BIENNIAL REPORT
OF
Commissioners of Public Lands
OF THE
STATE OF WISCONSIN

For Biennial Fiscal Term Ending June 30, 1924

Madison, Wisconsin, October 6, 1924.

HIS EXCELLENCY, JOHN J. BLAINE,
Governor of Wisconsin.

Sir: In compliance with law we place before you our report of the transactions of the Land Department for the biennial fiscal term ending June 30, 1924.

Exhibit "D" shows that there are carried on the books of this department individual loans aggregating \$297.80 on which no interest has been paid for forty years and which are unsecured and worthless. Some action to discontinue the carrying of these accounts from year to year should be taken.

Tabulated statements marked Exhibits "A" to "I," inclusive, show in detail the transactions of the department and status of lands and trust funds for the term covered by this report.

Section 24.39, Wisconsin Statutes, created by Chapter 454, Laws of Wisconsin, 1917, empowers the Commissioners of Public Lands to lease parcels of the public lands. This has been discontinued by the Commissioners of Public Lands for the reason that the plan has proven a practical failure.

The aggregate sum of loans to school districts for the past two years is \$2,342,801.47 from State Trust Funds. All preliminary work and the recording of such loans is performed in the Land Department.

Calls for certified copies of field notes of surveys, plats, patents and transcripts from the records increase in number as the state continues to develop.

We desire to draw your attention to an opportunity through Congressional Act for the state to come in possession of any unsurveyed islands located in meandered lakes and rivers in the state and also to fragmentary parcels of land which are the result of errors in the original surveys.

Respectfully yours,

FRED R. ZIMMERMAN, *Secretary of State,*

SOLOMON LEVITAN, *State Treasurer,*

HERMAN L. EKERN, *Attorney General,*
Commissioners of the Public Lands.
