## CRIPPLED NINE FACES INDIANA IN TWO GAMES

Team Hopes to Avenge Defeats in Clashes Friday and Saturday

The crippled Wisconsin baseball team, which lost two conference games last week, will have a chance to get revenge Friday and Saturday when Indiana comes to Madison for two battles.

It was this Hoosier team which defeated the Badgers 7 to 6 at Bloomington last week after the Cardinal players had led for five innings, and made necessary the use of both pitchers, Ogle and Miller, leaving no one fresh to start the Purdue battle the next day.

### Lose Three Regulars

With George Willigrod, regular first baseman, and "Bill" Williams, pitcher, laid up, it was a new lineup which faced the two Hoosier teams. Willigrod, who injured his ankle on the vacation trip to Notre Dame, at present is on crutches and will be out of the game for several weeks, if not for the whole season. Williams is in the infirmary with scarlet fever and no doubt can be counted out for the year. His loss was keenly felt on the Indiana trip, since Coach Kent had only Miller and Ogle for twirlers, with no one to fall back on when they were going bad.

Since the return home, Coach Kent's sick list has had another addition in the person of "Larry" Doyle, outfielder and pitcher, who has been confined in the infirmary with a case of mumps.

### Lineup Uncertain

Just what the lineup will be which will face the Hoosiers in the first game is hard to predict, but it is certain that there will be some changes. "Rowdy" Elliott's eligibility now centers around an examination paper which he wrote last Saturday, and if he becomes eligible by Friday he is certain of a berth somewhere in the infield.

## INTENSIVE EFFORT TO END FUND DRIVE

No canvassing for the union memorial building fund has been done during the last week, according to Loring Hammond, committee chairman of the drive.

The committee has been at work for the last few days preparing a complete list of those who have not yet subscribed to the fund. An entire list will be ready tonight, and Wednesday the personal solicitation will begin.

The campaign is to be an intensive one, since it is necessary to raise \$20,000 to "go over the top."

## MCCARTHY TO TALK ON IRISH PROBLEM

Prof. Charles McCartney of the Wisconsin Legislative Reference library will discuss the Irish question at an open meeting of the Anglo-American club tonight at 7:15 at the Y. M. C. A. Professor McCarthy was sent by the United States to England to study the British common school system, and at that time took the opportunity to investigate carefully both sides of the Irish situation.

## SOPHOMORE WOMEN BALLOT TOMORROW

Sophomore women will vote tomorrow to elect the head of the junior advisory system. Ballots will be cast in Lathrop and Main halls for the four candidates who were nominated at the last regular Red Gauntlet meeting. They are Katherine Ely, Mabel Winter, Auta Lyman, and Gladys Haskins. This office must be filled immediately in order to take over and begin the work for next year. Other officers will be elected at the last Red Gauntlet banquet, which will be held in May.

## ORDER 3 A. M. PROM CURFEW

### Faculty Ruling Follows Protests by Other Universities

Prom must end promptly at 3 a. m., May 15, according to a ruling by the faculty. This means that all women are required to be in their houses not later than 3:30, and that all Prom breakfasts and other parties that were arranged after Prom on that night will have to be done away with entirely.

The faculty action came as result of the meeting of deans recently held at the University of Illinois, at which time the University of Wisconsin was requested to stop Prom at 2 a. m. instead of 4 a. m. as formerly. A compromise was reached through the action of Dean Goodnight.

### Wisconsin Hours Latest

At this meeting it was pointed out that Wisconsin was the only university in the country which tolerated dancing after 2 a. m. The only schools which have dances later than that hour are West Point, Annapolis, and several of the military academies.

Those who bought tickets for the 3:30 supper shift will have to exchange these beginning Friday, April 30, for tickets entitling them to eat at 11:30, 12:30, 1:30, and 2:30. These tickets should be given to Ludlow North at 640 North Henry street.

### Supper at Garden Grill

To provide accommodation for those who had planned to eat at 3:30, the Prom committee was able to make arrangement whereby the Garden Grill would serve the regular Prom meal.

## PROF. WOODBERRY IN LECTURE SERIES

Longfellow and his significant service to American literature will be the theme of Prof. George E. Woodberry who speaks at 165 University hall at 4:30 p. m. today in the first of a series of three lectures on American and English poets.

Professor Woodberry, who was with the Wisconsin faculty in 1914-15 as lecturer and instructor during the spring term, and more recently was with Columbia university, has retired from academic service and is giving his time to lectures and authorship.

He will be entertained both formally and informally by the department of English and friends during his week in Madison. He arrived yesterday afternoon and was entertained at the home of Prof. Karl Young for dinner.

The other lectures scheduled for this week are "Lowell," Thursday, and "Shelley," Friday.

## HOOVER BOOSTERS' MEETING TONIGHT

A Hoover student massmeeting has been called for 7:30 tonight in the engineering building by the Hoover Non-partisan club, recently organized by the members of the Mining club.

Magnus Swenson, former U. S. food administrator and Madison attorney, along with several faculty men will give short talks.

The club plans to send a representative to the convention in New York city Saturday. Student clubs have been organized all over the country and will send representatives.

## CO-EDS FINISH FAST CAMPAIGN

### Whole Edition of Who's Who is Sold Out in Five Hours

It took just five hours for ten women's organizations to dispose of the entire edition of 1,000 copies in the Who's Who competitive subscription campaign yesterday.

At noon with the opening gun of the campaign the Thetas, armed with subscription blanks and with four automobiles at their command, started a running drive in the student district that gave them the edge on other contestants. The Gamma Phis had an intensive plan in operation and covered the territory in a systematic manner running a close second during the noon hour and breaking into the lead the middle of the afternoon. Delta Gamma and Sigma Kappa were running a close race for third place all afternoon with A. O. Pi gaining rapidly during the last two hours.

Announcement of awards will not be made until the reports are carefully checked and all subscriptions turned in. It is impossible to determine the winners until the number of books sold and the time at which the sales were completed is checked. All organizations have been requested to turn in their completed records before 9 p. m. today at the Union building.

Organizations entered in the competition included Gamma Phi Beta, Kappa Alpha Theta, Alpha Omicron Pi, Delta Gamma, Alpha Xi Delta, Kappa Kappa Gamma, Outing club, Alpha Phi, Sigma Kappa, and Alpha Gamma Delta.

## RENT OF CANOES RISES TO TWICE LAST YEAR RATE

Canoe rents, like everything else, have risen.

Time was "when a feller" could take "somebody" out canoeing for 25 cents an hour, but that time is gone. Now the university boat house is charging 50 cents an hour, while the city boat house charges 40 cents an hour.

The increase in price, according to Emil Niebuhr, is caused by the fact that four hours is the average time that a canoe is out on a good day, and that the cost of canoes, supplies, and living have gone up.

"All the students come down here at the same time, and because they cannot get a canoe, they think that the canoes are out all day and every day," he said. "Consequently some canoes are idle during the day, and this, coupled with the increases in repairing the old canoes, has raised the price to 50 cents. Averaging four hours a day I figure that it would take 50 days at 50 cents an hour to pay for a new \$100 canoe."

## THETA SIGMA PHI WELCOMES NATIONAL MEET

### 60 Delegates Expected at Women Journalists' Convention

Complete plans have been made by the local chapter of Theta Sigma Phi, honorary women's journalistic fraternity, for the second national convention which is to be held here Thursday, Friday, and Saturday. Delegates to the number of 60 are coming from 16 chapters.

Friday has been designated as Alumnae day. At that time alumnae who have made good in the field of letters will tell something of their experiences. The question of an extensive alumnae organization, and that of setting up an employment bureau for women in the teaching of journalism will be the big object around which the work of the convention will center.

The following program covers the delegates' stay here:

Thursday, April 29

8 a. m.—Registration at Lathrop hall.

9 a. m.—Meeting called to order by the Grand President.

Address of welcome by Garnet Klevan, president of Beta chapter. Piano solo—Marjorie Lacey. Roll call of delegates.

Grand President's address.

Reports of national officers.

Appointment of committees.

Reports of standing committees: Employment Bureau, Susan Shaffer, Chicago; Employment for Women in the Teaching Field, Marion Lewis, Epsilon; Exhibit report, Marion Roth, Beta.

Reports of Special Committees: Pledging service for active chapters—Epsilon; Adoption of Theta Sigma Phi song—George Amundsen.

12 m.—Lunch at Kopper Kettle—Talks by Dean F. Louise Nardin, and Zona Gale.

1:30 p. m.—Business: Chapter Management—Helen Ross Lantz;

## FOUR WIN PLACES AS NEW LIT EDITORS

Competition conducted by The Wisconsin Literary Magazine for positions on the editorial board for next year has resulted in the naming of Roe R. Black, '22, Earl P. Hanson, '22, Sesta H. Wood, '22, and Paul V. Gangelin, '23, for board positions, it was announced last night.

The forthcoming May issue of the Lit will carry some of their work.

The Lit, according to the editors, is in the field for all the material it can get, stories, essays, poems, dramas, sketches, of all kinds and in every mood. Several new features soon will be added to the magazine, so that no part of the university will be unrepresented.

## TENNIS TOURNEY IS WELL UNDER WAY

The preliminary round and part of the first round of the all-university tennis tournament has been played off.

Since the finals are to be played off by May 1, the preliminary rounds must be disposed of in a hurry.

Coach Linden has picked tentative freshmen and varsity squads, but there is still a good chance for any racquet sharks who have not appeared yet to get into the competition.

### CHADBOURNE WOMEN MARK ANNIVERSARY

Women of Chadbourne hall May  
7 will celebrate the fifteenth anni-  
versary of the date on which the  
appropriation was made for the  
money to build the dormitory. All  
old residents of Chadbourne are  
asked to give any curios they might  
have for the exhibit. All former  
Chadbourne women also are asked  
to give what information they can  
on the student life at Chadbourne  
in past years. Names and address-  
es of all alumnae of Chadbourne  
hall also are desired by the commit-

Twenty-five university student  
Twentyfive university students  
leave today to attend the state student  
volunteer conference to be  
held at Ripon, April 30, and May 1  
and 2.

Delegates attending this conference  
are interested in foreign work,  
and a large number have definitely  
desired to go to other countries in  
an effort to better conditions and  
give a chance to people who have  
heretofore been neglected.

There will be speakers on the  
program representing several nations.  
Among them are S. A. D. Boggs and Mrs. D. I. Fleming of  
India, Charles A. Herschloo of  
China, Mr. H. Conrad Ostrom of  
Japan, Dr. Hunt of Madison and  
C. E. Tompkins, formerly of the  
University of Michigan, and at present  
doing medical work in China.

### THRILLERS BILLED FOR VARSITY CIRCUS

There will be plenty of excitement  
when some "dark horse" wizard  
swoops down the ski slide from the  
top of the big tent on the lower camp-  
us May 22. Many other new fea-  
tures have been added, according to  
Vincent O'Shea, circus manager.

A large number of real circus acts  
are promised. There is still need,  
however, of some acts that are not  
strictly circus acts, such as bur-  
lesques on circus acts, or any orig-  
inal stunts.

A ring and stage have been erected  
in the stock pavilion to facilitate  
the tryouts which will be held Sat-  
urday afternoon.

## HOPE FOR WIN IN N. O. L. TILT

Speakers From Six Universities to Compete at Music Hall May 7

Representatives of Wisconsin, Minnesota, Illinois, Michigan, Northwestern and Iowa will clash in the thirtieth annual Northern Oratorical league contest at Music hall, Friday night, May 7.

The contest has not been held at Wisconsin since 1914, when Howard M. Jones won second place as the Badger representative. The league has achieved front-rank standing in the public speaking world and its annual contest is looked upon as "America's oratorical classic."

### Lowden Furnishes Fund

In 1901 Frank Lowden, now governor of Illinois, a graduate of the University of Iowa, presented the league with a fund that nets the annual prizes of \$100 and \$50 for first and second places, respectively. The orations are published by the league annually in a uniform series.

Miss Gladys Borchers, a junior in the College of Letters and Science and a member of Pythia, was chosen as the Badger representative after a series of elimination contests involving all literary societies and the school at large.

### Won Contest in 1913

Wisconsin has not won first place since 1913 when Alvin C. Reis, now with the state marketing commission, carried off the honors.

Under the present system the contest appears here but once in every second college generation. The Forensic board, in charge of arrangements, is making every effort to fill Music hall to capacity.

## SPANISH CLUB STARS GIVES PLAY TONIGHT

The Spanish club will present a play entitled "Un Joven Medico Infortunado," at its meeting in Lathrop parlors at 8 p. m. tonight. The cast includes El Medico, Archie Werbach; Um Caballero, Coleman Clague; and Una Senora, Marjory Stetson. Prof. A. E. Lyons will give a short talk, after which there will be conversation in Spanish.

## CARD NOVELTY ACTS FOR BALLET-BOOTH

With the securing of "Jerry" Ochsner as the "premier danseuse," Edwin Booth Dramatic society announces that the program for the Ballet-Booth to be held Saturday night at Lathrop gym and concert room, is completed. There will be four acts, during intermissions between dancing, presenting the best dramatic talent in the university.

Miss Ochsner will give a series of original improvisations from Mother Goose. Willet Kempton will appear in the "Ballet-Tragique," a bit of farcical cavorting unlike anything ever seen here before. The last two acts will be announced later.

Practically all the tickets have been sold through advance reservations. The 35 tickets remaining were placed on open sale at Morgan's at \$1.50, including war tax.

'Love Scenes Immense,' Says Queen of Crooks Who Steers Bold Banditti Gang in Junior Play

HELEN HARPER

Helen Harper, who plays the part of Nan Brockton, leader of a gang of crooks, in "Cheating Cheaters," the Junior Play, is one of the most enthusiastic members of the cast.

"It's the funniest play I was ever in," said Miss Harper. "There is something new every minute, and the love scenes are simply immense. There's at least one in every act. I am sorry there will be only one performance because so many people will not be able to see it."

The role Miss Harper plays is one of the most difficult in the play. As leader of the "Brockton gang,"

she, and her partners in crime, are thrown into many tense and exacting situations.

She is a member of Red Domino and has played in Union Vodvil and several plays presented by the society. She took the part of Columbine in "A Weattein Picture."

Tickets for "Cheating Cheaters" are selling faster than for Union Vodvil, according to the manager of the Fuller. To fill mail orders that have been piling up for the last three days the first tickets were sent out yesterday. Practically one-third of the seats on the lower floor have been sold.

## BAND PUTS ON LAST CONCERT

Armory is Filled for Program That Ends Successful Season

By WALTER K. SCHWINN

The final band concert of the season, given Sunday in the armory, was as unqualified a success as all the previous ones, making an excellent close to an unusually successful season, both financially and artistically.

The program was a review of the entire season, and the selections were, for the most part, popular. The band played the "Raymond" overture well, giving much brilliance to the passages. The Nevin suite, "A Day in Venice," was given sympathetic treatment. Of the marches, "Semper Fidelis" was the most popular.

Elmer Hintz sang, "On the Road to Mandalay" in his good style, encoring with Ball's "Dear Little Boy of Mine." Hintz was the soloist with the band at an earlier concert.

A large crowd filled the armory to hear the last concert and showed its appreciation of the band's work by long and sincere applause.

## R. O. T. C. INSPECTION FOR MAY 13 AND 14

The University of Wisconsin R. O. T. C. will be inspected by a board of three officers from the general staff, May 13 and 14. The purpose of this inspection is to determine the 15 universities to be given distinguished college rating. Wisconsin, Illinois, Michigan agricultural college, and Minnesota are among the institutions for inspection designated in the middle west.

The inspection will include class work Thursday and a review Friday. The work will be carried out according to the regular schedule, except on Friday when the afternoon will be given over to field problems and the review.

Companies attending classes May 12 will be excused to attend at regular hours May 14.

## FIREARM BUGS

ONE of the ten original sob stories is that of Little Willie and the New Rifle. There have been many little Willies and many new rifles—and almost as many tragedies. Sometimes Little Willie appears grown up, after a fashion, on college campuses. When spring weather comes, Big Willie issues forth with a shiny new rifle or revolver and shows the fellow students just how much at ease he can be in handling firearms.

Several of the Big Willie species swaggered on parade Sunday along Lake Shore drive and disported themselves in the neighborhood of University Bay and Picnic Point. Rifle and revolver shots punctured the air with regularity Sunday afternoon.

The hubbub produced by the shooting injured no one, but the bad aim and carelessness of the amateur sharpshooters might have been fatal to more than one passer-by. Bullets whistled through the air at intervals along the south shore of the bay and near Picnic Point. Strollers along the drive report several close calls from the missiles. Three men declare that an intervening stone wall was all that saved them from possible injury from flying bullets while walking near Picnic Point.

A number of the firearm-fools were university men. The brave lads felt sure that lake shore strollers would appreciate their expert shooting on such a fine spring day. And probably a dozen or more small boys were there to gaze with admiration at the heroic marksmen as they brandished their shooting irons.

To put an end to the evident dangers from this sort of hair-brained activity, the university authorities should clamp the lid on all shooting on university grounds along the lake shore. One can't argue with a numbskull who is gleefully firing a rifle or revolver all over the landscape. The only way to stop him is to punch him in the head.

## SUPPORT FOR SPRING SPORTS

WHENEVER an athletic season rolls around it is invariably accompanied by a request for the student body to get out and give its support. But unlike their winter contemporaries, spring sports seem always to labor under the disadvantage of a dearth of support.

Rain, snow, or extreme cold seldom interferes with an en masse turnout at a football game. The importance of an evening engagement has not in the past hampered the attendance at basketball games. When attention is directed to spring sports the situation assumes a new aspect.

Cinder path stars, after a season of tedious preparation, have seldom been able to get more than a handful of people to watch them perform. Baseball, moved for convenience to the lower campus, causes only a slight ripple of excitement. These conditions ought to be reversed.

A baseball game or a track meet is always dependent on good weather. There is never the possibility of interference with a "date" or a chance to suffer the discomforts of bad weather. Not only that, the teams actually need the support.

Our schedules are never prepared with a maximum number

of easy games or meets. Wisconsin locks horns with the best in the conference. Often times the needed ninth inning rally is more assured when the stands are crowded. The final sprint needed to win a first in a track meet can likewise be more readily expected when the "come on" is heard in every section of the stands.

Spring sports are fully as entertaining as the winter variety. There are few better ways to spend a leisure Saturday afternoon. For first hand evidence try the next conference ball game or track meet.

## CO-ED AT KANSAS CUTS SELF SHAVING

LAWRENCE, Kas.—Doctors who attended the last session of the University of Kansas health committee are telling of a discovery made by one of their number. He revealed that he was called to attend a young co-ed with a bad cut above the ankle. Questioned how advocates that pamphlets be distributed to the depots when vacations begin urging students to conduct themselves like gentlemen on their travels. He also proposes having every train accompanied by a deputy sheriff.

## STUDENTS' MANNERS "PEEVE" PROFESSOR

ITHACA, N. Y.—Complaining of the boisterous conduct of Cornell students on trains, a professor writing to The Cornell Daily Sun advocates that pamphlets be distributed to the depots when vacations begin urging students to conduct themselves like gentlemen on their travels. He also proposes having every train accompanied by a deputy sheriff.

## What the College Editors Say

### POLITICAL CLUBS

The formulating of the Hoover club here produces the needed stimulant to make national politics a strong issue on the campus. With the Lowden and Hoover clubs taking the initiative students will fall in line and investigate the qualities of the men who are in the public eye today, select their choice and when the time of election comes, cast their ballot. In other words, these newly formed clubs if they occupy the position they should, will make a better American of every Iowa State college student.

The majority of students who attend this school and all other schools for that matter, reach their voting age while in school. They have never voted and do not know the procedure. This is a big factor with them and the result is that their vote is not cast.

It is needless to say that any student who takes a technical course has but very little time to interest himself in politics and other such matters. He is tied to his work for four years and when he graduates he goes into the world with a top notch technical training, but with little knowledge of anything else. Fault is not to be found with the technical courses. It requires the four hard years of training to equip a student with the knowledge he needs and when he begins his course he realizes what he is doing.

It is from clubs of the Lowden and Hoover nature that these technical students are to gain this knowledge that otherwise they could not obtain.—Iowa State Student.

## COLLEGE EDITORS ALL WEAR OVERALLS

NASHVILLE, Tenn.—Members of the staff of the Vanderbilt Hustler have inaugurated an overall club in Vanderbilt university. The staff is pledged to wear overalls at classes and on the street.

### CHIMES FUND IS FOR \$4,000 AT ILLINOIS

URBANA, Ill.—The grand total of the senior-junior memorial chimes fund at Illinois has reached the \$2,600 mark. With half of the necessary \$4,000 subscribed and less than half of the two classes yet to be interviewed managers of the campaign were very doubtful whether the fund would be completed.

### FEW SENIORS SIGN UP FOR TEACHING JOBS

APPLETON, Wis.—The national decline in the number of trained teachers is reflected in Lawrence college by the comparatively small number who are planning to go into teaching. Not more than half of the present graduating class are going to teach upon graduating, while past percentages have been around the two-thirds mark.

### TICKETS GO FAST FOR PRESS CLUB MUSICAL COMEDY

Three teams yesterday began selling tickets for the musical comedy and dance to be given by the Press club Saturday night. Attendance is to be limited to 150, and the pasteboards last night were reported to be going fast.

### SOPHOMORE ELECTION

Election of a president for the Junior Advisory system will be held April 28, by Red Gauntlet. The nominees for the office are Gladys Haskins, and Katherine Ely. Booths in Main and Lathrop halls will be open all day, and ALL sophomore women are urgently requested to vote.

## TELLS OF MEN IN PEACE MEET

Prof. W. L. Westermann  
Relates Experiences at  
Paris Conference

Speaking on the interesting personalities he met at the Peace conference, Prof. W. L. Westermann of the history department, told many fascinating tales of the near East at the Badger club meeting, Sunday night at the university Y. M. C. A. Professor Westermann went to the conference as a technical expert on near East problems.

An interesting episode centering about Aaron Aronsohn, a Palestine Jew, who ran a spy system in 1916 and 1917, for getting information for the British in regard to the Turkish armies, was told.

Aronsohn, who was a Zionist and also an agricultural soil expert, succeeded in having himself appointed to a position under the Pasha who was the leader of the Fourth Turkish army. Aronsohn's sister was captured by the Turks and tortured for five days in an attempt to compel her to give information and a list of names of those connected with the spy system instituted by Aronsohn. Finally her Jewish friends were able to secretly convey to her a revolver with which she killed herself. This girl's fiance was also captured and shot. Aronsohn's father was tortured by having the soles of his feet furred, but none captured gave away any useful information.

## THE MONKEY FAD HITS NEW YORK

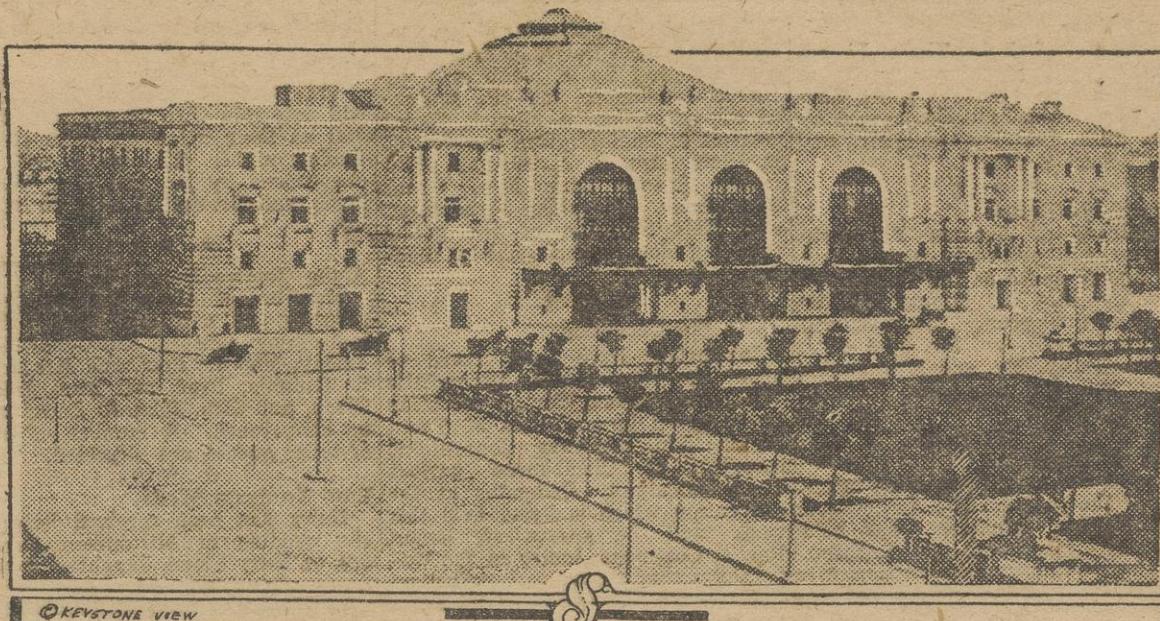

Rose Wilton and her new pet.

Even blase New York was startled the other day when it saw Miss Rose Wilton, the actress, parading down Fifth avenue with a pet monkey under her arm. Miss Wilton explained that she was introducing a new fad. The monkey was given her by A. E. F. veterans who had the little animal as a mascot.

## WHERE DEMOCRATIC CONVENTION WILL BE HELD IN FRISCO

The Auditorium.

The auditorium built in San Francisco by the Panama Pacific International exposition at a cost of \$1,275,000, is the building in

which the Democratic national presidential nominating convention will be held next June. The main auditorium in the building seats

12,000 persons, and two smaller assembly halls seat 700 and 900 persons. A large portable stage enlarges the permanent one.

Another tale of the entertaining adventures of Colonel T. E. Lawrence, who was before the war a historian at Oxford and who carried on excavations near the Euphrates river to learn facts with regard to the Crusaders, was given.

Prof. Westermann says that the Arabs declared that if the French were put over them they would drive them into the sea. The French are in control, temporarily, and no doubt will be permanently, in accordance with secret agreements made in 1916. The Arabs are ambitious to develop an independent Arab state which shall include Mesopotamia and Syria.

### PROMISE PUBLICITY FOR PERPETRATORS OF NEXT OCTOPUS

With only four days left in which to get in copy for the coming Octopus, *La Vie Wisconsienne*, the editors last night issued a final call for jokes, funny stories, cartoons, and any bit of laugh-getting humor and satire that the campus jokers can concoct.

"It is imperative that all contributions be in by May 29 so that the book can appear on time," said "Bob" Herz, managing editor. "The coming number will vie with the famous *La Vie Parisienne* for snap. But we've got to get contributions."

Beginning with the coming issue the names of all contributors will appear on the mast-head. The complete list of contributors to the *Wrong Number* included Noel Stern, Stanley McCandless, George J. Brewer, H. C. Dennis, Stevens Gould, Adrain Scolten, Bob Benson, John Culman, William Comstock, Emil Hotoos, Winifred Moss, Hubert Townsend, Kenneth Fagg, Pennell Crosby, Fern Busby, Kathryn Stopenbach, Katherine Winckler, Lloyd George, and Dorothy Schmolze.

Assistants on the business end are W. J. Rendall, Eugene Taylor, Leslie A. Hill, J. G. Wheeler, and Arthur Freytag. Donald Sweetser and Harvey Piggott also helped.

### PLAY RECALLS DAYS OF BRAVE ROMANCE

If you would hie yourself back to the days before the tea-hound came to life, when our hero stepped bravely forth to fight a duel for his lady fair, or proposed to her on bended knee, you must not fail to see the French play which will be given tomorrow at 7:45 p. m. in the Lathrop concert room, say those who have seen rehearsals of the piece. The cast includes some of the most able parlez-vooers in the school, and the production is the most finished and successful yet given by the French department, it is asserted. Tickets for the play may be obtained from any member of the French department for 55 cents.

GUNTANAMO BAY—No ships of the Atlantic fleet in Guantanamo Bay have been ordered to Mexican waters. The fleet will sail at 9 o'clock Monday morning for New York. Admiral H. B. Wilson, commander-in-chief of the fleet intends to make New York the fleet base.

# COAL COMBINE MUST DISSOLVE, COURT ORDERS

Supreme Court Sustains  
Government Charges  
by 4 to 3 Vote

WASHINGTON — The federal government today won its anti-trust suit against the Reading company and affiliated coal companies in one of the so-called anthracite coal cases.

By a vote of four to three, the supreme court sustained the government's charges that the companies violated the "Commodity Clause" of the inter-state commerce act and ordered the dissolution of the companies.

The Reading and Central of New Jersey railroads, the court decided, must dispose of stock ownership, respectively of the Philadelphia and Reading Coal and Iron company and the Lehigh and Wilkesbarre Coal company.

Justice Clarke rendered the decision for the majority while Chief Justice White, in a minority opinion in which Associate Justices Holmes and Vandevanter joined, said the minority was in favor of accepting the opinion of the lower court.

Associate Justices McReynolds and Brandeis did not participate in the decision. Justice McReynolds was attorney general during the time the government prosecuted the suit, which was instituted in 1913.

Justice Clarke in his opinion said:

"The decree of the district court will be affirmed as to the Lehigh Coal and Navigation company, The Lehigh and New England R. R. Company, The Lehigh and Hudson River Railway company as to the restrictive covenants in the mining leases with respect to the shipping of coal, as to the dissolution of the combination between the Philadelphia and Reading Coal and Iron company and the Lehigh and Wilkesbarre coal company, maintained through the Reading company and the Central Railroad of New Jersey.

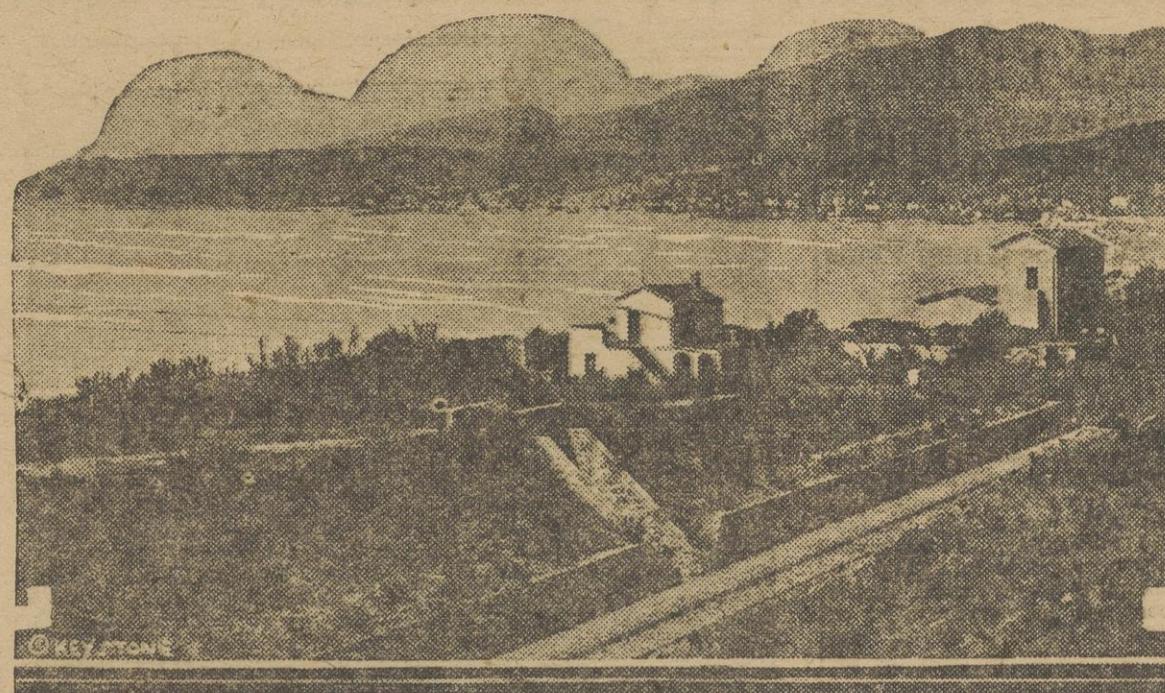

As to the Wilmington and Northern Railroad company and as to the individual defendants the bill will be dismissed without prejudice. As to the Reading company the Philadelphia and Reading Railway company, the Philadelphia and Reading Coal and Iron company and the Central railroad company of New Jersey the decree of the district court will be reversed and the cause remanded with directions to enter a decree in conformity with this opinion dissolving the combination of the reading company, the Philadelphia and Reading Railway company, The Philadelphia Reading coal and iron, the Central R. R. of New Jersey and the Lehigh and Wilkesbarre Coal company existing and maintained through the Reading company.

"By the opinion" Chief Justice White said in the dissenting opinion "now announced this action of the court below, in so far as it directed a dismissal is reversed and virtually the full relief prayed by the government is therefore granted. We are unable to concur in this conclusion because in our opinion neither the conventions as to the Sherman act nor the Reliance upon the commodities clause, except to the extent that in the particulars stated they were sustained by the court below, has any foundation to rest upon."

## Syrian Archbishop Comes to America

NEW YORK — The Most Rev. Chekalla Khouri, Maronite Archbishop of Tyre, Syria, said to be the first Syrian archbishop of the Roman Catholic church to come to the United States, arrived here today as extraordinary apostolic visitor to the Maronite churches of the United States. He will visit churches in Minneapolis, St. Paul and elsewhere.

## PICTURESQUE ITALIAN TOWN IS SCENE OF ALLIED CONFERENCE

A general view of San Remo.

San Remo, a picturesque little Italian town by the sea, is the scene of the present allied conference, which is the most important meeting of the kind since the de-

parture of President Wilson from the peace conference. Problems of vital concern, such as the Turkish and Adriatic questions and the French advance into the Ruhr

basin, are being discussed. San Remo was chosen for the conference because of its convenient situation, being about equally distant from Paris and Rome.

## RAILROAD TAX OVER 6 MILLION

State Tax Commission An-  
nounces Rail Value at  
\$360,734,000

The state tax commission on Monday announced the valuation of the railroad property in Wisconsin of \$360,734,000.

This is approximately five and one-half million dollars less than the assessment of one year ago which was \$366,060,000. The tax rate in Wisconsin, however, is higher this year than last year and taxes to be collected from the railroads this year is \$6,837,056.47 as compared with \$5,355,793.18 last year.

The largest tax will be paid by the Northwestern line valued this year at \$126,500,000. This company's bill this year will be \$2,397,577.27 as compared with a tax bill last year of \$1,872,757.27.

The St. Paul railroad this year will pay taxes on valuation of \$88,000,000 and their taxes will be \$1,667,879.84. The Soo railroad is valued at \$55,000,000 and will pay \$1,042,424.90.

The rate of taxation this year is .01895 as compared with .01463 last year. The smallest railroad operating in Wisconsin is the Big Falls Railway company which is valued at \$20,000, and the taxes will be \$379.06.

## Aviation Field for Madison Probable

That an aviation field for Madison seems almost a certainty, is the opinion of the aviation committee of the Association of Commerce. If the rental is not too high, a sum can be raised sufficient to provide such a field soon. Those interested should send in their views as to the most favorable location to the committee, consisting of Dr. C. G. Dwight, F. W. Huels, Marshall M. Parkinson, Alderman G. E. Gill and C. B. Chapman. The committee points out that pasture land is most desirable.

## ITALY TREATS WITH SLAVS

Fiume Problem Remains  
Suspended at Allied San  
Remo Meet

### DECLARATION IS ADOPTED.

SAN REMO — The supreme council today adopted the Franco-British declaration with regard to Germany.

The text of the declaration which was particularly pleasing to the French, will be published this evening. Representatives of the allies will meet German Chancellor Mueller at Spa, Belgium, on May 25.

The joint declaration will declare that an increase of the German army cannot even be considered so long as the terms of the treaty are not being complied with.

The declaration will assert the determination of the allies not to annex any part of Germany's territory.

SAN REMO — The council of premiers at the request of Premier Nitti of Italy and Foreign Minister Trumbitch of Jugo Slavia, will allow the Adriatic question to remain in negotiation between the Italian and Jugo Slav governments, it was learned today.

Reports that the Adriatic question including the disposition of Fiume, would be settled by the San Remo council in accordance with President Wilson's program appeared from San Remo advices last night to be at least premature.

It was stated that the settlement proposed by Premier Nitti although following generally the lines of President Wilson's note of December 9, varied from it by including a constitution for the buffer state of Fiume to which both the French and British premiers objected, considering that it limited too largely the character of the new state.

Premier Nitti, it was said, was informed by both the French and British delegations that Italy should either accept President Wilson's plan or abide by the pact of London which gave Fiume to the Jugo Slavs.

SAN REMO — Assurances have been given Zionist representatives by British delegates that the military administration of Palestine, which has been far from satisfactory to the Jews, will be changed to a sympathetic civil rule. Zionists are represented in San Remo by Benjamin Cohen of Chicago who came from Palestine with Dr. Chaim Weizmann, president of the world Zionist commission there.

## AMERICAN HELD BY MEXICANS

Alleged Carranza Spy is  
Released After Probe;  
Must Stay in U. S.

AGUA PRIETA, Mexico — An American citizen was arrested here as a Carranza spy last night by Sonora officials, but released, according to information given W. W. Edwards, U. S. consular agent, who conducted an investigation today.

The American, according to the Sonora revolutionary authorities, was warned to return to the American side and remain out of Mexico. The Sonorans had evidence, they said, which would have convicted the American in a military court, but released him because of his youth and the desire to avoid international complications. It was requested the name of the American not be published.

Fifty Carranza soldiers passed through Pulpito Pass in the mountains dividing Chihuahua and Sonora yesterday, according to information given out at military headquarters. The Carranza soldiers today were parleying with Sonora officials, it was said, concerning their proposed surrender.

Gen. J. M. Pina, military commander of this district, it was announced, has moved to within a few miles of Pulpito Pass with the majority of the soldiers formerly stationed here.

## Explorer May Give Up Attempt to Reach Pole

WASHINGTON — Radio messages received today by the navy department from its station at Cordova, Alaska, indicate that Roald Amundsen, the Arctic explorer, intends to abandon his effort to reach the North Pole.

The message said it was understood that Amundsen who arrived last week at Anadir Siberia, intended to take the Victoria at Nome for Seattle. It was stated that the time of his departure would depend on the time of his getting clear of the ice in Siberia.

## Prohibition Changes Jail Into Hotel

OTTAWA, III — Sheriff Ayers announced today that the Ottawa Jail will be turned into a hotel because prohibition has emptied it of prisoners.

# LEGION POST WILL FRAME CONSTITUTION

## New Soldiers' Group Plans Meeting in Few Days to Organize

A meeting will be called this week for further organization of the university post of the American Legion, a charter for which recently was granted 16 service men of the faculty and student body. At this meeting it is proposed to take steps toward adopting a constitution for the post that will be representative of the ideas of the majority of ex-service men affiliating with the organization.

As to what shall be the program of the University of Wisconsin post, it is impossible to say yet, declare those active in the plans, because that is a question which must be decided by the members themselves, as they become members and find out what they intend that the post shall mean to them.

Those who have procured the charter have felt that this would evolve—and it must be free evolution—into some plan for gaining an understanding, through association and possibly frequent addresses, of just what these who fought in this war feel should be realized from the sacrifices and the hardships of it, in order that they might go out from the school ably fitted to carry to others with whom they make contacts in the future the spirit and welfare and the future of this country. As to how the meetings of the future post shall be conducted and how often, also remains to be decided upon by the future members.

At the present time Mr. Mailer and Jack Commons have application cards, which they would like everyone interested in the University of Wisconsin post to get and fill out. The persons who applied for the charter would like as well the suggestions of anyone for the carrying out of the organization, as to form, purpose and similar details.

## Eight - Legged Fish Team "Scoops" The Cardinal Nine

The humor hounds squelched the news scavengers nine quite decisively Sunday in a five-inning skirmish of the national pastime. The tragedy was simple and brief, to wit—18-4.

One of the explanations is that The Cardinal team had the "Wrong Number," another that the Octuplets malignantly broke all the bats that the eccentric journalists could wield in the first inning. Still another is that the score keeper was either crooked or horribly weak at arithmetic.

The last-mentioned worthy, one Fred Sperry, kept the tidings in his check book, and it is generally believed that he confused the small end of the score with his assets, and that the figures representing liabilities went to the winners.

Feeling sure that the magazine men would have out but an Octet the Cardinal team did likewise, and found to their dismay that they had to borrow the former's third baseman to furnish themselves a pitcher. Mental fatigue got the better of the umpire at the end of the fourth spasm, so the erstwhile pitcher dropped back three feet and officiated till the end of the struggle.

The game was called after Arnold Perstein had knocked seven fouls and two holes in the air and debated 50 minutes with the ump. Five minutes will be allowed for rebuttals tomorrow night at 7 in the Union building.

**CHICAGO** — Public schools resumed this morning after a week's vacation forced by the strike of 325 school engineers.
