ANNUAL MEETING OF THE BOARD OF REGENTS

Madison, Wisconsin

Thursday, June 16, 1949, 10 A.M.

President Sensenbrenner presiding

PRESENT: Regents Callahan, Grady, Hodgkins, Jones, Kleczka, Sensenbrenner, Werner.

ABSENT: Regents Arveson, Campbell, Gelatt.

Regent Gelatt was present at committee meetings on June 15.

The Secretary submitted the following recommendation for the correction of the minutes of the regular meeting of the Board held on May 14, 1949:

That the minutes of the Regent meeting of May 14, 1949, be amended to record the correction of the Honorary Degrees to be conferred at Commencement on June 17, 1949, to the following recipients:

Miss Esther Forbes - Doctor of Letters
Howard M. Jones - Doctor of Letters.

Upon motion of Regent Werner, seconded by Regent Grady, it was VOTED, That the minutes of the May 14, 1949, meeting of the Board be amended, as recommended, and that the minutes of the regular meeting of the Board held on May 14, 1949, as amended, be approved.

Upon motion of Regent Grady, seconded by Regent Hodgkins, it was VOTED, That the minutes of the special meeting of the Board held on May 24, 1949, be approved as sent out to the Regents.

The Regents then proceeded to the election of officers. Upon motion of Regent Jones, seconded by Regent Kleczka, it was

VOTED, That the rules be suspended and that Regent Grady be instructed to

cast a unanimous ballot for the election of the present officers for the ensuing year. The ballot was cast and Regent F. J. Sensenbrenner was declared elected President, Regent A. Matt. Werner was declared elected Vice President, A. W. Peterson was declared elected Secretary, and Clarke Smith was declared elected Assistant Secretary, for the ensuing year.

President Fred read a telegram (copy attached) received from Mr. David E. Lilienthal reporting his inability to attend the Commencement exercises to receive an Honorary Degree because of his required attendance at Congressional hearings. President Fred reported that the Honorary Degree which had been voted Mr. Lilienthal therefore could not be conferred at Commencement this year.

RECOMMENDATIONS OF THE PRESIDENT

- Leaves of Absence -

1. That Frances E. Holford, associate professor of microbiology, be granted leave of absence for the months of July and August, 1949, without pay.

Upon motion of Regent Werner, seconded by Regent Grady, recommendation No. 1 listed under Leaves of Absence was adopted.

- Resignations -

1. That the resignation of Floyd Andre, assistant dean of the College of Agriculture, assistant director of the Agricultural Experiment Station and the agricultural extension service, and professor of economic entomology, be accepted; to take effect June 30, 1949.

Upon motion of Regent Kleczka, seconded by Regent Jones, recommendation No. 1 listed under Resignations was adopted.

- Degrees -

1. That degrees and certificates be granted and confirmed, graduate fellows and scholars appointed, and medals and prizes awarded, as shown in the Commencement Register for 1949.

Upon motion of Regent Grady, seconded by Regent Kleczka, recommendation No. 1 listed under Degrees was adopted.

Upon motion of Regent Hodgkins, seconded by Regent Grady, recommendation No. 1 (1) to (7), inclusive, listed under Faculty Actions, was adopted.

At the request of President Fred, Mr. Kenneth Little explained the recommendation for admissions policies for the fall semester of 1949 and reported on the estimated enrollment for the fall semester. Upon motion of Regent Jones, seconded by Regent Kleczka, it was

VOTED, That the following policies for the admission of students to the University of Wisconsin for the fall term of 1949 be approved:

I. Applicants who are Residents of the State of Wisconsin:

- (a) New Freshmen. Graduates of accredited high schools who have taken the required preparatory subjects and are recommended for admission by their high school principals are accepted. Principals are advised that students who rank in the lower one-third of their high school graduating classes usually experience serious difficulty with University studies.

Applicants who do not have the required preparatory subjects, or whose quality of work is below the level at which the high school considers necessary for recommendation to college, may be admitted to the University only by passing entrance examinations.

- (b) Advanced Standing. Applicants who desire to transfer from other colleges to the University must have a scholastic average of 1.0 for admission to any undergraduate class of the University.

II. Applicants who are not Residents of the State of Wisconsin:

- (a) New Freshmen. Applicants who rank in the upper one-half of their graduating class may submit transcripts of their high school work. Those who rank at the 65th percentile or above may be admitted. The Admissions Office may ask for psychological test results before making final decisions in some cases.

- (b) Advanced Standing.

1. Freshman and Sophomore Years. Students who wish to transfer to the freshman or sophomore years will be required to have a minimum grade point average of 1.5.
2. Junior and Senior Years. Students who wish to transfer to the junior or senior years will be required to have a minimum grade point average of 1.75.

III. Graduate Students.

All applicants for admission to the Graduate School, resident or nonresident, are required to have a minimum grade point average of 1.75. In addition, these students must have sufficient undergraduate preparation in their fields of specialization.

IV.

Individual exceptions to the admissions policy will be made rarely, and then by a committee composed of the Registrar and the Dean of the college into which the student desires to be admitted.

- Faculty Actions - (Cont.)

Recommendation No. 1 (Cont.)

- (8) Report of the Athletic Board on the Purpose, Methods and Progress of the Study on Intercollegiate Boxing at the University of Wisconsin. (EXHIBIT F attached.)

At the request of President Fred, Professor William B. Sarles, Chairman of the University Athletic Board, discussed the report, shown as EXHIBIT F (attached) under Faculty Actions, on the Purpose, Methods and Progress of the Study on Intercollegiate Boxing at the University of Wisconsin. Mr. Sarles reported that approximately \$5000 had been spent from intercollegiate athletic funds during the past year on this study and that considerable cooperation in connection with this study had been received from other schools which had indicated a real interest in this study and which were anxious to obtain the results of the study for their use. Professor Sarles explained the procedures that were being followed in this study and reported on the personnel working on the project. Upon motion of Regent Werner, seconded by Regent Callahan, it was

VOTED, That the report of the Athletic Board on the Purpose, Methods and Progress of the Study on Intercollegiate Boxing at the University of Wisconsin be accepted and placed on file.

- Gifts and Grants -

1. That the following gifts and grants be approved; and that the Vice President of Business and Finance be authorized to sign the agreements:

GIFTS

- (a) \$ 1,500.00 - Memorial Union Building Committee for the purchase of equipment for the Memorial Union. (Credit Fund 15-373, Memorial Union Building Committee.)
- (b) 130.00 - Wisconsin Alpha, Sigma Alpha Epsilon Fraternity, as an initial contribution for the establishment of the Sigma Alpha Epsilon War Memorial Scholarship given by the active members and alumni of the fraternity, with the hope that this will be more than a memorial -- that it will encourage the improvement of each individual member in his scholastic, athletic and fraternal activities and will serve as recognition of loyal service and accomplishment.

An individual eligible for the award should have the following primary qualifications:

1. He shall be a male student in good standing at the University of Wisconsin.

(Cont.)

GIFTS (Cont.)

(b) (Cont.)

2. He shall have completed at least one year at this institution
3. He shall be a member in good standing of Wisconsin Alpha of Sigma Alpha Epsilon unless otherwise decided by the active members.
4. He shall have a grade point average of at least 2 point.
5. He shall be among the top three in a self-rating system outlined below.
6. He shall be approved by the Committee on Loans and Undergraduate Scholarships of the University of Wisconsin.

The rating system shall be conducted as follows: At a regular meeting of the chapter each member will, by secret ballot, list his rating of each candidate on the basis of such qualities as character, scholarship, leadership and wholesome influence in the affairs of his University and fraternity and such other traits as the chapter may deem appropriate to the purpose of the scholarship. These ratings shall be reported at an open meeting of the Senior Council at a time and place to be announced at a regular meeting. Upon the basis of these ratings, the Senior Council will submit three names as recommendations to the University of Wisconsin Faculty Committee on Loans and Undergraduate Scholarships. The Senior Council will submit a brief statement indicating the qualifications and chapter ratings of each candidate recommended.

The funds for this scholarship shall be raised by monthly assessments of the active chapter and by subscriptions and donations from alumni. A trust fund shall be established by the Board of Regents to receive these monies from time to time. At least one award of at least \$100 shall be paid from income each year. Principal may be used if income from the fund is less than \$100.

ACTIONS BY THE PRESIDENT
Since the May 14, 1949, Meeting
of the Board of Regents
(Copy attached)

Upon motion of Regent Grady, seconded by Regent Werner, it was
VOTED, That resignations numbered 1 to 23, inclusive, listed under
Actions by the President, be approved.

Upon motion of Regent Werner, seconded by Regent Hodgkins, it was
VOTED, That appointments numbered 1 to 107, inclusive, listed under
Actions by the President, be approved.

Upon motion of Regent Kleczka, seconded by Regent Hodgkins, it was
VOTED, That salary and service adjustments numbered 1 to 52, inclusive,
listed under Actions by the President, be approved.

The above actions by the President taken since the May 14, 1949, meeting
of the Board and approved by the Regents in the foregoing resolutions are made a
part of the records of this meeting.

President Fred presented his recommendation, concurred in by the Univer-
sity Committee, for the reappointment of Professor W. B. Sarles to succeed himself
as a faculty member on the Athletic Board, and his recommendation, concurred in by
the Wisconsin Alumni Association, for the reappointment of Mr. Joseph A. Cutler to
succeed himself as an alumni member of the Athletic Board. Upon motion of Regent
Hodgkins, seconded by Regent Werner, it was

VOTED, That the appointments by the President of Professor W. B. Sarles
to succeed himself as a faculty member and of Mr. Joseph A. Cutler to succeed him-
self as an alumni member on the Athletic Board be confirmed. (The membership of
the Athletic Board for 1949-50 will be as follows:

Faculty Members

Professor W. B. Sarles, Chairman
Professor R. V. Campbell
Professor H. F. Harlow
Dr. F. L. Weston

Alumni Members

Joseph A. Cutler
William D. Hoard, Jr.

Student Member

Steve W. Gremban (President of the
Student Athletic Board)

Faculty Representative, ex officio

Kenneth Little.)

President Fred reported that as a result of criticism by the State Auditor regarding the manner in which the student athletic activities fund had been handled, disbursements from this fund were being suspended until the status of the fund was definitely determined. The President suggested the desirability of obtaining an opinion from the Attorney General as to the legal status of the student athletic activities fund and also of other student activity accounts. Upon motion of Regent Kleczka, seconded by Regent Grady, it was

VOTED, That the Attorney General be asked for an opinion on the legal status of the student athletic activities fund and other student activity accounts.

RECOMMENDATIONS AND REPORT OF THE VICE PRESIDENT OF BUSINESS AND FINANCE

I. Contracts, Leases, and Agreements

1. That the Vice President of Business and Finance be authorized to sign a renewal agreement for the period July 1, 1949 to June 30, 1950, renewing Cooperative Agreement No. Api-3474 between The Regents of the University of Wisconsin and the Agricultural Research Administration covering the cooperative research and services in connection with the operation of the National Barley and Malt Laboratory.

Adopted.

2. That the President and the Secretary of the Regents be authorized to sign a license from the Chicago and North Western Railway Company for the construction and operation of a coal unloading pit at the Badger Ordnance Works, to replace the unloading pit covered by license approved by the Regents on October 12, 1946, for use in connection with the operation by the University of housing facilities at Badger Village.

Adopted.

Upon motion of Regent Grady, seconded by Regent Callahan, recommendations 1 and 2 listed under the recommendations and report of the Vice President of Business and Finance (I. Contracts, Leases, and Agreements) were adopted.

II. Report of Actions Taken

1. A release and assignment of the rights of The Regents of the University of Wisconsin as Trustee of the Trust Estate of William H. Kipp, deceased, in the oil and gas production rights below 3500' in the McCaughtry Unit in the SE/4 of the NW/4 of Section 35-5N-8W, Grady County, Oklahoma, has been signed releasing said rights to the Anderson-Prichard Oil Corporation of Oklahoma City, Oklahoma. (This release has been signed upon completion of the payments required under the terms of the assignment dated February 19, 1937, by the Secretary of the Regents of the University of Wisconsin as Trustee of the Trust Estate of William H. Kipp, deceased.)

Approved.

II. Report of Actions Taken (Cont.)

2. In accordance with authority granted by the Regents for the Vice President of Business and Finance to sign contracts and agreements for educational services requested by the Government, the following contracts have been signed:

- (a) Supplement No. 1 to Army Contract No. W-11-175-TNG-(AAV)-148 providing for the extension of training for an Army Officer in a graduate course in agricultural bacteriology through the first semester of the 1949-50 academic year, under which the Government pays the equivalent of the nonresident tuition.
- (b) Supplement No. 1 to Veterans Administration Contract No. V3030V-263 providing for the addition of two courses in Public Health Nursing to the schedule of courses offered under this contract for veterans enrolled in the University under Public Laws 16 and 346.
Approved.

3. In accordance with the authority granted by the Regents on September 27, 1947, for the Vice President of Business and Finance to sign contracts and leases not in excess of \$2500.00, the following contracts, leases, and orders have been signed:

- (a) Racine Woman's Club, Racine, Wisconsin, for the rental of the Woman's Club on April 28, 1949, by the University Extension Division for a Pro Arte Quartet Concert; total \$ 25.00

Approved.

4. In accordance with authority granted by the Regents for the Vice President of Business and Finance to sign proposals, agreements, contracts and contract supplements with the United States Government for research work or services under Government contract upon the approval of the President of the University and the appropriate dean, Supplemental Agreement No. 2 to Army Contract No. W-18-064-CM-208 has been signed providing for the extension of the research being conducted under this contract in the Department of Agricultural Bacteriology for the additional period July 1, 1949 to September 14, 1950, with an additional estimated cost to be paid by the Government in the amount of \$3323.00. (Total contract costs increased from \$2500 to \$5823.)

Approved.

Upon motion of Regent Werner, seconded by Regent Hodgkins, actions 1 to 4, inclusive, listed under the recommendations and report of the Vice President of Business and Finance (II. Report of Actions Taken) were approved. Regent Grady requested that he be recorded as not voting on Action No. 1 of the Report of Actions Taken because he is a stockholder of the Anderson-Prichard Oil Corporation.

The Vice President of Business and Finance reported that there has been received from the Public Housing Administration fully executed copies of Form PHA-1826-1, "Relinquishment and Transfer under Public Law 796", relinquishing and transferring to The Regents of the University of Wisconsin, without cost, all property right, title and interest of the United States in the following temporary housing projects:

Project WIS-V-47171 - Truax School House Area

Project WIS-VN-47164 - Truax Field Hospital Area

Project WIS-47098 - Monroe and Randall Park Trailer Camps.

The Vice President of Business and Finance reported that bids would be received on June 21, 1949, for the construction of a greenhouse at the University Extension Division at Milwaukee and that contracts for this work should be awarded prior to June 30, 1949. Upon motion of Regent Werner, seconded by Regent Jones, it was

VOTED, That the Executive Committee be authorized to act for the Board of Regents in the award of contracts and approval of schedule of costs for the construction of a greenhouse at the Milwaukee Extension Division for which bids will be received on June 21.

The Vice President of Business and Finance presented a request from the firm of Hill, Miller & Hill of Baraboo, Wisconsin, that the Regents execute a mortgage satisfaction covering the mortgage given by Carl Schmalz and his wife to J. Stephens Tripp in 1896 which evidently had been satisfied during the lifetime of J. Stephens Tripp and was not included in the inventory of the J. Stephens Tripp Estate, of which the University of Wisconsin was the residuary legatee. Upon motion of Regent Jones, seconded by Regent Werner, it was

VOTED, That the President and Secretary be authorized to take such action as is necessary upon recommendation of the Attorney General, with reference to the request for a satisfaction of the mortgage given by Carl Schmalz and wife to J. Stephens Tripp in 1896.

Regent Hodgkins presented the report of the Finance Committee. Upon motion of Regent Hodgkins, seconded by Regent Werner, it was

VOTED, That conditional approval be given to the schedules of the 1949-50 operating budget as revised by the Finance Committee, that the President of the Uni-

versity be authorized to complete the budget for formal approval by the Regents at the next regular or special meeting of the Board, that subject to the approval of the Governor of the Biennial State Budget Bill adopted by the Legislature, the President of the University and the Deans and Directors be authorized to plan the work of the University for 1949-50 in accordance with the conditionally approved budget schedules, including provisions for salaries and staff, and that the schedule of civil service salaries prepared in accordance with the State Statutes and the Rules of the Bureau of Personnel be approved and filed with the Bureau of Personnel on or before July 1, 1949, as required by law. This action is taken subject to the understanding that faculty salary details and promotions, appointments and reappointments contained in the budget schedules are subject to final approval of the Regents at the next meeting.

Upon motion of Regent Hodgkins, seconded by Regent Werner, it was VOTED, That the following budget for the year 1949-50 for a research and development program in physics be approved, chargeable to the special allotment of \$80,000 received from the sale of a high voltage electrostatic generator:

Upon motion of Regent Hodgkins, seconded by Regent Jones, it was VOTED, That net income, not to exceed \$2000, in excess of a return of 3.3% on the Consolidated Trust Funds in the year 1948-49 be transferred to the Trust Funds Suspense Account for possible losses on investments.

Upon motion of Regent Hodgkins, seconded by Regent Kleczka, it was VOTED, That the President and the Vice President of Business and Finance be authorized to make necessary adjustments in revolving fund budgets for 1949-50 to comply with statutory requirements regarding civil service bonuses and retirement payments.

Upon motion of Regent Hodgkins, seconded by Regent Werner, it was VOTED, That the election by the Kohler Family Scholarship Award Committee of the following 1949 graduates of Kohler High School to receive Kohler Family Scholarships of \$500.00 each be approved:

Vivian Gertrude Ehren.
Sarah Craig Conger
Joseph Alexander Biwan.

Upon motion of Regent Hodgkins, seconded by Regent Werner, it was VOTED, That the Vice President of Business and Finance be authorized to sign an agreement for room and board at Villa Maria, Madison, Wisconsin, for summer institutes of the School for Workers for a period of eleven weeks beginning June 19, 1949.

The Secretary read a letter from George D. Wheeler, President of the Wisconsin Student Association, regarding the endorsement voted by the Student Board of the Wisconsin Student Association on May 31, 1949, of the stand taken by President Fred and the Board of Regents regarding the Legislature's cut in appropriations for the University and recommending that the number and scope of public services now provided by the University to the people of the State be reduced before lowering the quality of instruction at the University. (Copy of letter attached.) *Original with papers.*

The Secretary read a letter from Mr. George S. Beery, Chairman of the University Houses Community Council, transmitting a resolution adopted by the Community Council of University Houses expressing appreciation for the availability of these housing facilities and the manner in which they were being operated. (Copy of letter attached.) *Original with papers.*

Upon motion of Regent Werner, seconded by Regent Grady, it was VOTED, That the communications from the Wisconsin Student Association and the University Houses Community Council be received and placed on file.

Regent Jones presented the following resolution regarding the services and retirement of John Callahan as State Superintendent of Public Instruction and as a member of the Board of Regents of the University of Wisconsin:

"WHEREAS John Callahan, State Superintendent of Public Instruction, will complete his distinguished service as State Superintendent of Public Instruction on June 30, 1949, and

WHEREAS this will be his last meeting as a member of the University of Wisconsin Board of Regents, therefore be it

RESOLVED that we hereby express our deep appreciation to John Callahan for his understanding of Wisconsin's educational problems, his leadership in providing steadily improved educational programs for all Wisconsin's youth, his integrity in meeting the vital issues confronting this Board of Regents during the past twenty-eight years, and the sterling example of good citizenship through service to his fellow men that he has demonstrated consistently in his more than sixty years as courageous teacher and as administrator, and be it further

RESOLVED that this Board and the people of Wisconsin keep ever in mind the enrichment of life which comes to a commonwealth through sterling service of such men as John Callahan."

In presenting the above resolution Regent Jones stated:

"I deem it a privilege, Mr. President, not unmixed with regret, that it is my privilege at this moment to offer this resolution and move its adoption by a rising vote of this Board."

The motion was seconded by Regent Grady and was carried unanimously by a rising vote.

President Fred and the Regents extended to Mr. Callahan informal expressions of appreciation for his long and valued services to the State and to the University.

Upon motion of Regent Callahan, the meeting adjourned at 11:35 A.M.

A. W. Peterson, Secretary

President E. B. Fred
University of Wisconsin

Have just learned that Congressional Joint Committee on Atomic Energy has scheduled hearings on Friday, June 17, which I must attend. This makes it impossible for me to attend the University's exercises. I wish I could convey to you how great is my regret that I cannot be on hand for an event I have looked forward to for many weeks. I regard the honorary degree awarded me by the University one of the finest things that could possibly happen to one who holds the great respect and devotion I feel for the University of Wisconsin and its place in the lives of the people of Wisconsin. With cordial personal regards.

David E. Lilienthal, Chairman
United States Atomic Energy Commission

MINING ENGINEERING CURRICULA

Leading to the Degree of Bachelor of Science (Mining Engineering)

- A. Mining Engineering Option
- B. Mining Geology Option (Metallic Minerals)
- C. Mining Geology Option (Petroleum)

In all options the work of the first two years is the same. In anticipation of his senior year's selection of one of the three options, the junior elects the indicated courses in geology and/or hydraulic engineering.

PROPOSED CHANGES IN THE PROGRAM OF REQUIRED PHYSICAL EDUCATION FOR MEN

The Division of Physical Education--Men recommends that the present physical education requirement, reading as follows: "All freshman and sophomore men are required to take two hours of physical education per week for four semesters during their first two years of residence at the University. Students who fail to pass the basic physical fitness, motor ability, and swimming tests will be required to take a third hour per week until these deficiencies are removed..." be changed to read, "All male freshmen are required to take two hours of physical education per week for two semesters during their first year of residence at the University. Students who fail to pass the basic physical fitness, motor ability, and swimming tests will be required to take a third hour per week until these deficiencies are removed."

"EXEMPTIONS: a) Students who are certified as physically unfit by the Department of Student Health; b) students who have served three (3) months or more in the armed forces; c) students who at the time of registration have passed their twenty-first birthday; d) transfer students with 25 credits; e) other exemptions at the discretion of the director."

The revised regulations are to be effective at the beginning of the 1949-50 school year.

The Division of Physical Education--Men regrets that it must give up the training of sophomores, but due to the inadequacy of facilities such as indoor play areas, lockers and locker-room space, the department feels that in order to maintain a high quality program it is better to concentrate on the freshmen rather than do a mediocre job due to overloading of classes if the sophomores are continued in the program. It is to be hoped that the sophomores, for the most part, will find opportunity for exercise and recreation in the intramural sports program, which enrolls up to 4,000 men annually from the dormitory, fraternity, and independent groups on the campus.

REPORT TO THE FACULTY ON THE PURPOSE, METHODS AND PROGRESS
OF THE STUDY ON INTERCOLLEGIATE BOXING AT THE UNIVERSITY OF
WISCONSIN

On April 5, 1948 the Faculty of the University of Wisconsin requested the Athletic Board "to furnish the Faculty with the facts pertaining to boxing as a collegiate sport". To this end the Athletic Board instituted a study of the subject and requested the Dean of the Medical School to appoint personnel to make a thorough study of the medical aspects of boxing. Dean Middleton delegated the responsibility for the program to the Director of the Department of Student Health and appointed Dr. B. H. Glover, Assistant Professor of Neuropsychiatry and Preventive Medicine, as principal investigator with the assistance of Drs. William A. Leovy and C. A. Schmidt of the Department of Student Health to carry out the researches.

The Athletic Board asked the Dean of the School of Education to undertake studies on the scholastic achievements of boxers at the University of Wisconsin. Dean Fowlkes delegated the responsibility for this work to Professors A. S. Barr and C. W. Harris of the Department of Education, who were assisted by C. H. Chaffee, G. O. Jensen, and R. J. Leverentz.

In addition, members of the Department of Intercollegiate Athletics were asked to secure information on the activities and records following graduation of boxers who have attended the University during the past fifteen years.

Funds to support these studies, amounting to approximately \$5,000 for the present fiscal year, have been supplied by the 5-C Intercollegiate Athletics Fund.

The plan of the medical studies in progress is as follows:

1. A survey and critical evaluation of the medical literature on boxing is being made with particular reference to head injuries and to the effect of boxing in college on the health and welfare of students.
2. A survey is in progress of the health records on file in the Department of Student Health of all collegiate boxers at the University of Wisconsin during the past 15 years.
3. The study of students currently participating in intercollegiate boxing at the University of Wisconsin includes the following: As heretofore, a comprehensive physical examination before and after each season and at intervals during the season, as indicated; thorough neurologic examination and certain psychometric testing, tests of reaction time, equilibrium, etc., before and after each season and at other times when indicated; examination by means of the electroencephalograph before and after each season and as frequently as feasible during competition; observation by a physician of the Department of Student Health of the members of the boxing squad during all activities whether in practice or in competition. This physician and his assistants are responsible for detailed records of physical performance, illness, injury, behavior, and general health of all participating students.

End of Report

4. A search for possible cumulative effects of boxing in college on the subsequent health of participants is in progress through recall of former college boxers for examination and electroencephalograms (as many as possible, without selection) and, in part, by study of performance of former college boxers after leaving the University (as many as possible without selection). This aspect is being studied by other investigators, but information of value is obtained occasionally through the contacts of this group.

5. Collaboration with interested persons at other schools to more rapidly accumulate objective data relative to this study than is possible at a single institution.

6. Information regarding the general features of professional boxing is being acquired. This is not a part of the present research. However knowledge of all aspects of boxing is desirable, if critically accumulated.

The subject of boxing in college covers a broad area with many ramifications involving not only physical but psychologic, emotional and social aspects, not all of which are limited to the participants. The present study is concerned primarily with the accumulation of facts of medical nature. Opinions are of value but this investigation is based on the premise that its value fundamentally will depend upon the amount and objective nature of the information acquired.

Progress and current status of the study:

The observations and studies of the currently participating members of the intercollegiate boxing squad of the University of Wisconsin have been made during the past season as outlined in the plan above. Several times during this season examination and testing of members of competing teams was possible. Observations and studies were continued unrestrained throughout the recent Twelfth National N.C.A.A. Tournament held at Michigan State College during April, 1949. Seventeen schools and 61 individual contestants participated in this Tournament. Every section of the United States was represented. Boxing coaches, several athletic directors, and other interested persons from all sections of the country were present. It was possible to observe all of the teams and to discuss this study of boxing in college and its purpose with all of the interested officials in attendance at the National Tournament.

Considerable factual information concerning the immediate physical effects of boxing in college has been accumulated, in the manner outlined, during the 1949 season. In brief, the following studies were obtained on members of the intercollegiate boxing squad of the University of Wisconsin: number of students examined, 101. Of these 48 were Freshman, 24 Sophomores, 20 Juniors, and 9 Seniors. Of the total, 2 were eliminated for scholastic reasons and 3 for medical reasons prior to the beginning of competition. Of the total, 56 had had previous boxing experience; 27 in high school, 7 in Armed Services, 11 in amateur boxing (Golden Gloves), and 38 previously in college. In addition to the examinations noted above in the plan of study, 34 took other psychologic tests, the Rorschach and a reasoning test.

Prior to and during competition 119 electroencephalograms were made on 79 participants of the intercollegiate sport at Wisconsin. Several individuals had a series of tests. Of the total, 117 were normal and 2 were abnormal. Both of the latter were obtained before the students entered the sport and neither of the individuals participated. None of the electroencephalograms obtained after a bout were abnormal.

The University of Wisconsin 1949 boxing schedule included 7 intercollegiate matches, 2 All-University matches, and participation in the National Tournament. Each bout was closely observed. No Wisconsin boxer suffered a blow to the head sufficient to cause disability or unconsciousness. During practice bouts in quarters, 2 individuals were temporarily dazed.

All 52 bouts held during the National Tournament were closely observed. None of the 61 participants suffered a blow to the head sufficient to cause disability or unconsciousness.

In addition to 119 electroencephalograms obtained on members of the University of Wisconsin boxing team during the season and at the National Tournament, 62 examinations including electroencephalograms were made under varying circumstances on boxers other than those currently participating in the sport at Wisconsin. These included students from other schools during intercollegiate matches, or at the National Tournament, men who had participated actively in the sport while in college at some time previously, boxing coaches who had been active in the sport in earlier years, and other similar individuals. None of these revealed abnormal tracings. While this study has not revealed significant abnormalities to date, it is emphasized that scientifically sound conclusions cannot be made from the experience and data obtained during a single season.

The search for possible cumulative effects of this sport in college is being furthered by the interest and the desire to cooperate which has been exhibited spontaneously by officials of several universities where intercollegiate boxing is a major sport. Several schools are looking with interest to the outcome of the study initiated here. It is clear that we now have a further responsibility for accomplishing an authoritative study since it may become an important influence in deciding the suitability of this sport for colleges other than the University of Wisconsin.

It seems reasonable that a study of this nature, which offers some promise of providing accurate information on the controversial subject of boxing in college, should be continued long enough to bear the weight of authority. It will require more than one season, possibly several, for sufficient data to be accumulated which will be acceptable for this purpose. The issue would appear to be of such importance to so many that the effort to resolve it, if possible should be pushed to the limit of effectiveness.

Objectives of the scholastic achievements study:

The purpose of this study is to compare the scholastic achievements, as represented by grade point averages, of intercollegiate boxers at the University of Wisconsin with the averages of non-athletes and non-boxing athletes. The basic objective is to discover what differences, if any exist between the scholastic achievement of boxers and of other groups of students.

Method employed:

The method of research, employed in this study, has involved the use of matched or equated groups. The matching criteria were:

- a. Age
- b. Year in school
- c. Course of study (Agriculture, Education, etc.)
- d. Predicted grade point average, based upon the American Council Psychological Examination and the high school percentile rank.

These criteria are necessarily limited by the information available in the University of Wisconsin records. Whenever possible, additional data were obtained from other educational institutions.

The original group of persons studied were sixty-six boxers whose names have appeared in the intercollegiate records during the past 15 years. Because of the lack of essential information about certain boxers it became necessary to reduce the number included in this study to thirty-five. The war years, 1942 to 1945, inclusive, were not included in this study.

Having matched the groups on the above-named measures, it seemed justifiable to examine the final grade point averages for statistically significant differences.

Tentative findings:

The differences in the mean grade point averages for all years spent in the University of the boxers and non-athletes was found to be .15; the mean grade point average of the boxers was 1.32, and that of the non-athletes selected for comparison was 1.47. The critical ratio of the difference between the means was 1.84; this difference would appear to be significant at just below the 5% level.

A similar comparison was made between boxers and non-boxing athletes for all years which they spent in the University. The mean grade point average of this group of boxers was found to be 1.27, as compared with an average of 1.33 for the group of non-boxing athletes. The difference between means was .05, and the critical ratio of this difference, 0.53. A critical ratio of this magnitude could be expected about 30 times out of one hundred on the basis of chance alone. The difference in mean grade point averages between this group of boxers and the paired group of non-boxing athletes would appear to be statistically insignificant.

Of course, differences such as those found in this study may arise out of a number of circumstances, some of which we have controlled, and some of which we have not. One important factor, for example, which was not controlled was motivation.

Studies of scholastic records are being completed, and it is hoped that by July 1, 1949 this work will be finished. Additional conclusions may be drawn when all of the data have been analyzed.

Recommendations:

It is strongly recommended that the study of boxing in college, now in progress at the University of Wisconsin, be continued without interruption, that the intercollegiate boxing activity be continued uninfluenced by the current researches into the sport, and that a detailed report or any conclusions relative to the desirability of the sport for institutions of higher learning be deferred until sufficient factual information is available to support valid conclusions. In the best interests of our college men, the correct evaluation of the place of boxing in college should be pursued with every means at our command. At the same time, the proper definition of this sport in relation to the cultural standards of institutions of higher learning should also progress toward a reasonable solution.

STUDENT BOARD
of
The Wisconsin Student Association
Memorial Union Building
Madison, Wisconsin

June 7, 1949

Mr. Frank J. Sensenbrenner, President
Board of Regents
University of Wisconsin
Madison, Wisconsin

Dear Sir:

At its meeting on May 31, the Student Board of the Wisconsin Student Association voted unanimously to endorse the stand taken by President Fred and the Board of Regents regarding the state legislature's cut in appropriations for the University.

We feel strongly that the first duty of the University is to its students, and therefore agree wholeheartedly that before tuition and fees are raised still further, or the quality of teaching is impaired in any way, that the first course of action should be to reduce the number and scope of public services now provided by the University to the people of the state.

We hope that you will stand firm in your estimable and positive resolve to eliminate less important services before lowering the quality of instruction at the University.

Very sincerely yours,

/s/ George D. Wheeler

June 9, 1949

Mr. Frank J. Sensenbrenner
Neenah, Wisconsin

Dear Mr. Sensenbrenner:

At its last meeting, the Community Council of University Houses passed the following resolution unanimously:

Whereas in the fall of 1946 a serious housing shortage in the Madison area, particularly a shortage of accommodations for married faculty members, was hampering the work of the University of Wisconsin;

And whereas the Wisconsin Alumni Research Foundation stepped forward with a unique housing plan;

And whereas University Houses was at least partially completed by June 1, 1948, in time to be of irreplaceable aid in housing members of the University faculty in a time of emergency;

And whereas during the past year the management of University Houses has cooperated to the utmost with the University Houses Community Council toward stabilizing and improving group living conditions in all their aspects at Eagle Heights;

Therefore be it hereby resolved that the University Houses Community Council, extend to the management of University Houses, to the Board of Trustees of the University of Wisconsin Foundation, and to the Board of Regents of the University of Wisconsin, on the first anniversary of the opening of University Houses, this resolution of gratitude for a project undertaken in a spirit of public service, carried out with efficiency and dispatch, and maintained with care and understanding.

I am quite sure you will be pleased to receive this recognition of your personal interest in University Houses, Inc.

Very sincerely yours,

George S. Beery
Coordinator of Extension
Division Services in Education
Chairman, University Houses
Community Council
