PLAN RANDALL AS NEW HOME FOR ENGINEERS

Engineering School Outgrows Hill Location as Students Enroll

Removal of the entire College of Engineering from the upper campus to Camp Randall is the starting project now being entertained by the university, according to a report authorized yesterday by F. E. Thureau, dean of the Engineering school.

One Shop Built

For the past year one shop, a part of the plan, has been in use at the Camp. This now houses the forge, foundry, pattern making, and wood working shops.

"The next step," said Dean Turneaure, "will be to move the machine shop, which at the present time is still in the main building on the upper campus. Money for this purpose is expected to be voted soon by the legislature. This removal will give much added space which will be used for the Steam and Testing laboratories."

Will Take Time

The project includes two laboratory buildings in architecture much like the Forest Products buildings, besides the small shops already noted. Ultimately a central engineering building will be built to house the library, auditorium, and many of the departments now located in the main building on the upper campus. When this is realized, the present main building will be utilized probably by one of the other schools.

Owing to increased enrollment in the College of Engineering, the need of an additional room has been felt for years. The first appropriation was made in 1918.

Girls' Glee Club Will Hold Upperclass Tryouts

The Girls' Glee club held its first meeting in Music hall on Monday afternoon. Tryouts for upper classmen only will be held at 4:30 Tuesday and Wednesday afternoons.

"There are approximately ten membership openings in the club, and we are exceedingly anxious to secure the best talent," said Gertude Hasse '24, secretary. Membership in the club is limited to 40, and about 25 former members returned to the university this fall.

Details were discussed at the meeting for the presentation of the first performance of the club shortly after the Christmas holidays. Weekly meetings for the season will be held at 3:30 on Wednesday afternoons.

Haresfoot Builds Miniature Stage To Experiment on Original Sets

A miniature stage, complete in every detail, is being constructed by Sidney Thorsen '24 in order to work out the details for sets and scenic effects to be used in the 25th Haresfoot show to be produced next spring. This is the first time in the history of Wisconsin's oldest dramatic club that original scenery is to be used for an amateur play.

The work on the tiny stage is being done in a small garage in the rear of Thorsen's home on Gilman street. Even to the gilding on the proscenium and the arrangement of the microscopic block and tackle, the finished product is to be an exact replica of the Parkway theater.

Three circuits of lights with arrangements for dimming and with varied color schemes are placed in proper order on the duplicate stage. The scale which is used in the work is one inch to one foot, making the opening of the proscenium 36 inches. Twelve dimming banks and special rheostats are required for the per-

Show Haresfoot Scores In Hook's Window Display

A window display of Haresfoot score books for the 1922 show will be placed in Hook Brothers' Music store today in an effort to advertise the books which are being sold this week at 50 cents, the cost price. 100 of the books will be on sale at the music store and another hundred will be sold on the hill and in campus buildings.

Many books were sold at Hook's throughout the summer months and dance orchestras in Madison and in student towns featured the numbers. The books on the hill will be sold tomorrow at Lathrop hall, biology building, the gymnasium, Sterling hall and the Y. M. C. A. Sidney Thorsen '24 has charge of the sale.

NEW NATIONAL MEDICAL FRAT INSTALLED HERE

Gamma Tau Beta Becomes Alpha Kappa Kappa Fraternity

With the announcement late last year that the four-year medical school at the University of Wisconsin would soon be a reality, Gamma Tau Beta, established in 1914 as a local medical organization, was granted a charter by Alpha Kappa Kappa, national medical fraternity.

Beta Zeta chapter was installed on June 10 by Dr. J. P. Sprague, Chicago, and Dr. Harry G. Irvine, Minneapolis. The installation was followed by a banquet at the Madison club, at which Dr. R. T. Cooksey, Madison, acted as toastmaster.

The charter members of the organization are: G. Mueller, William J. Murphy, Harold R. Fehland, Laurence R. Bois, John C. Harman, Edwin B. Gute, Alvin C. Florin, Harold Allan Pinkerton, James G. Cartin, Mark H. Wall, Archie B. Gillis, Charles B. Puestow, and Hubert F. Harman.

Following the banquet the following men were initiated at the chapter lodge: Joseph V. Dauksys, Albert H. Lohmann, Jr., Arthur Knudson, Dana P. Stearns, Alphons E. Bachuber, Ralph I. Canutson, John C. McDonald, Hubert J. Hines, David L. Jenkinson, Robert Krohn and Lucian Glen Culver.

Many men eminent in medical circles were here to greet the new members. Those present were: Dr. Mayo, Rochester, Minn.; Dr. Albert B. Landrum, Cincinnati, Ohio; Dr. G. V. I. Brown, Milwaukee; Dr. James F. Malone, West Allis; Dr. W. A. Mann, Wilmette, Ill.; Dr. Percy Davidson, Chicago; Dr. J. R. Hughes, Dodgeville; and Dr. R. T. Cooksey, Dr. J. K. Chorlog, Dr. James Dean, and Dr. Robert Zellman, Madison.

Dr. Fredrick D. Geist was initiated as honorary member and Dr. W. D. Stovall was elected executive officer of the organization.

FROSH GIRLS ELECT OFFICERS IN MEET TODAY

Compel All Frosh Co-eds to Attend Green Button Gathering

Nominations for the officers of Green Button, freshman women's organization, will be made at the first meeting tonight at 7:30 o'clock in the concert room of Lathrop hall. Roll will be taken and attendance of every freshman woman will be compulsory. Each girl is asked to bring a pencil with her to the meeting.

Nominate from Floor

Dean F. Louise Nardin will address the new class on "What a Girl Has Chosen in Going to College". Mary Devine '25 in welcoming the freshmen in behalf of last year's class, will tell the girls "What Wisconsin Spirit Means". Ima Wnchell '22 part-time secretary of the S. G. A., will speak of "What Goes on in the S. G. A. office."

Nominations for the officers of the organization will be made from the floor and the recommendations for each office will be furnished by the nominating committee composed of the president of S. G. A., the chairman of the junior advisory system, the present president of Green Button, and other women prominent in campus activities.

Among the problems to be considered will be the wearing of the green button by the freshman girls.

Buttons for Girls

"Freshman girls should wear green buttons so that freshmen will know when they meet each other on the hill. Wearers of the green button will not then be afraid of unwittingly making overtures to other classmen," Dean Nardin declared.

"Why not have the university women keep up the tradition as well as the men? Just as the freshmen boys wear caps, I think the girls should keep up the tradition by wearing their green buttons," said Mary Devine.

OPEN TICKET SALE AT GYM THURSDAY

Ticket sale for the Wisconsin-Carleton football game will open at the gymnasium office at 1 o'clock Thursday. Students may procure the pasteboards for 50c upon presenting their fee cards.

Sale at the gym will continue until Saturday noon and will then be transferred to Camp Randall where \$1 admission will be charged all ticket purchasers.

Student Directories to Be at Printer's Saturday

Student directories are being prepared at the office of the registrar now and will go to the printer by the end of the week. W. D. Hiestand, registrar, desires that students whose city addresses or phone numbers have been changed since the time of registration, supply the necessary information to the office at once.

First Lit Issue Offers Novel Subscription Plan

The first issue of the Wisconsin Literary magazine will be placed on sale tomorrow and Thursday. Each copy presented at the tables or at the office of the magazine in the Union building Thursday, October 5, with \$1.25 will entitle the purchaser to a year's subscription.

Under the new plan the staff offers a sample copy if you take a subscription for a year. The regular price for eight issues under this scheme will be \$1.50 while the copies bought singly would cost \$2.00.

WEATHER: FAIR

Fair weather for today and tomorrow is the forecast of the local bureau. Continued warm weather is predicted.

Blood Poisoning Claims Student at Infirmary

Albert W. Korthals a junior in the College of Letters and Science died at the university infirmary about 9 o'clock Sunday night from blood poisoning. Korthals who was a member of the Phi Sigma Kappa had been ill only about 10 days.

The body was taken to Sheboygan yesterday by the parents of the boy. They were at his bedside until the end.

The funeral will be held at his home in Sheboygan, Wednesday. A large delegation of Mr. Korthals' fraternity brothers will attend.

BADGER WORKERS LAY PLANS FOR BOOK CAMPAIGN

Solicitors Meet to Organize Men and Women Community

Plans for a thorough subscription campaign to sell a 1924 Badger to every person in school will be outlined at a meeting in the Badger office at 7 o'clock tonight of the captains of soliciting teams which are to start work next week.

Every sorority, fraternity and rooming house will be canvassed starting Monday by teams composed of either ten men or of ten women students. Captains of the teams will be asked to select ten assistants with salesmanship ability who will be instructed at a meeting to be held in Music hall at 7:30 o'clock Thursday.

Women's houses throughout the campus have been divided into 12 districts by S. G. A. officers. Members of the team turning in the highest score will receive a gold-filled fountain pen and the man and woman turning in the highest individual score will also receive a pen.

Prof. E. A. Gardner, who was to address the entire body of solicitors on Thursday, will not be in town at the time. One of the other members of the Commerce school will address the solicitors on the "Principles of Salesmanship" Thursday night.

The Badger will sell at \$4 cash this year, according to Howard Lyman '24, business manager. Terms at \$2 cash and \$2.50 upon delivery of the book will also be extended.

O'Shea to be Speaker at Annual Teachers' Convocation

Prof. M. V. O'Shea head of the department of education will speak at the annual convention of the North Central Teachers association, which is to be held at South Bend, Indiana, October 13 and 14.

The convention will open Friday morning with an address by Professor O'Shea on the subject, "Constructive Treatment of Education Problems". In addition to this address Professor O'Shea will speak on, "New Times Bring New Problems" and "Modern Mysticism."

MATHYS NAMED PROSECUTOR OF STUDENT COURT

Justices Meet in Court Room of Law Building Thursday

Clifford G. Mathys, senior in the Law school, yesterday was appointed prosecutor of the Student court. Mathys now is employed in the attorney-general's office and has had considerable experience in court procedure. He was one of the three men recommended for the position by Dean H. S. Richards of the Law school.

Mathys is a member of Delta Chi fraternity. His home is in Arcadia, Wis.

May Try Hazers

The first regular meeting of the court will be held at 7 o'clock on Thursday evening in the court room of the Law building.

Upperclassmen who participated in the hazing outburst last Thursday and Saturday nights probably will be brought before the court at this time.

Regulates Cap Wearing

Student regulations, as passed by the Student senate, delegate the power of controlling hazing and the green cap to the court.

Student rioting, drunkenness, thievery, misuse of office and conduct at ticket sales and registrations are to be regulated by the student court. Violators of university or city lake regulations also will be tried by the court.

The Senate Rules

Rules defining hazing and the wearing of the green cap, as passed last spring by the Student senate, follow:

"All freshman shall wear the green cap prescribed by the Student senate as an honor to their class and in loyalty to the University of Wisconsin from the time of the Varsity Welcome until the cap night celebration, the date of which shall be fixed by the Student senate.

"In keeping with the spirit in (Continued on page 3)

Bishop of Canal Zone Addresses Episcopalians

James Craik Morris, bishop of the Canal zone, and formerly rector of the parish of Grace Episcopal church spoke to the members of the St. Francis society at their club house Sunday night.

Bishop Morris said that the control system of the Pedro Miguel locks was one of the most important engineering details of the canal and the work of a Wisconsin engineer. Another engineer from Wisconsin worked out the details of the fortified island in the Pacific which is the chief defense of the canal.

Fifteen Year Old Boy Prodigy Enrolls In Preliminary Law Course at U.W.

The youngest student enrolled in the university this year is Charles E. Kading, 15, who has entered the pre-legal course as a freshman from Watertown.

With six years of legal work before him Kading has already decided upon a future career as an attorney. This ambition has developed through association with his parents who are members of the law firm of Kading and Kading in Watertown. The boy's mother is also a member of the state civil-service commission.

Kading made an enviable record in activities while in high school and primary grades. In 1913 he entered grade school and after six weeks he was promoted to second grade.

Throughout his entire primary education, Kading made rapid strides, finally finishing eighth grade in his eleventh year. He was grad-

uated from high school as the salutatorian of his class with a general average of 94.3 percent.

In activities, Kading was class president, editor of the school paper, leader of triangle debate teams, and an all around sports man. He has been a Boy Scout and takes an active interest in the outdoors.

Actually young Kading is rather old for his age. He has been pledged at the university to Chi Phi fraternity.

All of the progress made by the young man he attributes to his mother whom he claims taught him the fundamental principles of concentration and study.

"My method," said Kading, "is merely to master the essential details of any problem and then apply them directly to a specific problem or example."

Kading is living in Madison at present with his mother.

ENGINEER WILL APPEAR OCT. 20

Plan to Keep Magazine With-
in League of All
All Students

The Wisconsin Engineer, Wisconsin's technica magazine will distribute its first issue of the year about October 20. It is planned this year to make the publication of interest to every student in the university.

No radical change in the type of material is considered but the intention is to make each article interesting and understandable not only to the technical students, but to every one. The campus notes department will be enlarged and material which is fundamentally technical in nature will be treated simple enough to bring it within the scope of understanding of all.

The leading article in the first issue will be "The Selection of Drawing Instruments" written by Prof. Orth of the drawing department for the special benefit of freshmen. The article is illustrated. "The Relation of the Navy to Foreign Trade and Merchant Marine" by the Navy Department will also appear in this issue.

The Wisconsin Engineer is a member of The Engineering College Magazines association. This fact brings it advertising that it would not otherwise receive and at the same time gives access to articles from some of the biggest men in the country, which could not be accomplished were any one college magazine to attempt it singly. The circulation of the association last year was in the neighborhood of 20,000.

The men who are to be in direct charge of the publication this year are: John W. Smart '23, editor; Hugo L. Rusch '23, business manager; Fredrick D. Blanch '24, circulation manager.

New Local Fraternities In Temporary Quarters

Two new local fraternities, Delta Pi Epsilon and Alpha Theta Pi have located in new homes during the summer months.

Delta Pi Epsilon, social fraternity installed April 25, 1922 with a membership roll of 35 charter members, has purchased ex-governor J. O. Davidson's home at 321 Wisconsin avenue. The fraternity intends to expand into a larger organization in the near future. The officers are: Herbert Erdmann '24, president, Chris Bonnin '23, treasurer; Herb Roswell '23 secretary.

Alpha Theta Pi, installed in the late spring is located at 224 N. Murray. The officers are: B. A. Stein, '22 president; Price Williams '24 vice president, Duwayne Peterson '23, secretary, F. T. Price '24, treasurer. The fraternity has a membership of sixteen men.

Woman's Club to Hear Guyer on Immigration

Prof. M. F. Guyer, professor of zoology will speak on "Immigration From the Biological Standpoint" at the first meeting of the Woman's club this afternoon at the Womans' Building.

The Literature department of the club has outlined for its programs a study of "Seven Problems of the United States as seen by the Novelist and Economist." The problem of "Immigration" is scheduled for the meeting this week. Other subjects to be studied throughout the winter are "Diplomacy," "Education," "Race Question," "The Press," "Industry," and "Society."

CHORAL UNION WILL OPEN 31ST SEASON

At 7 o'clock tonight in room 21 of Music hall, under the direction of Prof. Peter W. Dykema of the school of music, the choral union will begin its 31st season. The enrollment during the past week has risen from day to day, and it is expected that there will be at least a hundred active members this year.

The weekly rehearsals of the union are open to men and women residents of Madison as well as to the university students. All those reporting tonight for the first time will be assigned to such parts as they believe their voices suited for, and after the rehearsal, try-outs will be held. The only qualifications are the possession of a fair voice and the ability to follow a part.

University students may do the work with or without credit. Rehearsals give the members of the union a chance to become acquainted with some of the world's best

music and to practice for the two concerts which are given during the year. One of these concerts is given shortly before the Christmas holidays, and the other in the spring.

For practice tonight, Professor Dykema has selected four songs representing as many nationalities; an old English song: "I Saw Three Ships A'sailing"; an old Bohemian ballad, "Hail, All Hail the Shepherds Cry"; selections from a Ger-

man choral, "Lo, How a Rose E're Bloming"; and an American carol, "The Virgin and the Child."

NEWS OF CONFERENCE SPORTS

AERIAL ATTACK FEATURES HARD PIGSKIN BATTLE

Barr and Tebell Star in Long Passing Drill

What a well-primed running attack, combined with an aerial offensive, can do on the football field was effectively demonstrated by Coach John R. Richards' tentative Varsity eleven during its daily scrimmage with the second team at Camp Randall yesterday.

Brilliant playing by backfield men and the two first-string ends enabled Varsity to carry the ball over ground, and through the reserve outfit unceasingly. Capt. "Rolie" Williams tore big gaps through the second team forward wall and once he broke away from both the first and secondary defense, with nothing to stop him at the barbed wire fence behind the sub's goal line. Gibson hit the line off-tackle for consistent gains.

Long Throw Used

It was the air attack that gave a fair idea of how strong Richards' offense will be. Of the several throws which were essayed, only one failed. Scintillating plays by the two ends permitted "Shorty" Barr to heave the oval from one end of the field to the other.

While heretofore the short over-the-line pass has been Richards' forte, the longer throw was tried yesterday. Its success was apparent. Twice "Gus" Tebell grabbed the pigskin out of the air, with his arms outstretched at full length. Once he nabbed the ball and then leaped over two tacklers who were in his course near the goal line. This same Tebell was down the field with the ball after Taft's long punts and he downed the receivers in their tracks. "Marty" Below was another linesman who often arrived simultaneously with the oval.

Bondi Not Out

To nab one pass from the trusty arm of "Chubby" Barr, Irish was forced to throw himself at the ball a short distance from the ground. He caught it before it touched the turf. Harris, who played but a short time, grabbed a throw and held it despite his tendency to joggle.

Taft and Harris held down full-back position on the first team. Barr and Millman ran the team from quarterback, Barr going to the reserves when Eagleburger was withdrawn from the fray. Williams and Gibson were assigned to the halfback jobs. "Hobe" Bondi failed to report for the workout.

In the line, Tebell and Irish were at the wings, Below and Murry were in the tackle positions, and Christianson and Bieberstein played guard. Hohlfeld watched the struggle from the sidelines. Nichols worked at center on the first outfit and was opposed by Pearse. Smith played in the second team line although one of his hands was bandaged.

Opposition Strong

That Wisconsin will find heavy opposition in its opponents of the next two weeks is indicated by the showing of Carleton college and South Dakota State in their games on Saturday. Carleton "took" St. Mary's college by a score of 15 to 6. The Minnesota collegians were not forced to extend themselves and in their first game, tried out several men in the various positions.

South Dakota's offense enabled the aggies to score 85 points while Columbia college was held scoreless. Any team that can count 85 points in a regulation hour contest is a worthy opponent and the Ags will have the experience of another game by the time they engage the Badgers here.

With eleven letter back on the Dakota team, Coach C. A. West is confident that he will hand the Badgers a tough battle on Saturday, Oct. 14. Coach Hunt, of Carleton, is just as confident that he can hold Wisconsin to a low count.

Meanwhile the Badgers take their daily workout at Camp Randall and attempt to bolster up the weak spots. Coach Richards spent considerable time with the forward wall yesterday and Carpenter sent the line through shift practice.

BRYAN SMELLS "BIG CHEESE"

BY CHUCK

The football-season is now in full sway. Every member of the "Big Cheese" took in a set-up Saturday which is fair indication that Bryan will not run for president in 1925. Yale defeated Vassar by two tea-cups and a China soup bowl. Harvard met the Wellesley outfit and had a fairly easy time of it while Princeton engaged in a light workout for Harvard's game with Centre college.

Pure-bred, thoroughbreds, full-bloods, and cornfeds swung into well-known action and knocked aforesaid set-ups for a row of beautiful fur lined beer mugs. Teams showed much power and Yale will schedule game with Lodi High school if it keeps up showing.

Old Eli, which is a pet name for representatives of Rocquefort outfit, has new rules. Every man reporting for eleven must show his bankbook and personal invitation to one of Mrs. Van Schuyler's house parties before he gets a uniform. Those whose ancestors didn't come over on the Mayflower have to get special permission from Bean of Family Trees before they can grind noses in Cambridge mud.

Teams don't finish preliminary seasons until each meets each. Chicago is one of the hardest practice games on Princeton's schedule this year. Tigers will meet Stagg's, and scientific question of horns versus claws will finally be settled.

Well, Big Three bimbos will be able to chirp when the season is over. They don't care who beats them—as long as they beat each other. Shades of Charlie Brickley, Eddie Poe, and possibly Walter Camp! Next they'll be playing world's series, championship going to winner of seven out of nine games.

FRESHMAN LINE WORRIES COACH

Candidates For Forward Positions Light and Inexperienced

The Frosh football aspirants were put through a long session last evening by Coaches Driver and Wood. About sixty men were out in uniform, this number being quite a decrease over the first few practices. No cut in the squad has been made as yet, but one will be made the latter part of this week when a number of men will be dropped from the roll. The coaches are trying to get the men organized into some semblance of a team for this first rub with the varsity, which is set for Wednesday afternoon.

After the usual warming up program of passing and punting, Coach Jimmie Wood took the tackles and guards, sixteen in number, and gave them some intensive drill in blocking and breaking through a line. "Keg" Driver employed his time instructing the tryouts for back and end positions. The ends got a good hard workout at running down punts and pass sent down by the backs.

The two quarters, Rueland and Williams, together with Walker, an end, all show fair form in the toe science. Later in the evening Coach Driver sent two picked teams into action against each other, Williams piloting one, and Rueland the other.

There is an abundance of mediocre material at hand, but no one man's work showed very impressively over the others except Williams, who appears to be a steady field general with a good eye for choosing the right hole, and rare ability in open field running.

Varsity Swimmers Will Practice in Lathrop Gym

Candidates for this year's Varsity tank squad will meet Coach Joe Steinauer at 7:00 o'clock tonight in front of the cafeteria in Lathrop hall.

Each man will bring a swimming suit and come prepared for a workout in the women's gym of the same building. The candidates must take advantage of this opportunity as the tank in the armory will not be completed for some time, and it is important that every man get in as much work as possible in the mean time.

AG PROFS SEND TENNIS DEFI TO MEDICS SPORTS

To Decide Merits of Courses on Tennis Courts

A challenge for three tennis matches to be played between members of the medical school and the College of Agriculture was recently sent by the aggies to the medics, and according to Prof. H. C. Bradley, will probably be accepted.

By the terms of the defi, teams representing the two departments will consist of two or more men who shall play two singles and one double match.

The challenge to the Medical school follows:

To the medical school, University of Wisconsin:

Whereas in previous years the school of medicine has impertinently and erroneously conceived itself able to understand and play at the game called tennis; and

Whereas the undersigned representatives of several of the departments of the Agricultural College do question and wholly doubt the ability of members of said school of medicine to master even the rudiments of the art and science of the game; Be it therefore

Resolved that the aforesaid departments of agriculture do herewith challenge the school of medicine, all and severally, to produce by tournament, trial and error, chance, or by any other method a tennis team of two or more who shall play with a similar team chosen from amongst our personnel, two singles matches and one doubles, to the end that it may be determined which type of education better prepares men for the serious duties of life.

MATHYS APPOINTED COURT PROSECUTOR

(Continued from page 1.)

which the green cap is worn, the freshman who wears it shall be free from all forms of hazing, no matter how mild."

Punish Dishonest Officers

Freshmen who refuse to wear the green cap are not protected under these regulations, Robert B. Stewart '23, president of the senate, said yesterday. Only first year men who wear the cap consistently will be protected.

Dishonesty in or mismanagement of any student office may result in removal of the officer by the court, according to student regulations. Other penalties for this offense also may be imposed by the court, if conditions warrant such action.

Senate Names Commission

Students who maliciously break the line or otherwise interfere with the orderly conduct of a ticket sale, registration, Badger distribution or other like event will be summoned for trial before the court.

Beginning today, complaints may be registered with any member of the court by any student in the university. The senate tomorrow night will appoint a law enforcement commission of five which also is to receive complaints and turn them over to the court.

Members Of The Court

Members of the court and their telephone numbers follow:

Chief justice—Cecil F. Dull '23, Badger 309. Secretary—George L. Geiger '23, Badger 199.

Justices—E. W. Anderson '23, Fairchild 1489; H. J. Gregg '24, Fairchild 1793; W. A. Hartman '23, Fairchild 1752; M. N. Hanson '24, Badger 1089; J. S. Packard '24, Badger 7675; M. R. Paulsen '22, Fairchild 1840; R. S. Phillips '23, Fairchild 1951.

SON FOLLOWS DAD AS COACH

Richard Glendon, Jr.

The success of Richard Glendon, Jr., in coaching the "plebe" crews at Annapolis has caused officials at the U. S. naval academy to appoint him coach of the varsity crew to succeed his father, veteran mentor of the rowing squad.

WOMEN'S SPORTS GET GOOD START

Women's athletics started yesterday in all of the different sports. The fall sports season will continue until the last part of November when the winter season will begin.

All of the classes are well filled and the work has started off well in all of the departments. Swimming is especially popular this year as usual, and the tennis classes also had their customary large enrollment.

Horseback riding proved to be very attractive to the co-eds and night classes have been instituted to accommodate all those interested. This is a new sport at Wisconsin but is rapidly proving its worth.

Hockey is progressing the fastest since there have been several preliminary games and practices and the class managers have already been elected. The class managers are: seniors, Phyllis Tatman; juniors, Margaret Henry; sophomores, Esther Fife. The hockey spreads for the two under classes will be held at the field house soon, according to Miss Cynthia Fesson, hockey coach.

BIG TEN GAMES SWING OUT FOR INITIAL GAMES

Chicago Draws Hardest Opponent in Opening Games

All western conference football teams except Illinois will swing into action next Saturday in preliminary games, the inter-sectional struggle between Chicago and Georgia being the most important contest. Most of the eastern, southern and non-conference teams opened up their schedules last Saturday, but the official season begins on October 7.

The games Saturday were featured by the showing of small schools, such as Carnegie Tech, Middlebury and Clemson against such powerful elevens as Yale, Harvard and Centre.

Centre Weak

In the Yale game Carnegie Tech twice threatened the Ely defense and held the score down to thirteen points. Harvard had considerable difficulty in beating Middlebury 20 to 0; the game was closer than the score indicates because one of the touchdowns was made on an intercepted pass instead of straight foot ball.

Centre, going into the field without the valuable services of Captain Red Roberts, piled up no such score against Clemson as the 72 to 0 count which was run up on Carson-Newman on September 30. Clemson held the doughty "Praying Colonels" to a 21 to 0 count.

In the middle west Notre Dame whipped Kalamazoo 46 to 0 in a game featuring flashes of speed by the Notre Dame backs, Castner, Layden, and Crowley. Castner got away for one 90 and one 95 yard gain for two of the touchdowns. The Catholics lost Gus Desch, famous halfback, for an indefinite period of time when he injured his ankle in the second play of the game.

Chicago In Danger

Georgia's 41 to 0 defeat of Mercer last Saturday, following on the heels of a 58 to 6 win from Newberry the week previous, predicts great trouble for the Maroons next Saturday. The southern eleven holds a record of seven games won, two lost and one tied in 1921. This year under the tutelage of Coach Stegeman, a former Maroon star, the team has been showing all of its old time offensive power.

Several other conference teams besides Chicago are likely to experience the acid test next Saturday.

HATS IN THE RING

The political season is at hand. Already, 'tis said, six green caps are in the ring.

Organizers are organizing; promoters are promoting; leaders are awaiting in dignified silence the call to leadership. Ambitious individuals are wearing their best clothes.

Mysterious meetings occur for no apparent reason. Quiet tête-à-têtes are carried on in secluded corners. Blank looks, pleas of ignorance, are frequent. Knowing glances are exchanged. Whispering is everywhere. Soon the clans will gather; banners will fly in the open; and at the clarion call the cohorts will clash.

It's a lot of fun, this campus political activity, if it is taken in the right way. As good-natured, fair rivalry for transitory honors, it serves as a welcome diversion in the university year. But when it is allowed to bring out the smallness and meanness of men's characters, it becomes disgusting.

Dirty politics, with its characteristic mud-slinging, pledge-breaking, and double-crossing, has not been entirely lacking in student campaigns.

It is to be hoped that decency will prevail in this year's election.

Friendships have been made and friendships shattered in past elections, but no trivial student office ever was worth a friend.

Students have been honored and students have been degraded by election to office, but no student office ever was worth a man's self-respect or the respect of others.

The world will little note nor long remember what office a man held in college; but that man will never forget how he won that office.

A student office means whatever the election meant. If a man is elected on personal merit, it is an honor. If he is elected by petty chicanery and double dealing, it is a humiliation.

It will be well to remember, as election approaches, that no exalted position ever was reached by stooping.

Unfair tactics, in the past, often have resulted from the over enthusiasm, and over ambitious of a candidate's supporters. But in the long run, a candidate's campaign will reflect his own personality.

What that personality is the voter much judge. Is the candidate a hand-shaker or a hay-maker? Is he merely a nice appearing, pleasant fellow to meet, or is he a man of achievement, worthy of honor? Is he a straight forward, honest leader, or is he a "practical politician," attempting to buy his office with campaign promises of favors to come?

These judgements are for the voter to make. Upon his perspicacity and sense of values depends the result of the election. The issue in the campaign is valuation of personality and achievement.

If each voter constitutes himself a careful judge of personality and achievement, guards himself against honeyed phrases and campaign hurrahs, the right candidates will be elected.

ANOTHER RUSH NEAR

THE annual rush between sophomores and freshmen approaches, and underclassmen begin to gird for battle, to prepare for the clash of the classes.

The nostrils of every normal man curl at the smell of battle. This is an atavism, a throw-back to the days when man's ancestors were forced to live a life of struggle. It is heritage of which no man need be ashamed, but it does need careful guarding.

That atavistic lust for combat must be tempered by that feeling of brotherhood and good fellowship that makes men civilized.

The annual class rush is a mock battle for momentary supremacy. The losing side is seldom satisfied with the decision given. Whichever may win does not long hold the palm of victory, if indeed there is victory. But it matters not who wins.

Aside from the fact that it serves as a moral equivalent for unregulated scrapping the rush is valuable as a means of uniting men within their respective classes.

It is an occasion at which a large percentage of freshmen will be present, and at that time the freshmen will learn how to unite for a common good in support of a common cause.

They will learn how wonderful, how potent, class spirit can be, and in a sense they begin to appreciate the Varsity spirit.

Tactics used in past class rushes have been anything but just. Last year's event was fairly handled, and

as a result few casualties were reported. Athletic board is handling the rush again this year, and every precaution will be taken to see that good spirit and not fevered malignance characterize the combat.

If atavistic steam can be blown off and a healthy class spirit born without awakening malice and ignoble anger, the class rush will be worth while.

The participants will be expected to maintain good spirit and make the rush worth while.

Shireen and Rest Rouse Subtle Critic

By K. P. C.

Fenton and Fields, the black boys, in cutaway suits (much cutaway) with pretty buttons, sh-sh—they've discovered a new species of rose. They operated a slaughter house and meat market on the platform. Hot Dawg.

The X-Ray girl, Shireen, went through the audience and what a man's wife didn't know about her husband Shireen told her. She sees without eyes and claims to be the only one in captivity.

O'Malley and Maxfield took a bride and groom on their honeymoon to Niagara Falls through the medium of song. They're cultured boys but "For the Love of Mike" they sang for "Harry's Folks and my Folks."

Adelaide is a modern child or so she says, and we're inclined to believe her. At any rate "she knows her stuff." Dwyer and Adelaide danced in the alley beside her home but we couldn't find the line of which she spoke; perhaps she used it.

The Humberto brothers in bright green pantaloons nearly came to blows over a toy balloon. They are the rubber legs, and they had the props.

Corradini's animals held chariot races and a tailless monkey had a ride in an old fashioned stage coach.

Open Harris Prize In Central Schools

Announcement is made of the 1922-1923 Harris Political Science prizes for which any undergraduate of a college or university of Illinois, Indiana, Iowa, Michigan, Minnesota or Wisconsin is eligible. The purpose of the contest is to "further good citizenship; to promote a wider respect for law, order, and the constitution; and to encourage a more extensive and thorough study of all questions relating to public morals, federal and state administration, municipal government and party politics." The prizes to be awarded are: First prize, \$150.00 and second prize, \$100.00.

Rules of the contest state that the essays must not exceed ten thousand words and must be accompanied by a complete bibliography. There is a list of seventeen subjects on varied political and international questions from which one may be chosen for the essay. Further information on the contest may be obtained from the Political Science department. — Grinnell Scarlet and Black.

YOUNG CHINA IS HOPE OF NATION ROGERS STATES

Returned Student Tells Badger Club of Chinese Outlook

"Young China" is the solution of the darkest problems which face the Chinese today was the hope that Carl Rogers '23, held out for the future of that country in a talk to the Badger club Sunday evening.

Rogers, who was one of the American representatives to the Conference of World's Student Christian federation in China, spent four months over there and was able to make a study of existing conditions. "As far as one can see superficially," declared Rogers, "things look very dark for China. The contradiction to this, however, is the fact that 'young China,' the student body of the country, are completely alive to their responsibilities and consider themselves directly responsible for bettering the government."

THE GAMMA PHI popularity must be waning. Only 26 were hurt in the Sunday rush.

BUZZ Bell occupied the horse block before the D. G. hostelry. He reports continued allegiance.

GEORGE Parker held squatter's rights on the fence post by the Varsity apts. When it was over he was leaning toward the Kappas.

ONE A. O. Pi hopeful lost hope in passing the Henry street gallery. When last seen she was slinking toward the D. G. front stoop.

NOW for free lunches and blind dates.

A young man who hailed from Cologen. Drove a motor car all of his own. When he came into sight, the girls cried with delight. And so he was never alone.

Dear Ed: Pardon this intrusion on your realm but I just wish to get into the swing again, and hence this literary attempt. At least the boys who are in school for the fifth year will appreciate it.

COOTEY'S WILL? (from the State Journal)

William Allen White of Kansas, well known for his humorous war adventures and his recent fray with Governor H. J. Allen of Kansas, will be one of three speakers obtained by Union board for three convocations to be held here.

AND, as the kitty said when she finished her milk. "That was our last lap."

Transfers Entertained By Intercollegiate Club

The Intercollegiate club entertained the girl transfers from all other colleges Saturday evening by a banquet in Lathrop hall. A reception in the concert room preceded the banquet after which the girls descended to the S. G. A. rooms in representative groups from each state.

Bulletin Board

Bulletin board notices are published by The Cardinal free of charge as a courtesy to student organizations. Announcements must be as brief as possible and must be sent to the editorial offices in the Union building before 5:30 o'clock of the afternoon preceding the date of publication. Following are examples of the correct form for writing such notices.

—The Editor.

GRAFTER'S CLUB

The Graftor's club will meet at 7:30 o'clock this evening in the Horticultural building. Prof. J. G. Moore will speak.

Apis club will meet tonight at 5:30 o'clock in the Entomology building.

CHEMICAL ENGINEERS

The chemical engineering society will meet at 7:15 o'clock tonight in the chemical engineering building.

RED DOMINO

Red Domino society will meet at 7:15 o'clock tonight in Lathrop parlors.

FRESHMAN BASKET BALL

Candidates for freshman basket ball squad will report at 7:30 o'clock tonight in the mens' gymnasium.

FELLOWSHIP MEETING

The Fellowship meeting will be held Thursday night at the Y. M. C. A. Worth Schultz '23 will be the speaker of the evening.

SCABBARD AND BLADE

Scabbard and Blade will meet at 7:30 o'clock tonight in the armory.

GLEE CLUB

Glee club try-outs will be held this afternoon and Wednesday afternoon at 4:30 o'clock in Music hall.

THETA SIGMA PHI

Members of Theta Sigma Phi will meet at 7 o'clock this evening at the Journalism house, 430 N. Francis street.

MENORAH SOCIETY

The first regular meeting of the school year of the Wisconsin Menorah society will be held Wednesday night, Oct. 4, in Lathrop parlors, at 7:45.

FRESHMAN BASKETBALL MANAGERS

All candidates for managers of freshmen basketball team report on the gymnasium floor for first practice at 7:30 Tuesday evening.

STUDENT COURT

The student court will meet at 7 o'clock Thursday evening in the court room of the Law building.

LUTHERAN CABINET

The Lutheran students' cabinet will meet at 5:15 o'clock tonight for steak supper on Lake Drive. Members are requested to be prompt.

TWELFTH NIGHT

Twelfth night will meet Thursday night at 7:15 o'clock in Lathrop parlors.

HARESFOOT CLUB

Haresfoot club will meet tonight at 7:30 o'clock in the Haresfoot loft at the Union building.

ALPHA ZETA

Alpha Zeta will hold its regular meeting at 7:30 o'clock, Wednesday evening in Agricultural hall.

SQUARE CLUB

The Square club will meet at 7:15 o'clock tomorrow evening in the Y parlors. All university Masons are invited to attend.

Librarian Appointed For Child Work Department

Miss Ethel M. Fair, a graduate of Vassar and of the library school of the New York public library, has been appointed instructor of the children's work department of the University of Wisconsin Library school.

Besides her regular instructional work at the library school in Madison, Miss Fair will do field work for the state library commission, giving instruction on children's work at different libraries throughout the state.

Miss Fair

SUMNER TALKS TO ADVERTISERS

Professor Will Speak of Relations of Farmer and Merchant

A novel feature will be introduced into the program of the Madison Advertising club at its regular meeting Wednesday noon when Prof. W. A. Sumner of the publicity department of the university college of agriculture tells local advertisers what the farmers of Dane county think of Madison advertising.

During the experiment which has been in progress for the past few weeks, members of the program committee and officials of the club have been interviewing representative farmers around the county. The first hand reactions secured by the members will be embodied in Professor Sumner's talk.

"This meeting should be of as much interest and value to Madison merchants as to national and local advertisers," said the president of the club in discussing the meeting. "It's a hard matter to get the farmer to come in and tell the merchant or the advertiser how he feels about his store or his advertising, but when you go out and talk to the farmer over his milking, he's pretty sure to tell you frankly what he thinks of your advertising, your store and your town."

The program of the Advertising club this week will follow out the season's schedule which will combine local research work and local talent with speakers of national reputation. It is the plan of the program committee to make every meeting of the year interesting and full of value.

ZONA GALE SPEAKS AT PARK DEDICATION

Telling of her relationship with Jenkins Lloyd Jones and of his life Zona Gale '95 spoke Sunday afternoon at the dedication ceremony at Tower Hill near Spring Green of the new Jones Memorial State park.

The famous authoress praised the educational leadership of Rev. Jenkins Lloyd Jones, who for over thirty years conducted summer and educational activities on the spot which now marks the state park.

Tower Hill before falling into the hands of the Jones family had an

interesting history in connection with early Wisconsin. A shot tower on the top of the natural formation on the reserve was active for many years and obtained its raw material from the lead mines near by.

The new state park was accepted by Gov. J. J. Blaine who remarked upon the beauty of the spot and commended the generosity of Mrs. Jones, the widow, for turning over the historic spot to all the people of Wisconsin.

ADVERTISING CLASS DOES ACTUAL WORK

The retail advertising course at the University of Wisconsin, under the direction of Prof. E. H. Gardner, this year has been placed on a basis whereby the students will gain actual experience, as courses in journalism, agriculture, engineering, library work and manual arts have been conducted for some time past.

Each student is assigned to a merchant or business house in Madison to act in the capacity of a sort of pseudo advertising writer.

Many of the merchants cooperate with the instructors of the course and actually tutor the students in some of the finer points of the problems of the retailer, so that actual physical touch with the work is provided for those who, after graduation intend to take up advertising.

ing as a career. After receiving his assignment at the beginning of the school year, the student studies the business, confers with the heads or advertising manager of the company, and writes "ads" during the course.

Many of the "ads" are actually used in the local newspapers and in the several student publications.

Week's Offering at Grand Taken From Dumas' Tale

The William Fox super-production, "Monte Cristo," which is now showing at the Grand theatre, was taken from Dumas' famous story of the adventures of the Count of Monte Cristo. This story was originally written in twelve volumes.

Social Notes

Carey-Wilder Wedding.

Announcement has been made of the wedding of Miss Rose Marie Carey to Mr. Lloyd L. Wilder which took place at Argyle, Wis., Sept. 26.

Mr. Wilder is a member of Delta Sigma Phi and was graduated from the university in 1921. He won his "W" here in pole vaulting.

Mr. and Mrs. Wilder will live in Chicago where Mr. Wilder is connected with the Bell Telephone Co.

Halden-Merrill Announcement

Mr. and Mrs. W. Halden of Duluth announce the engagement of their daughter Elizabeth, to Harold Merrill, Anderson, Ind.

Miss Halden was graduated from

the university last spring and is a member of Chi Omega. Mr. Merrill is a Senior in Letters and Science and a member of Theta Chi.

Keys-Mayo Marriage.

Announcement was made Sept. 25 of the wedding of Miss Sadie Keys to Mr. Frances Mayo which took place in Kansas City, Mo.

Mrs. Mayo has lived in Madison and attended the university two years ago. Mr. Mayo graduated from the commerce course in 1921 and is a member of Delta Sigma Phi.

Mr. and Mrs. Mayo will live in Janesville for a short time but will later move to Hollywood.

Shireen Baffles Orpheum Audiences in First Half

With her eyes tightly sealed with absorbent cotton, adhesive tape, and a ten-fold bandage, Shireen, The X-Ray Girl, is describing people, what they wear and will read anything handed her at the Orpheum this week. Blindfolded she dances around on the stage between a number of posts, and demonstrates her ability with a rifle. She has no assistants on the stage or in the audience after the first introduction.

Fred Fenton and Sammy Fields are providing the comedy end of the first half offerings. The boys offer a bit of surprise which they call "Appearing in Person". Carradini's fast moving circus act;

Betty and Evelyn in "Chrysanthemums"; the snappy song singers, O'Malley and Maxfield; and the Humberto Brothers, French Comiques, round out the entertainment of the early part of the week.

Registration in Commerce College Shows Decrease

Registration in the School of Commerce has suffered a considerable decrease compared with last year. While the number enrolled during 1921-22 was 1206, the figure has dropped to but 968 for this year.

Prof. Charles L. Jamison, formerly of the University of Minnesota, has been added to the faculty, and Philip Fox and H. F. Clark, both graduate students, are assisting in the school. No new courses are included in the curriculum for the year, nor has any new equipment been purchased.

Red Domino Holds First Meeting of Year Tonight

The opening meeting of Red Domino, women's dramatic club, will be held at 7:15 o'clock this evening in Lathrop parlor according to Dane Vermillion, '23 president of the organization. It will be a purely business meeting and plans for the year will be discussed and the president has urged all to be present.

The program for the coming year will be announced as soon as the advisory committee has met with

Miss Vermilion. Those serving on the advisory committee are Olivia Fentress, '23, Roberta Louden '24, Esther Griffith '25, Reinette Douglas '23, and Mildred Downie '23. Meetings are held every other

week throughout the year and at each regular meeting a play will be discussed. Open meetings at which the club members offer plays to the public will be held next semester.

Episcopal Students Will Conduct Mission Services

Five university students, members of the Brotherhood of St. Andrew, have received licenses from the bishop of the diocese of Milwaukee to act as lay readers in the parish of the Episcopal church at Evansville. The men volunteered to conduct services in the parish under license and will take turns in reading services and a sermon every Sunday.

Four of the men went to Evansville Sunday in company with Archdeacon William Dawson to meet the members of the congregation and make a survey of the field. Eventually sixteen men will be licensed to hold services in Evansville and Mazomanie, and do mission work of a practical kind.

The men who have received licenses so far are Rufus S. Phillips '23, H. J. Walter Couto '24, Henry Rubel '23, Hawley Porter '25, and Wes. W. Dunlap '25.

Shultz Funeral Attended By Fraternity Brothers

Seven members of Phi Beta Pi fraternity returned Saturday night from Sheboygan where they acted as honorary pallbearers at the funeral of Paul W. Schulz '23, who was found dead here last Tuesday. The men who represented the fraternity at the services are E. A. Drake '24, C. F. Dull '23, H. J. Heath '24, R. I. Holcombe '23, A. W. Sommer '24, A. W. Spittler '24, N. C. Trauba '22.

Well Dressed Men Are Well Fitted Men—

Our customized clothes are as correct in fit as they are in fashion.

They are shaped to fit by trained hands, guided by intelligent skill—not by unthinking machines.

We have developed a number of new surprises in fall models. See them today—new patterns and fabrics; new ideas in design—all will appeal to men with the instinct for fine clothes.

We sell only Fine Clothing

The Student's Friend and Helper

Remington Portable

Simple—easy to operate by anybody. Compact—fits in case only 4 inches high.

Complete—has standard keyboard—with four rows of keys and no shifting for figures—and other standard features—just like the big machines.

Price, complete with carrying case, \$60.

National Typists Association, Wm. A. Gerhardt, Local Agent, 740 Langdon St., Remington Typewriter Co., Inc., 428 Broadway, Milwaukee, Wis., Remington Typewriter Co., Inc., 501-12 Bank of Wisconsin Bldg., Madison, Wis.

Paragon Ribbons for Remington Portable Typewriters 50¢ each—\$5 a dozen

THE FIRST THING YOU NEED TO START YOUR COURSE

The 25-Year Parker

The Classic of pens, with Super-smooth point and Over-size ink barrel

Handsome Than Gold!

FIRST choice, by count, of 62 men in 100, Parker's lacquer-red Duofold has become the All-American Pen in the leading universities and colleges.

Its point is guaranteed for wear and mechanical perfection 25 years! Hence here is not only the handsomest, handiest pen to use—it's the most economical to buy!

Its Over-size ink capacity makes it a long-distance writer—just what every student and educator needs for study, classroom and lecture.

Hands crave the balanced swing of the Duofold's big, black-tipped barrel; its native Iridium point—like a smooth jewel bearing—fills you with an urge to write!

Step up, today, to our pen counter and try it—try it alongside any other pen at any price. There's not another like this 25-year pen. It's the crowning achievement of Geo. S. Parker, noted as inventor of the leakproof "Lucky Curve."

Lady Duofold and Duofold Jr.—the famous \$7 Duofold in a smaller size, \$5.

The Autumn Style Review

THE Autumn Style Review begins today at Manchester's! Smart apparel everywhere—frocks, coats, blouses, suits, skirts, millinery and dress accessories. Paris gowns, especially imported by Mr. Manchester for the Style Review, are being shown in our windows.

Frocks

LET the Paris frocks, just arrived, say what the coming mode will be, for they worthily represent the inspired circle wherein styles are first created. Long slenderizing lines they say, long skirts of course, gold and silver cloth, tinsel trimmings and embroideries.

Coats

SMARTLY in keeping with Fashion's liking for drapery, some wrappy coats with enveloping collars and sleeves enlarged to the point of muffiness. Fur trimmings are at their best when used on the luxurious materials. Coats of fur promise to be more popular than ever.

Millinery

SEVERAL striking differences are noteworthy in the strikingly different hats for all. They are of metal cloth—or at least they wear metal trimmings. They are wide at the sides, but not at front or back. They show a liking for Lyons velvet, usually in black,
