PREFACE.

In presenting to the public this work, as the revision of the City Directory of the City for 1878-9, its object and value in its preparation have been constantly held in view. Every effort was made in the canvass to procure the correct location of all citizens, while in connection with their business they become recognized in each and all branches conducted by them; also containing much other matter of utility and interest to the citizens of La Crosse and to strangers, rendering it a fit representative of the business and enterprise of the City.

The General Directory shows 4,300 names, — an increase by actual count of 440 over 1876, and from which an estimate of the number of people living in the City can be made.

For any imperfections or omissions that may occur—notwithstanding the diligence used in gathering the promiscuous matter necessary to complete a work of this kind, especially the large number of names, which is believed to include all that would claim recognition within its pages — the publishers ask the indulgence of the public, trusting that the work will meet with that satisfaction and approval which it has been their earnest endeavor to achieve.

THE CITY OF LA CROSSE.

La Crosse is the seat of justice of La Crosse county, and is situated on the east bank of the Mississippi river, at the confluence of the La Crosse and Black rivers, on a prairie that is obviously adapted to the purposes of a populous city. The lumbering interests of the city form quite an important branch of industry, and uses, manufactures, distributes and exports over two hundred and fifty million feet of lumber annually, for, it must be remembered that besides the timber from the Black river and its tributaries, in which many of the citizens traffic, as well as in the timber from the Chippewa and its tributaries, there is received and shipped not less than fifty millions of feet annually, of lumber from the pine districts east of the Black and Chippewa valleys, that reach La Crosse for distribution, as the most convenient distributing point on the Mississippi river.

The wholesale business also forms a very prominent feature, there being several large houses dealing in dry goods, clothing, millinery, boots and shoes, hardware, drugs, groceries and liquors.

As a railroad center, it is a station on the Chicago, Milwaukee & St. Paul Railroad, the eastern terminus by steamboat transfer of the Southern Minnesota Railroad, the northern terminus of the Chicago, Dubuque & Minnesota and the southwest terminus of the Green Bay & Minnesota Railroad. The main line of the Chicago & Northwestern, passes a few miles from the city, and is connected by a branch road.

The early history of La Crosse dates back some twenty-two years, through the whole of which time it has increased in wealth and population, and now numbers about fifteen thousand inhabitants.

PROSPECTUS. 1878.

Liberal Democrat.

For the year 1878, THE MORNING LIBERAL DEMOCRAT will continue to be the earliest, most reliable and CHEAPEST daily newspaper in the NORTHWEST. Its chief aim will be, as in the past, to give its readers the greatest possible amount of NEWS in the most attractive and concise form. The full telegraphic news reports of the Associated Press, augmented by Wisconsin and Minnesota legislative specials and special dispatches upon all important events in parts of the country not reached by the regular means, will provide the news columns with matter of the greatest possible freshness and importance.

Editorially the paper will keep steadily in its course. It will be independent, outspoken and decided upon all of the great questions of the day. No mere party ties will bind or hamper its purpose of speaking the truth, as it understands it, without fear or favor. Its opposition to the present national administration will be as determined and uncompromising, as is demanded by the circumstances of conspiracy and fraud through which that administration acquired power, and the trading with principles, the weakness, vacillation and humbug, which have characterized its entire course in office. The LIBERAL DEMOCRAT wants no truce with the perpetrators of the most gigantic and dangerous fraud ever committed against free government in the United States, and its voice will be raised to make that crime so odious, that, in future, no party will dare again to trample upon and defy the will of the people, expressed at the ballot boxes of the land.

The Weekly Liberal Democrat,

which is a handsomely printed and splendidly made up eight column folio, has the fullest and best selected news columns, the most valuable correspondence, the choicest literary miscellany, and the completest and most careful record of local affairs possible. It is a magnificent family newspaper.

OVERBECK, HERMAN, Popular Art Gallery. We make them all to look so sweet, and make them too so cute and neat; we make them either large or small, for albums cases or the wall; we have frames that's good and nice, and none can grumble at the price; so bring the family or part, the mother, wife, or else sweetheart; and grandpa's darling little pet. don't fail its tiuy face to get; we ask our friends, yes, one and all, while passing round give us a call; come one and all, don't be afraid, but come and have your pictures made. New and improved arrangements, cor 3d and Cass, res cor 10th and Pine.
