody will be given an opportunity to attend. It may seem to some that because little has been said so far by the management, that great results are not looked for, but any so deluding himself should remember that it is no sign that hard, persistent work has not been the rule, for the last three months or more because little talking has been heard. On the contrary, we can hope to see some great surprises where we least look for them.

At any rate a good crowd of enthusiastic howlers can go a great ways toward getting the fellows accustomed to their surroundings, so that they may be prepared to meet all comers in the intercollegiate meet.

It is only once or twice a year that students are called upon to contribute to this important branch of athletics. Here is found so much greater variety that the most indifferent cannot fail to find some event that will interest him. A glance at the list of entries shows that all are well represented and it is a fact that we have always sent more to Chicago than the other colleges. There is no question but what a live interest will be displayed in every contest and they will be run off as rapidly as possible to avoid any unnecessary delays.

**THAT HOOSIER UMPIRE.**

Those who learned the score of yesterday's game at Notre Dame early last evening, had no idea of the true cause of our defeat, and will be greatly incensed at learning that it took ten men to make such a result possible. In the first place, we can boast that we have never stooped to such a kindergarten trick as to take advantage of a visiting club by insisting on one of our own men umpiring for fear of

losing the guarantee. While we are aware that our team has been playing a losing game for some time, yet we demand that it receive fair play when it so deserves. If our boys are playing a superior game it is our right to expect it to obtain credit for the same. There are cases where this does not prevent the loss of a game in legitimate way, but when such a bare-faced steal is made, and that in the very last opportunity offered it is time to complain. There were a number of persons who can be considered as impartial judges, present at the game. They called upon the team after the game and expressed their indignation at our treatment from the umpire and will stand by any statements that have been published in our behalf. The game will not go down in the season's records as undisputed, as when the facts are known it can only result in condemnation of the small and close-fisted policy of the Hoosier team. When our games are to be lost they are to be lost fairly. If the performance had taken place elsewhere the umpire would have been hoodooed off the grounds. A true account of the game and study of the score, with a liberal allowance given to Notre Dame's hits (fouls) will throw considerable light on the game.

**COMMUNICATION.**

The attitude which the last Aegis takes toward athletics, and our athletic teams, is truly exasperating. The athletic (?) editor, judging from his article, has not grasped the first principles, upon which college athletics are based. He has assumed the role, inevitably taken by a man who is densely ignorant, and he has attempted to roast and criticize.

To be sure our ball team is not all we could wish for, but it is the best the institution can afford, and no amount of contemptible geying such as the Aegis indulges in, will remedy the matter.

Now, as a matter of fact our team has and can play good ball. Of course, it has lost games it should have won, but the team has never had any respectable support from the student body, and the candidates have been treated more like crazy men than as students trying to uphold our athletic reputation.

The cause of our defeats this spring does not lie entirely with the team. This lack of enthusiasm and respect for a man's best efforts has played no small part in our defeats. Anyone who knows anything about athletics, knows that unity within, and hearty support from without is the only thing that can give us championship.

Athlete.

**COLLEGE NEWS.**

—Military companies have been formed from the academic and scientific senior classes at Yale.

—In Germany there are 13 law, 18 medical, and 5 theological students to every 100,000 inhabitants. In the United States there are 7 law, 24 medical, and 21 theological students to every 100,000.

—Says the Inter Ocean: With the menace of decisive victories against the universities of Madison and Beloit, the Iowa college team tackled Stagg's nine yesterday afternoon and were defeated by a score of 18 to 4. The reports of the heavy hitting of the Iowans led Stagg to put Nichols in the box instead of Brown, and the visitors were unable to do anything with him.

**DON'T STOP TOBACCO.**  
How to Cure Yourself While Using It.

The tobacco habit grows on a man until his nervous system is seriously affected, impairing health, comfort and happiness. To quit suddenly is too severe a shock to the system, as tobacco, to an inveterate user becomes a stimulant that his system continually craves. Baco-Curo is a scientific cure for the tobacco habit, in all its forms, carefully compounded after the formula of an eminent Berlin physician who has used it in his private practice since 1872, without a failure, purely vegetable and guaranteed perfectly harmless. You can use all the tobacco you want, while taking Baco-Curo, it will notify you when to stop. We give a written guarantee to permanently cure any case with three boxes, or refund the money with 10 per cent. interest. Baco-Curo is not a substitute, but a scientific cure, that cures without the aid of will power and with no inconvenience. It leaves the system as pure and free from nicotine as the day you took your first chew or smoke. Sold by all druggists, with our ironclad guarantee, at \$1.00 per box, three boxes (thirty days treatment), \$2.50, or sent direct upon receipt of price. ATHLETIC NEWS.

—Michigan beat Iowa University yes-  
terday, 17 to 4.  
—The annual race of the class crews  
of Harvard were rowed yesterday  
on Charles river, the juniors winning  
by two lengths over the sophomores,  
who in turn led the seniors by half a  
length. The freshmen did not row.  
—Base ball has infested the land of  
the Gopher. The newly elected board  
of editors for next year's annual, the  
"Gopher," were compelled to lay down  
their arms by the staff of the Ariel to  
the tune of 23 to 24. It is reported  
that the utmost good feeling pre-  
vailed.

FRESHMAN GAMES PROHIBITED.

The athletic committee at Harvard  
has prohibited the Freshman ball nine  
from playing any more games this  
season at Harvard on account of dis-  
turbances at a recent game. The  
games that had been arranged for with  
outside nines will be played however.  
—The battalion is having its final  
inspection this afternoon.

PORTRAIT OF SMITH.

The economic seminary room has  
received a photograph of Adam Smith,  
presented by E. R. Curtis. This ad-  
dition gives the economic rooms a  
number of photographs. Among others  
there are pictures of Pres. Adams,  
George William Curtis and Andrew D.  
White. The last two were presented  
by Gutekunst, the Philadelphia photo-  
grapher.

—Miss Gertrude Hood, '96, has been  
compelled to drop her work at the  
university for this term, being called  
to her home in Ripon by serious ill-  
ness in her family.  
—Mr. T. C. Smith addressed Prof.  
Turner's American history class, on  
the free-soil parties, this morning.  
—Oscar M. Nelson, '97, one of our  
half-backs, is in the city visiting  
friends.

—An exciting one mile race took  
place yesterday between the 'Varsity  
and Freshman shell crews. The 'var-  
sity with the cedar shell was handi-  
capped two lengths, but managed to  
beat the freshmen by several lengths.  
The 'varsity crew started very quickly  
and kept up its form throughout the  
race.
