FIRST TRYOUTS FOR HARESFOOT WILL BE FEB. 7

Club Adopts Squadron Plan This Week to Interest Men

Preliminary tryouts for all the branches of Haresfoot work in the spring show, "Kikmi," were announced for Feb. 7 and the week-end following, at a meeting of the Haresfoot club Tuesday evening in the Haresfoot loft.

A flying squadron of Haresfoot men under the direction of Hobart C. Price, '23, will visit all the fraternities today, tomorrow and Saturday of this week to interest men to tryout for some form of endeavor in the show.

Positions for which tryouts will be held will include dancing, singing, lead parts, managerial work, scenery painting, stage hand work, publicity and other specialty jobs. The place where the tryouts will be held will be announced later.

Coach Will Help Selection
The tryouts will be open to anyone in the university and the decision will be made on ability and interest shown, according to a report at the meeting. E. Mortimer Shuter, who for years has coached Michigan shows and will direct this year's Wisconsin production, will assist in the picking of the cast and chorus.

"We are sending men around to various fraternities to urge them to try out because we feel that in that way many men will be reached who of their own accord would never make themselves known. Haresfoot is a democratic activity and we want the best men always," Gerold Koch, '23, president of the club, said last night.

"Kikmi" is Silver Anniversary
Thomas A. Tredwell, '23, manager of "Kikmi," announced that Haresfoot work this year is three months ahead in amount accomplished of any previous year and that this new plan of visiting rooming houses four months before the show in order to interest men in the production, is one of the new ideas which will make the 1923 production the best which Wisconsin's oldest dramatic club has ever produced.

"Kikmi" will be the twenty-fifth annual show produced by the Haresfoot club, making a quarter of a century of successful musical comedies which have been shown in the larger cities of Wisconsin and Illinois. The motto of the club for this year will remain, "All our girls are men, yet every one a lady."

Wisconsin Square Ranks High, Delegate Reports

Although it is the youngest chapter in the organization, Wisconsin ranks well up with the leaders in the national Square and Compass, Howard V. Funk, '23, president of the local square, reported after returning from the first national convention last week at Lexington, Va.

As a result of his observations at the convention, Funk made a number of recommendations for a program for the Wisconsin square. He urged keeping up the club's social activities, the adoption of a budget, and immediate action in procuring a house for Masons. The success of the club in the past has been due largely to the numerous social functions given.

One of the most important things taken up at the convention was the adoption of a uniform ritual to be used by the individual squares. The ritual is the work of the dean of the University of Idaho. Wisconsin's square will use the new ceremony in all initiations in the future.

Funk reported that the convention was highly successful in every way, particularly from the representation standpoint, 17 of the 22 squares having delegates in attendance. Although most of the squares are in the south and east, membership is by no means localized, Pacific coast states and northern universities being represented as well.

POISONOUS GAS USED BY LEWIS AS AN EXAMPLE

The preparation of a deadly poisonous arsenic gas was used to illustrate how an organic chemist works, in a lecture by Prof. W. Lee Lewis of Northwestern university, before the members of the Wisconsin section of the American Chemists' association in the auditorium of the Chemistry building last night.

This gas is more deadly than the mustard gas used during the Great war. Effects of this gas were discussed by Prof. Arthur S. Loevenhart, who had experimented with it during the war.

"The only cure for this gas is to cut out the parts of the body affected by it," Prof. Loevenhart declared.

"More than 95 per cent of all the chemical research work in this country is carried on by its universities," Professor Lewis stated. "This is not true of the research work of European countries where a large proportion is done by industrial companies."

One-half of Pre-Prom Dance Tickets Are Sold

Approximately half of the tickets for the pre-prom dance, to be held at Lathrop Saturday night, were sold last night, according to Albert V. Stegeman '24, dance chairman.

A total of 400 tickets were distributed to fraternities on Monday. One man in each house has been appointed to handle the sale. Tickets also will be sold at Morgan's and at the University pharmacy.

Between 400 and 500 couples can be accommodated, Stegeman said. Arrangements for overflow dances also will be made. The committee was busy during the early part of the week putting the finishing touches on the feature program and working out the decorative scheme.

FACULTY BACKS COURT'S WORK

Committee Approves Action of Fining Homecoming Ticket Scalper

Upholding the action of the Student court, the faculty committee on appeals voted unanimously Tuesday afternoon to stand back of the action imposing a fine of \$60 on Sidney C. Charney, Law 3 convicted of ticket scalping.

The trial of the homecoming ticket scalpers attracted wide-spread attention among the students and on the night of the trial the court room was crowded. Charney was among those who pleaded guilty to the charge.

After the decision of the court had been handed down, Charney asked for a retrial, but was denied another hearing. Pushing the action further the defendant appealed to the committee on appeals on the grounds that he had been too heavily fined.

In the hearing Tuesday afternoon evidence was presented to show that Charney had sold two tickets to the game for \$20 apiece and that he had given the money up at the time of his apprehension, later pleading guilty. After considering the facts brought out in the hearing before the court the appeals committee backed the student court in its decision to levy the fine.

The scalping cases this fall have awakened considerable agitation among those who pleaded guilty to the committee on appeals on the letters urging that every possible effort should be made to stamp out the practice of scalping tickets at the university.

Senate Will Debate on Point System Tonight

Either acceptance or rejection of the resolutions on the point system drawn up by the Council of Forty, will be decided upon in debate in the Student senate meeting tonight at 7:15 o'clock, in 1 Law building.

The proposed point system gives each student activity a point value and when the limit of points is reached, the student will be prevented from taking further activities.

Assistant Chairman And His Partner

MARJORIE LEWIS

CARL VONNEGUT

—L. C. Robinson, Photo.

Carl Vonnegut is one of the five assistant general prom chairmen. His partner at prom will be Miss Marjorie N. Lewis of Indianapolis, Ind.

Vonnegut is directing the work of the finance, box, ways and means, tickets and prom play committees.

"Only about half of the fraternities which will want prom boxes have applied for them to date," Vonnegut said yesterday. "The best boxes will be gone at an early date."

Miss Lewis was graduated from the LaSalle seminary in Boston, last June. She is also a graduate of Tudar hall, Boston.

AG FRATERNITY ELECTS TWO AT ANNUAL DINNER

Prof. E. L. Luther was elected honorary member and Prof. J. H. Kolb was chosen associate member of Alpha Zeta, honorary agricultural fraternity, at the annual banquet held in honor of the initiates of the fraternity in the Woman's building last night.

More than 60 honorary, associate alumni, and active members were present at the banquet. Prof. J. G. Moore, of the Horticulture department, acted as toastmaster for the occasion. Addresses were given by Dean H. L. Russell, C. P. Norgord, and other prominent men.

Representatives from several other chapters of Alpha Zeta responded in behalf of their fraternities.

Alpha Zeta has chapters organized in 33 agricultural colleges and has more than 5000 members. Initiates of the Babcock chapter are Prof. E. L. Luther, honorary; Prof. J. H. Kolb, associate; W. P. Elm-slide '23, F. J. Kohn '23, C. L. Kut-il '23, E. H. Tomplin '23, B. D. Tolman '23, E. W. Callenbach '24, S. H. Matteson '24, W. F. Renk '24, J. G. Reinhold '24, E. H. Rohrbeck '24, M. A. Schaars '24.

Condition Exams Draw More Than 200 Entrants

More than 200 students have made reservations to take the condition examinations Saturday at 1 and 3 o'clock. Applications for examinations have been sent to the various departments, where the questions will be prepared only for those who have registered for that course. Complete information in regard to the course and hour schedule may be obtained in 151 Bascom hall today.

WEATHER: FAIR

Probably snow today, with rising temperature Friday, is the prediction today. The maximum temperature was 18 degrees yesterday afternoon and the minimum for the day was 4 degrees at eight o'clock in the morning.

SENATE INVITES JUNIORS TO USE BIG STATEHOUSE

Upper House Adopts Resolution in Favor of Prom in the Capitol

A resolution inviting the junior class to use the capitol for its promenade was almost unanimously passed by the senate at its session last night.

The resolution was introduced by Senator Huber of Stoughton, president pro tem. It was the first resolution to be passed after the Senate's regular routine of organization.

Sentiment in favor of the capitol prom was overwhelming, Senator Huber being supported by many of the strongest men on the floor. Only one dissenting opinion was expressed.

Senators Speak

"Every university in the country has a Junior prom and none of them surpass that held here," Senator Werden of Ashland said in support of the resolution. "We have it in our power to give them a suitable place in which to hold the prom, and since they haven't any at the present time, we ought to provide it," Senator Huber said. "It is only a matter of a few years until they will have one and we should extend permission to use the capitol until that time."

Members of the prom committee worked at the capitol last night interviewing various assemblymen on the question. Sentiment in favor of the prom was expressed by virtually every legislator approached.

The resolution will be brought before the assembly this morning. The vote probably will be reached today.

Assemblymen Favor Plan
Herman Sackjen, assemblyman for this district, expressed himself as in favor of a capitol prom.

"The prom committee has little cause for worry," Assemblyman Sackjen said. "Little opposition is expected in the lower house and there is little question but that the house will concur in the resolution as adopted by the Senate."

The resolution as passed by the Senate read as follows:

"Whereas, the Junior class and the students of the university are planning on holding their Junior prom and,

"Whereas, this beautiful capitol building will add inspiration and attractiveness to the affair and,

"Whereas, it has been the custom in each of the several years heretofore to give permission to hold the prom in the state capitol,

"Be it resolved that the Senate and the Assembly concurring do hereby invite the Junior class and students of the university to hold their 1924 promenade in the capitol building, and do hereby grant the use of the Senate chambers, Assembly chamber and parlor.

"And be it hereby resolved that a copy of this resolution be sent to the president of the university."

Sigma Delta Chi Holds Banquet For Initiates

Sigma Delta Chi, professional journalistic fraternity, last night at Boyd's studio initiated Prof. Henry E. Birdson of the Course in Journalism, Ralph E. Ammon '23, Harold F. Diehm '23, Fred L. Killow '23, Werner P. Meyer '23, Horace B. Powell '23, Cedric E. Seaman '23, Roswell H. Stinchfield '23, H. Eugene Alleman '24, Porter F. Butts '24, Joseph F. Lawler '24, Harold R. Maier '24, and Oscar N. Riegel '24. The initiation banquet was held at the Woman's building.

Pennsylvania Students To Hold Informal Dinner

A dinner for all students from Pennsylvania will be given at 6 o'clock Friday evening, January 19 at the Woman's building. There are 57 students at Wisconsin from Pennsylvania and this will be the first opportunity for all of them to meet each other.

CARNIVAL NOT TO JOIN CITY'S

Ice Events Will Be Held on Original Date, Feb. 10

The university ice carnival will be held on February 10 as was planned originally and will not be combined with the city carnival, according to an announcement yesterday by Fred Goetz '23, general chairman.

The decision to hold the carnival February 10 was made because of post-prom activities which will take place on the previous Saturday and which would interfere with the success of the meet. An eight mile skating race and the national ski meet will take place February 3, however, it was announced.

Although the committee in charge of the city carnival may decide to hold it during the week of February 3 to 10, both events will be conducted separately, Goetz declared. The city meet will be given to advertise Madison as well as furnish entertainment.

The university carnival is being given solely for the benefit of students desiring to indulge in winter sports and to influence other students to take an interest in skating, skiing, tobogganing, and ice boating.

All Must Meet Advisors to Arrange Schedules

All students must see their advisors during the coming week and make arrangements for their next semester schedules, according to an announcement made yesterday. The secretary of the faculty has been working on a new system which will eliminate much of the confusion usually taking place during second semester registration.

Instructions will be mailed to every student in the university, Friday. The hour and location of the different registration places will be designated in the instructions as the colleges and some of the departments will register separately.

PROF. DIFFERS WITH JASTROW

Northwestern Man Declares
Blind Girl Can Smell
Colors

Willette Huggins, blind and deaf marvel in the School for Blind in Janesville, can smell colors and hear with her fingers, declares Prof. Robert H. Gault, head of the psychology department of Northwestern university. In an article telling of tests he has performed, Prof. Gault contradicts Prof. Jastrow of the University of Wisconsin who, little more than a year ago, pronounced the girl a fake and a fraud.

"The girl's accomplishments as they have been described from time to time in the press, are so unusual that I could not give them credence but for the fact that I have submitted some of her claims to what I regard as rigid tests," says Prof. Gault.

Prof. Gault tested her power to determine colors by smell by blindfolding the girl so there was no chance for faking. Normal persons blindfolded in the same way could not distinguish brilliantly lighted windows. In addition to placing over her eyes automobile goggles lined with black paper and stuffed with cotton wool, Prof. Gault used strips of adhesive tape to make the blindfold more perfect. This type of bandage Prof. Gault tested upon twenty of his pupils before using it in his experiment with Miss

Huggins.

"From a pile of 90 woolen yarns, no two of the same color and shade, she has, while bandaged as described above, selected all the yellows (24) and mixtures containing yellow, though no two were of the same shade or tint," reports Prof. Gault.

In order to prove that touch formed no part of the experiment, Prof. Gault states that the blind girl was able to smell colors through a glass tube while he himself held the yarns to the end of the tube.

Prof. Gault is also satisfied that Miss Huggins can hear through her fingers. Says Prof. Gault:

"I have arranged conditions so that a normally hearing person at the receiving end of the telephone device could not hear my voice whilst I was a few feet away. Yet Willette, in the conditions to which I refer, shut up in a sound-proof cage as it were, with her finger on the receiver outside, reported correctly all that I said."

Prof. Gault is carrying out experiments with normal students at Northwestern university. One of his experiments is the teaching of a normally hearing person to hear as Willette Huggins does. The experiment has reached the stage where the "learner" can distinguish five different words with practically no error. Prof. Gault states that his experiments may ultimately contribute something of value in relation to the training of the deaf.

M. A. Karls, 1941 Hudson ave., who was taken seriously ill at his home Sunday morning, was reported to be improving today.

NEW PARTY IS SOCIALIST IDEA

Movement Caused By Bolting
of Progressives From
Republicans

A step toward the establishment of a new political party to prepare the way for socialism was taken when the progressive senators bolted from the regular republican caucus of that party Tuesday. Assemblyman Thomas M. Duncan and Senator Joseph J. Hirsch, socialist leaders, declared in statements to both houses of the Wisconsin legislature when it convened here yesterday.

With this declaration the socialists threw their support to the progressive candidates for legislative offices when organization of the house was made.

"The present privately owned industrial system is teetering,—its evident weakness in Europe and America has produced a new political party in this country, in fact if not in name," the socialist statement said. "The mission of this new group is to act as St. John the Baptist, for the new order—to prepare the way for socialists."

"The La Follette legislative conference in Washington, the socialist-farmer labor-nonpartisan conference at Cleveland were John the Baptist groups.

"The bolt of the radical state senators from the regular republican caucus controlled by the Wall st. faction of that party is a step in the same direction. Furthermore, the La Follette-Blaine platform upon which a majority of the Wisconsin legislature was elected, is distinctly a John the Baptist document, as to taxation, labor, the farmer, and war and militarism. In fact it differs from the immediate socialist programs as outlined in the 1922 state socialist platform in two of the 14 planks.

"It is our duty therefore, as socialists to assist in crystallizing this group which is solemnly pledged to prepare the economic way for the successful inauguration of the

socialist society. We accept their refusal to caucus with reactionary elements as a pledge of their sincerity. We therefore cast our votes for their candidates."

A company to build a new business block on the site recently purchased at State and Fairchild sts. was incorporated yesterday by Frank Kessenich, J. F. Kessenich, and Harry E. Kessenich. The new company, the Kessenich Realty company, does not contemplate entering the real estate field, declared Harry E. Kessenich today. The company incorporated for \$100,000, with 1,000 shares of par value \$100.

Plans for the new Kessenich store are being prepared but will not be completed before spring, Mr. Kessenich said today.

NEWS OF CONFERENCE SPORTS

SWIMMERS ARE HINDERED WITH DELAY IN TANK

Ineligibility and Little Practice Makes Indiana Hard Meet

Handicapped by lack of practice because the new tank was finished behind time and facing the possibility of having several men ineligible the Wisconsin swimming team has a gloomy outlook for the Indiana meet which opens the season tomorrow night.

Bennett is the best swimmer on the Wisconsin team and is also considered one of the best men in the Conference. Morgan, Storey, Johnson, Hipple and Porter are good men but some of these men may be Storey showed up to good advantage last night in practice.

Kock is probably the best bet for the diving position, Page however, is showing good form and should be a valuable man to the team before the close of the season. Taylor, Potter, and Czerwaky are the best bets in the back stroke class. Taylor showed up very well last night in practice and Czerwaky proved to be a good man last year.

The big question at the present time is the eligibility of the candidates. Several men are on the ragged edge and as yet the faculty have not decided definitely on the men in question. Coach Steinhart cannot pick a relay team until he definitely finds out the men that will be eligible for it.

W. A. A. Will Sell Food Annual Outdoor Carnival

That food will be sold by W. A. A. at the annual Ice carnival, February 10, was decided at the meeting of the association last night in Lathrop hall. The plan was recommended to the committee on halls and commons.

Margaret Henry was appointed chairman of the activity committee with a committee of Lois Barry, '25, Dorothy Haskins, '25, Helen Robinson, '25, Romayne Berryman, '23, Lucille Salentine, '25, and Annette Mayhew, '25.

The meeting decided that the WAA auction to raise money for the WAA cottage would be held February 15.

A committee of Marian Streng, '25, Nina Ferris, '24, and Belle Knights '23 was appointed to choose new class colors. Under the new system each class is to keep its color during the four years, the incoming freshmen each year taking on the color of the outgoing seniors. The suggested colors are green, blue orange and purple.

Miss Margaret H'Doubler spoke of the ideals of WAA, and of a true athlete. She strongly advocated the adoption of class colors to last as an incentive to class spirit.

Two French Plays Are Presented at Lathrop

The two French plays that will be given at 8 o'clock this evening in the concert room of Lathrop hall are "La Farce de la tarte et du pate," and "Les Deux Timides."

The former of the two plays is under the direction of Mlle. Marie Micoche, and is the story of two beggars who, under false pretenses, are successful in obtaining from a baker's wife a beautiful pie which the baker has carefully baked for a party of friends. The parts of the two beggars are taken by Edwin Buxham, '25, and Yussuf Zia, '24. John Bosshard, '25, takes the part of the baker and Mary Chase, '23, that of the baker's wife.

The timid father plays the leading role in the second play; he is so timid that he does not know how to refuse his daughter's hand to one of her suitors whom she does not love. A second suitor is as timid as the father and in his fear, does not know how to ask for the daughter's hand. This play is being conducted by Jeanne Palisse and Germaine Tallandier. The role of the father is being played by Benjamin Pearse, '24; that of the daughter by Ellen Flynn, '26, the suitors by Frank Bacon, '23, and George Darby, '24. The maid is Lucille Salentine, '25.

The admission is 25 cents. Tickets may be obtained at the door.

VINER TO TAKE TEAM OF EIGHT TO ANN ARBOR

With Coach A. K. Viner and Manager Noer, eight hockey men leave Madison tonight for Ann Arbor where they will take on the Wolverine puck chasers for two games to be played on Friday and Saturday. Viner felt somewhat more confidence in his men after he had watched them work out until dark last night.

The team has had but a scant week of practice and as yet few men have shown promise, with the exception of those who played with the varsity team last year. Conditions are such that on the eve of the first contests of the season, Coach Viner is not yet sure of the men he will choose to make the trip.

For several days five men, most of them from the 1922 team have stood head and shoulders above the others who have been reporting. These men, Combacher, Tredwell, Johnson, Fiske and Blodgett, will make the trip and will be the basis upon which Wisconsin can hope for victory. Another man who will make the trip by virtue of the good work he has been doing in practice is Hauch.

The other two men will be decided upon this afternoon after a short practice which will be held before the men leave for the trip.

YEARLINGS LOSE GOOD TOSSERS

Larson and Sheer Leave For Other Schools; Wernicke Good at Center

YEARLINGS—CARD SPORTS

The freshman basketball team is suffering by loss of men who are dropping out of school. Richard Larson, lanky center the earlier part of the season, has left school and it is reported that he has gone to Ripon.

Another man, Arthur Scheer, who has been used at both guard and forward, will enroll at Notre Dame university next semester. Notre Dame is located in Scheer's home town in Indiana. Ernest Simpson has also dropped off the squad, but will remain in school. He was a leading frosh football man.

Orin Wernicke, who comes here after a year's service on the Valparaiso university second team, and also a member of the frosh football team here this fall, is the most likely center candidate on the yearling basketball team now. Wolf, a husky freshman, is showing better form at center all the time. He has a good jump and gets free for a lot of shots. Skogland, who has been used at center quite a bit, is being used more frequently at guard and shows excellent promise.

Tanger, who recently reported from the football squad, shows a lot of drive and may develop into a first string guard. McCarthy still looks best at forward, but is handicapped now by a strained ankle.

Solalinde Tells Story of Alfonso the Wise

"Alfonso the Wise," a Spanish king of the thirteenth century, was the subject of the second lecture of Professor Antonio Solalinde, delivered before a large audience attracted by the pleasing personality of the lecturer and the opportunity to hear an address by a distinguished Spanish professor in his native tongue.

The speaker told of the importance of Alfonso as the greatest figure of the 13th century in Spain. It was he who established the Spanish language as a clear vehicle for the expression of thought in a beautiful prose style, which was used in the many volumes which the king wrote or had written by the scholars he grouped about himself. The books dealt with law, history, etiquette, and all the science of the time. Professor Solalinde read some selections showing the spirit of this work.

Professor Solalinde is at present giving graduate work at the University of Michigan. During the summer he will be at the University of California and at Leland Stanford. He has just been appointed the official representative of the Spanish Government at the World Educational Conference to be held in San Francisco next summer.

WRESTLERS GO TO EVANSTON FOR MAT MEET

Hitchcock Predicts Easy Victory Over Purple in Friday Matches

The varsity wrestling team for the Northwestern meet has been selected by Coach George Hitchcock. The team will leave for Evanston Friday morning and will weigh in at 4 o'clock for the matches that evening. Coach Hitchcock is confident of a victory for the Badgers.

Phelps, a man from last year's squad, has been chosen for the 115 pound berth. Benhow, of last year's squad will wrestle in the 125 pound weight. He will have to oppose the captain of the Purple team, Bryan Hines.

Holmes, one of the best of the 1922 freshmen, should have an easy time against the Northwestern 135 pound man, David Rost, who is new on the mat. Heuer, 145 pounder, will have stiffer opposition in Bud Fischer of the Purple team.

Captain Templin, wrestling in the 158 pound class, meets Herman Hathaway, brother of "Fighting Jack" Hathaway, former conference heavyweight champion. Templin is the best Badger representative and will undoubtedly take his match. This is Templin's third year on the mat team.

In the 175 pound weight, Gregor, who is serving his second season on the Wisconsin team, will wrestle against Howard Berolzheimer. On Adolph Bieberstein, football man, falls the big job of the evening, of wrestling another star football man, Larry Horton, Purple center last fall. Art Jenness is the seventh man of the Northwestern team and will match up with Phelps.

Illinois defeated the Purple mat team in their first meet last Friday night with 17 points against 10. The feature match of the Illini-Purple meet was between the two heavies, Larry Horton and Jim McMillen. Neither was able to gain a decided advantage, but to the Northwestern rooters it looked as though their man was best and when the referee's decision gave the Illinois man the match a near riot broke out which was stopped only when the police had cleared Patten gymnasium.

All of Hitchcock's men are in the best of condition and will be down to weight by the time of the meet. Bieberstein is the only man who has not been working regularly for the past few months, but his football condition will help.

Professor Finch Offers New Map Making Course

Prof. V. C. Finch of the University of Wisconsin department of geography and geology is offering a new course in map making to prospective teachers of geography.

About 20 students are taking the course to learn the fundamentals of map making, map projections, and map outlines, and how topographical features can be shown on a map. Many teachers in high schools find the school rooms poorly equipped with maps, and need sufficient knowledge to select good ones.

"This course in map making is not like some of the formal scientific courses. I want to give a knowledge of how maps are made, printed, and sold, so that students may be able to judge the quality of maps," said Professor Finch.

Gladson Elected Head of Wisconsin Mining School

The new Officers for the coming year were elected by the Wisconsin Mining club last night at the annual election of officers. The business meeting followed a steak dinner in the mining laboratory.

The officers elected are: Clifford Gladson '24, president, Robert Wolverten '24, vice-president, William Beatty '24, secretary, Guy Larson '23, treasurer, Harold C. Weiss '25, mucker, Alfred Zoellner '26, assistant mucker, Prof. R. E. Shorey was appointed faculty adviser.

Speeches were given by the men leaving in February and a financial report was given by Mitchell G. Garrow '24, retiring secretary-treasurer.

KEEN SPIRIT IS DEVELOPED FOR MEET SATURDAY

A keen spirit of competition is being developed in the inter-track class meet which is scheduled to be held Saturday afternoon. The entry list shows a large number of men who have done good work in other meets this year.

The meet to be held Saturday is the third of its kind which has been held in the past two years. A meet was held each semester last year.

Much rivalry has been developed by the fact that the track classes have divided into two sections, one under the supervision of George Berg, and the other under Coach Mead Burke. A class from Burke's section won each of the meets last year, the first by one point and the second by 3-4 of a point. Berg is out for revenge this time and feels sure of a victory.

Some of the men of known ability whose names are on the list are Snell, who has placed in the hurdles in every meet this year, and Melham and Meyland who will also run in the hurdles. Holzbog is a shot-putter of ability who will be in action, Goedecke will probably show the class of the 880 yard run, and Boning will be entered in the high jump.

SKI PLANS ARE GIFT OF SNOW

Club Plans Cross Country Race on Sticks For Next Saturday

With a fairly plentiful fall of snow, the Badger Ski club is vigorously pushing its activities. Next Saturday it will hold a cross-country ski race, open to all university students.

The course will be laid out over the grounds of the university. A silver cup will be given to the winner of the race, and ribbons to other places, probably down to fifth place.

On Saturday Sverre Strom '23, and Ken Fagg '23, members of the club will journey to Grand Beach, Mich., to compete in the jumping to take place there Sunday afternoon. The Grand Beach club has a large steel jump, the scaffold of which is about 100 feet high.

The local clubs main winter tournament is to be held February 3, the day after the prom. Arrangements are being made to bring in jumpers from many parts of the country.

No jumping has taken place at the scaffold upon Muir Knoll, because of insufficient snow, but many of the club members have been practicing upon observatory hill during the last week.

Green Button Tea Dance Will Be Held Saturday

Green Button will hold a tea dance Saturday afternoon in Lathrop parlors from 2 to 5. The attractions are refreshments and Thompson's orchestra, featuring "Dave" Chudnow and "Buck" Buell. This is the first of a series of activities that Green Button intends to carry on to get the Freshmen girls together and promote a real class spirit.

Outing Club to Discuss Winter Sports Activities

Winter sports, skiing, tobogganing, coasting, iceskating and ice-hiking, will be discussed at the meeting of Outing club in the S. G. A. office at 7:15 o'clock this evening.

Plans for lessons under George Martin '23 will be taken up in detail and more definite plans made. Winter parties giving Outing club credit for several hours apiece which are scheduled for this season will be explained and different features given out.

This is the last meeting of this semester.

CHIPPEWA FALLS—A blank check book, lost at Eau Claire last fall by Mrs. John J. Black, was returned to her from Wilkesbarre, Pa., where it was found on the street.

TOMAH—J. L. Shaw of Illinois, arrested last fall for selling home brew recipes, was released when he paid a \$100 fine.

FOOTBALL FOES TO CLASH HERE IN MAROON TILT

Chicago Has Strong Men; Badgers Return in Good Condition

Football! Although those days are gone for a year, old gridiron foes will meet again Saturday night when the Maroon basket squad trots out on the gym floor to meet Doctor Meanwell's galloping Badgers!

These old foes are Gus Tebell and Dickson who squatted before each other on the day that Wisconsin held Chicago to a tieless score.

Can Chicago come back? Despite Chicago's four defeats this year, once by a Conference team, the general belief is that the Maroon outfit which will stack up against the Badgers will be a renovated team. Coach Norgren, has been racing his men around the basket floor in a desperate effort to solve the short pass.

Barnes is Fast Man
Chicago's loss to the University of Iowa, was not at all unexpected, the Hawkeyes having one of the fastest and heaviest teams in the Big Ten.

In Barnes the Maroons have a man that might prove exceptionally effective against Wisconsin. Barnes was a member of the crack Cedar Rapids, Iowa high school team that came to Madison, three years ago and defeated Winfield, Kan., high 21 to 20.

Besides Barnes, Chicago has some mighty men in Captain Yardly, Freida, and Dickson. This quintet will give its all Saturday night in an effort to throw the Badgers out of the 1000 per cent column.

Trip is Successful
On the other hand, Coach Meanwell and his basketballers are well advanced into Wisconsin's annual early season flash. How long the Badgers will be able to hold the terrific pace already set is hard to tell. Williams, Tebell and Elsom showed great offensive power on the trip just finished, in which victories were acquired from Northwestern and Indiana.

The men returned from the trip in good condition and are working out in preparation for the clash with the Maroons. Gibson hurt his ankle in the Purple game but is fast rounding into shape and will be ready for the gong Saturday.

Brunker to Speak at Commerce Club Convo

Mr. A. R. Brunker, president of the Liquid Carbine company will speak at a Commerce convocation this afternoon at 4:30 o'clock in 111 Sterling hall on "What an Executive expects of a college man." Mr. Brunker will talk under the auspices of the Commerce club.

This will be Mr. Brunker's second talk at the university. For many years Mr. Brunker was a Regent of the University of Pennsylvania. He has always taken a keen interest in students and their problems.

Election of officers was the main business of the regular meeting of the Commerce club which was held last night. Officers elected are Vincent Conlin '23, president; Henry Pope '24, vice-president; Karl Reynolds '23, treasurer; Albert McGlasson '24, secretary; Peter Moeller '23, sergeant-at-arms.

Prom Fox Trot Will Be Chosen at Tryout Tonight

Preliminary tryouts for the Prom fox trot were held in Lathrop hall yesterday afternoon at 4:30 o'clock by the Prom fox trot committee. Final decision on the winning fox trot will be given tonight in Lathrop parlors at 8 o'clock. Those who tried out were Dave Chudnow '25, Jesse Cohen '23, Earl Phalen '25, Sada Buckmaster, Elliot Gilmore '23, Gordon Roberts '24, and Eugene Meng '25.

VANITY FAIR NOMINATES

NO less an authority than Vanity Fair, has mentioned this month for the Hall of Fame, Hugh Walpole, English author who will lecture here on January 18 under the auspices of Theta Sigma Phi.

Mr. Nast's publication tenders the nomination of Mr. Walpole "because his father was Bishop of Edinburgh; because he served with the Russian Red Cross in the European war; because his fifteen novels are all of the highest literary order; because his collection of Walter Scott material is the finest in existence; but, chiefly because he is now in America delivering a notable and stimulating series of lectures on the structure of the novel."

Whether you may say "Yea" or "Nay" to the eccentricities in general of our critical contemporary, here is one instance in which it accords recognition readily substantiated by countless other reports of equal good repute.

And so move The Cardinal with facts in hand takes the liberty of seconding Vanity Fair's nomination voting on it, and electing Mr. Walpole.

Theta Sigma Phi now may bring Mr. Walpole to Madison as an actual member of the cherished Hall and students may see what English famous men look like.

FINAL EXAMS?

Perennially comes to the fore in the student mind the question of the advisability of final examinations. With the first finals only ten days off, the same critical grumbings are spreading over the campus and the examined to be are sighing to themselves "What a wonderful thing education would be if it weren't for exams."

Last year in the heat of communication controversy in The Cardinal over the whys and wherefores of exams came the announcement that the Wharton School of Finance had discontinued finals and that certain Northwestern professors had advocated their abolition. And some students here took hope in their new found champions.

Investigation of campus opinion, however, revealed that most students appreciated distinct advantages in the requirement of final exams. It was conceded and still is

conceded that nothing prompts a student to make a swift survey of his semester course, to tie up and relate the individual points into a coherent whole, and to grasp thoroughly the essential features of his four months study more than the necessity of taking a final exam.

And so the plaint of students and the plaint that The Cardinal urges now is against the existence of exams but against the extreme vitalness too often attached to them.

It is common for final to count one-half of the semester grade and it is not unheard of for them to count two-thirds.

The implication in such courses is that a good writer of examinations is a good student—that hastily written evidence of knowledge is complete criteria of the calibre of the student.

Such assumption perhaps would be admissible if all conditions under which students wrote examinations were equal.

The merest trifles may result in complete failure.

A pen goes dry and the writer uses a vital ten minutes procuring another.

A day's sickness precludes all possibility of study for a particular exam.

The death silence of the examination room on one unanswerable question irks the writer to a point of futile desperation.

And larger aspects make for advantage and disadvantage.

The engineer writing a political science exam is working in an unfamiliar sphere and plainly is handicapped.

The agrics writing an English final for the first time is experiencing difficulties unknown to the student with four years of study behind him.

One who is versed in the tricks of composition and phraseology can confound at times the best of instructors and win a high mark when crude writing naturally tends to lower the instructors estimation of the work.

And the so-called cramming, purely from the standpoint of expediency regardless of the student's attitude, usually proves inevitable.

Looking Back On Wisconsin In THE CARDINAL FILES

THIRTY YEARS AGO TODAY

Plans are started to ask legislature for a new library building near the university grounds.

Dairy department is overcrowded at the opening of the new building. About 76 are enrolled.

Statement reads, "Many students back toboggans and are enjoying good coasting back of the main building."

Theodore Roosevelt will speak here January 24.

TWENTY YEARS AGO TODAY

Sunday. No edition of the paper.

TEN YEARS AGO TODAY

Badger quintette opens the season at Illinois tonight. Coach Meanwell's men are expecting a victory.

Alvin Tandberg, captain elect of the football team who has been seriously ill with pneumonia is out of danger.

The first intercollegiate rifle meet scheduled for today with Purdue has been postponed.

FIVE YEARS AGO TODAY

President King of Oberlin college is to speak in the gym January 14 on "Grounds of Hope in Changing World Order."

Over 90 men are recommended for engineering reserve corps.

At the "Housewarming" in the new Physics building to be held January 15, Professors Ely, Snow, and Scott will celebrate a quarter century of service at the university.

Central Students Plan to Sell Annuals to Grads

Students of the Central Madison High school have begun to sell copies of the annual year book, the Tychoberahn, which is prepared each year by members of the junior and senior classes.

The Tychoberahn is one of the largest high school annuals in the state and is modeled in its sections and entire whole directly after the Badger.

An effort is being made this year by editors of the book to sell copies to Central graduates who have gone to the university.

"We feel that there are a large number of students in the university who would be glad to buy the Tychoberahn and recall the scenes of their high school days, if they only had the opportunity to do so," Lowell E. Frautschi, editor in chief of the annual, said yesterday.

University students who desire to subscribe for the annual can order one by calling the high school. The price is \$2.

Ohio Scott High School Wins By Decisive Score

Scott High school of Toledo, Ohio won a 32 to 0 victory over Corvallis high school, at Corvallis, Oregon New Year's afternoon.

There may be no opportunity before the exam period to study because of other exams or essential work to be done. It is not infrequent for two or three exams to come on the same day.

Chiefly, however, students cram because they have that ever-present bugbear before them "All depends on the exam I write," and never will they go to bed feeling they have done all they should be preparation for the morrow.

In short the outcome of an exam is a gamble. The result is dependent not wholly on the amount of study spent or the ability of the student, but many times on purely extraneous conditions.

Gambling in matters which are made vital is dangerous and unsatisfactory. Hence, students have misgivings concerning finds and justification for them—the A's received on reports and topics fade and count for naught after the failing work of an exam-weary brain. And students grumble.

To the professor who considers the final examination all-important then, we earnestly say, "Good, keep the exam and its beneficial results, but be careful not to make it the thread on which hangs a scholastic life."

PROLOGUE

Whether to be jocund, whimsical, waggish, droll or just plain atticistic, is the question. Our exuberance over this job was considerably prostrated when we learned that personalities must be forgone, and that the names of our favorite enemies must remain unscathed by the dagger of scornful wit. Anyway, we're off in a cloud of Peruvian Pusillanimity.

PORTRAIT OF A LADY

I seen a gal today with horn rim specs
And bilious sox bedecked with blatant checks
Which made her legs look like a totem pole
Or e'en a hunk of ancient sanscrit roll.
A spacious muffier coiled around her throat,
But still the wynde in all its fury, smote
Her wishbone which was fluttering in the breeze
And she would alternately sneeze and freeze.

L'ENVOI

Although these poor gals suffer much,
It makes a skin we love to touch.

Bud Buell, the Phi Psi Phinale Hopper, has been advised by Prof. Stuart to g'wan a diet of bird lore.

FROM ROUNDY'S COLUMN

"It has been decided that 'fish and soup' will have to be worn at the Prom this year. I don't know how much soup will be at it, but there sure will be plenty of fish."

Ed. Note: Spare us man, we know it! We've had a date for months.

Lafcadio Hearn, Walter Pater and Joseph Conrad fall from the Johnsonian complex of Warren Taylor as the three greatest contemporaries in English prose.

All right, Warren, accept herewith our analogous conception of the three greatest in Wisconsin prose. And you, we mean analogous. Zona Gale we match in importance with the first, Hamlin Garland with the second, and with the third—now hold yourselves, English department,—"Roundy!"

Dear Ed: I see by that there editorial in the Cardinal the other A. M. that this guy what writes 'em wants to know what these here young couples talk about when they are out with each other, and I was just wondering whether or not it ever occurred to him that perhaps they don't talk at all. You know, Ed, the Dictionary of Etiquette says that it's very impolite to talk when you have your mouth full!! (Signed) WANTIN' KISSES.

TWENTY MULE TEAM BORES

Women that never work, but worry their dates to death with tales of "these terrible courses."
Bill Keikhofer's two-bit oratory. Esmeralda.
F. Scot Fitz's ideas of collegiate life.
Prom Queen Publicity.
Exams in Ag Hall.
Cowboy pictures of Horace Wetmore.
Platonic Love.

SYNTHETIC LOVE

(Apologies to Trojan)
While skating on the lake one night
I saw Mendota's arm
Steal gently 'round a neck of land
To keep its shoulder warm.
This made me jealous as could be.
It really made me sore,
And so I skated toward the land
And closely hugged the shore.
ART.

This Prof. of whom we are about to speak is one of those absconding guys what stands out in front and calls up to his room to see if he is in. One day he was walking down the hill and he saw a young fella what he thought he knew so he says, "Hello there, Jones, I thought for a moment that you were someone else" and Jones says, "Ha-ha, I am this isn't Jones!"

This col. would suggest that all bald-headed men read the "Detective Story Magazine" because it has such hair-raising stories. (Who made that wise one?)

BULLETIN BOARD

PROM FOX TROT

Students wishing to submit scores or words for the Prom fox trot are asked to call Mayo Story, B-3456.

DEMOLAYS

All university DeMolays are invited to attend the Square and Compass semi-formal in the Elizabethan room of the Park hotel Friday evening, Jan. 12. For reservations call Lynn Halzerson B-4368.

COLLEGIATE LEAGUE

A special meeting of the collegiate league of Women voters will be held at 4:30 o'clock, Thursday, Jan. 11, in the S. G. A. room at Lathrop. Mrs. Louis Kahlenberg will speak on "Legislative Procedure."

GUN AND BLADE

The Gun and Blade club will hold its regular meeting at 7:30 o'clock Thursday night in the Union building.

FORENSIC BOARD

Forensic Board meeting at 4:30 Thursday in 212 Bascom hall.

PROM THEATRE PARTIES

Desiring to arrange for a block of seats for STOP THIEF call Herbert Boning at B-975 immediately.

NEIGHBORHOOD HOUSE

Monthly meeting of Volunteer staff of Neighborhood house will be held at 4:30 o'clock Thursday. Christmas play given by children will be repeated.

METHODIST STUDENTS

Sleigh ride for all Methodist students Friday evening from the University Methodist church at 7:45. Phone B-2585 for reservations.

POLITICAL SCIENCE CLUB

The Political Science club, together with graduate students of other departments who minor in the political science department, will meet at the residence of Professor Ogg, 1715 Kendall avenue, at 7:30 o'clock Saturday. Judge T. E. Lyons of the Wisconsin Tax Commission will address the meeting.

KEYSTONE MEETING

Keystone will hold its regular meeting at 4:45 Thursday, in S. G. A. rooms, Lathrop hall. Parliamentary drill will be held.

CARDINAL AD STAFF

Cardinal Ad Staff will meet at 12:45 Thursday in the Cardinal office.

EPWORTH LEAGUE PARTY

Epworth League of the First Methodist church will give a sleigh-ride party next Friday evening. Sleighs will leave the church at 7:30 o'clock for a two-hour drive, after which the group will have an oyster supper. Charges will be 50 cents.

CLEF CLUB

Clef club will meet at 7:15 o'clock tonight in Lathrop parlors.

A. C. F. BOARD

A. C. F. board will meet at 4:30 o'clock Thursday in 21 Agricultural hall.

OUTING BOARD

Outing club board will meet at 12:45 o'clock Thursday noon in the Physical Education library on fourth floor of Lathrop hall.

OUTING CLUB

Regular Outing club meeting at 7:15 o'clock Thursday evening in S. G. A. room, Lathrop hall.

THETA SIGMA PHI

Theta Sigma Phi will meet at 7:30 o'clock at the Phi Omega Pi house, 629 N. Francis street. Ticket report.

A. S. M. E.

Mr. O'Neill of the Westinghouse Manufacturing company will give an illustrated talk on "Mechanical Stokers" at 7:15 tonight in 214 Engineering building. Election of officers will take place at the business meeting following.

Egypt Engages American as Coach For Olympics

Egypt has engaged an American to coach its team for the Olympic contest, and other European nations have asked the Amateur Athletic Union to forward lists of men who would be suited to train their teams. Among these countries, Belgium, Holland, Greece, and Spain have already requested lists, and several South American nations are considering doing the same.

PROGRESSIVES WIN OFFICERS

New State Legislature Picks Heads For Jobs in New Session

The progressives yesterday took full control of the organization in both the senate and assembly.

Organization of the state senate of the legislature was completed yesterday afternoon, with the election of the progressive candidates to all positions.

Socialist members on every office voted with the administration and offered no candidates of their own, establishing a precedent and carrying out their announced support of the governor and his backers.

Senator Henry A. Huber, administration leader in the upper house was elected president pro tempore to succeed Timothy Burke, his opponent. The vote was 17 for Huber and 15 for Burke.

F. W. Schoenfeld of Edgerton was chosen chief clerk to replace Col. O. G. Munson, the anti-administration candidate and clerk for the past four sessions. Here the vote was 18 for Schoenfeld and 14 for Munson.

A tie vote resulted in the choice of a sergeant-at-arms and precipitated a parliamentary wrangle between the governor's followers and the opposition, that was finally settled by a decision of Lieut. Gov. Comings, who cast his vote for the administration candidate. Charles Leicht, New Lisbon was named sergeant-at-arms over Vincent Kielinski, Milwaukee, on a vote of 17 to 16. Senator Polakowski, Socialist, voted for Kielinski on this ballot.

Senators Herman Severson, Henry Huber and Eldo T. Ridgway, were chosen a committee on committees to select senate committees. The vote was unanimous after a resolution calling for the selection of Senators W. L. Smith, Theodore Benfey and A. H. Werden, was indefinitely postponed 19 to 14.

Administration senators placing their candidates in nomination, in each instance stressed how throughout the war period and before these men had stood with the Progressive forces in Wisconsin. The Republicans who attended the governor's conference voted as a unit, without a defection.

The Socialist legislators, last week offered Gov. Blaine their support in organizing the legislature, but at that time received no reply from the executive.

After a three hour conference held in the governor's office Tuesday afternoon, the administration forces found that they lacked one vote among the Republicans to control a party caucus of senators, and decided as a result to stay away from the party meeting.

MAJOR SPEAKS AT ARTS MEET

Mississippi Valley Teachers Gather Here For Con- ference

Maj. E. A. Fitzpatrick, secretary of the state board of education, will give the opening address before the thirteenth annual manual arts conference of representatives from the institutions engaged in preparing teachers of manual arts and industrial education in the Mississippi Valley states, meeting here today, Friday and Saturday.

"Each institution has been invited to send only one man to the conference, for he desires to keep the number small so that the meetings may be conducted as round table discussion groups. There will be 35 delegates present," declared Prof. Ira S. Griffith, chairman of the department of industrial education and applied arts, yesterday afternoon.

Meetings will be held in the conference room on the top floor of the State Historical library during mornings and afternoons, and in the conference room at the state capitol in the evenings.

The conference is called by the commissioner of education at Washington each year at the request of the delegates meeting the previous year. In no way does this convention take the place of the national mid-western conference which met at Detroit last November. The manual and applied arts western conference will occur at St. Louis in May. William T. Bawden, bureau of education, will preside as chairman.

"A study of curricula for preparing teachers of manual arts and industrial subjects", will be the topic for the morning session today. A. F. Siepert, Bradley Polytechnic institute, Peoria, Ill., will present the subject, and Charles H. Bailey, State Teacher's college, Cedar Falls, Ia., and George W. Davis, State College of Pennsylvania, will lead in the discussion.

After a business session at 2 o'clock in the afternoon, "Manual Arts in the High School" will be presented by James McKinney, Am-

erican School of Correspondence, Chicago, Dean M. Schweickard, State Department of Education, St. Paul, Minn., and G. E. McLaughlin, Ohio university, Athens, Ohio.

At 7:30 o'clock Robert W. Selvidge, University of Missouri, Clyde A. Bowman, Stout institute and A. H. Whitesitt, State Manual Training School of Pennsylvania, will present the subject, "Standards of Eighth-grade Attainment in Shop Work."

The Friday and Saturday sessions will be conducted along the same plan, with a single topic for each meeting.

SOCIAL NOTES

Streiff-Schindler

Announcement has been received of the marriage of Miss Flora Streiff, New Glarus, to Ensign Walter Schindler which took place near Los Angeles, Cal., on the Battleship Tennessee, January 1.

Mrs. Schindler was a member of the class of 1924 but she withdrew from school last November. Mr. Schindler was graduated from the university in 1917.

Pledge Announcement

Farmhouse fraternity announces the pledging of Robert O. Ralph '24 Montfort, and Ernest Ehrigott '25, Milwaukee.

Pi Beta Phi Formal Dance

Members of Pi Beta Phi are entertaining Saturday evening with a

formal dancing party at the chapter house, 233 Langdon street. Professor and Mrs. Orner will be guests and Mrs. L. S. Stites will chaperon.

Baldwin-Mohs Engagement

Announcement was made Monday evening at the Phi Omega Pi house of the engagement of Doris Baldwin, Madison to Carl Mohs, Madison. Miss Baldwin is a junior in Letters and Science and Mr. Mohs is a junior in Chemical Engineering.

Pi Kappa Alpha Dancing Party

Pi Kappa Alpha will give an informal dance Saturday evening at the chapter house, 131 Langdon street. Those invited to chaperon are Dr. and Mrs. P. S. Barsness and Mr. and Mrs. A. H. Gardiner.

CLOTHIER DIES AFTER ILLNESS

Edward T. Baillie, Prominent Merchant, is Dead Following Operation

Edward T. Baillie, president of the Baillie-Hedquist Co., 23 E. Main st., died at St. Mary's hospital at 1:15 Wednesday morning after an illness of two weeks. An operation to save his life several days ago proved futile. Mr. Baillie was president of the city board of health and a member of the Madison board of education. He was 55 years old. He was taken to the hospital on Dec. 26.

Mr. Baillie was born in Bonnyrigg, near Edinburgh, Scotland, April 19, 1867. On his 21st birthday he sailed for America and came directly to Madison where he became associated with Alexander Finley in the grocery business. Mr. Finley was the father of Paul Finley. Four years he maintained this connection, clerking and driving a bread wagon. He had been manager of a grocery store in Scotland.

He joined the firm of Grinde, Schmedeman & Quammen, and remained with this firm, which became Grinde & Schmedeman, and then Schmedeman & Baillie. In recent years the firm name was changed to Baillie-Hedquist Co.

He was married on July 7, 1891, to Miss Julia O'Day, a pioneer school teacher. His wife and two sons survive him. Both Joseph and Edward reside in Madison. A daughter, Helen, died seven years and a day ago.

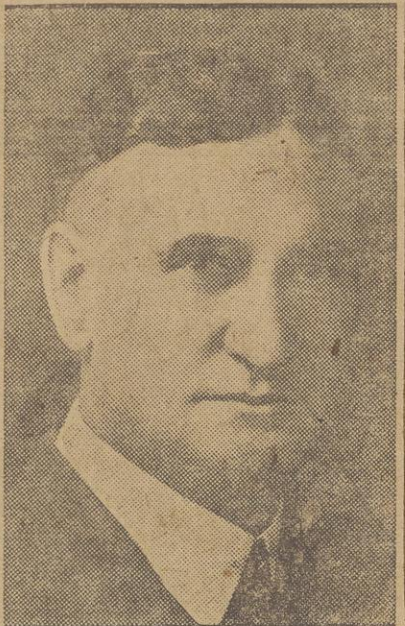

One brother, Peter Baillie, in Capetown, South Africa, and two sisters, Mrs. Margaret Younger, Tacoma, Wash., and Janet, in Scotland, also survive.

Mr. Baillie has been a member of St. Patrick's church, of which he is a director and trustee. He was also a member of the Kiwanis club and of the Knights of Columbus.

Funeral services will be held at the home, 114 E. Johnson st., at 8:30 Friday morning, and at 9 o'clock at St. Patrick's church, Rev. Fr. P. B. Knox officiating. Interment will be at Calvary cemetery. A wish has been expressed at the home that no flowers be sent.

Former Penn Grid Star is Now Appointed Coach

Lewis Young, captain of the 1913 football team at the University of Pennsylvania, has been named coach to succeed John W. Heisman, who has become coach of the Washington and Jefferson team.

Edward T. Baillie

Orpheum Boards to Have Balanced Show This Half

A well balanced vaudeville program has been selected for the Orpheum boards the last half of the week. A noted song writer, John Alden, with the Sandell sisters, dancing stars, will appear as the headline offering. Alden is recalled for his having written "La Veeda," "Tomorrow," "If Winter Comes," and other popular favorites. A satirical comedy in one act entitled "Babies" will be offered by Charlie Ward and his players. It has to do with the arguments of man and wife after five years of married life. They determine to separate, but are held together, finally, not by a baby, but many of them. Great Lester, the world's foremost ventriloquist, will offer an interesting performance. He is said to be able to drink a glass of water without missing a

single word of his monologue, which apparently comes from the lips of the dummy. Late with several of this country's biggest outdoor attractions, the Flying Nelsons will offer a sensational act. They will mingle comedy with their athletic and aerial novelty to such a degree usually proves a laughter hit. Weir and Crest have an entertaining vaudeville bit, "The Yank and the Wop," which is said to be one of the brightest comedy skits of its kind. The ever popular Aesop's Fables and Pathe News, showing the latest world happenings in pictures, will contribute to the bill the last half.

Leadership Qualities Are Outlined By Dr. Elsom

The qualities of leadership in recreation activities and the necessary preparation for the same were outlined by Dr. J. C. Elsom of the physical education department in his talk on "Recreation," before a meeting of Blue Shield, the new name of the Country Life Club.

"A good knowledge of games and also of social relations are necessities in recreational leadership, especially in the rural districts where the promotion of neighborly feeling, friendship and co-operation are sought," according to the speaker.

Dr. Elsom completed his talk by giving demonstrations of games suitable for rural gatherings. The program took place after a club supper at the Wellesley Foundation.

Forensic Board to Hold Monthly Meeting Today

Forensic board will hold its regular monthly meeting this afternoon at 4:30 o'clock in Bascom Hall. A new proposal, a National Proposal of Collegiate Debating Club, suggesting that some debating club be nationalized or a new national one established will be brought forward and discussed. Detailed plans of the competition to be carried on between the literary societies will also be discussed at the meeting.

RHINE ARMY IS ORDERED HOME

President Issues Recall to Take Effect as Soon as Possible

WASHINGTON—Withdrawal of the American troops from the Rhine was ordered yesterday by President Harding.

In announcing the decision, the state department said that the president deemed the time expedient for the recall of the forces now at Coblenz.

The American forces remaining in that area number about one thousand men, and it was indicated that the withdrawal order would be carried out as soon as the American commander, Major General Allen, could make the necessary arrangements for winding up finally the affairs of the army of occupation.

A resolution favoring such a withdrawal was adopted Saturday by the senate but it was not apparent today how far it had contributed to the president's decision, or how far the administration had been influenced by the situation brought about by the French movement into the Ruhr Valley.

The date of actual withdrawal will be left to the war department.

Officials of the state and war departments refused flatly to make any explanation.

Secty. Weeks was called to the White House early today and the

purpose of the government to withdraw the troops was disclosed before his return to the war department. It was learned that formal orders had not as yet been sent to General Allen although he is prepared to move on short notice.

Scene From Land O'Romance At Parkway This Week

"Land O'Romance" a new light comedy from the pen of Anna Nichols, will be the attraction that Fisk O'Hara, the ever welcome Irish star, will offer at the Parkway for three days starting today, with a matinee on Saturday. The play gives Mr. O'Hara many opportunities to display his sweet tenor voice. The cast will be headed by Miss Pat Clary who with her saucy ways and her pleasing stage appearance proves an admirable foil to the young Irish star.

"Trifling Women" which comes to the Parkway Sunday is the latest achievement of Rex Ingram. It equals and in some respects surpasses The Four Horsemen "The Dice of the Gods". The story is concerned with the fascination of Zareda, a crystal gazer, whose siren-like fascination attracts men into her net.

Mrs. Fiske, the greatest of American actresses will be seen in a character without precedent in the annals of the stage when she appears Saturday January 20th at the Parkway in a new three act drama, "THE DICE OF THE GODS." The engagement here precedes her annual Chicago engagement by only a few days.

FRUIT EXHIBIT WILL CONTINUE

Display of Apples is Both
Competitive and Edu-
cational

The annual convention and fruit show of the Wisconsin State Horticultural Society which began Wednesday is in full swing at the State Capitol and will continue until Friday evening. The exhibit is mainly a competitive one, but it is at the same time educational.

Few people are aware of the numerous variety of apples grown in Wisconsin, and still fewer realize their exceptional beauty. It is hoped that this convention will prove conclusively to everyone that Wisconsin is one of the leading apple growing states in the Union. The exhibit, which is being held in the rotunda of the Capitol, lines the walls on every side, and includes Wealthy, Salome, McIntosh, Northwestern, Talman, Gano, Snow, Jonathan, York and Delicious, all from different parts of the state. One tier is of apples grown less than four miles out of Madison.

A special exhibit of the Delicious variety, grown in 26 different states, is the only out-of-state fruit. The majority of the apples are from the Sturgeon Bay region.

Orchids, sweetpeas, roses and hoards of other flowers were given to the show by the Milwaukee Floral company to aid in making it more beautiful.

A three day program is planned, in which there are to be speeches, banquets and business and discussion sessions. Among the prominent men who are to speak are Judge Charles G. Traxler, Minneapolis; Prof. H. F. Wilson; W. J. Moyle; James Nicols, Michigan; Prof. Leroy Cady, Minnesota; Dr. S. B. Fracker, State Entomologist, and many others of note. Prof. J. C. Blair, Illinois, will close the convention by a talk on "The Spirit of the Middle West," Friday afternoon.

With a broken bone in his right hand, George Sheffer of the University of Illinois has won four successive cushion billiard tournament.

Fruit Growers, Beekeepers, And Teachers Hold Meetings At Capitol Here This Week

It's a busy week for Madison. Legislatures, fruit growers, beekeepers and normal school teachers, are gathering around the state house.

The legislature opened its sessions this noon; the Wisconsin Horticultural society has ranged row upon row of apples around the rotunda of the capitol as a feature of its annual convention which opened today and will continue through Friday; the Dane County Beekeepers' association holds its annual winter meeting at the beekeeping building at the university; and tomorrow normal school teachers of the Mississippi valley open their 13th annual conference which will continue through Saturday. And more conventions are coming.

Big Apple Display
Farmers, bankers and newspaper men will convene here Jan. 29 to Feb. 3 to develop a plan for the merchandising of Wisconsin farm products.

"Wisconsin people have an opportunity to see the largest fruit exhibit ever shown in Wisconsin," said Frederic Crane, secretary of the Wisconsin Horticultural society, today.

Tables around the railing of the rotunda on the first floor of the capitol are loaded with apples and vegetables, placed there by 24 Wisconsin growers. Eleven large stands show some of the finest apples in the state or country. Edward Stoeber and E. L. Roloff,

Madison growers, are represented in the exhibits. Frank Karstens displays a plate of "delicious" apples he has been saving for the convention. The apples were grown at Mr. Karstens' summer cottage near Esther beach. Other large exhibitors are D. E. Bingham, Sturgeon Bay; L. E. Birmingham, Sturgeon Bay; Kickapoo Development Co., Gays Mills; Sky-Hi Fruit farm, A. K. Bassett, proprietor, Baraboo; Arno Meyer, Sheboygan county.

Blaine Opens Meet
The convention was opened at 10 o'clock this morning in the hearing room of the capitol by Gov. J. J. Blaine, M. J. Hovey, Arno Wittich, and Prof. J. G. Moore were speakers at the morning session. The program for this afternoon included H. E. Nichols, Iowa, R. T. Glasco, Rock county, J. M. Coyner, La Crosse county and M. B. Gox. The latter three are county agents who have assisted farmers in utilizing fruit formerly of no market value.

The beekeepers of Dane county will discuss their business at today's conference. C. D. Adams, state department of markets, will lead a discussion of standard labels and containers. L. P. Whitehead, extension division of the university, will tell the conference of experimental results secured in Wisconsin, while the Dane county organization will be discussed by H. F. Wilson.

Four Directors Named By Building Association

"The Value of the Home" was the subject of an address by Charles E. Butters, chief clerk of the state banking department, at the 37th annual meeting of Provident Loan and Building association at the Y. M. C. A. last night.

"There are 118 building and loan associations in this state," said Mr. Butters, "all of which are chartered for the sole purpose of aiding in the building of homes."

The business session of the association was preceded by a banquet after which the meeting was called to order by the president, John Corcoran. The following directors were re-elected for a period of three years: John J. C. Proctor, M. H. Sater, and Eric Miller. Speakers were Mrs. E. R. Vaughan the Rev. O. J. Wilke, O. E. Buell, Mrs. C. E. Buell, N. J. Fry and J. C. Proctor.

LEAGUE SEEKS FEASIBLE PLAN

New Amendment to Hirst Tax
Idea is Discussed
Here

Modification of the Hirst plan of automobile taxation to be used for the payment of road improvements was discussed at a meeting of the legislative committee of the Wisconsin League of Municipalities held at the city hall today.

The amendment to the plan discussed seeks to return 75 per cent of the automobile tax collected to the cities in which it has been collected and 25 per cent to the county. This amendment, it was said, would give some benefit to the cities in paying for the improvement of city streets. A conference was held this afternoon with Mr. Hirst and members of the state highway commission.

Those who attended the meeting were: Mayor A. A. Bentley, La Crosse, president of the league and chairman of the committee; Louis A. Arnold, tax commissioner, Milwaukee; Charles W. Babcock, assistant city attorney, Milwaukee; John C. Davis, engineer of citizens bureau, Milwaukee; Ford H. McGregor, secretary of league, Madison; F. S. Weber, city clerk, Watertown; Julius Spearbraker, city clerk, Clintonville; Mayor Daniel W. Hoan, Milwaukee; J. F. Prentiss, secretary Wisconsin County Boards association, Watertown; Charles A. Kyba, city clerk, Racine; Charles E. Hammersley, village attorney, Shorewood; L. E. Lurvey, city attorney, Fond du Lac; Mayor J. H. G. Lievin, Hartford; Mayor I. Milo Kittleson, Madison.

First Year Medics Elect Robinson as Class Prexy

The following class officers were elected at a meeting of the first year medics yesterday afternoon.

Holden J. Robinson, president; Miss Helen Pratt, vice-president; James Coyne, secretary; John A. Wilson, treasurer; and Douglas N. Gibson, sergeant-at-arms.

Alexius Baas, Baritone, Will Sing Here Monday

Mr. Alexius H. Baas, baritone, will appear in concert at the Presbyterian church at 8:15 o'clock Monday evening January 15, accompanied by Miss Margaret Otterson of the Wisconsin school of Music.

Besides directing the Mozart club a chorus of sixty male voices, Mr. Baas directs the Madison Maennerchor and the Madrigal club, the latter a chorus of women's voices.

Mr. Baas has sung in concert and oratorio in Germany and Canada as well as in the United States. His tours in this country have taken him into nearly every state in the union, and from ocean to ocean.

He has been equally successful in the dramatic and concert fields. His voice is a lyric baritone of great range and power, and has a delightful stage personality which thoroughly delights his audiences.

Judge A. J. Vinje, chief justice of the Wisconsin Supreme court, will read a paper on the "Norwegian Quaker Settlements in Iowa" at the meeting of the Ydrasil society, Saturday evening at the home of Mr. and Mrs. J. A. Swenson, 1215 Rutledge st.
