TRACK MEET OCT. 10

FRESHMEN AND SOPHOMORES WILL HOLD ANNUAL CONTEST.

Candidates for Teams Will Have Ten
Days Training—Cross Country
Run Monday.

A call was issued yesterday by Coach Kilpatrick asking all track men to meet him on Monday to arrange the work for the coming year particularly the preliminary work of this fall. Freshmen and sophomores are especially urged to be present so as to complete the organization of their class teams and to perfect plans for the regular fall class meet which is to be held on Wednesday, Oct. 10, at Camp Randall. The meeting of the Cross Country club was postponed from yesterday afternoon and the members and all interested in that work are urged to attend the meeting on Monday afternoon after which the first cross country run will be taken.

The management and coach are anxious to make the Freshmen—Sophomore meet one of the most successful athletic events of the year. In previous years the freshmen especially, have been severely handicapped by of organization. A captain has generally been chosen but no chance has been afforded to try out the unknown material in the ranks of the incoming class. This year it is the intention to give all candidates for both teams the benefit of ten days training under Coach Kilpatrick and it goes without saying that the grade of the work done at the coming meet will be materially raised and a more accurate estimate of future trackmen in the class of 1904 may be formed. The former members of the track team, although not needing organization so badly, have for the most part been out of training since last spring and will be greatly helped by fall training.

At the meeting of the western colleges last summer it was definitely decided to throw out the mile walk and to substitute the two-mile run. Endurance is always a prime requisite for men trying for the long runs but this new event will require even greater staying powers than any of the other distance events. Therefore it is absolutely necessary for men trying for the two-mile run to appear for fall work or some sort. To furnish opportunities for distance work will be one of the primary purposes of the Cross Country Club. The plan as tried last year was entirely successful and met with great favor on the part of the coach and members of the team. At least two of the ten men coming out last year for these runs were able to make the Varsity track team the next spring and all agree that in a great measure their success was due to the increased staying powers gained in the fall Hare- and Hound chases. All freshmen, therefore, who are intending to try for the track team this year are urged to come to next Monday's meeting. Suitable arrangements will doubtless be made by which those taking the runs with the club will be excused from gymnasium drill.

The first run will come off Monday after the meeting and will not be too long or hard for new men. Ex-captain Bredsteen will probably do the pacing. A series of Hare- and Hound runs will again be given this fall and suitable medals will be given men winning the most points during the season.

INTERESTING DISCOVERY

Made by Profs. Marshall and Libby
This Summer.

An interesting discovery was made by Professors Libby and Marshall at the Tower Hill Summer School this summer. The Shot Tower is a high bluff in the Wisconsin river just south of Spring Green, and was used in early days for the manufacture of shot which were dropped from the summit. While digging post-holes for a seat on the old wagon road the two skeletons were discovered. The soil was carefully scraped away and photographs were taken from many positions before the remains were disturbed. There are three sets of these pictures.

The skeletons lay in a north and south direction and one was buried some time before the other. The head of the first was removed to the feet at the time of the second and lay on the ankle bones when discovered. The second was in a very cramped position and the head was somewhat crushed.

It is supposed that they are the remains of some Indians although no relics, arrow-heads, or pottery was found. The oldest inhabitants know nothing of any white persons being buried there and say that the grave must have been dug prior to 1830.

The skulls have been presented to the State Historical Society to be examined and if they are not valuable will be returned for interment at Tower Hill.

School of Commerce.

The new school of commerce, which has been established for the first time this fall bids fair to become one of the leading features of the University. Already seventy-five students are enrolled, of which fifty-five are freshmen.

The school is under the direction of Dr. William A. Scott. Mr. J. C. Monaghan is professor of Commerce. Mr. Monaghan was for twelve years United States consul to Germany, and was prominent in commercial matters. He resigned his position to take charge of the course preparatory to consular service at the University. Thirteen men are registered for this course.

The need of a school at the University to prepare men more directly for business life has been long felt. The school of commerce is intended to supply this need and especially to prepare young men for such fields as domestic and foreign commerce and banking or branches of public service which require a knowledge of business.

Sphinx Comes Out.

The Sphinx appeared yesterday with an attractive issue. The number is full of bright verse and clever sketches. The center-page drawing by Nelson is especially good. The editorial column resumes its rigorous treatment of contemporary subjects with what Kipling would call "the scorn of all things made." The main agreement is to be commended for its perseverance in establishing in this University a publication similar to that supported by other colleges. In this connection it is interesting to note that humorous magazines have also been established during the past year at the University of Pennsylvania and at Stanford University.

—H. F. Cochems, class of '97, is at present in the northern part of the state, doing republican campaign work.

—Arthur W. Kopp, law '00, is practicing law at Platteville, Wis.

GEOLOGICAL SURVEY

VALUABLE INFORMATION GATHERED DURING SUMMER.

Dr. Birge Directed the Work—New
Quarters for Geological and Natural History Survey.

The Geological Survey has been carried on this past summer with the customary activity and interest by its members. The results are very good and will furnish valuable information for the use of the people of Wisconsin and neighboring states.

The director of the Survey, Dr. Birge, and his assistant, Mr. Juda, have been devoting a part of the summer to a study of the crustacea of the inland lakes of Wisconsin. Dr. Birge, while engaged in superintending the work of the Survey, has been compiling the data which have been collected on lake temperatures. This is a part of the study of fresh water fauna.

Dr. Buckley, who has charge of the economic geology, has been engaged in completing the investigation of the clay resources of the state, which investigation was begun a year ago. The report on this subject is nearing completion and will soon be ready for press.

The work on the Lake Superior copper range, which was begun last season has been continued by Dr. U. S. Grant and assistants. The work of the party consists of mapping the areal geology, and estimating the probability of the occurrence of copper ores in paying quantities.

Dr. Samuel Weidner has been spending the summer in Marathon, Lincoln and Clark counties, mapping the areal geology of that region. He will not return to Madison until the middle of November.

The Hydrographic Division of the Survey has been busy completing the maps of Cedar, Mendota and Monona lakes, under Prof. L. S. Smith as chief.

Mr. N. M. Tenneman who was instructor of Physical Geography in the session, has been devoting the time since the close of the session, to a study of the physical geography of the lake region of southern Wisconsin.

The work started several years ago on the Physical Geography of Vilas and Oneida counties, has been continued this summer by Prof. Nicholson of Lawrence University.

The officers of the Wisconsin Geological and Natural History Survey, have been moved during the summer from the second to the first floor of Science Hall. The engineering lecture room in the north-east corner of the building, has been partitioned off into offices, which are now used by the Survey.

Republicans.

The University Republican Club will meet in the assembly chamber at the capitol at 8 p. m. tonight to formulate plans for the celebration next Wednesday evening at which speaker Henderson will deliver an address. All republicans should turn out.

Committee.

—John Moran a member of the last law class is democratic nominee for the office of district attorney of Dane county.

—W. C. Howe, '99, is teaching at Stoughton.

Literary Societies.

Hesperia.

The Hesperian Literary society held its first meeting last night and the year's work was indeed well begun. An unusually large number of freshmen were in attendance and were much impressed with the manner in which a U. W. literary society was conducted. The first debate was postponed while the second, the educational qualification for suffrage, was warmly contested. The closers were Strehlow for the affirmative and Heubner for the negative, the decision being rendered for the affirmative.

Philomathia.

Philomathia held its first meeting of the year last evening. Officers were installed with Robert Maurer, as president. The question debated was, Resolved, that McKinley's administration warrants his re-election. Plumb closed for the affirmative and Collins for negative. Decision was rendered two to one in favor of negative.

The class of 1904 was largely in evidence and the meeting was an unusually enthusiastic one. Because of the failure of William H. Dale to return this year, a new Junior-Ex representative will have to be elected. This election was postponed until next Friday evening.

Columbia.

Columbia held its first meeting of the year last evening. President Hicks delivered a stirring inaugural address which was heartily applauded. An extemporaneous debate on the question "Resolved, that the United States should retain possession of the Philippines, resulted in a tie vote, the jury consisting of six visitors.

Athenae.

The year's work of the Athenaeum society started under auspicious circumstances. Mr. Barney was inaugurated as president and made an enthusiastic address. Two exceedingly warm debates were held; one upon the question of the Porto Rican tariff and the other upon the subject of trusts. Mr. Joseph Shaw, U. W. '99, who is here this year as a fellow in history acted in the capacity of critic of the literary program. A large number of applications for membership were presented by new men.

Hear Colton Sunday.

Mr. E. T. Colton who is to speak at the Y. M. C. A. Sunday is a graduate of the University of South Dakota. For two years after his graduation he served as general secretary of the Y. M. C. A. in his alma mater. Two years ago he was called to Illinois to fill the position of State College Secretary. While serving in this capacity he was recognized as a man of rare ability as an organizer, as a speaker and as a leader of college men. He has been one of the most popular secretaries among the association men of the middle west. Last spring when Mr. H. W. Rose resigned from the international committee, Mr. Colton was chosen to succeed him. Mr. Colton will arrive to-night and will be the guest of the Y. M. C. A. house. He will meet the several committees Saturday and Monday. Sunday he will speak in the Law Building at 3:30 o'clock. It should be noticed that the time is one hour earlier than usual.

—George W. Lane, '92, has entered the College of Law this year.

WISCONSIN will WIN

In the western championship race for supremacy in football this fall; and we are confident that in the race for supremacy in the tailoring line we shall also lead the van.

A steady increase in trade demonstrates that our efforts in the past to furnish stylish and dressy goods made up in the most approved workmanlike manner have been appreciated.

It has been our particular aim to please and satisfy our university friends, and to those who enter the university for the first time this year we extend a cordial invitation to come and get acquainted, and to our old friends to renew acquaintances.

Our Fall and Winter line of Ready-to-wear Suits and Overcoats is larger than ever before. Large variety of Underwear and Furnishing Goods of all kinds. Sole agents for Dunlap hats.

GRINDE & SCHMEDEMAN.

University Editor.

Y. M. C. A.

Attention is called to the reception at the Y. M. C. A. house this evening. These meetings afford one of the best and most pleasant means for new students to become acquainted and no one should miss an opportunity to attend them.

Fall Track Work.

Coach Kilpatrick's call for track candidates brings to the attention of athletes the necessity and advantages of fall work. Most colleges now give their track men fall work and plan to keep them more or less in condition during the winter. The advantages of such preliminary work will be at once apparent when training commences next spring. In this connection the work of the Cross Country Club should not be overlooked. This organization has had a very successful year and did much toward developing new men for the track team. Now that the longer distance runs, especially the two-mile event, are being introduced, the training afforded by participation in the runs of the club will be invaluable for developing the endurance needed by the men engaging in these events.

The sophomore freshman dual meet ought to be vigorously pushed, both because of the healthy class rivalry thus engendered and the benefit to track athletics. Many of the best finds in the way of new men are made at these meets. It is urged that every

new man who has the slightest athletic ability turn out and enter the meet.

Local and Personal.

—Miss Mollie Strong, '00, was a guest at the Kappa Alpha Theta house this week.

—Miss Ida Spaulding, ex-'01, is taking the Library Course at Champaign Ill. this year.

—C. C. Hatleberg, substitute elect on the 1903 crew will attend Rush Medical College this year.

—Miss F. R. Walbridge M. A. has been engaged to teach English Literature in the Reedsburg High School.

—There was no admittance to the Engineering building today. Men were busy finishing the interior decorations.

—Miss Alice Carton, '98, and a student of the '00 summer school, has been engaged to teach in the High School at Grand Rapids.

—Arthur A. Churchill, '99, is in the Census Bureau at Washington. He holds a very responsible position in the Agricultural Department.

—Miss Tillie E. Nelson, '03, will not return to the University this year but will retain her position in the census enumeration.

—James J. Bowler, law '00, was visiting at the Kappa Sigma house yesterday. He is engaged in the practice of law at Sparta, Wis.

—Miss Fanny Warner, '00, will teach in the Poyette High School for the coming year, while her sister Miss Florence, '00, has accepted a similar position at Dodgeville.

—Mr Odland, a fellow in English last year and Mr. Stauff a former graduate are engaged as assistants in the Windsor Township High School located at De Forest.

—Professor B. W. Snow spent his vacation in Europe, after the close of the summer session. His trip was merely for a rest and recreation. After the year's work no scientific congresses were attended or addressed by the head of our physics department. Three weeks were spent in Paris at the Exposition.

—Miss Gertrude Stillman of Milwaukee, who has been in the city for the past week visiting friends, has received the appointment of instructor in mathematics in Milwaukee-Downer college. Miss Stillman was graduated from the University in '99. She is a member of Delta Delta-Delta sorority, and was admitted into the ranks of Phi Beta Kappa, on account of her very high standing in scholarship. Miss Stillman enjoys a wide acquaintance in college circles.

FRESHMEN BEWARE.

The Sophs are out. Do not wander too far, get your medicine, candies, photographic goods, etc., at Sumner's Drug Store on State street, then you are near home and will get good goods.

Lucy M. Gay.

Lectures on Ancient Rome.

The attention of all students of the University is called to a course of lectures on the topography and remains of ancient Rome to be given by Dr. Grant Showerman of the Latin department.

Dr. Showerman spent the last two years as fellow of the School of Classical Studies at Rome and has made himself thoroughly familiar with the subject on which he is to lecture. No knowledge of Latin is necessary in order to take the course. Some of the lectures will be illustrated by lantern slides. Two-fifths credit will be given for the course and the lectures are to be on Tuesday and Thursday at 4 p. m. The first lecture will be given on Tuesday, October 2nd, at 4 p. m. in room 38, University Hall.

Send in 10 subscriptions for the Cardinal and get your own free.

Student Notices.

CONSULAR SERVICE.

This course will consist of lectures and practical work on the consular service of this country. Reference will be made to other systems for the purpose of familiarizing students with foreign forms. It will aim to fit young men for work in our foreign offices, and to prepare them to pass an examination for admission to the Consular service of the United States. The work will be of such a character as to be of value in a counting room, merchants or manufacturer's office in our own country. Much of it will be of a practical business character dealing with customs laws, invoicing, drawing of papers, making reports, etc., etc. The class will meet for the first time, Friday a. m. Sept. 28, A. D. 1900, in the seminary room of the School of Commerce, Historical Library Building.

J. C. Monaghan.

University of Wisconsin.

Official Notices.

Headquarters U. W. Regiment,
Office of the Commandant,
Sept. 28th, 1900.

(Orders, No. 1.)

I. All Commissioned and non-Commissioned Officers who did not take the military examination for promotion held May 19, 1900, are hereby honorably discharged from office.

II. All Commissioned and Non-Commissioned Officers of the U. W. Regiment who took the military examination held May 19, 1900, will notify the Commandant by letter before Thursday, October 11, 1900, whether it is their desire to continue the drill. Failure to report within the time mentioned will cause the officer's name to be dropped from the list of candidates. These letters may be sent by mail or dropped in the letter-slide of the Commandant's office.

III. All Non-Commissioned Officers and Privates who presented themselves for examination for promotion or appointment May 19, 1900, will assemble in the drill hall at 4 p. m., October 2, 1900, for examination as to their ability and aptitude for command. Former Officers and Non-Commissioned Officers of reputable military schools and former Officers and Non-Commissioned Officers of the National Guard (if members of the sophomore classes) may appear for this examination. Omission to do so will invalidate their claims to appointment.

IV. All Commissioned Officers of the Regiment intending to continue their connection with it will attend the military drill examination appointed in the preceding paragraph. They will bring paper and pencils for taking notes.

V. Drills for the Freshman class will begin Tuesday, Oct. 11, 1900, at 5 p. m., and drills for the sophomore class, Tuesday, Nov. 27, 1900, at the same hour.

VI. Students desiring to be excused from drill for physical disability, or other proper cause, will apply in person to the Commandant.

VII. All excuses heretofore granted members of the present sophomore class, except for permanent physical disability, are hereby revoked.

Charles A. Curtis,
Captain U. S. Army, Commandant.

Headquarters U. W. Regiment,
Office of the Commandant,
Sept. 28th, 1900.

(Orders, No. 2.)

The Regimental Band will until further orders consist of four Senior and four Junior students who will be paid fifteen dollars per semester for their services.

A number of Sophomore and Freshmen students who desire to take practice in the Band as an equivalent for Military Drill will be allowed to do so upon application to the Commandant.

Professor Charles Nitschke of the School of Music is appointed instructor of the Band with authority over the members of the same.

No allowance for use of private instruments will hereafter be paid.

The rules and regulations govern-

ing the Regiment will also apply to the Regimental band.

Charles A. Curtis,
Captain U. S. Army,
Commandant.
