The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Patient under Treatment

FOR CHRONIC URINARY TRACT INFECTION

ENJOYS
*Gratifying
Relief*
from distressing
symptoms

Urinary frequency and pain and burning on urination can be relieved promptly in a high percentage of patients throughout the course of specific treatment, by the oral administration of Pyridium.

This effective urinary analgesic is safe, virtually nontoxic, and has no systemic sedative or narcotic action. Pyridium has proved to be a valuable adjunct to specific therapy in prostatitis, cystitis, urethritis, and pyelonephritis.

Pyridium is the trade-mark of Nepera Chemical Co., Inc., successor to Pyridium Corporation, for its brand of phenylazo-diamino-pyridine HCl. Merck & Co., Inc. sole distributor in the United States.

The complete story of Pyridium and its clinical uses is available upon request.
