FEBRUARY BULLETIN
ISSUED FROM WISCONSIN REALM OFFICE NO.16.

TO ALL GRAND OFFICERS, GREAT OFFICERS, EXCELLENT COMMANDERS,
OFFICERS AND KLANSWOMEN.

GREETINGS:

This being the last week in this Month, I begin to feel it is time for me to get at another of your Bulletins, I am sure we are all very anxious to read what some of the other Units in our State are doing. I have had some respond to the call I put out in the last Bulletin and will be glad to print them in this paper.

KLANSWOMEN OF WISCONSIN: GREETINGS:

The year of 1929 has just been ushered out, and a New Year full of possibilities and promises as well as some disappointments await us. But, let us remember that, "He who holds the key to the unknown also rules the present".

Let us then in the New Year put our shoulder to the wheel and just push a little harder than ever. The hill may be steep and the pathway rough, but, if we will only take heart, and press on a little harder, I do believe our gigantic wheel shall gain momentum, until wrong shall be righted and justice shall reign.

Now may God Bless each one of you, and keep you where He can use you, and may He help me guard the inner door and most secret places of my heart, that I might be worthy to serve you as Your, Grand Klara. Olga Berklund.

KLANSWOMEN OF WISCONSIN: GREETINGS:

Dear Klan Sisters:- Words cannot express the joy and honor I feel in being chosen for this new office, as Great Klara, No.3. Every one has been so kind and loving to me, I truly do appreciate it. Now with your confidence in me and your words of encouragement I hope to fill the Office to the best of my ability. Now with the coming of the New Year, let us all pledge ourselves anew to work just a little harder for our Klan than we have in the past. I wish to send Greetings to our Dear Imperial Commander, Our Imperial Representative and her Staff, to all Excellent Commanders, Officers and all Klanswomen, especially in the State of Wisconsin, and in our Province No.1. "May God Bless and keep each one of you!" Faithfully Yours,
In The Sacred Unfailing Bond, Great Klara, Realm of Wisconsin.

THE SECOND DEGREE. LETS MAKE THIS A TIME FOR THIS DEGREE, MAKE IT POSSIBLE FOR THIS STATE TO HAVE THIS GREAT WORK PUT ON HERE.

If all will send in their applications we will get enough to have it here, and I am sure we will feel we just love it and will be sorry we did not do this long ago. Why let all our Klanswomen go some where else to get this Degree? Why not have it here in our wonderful State? We can if we set out to, and I know we will very soon, we are doing some good work in this State, and if all will take and do their part we can do more.

WHY NOT WORK AND WEAR SOME OF THE BARS FOR SERVICE AS SOME OTHERS ARE DOING? WE CAN AND WILL.

Any member who has brought in ten New members or secured ten reinstatements, will receive a Blue Bar to be worn on the edge of the right sleeve; one who has brought in 25 New

Page 2.

members or 25 reinstatements will receive a red Bar to be worn one-half inch above the Blue Bar; Fifty new members or reinstatements merit the person securing same a Blue Star to be worn one inch above the Red Bar; 75 new members or reinstatements merit the person securing same a Red Star to be worn one inch above the Blue Star; a member that brings in one hundred new members or reinstatements will be rewarded with a hand embroidered Gold Eagle to be worn just above the Elbow on the same sleeve.

Of course I am asking all to take a start now and see how many can secure these service emblems, I shall be only too glad to send and get these as soon as any one will send in for same, these come at some cost and I will not try and have them on hand, unless some one will try and work for same. I know all will try and at least get one of these Blue Bars, now can I make you see where we are going to have to get at this end and that right away, as I am only going to let this thing run for a short time, you are surely going to be the one to have such glory as to wear some kind of service Bars, this to make know you are doing all you can in this great work.

We are not far from the time when we are going to face the same time we did in 1928, the time passes so fast we hardly have time to get all done we want too, now if we get at this work of securing these Bars we will be all set for the time to come, that will show our efforts, and we will win at the polls as we did the last time.

HOW MANY GOLD EAGLES WILL I ORDER FOR THIS STATE? make it a large number, they are costly but, I am sure we can get them if you win them. Remember, "By their mark Shall Ye know them".

No doubt you have read the letter that was sent out by Our Dear Imperial Commander, this letter relative the Insurance, I am sure all can learn more of this if they will only ask, and if they are interested in this part of the Order, I may not be able to tell you so very much, but at National they will tell you and if you write me and ask I will find anything I can out for you about this Insurance.

One of our Klans Sisters, writes this. I feel I cannot write an article for the Bulletin, but want to write you and tell you something about our Faithful Klanswomen. We have a little Circle that meets on Friday afternoons, every two weeks, We have had several meetings now, at homes and are making over old garments for our rummage Sale next spring, we have a few new articles, in connection with this we have a food Sale. We have two quilts started. In Nov. we took our pieces and refreshments and surprised one of our dear members on her Birthday. The 3rd of Jan. all met with me and from 6:30 to 7:45 a Pot Luck Supper was served to which the men as well as delinquents were invited, this by our Friendly Circle. An other Social was held at the Home of another Faithful member during the Holidays, all having a very nice time. We have had the Petition to circulate and have had very good luck had many signers, Sorry we did not have it to work with sooner. Signed one of the Madison Klanswomen.

Superior No 24. We think your Bulletin fine, and I am asked by the women to write you of some of our workings. For some time at Christmas time we have had a Christmas Party, for members and their Families, but this Year we decided that we could all afford our own home party and so thought we would help

some one with a family that was not quite so fortunate. A committee of three was appointed to investigate families, we found them and knew they were deserving. A donation of ten dollars for groceries, also some of the Klanswomen took baskets of food, others took clothing shoes and toys, they were found to be very well pleased with what we did. It pleased us when one of the women came with a letter of thanks to our Club members last night. A sewing machine, an old one was given to this lady from our club, it made us all very happy to see that we had made some poor children happy. We found that this woman was raised a Catholic in an orphanage, had to work and had no education at all, keep at work until past the age of eighteen with out her freedom, she is now married to a protestant man and they are raising their children protestant, they are all in a protestant Church School.

THE LEAGUE OF NATIONS AND THE WORLD COURT.

WHAT IS THE LEAGUE OF NATIONS? WHAT IS THE WORLD COURT? They are really the same thing or brand of medicine, only they are put under different names. The League of Nations is supposed to be a union of countries who, by signing the Covenant or Constitutions of the League, are bound to submit their disputes with each other (or non-members of the association) to arbitration or inquiry before going to war. It exists because of the Treaty of Versailles which became effective Jan 10, 1920. In eight years the League has not proven its worth to us, it proved it was unable to do much in the following cases, 1920 the trouble between Russia and Poland; 1921 the Upper Silesia Trouble, 1923 the Smyrna disaster, 1924 the Protocol of Geneva, 1925 trouble between Greece and Bulgaria. It has not been so far able to prevent a War. No one should expect to have this thing settle such and if they do not do anything like that what good are they? Many people who read this think it will be a great help in ending all wars, I wish it were. All through ages people have been trying to find something to stop these wars, but they have not as yet. It is impossible for any of us to think that so many different kinds of people can live so much alike, it is this that the League of Nations would bring about, it would have to bring such as this about, when we are all living as one, in all different Nations we will not be as we are today, a free thinking group of peoples.

Allow me here to copy an article in one of the papers. How the League of Nations might function in regard to Small Countries.

The League of Nations and the World Court might have some success in settling petty quarrels among small Nations. These countries have little to lose or gain and a satisfactory agreement might be arranged. So far as the larger countries are concerned the League will always be helpless in preventing a great war. Not until all countries are will to give up their rights of sovereignty will it be possible for the League to have any power. So far as American people are concerned they have never reached the point where they would submit the fate of their country to the decision of the tribunals composed of aliens representing foreign governments and peoples. That is why the League of Nations met with such a decisive defeat both in the senate and at the polls in 1920. If the League of Nations and the World Courts would confine themselves to small countries they might be able to do some good. At least it would only fair to give them one more chance to prove whether they are worth anything or not.

Just for an example, let us assume that Liberia and Iceland have severed relations with each other. How could it be possible for these two countries to come to blows? Stranger things than this have happened.

The trouble might start in this manner. Let us assume that Liberia having a warm climate needs large quantities of ice for refrigerating purposes. It buys this ice from Iceland. Iceland realizing that it has more or less of a monopoly in this product and being in need of extra funds (as most governments usually are) decides to place a high export tax on it.

Liberia howls loudly that the tax is unjust and furnishes statistics to the world proving that the children of Liberia will suffer from the lack of frozen aqua. They must have Eskimo water to temper the humidity of the noonday atmosphere. Excitement in Liberia rises to the highest pitch. Its patriotic citizens rush en masse to the colors without waiting to be drafted. This proves they are all hundred-percenters, which is truly remarkable when one stops to consider there isn't a single Ku Kluxer, Kiwanian or Rotarian in the whole land.

The flagship of the Liberian navy is the Black Prince, an enormous battleship, modern in every detail. With her sister ship, the Arabian Knight, and the battle cruiser, the Congo Duke, the Liberians feel they can bring Iceland to terms in short order.

The armor-plate on the Black Prince is different from any battle ship now in existence. It is made of mixture of rubber and steel and is called "Rubbersteel". The Liberians claim enemy shells will bound off the sides of the Black Prince and explode in the water--- truly a big improvement over the average battle ship which has a tendency to rush to Davy Jones' Locker when hit in a vital spot. It is small wonder then that the Liberians feel this splendid fleet will uphold unblemished the honor of the Liberian navy.

The Liberian army plans to take the aggressive the moment the conflict begins. Her strategists believe the fighting will take place in Iceland and an enormous order for overcoats, woolen underwear, socks, fur-lined gloves and hot-water bottles has been placed in the United States. Factories are working day and night on this order, and it is rumored that the United States will not allow ^{it} to blockade the harbors of Liberia with submarines-- at least not until these goods have been delivered.

The Icelanders haven't been sleeping while all this has been going on. Fort Freesehn, located at the entrance to Frifidair Harbor, has been heavily fortified. They are waiting expectantly for the arrival of Black Prince, the Arabian Knight and the Congo Duke. They promise them a red hot reception. They know their shells won't bound off the sides of the Black Prince for a well behaved shell would never even think of doing such a thing! They are not the least bit worried about being invaded, for they have figured it out that the climate will give the Liberians cold feet.

It looks as if hostilities will soon begin. The following countries, state that if the League of Nations and the World Court cannot bring about peace they will adopt these courses of procedure. Peru and Siam announce their neutrality. Cuba says she will maintain an attitude of watchful waiting. Great Britain refuses to state her position before hostilities begin, but hope neither side intends to invade the neutrality of Belgium. France is so busy trying to dodge the war debt owed to the United States that she forgets to express an opinion. Germany remains silent, because she is afraid somebody might accuse her of starting another war. She has profited by recent experiences. Il Duce issues a proclamation of Italy's neutrality and give warning that if a single Black Shirt is injured, accidentally or otherwise, he will muster an army of a million men in twenty-four hours.

Excitement reaches the fever pitch. It looks as if the armor plate manufacturers will be able to settle for all time the actual strength and weakness of the Rubbersteel armor plate on the Black Prince. A hot controversy is going on already. Some day Rubbersteel will be used exclusively on all warships in the near future while others maintain its value had been overestimated.

The Liberian senate debates whether it will declare war immediately. Admiral Cole, who is in supreme command on the navy issues orders that the fleet is to be made ready for immediate departure.

Just at this moment the League of Nations and the World Court get into action. The Court informs Liberia and Iceland that they must discontinue all warlike preparations. It reminds them what General William Tecumseh Sherman said about war.

The League of Nations is horrified that two friendly nations should even think of going to war. Liberia's and Iceland's attention is called to Article XII in the Constitution of the League of Nations which says: "The high contracting parties agree that should disputes arise between them which cannot be adjusted by the ordinary processes of diplomacy they will in no case resort to war without previously submitting the question and matter involved either to arbitration or inquiry by the Executive Council." Their attention is also called to Article XVI: Should any of the high contracting parties break or disregard its covenants under Article XII it shall thereby ipso facto be deemed to have committed an act of war against all the other members of the League."

When the full import of these messages dawn on the Icelanders and the Liberians they realize at once that it is better to be at peace than in pieces. The Liberians scrap their navy and the Icelanders dismantle their fleet. The Icelanders are no longer cold to the Liberians and the Liberians renew their warm friendship.

The Liberians pass resolutions that they consider war unpleasant business. The enormous order placed in the United States has left them with a large war debt. They are really in a unique position for they have a large war debt without having fought a war.

At this point we should all give a rousing cheer for the League of Nations and the World Court. They have won their first bloodless victory. This seems to be the only kind of a victory they will ever win!

Some folks may sneer and say a war couldn't start over such a trivial matter as an export tax on ice, but they forget many people still believe the World War was caused because Austria and Serbia couldn't agree on a tax on pigs!

66666-----

We are living in an age of marvelous achievements. The vital problems of life are gradually being solved. The day may dawn in the future when a cure for war will be found. The League of Nations and the World Court are not the successful remedies. Under present conditions they cannot bring about a peaceful settlement on international disputes. There is no safe and sure way to abolish war. All that can be done at present is to make war as difficult and as unlikely as possible.

If universal peace could be bought the price we would have to pay for it would be too high. The price would be international slavery. It seems as if we are striving for the unattainable-- but surely there can be no harm in trying to make an imperfect world better.

I am asking all to be serious about this matter and read and look up all the things they can find for study over some of these vital things, the time will come and we will not be ready if we are sleeping all the time.

I am looking for something from each and every one of the different Units, just let them come and I, am sure they will be printed in one of the Bullitens. Many mistake are made in these Bullitens but I am sure you can at least read them, and by doing so you may find something of interest to all.

We have just passed the anniversary of Prohibition(the 10th) and are we forgetting what this means to us all, and what it will mean to our Children in the coming years. I ask that you keep a close watch on your aiding this work, for we all know it is in line with our own order.

PERSONAL PRAYER:

O God, inspire me to do better in that which I undertake to do. Help me to fulfill every promise, make it possible for me to offer my service freely to help others. Lead me in the right path of life that I may resist all temptations and refrain from unclean words and deeds. May my aims and thoughts make me better to serve all. I thank Thee for the wonders of nature, health, character and all that's good and pure.

Through Jesus Christ Our Lord. Amen.

IF I SHOULD DIE TO-NIGHT: This is given by one of the beloved members of Badger Klan No. 3, at Beloit, Wis. "OUR KLAN MOTHER".

If I should die to-night,

My friend would look upon my face
Before they layed it in its resting place;
And deem that death had left it almost fair;
And, laying snow-white flowers against my hair,
Would smooth it down with tearfull tenderness,
And fold my hands with lingering caress--
Poor, hands, so emty and so cold to-night!

If I should die to-night,

My friend would call to mind, with loving thought,
Some kindly deed the icy hands had wrought;
Some gentle words the frozen lips had said;
Errands on which the willing feet had sped;
The memory of my selfishness and pride,
My hasty words, would all be put aside,
And so I should be loved and mourned to-night.

If I should die to-night,

Even hearts estranged would turn to me once more,
Recalling other days remorsefully;
The eyes that chill me with averted glance
Would look upon me as of yore, perchance,
And soften in the old familiar way;
For who would war with dumb, unconscious clay?

Oh, friends, I pray to-night,
Keep not your kisses for my dead, cold brow--
The way is lonely; let me feel them now.
Think gently of me; I am travel-worn;
My feltering feet are pierced with many a thorn,
Forgive, oh hearts estranged, forgive, I plead!
When dreamless rest is mine I shall not need
The tenderness for which I long to-night.
--Belle E. Smith.--

Read carefully these true and wonderful words, then remember we can do to-day, what we say to-morrow may not be of any good.

"ON THE RADIO". I should like very much to know that every Ken family in the land, had a Radio. Used rightly, they are a gift from God, and their right use depends upon the individual. Just this morning from 7 to 8, I had a wonderful talk by "Paul Rader", Chicago, this on Lincoln. I love the memory of a man like Lincoln, ever since I learned anything of him, in school, Don't you? Some of us think we have a hard time, but lets let our-selves develope something, bigger and better, because of privations. It has been done, as Lincoln's life proves. In this talk Mr. Rader spoke of the neccessity of having the Bible back in the schools, used more in homes. Lets you and I take time to use our Bibles more in the Year of 1930, than we did in 1920. Lets get behind every uplifting movement, if possible and talk to create Public opinion.

The need was made appereht this week in three instances I recall. The first brought in over the air; how the President and wife were celebrating their wedding anniversary in Florida and how Mrs. Hoover was remembering the time, 31 years ago, when she and Mr. Hoover were married by a Catholic Priest. You see how these things rae brought out, to onlg give a part of the truth. Perhaps many heard that assertion for the first time, the other nite.

And then, Norris and Blaine, opposing the appointment of Charles Evans Hughes in Taft's place as Chief Justice of the Supreme Court. So much to oppose any and all actions of our President. I don't like it. Then another new organization has sprung up, known as the "Crusaders", who are striving for 1,000,000 non-Protestant Members. I am wondering if this could be a new name for the "American Facist League", dissolved, so said? I dare say the Radio will be used for propoganda in the next three years, more then in all other years to come. The Vatican, a State set up inside a city, will have the strongest broadcasting station the the world, when completed. This od course to control their people and any affair they can, every-where. How, no doubt, but by a code language understood by their spokesman. Lets see. I am wondering what would happen, if President Hoover would set up a seperate State in the heart of New York, where only Protestants could live and do as some ather folks do? O f course its beneath out thot of right, but the absurdity, to me, is there. So we, as free Americans must fight possession of our free air. As we see these things may we get alone with our God and pray for knowledge wisdom, and sthrength to carry on and out the principle of our Great Organization, to His Honor and Glory.

News for a ll Wisconsin Klanswomen:-

Word has been received from our Past Imperial Represe entative of Wisconsin, Mary Jane Bishop, that she is surley on the gain, I am sure all are very pleased to haer this and with the help of each one in this State she may be able to be with us again soon, we hope she can. Mary Jane Bâshop, sends her love to all and also her best wishes. While rejoicing over this news, be sure and still remember her in your Silent Prayer as this will help in her speedy recovery.

MY DAILY CREED.

Let me be a little Kinder	Let me be a little braver
Let me be a little blinder	When Temptations bid me waver;
To the faults of those about me;	Let me strive a littel harder
Let me praise a littel more,	To be all that I should be.
Let me be when I am weary,	Let me be a little meeker,
Just a little bit more cheery,	With my Sister that is weaker,
Let me serve a little better	Let me think more of my neighbor
Those that I am striving for,	And a little less of me.

Great Klaliff, Realm of Wisconsin,
Mrs. Toss Trainer.

BARS, STARS, GOLD EAGLES.

HOW many are going to wear, Bars, Stars, and Gold Eagles? All who are planning on wearing these Service Emblems, should start to-day, the time is short and this is the Year Wisconsin is going over the top. Make your efforts worth while. Put this State of Wisconsin in the lead for reinstatements and new members in 1930.

Graduate all the Tri- K Girls you can, they are of the most importants in this work, they are young and have the new and latest Ideas. Girls 18 years or over, having been a Tri- K, can graduate in the womens Order, the way is simple, they have no donation fee, the women Naturalize them, give them the obligation and they are ask to start paying Dues the same as the women and they are then ons of the Women order.

I am planning on publishing all the names in the Bulletin at some time later and I am asking now how many of your names are going to be in this Bulletin as ones who are wearing the Service Bars and Stars? If you do not care to have your name in this Bulletin, all you have to do is ask and it will be left out, but your Unit will get the same credit, I will put the name of the Unit in the Bulletin and you will want the name of you Unit in this, telling that you have members who are wearing these Service Emblems.

Don't do as one member in Illinois did, when you find your Klan is no longer aiding you financially, Quit, that is not Klancraft. The Klan is always an aid in every way, because it bu builds a true and honorable mind in each of us, if we will only heed to its teachings. When we are aided this way, we are also helped in a financial way.

DEGREE'S***** DEGREE'S
ALL WANT THE DEGREE'S

If all will only get at it and work we can have the amount for the Second Degree, in this State, this quote has been lowered, only think if it we may be able to have this degree given in this State. How happy, well you will have to get busy and send in your applications.

The Third Degree is now ready or will be the first of April, not very far away. I am sure all will want this Degree, I know any who have had the Second are not sorry, or will they be to take the third.

It has been brought to my attention, that there are 49 representatives in Congress, representing Aliens, not Citizens of the United States, four and one half times as many as we we have in Wisconsin.

THINK THIS OVER AND ACT.

This item taken from "The Racine Journal News".
Sturgeon Bay, Dec 1929. One Thousand Door County residents received Christmas Cards from the Alfred E. Smith Club of Door County, advising them to Vote for Alfred E. Smith in 1932.

If you know of any Klanspeople in Door County, write them about this and ask them if they have anything you can do to help them in any way. If you are sure you know a woman, who is 100% and would be one to interest women there, send her name to the State Office and we will see if we cannot help them up there.

THE PUBLIC SCHOOLS.

Schools teach children how to learn, to think, to develop vision to judge, to do, and gives them an appreciation of accumulated knowledge. Our Public Schools do all this for its children.

Home is the central institution by which all civilization is advanced. In the home we can help our children to good habits and right attitudes, lay the foundation at home and the Public school will do the rest.

Education is a lifelong enterprise. The ability of the individual to improve himself is influenced by the ideals and practice of the community. To improve community standards schools cultivate tastes in art, music, literature, and sports, which help to make leisure time an asset rather than a liability. Wise communities provide facilities for wholesome leisure activities—libraries, museums, parks, playgrounds, auditoriums, and art galleries. They make the school house a community center. Only Public schools can be made into a Public center for leisure time.

THE KLAN SHOULD FAVOR

1. A federal department of education with a secretary in the President's Cabinet, and federal aid for public school purposes, under the absolute control of the States.
2. A national university at Washington, supported by the Government.
3. The compulsory use of English as the language of instruction in the grammar grades.
4. Adequate provision for the education of the alien population not only in cultural and vocational subjects, but especially in the principle of American institutions and popular sovereignty.
5. The entire separation of church and State and opposition to every attempt to appropriate public moneys, directly or indirectly, for the support of sectarian institutions.
6. The American public school, non-partisan, non-sectarian, efficient, democratic, for all the children of all the people; equal educational opportunities for all.
7. The inculcation of patriotism, love of the flag, respect for law and order and undying loyalty to constitutional Government.

A SHORT SERMON TO KLANSMEN

Having read this Article from the Wisconsin Grand Dragon, I felt each Klanswoman should read it also.

Not long ago a priest boasted to a Klansman;---"The power of the Roman Church is in its UNITY, and that is a power which your Klan does not possess. Yours is a Protestant institution and has the incurable weakness inherent in every Protestant effort, --namely,--DIVISION. With your innumerable sects and denominations each competing against the other, with your clashing creeds and fickle faiths, with your inner quarrels, strifes, and

A SHORT SERMON TO KLANSMEN (con't)

debates you are incapable of that united action and of that concentration of well-aimed power which is necessary to perpetuity of life and persistent advance. With Romanism it is not so

By every token the invincible UNITY of the Roman church is attested. You may cross any ocean, enter into any country, climb any mountain, penetrate any forest, wade any river, tread across any desert, and go over any boundary and wherever you pause on the face of the earth, there you will find the Roman Church. It is not in any way different in its essentials from any other Roman Catholic Church. It pierces the skies with the same majestic spires, it holds aloft the same cross, its people witness within the same solemn ritual of worship, it enshrines the same altar and the same crucifix, its dome overarches the same Mass, and its walls listen to the same Latin language. The worshippers who enter obey the same Canon Law, believe the same Faith, confess to the same Priesthood, utter the same prayers, chant the same songs, and venerate the same Pope. Rome is everywhere the same.

Our Church is universal and yet has no division within it. UNITY, UNITY, UNITY everywhere,--that is Roman Catholicism. Against that Unity Protestantism in any form or guise can not prevail. Against that Unity your Ku Klux Klan will battle in vain. You are of many denominations and creeds; you inflame yourselves in endless debates and quarrels. You lack AUTHORITY. You lack COHESION. You lack UNITY. Your house cannot stand. Protestantism and Klanism lack,--and can never have, --the one thing necessary to continue life, and that is UNITY."

Then answered the Klansman,--" If Protestantism is so surely doomed to disintegration and failure why do your pulpits ring with denunciations of it and why are your people and leaders, when in power so intolerant of it, and why do you unceasingly fight it, and why is your current literature and your present political activity so mischievously arrayed against it? If Klankraft is fore-ordained to destruction thru internal strife and division why do the Jesuits mass their heaviest artillery attack and their most cunning political devices against it? Do you think to put out the flames which envelop the Firey Cross with your heathenish gesturing to the crucifix? I tell you Mr. Priest, that Protestantism has within it a UNITY that more than matches the boasted Unity of Romanism, and which is as surely attested as is the Unity of your Romish system. Klankraft has brought that Unity of Protestantism. Klankraft is essential to all that is American and wherever you go in these United States you will find the symbols and proof of that Unity. You may climb all our mountains, wade our rivers, traverse our fertile valleys, travel our highways, enter any of our Klaverns of the Knights of the Ku Klux Klan, It is entered thru the same outer and inner portals, always guarded by Americans Only. The same Countersign and Password must be presented. The same Kloram observed within. The same infallible Bible reposes on the Altar and the same Dedication is consummated there. The same invocation are made in Klonklove to the same Christ Who is our Only High Priest and King. The same language is spoken, the same Firey Cross and the same Starry Flag are upheld and revered. Obedience is given to the same American Law. Free Citizens only officiate and they all believe in the same Protestant Faith. They give their passionate love and loyalty to the same United States of America and they both teach and practice the same immortal, imperishable and ever sacred principles. One Land, One Nation, One Faith, One Protestantism, One Racial Glory and

A SHORT SERMON TO KLANSMEN (con't)

UNITY. One People,--everywhere Klankraft is the same. UNITY, UNITY, UNITY EVERYWHERE.

Klankraft has brought cohesion, strength, Unity, Power to Protestantism. Mr. Priest, your Romish Unity is a coerced Unity is forced by superstitions, tyrannies, and deceptions upon ignorant and diverse peoples. Ours is a natural Unity, native to a Homogeneous race, rooted in those great and righteous instincts planted within us by our Creator understood and cherished by a free and intelligent people. Outwardly your Romish system SEEMS to have Unity; but within you have an un-holy mixture of Christianity and Paganism. Such a union is not stable. It boasted Unity fled from Garibaldi; your Unity was pitifully impotent when it rode on the Spanish Armada; your Unity, ugly and not beautiful, won for you the everlasting contempt of humanity on St. Bertholomew's eve; your Unity could not keep the Phillipine Islands; your Unity crumbled in the dust in the Mexican War and staggered in defeat in the Spanish American War; your Unity retreated before Obregon, Calles, and Portes Bill in Mexico; your Unity shrieks in terror when Tom Heflin frowns, your Unity could not save Parker in Louisiana, nor Walton in Oklahoma, or Ferguson in Texas, nor Reed in Missouri, nor Bruce in Maryland, nor Al Smith anywhere; your Unity could not prevent the Knights of Columbus from diminishing from one million to two hundred thousand. Klankraft knows the inherent weakness of your boasted Unity. Klankraft is not afraid of you. Klankraft has weapons not wielded by Kings or Emperors, or statecraft or diplomacy, or Parliaments, or armies or mobs; weapons however available to the humblest Klansmen of God and made mighty in his hands. By the Unity of Klankraft we dare your whole Hierarchy in battle and we promise you the most complete defeat ever sustained by an impious and sacrilegious organization since Lucifer and his followers were cast out of Heaven."

Klansmen--do you cherish and do you hold precious that Unity which is POWER? Will you gloriously strengthen it and chivalrously defend it? Will you personally contribute to it? Is so, then-----

Let no member of your Klan ever be allowed to utter a word in Klankraft provocative of strife and dissention.

Suffer no Klansmen to promote a selfish interest to the hurt of his fellows or of our Holy Cause.

Be ever intolerant of Bolshevika and strife-mongers and quarrel-breeders. Let no word uttered within the sacred precincts of our Klaverns impeach another Klansman, or injure his name, or hurt his pride. Let no disrespect be shown to Klan authority.

Ye are brethren: Love one another. Obey the Klan Law,--obey ALL OF IT. Remember your obligation to "maintain peace and harmony." Let no animosity arise AND REMAIN between you and a fellow-Klansman, Be Loyal to your Imperial Wizard; he is the Commander-in-Chief of our valiant army of Protestant Americans. Be loyal, respectful, and obedient to your Grand Dragon. He leads the Regiment. His is a grave and mighty responsibility. Honor and respect his authority.

Give honor, respect and obedience to your Exalted Cyclops. He is a brave Captain leading the charge at the critical place in the battle-front. Don't run away and desert him. Don't get in the way of braver soldiers who wish to advance against the

GREETINGS:-

TRI-K KLUB

Within the past years we have had this department of Girls, and all who are in the work know it is of the most importants. The need for building of these Klubs is obvious. If Protestantism is to live through the ages, it is necessary that the youth of the land be educated along Protestant lines. The most enduring education that can be had is that education which is received in the tender years of one's life, and, therefore, the necessity and value of the establishment of Tri-K Klubs. Moreover, the building of Tri-K Klubs will greatly stimulate the Organization of the Women of the Ku Klux Klan, as the members of that Order will become more interested in their own work by putting energy behind the Tri-K Klub.

It is my firm conviction that the Women of the Ku Klux Klan should begin at once building Tri-K Klubs in every Unit of our Order and in order to stimulate a drive in that direction I am by this letter reducing the donation incident to a membership in the Tri-K Klub from \$5.00 to \$2.50, and the distribution of this donation is as follows:

National Supervisor, Irene Barton	.50
State Supervisor	.50
Field Supervisor	1.00
Local Tri-K Klub Treasury	.50

When the Tri-K Members shall have reached the age when they maybe admitted into the Women of the Ku Klux Klan, they will be required to pay an additional donation of \$2.50 to the Women of the Ku Klux Klan. The distribution of this last named donation shall be in proportion to the distribution of the donation of \$5.00 which is incident to a membership in the Women of the Ku Klux Klan.

I wish to remind you at this time that we have, and have had for some time, Regalia for Tri-K members, which you may order from these Headquarters.

"JUNIOR PREP" DEPARTMENT.

In the last year I have realized the results of my hopes when I created a Department known as the Junior Preps. I have seen Junior Preps in action and have been able to realize the value of this Department to the Girls and Boys between the ages of six and twelve years. Then too, I have realized the value of the Junior Preps to the Women of the Ku Klux Klan, which Order is made up for the most part of mothers of the Junior Preps.

It has been said that if a child is trained during its early years such training will be lasting and these children will be anchored to the philosophies taught them during that period in such a way they cannot be shaken from them. We have seen the value of teaching those of tender years, and I think we should proceed by the method used to such an advantage by those who oppose us. If we do not take advantage of the opportunity we have for educating this group we will fall short of our duty and responsibility.

A few years ago the Junior Preparatory Department of the Women of the Ku Klux Klan was launched and a great number of Units have been organized. It has been demonstrated in all instances that Junior Preps are most valuable assets to the Women of the Ku Klux Klan. Therefore, I urge, with a deepened faith in the work, that you give much attention to the establishment of Junior Prep Units in all Klan Units of the Women of the Ku Klux Klan throughout the Invisible Empire.

Work of different Departments con't.

I wish to call to your attention a particular Junior Prep Organization in Florida. I saw the members of that Unit put on their ritualistic work. I observed the effect of the exemplification of their ritualism on the adults of our Order. The girls and boys who put on the ritualistic work did so with as much Precision, enthusiasm, zest and reverence as the most estute Excellent Commander or the other Officers anywhere in the Nation could have done. So complete was this demonstration that the entire Convention, consisting of several hundred delegates, Officers and visiting Klanswomen and Klansmen, was spellbound.

You will be greatly surprised and pleased with such Organization within the Klantons of your State.

Let me remind you *** that we have Regalia for the Junior Prep members, which may be secured from these Headquarters.

KRADLE ROLL DEPARTMENT

I must call your attention to the Department of our Organization known as the Kradle Roll. Every Klan Unit should have a Kradle Roll Department where every member of the Women of the Ku Klux Klan may register her children and have Photographs of them placed on the Kradle Roll Chart. These Charts are furnished from these Headquarters at a nominal cost. I assume you have a copy of the Kradle Roll Chart, but if you do not have one write me and I will be pleased to send you a sample.

The Kradle Roll Department is also a very valuable Department of our Organization and use of it in each Klanton will be very helpful to the Unit of your Klan.

We have prepared, with considerable care, arm bands for Kradle Roll members. You will find that mothers will be very glad indeed for their children to have these arm bands and these are furnished without cost to any of the members of the Kradle Roll.

.

Read this over and make special efforts to have these Departments started in your Unit, it will bring you all so much closer to your work, when a place is made for every one in the family you are bound to have more interest in the work.

At different time we are promised programs from the National Headquarters for these Departments. So *** far this State is very slow about these Departments, make these a part of your building programs for the year.

With best wishes for your success,

SINCERELY YOURS

out the work of same.

As a Klanswomen, you are one working under the guidance
of an institution that has been placed here by God alone, it is only
a duty as a follower of God to work untireingly for the cause and the
building up of its forces. This so we may fullfill the Laws of our
land, that has been placed here by our Forefathers, we are here to
put up the rest of this building they have started, they layed the
foundation for us, now let us make it one never to fall by the hands
of anyone.

AN EMBLEM FOR ALL IN THIS ORDER.

There are few in the State of Wisconsin who have taken
the Second Degree, therefore, I am wondering if the members of the first
Degree would not be interested in knowing that we have for your use
secured a first Degree pin to typify this degree.

The Imperial Commander, Robbie Gill Comer, has designed
a pin for this degree, the same being a small gold shield, plain
surface, the center a French Enameled Crimson Cross. The size is very
much like a fraternity pin, this being a very attractive pin.

The price of the pin is as follows:

Gold	\$4.00
Gold Filled	\$2.75.

I am very anxious to know how many are desirous of secur-
ing one of these pins.

Please have all members place an order for same as soon
as possible so I may place my order at National Headquarters at an
early date, let me know how many your Unit wants as soon as possible.
I sincerely hope every member will order one of these pins.

Greetings:- Personal Greetings are being sent to every
Wisconsin Klanswoman, from your past Imperial Representative; Mary
Jane Bishop.

upheld the honor (blue field) of his Country. And when our beautiful Emblem is draped over our soldier dead may we realize that it was the gentle hand of woman that had created it, perhaps a mother's hand yearning to clasp her boy once more. Patriotic American Women are we going to stand by and see "Old Glory" torn down and dragged in the dust?

Now that "we have come into our own" we must be true to our Country and to our Homes; We have more than the Roman Hierarchy Political Machine to fight, there are Mormonism, Socialism, Communism, Atheism and other isms. Socialism is slavery, we are rid of one kind of slavery, why allow another? Communism is Socialism in action; the result of both is Anarchy. Atheism is making great inroads into our schools and colleges. We must keep awake, be up and doing and prepared for fight or we will see "Old Glory", that Women's hand made-tore down from over our Capitol and a gloomy Flag in its place.

NEWS FROM WISCONSIN UNITS.

Old Ironsides No. 13. Kenosha.

Dear Klanswomen Friends of Wisconsin:- This is the time of year when Nature puts on new life; lands and leaves start, flowers peep out and bloom again, brooks quicken with the spring rains and the birds fill the air with their songs of joy. And humanity everywhere feels the quickening impulse of spring; our hearts are stirred by the reawakening of nature on every hand. We shake off the sluggishness, the disheartened mood of winter and stand tall and inspired in God's sunshine.

I believe friends, that this is typical of conditions in the Klan. We have felt discouraged, but I feel sure that with the return of spring and summer we will find ourselves stirring with the old time fervor and we are gazing to see in the unfolding of our 1930 program the buds, the leaves, the blossoms and the fruits of our efforts in wondrous abundance.

As only through the toil of the worker in the soil, do we reap abundant harvests in our fields, so only through the combined efforts of our membership will we see our fields "white to the harvest".

I want to tell you just a little incident which took place in a rural community during election time this spring.

Three of the members of the town board were for various reasons undesirable as representatives of the township and for several elections it had been the wish of the right thinking public to have a change but it seemed impossible to get these men out of office.

However this element believed that if the voting population went to the polls, it would register the true sentiment of the township. So through the aid of a certain club of men our friends made an appeal to every voter in the town, in the form of a letter urging every voter to meet the polls and to do his duty as a citizen. Also a number of men worked the entire township urging people to vote. As a result, the old officers found themselves defeated when the votes were counted and a record vote for town election was cast.

It's worth while to talk our principles and it shows that the majority of American people vote and do right if you can make them think.

Yours in the Sacred Unfailing Bond.

KLANCRAFT'S JOURNEY

Klancraft is a chain of Gold,
Shaped in God's own perfect mold,
Each link a smile, a laugh, a tear,
A grip of the hand a word of cheer.
As steadfast as the ages roll,
Binding closer soul to soul,
No matter how far or heavy the load,
Sweet is the journey on Klancraft's road.

I will take this way to thank every one who responded to the call as officers in the Kriteron Conservators. A personal letter of thanks means much work, so ask that all consider this an answer to their letter.

Sincerely Yours,
Imperial Representative.

The American's Creed.

I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice, and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

Written in 1918 by William Tyler Page. Clerk of the House of Representatives, was selected from among the thousand which were submitted as the best brief statement of American political beliefs and principles.

World Court:-- "There are more than 12,000,000 Protestant Christian women in the U. S. They can, if they only will, control all statewide primaries, or any national convention, or any congress. They can, if they will speak with thundering voices; voices that shall declare who shall sit in the different offices, and how and what shall take place in those different places.

This is true and why not take a strong hold and do the things that we are here to do?

Some time back, I believe in 1920 or so, there was an issue come out as to whether we would become a member of the League of Nations. It was up to the voters, and Warren G. Harding was elected over James Cox because we did not want to become a member of the League of Nations.

Now we are again facing this self-same thing. The world court and League of Nations.

Mr. Elihu Root, has given several talks over the Radio and many articles can be read in different periodicals, those, you will be able to understand, are trying to make us interested in the Court.

It is reported that the Court has not the slightest step toward entering the League.

Still Mr. Root says:-- "That we must consider the Court must be provided for, as a part of the system of which the League is a part.

It has been published and we know it is true that if we know it is true that if we go mixing in with European Nations it is very apt to mean wars and more wars.

Here is an article taken from a local paper, The British were asked to stop ship building, they did so, destroying some very fine blue-prints. They have the largest power ships. U. S. A. asked to be permitted to build one to equal theirs, they were told "No", U. S. A. halted and agreed to comply with their request.

We are told that membership in the Court is restricted to members of the League, this being facts, they must be one and inseparable. With the World Court established, the League of Nations will be complete.

When we read and learn that the League of Nations supports the judges of the Court, are we then going to allow ourselves to believe that if we become a member of the Court it is not necessary to be a member of the League also?

After the voters in 1920 voicing by Ballot their desire on this matter, it will be doing in an oft heard way, the very thing that could not be done direct. If the U. S. goes into the World Court.

It is understood that the main organs of the League of Nations are the Council, the Assembly, the two Essential Branches, the Permanent Secretariat, the Permanent Court of International Justice and the International Labor Organization.

I firmly believe that in order to be real good American we should take this matter very serious and study it in our meeting so each one may be educated to know the what and how of the whole thing.

Make this your special study.

From your own Unit, as a Unit, or as an individual write your Senator at Washington, and make know to him you do not favor the Adherence of the U. S. to the World Court or Membership in the League of Nations.

How many read the Article in the local papers just of late?

How the D. A. R. had our "President Hoover" to lecture them. His talk was very much concerning the World Court. This Great Patriotic Group of women could see what it would mean to have our nation mingled in with foreign lands. They therefore adopted a resolution opposing this step.

FACTS

All our lives we have been taught of the false prophets? Who are some of these false prophets? Are they not the alien who are trying to oppose our every aim for Protestantism and Americanism. For years we have battled with the false prophets of this land of ours. The Klan if carried on the way it should be will some day awaken protestants so they will know the true prophets of our nation.

Have you ever heard the question asked, "Is it true that Roman Catholics are trying to make America Catholic?"

One of the Archbishops was to have said, Our work is to make America Catholic, Catholic Sun--The Pope has given the order to make America Catholic. The Catholics move the Church first and would denounce any and all else first. Archbishop, Ireland, said. "The will of the Pope is to rule the supreme law of all Lands. Dr. Brownson--Is it the intention of Pope to possess this country? Undoubtedly. In this intention is he aided by the Jesuits and all Catholic prelates and priests? Undoubtedly, if they are true to their religion.

Our Public Schools:-- The Public School Bill has been shelved. Are we going to let it drop here? If by personal petitions we thought we would do any thing to bring it back before the Senate, why not each one try and see if we cannot still help to bring about an action on this Bill. Write your Senator, if you do not want to send direct to him, send to the Fellowship Forum, and to Mr. Vance will see that your letter reaches the proper ones.

It is the desire that the Klan will weaken because of this bill being lay d aside, and then of course they feel they can win. Let them know, as we did in the Smith election, when we stood back and allowed A. Smith to be nominated, and then we stepped out and defeated them as we did. Make this School Bill work out the same way.

They are only laughing when we are weakened, and any of the Protestants who stay away are surely helping them because they are weakening our forces.

The fact is that this school Bill can and will be taken care of if we stand firm and work for it. Now! if it does not win at this time; do not give it up as lost, we can bring it up at some later time and then maybe do better, but do all you can now, and have nothing to be sorry over.

You know the other side does not stop when best once, they only organize the more and fight the harder.

Let's see this victory won and feel a great honor for our Order.

We must continue to fight against Romanism in every way. They, as you all know are an organized force and they obey their leader, the Pope, His place now, in the Vatican State makes it necessary to fight the "Pope--King", in international affairs as well as in American Politics. We now have this organized force to fight and if we are to allow ourselves to be petty children and fight among ourselves we can never expect to win over this other great organized group, who are working under the same leadership, both national and international.

A State as we are working in with 5 6% aliens, and many acres of our State without habitation, makes our close organizing more needed. We are few here and we need every one to be close in friendship and in so doing we can create a wonderful working force. but with this feeling, that creeps in on some of us of

letting things go, we will be bound to loose. Can we in this State afford to let go and loose all we have worked so hard for. No! we cannot afford this. If we are to carry our State forward and in a way that is fit for democracy we must build all the time and allow no one to tear down. One way for us to build this State for Americans is to first plant our every effort of Americanism and instill it so that the roots will take hold in this our Great Land and grow as a tree. Our forefathers planted here an American Tree, this in the year of 1776--now in 1930 if we are to still have an American Tree we must fight for it and this can be used to illustrate how it is necessary to plant in the minds of our children this Americanism. Only by living as a true American can we instill this in their minds.

This Order can do all of this for us. We may feel we can do so without, but not as easy as with this influence, even then we sometimes loose our children to the dreadful strong influence the other side has.

Why do we have to sit by and let the other side gain their way when they have only 13% of the population and we have 87%. I can see no reason why this much majority has to sit by and let the others rule.

We hear where there are a great majority of all the cases of any crime committed by the Catholic folks, that I suppose is due to the fact of them not having been allowed to study any thing except what their Priest tell them they can. 97% of all convicts call a priest before execution, and take the last sacrament. 65% of all cases as we hear are Roman Catholics and are told only 5% are graduates of Public Schools. Here is where our School Bill would prove necessary again. 62% of all offices of the United States are held by Roman Catholics. Twenty thousand public schools and $\frac{1}{2}$ Catholic teachers in them. Many Public Schools are using Catholic readers and being taught Catechism.

REMEMBER YOUR STATE MEETINGS AND BE SURE AND REMEMBER YOUR DIFFERENT DEPARTMENTS OF THIS ORDER. ARE YOU GETTING READY FOR YOUR CLASS TO TAKE THEIR WORK IN THIS STATE KLOORERO? BY THIS I MEAN THE KRADLE ROLL AND JUNIOR PREP'S. THERE WILL BE TIME FOR THIS WORK IF YOU GET YOUR MEMBERS READY.

Spring is here and with the buds all out, it does seem to me we can all get out with them. Now is the time to make this order grow, as well as new life in the bids; there is now life for us in all our different vocations. We have some one who is only waiting for us to ask them to join us, make it your duty to ask them, and now.

With best wishes, for your success

Sincerely yours

NEWS FROM THE WISCONSIN UNITS.

FLAMING HOPE KLAN No 29, of Ellsworth, Wisc.

Twice during the past quarter we have served a pancake supper to the mens organization. We have had no financial object in view, we charged a quarter which took care of the expenses. But we surley did have enjoyable evenings. The social contact was worth a good deal. We are so much to ourselves over here that we would welcome a diversion of any kind, some thing to give us new trends of thought and give us new ruts to explore.

Practically all our members work in some church, but we seem to have no outlet for our Klan stream.

We are Praying that the days of miracles are not yet over and that one will come to us to strenghten and encourage us.

Some of our members are praying earnestly for our Great Order and we ask for the pryayers of others to help us remove the Stone wall we seem to be facing.

EXCELLENT COMMANDER OF

KENOSHA KLAN NO. 13, Kenosha, Wisc.

Dear Friends in the work:- I have been thinking, this afternoon of the duties, responsibilities and privileges resting upon every Klanswoman in our fair land; and as I thought, a passage from the Sacred Book came to my mind and I decided to write you all a letter and give you that message which is alike a comfort and a challenge to each and every one of us.

"Behold, I have set before you a Door, opened; which can not be closed."

God called our beloved order into existence at a time when the moral political and spiritual phases of our home and national life were crying out for a cleaning, purging influence. And he set before us the Door of appportunity, to supply that regenerative influence.

He did more than that, He set before us a door opened. an invitation to service and a challenge to duty. He calls you and me daily - to accept that challenge; to come, walk with Him to make our home the kind of a home a Christian and Klanswoman should have.

He calls us to be the sort of wife and mother that the

Good Book and our obligation sets forth; to carry out our teachings in our own circle of acquaintances and to spread the Gospel of Americanism among our daily associates. And right here I would like to say that just a word daily to one or more of your friends about the political problems of the day will sow seeds of thought that will bloom bountifully in the ballot box in the next election, if each and every one of us all over the land will do this very thing you will be surprised at the number of minds you can wake up to the situation we now face. All they need is awakening and the outcome will be more than gratifying.

Won't you try it? See how many people you can arouse by just a tactful word now and then.

But Friends:- that is now all of the Verse. It say, "Behold I have set before you a door opened, which can not be closed" You can't ~~say~~ shut your eyes to the situation. You can't close that door and say, "No, I don't see any need of my doing ~~at~~ anything about it"

My dear Friends, God gave this sacred commission to our organization to carry out; and if the Klan fails in its mission it will be from within; not the results of the enemy's treachery.

God will go with us all the way and see that we succeed because He has promised to- but, if we fail to accept this, His Challenge He will raise up another body to do it, and we will have lost our opportunity and have gone down in defeat. His work must go on.

I believe firmly that God will find the thinking people American people true to their pledge and will bring our Country safely through the impending crisis of the great dangers we are now facing.

"Behold I have set before you a door opened which can not be closed".

This written on a rainy day. The kind of a day I like to sit down and write you all and wish you the very best of success in your local organization, and also that it might be my privilege some day to meet you all personally, I am Faithfully Yours

KLANSPEOPLE ARE TRUE TO BEGIN WITH, but they still have to be true; the leaven is hid in the three measures of meal, but "" 'tis a lifelong task till the lump be leavened," and no man, even though he has life that was in Jesus within him, will grow up " unto the measure of the stature of the fullness of Christ" unless by patient and persistent effort, he is ever pressing on to " the things that are before" and daily ~~striving~~ striving to draw nearer to the prize of his high calling. ~~We are~~ We are true, but we have still to cleanse ourselves and be Trurers. Only by every day living a Klanswomans life can we be True to this Great work.

" OUR FLAG, OLD GLORY".

WALWORTH COUNTY KLAN NO.10, DARIEN, WISC.

June 14th 1930, marks the 153 rd, anniversary of "Our Flag". What more fitting and patriotic, then that the one day of the year be set aside in which to show our respect to, and ~~for~~ faith in our National Emblem and celebrate its Official birth?

Of all the Nations in the World, America, one of the youngest may claim one of the oldest flags- Other Countries have changed their National Colors since 1777 but ours has been the Stars and Stripes - Red, White and Blue,

It is the most beautiful flag in the world, not merely because of what it symbolizes, but because of the happy character of the design and its effective blending of color; its rippling folds wave a benediction to the yesterdays of accomplishment and beckon the tomorrows of progress with hope and confidence. It has never been defeated; it may sometimes have drooped in disaster but it has always risen again in glory and unfurled its beauty to the breeze.

Opinions differ as to who designed our first flag. We are all familiar with the historical event of George Washington and Robert Morris being conducted by Hon. George Ross (an uncle of Betsy Ross' husband) to the upholstery shop of Mrs. Ross, where General Washington produced a small pencil sketch with the outline of a flag of 13 stripes with a field dotted with 13 stars and asked Betsy if she could make the flag, for she had never made one. She replied she did not know, but would try. After securing the order she sat up all night to finish the flag. It was accepted by the committee. Thus it is, for this bit of history Washington has been credited with designing the first Flag. Papers have been found that discredit this supposition. In his book "The Life and Works of Francis Hopkinson", Dr. George R. Hastings credits Hopkinson, a signer of the Declaration of Independence with having designed the Stars and Stripes. Among the papers of the Continental Congress in the Library of Congress was found Hopkinson's bill for designing the flag that was adopted. Incidentally the bill was never paid, a Board declaring that, "the public is entitled to assistance given by those who enjoy salary under Congress, without fee or further reward".

During the life of the United States, laws have been passed by Congress regulating the number of Stripes and stars in the Flag, its dimensions, material and so forth. The stripes have been permanently fixed at 13, alternating red and white, a blue field in which is a white star for every state. The War and Navy Departments co-operated in standardizing the design in order that all official flags might be of one pattern.

Our Flag today has 48 stars arranged in six rows of eight stars. The dimensions of the Flag are now fixed by an executive order issued May 26th, 1916. Its length should be 1.9 its height. The union or the part of the Flag on which the stars appear should be seven stripes high and its length .75 of the height of the Flag, one point of the star should be directly upward.

The material of the United States regulation flag must be all wool, American made bunting, or silk.

Service flags may be made of other material, but same proportions used.

The American Flag is highly respected among all Nations of the world, it has been kept inviolate through all these years by men who counted no sacrifice too great to preserve its dignity. It is a Flag which has never been carried in battle except to uphold the cause of Liberty, justice and humanity: it is the emblem of Freedom and equality, recognizing neither birth, race, nor creed. Having been borne victoriously across the continent and on every sea, may virtue and freedom, and peace forever follow where it leads the way.

"Though stained with blood in a righteous cause, may it never in any cause be stained with shame".

Until the last few years women had no voice in the affairs of our Government, only the men were privileged to manipulate the mechanism of this great Republic, but, the American woman has a heritage to be proud of; Our first Flag was made by a woman, Our Flags today are made by women, always have been, and, let us hope and pray always will be. It is a woman's hand that joins together the red and white stripes and places the stars in their right position in the field of blue. One can envision a beautiful simile here- The purity (white) of womanhood has the courage (red) to send her loved ones into the battle with the right thoughts and inspiration (stars) to maintain and

GREETINGS:-

AMERICANIZATION.

Just so long as we of America permit a large influx of foreign born and allow the immigrant to bring with him his own schools and newspapers, taught and published in his own language, just so long will the problem of Americanization be a troublesome problem. We have never been able to understand the reason why the American people proud of their history and their country, should tolerate the transfer of the Old World Schools and publications here and allow them to be conducted in other than the English language. These are two great hindrances in ~~the~~ the Americanization of the foreigner in our American cities. We allow them to come and establish the means of education and publicity which largely perpetuates conditions as they left them across the sea. We allow the Romans to come and do as they do in their own country. This is America and we should teach only the English language and live only by the laws of this land. The English language ought to be the uniform language.

"MOVE ON"

In our Klan that God has given us we are asked to move on, we can as a few and we will, if only each one does their part in this Great Work. Leave nothing for someone else, do your own part in the work. Remember the scripture reading in Luke 12: 32. "Fear not, little flock; for it is your Father's good pleasure to give you the kingdom". No matter how few, we can go forward if we use God as our Great Leader, the Bible as our Criterion of character, and the Flag as our protector.

PROPAGATION PROGRAM.

This propagation program has been tried and found to work out fine. Enlist the service of some one who can talk on the principles of the Klan, (some minister or anyone who knows the Klan), then invite some good aliens to come and hear the talk, you may have them in your home or in any other place you feel you can get them to come and hear this kind of a talk. When you have them all together you get to work and have your cards there and sign them up while they are in line with the work, do not feel you have to wait you do not need to feel ashamed to let them know you are one of this Great Army of American workers. Then when you have enlisted them in this work, you can then ask them to get their friends to come in also.

SUGGESTIONS FOR WORK FOR YOUR MEETINGS.

There is no need at any time for your meetings to lack something worth while to work on. If you have time dragging on your hands, here are some hints for you to use. Go over your Obligation, take one meeting night and go thru the Naturalization service, study the immigration laws, Public Schools, your Civic affairs, Legislation, Peace Pact, Politics in every way and right, Your Membership, Prohibition, child welfare, Citizenship, Law Enforcement, and in all this go very carefully over the letters you have received from your Imperial Commander; Robbie Gill Comer. Look them up and read them again.

Make this Year worth while, in doing so we must get more members, in order to interest others you have to have interest yourself.

"MOTHER".

I want to thank all Kligrapp's for their promptness in sending in Reports. May I ask that those who have not been prompt, Please take this as a serious duty and get your Reports in on time. Honorable mention will be made from now and on of all those who have gotten their Reports in on time. Have your name on the list, your next Bulletin will tell if you are prompt.

RACINE KLAN NO.5.

The first meeting in June of the Racine Klan No. 5 was opened to members of the men organization and delinquent members. We put on the Memorial Ceremony and had several other numbers on the program. Two very interesting features were given. The address of the Grand Klokard that was given at Oshkosh was read by our Night Hawk, and the other "Christ as our Criterion" was given by our Kludd. Twice a month we have a Kinsington at the homes of the members, delinquent members are invited. At one of those gatherings we had the honor of having with us our Imperial Representative and some of the Beloit Klenswomen. Mrs. Hunt gave a very interesting and instructive talk, which we all enjoyed. At the Klorero the members of our organization received an inspiration which I hope will be a bonifit to our Klan.

KLOKARD OF THE RACINE KLAN NO.5.

DEAR MEMBERS.

All of us have unplesant duties to perform occasionally and I feel I have one at this time, namely resigning my Office as Grand Kligrapp for the Realm of Wisconsin.

I am unable to actively and properly take care of my duties as Grand Kligrapp as I am again interested in commercial work and feel I must step aside to allow someone who is in a better position to take up such duties as may befall the Grand Kligrapp under the present regime.

It has indeed been a great pleasure to work with the Wisconsin women and the Grand Officers and, of course our beloved Mrs. Bishop and I am already missing all of my co-workers a great deal. It was my desire to be of every possible help to our great cause in my capacity as Grand Kligrapp and I sincerely trust and hope that I have in some degree been able to be of service. I should like to continue to be of help whenever possible, and hope the women will call on me when necessary.

Wishing you great success under the Leadership of Mrs. Hunt, and with kind personal regards, I am

Sincerely yours,
Lydia Goorgo.

AUGUST MEETINGS ARE COMEING.

August in bringing into our State a great speaker from Texas, one who has been in this work for years and I am sure he will be a great help to all who hear him, you are missing a great deal when you miss any of those meetings. the Kentucky man, (or Grand Dragán) was a very fine speaker, now don't miss the Texas Grand Dargon. When your notice come that he will be in your locality, make a special effort to get to hear him and take all cho you can also.

BULLETIN NEWS.

WHERE IS THE ~~NEWS YOU WERE~~ NEWS YOU WERE GOING TO SEND IN TO THE BULLETIN? ARE YOU KEEPING ALL YOUR GOOD NEWS AT HOME SO NO ONE CAN PROFIT BY IT? WHEN YOU HAVE ANYTHING GOOD, LET THE REST KNOW IT. APPOINT SOME ONE AT YOUR NEXT MEETING AND HAVE YOUR NEWS IN THE NEXT BULLETIN.

IS PROTESTANTISM DECLINING?

Pope PiusXI recently issued a commucation in which he rejoiced over the "decline" of Protestantism, describing it as becoming, "more and more exhausted", untill it has reached the point where "its own very sterility is inspiring many souls with a homesickness for

Catholicism".

This chortling on the part of Roman Catholicism is in significant contrast to the sweet comment made by some unthinking Protestenos about a year ago when the Pope gained his great victory in the Italo-Watican Pact. At that time we realised our voice, declaring that that event marked the beginning of an aggressive campaign on the part of Catholicism to regain its old prestige and power in the world at the expense of Protestantism. Some so called Protestants said we were mistaken, alleging that the Roman Church had changed greatly of recent times, and was no longer looking for world domination.

We are sorry to admit, however, that part of the Pope's observation is correct. Much of the Protestantism has gone astray after some strange God, -- the gods of vain philosophy, a "sionco, fasely so called," an antique modernism, and a too-human humanism. Great sections of Protestantism have neglected or rejected the bed rock of Protestantism, a divine work for all. If all Protestants had always stood by the truth enunciated here, the Pope would not now be laughing at us the way he is. Now Protestants with the Greatest Book the world has ever know and the Greatest Flag the world has ever know, get back to your work and march on and replace the things that have been neglected.

MEETINGS FROM YOUR IMPERIAL REPRESENTATIVE.

At end of my first year working with women of the Realm of Wisconsin, I do want to call your attention to the fact that it has been a great pleasure to me. When first I began this work I felt I could never serve the year out, and may I add here, that without the wonderful co-operation I have received from each and every one in the State, as well as many out of the State, it would have been impossible.

The 25th. day of July closes the year. I am very happy to say it is being closed with great interest among the Women in so far as I can see. The increasing interest is plain for me to see. The women had been without their Beloved Leader Mrs. Bishop, for some time and were very anxious to have some one. I am pleased to be with all in this great work and with your help as you have given, I am sure we can still go on, only I hope in a much more interesting way than we have. There is always place for betterment, and lets try and make this the greatest ever. We can, if we say we can, so lets say, "GO! GO! GO!"

Make this coming year one whereby we can see such a great increase in membership that by the close of the next Year we may be able to say we are self supporting. This will mean work for every member. "THE WAY TO MAKE YOUR OPPORTUNITY GROW, IS TO TAKE HOLD AND USE IT". Never feel your place is too small to make a great showing, for all you have to do is to use your efforts and you will see your opportunity grow.

In order to make this State self supporting we must have an increase in members of at least Four Hundred, you say this is impossible; do you stop to think that we must become organized in order to carry on in the way we should? Do you realize that you have one of the greatest opportunities any one has? in this work you have the opportunity to carry on in the greatest work you can possibly carry on in. Do you realize that all that is required of you, is for you as an individual, to bring in your Friend as a new member or to reinstate some one? I am sure we can all do this much. If each one will make use of their Great opportunity we can manage this thing without the least bit of trouble to any one person. No one person can do it alone, it mean every one to do their part. PUT YOUR SHOULDER TO THE WHEEL AND SEE IT MOVE.

My plans are to bring into this State, one of the Realm Commanders, this to be Mrs. Grace Higgins, the Realm Commander of the Realm of Illinois. I am sure a great many of the Wisconsin women know who Mrs. Higgins is, and I am also sure you know she will have a great message for all who will hear her. Now this is what we are going to have to do, work and work hard. Following is an Edict,

EDICT-----EDICT.

By authority vested in me by the virtue of my office as Imperial Representative of the Women of the Ku Klux Klan, Realm of Wisconsin, I do hereby call a membership drive in action in this State

same starting on the Date of July 31st, 1930; and closing on August 27th, 1930.

The Klan Unit sending in the most new members or reinstated members in the following time, as stated above, will be intitled to have this speaker visit their home Units. There will only be Seven or eight days to give to any one, so all should get at the work of getting there numbers built at once. Only about Four Weeks to work in so you will have to make you time count. Remember no name will be taken in this Office after the close of the Drive. (this Augsut 27th, 1930

As soon as I have determined who shall have this Great speaker, I will at once arrange the program of booking her, and will get letters out at once.

REALM CD WISC: NSIN

This above will be lectures for men as well as for women so you may notify the men to this effect. Now girls, lets make this the greatset success yet, we can show the men the women are not all asleep. get out and work and have the halls full when this Klansowman come to us. We can show the men that the women can have real good speakers as well as they can, LETS GO WITH ALL WE HAVE.

By the above plans I am sure we can put our Program over for the year and when the time come for us to work for the year of 1932 we will be ready and will now have to work so hard at the last minute. We want things so we do not have to worry over this Great American Nation of ours.

Are the women asking if this will count on the Service Bars, Yes, it will give you credit on the winning of one of these Pretty Service Bars.

"JUST KEEP ON BEING A GRAND OLD KLUXER".

Don't be a quitter and stop all your Kluxing,
Don't be a slacker and brag you are Kluxing,
Don't be a critic and think this is Kluxing,
For Kluxing is working to Klux all good Folks.
Each Kluxer is needed to Klux all they can,
By each Kluxer, Kluxing we will win our Great Stand.
So we'll Klux in Wisconsin, and make a great Fame,
And in 1932 we will make Al Smith look lame.

Cshkosh Klan No. 1.

Vatican City-- The missionaries of Langchow, Kansu, China after many years' residence in that district, during which they became owners of the ground on which their churches and missions stand, received an ultimatum from the governor of the province which demanded that they return their property to the government, according to reports reaching the congregation for the propagation of the faith from Shanghai.

The missionaries tried to come to some agreement but were unsuccessful. Influential people of the town sent a petition to the governor requesting that the ultimatum be withdrawn.

Nothing results.

Nothing resulted, however, for the governor would only consent to rent the ground to a Chinese person, in the name of the government and for the limited time only.

The missionaries were ready to agree to rent the property under the new condition, but could not place a Chinese at the head of the mission without incurring grave risks.

The governor further notified the missionaries that it was forbidden to open new residences or missions, and that only those actually in existence would be tolerated.

BE SURE AND READ EVERY WORD OF ALL OF THESE GOOD ARTICLES AND STUDY ALL THE SPECIAL THINGS OF INTEREST.

TO THE WOMEN OF THE KU KLUX KLAN OF THE STATE OF MICHIGAN:

As we approach our seventh birthday we have come to realize that we, as an Organization, are fast growing up. We are not an immature, inexperienced group of women, but a great body, bound together by the strong ties of fraternal union, the same high ideals and principles, and the great desire to give to our community and our country the best that is in us. We have passed through many breakers--childish illnesses as it were--and are now ready to face the world and to demonstrate what a body of women who love justice and freedom can do.

Never was there a time when such a group was more necessary to our country's welfare.

Our own city of Detroit is but an example of the hold which the evil forces have upon our political life, and it is going to be almost impossible for a good man to remain in office, even though lawfully elected, unless he caters to the wet alien, influences as well as to an unfair and biased press.

We, the Women of the Ku Klux Klan, citizens and voters of Michigan are strong enough, and well enough organized, if we but use our strength and our Organization to battle these subtle attempts of the enemy to break down our democratic form of Government.

We ask you to come to our Birthday Party. Our Imperial Commander will be present. Our Realm Commander will be with us. Come and let us renew our enthusiasm, let us learn of the plans for the future and gain a new inspiration to go on with our work. Nothing is so helpful or so inspiring to anyone as to mingle together with friends and co-workers in any great endeavor.

Let us make this party not only our biggest and best Birthday but come and give support and encouragement where needed.

Detroit welcomes you. Come.

GRAND KLUDD
REALM OF MICHIGAN.

PUBLICITY COMMITTEE.

Here is what you are to do: each unit start today and have a working committee to send an article of interest to your Realm Office for publication in your Bulletin. All articles that will interest all Klanswomen will be printed.

PINS.

Don't forget we have First Degree pins for sale, Gold filled, \$2.75--Gold, \$4.00. These are small and very pretty and can be worn as fraternity pins. Send in your orders at an early date.

CATHOLIC HIGH SCHOOLS SHOW GAIN.

It might be of interest to the Klanswomen to know the progress the Roman Catholic Church is making by the Promotion of its parochial schools. You are being given some statistics showing the number of Catholic "High Schools" in some of our States as well as the pupils enrolled in these schools:

State	No. of High Schools	No. of Pupils	State	No. of Schools	No. of Pupils
New York	199	-----	Kentucky	70	-----
Ohio	155	21,590	Missouri	68	7,029
Illinois	132	21,590	Louisiana	59	-----
Iowa	132	7,811	Texas	59	-----
Michigan	119	12,770	Nobrasca	56	-----
Massachusotts	95	14,312	Wisconsin	55	-----
California	81	10,388	Indiana	51	-----
New Jersey	76	9,326	Pennsylvania	--	<u>23,303</u>
Minnesota	73	6,722			

It might be interesting to know that, according to the Catholic reports, they had 226,466 pupils attending Catholic High Schools for the year 1928, as shown in the biennial survey just completed by the National Catholic Welfare Conference, Department of Education. This report further shows that the 1928 enrollments were an increase of 10.6 per cent over the 1926 enrollments.

In 1928 in the United States they show a total of 2,158 high or secondary schools. Understand, this does not cover their grammar schools but merely the high schools. They had 13,242 teachers and instructors in these schools during the year 1928.

FEBRUARY----1931----BULLETIN.
ISSUED FROM THE WISCONSIN REALM OFFICE.

GRAND OFFICERS, GREAT OFFICERS, EXCELLENT COMMANDERS, KRITERION
CONSERVATORS, OFFICERS AND KLANSWOMEN,

NOTICES.

All Units are asked to put forth a special effort to make a complete survey of their Tri-K membership. Learn how many there are who have reached the age that will entitle them to graduate in the women's Order. All that is necessary for them to graduate is for them to reinstate themselves, then sign up with the women. The donation is nothing, all you have to do is pay your Dues from the time you graduate, starting from the month you are taken in.

I am sure we have many girls who are at this age, those who are only waiting to be asked to join with the women. To-day is the day, do not wait until they are so far away from the work that they will not see fit to come.

Who? is this what you are saying? are you asking who is the one to take care of this part of the work? Who is responsible for the graduation of these girls? I will say, that I feel the Excellent Commanders should make themselves responsible for this part of the work. Commanders, come and make some provision for these fine girls to be read at your next meeting and then issue the call for them to come and be naturalized. Commanders you have a great opportunity to make your Unit grow, don't wait and lose these girls. All look to you for these things, you may not feel it your duty, but in order to build for the future generation, some one has to be responsible, WHY? not you as Commanders. Your efforts will not be lost, if you only get one it is worth the efforts put forth.

Then we have our small children, they too should be placed in line with this work. If we are going to build America for Americans, we will have to start making Americans out of our Boys and Girls. Enlist your boy and girl in the Tri-K, Juniors, Cradle Roll or the Junior Preps. Remember I place for every one who will allow themselves to enlist. Teach these children Americanism in every way you can, guard their little minds so they will not be influenced by the Communist, Foreigners or Catholicism.

As the spring breaks forth, we should be preparing for our Province and State Meetings. Get your Units working and arouse interest so we can have a great number of Delegate and Members to these meetings. This Year is the year we have our National Kloukation, are you preparing to go? I am sure you will want one of your members to this meeting. Things of great importance will be heard at this meeting. Without a Doubt you will have the Opportunity to take the Second and Third Degree's. I know all will want to do this. Forward you application as soon as possible for these Degree's so we can know that we will have a class.

Pins can now be secured for all the Degree's, as follows:-

First Degree	Gold Filled	\$2.75
" "	Solid Gold	\$4.00
Second Degree	Gold Filled	\$3.00
" "	Solid Gold	\$5.00
Third Degree	Gold Filled	\$3.00
" "	Solid Gold	\$5.00

These Pins are very beautiful and I am sure all will want one, be sure and send your orders in so they can be ordered from National. Think of it a pin for every First Degree member, order now and wear one of these pins, they are very attractive and something you will be proud of.

DON'T forget your membership drive is still on, make you individual self responsible for your Unit getting one of these prizes. It is possible for Wisconsin to place themselves on the top of the list in getting new and delinquent members, are you one who is going to help place us there. Let every one be in line and work and get one new member and we will surely win, this will only be an honor but I am sure we want this in our State.

Anyone who has not sent in your Reprts will you do so at once, you office needs the money you are holding back, you must relize that you hole money back from this office when you hold your reports back. I will not list the honor list this month, but want to be able to list them by the next Bulletin and have several more to list.

Now you are one who liked the last Bulletin, then it is your time to plave something in the Bulletin for the rest to read, let you Article some forward so it can be in the next Bulletin.

It is very necessary for each one to keep in touch with all Klan workings, the way to do this is at ONCE subscribe for the "Torch" magazine. This magazine os a paper that all should have, you cannot get the good of the articles by just hearing them read, or by just reading them you self once, I find I have to read them over and I am sure each one of you do. I want every one who possibly can to send in their subscription for this book. The cost is one dcllar a year, your year starts from the time you received you first copy. Send to-day to this office and you book will reach you by the next time issued. I have several copies in the office for November and December, these can be obtained for (\$.25) twenty-five cents each, send to this office and you will receive your copy by return mail.

FOUR LAKES KLAN NO.15.

We wish all who helped with our quilt tickets could have been with us the eve of the 29th, Our Ladies worked hard to piece the two quilts and then again to sell the tickets. All were good to buy, the night we gave the lucky number their quilt, we had 16 tickets left and they soon went. After all bills are paid we have the neat little sum of over \$39.00 for our Treasury. We are now pñanning a food sale and a few aprons and other little articles that we will make and have the sale in Feb. Our Hall rent has kept us busy to try and meet every month, these ways are how it is done. In April we will have our Rummage Sale. Last year we made over many of the garments given us and we hot only had many pleasant afternoons together, but the garments were made salable. Our quilts were won by our own women, and they were very gratefull to win them.

Kludd of Madison Klan.

Walworth County Klans have joint installation.

The Knights of the Ku Klux Klan and the Women of the Ku Klux Klan of Walworth County Klans held a joint installation in the I.O.O.F. Hall at Delavan Wisc. Jan. 8th, 1931. The Grand Dragon of the State was Present. The Imperial Representative of the Woman's Order was installing Officer and the Past Excellent -Commander of Walworth County Klan as Marshall. Officers of both Orders were installed. The Ceremony was beautiful and impressive. Klanswomen of the local Klan served a very nice lunch. Visitors were present from other Klans in the State.

Is the Klan dead? This meeting did not look as if it were. Let us all put our shoulder to the wheel and push as hard as we can and see how far up-hill we can get by the end of the year.

Great Klaliff No.1, Province#1.

NATIONAL AFFAIRS.

According to the latest figures there will be in the New United State Senate, unless some change is made, 48 Republicans, 47 Democrats and one Farmer-Labor member. In the House of Representatives there will be: 218 Republicans, 216 Democrats and one Farmer-Labor.

There were thirty-three Governors elected, 8 Democrats to replace Republicans, and one Republican to replace a Democrat. One Farmer-Labor to replace a Republican.

Now that the election is over all the politicians have to do is sit and wait for 1932. To be sure the Democrats made a grand sweep this last year, but it is no reason why we have to plan on having a Democratic President for 1932. Folks are not only planning so far ahead and although the Democrats came back in great style from the 1928 battle, it is no sign that the Republicans, or to say the most the Protestants, will not get back in the year 1932.

This depression is an world - wide thing, We here in the United States are perhaps better off than many other Nations. In these United States we are taking our spite out on the party in power, for all this depression. The Republican Party being in power, it is the one who is being blamed for the whole depression. I do not think it is well for any one to feel that because this depression has come with the Republican party in we should by any part, feel that we will have to consent to having a Democratic President for 1932. Or do we have to feel it is because we did not allow Al Smith to have the chair in 1928.

Following is an item from the National Republic:- This election itself does not presage a Democrat national victory in 1932, although of course a continuance of hard times for two years longer would undoubtedly go a long ways toward assuring such a political rarity. But the chances are that before 1932 election the country will be on the upgrade again. And while Democrats have a habit of pulling together in off year- elections they the have the usually pronounced habit of splitting up during presidential campaign years. The reason is that in congressional elections the candidates stand pretty much on their own platforms, while in national campaigns the party leaders must meet and formulate a platform for the party for the entire nation. In national elections the presidential candidate must run on the same platform in New York, in Alabama and in California. This is not the case in congressional elections. And so when 1932 rolls around it is barely possible that the Democratic Party will not be so unitedly militant as it was this year. It may be militant when Mr. Rackob, and Mr. Josephus Daniels, and wat Tammany delegates and the dry Georgia delegates get together but the militancy will probably be displayed by the delegates against one another. Of course the Republicans may have similar troubles. Only time its self can tell. A lot of water must flow under the political bridges before November, 1932, and conditions will doubtless be far different than they are today, politically as well as economically.

Communism, the Enemy within our Gates.

General Mijares tells how Communist revolutionary plots were crushed in Mexico. He says:

"We have put them down ruthlessly. We have expelled every foreigner acting for Moscow. So far as my knowledge goes, there is not one such left in the country. We have a handful of Mexican communists, but as soon as we learn of the existence of a group, we raid their headquarters, seize their papers, and if we find proof of subversive plots, punish the offenders. The only way to fight communism is to crush it the moment it raises its head. The Mexican government is to be congratulated on its intelligence and vigilance in protecting the government and people from armed violence, without awaiting a nationally organized outbreak with attendant heavy loss of life and property.

The organ of the Communist International, Pravda, published in Moscow, furnishes the anaesthetic and American journalists administer it to the American Public. The latest example of this comes through a newsdispatch carried in metropolitan dailies on October 26th, which quoted Pravda as setting the number of communists in the world at 4,000,000 distributed as follows: Germany 124,000; England, 3,200; France, 38,240, and Russia, 3,500,000. Latin-America, Poland and other places known to harbor thousands of communists not even listed. The figure given for the United States was 3, 383. To show the absurdity of these figures in Germany in September, 4,541,000 votes were cast for the communist party, or 541,000 more than the communists, through their organ Pravda, and sympathizing news-paper editors in the United States, claim for the entire world. In the United States it is asserted there are only 3,383 communists, whereas within the past few weeks over 170,000 signatures have been secured on communist election

petitions and filed in the following twenty-five states: Colorado, Connecticut, Delaware, Illinois, Indiana, Iowa, Montana, New Hampshire, Michigan, New Jersey, New York, North Carolina, North Dakota, Ohio, Pennsylvania, Rhode Island, South Dakota, Tennessee, Texas, Washington, Virginia, Wisconsin. Over 22,000 signatures were filed in Detroit, while in New York there were 28,742, two-thirds of which were obtained in New York City where many more could have been secured. American journals who lend aid to the enemies of America by trying to mislead the public as to the increasing strenght of the revolutionists, will awaken some day to pay the penalty.

WORLD COURT AND LEAGUE OF NATIONS.

I will ask you all to read all you can about the five Reservations, concerning the World court. All of these were of course to protect us when we enter the world court. If you have no other literature to find these in, you can secure all this important information form the "Torch Magazine, get one to-day. The Dec. number has a very interesting article about the World Court.

GREETINGS:

Because of lack of space in our January Bulletin, I will now Greet all the newly elceted Officer for the Year of 1931. I wish all success, prosperity and happiness in new work and in your organization. I felt it a great pleasure to work with the past Officers, I am sure your faithfulness has been appreciated in this office and in your local Unit. With the past co-operation I feel we have progressed, with the co-operation of the newly installed officers we can progress also. The depression is being lifted and now Wisconsin can and will march over the top in 1931.

A KLANSMAN'S OATH.

An oath is but a breath, a sound, an utterance, yet it is a solemn thing.

It is a solemn thing when it is ~~uttered~~ uttered with uplifted hand when in a court of law, before Judge and Jury, but it is a more solemn thing when it is uttered on bended knee in a Klavern before a sacred altar, an open Bible, a flaming cross and a Country's flag.

It is a solemn thing when uttered by any man but it is a more solemn thing when it is uttered by a native born American whose mind is open to the light of truth, whose heart burns with a love of freedom, and whose will is subject only to the will of God.

It is a solemn thing when it is uttered in the interest of law enforcement but it is a more solemn thing when it is uttered in connection with a great cause, a defense of noble traditions, or an advance of the forces of righteousness upon the strongholds of sin.

It is a solemn thing when it is uttered in secret, but it is a more solemn thing when it is uttered in the presence of manly men, a just God, and of ministering angels.

It is a solemn thing for ax man to utter the Klan oath before a sacred altar for if he forgets or repudiates his oath-- and American fails-- his guilt like the guilt of Judas, will be great.

Taken from the Kourier.

If you want to have good Bulletins, you are asked to send in your Articles for this paper. The last Bulletin was fine, we can have none like it if you will send to-day. "Lest you forget"

enemy. You're in an army now and there's no time for belly-acking. The plan of battle is made; our regiments are girded for action; our strategy is set for victory: the hero hour is very near; you've a soldier's place to fill and the whole American Protestant Army is counting on you to do your part. If there's a squawk in your mouth, or a yellow streak up your back; if there's any whining coming up your windpipe,--just forget it and BE A KLANSMAN. Real Kluxers are not interested in your complaints, or quarrels.

We've got serious business to do. The enemy is spread out, out there. The victory depends upon the PERFECT UNITY OF KLANSMAN. Is our UNITY better and stronger than the UNITY of Romanism? Listen, brother, you are fastening, our UNITY as a cause and as a Power is just as strong, or as weak, as you are. You may be a little guy, but you're a link in the bloomin' chain. You're a soldier in a real he-men's army and if you go into battle with a grin on your face and with a boost for the cause and some enthusiasm for the fight and some praise for the leaders and some guts to stand the goff, if you do that, soldier, By the Stars and the Stripes, YOU'LL BE AS BIG A HERO AS THE GENERAL OF THE WHOLE ARMY WHEN THE UNITED KLANSMANSHIP WINS THE WAR.

YOUR NOTICES FOR THIS BULLETIN ARE STILL WANTED? LET THEM COME FORWARD. NEARLY EVERYONE OF THE UNITS HAVE SOMETHING TO TELL TO THE OTHER UNITS? I am sure you all have something, it seems I cannot get everything in the Bulletins I want, there is so many things, maybe the thing you have, has never been brought to the minds of others. REMEMBER WE ARE AS ONE GREAT FAMILY? ALL TRYING TO DO FOR OTHERS AND WE WANT TO FEEL THIS WAY IN OUR GOOD THINGS WE HAVE? PASS THEM ON SO SOME ONE ELSE CAN HAVE THE BENEFIT OF THEM

Sincerely yours
