The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

# TIME-TESTED AND PROVEN: THE LENOX HILL® DEROTATION® BRACE.

Everyday we receive letters from orthopaedic surgeons, physical therapists and their patients.

They tell us that the Lenox Hill Derotation Brace has extended careers, helped win athletic championships, and has dramatically affected the lives of countless men and women around the world.

And with the receipt of each letter our commitment is renewed, to produce the most advanced orthopaedic appliance on the market, at a cost that allows it to be prescribed to every patient who needs it.

The Lenox Hill Derotation Brace. Find out why it is becoming a matter of routine procedure in the surgical, as well as non-surgical, treatment of knee instability patients.
