The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

High-definition has found its true calling

Introducing high-definition endoscopy from Olympus

Watching a sporting event or movie in hi-def is exciting. But when you see significant mucosal detail with unprecedented clarity, you'll discover what hi-def was truly meant to be.
