...Salutatory...

The establishment of the county system of carrying mail in Sheboygan County has created a heavy demand for a book containing the list of names of persons receiving mail along the rural routes. It is therefore with pleasure that we meet this demand. We have made a thorough canvas throughout the county, and spared neither time nor energy to obtain as correct a list of parties receiving mail along the routes, as circumstances permitted.

Expressing our thanks for the co-operation of our friends in the preparation of these lists, we hope that it will meet the heartiest commendation.

Very respectfully,

Amerika Publishing Co.,

## Think

before

## you drink

## The Crown

cork is

## easily removed

Disease germs lurk in permanent stoppers used for bottles.

The bottle itself can be perfectly cleansed and rendered sanitary, but this permanent and filthy wired stopper cannot be cleaned under any circumstances.

When we say that "Everything that can hold the germ of disease and spread contagion to the unwary should be abolished," we hit the nail right upon the head.

**Now to the Point!** When you order your Bottled Beer, ask your bottler to give you the Crown Cork. This stopper can be used but once, and is your safeguard against impurity. Nothing but cork comes in contact with the beverage.

Crown Corks are in general use all over the world on the highest grades of Beers. Ladies and children can remove the Crown. There is no struggling with corks and wires. No dirt or bits of cork are found floating in Crown goods.

When you take off the Crown, you know that you are the first person to open that bottle since it left the bottler's hands. No one else has opened it and interfered with the contents, as is sometimes done where permanent stoppers are used. You receive the goods as fresh as they were when bottled.

**REMEMBER:** The Crown Cork does not subject you to disease germs, as other stoppers do, which have been used over and over by promiscuous classes of people.

---

By ordering "Schreier's Bottled Beer" you will get the Best Beer and the Best Stopper. Try it and convince yourself. Our brands;—  
"SELECT" AND "PILSENER." Our price \$1.00 a case of 2 dozen full sized pints.
