ANNOUNCING THE

GENEVA LAKE SUMMER SCHOOL OF NATURAL SCIENCE

For sometime the editor has been waiting for the day when he might get a release on the story of this Summer School.

He has followed keenly the various steps in its development.

The idea came to our distinguished citizen, Dr. Downing, whom "Bay Leaves" recently wrote about and printed the account of as given in "Who's Who in America"

Dr. Georges Van Biesbroeck, Dr. O.D. Frank, J.S. Hotton and Storrs B. Barrett became interested and have worked out the financing and location

We are glad to have the school in Williams Bay and appreciate its importance. We also are glad to share it with our Geneva Lake neighbors who have so generously helped in a financial way.

THE GENEVA LAKE SUMMER SCHOOL OF NATURAL SCIENCE

Beginning June 26 a new venture in education will be inaugurated on the shores of Geneva Lake. The enterprise will take the form of a six-weeks summer school of natural science distinct in method and objective, and designed to serve particularly two groups of students, viz: teachers of science and boy and girl scout leaders.

The school is the outcome of a plan submitted by Professor Elliott R. Downing to a group of friends at Williams Bay where he has lived since he became professor emeritus of the University of Chicago.

The Downing Plan

Well known in the world of Education by his text books for teaching of science, Dr. Downing has, during his fruitful career as an educator, steadily emphasized the importance of first-hand contact with nature, be it in the form of plants or animals, of rocks on the earth or stars in the sky. Out of his experience with many students, in this direction resulted the delightful and authoritative book: "A Naturalist in the Great Lakes Region". Those who are to familiarize youth with the fascinating problems that nature offers in all its aspects should be intimate themselves with the open book of the great out of doors. To study natural science in text-books and voluminous publications is the job of the specialists. But when it comes to interest young people in the subject a broader, more direct method of approach is required; let the pupils make their own personal observations, let them try and solve the simple problems that these will suggest. To attain this it is necessary first to develop such an attitude among the teachers themselves.

The Advantageous Location

There is no place in the middle west offering better opportunities than the Geneva Lake region for this type of work. The region is near the center of a populous area. The deep lake and the neighboring shallow lakes are the laboratories for comparing animal and plant life under varying conditions of habitat. The contrasting moraines and the non-glaciated areas have shaped the diversified surrounding landscape. One of the world-centers of astronomical research is in the vicinity. The beauty of the scenery is in itself an inspiration to the many who come to enjoy the summer season around the Lake.

Generously Supported

The proposal of establishing this summer school has received generous approval and support from the residents and this summer will find the headquarters of the school located in the East Camp of George Williams College at Williams Bay. Students will spend their days together there in ideal surroundings. Days occupied largely by field trips, will be followed by evenings of study, discussion and lectures by a variety of educators. Due time will be allowed for relaxation and pleasure, but the work will proceed without interruption during the month of July.

One of Dr. Downing's disciples, Prof. O.D. Frank of the Chicago University High School, has accepted the directorship of the school. The staff is not yet completed but among those who will participate in the capacity of lecturers, instructors or guides in the field

trips are the following: Dr. Elliott R. Downing, Professor Emeritus Department of Natural Science, University of Chicago; Dr. George A. Van Biesbroeck, Yerkes Observatory Staff; Dr. J. Harlen Bretz, Professor of Geology, University of Chicago; Dr. Charles J. Chamberlain, Professor Emeritus of Botany, University of Chicago; Dr. Warder C. Allee, Professor of Zoology, University of Chicago; Franz A. Aust, Department of Horticulture, University of Wisconsin; Dr. Alfred C. Wood, Curator of fishes, Field Museum; Dr. Karl P. Schmidt, curator of amphibians and reptiles, Field Museum; Jerome Isenbarger, Head of Department of Science, Wright, Jr. High School; John Y. Beatty, editor, naturalist, and lecturer; Marcelene Barnes, specialist in elementary science, Grand Rapids, Michigan; A.S. Windsor, "The Ant Man"; George Morse, Naturalist, Wychwood (Wild Life Sanctuary), Lake Geneva.

The Governing Board

A Board of five members representing both education and business will direct the activities of the School. The first session will run from June 26 to August 1 at College Camp and will be rounded out by a trip of three days including the Wisconsin Dells, Devils Lake and the Mississippi Bluffs. Enrollment will be limited to fifty for the first year.

The development of the Geneva Lake Summer School of Natural Science will be watched with interest from many quarters. Educators are interested in its method of Approach to the problems of nature which is bound to put new life in our science instruction and thus to develop the clear, independent thinkers that will become our future leaders.

Forty days of science in the open fields under the guidance of eminent teachers means improvement of method and enrichment of life to any teacher or scout leader. There are feasts for the souls of those who have learned the discerning use of their eyes .

NEWS ITEMS

Miss Micheline Van Biesbroeck will return to Oberlin College at Oberlin, Ohio, on Friday after a vacation of one week at home.

Mrs. F.E. Ross, Barbara and Allan of Madison, were in the village on Saturday getting the Observatory cottage near Krebs, in readiness for Prof. F.E. Ross, who will return from Pasadena, Calif. in April after spending some time at Mt. Wilson Observatory.

Mrs. Alfred Hotton and young daughter, Loraine, returned on Tuesday from a three months stay in Atlanta, Ga. with Mrs. Hotton's parents.

Mr. and Mrs. Oscar Stenstrom and Richard will go to Chicago Saturday, April 3 to spend the weekend with the latter's mother, Mrs. Schmidt, and will attend the annual Lake Geneva Roundup at the George Williams College, Saturday, April 3, in the evening.

Mr. H.B. Bentsen, Ass't Business Manager College Camp, Wms Bay, was a business caller in the Bay on Wednesday.

Mrs. Beulah Josephson, North Geneva, entertained friends this week at a shower for Mrs. Victor Keiser, Wms Bay, in honor of the new son, Robert Lincoln.

Mr. and Mrs. Dan Blad had their two daughters, Misses Ina and Viola Blad, and their son Una Blad, at home for the Easter weekend. The young folks are employed in Chicago, except Ina, who is attending Business College.

Miss Bela Cable is in Madison General Hospital for arthritis treatments. The cast has been removed from her arm and it is hoped she might steadily gain in strength.

Mrs. Amy Jorgenson, Proprietor of Rose Lane Hotel, returned Thursday from a three months vacation spent in California and other western states.

Some criticism has been directed against the plan which is being sponsored by the Village Board of Williams Bay with reference to the development of the lake shore. Most everyone will agree that it would be a fine thing to have the property adjoining the lake shore improved and beautified as a large and spacious public park. However, a large number of elements have combined to convince the Village Board that , for the time being, the plan for development must be limited to a plan somewhat similar to the plan outlined in the last week's issue of " Bay Leaves ".

Among the considerations which have influenced the Village Board to sponsor the present plan are the following: In spite of the many rumors which have been circulated, it is very evident that the Railroad Company will not and cannot voluntarily and gratuitously move its depot and track. This is simply out of the question. In this connection it will be recalled that last October the Village Board voluntarily withheld any further activity for the promotion of the plan sponsored by it and extended to the Citizens Committee a period of time up to January 1, 1937, within which to report a feasible plan which would embody some of the features apparently deemed desirable by the citizens represented by that committee. The report was not presented prior to January 1st and has never been presented. - It seems safe to predict that no such feasible report or plan can be or ever will be presented - certainly not for several years to come.

The plan which is being sponsored by the Village Board will provide a public park containing approximately eight (8) acres of land. The expense of grading, filling, landscaping and beautifying a park of this size will necessarily be great. There will necessarily be a continual and considerable expense for maintaining and policing the park. The Village Board is satisfied that a park as large as the one contemplated by the proposed plan is as extensive as the Village can safely hope to finance. The expense of creating, maintaining, supervising, and policing a park of the extent and dimensions desired by the Citizens Committee is simply beyond the powers of the Village of Williams Bay to handle. It may very well be that non-residents of the Village would appreciate and enjoy a larger and more spacious park on our lake shore. It must be continuously recalled, however, that Williams Bay and the taxpayers of Williams Bay are the ones who must pay for it.

The Board is satisfied that the eight (8) acre park provided by its plan will furnish all the necessary facilities for bathing pier, for landing piers, for boat parking facilities and for recreation, and the Board is using its best efforts to secure for the Village facilities which will meet its needs and which the residents of the Village will be able to maintain without creating a tax burden beyond the ability of the Village to bear.

ELECTION

Tuesday, April 6

At the Spring election on next Tuesday, April 6, you are to vote for a Justice of the Supreme Court of Wisconsin, a State Superintendent of Public Instruction, A Circuit Judge, a County Judge, and a Superintendent of County Schools, and village officers.

The village ticket is as follows-

Village President- John E. Atkins,
and J.S. Hotton
Trustees; H.A. Bratt, Roy Johnson,
Chas. Madison, Alfred
Pederson, L.A. Rasmussen.
(vote for three)

Clerk --F.M. Van Epps.

Treasurer- O.M. Waterbury

Assessor - Albert T. Anderson,
Charles H. Sawyer

Constable- August Fleming-
Theodore Johnson

Justice of Peace- Philip Fogle
David Moeller

Supervisor- Victor Hansen

You are also to vote on the question "Whether or not any person shall be licensed to deal or traffic in any intoxicating liquors as a beverage, within the limits of the village of Williams Bay."

Polls open at 9 A.M. Close 5:30
P.M.

Three candidates aspire for the position of Justice of the State Supreme Court: Joseph Martin, Glenn P. Turner, Fred M. Wylie.

William L. Seymour of Elkhorn is in the race against Judge E.B. Belden for the place on the bench of Circuit Judge.

Max Cichon, who has received much newspaper publicity in the past few years found plenty of signers to place his name on the ballot for County Judge.

William C. Hansen opposes the present State Superintendent of schools, John Callahan.

Laura Mc Dougall has no opposition.

MENTAL AND MORAL EFFECTS OF LIQUOR North Carolina school children in the sixth grade will be taught the evils of alcohol. We havn't seen the textbook, they will study but it probably deals more with the physical effects of alcohol on the system than with its blighting effects on men's morals. The harm that alcohol does those who habitually use it is nothing to the harm it causes them to do others. For this reason, children should be told something of the terrible acts men commit while under the influence of alcohol.

Nearly all crime has its source in liquor. Few criminals are sober. Sober men know better than to engage in crime. But men are always sober until they entrust their liberty to alcohol. "I wouldn't have done it if I hadn't been drunk," is the excuse many a man has made for committing some shameful act.

Justly, however, the law does not recognize drunkenness as an excuse for crime. For while a drunken man is irresponsible, he was rational when he took his first drink. Men do not get drunk accidentally, but on purpose. Largely they get drunk because they want to. They voluntarily put themselves in an insane condition, risk their lives, liberty and the happiness of their families, for the elation that comes with intoxication.

A call to the people of North Carolina to oppose the recommendation recently made to the governor by the majority of the State Liquor Commission was sounded by Dr. W.L. Poteat, former college president and head of the United Drys of the state. The commissioners recommended "that the existing county option law be continued in force and extended to all the counties in the state, with supervision and a share of the revenue secured to the state." The commission's minority report urged a state-wide referendum to decide whether or not the people will authorize the manufacture and sale of liquor in the state.

Dr. Poteat's message said in

part:- "Our bloody highways so dishonor and shame us that we begin to wonder if they curse or bless us. Fatal brawls on the street and in the home are the stock news of the daily papers. The consummate skill with which the liquor net is cast to catch our one hope, the boys and girls to whom we shall shortly pass the responsibilities of citizenship- dare we not rise to protect them? If Christian men and women ever had a call to heroism and an assignment to a noble task, it is now and here."

WMS BAY W.C.T.U.

ADV.

BELFRY PLAYERS

The Belfry Players have discovered in their midst several embryo writers of radio scripts, since Miss Jacqueline Cour's activities in Chicago have prevented her from writing the skits for their weekly broadcasts over W.C.L.O. For the past three weeks, radio plays written by Bob Birdsall, Esther Hotton and Loraine Reynolds, respectively, have been presented. Next Monday, "The Dizzy Young Lady", written by Frank W. Segrist, will be offered by them at the regular time, 3 o'clock. The following week, they will present "Strictly Personal", by Loraine Reynolds. The authors would appreciate any comments and constructive criticism by the public, and hope to hear from the listeners as to what sort of play is most popular, so that they may give you what you want.

Mr. and Mrs. Anton Rensch of Berwyn, Ill. who have a cottage in Oakwoods Estates, spent the day in Wms Bay on Wednesday. They found that their cottage had been broken into and a large quantity of food stuff stolen and the house showed evidence that the intruders had stayed there for a while. The Oakwoods Estates Ass'n intend to investigate the matter.

Mr. and Mrs. Rensch plan to remodel their home and live in Williams Bay permanently.

WILLIAMS BAY WOMAN'S CLUB TO MEET

Mrs. Oscar Waterbury will be hostess to the members of the Williams Bay Woman's Club on Friday, April 2, 2:30. The program will be - Review of Current Books or Best Sellers by Mrs. C.Y. Wiswell. Topic: Abnormal Psychology, Mrs. L. Henyey.

GARDEN CLUB MEETING

The Williams Bay Garden Club will meet with Mrs. G.W. Moffitt for their regular meeting on Tuesday, April 6, 2:30.

Mrs. Selden P. Spencer will talk on Chinese Gardens. She was in China for a number of years and is able to give some very interesting information on the subject.

DR. C.Y. WISWELL IS SPEAKER AT P.T.A. MEETING

At the regular meeting of the P.T.A. at the Wms Bay school last Monday night, Dr. C.Y. Wiswell, local physician, was the speaker for the local branch of the Women's Field Army of the American Society for the Control of Cancer.

In his talk Dr. Wiswell gave some interesting facts concerning cancer, its prevalence and treatment for cure, such as radium. The disease is more prevalent among women and usually occurs from forty years to old age. It usually comes from abnormal growth of tissue cells in the body; some times from a neglected injury, internal or external, or from sores which do not heal.

Early cancer is curable, but late cancer is incurable. Advice from your physician should be sought when the early symptoms occur. Sixty per cent of the cancer cases are curable if treatment is begun in time.

Much has been accomplished in the science of medicine in the past twenty-five years for the

cure of cancer. The Greeks and Egyptians were troubled with cancer but made no headway in the discovery of a cure or treatment of the disease.

Cancer does not come from cooking utensils, eating too much meat, etc, as is often heard. It attacks the rich and poor, all races of mankind, as well as animals.

Much is being done in the world of medicine to discover the cause of cancer and when this is accomplished there will be a cure for the dread disease which causes the death of 140,000 persons annually.

The P.T.A. joined the local field branch of the Women's Field Army. Every local organization as well as individuals should join. One dollar is all that is asked.

CONGREGATIONAL CHURCH L.A. SOCIETY MEETING

Mrs. Charles Madison and Mrs. W.A. Lackey were hostesses to the Cong'l Ladies Aid Society at the former's home on last Thursday, March 25.

After a short business meeting, a Missionary program was enjoyed. Mrs. L.A. Hollister read a chapter from the book, "Awakening of Africa", which country is the study topic of the society for this year. Mrs. J.S. Hotton, member of the Committee on Missions, read a most interesting letter from "Dad" Elliott on India, which he and Mrs. Elliott visited on their trip around the world.

Twenty-two ladies were present. The society will meet on Thursday, April 8, at the church. Mmes W. Lockwood, C.M. Bjorge and Caryl Ripley hostesses.

Lee's Kitchen has been redecorated by the Bjorge Decorating Co. The colors are red and white. The wallpaper is very attractive with designs of sailboats and other nautical figures and fishing scenes.

NEWS

Eloise Johnson Emma Kohler

Vacation was enjoyed by every one. The teachers have returned from their homes to resume their duties.

On Monday, March 29, the Johnson Bros. gave an interesting lecture and display of their snakes, lizards, spiders.

Elizabeth Spencer is back to Williams Bay for about a week, then she will return to Kansas city, Mo. for a while.

THE JOKES

(To those who get us wrong)

This section belongs to you every week. It is the funny side of high school life. You'll like it. If you are slammed-Rejoice! If you are criticized or teased-Laugh! It only means we know you are among us, and that we are glad of it. They are meant to tease. Not to hurt. Read, criticize if you will, and enjoy.

"S" is for Sophomores,
So jolly and gay,
Just watch us grow--
And we'll shine bright some day.
"S" is for Sophomores,
We're not so bright now,
But cast your eyes on us,
Two years from now.

JUST A BIT OF GEOGRAPHY

Eddie Horvath- "Are you Hungary?"
Eddie Hess- "Yes, Siam."
Eddie Horvath- "well, come along.
I'll Figi."

THE JUNIOR OF TODAY

"I'd like to be a Senior
And with the Seniors stand
A fountain pen behind my ear,
A notebook in my hand;
I wouldn't be an emperor;
I wouldn't be a king,
I'd rather be a Senior,
And never do a thing".

Let's Elect

a Walworth County Man !

In candidate William L. Seymour of Elkhorn, we have a man of unquestioned honesty, one who ranks high in ability as a lawyer, one who has a background of experience in affairs touching the average man, one who can give the position the vigorous and minute attention it requires, and one who will command our respect.

Mr. Seymour is 40 years of age; young enough to bring to the office the vigor and industry it requires, and old enough to have the necessary experience in the affairs of life.

That Seymour has the necessary balance is evidenced by the fact that he is President of the Walworth County Bar association; Chairman of the municipally owned Light & Water commission at Elkhorn, Past Commander of the American Legion and an overseas veteran. He has been a prominent leader in Boy Scout work. He has earned a state-wide reputation for honesty and ability as a member of the State Bar association and as a member of the State Board of Normal School Regents.

We believe these activities show the confidence that has been placed in him by those in a position to know and give him that wide experience that every good Judge should have.

It is our opinion that your duty can be met best by voting for Seymour for Circuit Judge.

VOTE FOR SEYMOUR

Authorized and paid for by small contributions by Walworth County business men and farmers in behalf of William L. Seymour.
Roy T. Cory, Grocer, Elkhorn, Sec.

DRUNKENNESS DECREASING UNDER REPEAL

Despite the ease with which liquor can be bought in these anti-prohibition days, drunkenness in the Village, State and throughout the entire country, is decreasing, and less people are arrested during a year for overloading themselves with legal liquor, than filled the jail cells in the days of questionable whiskey and bathtub gin. Deaths from bootleg alcoholism, too, have shown a large decrease since repeal.

We have three taverns in our village, which are clean, respectable places and they are under your local government control. They are each under a \$200 cash bond. Since the granting of licenses I have not heard a complaint about them selling liquor to minors.

Now the Wet and Dry Question is before the voters of Williams Bay. Is it your wish to open the door for bootleggers? The bootlegger does not need a license to deal in illegal liquor. Or is it your wish to license our taverns and have it under local government control?

Our liquor and beer licenses amount to around \$900 and our State liquor revenue amounts to around \$700. Thus our village treasury receives \$1600. Your Village Board will have to receive \$1600 from another source in case we vote dry.

Now ladies and gentlemen, is it your wish to vote additional taxes upon yourselves and the rest of us taxpayers?

JUDICIARY

A Vote For

JUDGE ELLSWORTH BURNETT BELDEN

will be a vote to retain an
able, impartial and experienced
Judge.

The First Judicial Circuit,
of which Judge Belden is a pre-
siding judge, has for many years
carried a peak load of important
litigation. By hard work and
constant devotion to his
duties all cases have been
promptly heard and decided with
resultant savings to taxpayers
and litigants.

Judge Belden has the highest
percentage of affirmances in
cases in which appeals have been

A CAPPELLA CHOIR CONCERT (Con't)

choir of the church.

38 young men and women students
make up the ensemble. Miss Virginia
Marsh, violinist and Hollis Neuman,
tenor, will be the soloists.

Mr. Alfred Hotton, Mrs. Bay,
choir leader of the Lake Geneva
church, has tickets, which are 25¢.

MARVIN GRAMLEY HAS BIRTHDAY

Twenty-six friends and his
teacher, Miss Pagenhof, gathered
at the school on Friday, March 19,
to celebrate with Marvin Gramley
in honor of his thirteenth birthday
which would be on March 27, but as
many of the children would be away
for a vacation then, the occasion
was celebrated beforehand.

Games were played and Clyde
Osman received first prize for
pinning the tail on the donkey;
Edward Stenstrom, second and Rob-
ert Krus third prize.

Then came the eats. Animal
cookies parading on graham cracker
sidewalks, sandwiches, cookies.
Nutcups in gay spring colors, candy
filled topped with downy chicks.
In all it was a happy event.

The Ladies Aid Society of
the Gospel Tabernacle will hold
their regular meeting Thursday
evening, April 1, at 8 o'clock.
(tonight) in the church basement.
The men are invited. There will be
a program and refreshments.

taken from his decision to the
Supreme Court, in the history
of the state.
