The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Campus Literati Hear Critics Poke Fun at Moderns

Max Eastman Ridicules Free
Verse Before Music
Hall Audience

By J. P.

A fascinated audience of campus literati heard Max Eastman, noted poet, critic, and psychologist, poke gentle irony at the modernist poets, at Music hall last night.

Mr. Eastman read a poem by E. E. Cummins consisting of a few images and many punctuation marks, and poked up after each word oasis in the desert of asterisks to grin understandingly at the audience. The audience ha-ha'd appreciatively back.

A Jolly Good Time

Other college audiences have sat in solemn spell-bound silence while Carl Sandburg read his free verse. But that is neither here nor there. Anyway this audience had a rousing good time at the expense of the new school poets.

Mr. Eastman doesn't approve of these modernists who play by themselves, and who take elaborate pains to conceal their meanings—if any. No, their "selfishly enigmatical" works make him tired. He said so last night.

Raps Free Verse

"Why stop with free verse?" asked Mr. Eastman. "If the poet indulges in free punctuation, why not in expressionistic grammar, individualistic paper, and symbolic typesetting? English letters have not sufficient expressionistic appeal. Why not borrow a few symbols from the Greek, or from the fascinating Russian, one letter of the alphabet of which looks

(Continued on Page 2)

Truog Discloses Soil Discovery

Successfully Isolates Cause
of Acidity; Is Boon to
Farmers

The cause of acidity in the soil, a mystery to scientists who have worked on the problem for half a century, has been discovered by a staff under the direction of Prof. Emil Truog, of the College of Agriculture, it was announced at a meeting of the American Society of Agronomy at Washington, D. C., Thursday.

According to Noble Clark, assistant to Dean Harry L. Russell, the work of two years experimentation shows that alumino-silicate is the inorganic compound that causes the soil condition. The study was carried on by Prof. Truog and H. W. Kerr, Australian government student, and J. A. Chucka, graduate.

For more than 50 years soil chemists have attempted to isolate the acid compound, and failure has resulted in the theory of absorption and electrical phenomena as the cause, according to Mr. Clark. However, the discovery demonstrates that it is the compound alone that causes "sour" soil, he said. At present, it was pointed out, the application of lime counteracts soil acidity and erases the sour condition, but Mr. Clark said the discovery should make possible the formation of better practical methods in soil culture.

Robert Murphy LI to Speak Sunday at Bradford Club

Robert Murphy LI will speak to Bradford club on "Why I Am a Catholic" at 8:15 p. m. Sunday in the First Congregational church. This meeting is the second of a series of four in which speakers have been asked to give reasons for belonging to their respective faiths.

Three Catholic priests were asked in turn to address the club on this subject but each refused. Two Madison clergymen will speak on the following Sundays on "Why I Am a Protestant Like Luther" and "Why I Am a Liberal Protestant."

Cost supper will be served at 5:45 p. m.

Weather Bureau Predicts Fair Day for Game

Fair and warmer is the probable condition of the weather for Saturday, according to the local weather bureau. There may be occasional snow flurries and high winds, but the precipitation will not be very great. Rising temperature is expected today.

As yet, it is a little early to predict anything very specifically, but one may be assured that Minnesota and Wisconsin will not have to face one another under such discouraging climatic conditions as did Iowa and Wisconsin last Saturday, the weather experts say.

There is a storm hovering over the southwestern corner of Canada, but there is little reason to think that it will reach Wisconsin. Even if it did, little more than a few snow flurries would be experienced, they say.

Geography Club Hears Scientist

Prof. Trewartha Reviews
1926 Field Trip in
Far East

That geographical field work to be carried on in the Far East should be done by the Orientals themselves, was advised by Prof. G. T. Trewartha in a speech before the Geography club, 3:30 p. m. Thursday, in Science hall. He reviewed his field work trip into the Far East that he made in 1926 as a Guggenheim fellow.

"A research worker in foreign lands runs against a stone wall of language. The impossibility of interrogation of the fine points and the absence of established facts leaves one with no bearings.

"To guard against getting your own opinion when seeking information you must interrogate from different angles. The oriental having a command over his native language and a knowledge of the country could much better handle the situation."

The period in which Mr. Trewartha made his research work in the East will be remembered for its internal political turbulence in the Oriental countries, and their rebuilding from the earthquake wreckage.

The surrounding country in which he worked is known particularly as the tea area of Japan, but abounds in lumber industries and cotton growing as well.

Mr. Trewartha commended the missionaries whom he described as "highly intelligent, very well educated, enthusiastic folks, interested in the scientific work going on in their midst."

Test College Men to Take Female Roles in Comedy

Faithfully adhering to the ancient Greek tradition, all the actors in the "Lysistrata" of Aristophanes, a play in which most of the characters are women, will be played by men students of the Experimental college.

"Lysistrata" will be presented by the Experimental college players in the Stock pavilion on Friday and Saturday, Nov. 30 and Dec. 1, at 8:15 p. m. Admission is 75 cents. Tickets may be obtained from Brown's, Gatewood's or the Co-op.

The cast calls for large numbers of Athenian women to troop back and forth on the stage and act very feminine. The title role necessitates a woman of unusual charm. She will be played by John Jackson '32.

The Moscow Art theater version of "Lysistrata," translated, will be used by the players. This version eliminates the numerous classical illusions in the stricter translations and makes the play perfectly understandable to those who know nothing about Greek drama or life.

A large orchestra, under the direction of Robert Heyda '31 will furnish appropriate music for some of the scenes. The building of the scenery and the electrical work will again be in the hands of Gordon Wormley and Sidney Wilgus, who virtually built in a complete theatrical apparatus in the stock pavilion last year for the presentations of the "Clouds" and "Electra."

Unity Head Says Humans Are Not World Conscious

Dr. J. H. Randall Pleads for
"International Mind" in
Bascom Hall

That the human race is not world conscious, and that an international mind is needed was the opinion of Dr. John H. Randall, director and president of the World Unity Foundation, who spoke yesterday afternoon in 165 Bascom hall on "The Changing World."

Dr. Randall stated that the people of the nations are still provincial to a great degree, and that they tend to hold themselves aloof from one another. The only possible solution to the problem is the co-operation of the nations to form a single unified whole. Dr. Randall believes that world peace is subordinated to world unity.

Earth Grows Smaller

In his address he told of the new physical relations that the modern world is experiencing. The earth has been reduced to very small dimensions by three factors which are of increasing importance. These are:

One, the new methods of communication which tend to allow great ease of traversing space, which, combined with the auxiliary telephone, telegraph, and radio reduce relative distances to the minimum.

Two, modern economic relations are of such character that the nations are obliged to come into closer association than ever before.

Three, a new knowledge and culture has made a better conception of other peoples possible.

Nations Maintain Character

It is necessary to realize that groups of people and countries are individual contributors to mankind. Dr. Randall does not advocate, however, that the nations lose their separate characters in any attempt to unify the world. For the subordination of traits which are peculiar to a people would merely tend to create a colorless entity with no good results.

The World Unity Foundation is only two years old. Its purpose is to act without the use of propaganda in an effort to show the public that there are many new relations to which the world comes in the accomplishments of modern civilization.

There are four subjects treated by (Continued on Page 2)

Speech Students Present Poems

The weekly reading hour, sponsored by Prof. Gertrude Johnson of the department of speech, presented Katherine Muhlenback, reading "St. Agnes Eve" by Keats, and Joseph Richter, reading the third episode of "Sohrab and Rustum" by Matthew Arnold, Tuesday afternoon in Lathrop parlors. Prof. Ralph Dennis of Northwestern university will address the meeting next Tuesday afternoon, and will read "If Winter Comes" Tuesday evening.

Dean Russell Addresses

Credit Men at Cincinnati

Harry L. Russell, dean of the College of Agriculture, will address the Association of Credit men at Cincinnati, O., today on the subject "Can the Farm Problem Be Solved?" Dean Russell's views on the same topic proved to be one of the highlights of the recent convention of the American Bankers' association in Philadelphia last month.

Iowa Goal Post May Be Fodder for Victory Fire

"Where are the Iowa goal posts?" The burning campus mystery of the last few days has been solved.

Reposing in a corner of the supply room at Camp Randall stadium one of the missing markers rests under the mindful eye of "Shorty" Bartz, keeper of gridiron equipment.

According to his own statement, "Shorty" took charge of loading the post in the baggage car of the train that brought home the team's equipment Sunday morning. On arriving in Madison he hauled the upright to its present refuge in a truck.

1000 Fathers Expected Here for Fifth Annual Wisconsin Dad's Day

Hair Stays Long
as College Shops
Keep Top Prices

While barber shops in outlying districts and several on Capitol square have returned to the old price schedule of "shave and hair cut—six bits," university district tonsorial parlors will retain the new and higher prices of 65 and 35 cents respectively, it was ascertained Wednesday. The barbers' union Tuesday night voted to withdraw authorization of the increase on demand of the proprietors of smaller shops, who opposed the increase on the grounds that it hurt their business.

'Harvest Ball' Holds Limelight

Great Hall Is Scene of Informal
Tonight; Novelties
Promised

The Harvest Ball, a 1 o'clock informal party to be held in the Great hall of the Memorial Union tonight, will hold the limelight in the social events which precede the important clash between the Badgers and the Gophers at Randall field Saturday.

Although Ted Frost '29, varsity cheerleader, is unable to attend, he will have one of his assistants there to lead the crowd in some rousing Wisconsin cheers. An attempt is also being made to have a prominent member of the athletic department give a short pep talk.

Advance ticket sales have been fairly brisk during the last two days, according to Jerome J. Henry '29, director of ticket sales. Tickets were placed on sale at the desk in the Union yesterday afternoon.

The champion group in the stunt division of the state home talent tournament last winter will make its appearance when folks from the (Continued on Page 2)

Fellowships Open for Grad Students to Study in France

Applications for American Field Service fellowships for French universities should be made to the graduate office. These fellowships are open to graduate students who want to continue their studies in French schools and are awarded for a year with the possible renewal for the second year.

The American Field Service fellowships have been awarded for the last ten years. During that time 147 Americans have been sent to France for advanced study.

Applications and supporting papers should be in the hands of the nominating committee in New York by January 1, 1929. Further information concerning the fellowships may be secured by calling at the graduate office, 150 Bascom hall.

STAFF APPOINTMENTS MADE

Leonard Schubert and Robert Godley were appointed desk editor and theater editor respectively at a meeting of the Daily Cardinal board of control held yesterday.

Banquet, Football Game
Feature Entertainment
for Week-end

Approximately 1,000 fathers are expected to be the guests of the university this week-end when students, faculty and administrative department join in entertaining them on Wisconsin's fifth annual Dad's Day.

Football tickets in the Dad's special section were completely sold out early Thursday, while a last minute rush today is expected to sweep the remaining reservations for the Father-Faculty banquet Saturday night.

Few Banquet Tickets Left

Banquet tickets may be secured as long as the supply lasts in the Alumni Recorder's office, 321 Memorial Union. Approximately 500 reservations for the banquet in the Great hall will be given out.

To accommodate fathers who expect to arrive in Madison today and tonight, a Dad's Day information desk will be set up in the lobby of the Memorial Union. Fathers will receive their badges, identification cards and information relating to activities of the week-end, and to the campus and university in general. The booth will be maintained throughout Saturday and Saturday evening.

Banquet Is Climax

The climax of the week-end entertainment will be reached Saturday night when about 500 fathers and members of the faculty meet at a banquet in the Great hall of the Union. Here they will be given an opportunity to chat with each other and with university officials, and to (Continued on Page 12)

Repeat Shaw's 'Devil's Disciple'

Melodramatic Presentation
Feature of Father's Day
Program

"The Devil's Disciple" will be repeated this week-end in conjunction with the Fathers' Day activities. These performances have been scheduled at the request of the Fathers' Day committee in order to give the visiting Dads the opportunity of seeing Wisconsin dramatics at their best and incidentally to show them the new Bascom theater.

Many of the fathers who attend these performances will remember that the original cast of "The Devil's Disciple" was headed by one of the greatest actors of all time, Richard Mansfield. The play is a melodrama, and contains some of the best characterizations George Bernard Shaw ever created.

The title role, played by Don Amecche LI, is that of the swash-buckling, devil-may-care hero, who later reveals himself as distinctly human and tender.

The curtain is scheduled for 8:15 to-night, while the performance tomorrow will not begin until 8:30 p. m. on account of the Fathers' Day banquet. Tickets for both performances are still available.

Zona Gale Breese Wins New Laurels With Short Story

Zona Gale Breese, university regent and authoress, wrote the third best short story of the year, the Society of Arts and Sciences at New York decided recently in making the awards for the O. Henry memorial for the year's best stories. Miss Gale will receive a prize of \$100 for her story "Bridal Veil," which appeared in the American Mercury.

Walter Duranty, Moscow correspondent of the New York Times, was awarded first prize of \$500 for his story "The Parrot," published in the Red Book.

A Saturday Evening Post story, "The Peculiar Treasure of Kings," written by Margaret Stoneham Douglas, won second prize, \$250.

the foundation. Science, history, economics, and social philosophy are lectured upon by well known authorities. Professors Edwin A. Burt, Frank H. Hankins, Herbert A. Gibbons, and Schmidt, of Chicago University, Smith College, Princeton University, and Cornell University respectively have given addresses on the four subjects.

The foundation publishes a magazine entitled "World Unity", edited by Dr. Randall, and established for the purpose of preserving the talks given by the advocates of this new movement.

Conduct Summer School

A summer school was conducted last year at Greenacre, Maine. This consisted of a four week course, during which ample opportunity was given for extensive round table talks to discuss any problems arising.

At the meeting in Bascom hall, a short talk was given by Prof. W. G. Rice, who dwelt upon international justice, the League of Nations, and the World Court. Rev. R. W. Barstow presided at the meeting.

Guest at Dinner

A dinner party for Dr. Randall, and Mrs. Robert L. Moffet, the international field secretary of the organization, was given last night at the home of Prof. and Mrs. Joel Stebbins, on Observatory Hill.

Dr. Randall, who has spoken 30 times in the past week, came up from Chicago with no previous preparation for the event. He hopes that he can stop in Madison in a year, with more elaborate plans made for a real conference.

Campus Literati Hear Critic Poke Fun at Moderns

(Continued from Page 1)
just like a squatting toad, and sounds like the mating call of the jabber-wock?

"E. E. Cummins claimed," Mr. Eastman continued, that the dots which swarm like bacteria across his pages have delicate values; that they mark the delicate, melodic, capricious strain. They might have delicate values in the mind of the author, but they are merely delicate ballyhoo to the reader."

Understanding Is "Superfluous"
But the modernists can not express themselves merely with rows of dots lightened here and there with an unintelligible word. No, if they have had any smattering of foreign languages, they must include these in their poems. No pains are too great that might serve to shroud a sacred meaning. Of course the 'cognoscenti' get such exquisite pleasure from the flatery that assumes their knowledge of languages that the pleasure from the understanding of the poem is superfluous."

But there are a few things Mr.

Eastman likes about the modernists. He realizes that the modern poet is at a disadvantage.

Science Too Difficult

"There is one thing the modern believes in and that is science," he said. "But science is a difficult thing for the layman to grasp, and practically impossible for the poetical imagination to put into words. When modern poetry understands what it is talking about, then it will achieve greatness. Otherwise it is mystical bunkshooting."

Mr. Eastman was brought here by Theta Sigma Phi, honorary journalistic sorority, which entertained him at a banquet in the round table room of the Memorial Union before his lecture.

Informal Draws Student Couples

(Continued from Page 1)
Pumpkin Hollow Community club put on an old fashioned square dance. Dancers from the Leo Kehl school will give a novelty number.

Cate is Chairman

Harold H. Cate '29 is general chairman of the ball which is being sponsored by the Wisconsin Country magazine with the aid of other organizations on the agricultural campus. Mary Lou Gissal '29 is assistant general chairman.

Committees which have been working on the ball are:

Tickets—Jerome J. Henry '29 chair-

man; Basil Howell '29; E. R. Barden '29; Louise Thomsen '29; and Kathryn Carpenter '29.

Publicity Committee

Publicity—Eva Adams '30 and Rol- and C. Hartman '29, co-chairmen; Dorothy Adgate '30; Lucille Hall '31; Ben Wormeli '29; and A. A. Zurbuch '30.

Ways and means—Adolph Hendrickson '29, chairman; Florence Hinz '30; Carl Niebauer '30; and Robert Erickson '30.

Reception—Virginia Porter '29; Mark H. Mitchell '30; and Howard Inman '30.

Decorations Committee

Decorations—Donald Kluckow '30, and Ruthella Dodge '29.

Special features—Ralph Hodgson '29, and Ruth Moeser '29.

Control—Reuben Fischer '29 and Verne Taylor '30, co-chairmen; Reginald Bridgeman '29; David Holt '30; Richard Stauffacher '30; Albin Anderson '31; Victor Stroebe '30; Elgin Hall '31; LeRoy Mahnke '31; and Henry Ahlgren '31.

Roberts to Issue Co-Op Warrants

Dist. Atty. Glenn D. Roberts has not yet issued warrants for arrest of trustees of the University Co-op store although he has announced that he intends to do so. The district attorney announced earlier this week that he will arrest them on charges that the store violates the trading stamp act through its rebate system.

Fraternity Football Race Begins Sunday

25 Teams Point to Championship in Tackle Game

Strong Theta Xi Eleven Favored to Repeat 1927 Victory

By TY DAHLGREN
Fraternity tackle football will get under way Sunday morning on the gridirons at Camp Randall and Intramural field when 10 fraternity elevens will vie for supremacy at 11 p. m. Twenty-five fraternities and 300 men are entered in the quest for the Greek title now held by Theta Xi, who captured the gonfalon last year in a hectic 18-0 struggle with Alpha Kappa Kappa.

The fraternities entered in the race are Theta Delta Chi, Phi Kappa Tau, Delta Tau Delta, Delta Sigma Pi, Kappa Sigma, Sigma Chi, Delta Phi Epsilon, Phi Gamma Delta, Phi Kappa Delta Chi, Chi Psi, Pi Kappa Alpha, Alpha Tau Omega, Delta Theta Sigma, Phi Pi Phi, Alpha Kappa Kappa, Alpha Gamma Rho, Sigma Phi Sigma, Theta Xi, Phi Sigma Kappa, Sigma Phi Epsilon, Alpha Chi Rho, Triangle, Sigma Alpha Epsilon, and Theta Chi.

Team Strengths Unknown
Very little is known of the relative strength of the various houses although Theta Xi, defending champion, will present a lineup practically intact from last year. Bert Moldenhauer, all-fraternity fullback, will not be eligible to play with Theta Xi because of membership on the "B" squad. Theta Xi's first game is with Phi Sigma Kappa on Tuesday afternoon.

Instructions have been sent to each fraternity entered in the competition in regard to the use of the equipment available at the Stock pavilion and the stadium. Each fraternity must appoint a captain whose duty is to check in and out the equipment secured.

Equipment Furnished
All football equipment except towels will be furnished by the Intramural department. Thirteen suits will be furnished to each team. Teams having games at Camp Randall will secure their equipment at the stadium, while the teams on Intramural field will be outfitted at the Stock pavilion.

All week-day games will be called sharply at 4:30 p. m., and all teams are requested to appear as early as possible to secure their equipment. All Sunday games will be called at (Continued on Page 10)

Two Intramural Teams Will Clash Today at 4 P. M.

Football enthusiasts who don't think the Minnesota game will furnish enough thrills should go out to the Intramural field this afternoon, where two intramural teams will clash in a game which should be packed with thrills, and plenty of them. The game will begin promptly at 4 p. m.

The scheduled tussle between the All-Americans and the Intramurals was called off as the All-Americans have concluded their season, and have handed in their suits.

For the game today, the Intramural squad has been divided into two teams called Harvard and Yale. Two lightweight teams will also play this afternoon. Following is the lineups for the Harvard-Yale game:

Harvard	Yale
Holloway	L. E.
Bernard	L. T.
Clay	L. G.
Chapman	C.
Dean (c)	R. G.
Hohlman	R. T.
Gilke	R. E.
Schultz	Q. B.
Vasby	R. H.
McGuire	L. H.
Hurth	F. B.

HERE'S the DOPE

By Harold Dubinsky
Will wonders never cease? A Chicago sports page devoted a full column yesterday to the surprising fact that Wisconsin has a football team.

Funny
It is all so funny to see those wise sports writers profusely apologizing for their lack of attention. Its just the thing we have long wanted to see. If for no other reason, Wisconsin, beat Minnesota!

At Minnesota
Up at Minnesota they are broadcasting the big news that Wisconsin is "over-confident." Where they got their facts we really don't know.

Another Out
A good piece of news for Wisconsin—Win Brockmeyer, Minnesota halfback, pulled a tendon Tuesday and will probably be unable to play Saturday. This swells the injury list of the Gophers. Wayne Kakela, regular Minnesota center has been working out despite his injuries and will probably play. Capt. George Gibson, guard, and Lawrence Johnson, tackle, are back again after a long lay-off.

However
But don't get the impression that Minnesota will be hobbling around the field on crutches. The members of the team are battered, it is true, but Minnesota has another good game in their system. They are always good for one more hard game.

Arrive Today
The Gophers will arrive in Madison today and take a workout on Randall field.

Goalposts
Many are worried over the Wisconsin goalposts. If we win they go—in one of the wildest marches ever seen in Madison. And if we lose—they go, in one of the saddest marches ever seen in Madison.

Balloons
The athletic department is now in charge of this new balloon idea. It calls for red balloons to be used in cheering and to be released when the first Wisconsin score is made.

Cross Country
This title football game is somewhat overshadowing an important event Saturday. The conference cross country race will start and finish at the men's gym. Without a doubt it will be one of the closest and hardest fought ever held.

Men Selected
Wixon, Dilley, and Goldsworthy three of the men selected to run for Wisconsin, are sophomores. Wixon is our best man. Capt. Bill Burgess and Fink, seniors, will be running their last races. Howard Folsom is a junior. These six men must bring Wisconsin to the front if we are to retain our title won for the past four years.

Tackle Football
Fraternity tackle football starts Sunday morning with five games. If these fraternity players have half the enthusiasm they had last year the games will be of exceptional interest. A total of 25 teams is entered. This is an increase of seven teams over last year.

Upwards of 1000 cities in the United States are organizing airport committees and studying available sites, while another 1000 are engaged in actually developing airport facilities.

Badger Harriers Must Win Meet to Get Letters

No Awards to Cross Country Men Unless They Cop Title

When the Wisconsin team steps out on the course for the conference cross country meet here Saturday it will be fighting for a win, of course. But there is one thing which will make the harriers fight harder Saturday than at any other meet. That is the rule at the university regarding letter awards to the runners.

Although cross country is a major sport here, it is one of the hardest sports in which to obtain a letter. The rule regarding awards says that all six members of the team are to be given letters if they win first place.

Otherwise the individual runners must place 10th or better in order to be so rewarded. Due to the great number of star runners in the conference this year, it is doubtful whether more than one Wisconsin runner can finish better than 10th. Therefore the necessity for a victory if the runners are to receive letters.

Indiana Threatens
Reports from Indiana indicate that Ed Steele, a sophomore of whom much was expected this season, has completely recovered from the injuries which have handicapped him all fall and will be in fine condition for the race. This news, coupled with the fact that the Hoosiers already have such star runners as Captain Fields, Leas, and Clapham, increases the threat which this team already offers for the title.

News from Chicago also indicates the recovery of Dale Letts, another good man who was injured in the race here at Homecoming. Although Letts is a fine performer, the weak support of his team-mates precludes them from any chance of a win.

Gophers Injured
Spears, Minnesota's third man, who suffered a strained leg at the same time, will also be right for the meet. But the Gophers report a sad tale of hard luck with both Otter and Bassett unable to compete because of injuries.

Fink and Captain Burgess are the only Badger lettermen from last year remaining for the race. Howard Folsom is a junior. The remaining three members of the team are all sophomores.

Wixon Stars
Darvey Wixon has shown the best ability of these so far this season. He was also freshman conference two-mile champion, and runs the mile and half-mile as well. Vernon Goldsworthy was a good runner in his freshman year, but he was out of school last year and has been taking a while to round into form again.

IN PRAISE OF THOSE WHO GET MAULED—AND LIKE IT!

BY BOB DE HAVEN

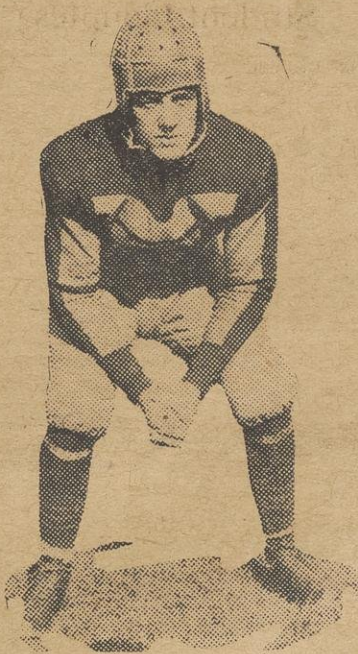

Back in the fall of 1919 when the present Western Conference leaders were struggling in high school with algebra and first love affairs, a football organization was founded that has lived and flourished all these years.

The men of the group were the little sung heroes of Wisconsin's gridiron. They chose to call themselves the All-Americans, which title was either a rap at their own ability or the ability of football experts to designate All-Americans.

Everybody Eligible
Upperclassmen serving their first year under the Cardinal and White are assigned to duty on this squad. All ineligible are eligible for this team. And anybody else who wants to frolic with the mole and pig skins is welcome to try out and stay as long as they like or live.

There is no getting around the old

Gopher Flash

Fred Hovde, Minnesota backfield star who is leading the conference in scoring, had to wait until Herb Joesting graduated before he could persuade the coaches that he was high class material. This year as a senior Hovde has been playing sensationally, and has gained recognition as a candidate for All-American honors. Watch him Saturday.

LaFollette Looms as Dorms Champ

Undeclared Adams Hall Team Has But One Game to Play

BY ROBERT MEYER

Nearing the completion of the schedule with nary a defeat to mar its record, LaFollette house of Adams Hall leads the dormitory touch football league. The sole obstacle in its path for the title is the play-off of a postponed game with Botkin house, one of their strongest rivals.

Several other sections have postponed games to play that were held up by the impossible weather and fields. Some games were forfeited because of late afternoon classes which compel many regular men to be absent from the teams, particularly those of Tripp hall.

In its last scheduled game of the season, Van Hise house defeated Spooner, 25-0. A 30 yard pass from Butt to Vass led to the first touchdown, while a run by Vass, one by Schaffter, and a pass, Schaffter to Butt, accounted for the other three. Van Hise-Otto, Randolph, Bindley. (Continued on Page 10)

Cardinals Have Season's Final Stiff Scrimmage

Minnesota Squad Arrives Today; Spears Works on Pass Defense

The last thuds of thundering feet belonging to members of Wisconsin's 1928 gridiron machine resounded yesterday at Camp Randall as the varsity went through its final intensive workout in preparation for the Minnesota game tomorrow.

Sometime this afternoon, Coach Thistlethwaite will lead the squad into the stadium and allow them to run through a light signal drill as the finishing touch to the form perfection they have been driving for all week.

Gophers Arrive

The Minnesota squad, led by Coach Spears, arrived in Madison this morning at 7:20, and retired to the hotel where they will remain in seclusion until the afternoon when they too will try out the turf at the stadium in signal drill.

All during the past week, despite the chilly weather, Coach Thistlethwaite has driven his men along at a rapid gait in an effort to again key them to a pitch that will see their best efforts brought out against the Gophers.

Varsity Takes Defensive

Last night the varsity again went on the defensive against the favorite plays of "Doc" Spears and succeeded in breaking up the aerial attack thrown against them. With the "B" team taking the ball, the flat and short passes Minnesota favors were run off time and again to allow the Badgers to become acquainted with them.

Wisconsin with the rapid recovery of Ernie Lusby, halfback, will be able to set forth her greatest strength against the Gophers. All of the men are in excellent condition, and of these, Capt. Wagner, Joe Kresky, "Bo" Cuisinier, Gordon Connor, Stanley Binish, and Gene Rose, will be playing in their final game for the Badgers.

Brockmeyer Injured

As for the Norsemen, they come to Madison with a hospital list that strangely increases and diminishes day by day. Latest reports from the Minneapolis camp indicate that William Brockmeyer, halfback, is the only member of the squad who may be unable to play because of injuries, while Capt. Gibson, guard, Lawrence Johnson, tackle, and Wayne Kakela, center, will be ready to start against the Cardinals.

Saturday's game will see both teams using a varied and deceptive attack for their scoring punch. The Badgers, as they have done in their games this season, will continue to use the fast open attack that consists of line smashes, off tackle bucks, end runs, and a powerful aerial offensive.

Equal in Weight

Somewhat similar to this, the Spearman will employ Nagurski or Pharmer to crash the line, Hovde, their chief scoring threat to skirt around tackle and end, and Tanner and Haycraft a pair of excellent ends, to make their passing attack function.

In comparing the two elevens from (Continued on Page 11)

Two Teams Battle to Meet Theta Chi in Football Finals

Theta Xi and Theta Delta Chi will meet at Intramural field this noon to determine the right to meet Theta Chi Sunday for the Greek touch football championship.

Theta Xi advanced to the semi-finals by defeating Phi Kappa Tau and Sigma Chi, while the Theta Deltas were eliminating the Betas. Both teams possess a hard running attack, coupled with a flashing air offensive.

The Theta Deltas' offensive is built around two fast and elusive men in Zinn and Mills, while the Theta Xi team is without individual stars, although Horton is very adept in pulling down passes thrown in his general direction. The Theta Xi team took second place honors last year, losing in the finals to Theta Chi.

The Daily Cardinal

"Complete Campus Coverage"

Founded April 4, 1892

University of Wisconsin official daily newspaper, owned and controlled by the student body. Published every morning except Monday by the Daily Cardinal company at the Memorial Union building, and at the Cardinal Publishing plant, 740 Langdon street, Madison, Wis. Printed by the Cardinal Publishing company. Member of the Western Conference association.

Entered as second class matter at the postoffice, Madison, Wis.

For All Wisconsin

-- 1928-29 --

1. Raise fraternity initiation standards and requirements relating to probation.
2. Establish a point system regulating participation in student activities.
3. Place Madison traffic ordinances on a metropolitan basis.
4. Remedy the profiteering evil of football ticket scalping.

The Christmas Festival

Last Year's Successful Yuletide Event to Be Repeated Dec. 16

PLANS are already underway for the second all-university Christmas ceremony which was presented last year for the first time and which proved enormously successful. With the selection of chairmen and the setting of Dec. 16 as date of the festival, work can now start to make this year's event even more popular than the 1927 ceremony.

The Christmas program is an unusually worth while activity, but one which is difficult to attempt in an institution as large as the University of Wisconsin. That last year's event met with success speaks volumes for the manner in which it was handled. That there is a determined demand for a similar program this year removes all doubt as to whether the university can succeed again.

The program will consist of numbers by various campus groups, the sororities and fraternities, and especially the foreign groups. Christmas carols of the many countries here represented will provide an interesting feature. It is also the plan of the committee to decorate the houses in keeping with the holidays.

In effect, the Christmas program sponsored so heartily by the university serves to bring the true Yuletide spirit to the thousands who live and work on the Badger Campus. It is an activity that deserves the support of every student.

That Language Bogey

French, Spanish, Et Al, Have a Place, But Not as Requirements

THIS is a rather trying period for the old line of college literary societies. They are seeking to popularize their activities to some extent, and at the same time are reluctant to give up their

heritage of serious thinking. This has led them to the discussion of university problems which immediately affect the student, rather than the far more important but less vital problems of national and international affairs.

This week one of the debates centered about the problem of foreign language requirements for the degree of bachelor of arts. The university requirements for foreign language are 32 credits in one, or three of the foreign languages. This applies to candidates for the B. A. degree. For the Ph. B. degree only 14 credits are required.

It is trite to review the customary arguments for studying a foreign language. Briefly, they are necessity for communications, culture, broadening of vision, economic reasons, scholarship, mental training, and access to great literature in languages other than English.

A knowledge of foreign languages is useful to leaders in the professions. If a man wishes to keep fully abreast of the times in any art or profession he will wish to follow the German or French journals of scientific progress. As for Spanish, the stock argument is that we shall need a knowledge of that language if we wish to come into closer trade relations with the South American countries.

It is rather awkward to be a French student and be forced to admit that the works of Villon and Montaigne have been neglected; but the Spanish student may pass muster with an intelligent scanning of the Cid and a few of the modern novels . . . in translation, of course.

It would not be denied that there are advantages in the study of Spanish. One may always be preparing to sell tractors to the Brazilians or patent leather boots in the Argentine; for all practical purposes, though, Spanish is an easy language credit for what is considered an awkward requirement.

So far the other tongues for that matter, and the requirement of foreign language as it is now taught for a degree is absurd.

On the side of the student there is little to be added. Students may be conveniently divided into live students and intellectual drudges. The former has in view the ultimate end, the final mastery and use of a subject; the latter sees only the daily task.

The student who is developing powers of initiative determines, for instance, to master a language. He wants the art of reading and conversing in another tongue; and the sooner he gets that power the better he likes it. The lesson assigned—so many pages of grammar and text, so many minutes in recitation—is not enough for him. He sets himself to commit passages; he reads aloud; he practises on his fellow student wherever he gets the chance. He keeps up the work in spare hours during vacation. He tries to meet and talk with natives. All this requires initiative, which is the father of executive force.

For the benefit of those few cynics, especially among the faculty, there are such students in the university.

Foreign language, then, in summary, should not be a requirement, for there is little to be gained by the casual student from its study. It should be a vital part of the university curriculum but no student gains much by having it forced upon him. A little knowledge of such a subject is of no use. With some the study of a foreign language is a matter of fashion rather than of serious intention.

To say a few words in French or German seems to them to carry a badge of distinction; and that is all they carry away after years spent in classes studying these languages. Such sort of study should be discouraged. The fact is that it is exceedingly difficult to learn to speak and write a foreign language while a resident in American. One must put his whole heart into it, going over and over again the forms, sentences and idiomatic expressions. By no means should the student take the task unless he fully expects to make use of the language.

—G.

Book Notes

THE DOOR OF DEATH. By John Esteven. New York: Century Company. pp. 283. \$2.00 "The Door of Death," by John Esteven is a mystery story of secret doors and suspicious characters centered around the Ballion family and their palatial Greyhouse which is steeped in Italian Renaissance atmosphere.

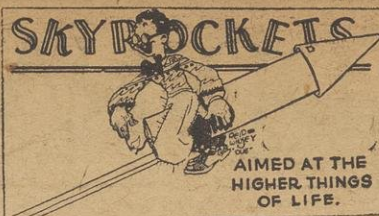

The story opens with the murder of Celia Ballion, wife of Francis Ballion, by his brother Carl, who also kills Francis to satisfy his desire in gaining their wealth. Although the story sounds blood-thirsty the author has kept the murder tone down considerably and weaves a very interesting mystery.

Greyhouse is described very effectively and it acquaints the reader with the weird feeling with which it affects its inhabitants. Glancing over the chapter headings, "Dead Men's Wines," and "Blind Adders," express the subtlety in which the story deals. Through all of the book the dominating and compelling force of the medieval spirit is felt and at the end the entire mystery is solved through an explanation of the "Door of Death".

Mr. Esteven possesses the gift of evoking tragic and terrifying atmosphere closely akin to that of Poe and also the art of interweaving logical development with an air of illogical mystery.

—L. H. MARTIN

With the exception of agriculture and forestry, fishery is the most important of the natural resources of Roumania.

BY XANTIPPE

Again we are chagrined, vexed, disappointed, balked, frustrated, baffled, deluded, foiled, defeated, provoked, endangered, irritated, exasperated, incensed, mortified, abused, and hurt. Yes. Once more we have received our football tickets.

Last time, when we got seats in section XX, we fondly thought that we had just about reached the limit of awfulness. But it seems that we were mistaken; our latest are in double A. Now we have no idea where this section double A is situated—but it has a sinister sound to us.

If the young gentleman who comes up the hill from Sterling to Bascom every Monday and Wednesday morning at eleven, chewing the end of an unlighted cigarette, will please to drop in at our office in the Union any time between four o'clock in the afternoon, we shall be happy to present him with a match.

Well, we are at last convinced of the complete and utter futility of life. We went to the German Play Wednesday night—and then our instructor wasn't present.

Aw, come on, boys, don't be selfish with the Iowa goal post. Why don't you get big-hearted and trot it over to the Rathskellar, where all the boys can enjoy it?

We heard of a Freshman the other day who made a horrible mistake. He went to a class according to the clock outside 765 Bascom.

We shake our heads glumly over dance at Haresfoot Follies, as last modern youth. Alas! it is a dismal commentary on our present education that last week, when we were feeling very intellectual, we made a reference to Sappho in this column—and when it was printed it had been transformed into Sappo.

It is all the worse when you take into consideration the fact that Skyrockets has always been—or at least this year, since we have been gracing it with our talents—representative of the more—ahem! cultured aspect of campus thought.

We are so glad to learn that attendance at Haresfoot Follies, as last year, will be strictly limited, and that there will again be ample room for dancing.

We hereby offer, free of charge, to anyone who may wish to take advantage of the opportunity, a plan whereby a million can be made easily. It's very simple, as all great things are. Merely sell balloons for "Wisconsin's newest tradition" at ten cents apiece. And besides your million you will get that nice, satisfied feeling that comes from knowing you have been a public benefactor.

BY BARON MUNCHAUSEN

Iowa only offered 10-7 odds on their team. In fact they had prepared a stuffed badger to be set adrift on the river and burned. Pre-written press dispatches regarding the expected victory were in the hands of newspapermen on Friday. Ah well. Pride goeth before a fall.

By a slight error the cheerleaders, on discovering that the rain had slightly disabled their megaphones, forcibly removed the Iowan trumpets. Purely an accident, of course.

Prize name goes to an ex-saloon opposite Roosevelt Hotel in Cedar Rapids. It's called Huggins and Kneckings Soft Drink Parlor.

Also first prize poster hangs right here in our own home men's gym. It says: The only right way any student has is to be decent, agreeable, and useful. Very few rights, we say.

Found: A second-hand goal post. Owner can have same by calling at Egan and Kelly's (with a regiment of soldiers) and taking it.

Readers' Say So

EDITOR'S NOTE: The Readers Say-So is maintained in the interests of Daily Cardinal readers who wish to express their opinions on various subjects. Contributions are welcome at all times. Writers are requested to limit their letters to 250 words. Author's names must be signed on the original, although they may be withheld from publication.

WHY A FATHER'S DAY ASK ANGERED DAD?

Editor, The Daily Cardinal:

Why a Father's Day; why a postpaid invitation to Father; why the much advertised Father's section at the football game; why the Father-Faculty dinner; why the special plans for the son or daughter to secure a football ticket for Father?

Why all these much advertised plans unless it is to give Father the idea that for one day in the year he is an important individual and is receiving special consideration?

Not too much pride Father! When you receive your ticket in section "B," as I have, you will realize that Father has received no special consideration. If Father did not give more consideration to the university than he receives, many of those who think they hold the seats of the mighty would be looking for their tickets elsewhere.

The ticket sales department is responsible for this inconsideration to Father. Certainly it did not "just happen."

When one considers that there has been cause for complaint year after year in the sale of athletic tickets, one cannot but come to the conclusion that those in charge of the ticket sales are either incompetents or crooks.

—FATHER AND ALUMNUS

NO CUT THANKSGIVING

Editor, The Daily Cardinal:

Next week-end the university will revert to its annual high school farce, the application of a no-cut rule to the classes on the day immediately preceding and immediately following Thanksgiving.

Why it should be a crime of gigantic proportions to be absent from a class on one of these two occasions, is hard to understand. Why the work discussed in the classroom on these two days is immeasurably more important than that taken up on any other days is likewise difficult to fathom.

And yet, the reasons listed above seem the only ones available on which to justify the faculty's ruling in regard to absence before and after Thanksgiving. Surely the faculty would not deliberately prevent the students from enjoying a holiday!

Incidentally, since the old story of longer Christmas vacations is always brought out in defense of the policy, it might be timely to tell of the announcement just made by the University of Illinois. At that institution really surprisingly comparable to Wisconsin, the Thanksgiving vacation extends this year for five days and the Christmas holiday for fifteen days.

And yet, at Wisconsin, we find it a crime of hideous proportions to miss a class or two on Friday. Five days at home, without disrupting academic work, would do a student great harm, it seems!

Too Many College Deans

William B. Munro in the Atlantic Monthly.

The cost of the nonteaching personnel of our colleges has been growing like Jonah's gourd.

The colleges have been adding to their pay rolls a whole battalion of provosts, deans, assistant deans, registrars, recorders, auditors, bursars, business managers, publicity directors, purchasing agents, employment managers, vocational counselors, comptrollers, syndics, or what have you? Their increase is like that of micro-organisms, by geometrical progression.

Time was, not so long ago, when a large university could get along with a single dean; today even a small one must have a whole vice-dean, a dean of men, a dean of freshmen, a dean of women (when it has any), a dean of special students, a dean of deficient and anywhere from one to a half dozen minor satellites as assistant deans.

What these institutions will presently need is a Decanus decanorum, a dean of deans, whose business it will be to keep all the other deans marching in lock step.

For it is in the lock step they march. Their places are called out for them. Or, to shift the metaphor, all these administrative functionaries are carbon copies of the man higher up—a bit smudgy and indistinct, perhaps, but reproducing with mechanical exactitude even the slips in dictation.

The dean of the faculty is the king klegale of all these "yes-men." There is no division of power and rarely a difference of opinion—otherwise there would presently be a new dean.

There is hardly an institution of higher education in the land that could not cut its corps of administrative officers in half without serious injury to the process of instruction. This estimate errs if at all, on the side of conservatism.

Dad writes that judging from the studying he hears wo do—we must be taking the course of least resistance.

Every girl knows at least a score of men, any of whom she could have married—had she asked them.

There are two kinds of graduates: Those who continue to think college the greatest thing in life and those who amount to something.

Women End Fall Athletic Season

Chadbourne Favored in Volley Ball; Basketball Schedule Announced

Theta Phi Alpha and Chadbourne are scheduled to play the finals in the women's intramural volleyball tournament today at 4:30 p. m. in Lathrop gymnasium. Chad, by virtue of its previous large scores, enters the finals as a heavy favorite, although the Theta Phi Alphas have developed their teamwork to a remarkable degree in their last three games.

Chadbourne also enters the hockey finals due to their impressive defeat of A. O. Pi, 4-1, in the Thursday afternoon game. The Medics and the Delta Delta Deltas, fighting to enter the finals, battled to a scoreless tie.

The first rounds of the basketball tournament begin Monday, Nov. 26, with the following schedule:

Monday, Nov. 26.

4:30 Lutheran Memorial gym—Alpha Chi O. vs. Delta Zeta.
4:30 Lutheran Memorial gym—A. O. Pi vs. Beta Phi Alpha.
6:45 Lathrop gymnasium—All-Americans vs. Nurses.
6:45 Lathrop gymnasium—Charter house vs. Tabard.
8:00 Lathrop gymnasium—Beta

Sigma Omicron vs. Medics.
8:00 Lathrop gymnasium—Alpha Delta Pi vs. Theta.

Tuesday, Nov. 27.

4:30 Lathrop gym—Grads vs. 430 Sterling.
4:30 Lathrop gym—Andersons vs. Grads.

University Radio Station Begins Winter Season

Assured of a new wave length which will improve decidedly the reception of programs this year, Station WHA begins this week a regular schedule of radio broadcasts including numbers stressing both entertainment and educational features.

The schedule on a frequency of 570 kilocycles, wave length 526 meters, power 750 watts is: Monday, Wednesday, and Friday at 7- to 8 p. m., daily 12 noon to 12:45 p. m. Series of short addresses will be given at regular times each week.

Prof. Carl Russell Fish of the history department opened the season last Monday night. His talk was supplemented by baritone solos by Richard Graebal, and violin solos by Miss Mary Watts, both of the University School of Music.

E. F. Bean, state geologist, began the series "Know Wisconsin," at 7:15 p. m. Wednesday, Nov. 21, with a discussion of the geology of Wisconsin. This series will carry the story of the state down to the present day.

Prof. Cecil Burleigh of the School of Music will give a recital Friday

night beginning at 7:15 p. m. Professor Burleigh, accomplished violinist, recently appeared in the first of a series of faculty recitals at Madison.

Hunt Club Chase Here Next Sunday

The University Hunt club will hold the first of a series of hare and hounds chases next Sunday at 9 a. m., it was announced Thursday. Prizes will be awarded the winner, who will lead the second chase. Members are asked to reserve horses for the event at once.

WORLD of SOCIETY

Informal Parties Are in Majority for This Weekend

Due to activities accompanying Father's week-end few parties are being held at the organized houses this week-end. Among these the informal parties predominate. Those entertaining at the informals are Psi Upsilon, Theta Phi Alpha and Phi Kappa Psi which will be given on Friday evening.

Villa Maria

Members of Villa Maria are holding a 1 o'clock formal on Friday evening. Mr. and Mrs. Alex Jordan are to chaperone at this party.

W. S. G. A.

W. S. G. A. will hold its regular weekly party Friday evening from 7 until 9 o'clock. The party will be held in Lathrop parlors.

Theta Delta Chi

Theta Delta Chi is entertaining at an informal party Saturday evening at the chapter house from 9 to 12 o'clock. Mr. and Mrs. Ellis Slochdyke and Mr. and Mrs. L. Schlenger will chaperone.

Phi Kappa

An informal party is being given by the members of Phi Kappa Saturday evening at the chapter house from 9 to 12 o'clock.

Mr. and Mrs. F. W. Woldenfelder have consented to chaperone.

Alpha Sigma Phi

Members of Alpha Sigma Phi are holding an informal party on Saturday evening at the chapter house from 9 to 12 o'clock with Mr. and Mrs. Russel D. Morris and Lyle Hance as chaperons.

Coranto

Coranto will hold an informal party on Saturday evening at the chapter house from 9 to 12 o'clock. Mrs. Lillian Davis and the fathers of the members will be the chaperons.

Phi Beta Delta

An informal party is being given by Phi Beta Delta at the Woman's building on Saturday evening from 9 until 12 o'clock. Mr. and Mrs. U. J. Kadust and Dr. and Mrs. Eugene Juster are to chaperone.

St. Francis House

A tea for fathers will be given at St. Francis house, 1615 University avenue, after the football game Saturday. All Episcopal students are invited to bring their fathers.

Biography of Brontes

Discussed by A.A.U.W.

The biography of the Brontes was the general subject for discussion at the A. A. U. W. Modern Literature Study group which met Thursday afternoon at the College club. "All Alone, a Life of Emily Jane Bronte," Rohmer Wilson; "Life of Charlotte Bronte," Mrs. Gaskell; and "The Three Bronte Sisters," Mary Sinclair were discussed and the novels were compared.

Eastman, Guest

Max Eastman, who lectured last evening under the auspices of Theta Sigma Phi, is a guest of Prof. and Mrs. Meikeljohn while in Madison.

SOCIAL CHAIRMEN

Many of the organized groups will be entertaining in honor of the visiting fathers sometime this week-end. We would like an account of your social function with a list of the fathers who will be guests, and include their residences. We would appreciate your sending your list, typewritten if possible, into the Cardinal office by Saturday-morning.

Knauf-Jackson Wedding Solemnized Saturday at St. Mary's, Chilton

A recent wedding of interest in university circles is that of Miss Alice Knauf x'30, daughter of Mr. and Mrs. William Knauf, Chilton, to Kenneth Jackson, son of Mr. and Mrs. Charles J. Jackson, 2318 Rugby row.

The ceremony took place at 10 o'clock last Saturday morning in St. Mary's church at Chilton. The Rev. C. V. Hugo, of Two Rivers, an uncle of the bride, read the service. The church was decorated in pink chrysanthemums which further carried out the pastel color scheme of the wedding party.

The bride's gown of all over embroidered lace, which was used for her mother's wedding gown, was fashioned in period style over a flesh colored slip, and had long sleeves and a charmingly simple round neckline. Her long veil was caught with orange blossoms. She carried a bridal bouquet of lilies, pink roses, and sprays of lilies of the valley.

Miss Virginia Knauf, younger sister of the bride, was the maid of honor. She wore a gown of shell pink satin, the skirt edged with orchid velvet and an orchid velvet picture hat. Her bouquet was of pink chrysanthemums.

The bridesmaids were gowned in various shades of orchid and lavender satin and velvet with velvet picture hats to match. They carried muffs of pink chrysanthemums. Miss June Hoene, Duluth, and Miss Mary Pennefeather '30, Kenosha, attended the bride. Miss Pennefeather is a member of Alpha Xi Delta sorority.

Harold Barsanti, Madison, was the best man. William Knauf, Chicago, and Robert Jackson, Madison, were the ushers. University students who were guests at the wedding are Miss Ruthe King '28, Chicago, Miss Eleanor Bekkedal '28, Westby, Miss Carlita Broughton '29, Chicago, all sisters of the bride in Alpha Omicron Pi, and Miss Cherry Biba '28, Muscoda.

Mr. and Mrs. Jackson are taking their wedding trip by motor, and on

Miss Virginia Noe, Edward Weyenberg Married Wednesday

Palms and Japanese lilies, chrysanthemums, and candelabra in attractive arrangements formed the setting for the pretty wedding ceremony of Miss Virginia Noe, daughter of Dr. and Mrs. Walter B. Noe, 1112 Grant street, and Edward Franklin Weyenberg, son of Frank L. Weyenberg, 1540 Lake drive, Milwaukee, which took place at the Grace Episcopal chapel at 11 o'clock Wednesday morning. Dr. H. H. Lumpkin read the Episcopal marriage service.

The bride wore a brown transparent velvet gown trimmed with old lace, and a hat of brown metallic cloth and velvet. She carried a bouquet of yellow roses. Miss Mary Margaret Harris, maid of honor, wore a dress of blue transparent velvet. Her hat was of blue metallic cloth trimmed with velvet, which matched her dress, and she carried pink roses.

Bernard Blommer, Milwaukee, was best man for the bridegroom. Miss Noe was given by her father in marriage.

Mr. and Mrs. Weyenberg left in the afternoon for New York city, planning to sail on Saturday for Europe where they will spend several weeks. On their return, on Christmas day, they will be at home at 397 Marion street, Milwaukee.

The bride is a former student of Ward-Belmont college, Nashville, Tenn. Mr. Weyenberg is a graduate of the University of Wisconsin and is a member of Delta Tau Delta fraternity.

Y.W.C.A. Established at Beloit, Helen Keeler Speaker at Banquet

"What the Y. W. C. A. Can Mean to a College Girl" was the talk which Miss Helen Keeler gave at the membership banquet of the recently established Y. W. C. A. at Beloit college Thursday. Miss Keeler '29 is vice-president of the University of Wisconsin Y. W. C. A. Miss Mary Anderson, secretary, accompanied her.

their return will make their home in the Norris court apartments, Madison. Mr. Jackson is now employed by the Wisconsin Telephone company here. He attended Loyola university at Chicago.

Chic New Felt Hats

That
reflect
the mode
of winter.

4⁹⁸

The new felt hats in small close shapes are ideal for winter. The collegiate miss seeking a new hat will do well to come in and make her selection from the charming models shown in our College Millinery Section. Such variety, such smartness, is seldom found in one collection of millinery.

Sigma Delta Chi Holds Convention

Outstanding Journalists Address National Meet at Evanston

The election of Karl A. Bickel, president of the United Press association, to national honorary membership in Sigma Delta Chi, professional journalism fraternity, and favorable action on the petitions of local groups at Washington and Lee university and the University of Florida for chapter charters were two important actions taken at the 14th annual national convention of the fraternity held in Evanston, Ill., Nov. 19-21, according to Hampton Randolph '29, president of the Wisconsin chapter and convention delegate.

Representatives from 40 universities and colleges throughout the United States and one from the University of Toronto attended the conclave which was held in Harris hall on the Northwestern university campus.

President Scott Speaks

The program contained, besides the business meetings, many educational and entertainment features. Among the speakers who addressed the delegates were Dean Harry F. Harrington, director of the Medill School of Journalism, Northwestern university; Karl A. Bickel, president of the United Press association; Walter Dill Scott, president of Northwestern university; James A. Stuart, managing editor of the Indianapolis Star and retiring national president of Sigma Delta Chi; S. J. Duncan-Clark, chief editorial writer of the Chicago Evening Post; William Ayers, financial editor, Chicago Journal of Commerce; William A. Kittredge, director of design and typography, R. R. Donnelly and Sons (The Lakeside Press); Major I. D. Carson, N. W. Ayer and Son, Philadelphia, Pa.; Joseph W. Hicks, editor of the Byllesby publications; the assistant city attorney of Chicago, Ill.; and Mayor Charles S. Bartlett of Evanston.

"The outstanding entertainment feature of the program," Randolph said, "was the stag party given by the Chicago Press club at its quarters on W. Monroe street. Here the big guns on the Tribune, Journal, News, and Post gave some informal talks about the profession and interesting incidents of newspaper work culled from their own experience.

"An invitation to become resident or non-resident members of this organization, which has on its membership list such figures as Irvin S. Cobb and Mark Twain, was extended the delegates.

"Male members of the cast of 'Headin' South' provided some music and eccentric dancing at the end of the program. Of course, refresh-

ments were served. I think the party broke up about 2 a. m."

Bickel Stresses S. America

Speaking before the annual banquet of Sigma Delta Chi held in the Polly grill of the Wrigley building annex, Monday evening, Karl Bickel stressed the importance of news coming from Latin America, and of the increasing value of a journalistic fraternity in aiding in the establishment of new contacts with those countries.

"The domination of the European date line in news is passing and it is expected, with the growth of commerce with the South American countries, that the news coming from those countries will be of ever increasing interest to the American newspaper reader," he said.

The keynote of Bickel's speech was international journalism, with particular emphasis on journalistic relations with Latin American countries. The visit of President-elect Herbert Hoover to South America was stressed by him as another evidence of the increasing importance of our Latin American relations.

Delegates See Tribune

Speaking of Sigma Delta Chi, Mr. Bickel said, "it is one of the greatest instruments for the advancement of journalism in the United States."

Following this speech, the delegates were taken to the Tribune tower and shown through the editorial and mechanical plants. Much interest was evidenced in the press room that houses 72 press units which were running off Tuesday's Chicago Tribune at a terrific rate.

The admittance of Washington and Lee and Florida to chapters in the fraternity brings the total number of chapters to 44, four of which are approved but not yet installed. During Wednesday's business sessions Karl Bickel was elected to honorary membership in the fraternity.

Next Conclave at Missouri

The fifteenth annual convention will be held in Columbia, Mo. Wisconsin chapter acted as hosts to the twelfth annual convention held in 1926. The thirteenth convention was held in Lawrence, Kans.

The local chapter has achieved prominence recently through sponsoring the first annual Gridiron ball, a formal one o'clock party in the Memorial Union. Other chapter activities include publishing the Prom edition of the Daily Cardinal, a 24-page paper including the names of all prom-goers, prom history and stories, and a photograph of the dancers just before festivities start; through sponsoring the annual Gridiron banquet, a formal stag affair of unusual interest, created to stimulate discussion of important campus and faculty problems and often resulting in some startling disclosures of campus politics and policies; through bringing to the campus, prominent men in the journalism profession; and through promoting the award of a scholarship key for excellency of scholarship among journalism undergraduates.

Freshmen Swim to Class Lead

Defeat Juniors to Retain Top Place; Sophomores Second

The Freshman women's swimming team staged a thrilling finish Thursday to take the final meet of the season from the Juniors by the close score of 28-24.

The Juniors were away to an early start and had amassed a nine point lead at the end of the first four races. Then the Frosh placed first and second in diving, cutting the Junior lead to two points. They also took the relay race, thus winning the meet and the year's championship. The events were:

Breast stroke—Parkhurst, Conrad, Mayer. Time, 36 seconds.

Side stroke—Kinsella, Burkett, Lang. Time, 33.4 seconds.

Free style—Quinn, Kinsella, Tollins. Time, 25.2 seconds.

Back crawl—Parkhurst, Meisels, Quinn. Time, 14.1 seconds.

Diving—Sondern, Mayer, Conrad.

Relay—Won by '32. Time, 50.8 seconds.

The teams were:

Juniors—Kinsella, Parkhurst, Conrad, Zuelke, Buck.

Frosh—Sondern, Mayer, Burkett, Lang, Quinn, Tollins, Meisels.

The final record of meets for the season are:

Freshmen, first place, 65 points; sophomores, second, 46 points, and juniors, third, with 41 points.

'31 and '32 Race Today in Annual Cross-Country Run

The annual frosh-sophomore cross-country race will be held today at 4:30 over the 2.3 mile course. This race and the Thanksgiving turkey race, to be held next Tuesday, are the only remaining meets on the schedule arranged this fall by the athletic department for cross-country competition. Being the last chance for the harriers to win their numerals, a large turnout is expected.

The frosh are favorites to win today, having several outstanding men, but the sophs are liable to pull a surprise win, as they have a well-balanced squad.

The sophomores running include John Andreason, Paul Cassidy, Alfred Butz, E. C. Friedle, Thomas Tolstein, Grant Jones and R. B. Johnson.

Among the freshmen are Captain Volk, Bertrand, Slaby, Mansfield, Dever, Berg, R. Johnson, Schultze, Bassett, Ross, Fowler, Gordon, Hartley, Roine, Hansen, Kissinger, Kundert, Vicars, Vivas, Weiss, Jenks, Medeler, Thalacker, Munn, Wollenzein, Nash, Parker, Sandgren, Collins, and Schmelzen.

Numerals will be awarded to the first eight men finishing, and to the first five on the winning team.

The little egg-eating snake swallows an egg whole, and large teeth at the joints of its backbone crush the shell in its gullet.

"My girl looks great", said frater Bill,
"And Mine," quoth Dick,
"s an awful pill"
But Pete said "They'll both
strut their bangles,
We've fixed the floor
all up with Spangles."

ON WITH THE DANCE

Everyone dances when the floor has been prepared with Spangles. Just pure white crystalline flakes that anyone can sprinkle on in a minute. No waxing, no polishing. The fun begins right away. Particularly fine for fraternity, sorority, and club dances.

20 MULE TEAM

SPANGLES

Directions for Red Balloon Tradition Issued by Frost

The attempt to establish a tradition of sending up balloons after each touchdown will be continued Saturday when the balloons will be sold inside the stadium under the auspices of the athletic board.

Ted Frost, varsity cheerleader, yesterday issued the following instructions:

- 1) After singing Varsity before the kickoff, hold balloons above head and swing from right to left with each loco of the locomotive.
- 2) In the Badger roar, raise the balloons above the head instead of rising.
- 3) When Wisconsin scores let balloons go when cheerleader releases his.

Prominent Social Workers Discuss "Race Relations"

Two speeches on the subject of "Race Relations" will be given at the First Baptist church at 8 p. m. today. John Herman Randolph, who will be one of the speakers, is the director of the World Unity foundation and was a former assistant of John Hayes Holmes of the Trinity church in New York.

The other speaker will be William Pigkens. Mr. Pigkens is secretary of the National Association for the Advancement of Colored People. He was also a leader at the World Race congress at Brussels. Both men were recent speakers at the Chicago forum.

Farm Students Plan Activities

Announce Schedules at Banquet Tonight; Humphrey Guest of Honor

An interesting part of the program planned for the College of Agriculture banquet and social evening tonight will be the talk by Prof. G. C. Humphrey, of the animal husbandry department, on his recent trip to Hawaii.

The banquet is to be held for students taking the short course in the College of Agriculture and practically all enrolled in this department will attend.

The director of the short course, T. L. Beswick, has worked out a schedule for the athletic and social activities to be held, and this will be discussed at the banquet. Officers to direct these activities will also be elected.

An orchestra, a literary society, and a glee club are among the activities on the program. As soon as officers are elected, the regular schedule will be put into operation.

Episcopal Men to Hear Linton Talk

The Men's club of St. Andrew's Episcopal church will hold its regular monthly meeting Monday evening, Nov. 26, at 8 p. m. in the Parish hall. The special speaker will be Prof. Ralph Linton of the department of sociology. Professor Linton has

just returned from three years' trip in Madagascar. He is nationally known for his brilliant essays in the Atlantic Monthly. His subject Mon-

day will be "An Anthropologist's View of the Origins of Religion." The meeting is open to any men who are interested.

Texas University Gives Esperanto

Composite Language of the World Now Included in Curriculum

Esperanto, that composite language of the world, is now being taught at the University of Texas. Prof. A. Kenngett holds classes once a week in San Antonio, and also gives a correspondence course in that language.

Esperanto is the hope of internationalists who expect that national differences will be overcome through the agency of a common tongue. Esperanto will create a feeling of world unity and thus do away with misunderstandings and sectional differences, experts believe.

This language is made up of all the tongues of the world so simplified that it is easily within the grasp of everyone.

The study of this language is internationally organized under the Universal Esperanto association which has its headquarters in Switzerland and branches in 1,700 cities. A complete literature covering all phases of

life and including translations of many world masterpieces has been established.

"Esperanto is not a mere project, or even an experiment, it is an established fact," says Professor Kenngett in the opening statement of his new booklet, recently published. In this discussion on the international language he predicts a great future for Esperanto.

Pryor to Discuss Economic Dilemma With Liberal Club

"Our Economic Dilemma" is the subject which Prof. Margaret Pryor, of the economics department, will discuss with the Liberal club at a regular meeting on Monday, Nov. 26, in 212 Bascom.

The chronic labor trouble at Kenosha, Wis., in the Allen-A company hosiery mills will be especially emphasized by Professor Pryor, according to Sol Tax '31, vice-president of the club.

Important business will be taken up at 7:30 p. m. Professor Pryor is scheduled to begin her talk at about 8 p. m. Discussion will follow.

Brazil has a boom in new buildings and public works.

300 High School Editors Hold State Conference

Twenty speakers, including newspaper men, publishers, advertising executives, and members of the state university faculty, will address more

than 300 representatives of Wisconsin high school publications attending the annual Wisconsin High School Editors' conference at Madison, Nov. 30 and Dec. 1.

Technique of news writing and newspaper publishing, aspects of typog-

raphy and illustrating are among topics to be covered in the two days of instruction.

President Glenn Frank and Frank C. Holt, registrar, will be speakers at the closing banquet. Prof. W. G. Eleyer, dean of the School of Journalism, will give the initial address.

Fraternity Tackle Football Elevens Open Play Sunday

(Continued from Page 3)
11 a. m. The equipment rooms will be open at 10. Flood lights will be utilized for all afternoon games at Camp Randall.

Five Games Sunday

Sunday's games will find Delta Sigma Pi tangling with Kappa Sigma on gridiron one at Intramural field; Phi Kappa against Delta Chi on gridiron two at Intramural field; Alpha Tau Omega versus Delta Theta Sigma on field one at Camp Randall; Alpha Kappa Kappa, second place winners last year, against Alpha Gamma Rho on field two at Camp Randall; and Alpha Chi Rho versus Triangle on field three at Camp Randall.

Only two games are carded for Monday, when Chi Psi will meet Pi Kappa Alpha on field two at Camp Randall, and Phi Kappa Tau will lock horns with Theta Delta Chi on field one at the same place.

Will Pick Star Team

On Tuesday the Sigma Chi eleven will battle Delta Pi Epsilon on field one at Camp Randall, the Theta Xi team against Phi Sigma Kappa on field two, and Sigma Alpha Epsilon versus Theta Chi on field three.

An all-fraternity team will be selected as last year by a committee of sport writers and officials. Very few of the men selected last year will be able to compete in this year's tourney. The tourney will be run on the direct elimination basis whereby each defeated team is eliminated from consideration until the finals when the first four places are determined.

the standpoint of weight, both are evenly matched. The two forward walls are separated by but few pounds and that in Minnesota's favor, while in the backfields, the poundage is practically equal.

Tackles Important

The Gopher type of play features the tackle posts as pivot positions upon the offensive, and Capt. Wagner Binish, and Ketelaar will have a full day's work cut out for them to stop the charges directed against them.

During the past week, both elevens have been drilling somewhat upon the other's aerial attack. Down at Minnesota, especially, did the Wisconsin passing game, which has proved one of their main offensive weapons, come into great consideration.

Another packed house will greet the two teams as they take the gridiron tomorrow for the struggle that will make conference title history, and all weather prospects point to a brisk, clear day for the game, and a dry, fast field, that will be a benefit to both squads.

Minnesota Daily Devotes
Half of Front Page
to Game

Evidence that the Wisconsin game is creating more than a passing stir in Minnesota is shown in the Wednesday issue of the Minnesota Daily student publication, where more than half the front page is devoted to stories concerning the game Saturday.

At the right, under a three-column headline, there are two large stories, one a sports story and the other a story about the pep meeting planned for tonight.

In other parts of the page, there are stories about the conditions of the highways to Madison and the number of tickets that have been sold in the twin cities for the game, numbering more than 7000.

The editorial page also carries an appeal to the students of Minnesota that they turn out for the pep-fest and for the game, if possible.

1000 Fathers Are Expected Saturday

(Continued from Page 1)
hear messages from Pres. Glenn Frank, representing the university, and Burt Williams, of Madison, who has been chosen to represent the fathers.

Preceding the banquet, President and Mrs. Frank will hold an informal reception in the Union Assembly room for fathers, sons and daughters.

Dads Will See Game

The athletics of the university will be presented to the dads with the Badger and Gopher gridders meeting on Camp Randall Saturday afternoon. A special bloc of tickets and temporary structures to accommodate the rush on seats have been inadequate to satisfy the demand.

Friday night entertainment includes a performance of Shaw's "Devil's Disciple" by the Wisconsin Players in Bascom theater. The play will be repeated after the banquet on Saturday night. Sunday features include special services at both campus and city churches and dinners in honor of fathers at fraternity and sorority houses.

Gilman Elected to Investment Board

S. W. Gilman, university professor emeritus of the college of business administration, has been elected to the board of directors of the Wisconsin Investment company, it was announced in Milwaukee Tuesday. The company is the largest investment trust in the middle west. Directors of the organization Tuesday approved an expansion plan which provides for increasing the capital to \$5,000,000.

Girl's Hot Tip Steers Student to Favorite Pipe Tobacco

San Francisco, Cal.
Larus & Bro. Co.
Richmond, Va.
Gentlemen:

Since I first started to smoke, I have always smoked cigarettes.

One day SHE said to me "Ed, dear, why don't you smoke a pipe. I think those long straight-stemmed pipes are so manly-looking."

So, naturally, I had to buy a long-stemmed pipe and a can of well, we'll call it "Blubs Mixture tobacco." Immediately with a certain feeling of pride in my new pipe, I "lighted up" and proceeded to have my tongue bitten. I tried almost every brand I had ever heard of, but none satisfied me.

Sadly, I had to confess to HER that as a pipe smoker I was a good dietitian.

"Did you try Edgeworth?" she asked. "That is what dad smokes, and he's always smoked a pipe."

So I was forced to try Edgeworth, and all that I can say is that if every fellow that has tried to accustom himself to a pipe, started with Edgeworth, there would be very few that would go back to cigarettes.

Yours sincerely,

Ed Maher

Convalescents Seek Radio for Game Saturday

Wanted, a radio!

The University Y. M. C. A. is sending out a plea for a radio which can be installed and used in the infirmary Saturday for the Wisconsin-Minnesota game. For three of the games during this past season students have let out their radios for the use of those who are ill and unable to attend. The Y. M. sees to it that the

radio is delivered and installed, no expense or bother being placed on the lender.

If anyone has a radio and is not planning to use it Saturday afternoon, please get in touch with Roy Belter '29 at the Y. M. C. A. building, or call F. 2500.

Establishing the first link in the Pan-American air service, air mail service from Lima to the northern ports of Peru was started recently.

Wearing comfortable slippers was the "offense" for which a typist employed in a Parisian bank was recently dismissed.

MANY INSTRUCTORS...

admit that typewritten work receives higher grades. We guarantee our work and get it out on time

BEBE DANIELS
"TAKE ME HOME"

NEIL HAMILTON
MARSHALL NEILAN Production

SOMETHING new for BEBE DANIELS! A backstage drama of love. The great comedy star battles from the chorus to stardom. Something different in the love-throb line. She doesn't go home until morning.

AND COMEDY — NEWS — SCENIC — BRIDWELL at the ORGAN

Beat Minnesota

Let it be everybody's motto this Saturday ... Dress in warm clothes and be comfortable at the game
