"THE HARVEST"

J. HENNES

CAN WE STAY OUT OF WAR?

At the dedication of the new Outer Drive Bridge in Chicago last Tuesday, the President made the occasion an historic one by his utterances regarding the stand of this nation in regard to those nations which are causing trouble in the World by their disregard of treaties.

Back in 1917 we remember there were similar statements by a president who made a campaign issue on a promise to keep us out of war and then within a few months had us in the World War.

Some how it does not seem to work as planned when boycotts are placed on aggressor nations.

We have tried to be a big brother to the weaker nations of the World and a friend to the bigger ones, but what have we, but trouble and notes for millions way passed due and a national debt almost beyond our ability to comprehend.

Our wise first president advised his country-men to avoid foreign entangling alliances. It is these alliances which have in the past and will in the future draw us into war.

We did not join the League of Nations, which was the idea of our World War president, but are a party to the Nine Power Pact guaranteeing the integrity of China. Our President takes the stand that having made the treaty we must see it through.

Thus instead of being a "big brother", Uncle Sam becomes a "big cop".

There isn't much left for us to do but prepare for war. Japan insists that she knows what she is doing and brooks no interference in her effort to bring peace to China. She is waging this war to make a united China. (It is uniting China, but not as Japan planned).

Just now it is an undeclared war between two of the yellow races but suppose the white race steps in, it may take the turn that often happens when neighbors step into family quarrels.

Shall we be a big policeman or try to live a self sufficient home loving life?. It takes different kinds of weapons in either case.

Who shall decide what our policy shall be ?. Certainly not one man or a small group of men. Let's get a majority opinion. Congress alone can declare war. Everyone with an opinion should write his Senators or Congressman.

Our Congressman is Thomas R. Amle, Elkhorn, Wis. Our Senators are Robert M. La Follette, Madison, Wis. and F. Ryan Duffy, Fond-du Lac, Wis. Let them know where you stand.

F.M. Van Epps.

WE DELIVER

Christopher Columbus was a wise man. He could make an egg stand on end without breaking it.

He wanted to sail on the ocean so he thought of discovering America. He went to Queen Isabella and asked her to sell her jewels and give the money to him. She did this. Columbus bought three sail boats and sailed away. He had a very rough voyage. His sailors were going to throw him overboard. Columbus said, "wait, we will soon be seeing America". They landed soon afterward and met the Indians. Columbus asked, "Are you the Indians?" they said, "right, we are discovered at last."

A young farmer living in Indiana has a radio in the barn for his cows and has it tuned in while he is milking them. He says, "They keep happy and give more milk when 'swing' music is played, but shy at soprano voices. Soprano singers must learn to 'swing' their notes to please their bovine listeners."

TRY A CANNIBAL SANDWICH

Over a raw hamburger sandwich spread two raw eggs, then smother the sandwich with onions.
(Bob Zuppke's favorite)

THEY LIVED HAPPILY EVER AFTER

At a wedding in Union, Idaho, Miss Mae Church was married to Mr. Silader Pugh. Rev. Leonard Bell was the minister who performed the ceremony.

Mr. Bunn is a baker at Baraboo, Wis.

Silly Sally says-"I never get weighed in a meat market because I don't believe fish scales ever weigh correctly."

A hick town is a place where you can drive into a filling station and ask for two gallons of gas and the attendant will smile at you instead of sneeringly inquiring-"Smatter, mister, are you tryin' to wean her?"

The Williams Bay P.T.A. held the first meeting of the year on Monday evening last, which was well attended.

The speaker for the evening was Frank Holt, Dean of the University of Wisconsin Extension Division, who spoke on the Purpose of the University Extension School such as we now have in Williams Bay.

The aim of the Extension School is to enable high school graduates from the towns in this district, who desire a college education but cannot afford the extra expense of living away from home, to be able to get the University Freshman year course of study, which will cost them only the tuition fees plus

the cost of books, and which will give them the same course of study and credits, and not have to bear the extra cost of room and board and extras away from home.

There are fifty thousand high school graduates now in Wisconsin who have the aptitude for a higher education, but who are unable to obtain the same, owing to the lack of funds to bear the expense of going away to college.

A few years ago only seventeen per cent of the high school graduates went to college, now seventy per cent seek higher learning.

If the Freshman year of the University Extension School proves successful in Williams Bay, the Sophomore year probably will be added next year.

This is an excellent opportunity for young people who desire a higher education to get the same for a very nominal cost.

Mrs. Wesley Lockwood, president, presided at the business meeting. Carl Cable Bjorge in a masterly manner, played the piano solo, Nocturne in E Flat Major, by Chopin. Miss Jean Radibaugh, soprano, sang two vocal numbers, accompanied by Miss Van Biesbroeck.

Mrs. G. Van Biesbroeck, chairman of the program committee, read the years' program, which promises to be most interesting.

A social half hour and refreshments were enjoyed. Meses H. Schott, R. McDonald and Sam Johnson, serving.

WALWORTH COUNTY FIRE OFFICERS ASSOC* WILLIAMS BAY HIGH SCHOOL NOTES
IATION MEETS

One hundred thirty-five members and many invited city and town board officials attended the Seventh Annual Meeting of the Walworth County Fire Officers Association held at Walworth, Friday evening, October 1.

The meeting, which was held in the high school gym, was preceded with a banquet at the Wayside Hotel. The present officers were reelected to office again. Dr. C.V. Bachelet, Chief of Delavan Lake Fire Dept., President; H.O. Robb, Chief of Sharon Fire Dept., Vice-President; C.A. Foster, Chief of Lake Geneva Fire Dept., Sec'y-Treasurer.

H.J. Mortensen, Commissioner of Insurance, State of Wisconsin, spoke on "Fire Prevention", stating the reasons for systematic fire inspections and what it means toward the prevention of fire. He pointed out that more attention should be paid, or at least as much to the prevention of fire, as is devoted to maintaining adequate fire fighting equipment.

J.B. Wilkinson, Chief Engineer, Fire Insurance Rating Bureau, Wisconsin, spoke on "Fire Streams and Charged Electric Wires". He gave facts and figures from various tests showing safe distances for hitting charged wires with hose streams; what electric shock is; rescue work and resuscitation methods; and that caution must be exercised.

Captain Emery Coffin of the Chicago Fire Department Drill School, in his talk, showed the methods used in drilling Chicago Firemen, and that most of the evolutions can be used by volunteer departments in their drills; stating that all members should be drilled in every part of the work.

Firemen Marzfeld and Smith of the Kenosha Fire Department put on a most interesting demonstration on the fire hazards encountered in homes and business places caused by electric appliances and gasoline. The meeting adjourned to the Walworth Fire Station for the usual smoker.

Fire Chief Vic Hanson and six members of the Wms Bay Fire Dept. attended the meeting.

C.A. Foster, Sec'y.

The Williams Bay football team kept up its good start by winning the Darien game, 21-0, last Friday at Darien. In the last quarter the sub team was put in and successfully held the score. The next game will be played at Williams Bay against Clinton, on Friday, October 8. The Junior class will sell taffy apples.

The Dramatic Club, under the direction of Mrs. Esther Hotton, gave their first radio sketch over Station WCLO, Janesville, last Wednesday afternoon, September 29. David Keiser, Elizabeth Spencer, Rector Blakeley, Roy Johnson and Leola Ripley, were the members of the cast in the sketch, "Three's A Crowd". Clifford Mayor was the announcer. Before the broadcast auditions were made by members of the club and those whose voices were fitted for radio work were cast in the next weeks' program.

On October 6, Arthur Werner, Joan Hackett, Emma Kohler and Elizabeth Spencer were the cast in the sketch, "The Eternal Secretary".

Miss George, the teacher of the 4th and 5th Grades, is helping her pupils to build a Japanese house.

Mrs. Arvid Thompson and Mrs. Volmer Sorensen were hostesses at a tea on Wednesday afternoon at the home of the former, in Oakwoods Estates, in honor of the new members of the teaching staff of the Williams Bay school, and Mrs. Fenton, wife of the science teacher in the high school, Mr. Lawrence Fenton.

The V.C.T.U. will meet with Mrs. Amy Jorgenson at Rose Lane Hotel, on Wednesday afternoon, October 13, at 2:30.

Mrs. Volmer Sorensen and Mrs. Alfred Hotton were hostesses to the Congregational Ladies Aid members at the church, this afternoon (Thursday) October 7. Plans were completed for the Harvest Home dinner to be next Wednesday evening, October 13 at the church.

inee, Wis., who are visiting in their
home here; Rev. and Mrs. Victor
Keiser, Mrs. Gina Jensen, Miss Mary
Calvert and Mrs. A. Cohl, have been
attending the State Conference of
Congregational Churches meeting in
Whitewater this week, Tuesday, Wed-
nesday and Thursday.

A turkey dinner will be served
at the Delavan Cong'l Church on
Friday, Oct. 8, at 6 p.m. for 50¢.

WILLIAMS BAY GARDEN CLUB MEETS

Mrs. G. Van Biesbroeck was host-
ess to the members of the Wms Bay
Garden Club on Tuesday afternoon,
October 5.

After a short business meeting
the group went for a walk through
the woods identifying and studying
the different trees, lead by Mrs. L.
Heney, who was in charge of the
program.

The club voted to purchase
\$30.00 worth of tulip bulbs to be
planted in Edgewater Park.

On Friday noon, 1 pm, the members
will enjoy a steak roast on Obser-
vatory Hill. If weather does not
permit, it will be held next Monday,
October 11. Each member may bring
a guest.

WILLIAMS BAY SUMMER RESIDENT DIES IN CHICAGO

Mr. Horace A. Granath, who with
his family occupied the H.A. Bradt
cottage in Summer Haven the past
summer, passed away suddenly last
Saturday, October 2, in Chicago,
following an operation which was
performed on Thursday, September 30.

He is survived by his widow,
Anna, two children, Eleanor and
Bobby, his mother, Mrs. Tekla Gran-
ath, a sister, Ethel, one brother,
Chester Granath.

Funeral services were held in
Chicago, at 2 p.m. on Tuesday after-
noon, October 5.

Mr. Granath's family had decided
to remain in Williams Bay for the
winter and were to occupy the house
soon to be vacated by the D.J.
Oetjens' in Oakwoods Estates.

His sudden death is a great
shock to the loved ones remaining.

TEACHERS HOSTESS TO STUDY CLUB

The Misses Lola Mae Nelson and
Virginia Pagenkopf entertained
the members of the Study Club on
Tuesday evening.

The first half of the book,
"The Life and Death of The Spanish
Crown", was read. Miss Carla George
and Miss Mary Sander read papers
reviewing the first part, introduc-
ing the characters.

LAKE GENEVA TO HOLD FALL FESTIVAL

Friday and Saturday, October 15 and 16 are the days for the staging of the big Fall Festival in Lake Geneva. Committees of the Chamber of Commerce, Lions Club, American Legion and other groups have been working for the past two weeks making all preliminary plans.

An added attraction for the 1937 Festival will be the display of the 1938 models of automobiles in an auto show on the main floor of the Riviera building.

The local merchants are planning a community dollar day during the Festival.

The main event of the closing night will be the big live turkey auction, when ten live birds will be sold to the highest bidder. Coupons will be distributed by the merchants with every purchase, starting Thursday, October 7, and will be the only "money" honored at the auction.

The American Legion will have bingo games, food and refreshment booths.

Be sure to save the DATES!

PROPERTY SOLD IN LAKE GENEVA

W.F. Best & Son, Lake Geneva, report the sale of two pieces of property. The M. Karpen estate on the east shore of the lake, comprising ten acres, to Mr. J.E. Swanson, Chicago, who sold his property a while ago to Mr. E.H. McCarty. The Swanson family occupied the E.P. Ellwood estate on the north shore, near Wms Bay, the past summer.

Mr. Best purchased the George Spies property near Cisco Beach, 50 by 200 feet, having 50 foot lake frontage.

Mrs. L. Kellman is visiting relatives in Chicago this week.

Miss Edith Kellman has gone to Newark, N.J. to be bridesmaid at the wedding of a college classmate.

Mr. and Mrs. M.T. Peterson, Gladys and Ardis will leave the first of next week for a motor trip in Wms Bay for the weekend through the East.

BOAT FROM NORWAY IS BROUGHT TO LAKE GENEVA

Dr. and Mrs. William F. Peterson and their son, who have been spending the past summer in Norway and other European countries, have had a very unique Norwegian sailing yawl shipped to their home in Lake Geneva. The boat arrived at New York on Sept. 16 and is now at the Lake Geneva Yacht Club and came from Lake S.S. Vardjell. On its bow is the name "Osleo Perce".

The boat seems very crude compared to the sail boats here. The oars are heavy. There is a large wooden dipper carved out of the same wood as the construction of the boat, Norway pine. It is an old model and is well riveted together that it may stand hard sea going. The upper part is painted in green and red. It has the usual high bow and stern of the Norway craft. A duty of \$100.00 was paid on the boat.

A christening of the boat will take place on Saturday, October 9, at the Lake Geneva Yacht Club.

GRANDDAUGHTER OF OTTO YOUNG BUYS THE LAKE GENEVA ESTATE

Mrs. Fred Koch, a granddaughter of the late Otto Young and who was before her marriage, Miss Gwendolyn Heyworth, whose mother was Mrs. Lawrence Heyworth and Countess de Korwin, has purchased the estate of her late grandfather, which comprises seventeen acres of lake front, improved with a large white stone residence, the interior of which is finished in rare woods, and which has long been one of the show places of Lake Geneva. It also includes twentyone acres across the road and a farm of 263 acres adjoining.

Mrs. Koch now lives in Lake Forest and is the wife of Mr. Fred Koch of the Trust Department of the Northern Trust Co., Chicago.

Mr. and Mrs. Peter Pike, the latter's mother, Mrs. Currie, of Chicago, who recently purchased the H.A. Bradt cottage in Summer Haven, were

THE SPENCES BACK FROM 3200 MILE TRIP

Mr. and Mrs. M.C. Spence and sons, Melvin, Jr. and Dickie returned last Tuesday from their motor trip vacation through the South with their speedometer reading an additional 3200 miles.

They went down the west side of the Mississippi to Hot Springs, Dallas and Galveston then across to New Orleans.

While in New Orleans they saw the unusual sight of water shooting from the sewer openings like fountains after the bad storm which flooded the city. The city is several feet below the Mississippi River. Water was in the streets up to the fenders.

The boys were very much interested in the cotton. They saw it being picked by the negro cotton pickers, then put through the cotton gin and baled for shipment.

From the time the seed is planted until the finished product reaches the consumer, cotton employs more human beings than any other product or industry. In United States alone 2,500,000 are engaged in it, while in the rest of the world another million and a half do the work. In U.S. 70% of the labor is white.

Cotton brings a good price this year and all the South is happy over the prospects.

Only one-third of the actual bulk of the cotton is recovered by ginning, the remaining two-thirds is seed.

Though work in the cotton fields is back breaking, troubles are forgotten on Saturday nights and the negro pickers celebrate in dancing.

Mr. and Mrs. D. Burton and family of Lisle, Ills. visited in the Blake Burton home in Oakwoods Estates over the weekend.

Mrs. D.L. Jackson, Lauderdale Lake was a weekend guest of the Burtons.

BIDSS WERE WITHIN REACH OF VILLAGE FUNDS FOR WATER PURIFI- CATION AND SOFTENING PLANT.

Five bidders were on hand last Friday night when the Board met to open the bids.

The low bid was turned in by Arthur E. Mathis of Valley Junction, Iowa, at \$30,240 plus the piling which will not be over 2 or 3 hundred dollars.

Second was by E.M. Scheflow who put in the original system and the extensions who bid \$34,500.

Mr. Mathis' bid was accepted and he is ready to start with in a week or so. Contracts will be signed up Friday night this week when Mr. Mathis expects to be back.

Mr. Mathis has constructed several plants similar to ours and knows his business. He made several valuable suggestions when he was low bidder last time.

Men's Community Club to Have Bay Football Squad as Guests at November meeting.

Bob Cook, the Coach told of the new Six man Team Foot Ball being played by our boys, Darien and Clinton. So far the Bay has won two games straight and on Friday at 3.00 will play a return game with Clinton here at the Golf Course.

Reporting for the Winter Sports Committee of the village board, Carl Bjorge says that everything will be in readiness when the snow comes. There will be policing and good care taken of the slide and buildings.

Some 20 were on hand for the trap shoot last Sunday. There was some mighty good shooting by the old timers. Some new ones who tried their hand were pretty good also.

More shoots will be held after duck season is over.
