be authorized to file an application.

THAT PAGE OLIMINA

Upon motion of Regent Jones, seconded by Regent Sensenbrenner, it was VOTED. That the motion be amended to grant the Executive Committee authority to authorize the President to file an application.

The motion was then carried as amended.

Upon motion of Regent Sensenbrenner, seconded by Regent Kleczka, it was VOTED, That the actions taken by the President since the February 15, 1945 meeting of the Board be approved and made a part of the records of this meeting.

The matter of the proposed use of Ravine College by the University Extension Division was taken up and Mr. L. H. Adelfson, Associate Director, was called in to give information. He stated that they had a preliminary estimate of \$19,500 for remedeling, repairs and decorating and that there would be an additional cost of approximately \$12,000 for equipment, making a total of approximately \$32,000. He also stated that the Industrial Commission was to inspect the building within a few days and would decide as to whether the building could be used for school purposes.

Upon motion of Regent Cleary, seconded by Regent Jenes, it was VOTED, That Mr. L. H. Adolfson be authorized to advise the Racine people that notwithstanding the change in our financial picture in Extension, the Regents will appropriate \$25,000 as previously agreed upon for Extension facilities in Racine but that any amount needed in excess of \$25,000 would have to be provided by the Racine community.

Regent Jones moved, with second by Regent Kleczka, that subject to the approval of the Industrial Commission as to the use of the building for school purposes, this Board approves of the report of the Educational Committee presented at the February meeting with the understanding that the facts which have been discussed and agreed upon this morning will be incorporated into an agreement between the Regents and the authorities at Racine.

Regent Werner moved, with second by Regent Kleczka, that the motion be amended to have the Regents determine within six months before the end of the original term of three years whether or not the school at Racine is to be continued after the expiration of this agreement and under what terms.

A vote was then taken on the motion as amended and carried.

#### REFORT OF THE COMPTROLLER

The Comptroller reported that there was a deficit of \$187.53 in connection with the Nevy show given in the Stock Pavilion on December 11 and 12, 1944, and stated that this would be covered in the next War Lean Drive.

The Comptroller reported on a communication which he had received relating to an injury to Esther Deboos on a sidewalk in the University area but that the Attorney General's office had reported there was no liability. No action taken.

The Comptroller discussed Bill No. 251,S, known as the Bonus Bill. It was understood that Regent Cleary would confer with Comptroller Peterson regarding appearance by the University at the Legislative hearing.

The Comptroller reported that the Freehoff bill and joint resolution relating to printing had been indefinitely postponed by the Legislature but that other bills designed to relieve the printing situation were pending. It was requested that Comptroller Peterson appear at the Legislative hearings on those bills.

The Comptroller reported that the Government had asked the University to undertake a training program for 100 WAC officers beginning in April, 1945 but that we were unable to accept the assignment because we have no housing facilities for the girls.

The Comptroller reported that the Government has requested that we accept a minimum of 250 ASTP Reservists for training beginning in July, 1945. We are hopeful of finding housing accommodations for that number.

The Comptroller discussed Bill No. 284, A relating to the purchase of supplies, materials and equipment by the state and referred to a letter from the State Director of Purchases,

Upon motion of Regent Sensenbrenner, seconded by Regent Kleczka, it was VOTED, That Comptroller Peterson appear at the Legislative hearing in support of the bill.

Regent Cleary, Chairman of the Finance Committee, stated that the University operating budget had been reported out by the Joint Finance Committee without change except for an addition of \$15,000 per year for topographical mapping.

The Committee on Organization presented the following report and recommendations:

#### Preface to

Suggested Report of the Committee on Organization

When Dr. Fred was appointed President of the University, it was agreed that the size and complexity of the University make it necessary to revise the administrative organization so as to relieve the President of many details that heretofore have burdened his office. As the chief executive officer of the institution, the President must be the responsible head of all phases of University operations. It is necessary, however, that the President be authorized to delegate some administrative duties to subordinate officers. Business and Finance is one of the important phases of University administration and management which may well be delegated to a subordinate officer.

As one of the initial steps in revising the administrative organization of the University to relieve the President of details and to provide the means for an efficient operating organization, the Committee on Organization recommends the adoption of the following resolutions:

- I. Proposed Resolution to amend the By-Laws (Copy attached)
- II. Proposed Resolution to define the duties of University business officers (Copy attached)
- III. Proposed Resolution appointing business office personnel (Copy attached)

/s/ W. J. Hodgkins Chairman

# I. Proposed Resolution of the Regents to Amend the By-Laws

RESOLVED, That the By-Laws of the Board of Regents be amended as follows:

Section 4, Chapter VI as now constituted is repealed and is recreated to read as follows:

# Director of Business and Finance

The Director of Business and Finance shall be responsible to the President of the University for the execution of the business affairs of the University and shall see that the laws, rules, and regulations prescribed by the Board of Regents for the government of the financial and business affairs of the University are faithfully observed. He shall assist the President of the University in the preparation of the annual and biennial budgets and shall perform such other duties as may be assigned from time to time by the Board of Regents or by the President of the University with the approval of the Board of Regents. The Director of Business and Finance shall attend the meetings of the Board of Regents and shall make such reports to the Board as the Regents shall require. He shall have authority to sign such contracts and agreements on behalf of the Regents of the University of Wis consin as the Board of Regents or their Executive Committee, acting under Section 4 of Chapter II, shall specially direct.

II. Proposed Resolution of the Regents to define the duties and responsibilities assigned to the Director and Associate Director of Business and Finance and of heads of departments in the business organization of the University

4

RESOLVED, That the title of Comptroller be changed to Director of Business and Finance as provided in Section 4, Chapter Willof the amended By-Laws, and that the Director of Business and Finance be responsible to the President of the University for the administrative supervision and direction of the following services and functions:

  - b. Supplies
- 9. Contracts, leases, and agreements

RESOLVED FURTHER, that the following officers shall be responsible to the Director of Business and Finance for the immediate supervision of the functions designated:

# 1. Associate Director of Business and Finance

There is hereby created the office of Associate Director of Business and Finance. The Associate Director of Business and Finance shall be responsible to the Director of Business and Finance for the offices of the Chief Accountant, Bursar and Purchasing Agent, and for all matters of business operation, maintenance, finance, personnel, and business administration of University Residence Halls, Dormitories, Commons, and other Service Enterprises. He shall perform such other duties as may be assigned from time to time by the Director of Business and Finance. The Directors of Residence Halls, the Memorial Union, and other Service Enterprises, the Chief Accountant, Bursar, and Purchasing Agent shall be responsible for the administration of the business affairs of their divisions to the Director of Business and Finance through the Associate Director of Business and Finance. In the absence of the Director of Business and Finance the Associate Director of Business and Finance shall perform his duties unless otherwise ordered by the Board of Regents.

# 2. Trust Officer and Director of Investments

The Trust Officer and Director of Investments shall be responsible to the Director of Business and Finance for the receipt, custody, investment and management of all moneys, securities, or other property given or bequeathed to the Regents of the University of Wisconsin as endowment or to be held in trust for the benefit of the University. He shall see that the terms of the gifts or bequests are faithfully fulfilled and observed, and that the funds, securities and property are managed in accordance with rules, regulations, laws or resolutions of the Board of Regents. The Trust Officer and Director of Investments shall be responsible to the Director of Business and Finance for the financial management of student loan funds.

# 3. Budget Officer and Chief Auditor

The Budget Officer and Chief Auditor shall be responsible to the Director of Business and Finance for the necessary internal auditing of financial, accounting, and business records of the University in all of its departments and of student organizations. He shall assist the Director of Business and Finance in the analysis and preparation of the annual and biennial budgets, and shall perform such other duties as may be assigned from time to time by the Director of Business and Finance. The Student Financial Adviser and Auditor of Student Organizations shall report to the Budget Officer and Chief Auditor.

# 4. Superintendent of Buildings and Grounds

The Superintendent of Buildings and Grounds shall be responsible to the Director of Business and Finance for the efficient operation of all plant utilities, including the heating station, pumping station, and electric sub-station: for the proper maintenance of buildings and grounds; for janitor service; for the supervision and direction of the service, maintenance, and repair shops not assigned to academic departments; for life saving service on Lake Mendota; campus police and watchmen: campus traffic regulations, and for campus mail service. The Superintendent of Buildings and Grounds shall cooperate with the State Chief Engineer and the State Architect in all matters related to new construction and improvements, and shall perform such other duties as may be assigned from time to time by the Director of Business and Finance.

#### 5. Personnel Officer

The Personnel Officer shall be responsible to the director of Business and Finance and shall cooperate with the State Bureau of Personnel in the recruitment

and in-service training of necessary non-academic personnel for all University departments and in the maintenance of adequate personnel records. He shall serve as liaison officer between the State Bureau of Personnel and all University departments in all matters related to non-academic personnel, and shall perform such other duties as may be assigned from time to time by the Director of Business and Finance.

# 6. Chief Accountant

The Chief Accountant shall be responsible to the Director of Business and Finance through the Associate Director of Business and Finance for the maintenance of necessary and proper accounting and payroll records, budget control, and accounting systems in the central business office and in the colleges, schools, divisions, and departments of the University. He shall perform such other duties as may be assigned from time to time by the Director or Associate Director of Business and Finance.

# 7. Bursar

The Bursar shall be responsible to the Director of Business and Finance through the Associate Director of Business and Finance for the collection of all student fees assessed by the Registrar or other appropriate official and for the receipt of moneys paid to the University in any of its departments for sales and services and for current expense purposes. The Bursar shall remit all moneys received to the State Treasurer within one week after receipt as required by State statute. The Bursar shall be the custodian of the Contingent Fund which shall be used for the payment of emergency expenses and discounted bills as authorized by State statute. The Bursar shall perform such other duties as may be assigned from time to time by the Director or Associate Director of Business and Finance.

# 8. Purchasing Agent

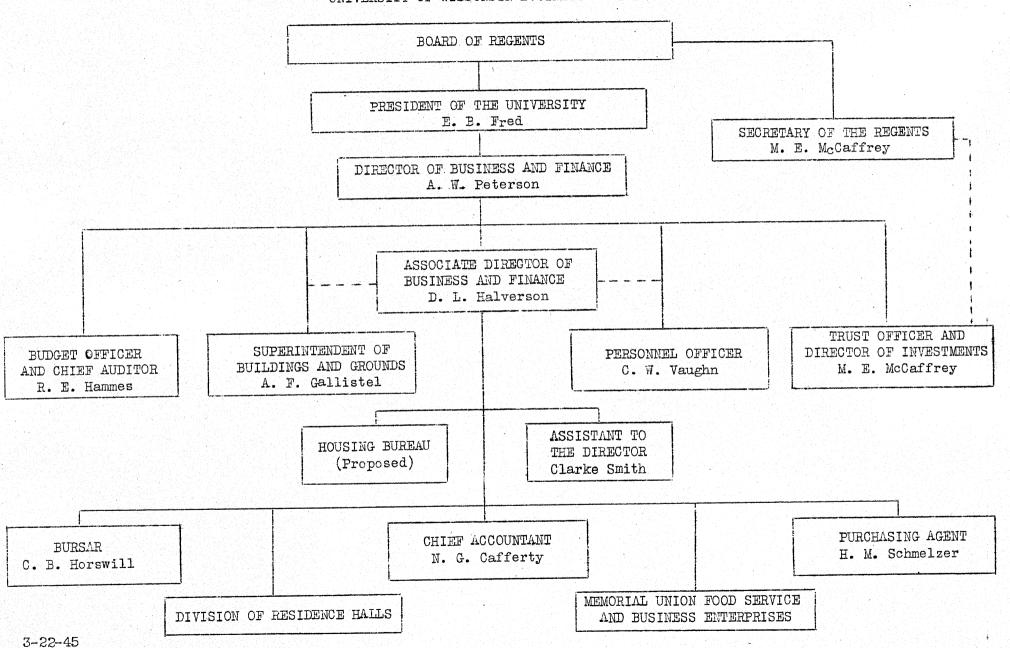

The Purchasing Agent shall be responsible to the Director of Business and Finance through the Associate Director of Business and Finance for the prompt, orderly, and efficient purchase of supplies, commodities and equipment. Subject to the authority given by State statute to the State Director of Purchases, the Purchasing Agent shall place his orders with the sole purpose of serving the best interests of the University. The Purchasing Agent shall be responsible for the Stores, Inventory, and Telephone Departments and shall perform such other duties as may be assigned from time to time by the Director or Associate Director of Business and Finance.

# III. Proposed Resolution appointing business office personnel

# ORGANIZATION CHART OF THE UNIVERSITY OF WISCONSIN BUSINESS OFFICE

Regent Holmes moved that the report be adopted. The motion was seconded by Regent Kleczka. A called vote was taken, all Regents present voting and voting "Aye".

Upon motion of Regent Werner, seconded by Regent Kleczka, it was VOTED, That the date of the next meeting of the Board, scheduled for May 12, 1945, be changed to April 28, 1945.

President Fred brought up the matter of the communication from H. B. McCarty, Executive Secretary of the State Radio Council, dated March 12, 1945. F. O. Holt, Director, University Department of Public Service, H. L. Ewbank, Chairman, University Radio Committee, and H. B. McCarty, Executive Secretary of the State Radio Council, were present to give information to the Regents. Mr. Holt made a statement with reference to the entire situation, Prof. Ewbank discussed the matter of power and the matter of extending the hours for the station -no evening broadcasts are given at present -- and Mr. McCarty discussed the estimated cost. He stated that the six proposed stations with a power of 10 kilowatts each and an additional station with a power of 3 kilowatts would cost \$337,820, that they would need two additional relay stations and two additional switching stations which would cost \$140.220, and that they would also need a relay link from Madison to nearest transmitter costing \$11,335. Total cost \$489,375, with an allowance of \$10,000 for extra construction, bringing the figure to \$499.375 or, roughly speaking, one-half million dollars for a communication system of seven stations that would provide day and night coverage in all areas of the state. Program cost for the stations is estimated at \$125,000 per year.

Upon motion of Regent Cleary, seconded by Regent Sensenbrenner, it was VOTED, That the plans of the State Radio Council as explained to the Regents be approved with the recommendation, however, that the Council give serious consideration to the advisability of urging that State appropriations to be requested of the Legislature be allotted to some agency other than the University.

The meeting adjourned at 12:30 P.M.

Re: A Plan for Food Technology

President E. B. Fred Bascom Hall

" President Fred:

The College of Agriculture in accordance with the action of the of Regents on February 15 regarding "the development of a plan for technology" presents the following for the approval of the Regents.

#### Plan

1. Survey of Wisconsin Food Processing Industries.

Make a personal centact survey with the cwners, operators, and technical personnel with representative organizations in the field of food processing, and related industry (machinary and supply) plants in Wisconsin to determine their opinions as to the specific problems affecting their respective industries wherein training and/or research is necessary; and the extent to which the industry can and will draw from Wisconsin trained personnel and will cooperate in necessary research.

2. Consultation with Trade Groups Dealing with Wisconsin Processed Food.

Meet and consult with officials of organizations representing processed food trade groups such as the Honey Producers Association and the Pickle Fackers Association, canners, and others for the purpose of determining first where research in food technology is needed and can be utilized, second the fields in which exploratory research should be started in food processing, third to determine the extent to which these groups would be desirous of cooperating in food processing research.

3. Consultation with Buyers, Brokers, and Merchandisers of Processed Food.

Meet and consult with processed food buyers and distributors within and outside the state for the purpose of first determining their appraisal of the weakness, if any, which now exists in the food precessed in Wisconsin and methods by which defects, if any, can be removed or reduced so Wisconsin can compete on a national bas is, second what direction the development should take when applied to Wisconsin foods to make them readily acceptable to buyers, handlers and distributors.

4. A Survey of Curricula in Food Technology Offered at Other Educational Institutions.

It is essential that the university know first the types of curricula offered in other universities, second the research and teaching facilities available at them, third the methods by which such offerings are financed at other universities.

5. An Analysis of the Curricula Offered and Facilities Available at the University of Wisconsin for Food Technology.

A study of the curricula of the colleges of the university will be necessary to determine first to what extent the existing curricula will provide the subject matter essential to foundational and advanced training, second to what extent the content of existing courses might rood to be changed to meet the objectives in food technology, third what new courses can and should be offered with existing equipment and personnel, fourth in what manner should the program be arranged in order to meet the needs of the Wisconsin food industry, and fifth an estimate of the minimum physical facilities required in addition to those now available for a program of instruction and research in food processing.

In order to effect the above plan the College of Agriculture recommends:

# B. Personnel

- 1. That Professor Kenneth G. Weckel of the Dairy Industry Department be in charge of the plan outlined above.
- 2. For the next year starting July 1, 1945, that the College of Agriculture assume that part of Mr. Weckel's salary now being paid by the Wisconsin Alumni Research Foundation,

Respectfully submitted /s/ V. F. Kivlin Acting Dean and Director
