The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

THE PASSIVE TENDON IMPLANT (HUNTER-HAUSNER DESIGN)

- ... indicated for use in the two-stage procedure developed by Dr. James M. Hunter for the reconstruction of flexor and extensor tendons in individuals having significant hand tendon injury.
- ... the only tendon implant with a distal end fixation system.
- ... another advancement toward an active tendon.
