GEOLOGICAL TRIP

LARGE PARTY TO SPEND THREE DAYS IN OBSERVATION.

Extensive Plans are Being Made for the United States Geological Survey This Year.

The first year class in geology will take its annual trip on Thursday, Friday and Saturday of this week. Professor C. R. Van Hise and Dr. Clements will superintend the trip. It is expected that thirty or more geology students will go.

The party will spend Thursday at Devil's Lake and vicinity, studying the geological formations of this interesting region. On Friday they will drive from Baraboo to Kilbourn, going by way of Abelmans and the upper narrows of the Baraboo river. Saturday will be spent at the Dells of the Wisconsin river and then the party will return to Madison.

Professor U. S. Grant of Northwestern will come up to Madison, with ten students from that institution and take the trip with the Wisconsin party.

The annual geological excursion has for many years been a feature of geology work at Wisconsin, and has always proved a most pleasant and profitable experience. The students are enabled to see on their trip the phenomena which illustrate many principles of geology, and gain a practical insight into the work.

U. S. Geological Survey.

Extensive plans for the United States Geological Survey have been framed for this year. Professor C. R. Van Hise has charge of the division of the work which has to do with the study of the old and altered rocks of the United States. He has entire charge of the topographic branch. Four assistants, advanced students under Professor Van Hise, have charge of the assistant branch of the Geological Survey.

About eight or ten more students will have places with a private company. Thus almost twenty will be employed in all, eight or ten in all branches of the United States work and about the same number with the private company.

Dr. Clements and Dr. Hobbs each are to be in the field in charge of parties on the United States survey. Mr. Leith, a student assistant in geology who takes his doctor's degree this year will also be in charge of a party.

Professor Van Hise will spend the summer visiting the different parties at work on the United States survey. He will spend the month of July in the East, August in Colorado and in September he will visit the work going on in the lake region of Northern Wisconsin.

On the Wisconsin survey, Professor E. A. Birge is director, and he and his assistants will work on the lake region and the life of the lakes. Professor Marsh of Ripon will be associated with him.

At a conference held yesterday between Professor Birge, Professor Van Hise and Dr. Clements, general plans for the year's work were formulated.

Dr. E. R. Buckley will continue the preparation of the second part of his report on the clays of the state, and begin an investigation of road materials. Dr. Weidman will con-

tinue his work on the rocks of Central Wisconsin.

An annual appropriation of five thousand dollars is set aside by the legislature for the work of the Wisconsin survey, which is carried on distinct from the United States work.

A GREAT HONOR.

Prof. Wood at Head of Johns Hopkins Physics Department.

When questioned as to his reported appointment to a professorship at Johns Hopkins, Professor Wood said that it was true that he had received a letter from President Gilman offering him a full professorship in physics, but declined to say anything more in regard to the matter.

It is understood from other sources that the appointment is an important one and a great honor to Professor Wood.

Professor Ames, the assistant in the physics laboratory has been appointed head of the department, and Professor Wood will take his place. The position is an important one, being second only to that of Professor Ames, and although Wisconsin will feel his loss deeply, it is a great opportunity for Professor Wood.

Professor Wood leaves to take up his new duties at the end of the present semester.

Robert Williams Wood was born at Concord, Massachusetts, May 2, 1868. He entered Harvard in 1887 and graduated in 1891 with the degree of A. B. He then spent a year at Johns Hopkins, and the following two years as Honorary Fellow at the University of Chicago. 1895 and 1896 were spent at Berlin University, and from there he came to the University of Wisconsin as instructor in Physics in 1897. He was promoted to an assistant Professorship in Physics in April, 1899.

Professor Wood has made a special study of light and several of his papers on the subject have been published in philosophic magazines. His method of color photography has attracted marked attention and he lectured on this subject in London, before the Society of Arts, the Royal Photographic Society, the Physical Society, the London Camera club, and also before the Royal Society on the photographing of sound waves.

Professor Wood is a Fellow of the London Physical Society, and a member of the American Association for the Advancement of Science, the American Physical Society, and the Astronomical Society.

Varsity vs. Maroons Saturday.

Next Saturday afternoon when the Cardinals and Maroons are through fighting it out on the cinder path, Captain Pierce's men will meet the Chicago aggregation on the diamond. The Maroons left the Wisconsin grounds after their last defeat a terribly sore lot of fellows, and playing on their home grounds they will fight hard for revenge and to keep from further bottomward progress. This will be the first championship game the Varsity plays outside of the home grounds, but experience has somewhat eradicated the tendency to one-inning balloon ascension, and the Badgers are confident that they will not detract from the expected honor of victory in the dual meet.

Junior Girls' Crew.

The junior girls met yesterday afternoon and selected the following for their crew: Lelia Bascom, Charlotte Fischer, Leora Klahr, Ida Brewster, Lorine Knauf, Bessie Cottell and Bessie Kratz.

FRESHMEN DEVELOP

NOTABLE INCREASE SHOWN IN PHYSICAL MEASUREMENTS.

Improvement Especially Noticable in Strength Tests, Lung Capacity and Gain in Weight.

The second physical examination of the freshmen who were measured last fall, has been about completed by Dr. Elsom, and the statistics are given below. They show a very notable increase, and prove that the physical condition of the men is better than when they entered the University. The improvement is especially noticeable in the strength tests and lung capacity. The average gain in weight is also considerable. Following are the measurements in detail:

Measurement taken	Oct. '00	May '01
Weight (pound)	135.909	140.329
Height (inches)	67.394	67.569
Girths: neck	13.788	14.148
Girths: chest, normal	34.261	34.788
Girths: waist	28.596	29.156
Girths: hips	35.295	35.908
Girths: R. Biceps	11.513	11.822
Girths: L. Biceps	11.194	11.500
Girths: R. Forearm	10.356	10.494
Girths: L. Forearm	10.226	10.384
Girths: R. thigh	20.058	20.609
Girths: L. Thigh	19.930	20.569
Girths: R. Calf	13.526	14.008
Girths: L. Calf	13.533	13.958
Breadths: Shoulders	15.606	16.110
Breadths: Chest	11.522	11.746
Breadths: Waist	9.815	10.017
Breadths: Hips	12.772	13.026
Depth Chest	7.039	7.405
Depth Abdomen	6.686	6.930
Cap'city of Lungs	251.480	265.740
R. Grip (kilos)	44.680	49.700
L. Grip (Kilos)	41.670	46.300
Pull up back (Kilos)	137.600	149.370
Pull up legs (Kilos)	193.900	222.130

Miss Walden's Recital.

At the piano recital to be given in library hall by Miss Alice Walden tomorrow evening E. R. Williams, baritone, will sing A Song of Thanksgiving. The following will be rendered by Miss Walden: Moonlight Sonata (Beethoven); Serenade (Schubert-Liszt); Cradle Song (Judassohn); Etude in F minor (Chopin); Liebestraum (Liszt); Impromptu (Chopin); Prelude in E minor (Mendelssohn); Berceuse, op. 57 (Chopin); Morning, Ase's Death, Anitra's Dance, In the Hall of the Mountain King (Greig); If I Were a Bird (Henselt); Hark, Hark, the Lark (Schubert-Liszt).

Engineers Club to Banquet.

The engineering club will give their annual banquet at the Avenue hotel next Friday evening. The honorary members of the club and the heads of the departments have been invited. H. T. Plumb will be toast master for the evening. Dean Johnson, Professor Turneure and Professor Mack will respond to toasts. Members of the club who will respond will be W. P. Hirschberg on behalf of the club, W. W. Gore for the freshmen, P. V. Holt for the sophomores, F. C. Stieler for the juniors and A. V. Meyers will give the farewell response for the seniors.

—Joseph E. Davies, law, '01, has accepted an invitation to deliver the Memorial day address at Columbus, Wis.

LAID TO REST.

Funeral of Late James S. Smith This Afternoon.

The funeral of the late James Sargent Smith was held from the residence, 125 E. Gilman street, this afternoon. The sermon was pronounced by the Rev. Barton B. Bigler of the Presbyterian church who spoke feelingly of the life and virtues of the well-known musician. Two songs were sung, "Abide with Me" and "Come unto Me," by Mrs. E. M. Fuller and Miss Foreson and accompanied by Professors Parker and Boyd, all of the School of Music. The interment was at Forest Hill cemetery. Many large bouquets of American Beauty roses and other cut flowers were sent to the funeral by the friends of the late professor.

To Present President's Chair.

At a meeting of the senior class in the law building yesterday afternoon it was decided to leave as a class memorial a heavy carved oaken chair to be used by the president on state occasions and to be kept on the "hill." To meet the graduating expenses a dollar tax was levied upon each member. The class pipe was also picked out, and will be a handsome affair with an amber stem. The canes, which are of light bamboo with silver handles, will be here in a few days. A number of the commencement appointments have been decided upon but the list will not be made public till completed.

Last Hop Saturday Night.

On Saturday evening the last military hop of the season will be held in the gymnasium. It is intended to make this the biggest success of the year in the series of military hops which have been given. Commandant Curtis announces that white duck trousers will be considered as in uniform, but with this exception the usual rules governing the hops will be enforced.

As the gymnasium floor is not used very much during this time of the year, there has been ample time to get it in the best of condition for dancing. Work began in getting the floor in shape several days ago. Music will be furnished by the University band as usual, and the usual program of waltzes and two-steps will be carried out. The program will not be published before hand but programs have been gotten up and will be used at the hop. The attendance at the hop will be very large as many are anxious to attend the last of these social functions of this college year.

By request, Company E, winner of the competitive drill, will give an exhibition drill and the medals will be given. The time for the hop to close will be extended until 11:30 and the drill and presentation of medals will take place about the middle of the evening.

—Rev. H. H. Jacobs was formally installed as pastor of the Hanover Street Congregational church, Milwaukee, Monday night. Rev. Victor Brown of South Milwaukee was moderator of the evening service and Rev. E. G. Updike preached the sermon. Mr. Jacobs was graduated from the University in 1893, later studying at Oxford, England.

—Miss Foley of Milwaukee is spending the week with her cousin Miss May Foley at the Hall.

—The score at the end of the third inning was 4 to 0 in Wisconsin's favor.

A Loss to the University.

The loss of Professor Wood to the University will be keenly felt. He has always been especially active in original research work and most of his wonderful discoveries have been made while he has been connected with this institution. The discovery of color photography alone gave Professor Wood a world wide reputation and he was asked to deliver lectures upon the subject in various parts of this country and in Europe. His recent discovery of a process of photographing sound waves also increased his fame until he has become known as "The Wizard of the University." Johns Hopkins University has an excellent physical laboratory and the promotion for Professor Wood is well merited.

A Good Track Team.

Wisconsin will try conclusions with Chicago Saturday afternoon on Marshall Field in a dual track meet. This meeting of the two great western rivals will go a good way in fortelling the outcome of the inter-collegiate conference meet a week later. Michigan easily defeated Chicago in a dual meet last Saturday but Chicago will put forth her strongest efforts to win from her old rival Saturday. The Midway institution is counting on dividing first places even and hope to get enough seconds to win the meet. The Badger team is better this year than it has been for several years and should make a strong fight to win back the championship pennant of the west for Wisconsin. Should the cardinal triumph in the conference meet the winners should be entered in the games at Buffalo which will take place during the early part of June. Michigan and Chicago will probably send small teams picked from the winners at Chicago, and Wisconsin should take the matter up and give it careful consideration. The expenses of sending a team would not be so great but that they might be raised by subscription.

The Weather.

Showers to-night and Thursday.

Welcome to Dean Gregory

The Hammond Law Senate at University of Iowa gave a banquet to Dean Gregory on his visit to Iowa last week at which all the prominent professors and legal lights were present. The Vidette-Reporter says: "The principal speech of the evening was given by M. L. Ferson of Frensdale on the subject, 'The New Dean.' Mr. Ferson said in part: 'The man selected for the place had already refused a position with another western law school but has paid us the compliment of accepting the office of Dean of the College of Law. He is a man who stands not for the legal education alone but for that education which develops the man as well as the lawyer. We who go out from here this year bespeak for our Alma Mater the broadest and greatest development. Her every success we shall point to with personal pride. As we go out it is with the feeling that the College of Law has auspiciously entered an era of greater proportions of broader thought and that with Dean Gregory at its head in legal culture as in other things, Iowa affords the best.'"

Dean Gregory responded in an eloquent manner thanking them for their kind welcome. He eulogized the profession of the law and stated that he came "from a dear and loved University; from memories tender and kind, to come to you and turn to your high hopes."

Dramatic Entertainment.

A dramatic entertainment will be given tomorrow evening in the lecture room of the Congregational church. The program will be: The Ballad of Mary Jane, presented in a series of moving pictures with the following cast: Miss Alma Taylor, Charles Vilas, Percy Tracy, Stuart Lyle, Roy Tomlinson and Dr. Ralph Daniells, with Edwin A. Snow as reader. Mrs. Francis Hiestand will sing Les Larmes from Massenet.

The clever play, the Loan of a Lover, will be presented by the well known actors: Walton H. Pyre as Peter Spyke, Daniel Ridlington as Captain Amersfort, Donald MacDonald as Swyzel, William Walker as Deive, Miss Anne Scribner as Gertrude and Miss Henrietta Pyre as Ernestine. The scene is an inn near Utrecht. The music is written for this play by Rev. C. E. Roberts.

The entertainment begins promptly at 8 o'clock. A small admission fee will be charged. Following the entertainment will be an ice cream and strawberry festival in the guild rooms.

GET

A practical
knowledge of
SIGN and HOUSE
Painting,

gold and silver lettering, bronzing, carriage and landscape painting, kalsomining, mixing colors, contracting, etc., from our Painter's Book. Our book of 25 years experience in sign and house painting is so explicit that even boys can teach themselves the painter's trade in a short time. 25 illustrated alphabets are included in our book. Address Val. Schreier Sign Works, Milwaukee, Wis.

Business Committee.

There will be a meeting of the Business Committee of the 1902 Badger Board Thursday evening at 6:45 in seminary room A Law building.

Chairman.

Local and Personal.

—Dr. Hall will address the Y. W. C. A. next Friday afternoon.

—Hesperia will hold her annual banquet next Tuesday evening at the Avenue hotel.

—Dr. H. W. Wiley, chemist for the U. S. department of agriculture, of Washington, D. C., visited the dairy school last Saturday.

—Messrs. Joseph Bredsteen, '01, F. C. Voight, law '02, and W. D. Buchholz, '01, will make a European trip on bicycles this summer.

—The University creamery is breaking all previous records in its milk supply. Last Monday 20,000 pounds of milk were received.

Great Event of the Season.

Prof. Gleason, the king of horse trainers, will give exhibitions at the corner of Pinckney and Doty streets from May 23 to 31 inclusive.

Mr. Gleason is without a doubt America's greatest living horse educator. It is in fact the only exhibition of the kind in the world. Entire performance given with Madison horses. Nothing like it ever seen before. Wild, vicious and wicked horses educated free by the king of horse tamers. Greater and better than a circus. Doors open, 7:30; horses in the ring, 8:15. Prices 25 and 50 cents. Seats for 3,000 persons.

A good umbrella for \$1.50 at Averbeck's.

Suits and pants to your order. I have a full line of samples, comprising all the latest novelties for suits and trousers. Will be pleased to show samples.

J. D. Storms.

RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837.

The academic year of Rush Medical College is divided into four quarters, corresponding with those recognized with the University of Chicago, beginning respectively the first of July, first of October, first of January and first of April, each continuing for twelve weeks. A recess of one week occurs between the end of each Quarter and the beginning of the next following.

The general course of instruction requires four years of study in residence with a minimum attendance upon three Quarters of each year. A student may begin his college work on the first day of any Quarter, and may continue in residence for as many successive Quarters as he desires. Credit will not be allowed, however, for more than three consecutive Quarters. At least 45 months must elapse between the date of a first matriculation and the date of graduation. For further information, address

RUSH MEDICAL COLLEGE,

Chicago, Illinois.
