Badgers Host Temple

Wisconsin (1-0) hosts Temple (0-1) on today at 80,321-seat Camp Randall Stadium (Field Turf). Kickoff is set for 11:10 a.m. CDT.

The game will be televised live by ESPN Regional (Wayne Larivee, John Congemi and Quint Kessenich). The game also can be heard live on the 45-city Wisconsin Radio Network (Matt Lepay and Mike Lucas). WIBA (1310 AM, 101.5 FM) is the rightsholder in Madison.

Wisconsin Public Television (Mike Heller and Scott Nelson) will air its tape-delay telecast of the game statewide at 10:30 p.m. tonight.

The Badgers opened the 2005 season last Saturday with a 56-42 victory at home over Bowling Green. The teams played to a 35-35 tie before Wisconsin took over in the second half. RB Brian Calhoun made his Badger debut by rushing for 258 yards and five TDs.

Temple, a Mid-American Conference affiliate member under the direction of head coach Bobby Wallace, opened its 2005 campaign with a 63-16 loss at Arizona State last Thursday. The Owls were outgained 559-265 (total offense), including a 300-62 yardage deficit on the ground.

UW-Temple Series Info

Wisconsin dropped its only meeting with Temple, 24-18, on Sept. 22, 1990 (head coach Barry Alvarez's

third game at Wisconsin) at Camp Randall Stadium ... Temple is currently an affiliate member of the Mid-American Conference ... Wisconsin assistant coach Jim Hueber, a Philadelphia native, was an assistant coach at Temple from 1981-82 ... six current Badgers hail from the Philadelphia area (Jerry Butler/Philadelphia, Jarmal Ruffin/Philadelphia, Brian Savage/Clifton Hts., Pa., LaMarr Watkins/Mt. Laurel, N.J., Dave Peck/Media, Pa., and Chris Pressley/Woodbury, N.J.) ... UW is 24-2 all-time vs. the Mid-American Conference. The last MAC opponent to defeat the Badgers was Western Michigan in the 1988 season opener.

Glad to be Here

Brian Calhoun was named Big Ten Offensive Player of the Week after his 43-carry, 258-yard, five-touchdown performance in the Badgers' win over Bowling Green last Saturday. A Wisconsin running back has been named the conference's offensive player of the week at least once in seven of the past eight seasons.

Calhoun's performance was the best debut ever for a Wisconsin running back. The previous best was Alan Thompson's 220-yard performance against Oklahoma

in 1969. Calhoun's previous single-game career highs (while he was playing at Colorado) were 24 carries vs. Kansas in 2003 and 137 yards vs. Nebraska in 2002.

Calhoun became the 12th player in school history to rush for at least 200 yards in a game. His five rushing touchdowns tied a school record previously set by Billy Marek (1974 vs. Minnesota) and Anthony Davis (2002 vs. Minnesota). Calhoun also tied the school record for points in a game, joining Marek, Davis and WR Lee Evans (five TD receptions vs. Michigan State in 2003).

Points Aplenty

Wisconsin and Bowling Green combined to score 98 points last Saturday, the most combined points in a Badger football game since Wisconsin (106) and UW-Whitewater (0) combined to score 106 points in 1890.

The Badgers' 56-point outburst against Bowling Green was its highest offensive output

Wisconsin's defense limited Omar Jacobs and Bowling Green to just seven points in the second half last Saturday.

In his Badger debut, Brian Calhoun tied a school record with five rushing touchdowns and set career highs with 43 carries for 258 yards.

since a 56-21 win over Michigan State on Nov. 15, 2003. The 56 points are tied for the seventh-most in school history and tied for third-most for the Badgers in a season-opener.

The 70 combined points scored by Wisconsin and Bowling Green in the first half were the most in a half in the Alvarez era. The previous high was on Oct. 20, 1990 when Wisconsin (28) and Northwestern (38) combined to score 66 points in the first half in Evanston, Ill.

UW's 35 points scored in the second quarter against Bowling Green were the most in a quarter for the Badgers in the Alvarez era. The previous high was 28 points in the second quarter at San Jose State on Sept. 13, 1997.

Two Are Better Than One

RBs Brian Calhoun (258) and Booker Stanley (103) each rushed for more than 100 yards vs. Bowling Green. The last time two Badgers eclipsed the century mark was on Nov. 23, 2002 when Anthony Davis (301) and Brooks Bollinger (112) did it against Minnesota.

One For the Books

Senior Brandon Williams' 85-yard kickoff return in the second quarter against Bowling Green was the longest of his career and allowed him to move past Nick Davis into first place on the UW's career kickoff return yardage list. Williams now has 1,818 career kick return yards.

A Little Bit of D

Wisconsin and Bowling Green played to a 35-35 halftime tie last Saturday as the Falcons ran up a 357-286 edge in total offense. The Badger defense, however, limited Bowling Green to just seven points and 174 yards in total offense in the second half.

Dating back to the 2004 season-opener, Badger opponents have been limited to fewer than 100 yards rushing in nine of 13 games (UW is 8-1 in those games). Bowling Green gained just 73 yards on the ground last Saturday.

HEAD COACH BARRY ALVAREZ

Alvarez's coaching career began at the high school level. He served as an assistant at Lincoln (Neb.) Northeast High from 1971-73 before taking over as head coach at Lexington (Neb.) High from 1974-75. His last prep coaching stop was at Mason City (Iowa) High where he was head coach from 1976-78 and where his team won a 4A state title in his final year.

Iowa's Hayden Fry hired Alvarez as an assistant coach in 1979. The Hawkeyes played in six bowl games (two Rose Bowls) during Alvarez's eight years in Iowa City, compiling a 61-33-1 mark in the process. Alvarez's standout player with the Hawkeyes was LB Larry Station, a two-time All-American and two-time Academic All-American.

Alvarez left Iowa after the 1986 season to become linebackers coach at Notre Dame. He was promoted (linebackers to defensive coordinator to assistant head coach) by Holtz each of his three seasons as the Fighting Irish went 32-5 and won the 1988 national title. While in South Bend, Alvarez coached All-America linebackers Michael Stonebreaker, Ned Bolcar, Cedric Figaro and Wes Pritchett.

Alvarez grew up in Langeloth, Pa., a small town among the coal mines and steel mills in western Pennsylvania. He starred as a prep linebacker and went on to play at Nebraska (1965-67) for leg-

- coached the three winningest teams in school history

When Alvarez arrived in Madison in 1990, Wisconsin had compiled a 9-36 record during the previous four seasons and attendance at Camp Randall Stadium had dipped to an average of 41,734 per game (54 percent of capacity). The program sorely needed a boost and got it when new Director of Athletics Pat Richter hired Alvarez from Notre Dame, where he had been an assistant coach under Lou Holtz.

Barry Alvarez, the winningest football coach in Wisconsin history, has completed 15 seasons at the head of the program he transformed from a perennial second-division finisher to one that is nationally respected and is a fixture on the postseason bowl scene.

Alvarez, whose overall record with the Badgers is 108-70-4, became Wisconsin's Director of Athletics in April of 2004. He is one of just two people (UAB's Watson Brown) at the Division I level who serves as head football coach and athletic director.

Alvarez's list of accomplishments at Wisconsin is remarkable. Consider just a few of the most notable ...

- winningest coach in school history
- coached three Big Ten and Rose Bowl champions
- only Big Ten coach ever to win the Rose Bowl in consecutive seasons
- just the 10th coach in Big Ten history with 100 victories at one conference institution
- has coached five national award winners, including Ron Dayne (Heisman, Doak Walker, Maxwell), Jamar Fletcher (Jim Thorpe) and Kevin Stemke (Ray Guy)
- guided UW to back-to-back Big Ten titles in 1998 and 1999 (hadn't happened at Wisconsin since 1896-97)
- bowl record of 7-3 (.700)

CHANCELLOR JOHN D. WILEY

ic affairs, which carries the responsibility of chief operating officer and deputy chancellor. As provost, he worked closely with deans, faculty, academic staff and student committees in the exercise of shared governance and the overall management of the institution.

Wiley was named UW-Madison's 27th chancellor on January 1, 2001. As chancellor, he has aimed to enhance the university's role in creating a new, more viable economic future for Wisconsin while opening avenues to innovation and learning. He also has worked to amplify the Wisconsin Idea—the belief that the boundaries of the campus are the boundaries of the state and beyond—and to build on the research and teaching strengths that have made the university so rich in accomplishment and tradition.

Wiley has presided over unprecedented growth on the west side of the campus, which is being transformed into one of the nation's great health-sciences centers. He also has mapped an east-side redevelopment that will create a vibrant arts-and-humanities district to anchor the lower State Street area, with an expanded Elvehjem Museum of Art, new classroom buildings and additional music-performance space. Wiley believes that the arts and humanities are an integral component of the research enterprise.

"Nurturing an environment of creativity—encompassing industry, the arts and individual expression—is important for attracting and keeping these very mobile, highly sought, knowledge-based workers within our borders," Wiley says.

The chancellor has been a leader in efforts to expand on-campus student housing to meet demand, stem high-risk drinking and integrate athletics into the mainstream of university life. Wiley has reached out to the private sector by creating the Office of Corporate Relations to serve the increasing needs of the business community and to help build a more prosperous Wisconsin economy.

"The Wisconsin Idea offers a shared medium through which we can help the state achieve its maximum potential as a participant in a world economy that embraces learning and the advancement of knowledge as much as it does material production," he says.

Camp Randall Stadium has the look of a winner, with its updated fan-friendly atmosphere. The stadium is a source of Wisconsin pride, but it is our fans and their rich history of loyalty that makes any Badger sporting event a truly special occasion.

Our student-athletes are also winners – on and off the field. On the playing fields, we've had many victories and championships to celebrate. And in the classroom, 186 Badger athletes registered a grade-point average of better than 3.5. Nearly one-quarter of our student athletes were Academic All-Big Ten honorees in 2004-05.

I am committed to helping ensure that our teams achieve the highest standards of excellence, not just in competition, but also in integrity, values and character.

In addition, athletics offers the university another opportunity to connect with alumni and friends.

Thanks for backing the Badgers and On Wisconsin!

Chancellor John D. Wiley received his bachelor's degree in physics from Indiana University in 1964. He attended graduate school at the University of Wisconsin-Madison and received master's and doctoral degrees in physics in 1965 and 1968, respectively. He joined the technical staff of Bell Telephone Laboratories at Murray Hill, N.J., from 1968 to 1974, and then spent a year at the Max Planck Institute in Stuttgart, Germany, as a recipient of the Alexander von Humboldt Senior U.S. Service Award for Research and Teaching.

Wiley joined the UW-Madison faculty in the Department of Electrical and Computer Engineering in 1975. His research and teaching focused on a variety of topics related to semiconductors and other materials, and processes important to the electronics field. He is a co-founder of several highly successful research centers, including the Center for X-ray Lithography and the Engineering Research Center for Plasma-Aided Manufacturing. From 1982 to 1986, he chaired the Materials Science Program, a graduate-level, interdepartmental-committee program for master's and doctoral degrees.

From 1986 to 1989, Wiley served as associate dean for research in the College of Engineering, with oversight responsibility for all aspects of graduate study, grant submission, agency liaison, research infrastructure and centers, and technology transfer. GREAT MOMENTS IN CAMP RANDALL HISTORY

Each week this season, Wisconsin will be celebrating the Greatest Moments in Camp Randall Stadium history as voted on by you, the fans. The winning memories will be depicted on commemorative six-packs of Coca-Cola bottles in stores around the state this fall. One memory will be spotlighted during each home game. This week, we remember Oct. 10, 1998 when the 12th-ranked Badgers defeated Drew Brees and Purdue with the help of an interception by Jamar Fletcher.

To help us look back on this great moment, we have reprinted an excerpt from "Tales From the Wisconsin Badgers," a new book written by UW Director of Athletic Communications Justin Doherty detailing some of the best stories from UW football history.

Badgers Brees by Purdue

Purdue broke the records and gained the yards. All Wisconsin got out of its 1998 game with the Boilermakers was a victory.

The Badgers, ranked 10th nationally in the coaches poll, were 5-0 overall and 2-0 in the Big Ten heading into their October 10 Homecoming game with Purdue. It was just the third night game in Camp Randall Stadium history, and the Badgers had lost both of the previous two. Wisconsin also brought the nation's No. 3 scoring and No. 5 total defense into the contest against the pass-happy Purdue offense directed by sophomore quarterback Drew Brees.

The Boilermakers (3-2 overall and 1-0 in conference play) entered the game averaging 317.2 passing yards per game (seventh in the nation), but no one could have predicted the kind of aerial assault they would throw at the Badgers that night.

Wisconsin took a 14-3 lead after the first quarter, thanks to touchdown runs of nine and 16 yards by quarterback Mike Samuel.

The Badgers had controlled Brees, allowing him to complete eight of 14 passes with an interception. They had no idea, however, that he would average 23 passing attempts per quarter the rest of the game.

Purdue's Travis Dorsch sandwiched second-quarter field goals of 44 and 45 yards around a 25-yard field goal by Wisconsin's Matt Davenport and a six-yard touchdown pass from Brees to Chris Daniels, and the teams went to halftime tied 17-17. Brees had completed 24 of 36 passes for 206 yards by the midway point of the game.

The Boilermakers opened the second half by marching 70 yards to the Wisconsin 10-yard line where they faced third-down and four. Brees was a remarkable eight-for-10 passing on the drive up to that point, but his 11th attempt was intercepted by Badger freshman cornerback Mike Echols. It would not be the last pick of the night by a Wisconsin rookie defensive back.

Later in the third quarter a penalty and a quarterback sack forced Wisconsin's Kevin Stemke to punt from his own 20-yard line. Purdue's Da'Shann Austin returned it to the Purdue 45-yard line. The Boilermakers rushed for two yards on their first play before Jamar Fletcher, another of the Badgers' freshman cornerbacks, stepped up, intercepted a Brees pass and returned it 52 yards for a touchdown.

After Wisconsin stopped Purdue on fourth down and one early in the fourth quarter, tailback Ron Dayne culminated a nearly six-minute drive with a one-yard touchdown run for a 31-17 lead.

Purdue's ensuing possession ended in a Bobby Myers interception in the end zone. The Boilermakers added a late touchdown, but Wisconsin's Chris Chambers recovered Purdue's onside kick with 21 seconds left to play to ensure the win.

Jamar Fletcher scored on a 52-yard interception return to give Wisconsin a 31-24 win over Purdue in 1998.

"I don't think I'll have to answer any more questions about whether our young secondary has been tested," Alvarez said after the game. "They had a lifetime of tests today."

Brees set an NCAA record with 83 passing attempts and tied an NCAA mark with 55 completions. He threw for 494 yards but also was intercepted four times. Purdue's Randall Lane set the Big Ten record with 18 receptions.

An interesting footnote is that during the game the toilets on the east side of the stadium failed and had to be shut down. That led, in part, to discussions that eventually resulted in the massive Camp Randall Stadium renovation of the early part of the 21st century.

Tale From the Wisconsin Badgers was published by Sports Publishing L.L.C. and is available for purchase at Bucky's Locker Room and online at badgertales.com.

ENDOWED SCHOLARSHIPS

For a student who wants to participate in intercollegiate athletics at the University of Wisconsin-Madison, one of the greatest opportunities available is an athletic scholarship. With the support of a scholarship, a student-athlete is able to take full advantage of the academic and athletic experience.

Many UW alumni and friends have chosen to contribute to the Division of Intercollegiate Athletics by establishing endowed scholarships. These funds, managed through the UW

Foundation, provide annual income for scholarship support, while the principal remains in perpetuity to benefit the Division. These scholarships have a tremendous impact on the Division of Intercollegiate Athletics as they benefit today's student-athletes and also those in generations to come.

The following endowed scholarships, named for the donor or someone the donor wishes to honor, provide full or partial scholarship support for Badger student-athletes. Our student-athletes, coaches and administrators thank you for your tremendous support of Wisconsin Athletics.

BADGER BOWL SUCCESS

Wisconsin's success in bowl games during Coach Barry Alvarez's tenure has been nearly unparalleled.

Alvarez has guided the Badgers to a 7-3 (.700) record in bowl games. That winning percentage is among the best in history.

Among those seven bowl victories are two Bowl Championship Series wins. Wisconsin is one of only four schools that remains undefeated with more than one BCS appearance. The others? Ohio State, LSU and Southern California.

Wisconsin's most recent bowl win was an upset of 14th-ranked Colorado, 31-28 OT, in the 2002 Alamo Bowl.

Bowl games with the Badgers are also a big hit with Wisconsin's renowned fans. In the past decade, thousands of fans have traveled to watch the Badgers in prime winter destinations like California, Florida, Arizona and Texas.

With 10 bowl appearances in the last 12 seasons, it's easy to see why Wisconsin has become a favorite choice among bowl games nationwide.

UW ATHLETIC DEPARTMENT SENIOR STAFF

Jamie Pollard Deputy Athletic Director

Jamie Pollard was named Deputy Athletic Director for the UW-Madison in 2003 and in that role serves as the No. 2 administrator in the Division of Intercollegiate Athletics. He is responsible for the overall administration

of the Badgers' 23-sport, \$72 million athletic department. In addition, he represents Barry Alvarez at all national, conference and university meetings when necessary.

Prior to being named Deputy Athletic Director, Pollard served as the division's Chief Financial Officer and Senior Associate Athletic Director. He developed a comprehensive strategic financial plan ("Keeping Big Red in the Black") that increased the division's operating reserve to \$7 million and allowed the university to move forward on the \$109 million renovation of Camp Randall Stadium. He also assisted with the development of the school's inaugural preferential seating program

that is generating more than \$9 million annually for the athletic program and he helped negotiate a multi-year, multi-million dollar contract for media and marketing rights that is one of the largest collegiate contracts in the country.

Pollard has also been the sports administrator for the men's and women's basketball programs since 2001-02. During that time the men's basketball program won back-to-back Big Ten championships, the 2004 Big Ten Tournament and advanced to the 2005 Elite Eight. He also served as the Tournament Manager when the university hosted the 2002 NCAA Men's Basketball Midwest Regional.

In the fall of 2003, Pollard was selected by *Street & Smith's Sports Business Journal* as a recipient of its "Top Forty Under 40" Award. It is given annually to the 40 most influential and creative individuals in sports under the age of 40. Pollard is the first intercollegiate sports administrator ever honored by the magazine.

Pollard has served as the President for the Collegiate Athletic Business Managers Association (CABMA) and was chosen by his peers as the 2002 Business Manager of the Year.

He was appointed by UW-Madison Chancellor John D. Wiley to serve as the cam-

pus chair of the Partners in Giving campaign that benefits more than 300 non-profit organizations. Pollard led the 2004 campaign for the University, which resulted in 4,500 employees donating \$1.46 million. Both the number of donors and donation levels were records for the institution.

His other intercollegiate administration experience came as Associate AD for Administration at Maryland (1994-98) and Associate AD for Internal Operations at St. Louis (1989-94). In both roles, he assisted with balancing budgets and creating reserves while helping implement gender equity plans.

In addition to his role at Wisconsin, Pollard founded Collegiate Financial Services, LLC, a private data research company that provided strategic financial planning and research services to athletic administrators, university presidents and conference commissioners.

Pollard, who was the 1987 NCAA Division III national champion in the 5,000-meter run and a two time Division III All-American, has a B.S. degree in business administration from UW-Oshkosh (1987). He is in that school's athletic hall of fame. Pollard and his wife, Ellen, have four children, (Thomas, Annie, Maggie and James).

THE BARRY ALVAREZ YEARS

What Others Are Saying About Barry Alvarez

Pat Richter, former Wisconsin Director of Athletics:

"His announcement certainly marks the end of an era, the greatest one on the gridiron in Wisconsin history. The unprecedented success is obviously grounded in the three Rose Bowl and Big Ten championships.

"When we arrived at the UW, it was obvious to both of us that football had to regain respectability for the entire department to get back on its feet. Slowly but surely, the attendance increased every year to the point this summer the UW didn't even have a single game ticket sale.

"Barry and I have been close personal friends for a number of years. We've shared many highlight moments and those memories are priceless. My fondest memory was sharing the victory over Michigan State in Tokyo to clinch the 1994 Rose Bowl berth."

Hayden Fry, former Iowa head coach:

"Barry has done a fantastic job every place he's coached. He is just like my son. I have great admiration and respect for him. He showed great wisdom in selecting Bret Bielema as the next head coach."

Head coach Barry Alvarez and Heisman Trophy winner Ron Dayne celebrate Dayne's NCAA record-breaking performance with a postgame ceremony following Wisconsin's 41-3 win over Iowa on Nov. 13, 1999. Dayne became the NCAA's all-time leading rusher that afternoon, a record that still stands in the record books nearly five years later.

To commemorate the final season under head coach Barry Alvarez, the Badger Gameday Football Program will highlight Alvarez in each of the publications this season. The second installment is a compilation of thoughts on Coach Alvarez following the announcement of his retirement earlier this summer, as well as some of his own memories from the past 15 years at Wisconsin.

Donna Shalala, former Chancellor of the University of Wisconsin and current President of the University of Miami:

"He was a miracle worker. No one believed that Wisconsin's program could be restored to great eminence and Barry did it with class and energy and skill."

Bill Snyder, Kansas State head coach:

"I think Barry's record speaks for itself, with the conference championships and Rose Bowl victories he has produced at Wisconsin. We've been good friends going back to our days at the University of Iowa and I have all the admiration in the world for him. He's not only a great football coach, but a great person as well and that goes far beyond his capabilities as a head football coach."

Lloyd Carr, Michigan head coach:

"Barry has been great for the Big Ten and the University of Wisconsin. I think we'll really miss seeing him on the sidelines. When you are across from him, you always know you are going to be in a real fight. He has done a great job."

Fans show support for Barry Alvarez and the Badgers after Wisconsin defeated Duke 34-20 in the Hall of Fame Bowl in Tampa, Fla., on Jan. 2, 1995.

Quoting Coach Alvarez

"But let me say this: they better get season tickets right now because before long they won't be able to."

Barry Alvarez, talking about Badger football fans on the day he was hired in 1990

"We took home the bacon and kept it!"

Barry Alvarez in response to the discovery of the old Slab of Bacon Trophy (precursor Paul Bunyan Axe in the Wisconsin-Minnesota series) that had been lost and then found in a storage room in Camp Randall Stadium in 1992

"It's a funny place to take it. We have great kids and we wanted to win it for the state of Wisconsin and our alumni and fans. We're just so happy to go. The Big Ten is a great league and I'm just happy to represent it."

Barry Alvarez after the Badgers clinched the 1993 Big Ten title in Tokyo

"Ron's been a special player to me and I think we had a very good bond. The first time I met him I hugged him, so I think it was only appropriate that I hugged him when he broke the record. I'll never forget that big smile of his. He just lit it up. When you go down the sidelines and see him smiling and trying to work his way over to me, you'll always have that picture in your mind."

Barry Alvarez after Ron Dayne broke college football's career rushing record against Iowa on Nov. 13, 1999

"Our guys were prepared for this game. To walk off that field and break the nation's longest winning streak and stay undefeated in the league . . . it was a great win for our program."

Barry Alvarez after Wisconsin's 17-10 victory over third-ranked Ohio State in 2003

"I've been in this racket a long time and I don't know if I've ever been in a game like that."

Barry Alvarez after Wisconsin's 20-17 comeback victory at fifth-ranked Purdue in 2004

Bill Callahan, Nebraska head coach:

"Barry Alvarez has put Wisconsin football on the map. He has done a fantastic job of building the Wisconsin program, but even more impressive is how his program has sustained success at a very high level. He has taken that program to the upper echelon of the Big Ten Conference and there is no doubt he has distinguished himself at the finest football coach in Wisconsin history.

"It was a pleasure to work for Coach Alvarez. He has tremendous personality, a great demeanor and treats his coaches and players with respect."

Kevin Cosgrove, Nebraska defensive coordinator and former Wisconsin defensive coordinator:

"Barry Alvarez is Wisconsin football. I spent 14 years with Coach Alvarez. He was my mentor for a long time and I have the utmost respect for him. Barry still has a lot of energy and I know he will put his full effort into the athletic director job. I wish him nothing but the best in his future endeavors."

Dan McCarney, Iowa State head coach:

"What can you say . . . Barry Alvarez IS Wisconsin football. His coaching legacy is one of the greatest in college football history. The most endearing gift that Barry ever gave me is his friendship. I can pick up the phone and call him anytime and that's a great comfort. We remain the best of friends. I love him, and he had a profound impact on me as both a coach and man. Barry Alvarez is an once-in-a-lifetime guy."

Pictured here in 1993, Barry Alvarez led Wisconsin to a 10-1-1 mark in just his fourth season. UW would earn its first Rose Bowl victory that season, which also marked Wisconsin's first bowl appearance since 1984. The Badgers went on to claim the Rose Bowl championship after a 21-16 win over UCLA.

NFL UPDATE

Chris Chambers had six catches for 133 yards during the preseason and begins his fifth season in Miami ranking sixth on the Dolphins' all-time list for receiving TDs.

25 Badgers Make Opening Day Rosters

A total of 25 former Badger football players made NFL rosters for opening day. Among those players were eight rookies: Matt Katula (Baltimore Ravens), Jim Leonhard (Buffalo Bills), Jason Jefferson (Chicago Bears), Jonathan Welsh (Indianapolis Colts), Scott Starks (Jacksonville Jaguars), Erasmus James (Minnesota Vikings), Anttaj Hawthorne (Oakland Raiders) and Dan Buenning (Tampa Bay Buccaneers).

Longshots Make The Cut

Matt Katula and Jim Leonhard were signed as free agents by the Ravens and Bills, respectively, after going undrafted last spring. Both used consistent training camps and performances in exhibition games to earn a spot on their team's opening day roster.

Katula takes over for Joe Maese, who had been Baltimore's long snapper since 2001. Leonhard is listed as the third-string free safety for

Buffalo, behind the starter, another former Badger, Troy Vincent. Leonhard ended the preseason with five tackles. He also returned punts for the Bills, averaging 17.3 yards on four chances.

Climbing Up the Depth Charts

A number of former UW players will be starting this Sunday for their respective teams. In what is turning into Madison east, wide receiver Lee Evans will join Vincent as a starter for the Buffalo Bills. Fellow Bedford, Ohio, native Chris Chambers will also start at wideout for the Miami Dolphins. During the preseason, Evans totaled five catches for 39 yards and a touchdown while Chambers had six catches for 133 yards. Running back Michael Bennett, in his fifth season in Minnesota, is penciled in as the starter in the Vikings' backfield.

Three former Badger offensive linemen, now residing in the NFC, will be starting tomorrow. Center Al Johnson will begin his second season as the anchor to Bill Parcells' offensive line in Dallas. Mark Tauscher, who has started every game in the

last two seasons, will again be protecting Brett Favre for the Packers. A starter all season for Baltimore a year ago, Casey Rabach signed with Washington as a free agent in the spring and will start at center, backed up by former Badger Cory Raymer.

COACHES' CORNER

Each week this season, the Badger Football Gameday Program will take fans inside the UW coaching staff and find out what it's like to try and prepare the Badgers for a game. A different assistant coach will be profiled each game. Hopefully fans can get a glimpse inside the life of the coaches. This week, we sat down with defensive backs coach Ron Lee, who is in his third season at UW.

What is your day like before practice?

I usually get in by about 6:30 a.m. Mornings we do our individual work, whatever I need to work on in the back end. Prepping for the scout team, getting the play cards ready and getting any individual details ready before we meet as a group.

Is any day during the week more important than the others?

Monday is the biggest teaching day because it's going to be the new opponent so we have to switch our

thinking from the last opponent. And then most important, obviously, is Saturday, and how the guys come out and play.

What do you look for when you watch film as a group?

We always tell them that you watch TV, you study film. You want to know the guy you're going against. You want to know his mom's name. You want to know his girlfriend's name. You want to know every little thing about him, what split he takes on certain routes, what type of receiver is he. Is he a guy that likes to give a bunch of moves before he breaks or is he going to go right into his route? So you really have to study your opponent and know what he's going to do before he does it.

Do you also concentrate on the quarterback?

Of course, you always want to know what kind of quarterback you're going against. First of all, is he right-handed or left-handed? Is he a pocket quarterback or a scrambler? We want to know if he's better throwing the ball in the pocket or throwing on the run.

Do you have any favorite drills?

Every drill we do has to do with our coverages. If it's a tackle drill, it's related to a coverage we're running. If it's a pass drill, it's related to the coverage we're playing. It's never going to be a drill just to be a drill.

What are the most important characteristics of a good defensive back?

You have to be physically tough, mentally tough and have a short memory.

Defensive backs coach Ron Lee is in his third season at UW after previous stints at San Jose State, Colorado State, Idaho and Portland State.

How do you communicate with your guys and the other coaches on game day when you are up in the press box?

(Defensive coordinator) Bret (Bielema) and I are constantly communicating, before the play, after the play. After the series we go back and see where we have to adjust, if we made good calls or if there's a situation that needs to be changed. We always talk as a coaching staff first and then we'll talk to the players. Let them get off their feet, let them relax a little bit, clear their heads and then we'll give them the adjustments we need to make. After that, I talk to the d-backs and let them know what's going on. I have to rely on the sounds of their voice and have someone else look into their eyes and tell me exactly what's going on because a voice can lie to you.

One of Coach Lee's star pupils was Scott Starks, UW's MVP last season and a third-round draft pick by the Jacksonville Jaguars.

"THE (ROCK) BANDS ROCK ON"

Fifty years ago the music they call rock 'n' roll was almost totally dominated by solo artists and performers such as Little Richard, Elvis, Jerry Lee Lewis and Bo Diddley. Each possessed a unique talent and exceptional charisma; however as rock music evolved a new concept emerged, the rock 'n' roll band. These were groups of musicians who produced a cooperative style and projected a single personality. These early rock bands established the instrumentation, the showmanship, and the musical direction that is still an important part of today's popular music scene. Most historians feel rock bands began with The Crickets (before Buddy Holly emerged as a solo act) and progressed through the "surfing style" of The Beach Boys or the jazz-rock tendencies of Blood Sweat and Tears. Some times there were even "manufactured bands" like The Monkees or The Archies. The early doo-wop groups, although totally vocal ensembles, were organized much like "bands" and gave rise to the sounds of Motown. Without a doubt the rock band concept reached its highest peak with the coming of The Beatles, who not only changed the direction of popular music but also opened the door in America for such British groups as the Rolling Stones, The Dave Clark Five, and The Byrds. The Wisconsin Band makes a quick survey of the evolution of "ensemble rock" when we observe how the ROCK BANDS ROCK ON!

Also at halftime the Wisconsin Band is pleased to present nearly 5,000 dedicated, enthusiastic, and talented young high school musicians who have come today to present one of the most enjoyable pageants in a football stadium anywhere ... this is Wisconsin Band Day! Band Day is a very important part of the tradition and legacy that is being celebrated in Camp Randall. It is a spectacle that is always fun to see and hear. Today the massed bands present several selections that offer a broad spectrum of some sounds that make up the history of American music. We open with a film classic by the Academy Award winning composer Elmer Bernstein, "The Magnificent Seven." That will be followed with a favorite from the '60's from Dion, "The Wanderer." The band presents another bit of film music from Polar Express, "Rockin' On Top Of The World." Band Day concludes with a bit of the British influence as the massed bands perform The Kinks' "You Really Got Me Now."

At pre-game the band will salute the 2005 Badgers and welcome the team and fans from Temple University. As a special pre-game concert presentation the band presents their own version of Woody Herman's arrangement of the stirring "Fanfare for the Common Man." Pre-game will conclude with the National Anthem and the traditional entrance of Bucky Badger into the Stadium.

SATURDAYS AT CAMP RANDALL

During the Barry Alvarez era, Wisconsin home football games have become an extraordinary event. Alvarez has led the Badgers to a 57-28-3 home record, including undefeated home slates in the Rose Bowl seasons of 1993 and 1998, in addition to last season's unblemished mark at Camp Randall. The UW has averaged more than 75,000 fans a game since 1993 and has sold out all home games before the season started in each of the past two years.

This year, with the completion of the stadium renovation, fans will be treated to one of the most state-of-the-art stadiums in the country. With newer and larger concourses, more abundant bathrooms and concession stands and the addition of video replay boards and new scoreboards, Wisconsin fans can soak up the unbeatable Camp Randall atmosphere with more comfort and convenience.

Those fans not only get to enjoy the action on the field but they are also entertained by the nationally renowned Wisconsin Marching Band. Under the direction of Michael Leckrone, the UW Band performs impressive pre-game and halftime shows. The band is probably best known, however, for its "Fifth Quarter" post-game celebration. Fans typically remain in Camp Randall Stadium after games until the band's audience participation gala is completed.

In addition, Bucky Badger and the UW Spirit Squads are always fan favorites. The entire atmosphere, which undoubtedly includes the best fans in the country, makes Saturdays at Camp Randall a unique experience.

ESPN's popular show College Gameday has visited Camp Randall Stadium in each of the two seasons. In this picture, taken prior to the Purdue game in 2003, the crew is set up on practice field just to the north of Camp Randall.

WISCONSIN TRADITIONS

Badger nickname

The athletic teams' nickname (Badgers) was borrowed from the state. The territory was initially dubbed the "Badger" state. The reason for the moniker was not because of badgers in this region, but instead because of an association with lead miners in the 1820s. Prospectors came to the state looking for minerals. Without shelter in the winter, the miners had to "live like badgers" in tunnels burrowed into hillsides according to folklore.

Bucky Badger

Badgers in various forms have been recognized as the school mascot for decades. The version currently known as Bucky, sporting a cardinal and white striped sweater, was first drawn in 1940 by artist Art Evans. At that time, the badger went by names like Benny, Buddy, Bernie, Bobby and Bouncey. Art Lentz, the department's publicity director, had the idea to bring the mascot to life.

The original badger mascot was too vicious to control. On more than one occasion, the live badger escaped his handlers. It was decided in the interest

Plunge right through that line,
Run the ball clear down the field, boys
Touchdown sure this time

Praise to thee our alma mater

of fan and player safety that Wisconsin's mascot be retired to the Madison Zoo. The Badger Yearbook replaced the live badger with a small raccoon named Regdab (badger spelled backwards) and passed it off as a "badger in a raccoon coat."

In 1949, a student in the university's art department, Connie Conrad, was hired to mold a paper-mache badger head. Cheerleader Bill Sagal, of Plymouth, Wis., was directed by homecoming chair Bill Sachse, to wear the outfit at the homecoming game. A contest was staged to name the mascot. The winner was Buckingham U. Badger, or Bucky. The name came from the lyrics in a song which encouraged the football team to "buck right through that line."

Bucky Badger has persevered through the years, even surviving a threat by then assistant attorney general, Howard Koop, in 1973. He suggested that Bucky be replaced by Henrietta Holstein, a loveable cow. Koop argued that "kids love cows. A generation could grow up supporting the university and Henrietta Holstein." Koop's effort to overthrow Bucky failed.

Bucky even survived a cameo appearance by former Sports Illustrated writer Rick Telander. In preparation for a book about the department, Telander wore the Badger costume at a 1991 volleyball game. Telander overcame "terminal claustrophobia" in his first and only act as Bucky.

Bud song

An integral part of any Wisconsin band performance is the playing of the Bud song. The tune is a spinoff of the song "You've Said It All," a jingle with words and music originally written by Steve Karmen for Budweiser beer commercials.

The song has become legendary at the University because of its polka-like rhythm. Band director Michael Leckrone said the song's popularity got started at a 1975 hockey game. "The crowd wanted to hear a polka," he said. "I didn't have any polkas. We had, just by accident, added this beer commercial to the tunes we play. I told the band if we substituted the word 'Wisconsin' for 'Budweiser' it would work."

Leckrone said the song became a football tradition after a 1978 come-from-behind victory over Oregon. "Wisconsin was behind by three touchdowns, and the crowd was really dead. I played the song to get everyone pepped up. About 20 seconds after that, Wisconsin scored a TD. I played it again, and we scored another touchdown. From then on, the band could never play enough 'Bud,'" said Leckrone.

Motion W

When Coach Barry Alvarez came to Madison, he decided that the helmet logo needed to be updated to signal a new era. He entertained 15-20 designs in 1990 before Rayovac artist Rick Suchanek developed the "Motion W," which originally included a tail at the back of the logo. Alvarez thought the tail was a bit much, but when it was removed, decided to go with it. The University bought the rights to the design, and the logo has been adopted by all other UW sports.

Fifth Quarter

The Wisconsin band has become famous for its post-game celebration called the Fifth Quarter. Win or lose, fans sing, dance and cheer with the band as they play traditional favorites like "On, Wisconsin" and the Bud song. Originally, the post-game concert was designed to give the fans something to listen to on their way out, but it developed into a post-game party as the band built in audience-participation activities.

"On, Wisconsin"

The school's fight song was originally composed in 1909 by Chicago's William Purdy, and the words were written by Carl Beck. Purdy and Beck had been fraternity brothers at Hamilton College (Clinton, N.Y.) and were roommates in Chicago. Purdy was going to submit the song for consideration to win a \$100 prize that the University of Minnesota was offering for a new football song. When Beck heard the music, he offered to write words and suggested that Purdy offer it to Wisconsin, where Beck had once studied. The song was an instant hit on campus and spread throughout the world.

Some 2,500 schools have adopted the music and changed the words to suit their needs. "On, Wisconsin" was sung for the first time at the 1909 homecoming game vs. Minnesota.

The music was adapted by Band Director Michael Leckrone in 1969. The original version had been played virtually unchanged since its inception. "I got a lot of flak for the change," Leckrone said. "The old version was one you had to wait on. I wanted to generate immediate crowd reaction, so I stepped it up a bit."

Paul Bunyan Axe

The most-played rivalry in Division I-A football continues this fall when Wisconsin and Minnesota meet. The UW-UM series is the nation's oldest and has been played continuously since 1907. The game has alternated sites between the university campuses since 1946. Much prestige was always associated with the game, and the significance was emphasized with its place on the schedule. Between 1933 and 1982, the Wisconsin-Minnesota game was always the final regular-season contest for each school.

The series took an added twist in 1948 when more than state bragging rights were on the line. After a 16-0 setback that season, the Wisconsin letter-winners group, the National "W" Club, presented Minnesota with an axe wielded by Paul Bunyan. He was the mythical giant of midwestern lumber camps. Each year since, the winner of the annual battle between the Big Ten rivals is presented with the axe, complete with scores inscribed on the handle, for display on its campus.

"Varsity"

The traditional arm-waving at the end of the song, "Varsity," was the 1934 brain-storm of then-band leader Ray Dvorak. He saw Pennsylvania students wave their caps after losing a game. Dvorak later instructed Wisconsin students to salute UW-Madison President Glenn Frank after each game.

Slab of Bacon

The Slab of Bacon trophy was the precursor to Paul Bunyan's Axe as the prize in the Wisconsin-Minnesota football series. Apparently, the trophy was presented to the winning school by a sorority from the losing institution. The trophy was discontinued in the 1940s and was discovered by UW Sports Information intern Will Roleson in a storage room at the UW Department of Athletics in 1994. It is currently housed in the football office at Wisconsin. "We took home the bacon," Coach Barry Alvarez said, "and kept it."

Each year the Badger Fund faces the challenge of funding the athletic scholarships and facilities available to the 750 student-athletes who represent the University of Wisconsin. Because the Division of Intercollegiate Athletics is a self-supporting entity and receives no state tax dollars for its \$50 million annual budget, the generosity of alumni and friends is vital to our continued success.

BERBEE BADGER CHRONICLES

BERBEE®

Each week in the Badger Gameday Program, senior wide receiver Jonathan Orr will give us an inside look at what it's like to be a UW football student-athlete. Orr has played in every game during his career. Last week in the season-opener vs. Bowling Green, Orr had three catches for 38 yards. He also scored the Badgers' first touchdown of the season, hauling in a 21-yard scoring strike from John Stocco on the first play of the second quarter.

Thoughts on the Season Opener

Well, the first game of the 2005 season is in the record books. It was a great day for Badger fans of all ages. There were mixed emotions from the start of the game to the end but when it was all said and

done, the Badgers came out victorious.

This was definitely a game that I will remember for years to come. The fact that Brian Calhoun scored five touchdowns will stand out in my mind. Brandon Williams breaking the University of Wisconsin kick return yards record is also memorable. The outstanding performance of Bowling Green's quarterback Omar Jacobs is another aspect of the day that will be engraved in my mind for a long time.

With all the significant things that happened during the course of the day, I think that the thing I will remember the most is the amount of focus and determination our team displayed in order to accomplish our goal of becoming 1-0. Prior to the game there seemed to be more discussion on the Grand Opening of the new Camp Randall, and the reunion of over 400 former players. The throwback uniforms were also drawing a lot of attention. It seemed like whenever someone did talk about the actual game it had to do with Bowling Green's highly touted quarterback and how this game was going to be

Jonathan Orr caught three passes for 38 yards last week vs. Bowling Green, including a 21-yard touchdown pass in the second quarter. Orr is now tied for seventh all-time at UW with Michael Jones for career receiving touchdowns with 12.

the first major upset in the 2005 college football season.

In the midst of all these possible distractions our team was able to concentrate on what we had to do in order to be successful. We knew that when September 3 came around the winner of the game would be determined by who wanted it the most and who was willing to do what was necessary to get the W. We understood that our destiny would not be determined by what outside sources thought or said, rather by what we did on the field.

Thanks to a great UW medical team, James has a shot at the 2020 Badgers.

Three-year-old James Pollard is still learning about football. But he knows all about come-from-behind victories. While in utero, the son of UW Deputy Athletic Director Jamie Pollard was treated for a rare tumor that made his survival unlikely. But thanks to the expert care he received at UW Children's Hospital, James overcame both that cancer and another advanced cancer a year later. Today he's doing well and is on-track to be cancer-free.

Help us build the new American Family Children's Hospital.

American Family Insurance salutes the spirit and courage of James and his family and supports both UW Athletics and the UW Children's Hospital medical team. For more happy endings for more kids, we need a world-class facility.

For more information on the campaign to build the American Family Children's Hospital, visit nofinergift.org or contact Nancy Francisco-Welke at (608) 263-5960 or nancyf@uwfoundation.wisc.edu.

YOU HAVE TO

WORK FOR IT

REMEMBER THAT KID? YOU KNOW, THE ONE DOWN THE BLOCK WHO MOWED ALL OF THE
NEIGHBORS' LAWNS. HE MOWED ON SATURDAY. HE MOWED ON SUNDAY. HE MOWED AND
MOWED AND MOWED UNTIL HE FINALLY SAVED ENOUGH FOR A SHINY NEW TEN-SPEED. AND
YOU THOUGHT TO YOURSELF, "THERE'S A KID WHO UNDERSTANDS THE VALUE OF A DOLLAR
AND ISN'T AFRAID TO WORK FOR IT." REMEMBER THAT KID? WE SURE DO. WE ARE THAT KID.

Back in 1951 when I was nine years old I would sneak into Camp Randall Stadium by stepping in front of a fatherly looking figure and tell the ticket taker that my Dad behind me had my ticket. Then I would run like hell into the stadium. Sometimes they would catch you and throw you out, however at the end of the third quarter they would open the gates at the North end and let anybody in. The game that I remember most was the Homecoming game in 1951 vs. Indiana. The game was played in a snow blizzard. The field was snow covered and slick. It was hard to see the field and the players. Quarterback John Coatta threw a 36 yard pass to Bill Hutchinson as the Badgers went on to win the game 6-0.

VOLLEYBALL LOOKING FOR MORE

With the way the Wisconsin volleyball team ended the 2004 season, the best may be yet to come for the Badgers.

Wisconsin shocked the volleyball community last season as it tied for fifth in the NCAA tournament. The Badgers upset second-ranked and undefeated Hawai'i in the regional semifinals before losing to eventual national champion Stanford in the regional final. All this from a team that had not been ranked in the coaches' poll for most of the season.

"We started slow last season because we had so many new players in the lineup," says coach Pete Waite, who is in his seventh year at the Badger helm. "Once we got rolling, we had a good second half of Big Ten play and a good run in the NCAA tournament."

With five starters plus their libero returning, the Badgers are ready for even more success in 2005. "As a group they gained a lot of great experience last year and we'll be starting this season at a higher level," says Waite. "I think we can reach that level again and we'll be working

hard to go even farther. We'll have to get more road wins in Big Ten play and that will help us out when we get to the NCAA tournament."

Shaw, Meierotto Lead Team

Leading the Badgers will be 2004 honorable mention All-American Sheila Shaw. Last season, the 6-1 middle blocker led the Big Ten Conference with 1.36 blocks per game. She also led the UW with 3.81 kills per game, which ranked eighth in the league. Shaw was a unanimous All-Big Ten selection and earned AVCA All-Mideast Region honors.

Shaw and senior Aubrey Meierotto will serve as Badger co-captains in 2005. Meierotto is a two-year starter as a left-side hitter and ranked third on the team last season with 2.83 kills per game. The 6-1 Meierotto is also one of the best servers on the team, leading the Badgers with 0.28 aces per game last season, and one of the best blockers, averaging 0.77 blocks per game.

Six Starters Return

Other returning starters include junior Maria Carlini and sophomores Taylor Reineke, Jackie Simpson and Jocelyn Wack.

As a sophomore, Carlini started 17 matches on the left-side after playing much of her freshman season at middle blocker. The 6-2 Carlini led the team with eight double-doubles and averaged 2.75 kills and 2.42 digs per game. She was named the Big Ten Player of the Week on Nov. 22 after leading Wisconsin to wins over Michigan and Michigan State.

Simpson was named to the 2004 Big Ten All-Freshman team, ranking fifth in the league with 13.01 assists per game. The 6-0 setter started 26 matches, becoming the first UW freshman since 1993 to earn a consistent starting role.

Reineke, a 6-3 middle blocker, started 28 matches, ranking second on the team with 1.25 blocks per game. She added 1.63 kills per game while hitting a team best .317.

As a freshman libero, Wack set the UW season record for digs and

ranked fourth in the Big Ten with 4.93 digs per game. She played in all 32 matches as libero and earned NCAA Region All-Tournament honors after recording a career-high 35 digs against Hawai'i.

"We have the type of players who have the athletic ability, personalities, and attitudes that are exciting to watch," says Waite. "They enjoy being with each other, which makes for good team chemistry. They love playing volleyball and that makes it exciting for the fans."

With the return of most of its starting lineup, Wisconsin also returns most of its statistical strength. The Badgers return 81 percent of their blocking (304 of 375.5 blocks), 78 percent of their defense (1,434 of 1,843 digs), 73.5 percent of their serving (86 of 117 aces) and 70 percent of their offense (1,317 of 1,890 kills) as well as both of their setters.

UW's RETIRED NUMBERS

#40 Elroy Hirsch

Elroy Hirsch played only one season (1942) at UW, but he was one of the most beloved sports figures in school history. Hirsch, nicknamed "Crazylegs," rushed for 786 yards for Wisconsin's 8-1-1 team in 1942. He starred for nine years with the L.A. Rams and later served as UW's Director of Athletics (1969-87).

#35 Alan Ameche

Alan Ameche, the 1954 Heisman Trophy winner, was a three-time All-American and ended his career as the NCAA's all-time rushing leader. He led the Badgers to the 1953 Rose Bowl and rushed for 133 yards in that game. The four-time NFL Pro Bowl pick was inducted into the College Hall of Fame in 1975.

#83 Allan Shafer

The memory of former quarterback Allan Shafer is continued with the "Living Memorial" Scholarship that is given in his name. Shafer was fatally injured during the 1944 Wisconsin-Iowa game. Shafer is one of two Badgers (Jay Seiler is the other) to die from a football-related injury.

#80 Dave Schreiner

Dave Schreiner, the two-time All-America end, was named Western Conference Player of the Year in 1942. Schreiner lettered three years at the UW as an end, both on offense and defense. CAMP RANDALL STADIUM RENOVATION

NEW LOOK, SAME OLD CHARM FOR CAMP RANDALL

One of college football's legendary facilities—Wisconsin's Camp Randall Stadium—has just undergone a four-year, \$109 million renovation. The improvements are plentiful: new FieldTurf, suites and club seats, new video scoreboards, new offices, increased seating capacity and better fan amenities like concession areas, restrooms and traffic flow.

The enhancements, however, have not detracted from Camp Randall's charm; rather, the stadium's character has been enhanced greatly by the improvements, ensuring that future generations of Badger fans will have a first-rate facility at which to watch their beloved Badgers play on Saturdays in the fall.

Camp Randall was originally used as a Civil War training site. In fact, some 70,000 soldiers trained at the camp, which also included a hospital and a prison for Confederate soldiers on its grounds.

Named for Alexander Randall, the state of Wisconsin's first wartime governor, Camp Randall Stadium opened in 1917 and was officially dedicated when the Badgers defeated Minnesota, 10-7, on Nov. 3, 1917.

UW CHAMPS/LIFE SKILLS PROGRAM

The University of Wisconsin takes pride in providing the resources for student-athletes to pursue their academic and athletic dreams, while participating in their development toward adulthood. We strive to do so by emphasizing total personal development through our outstanding CHAMPS/Life Skills Program.

The CHAMPS Program has been an integral part of the University of Wisconsin since 1998. For the last seven years, the CHAMPS program assisted student-athletes in the development of their career and personal goals. We welcome all new student-athletes to the University of Wisconsin and the CHAMPS program through our orientation each fall where they are introduced to the numerous resources and opportunities provided for them. Highlights of the CHAMPS program include: Bookin it with Bucky, a community outreach program that unites 4th grade classrooms and UW athletes; Career Night, a student-athlete career fair and networking dinner; and various presentations available for athletes to further their knowledge and development. To highlight our exceptional student-athletes, each year the University of Wisconsin recognizes more than 300 student-athletes for academic achievement, community service,

Molly Meuer, women's soccer, reading at Randall Elementary

and leadership at our annual Academic Excellence Banquet.

The CHAMPS Program at the University of Wisconsin has had a positive effect on student-athletes and continues to prepare them for future endeavors on and off the field of competition.

BADGERS GIVE BACK

The Wisconsin Department of Athletics has a number of teams that regularly contribute to the city via outreach programs. The Madison community is truly supportive of the UW-Madison athletic teams and their student-athletes.

In appreciation for that support, many student-athletes volunteer frequently in community service projects. Every season, the football team works together on a community service project to give back to Madison.

Among the projects that the Badgers have participated in recently were landscaping and cleanup days in the Eric Circle, Allied Drive, Vera Court and Harmony Park neighborhoods. The team has also participated in several walk-a-thons to raise funds for charitable causes as well as projects with Habitat For Humanity and Hammer With A Heart. Players and coaches make visits throughout the year to the UW Children's and Veterans' Hospitals, area schools and numerous other charity functions.

GOOD WORKS

Former UW fullback Cecil Martin (left) was named to the American Football Coaches Association "Good Works" team for his community service in 1997 and 1998. He was cited for establishing an offseason program for players to visit the UW Children's Hospital. Martin also served as a mentor at the Southside Community Center, where he tutored and played with children.

Martin continued his charitable support as a member of the Philadelphia Eagles where he won the team's 2000 Ed Block Courage Award.

He also was named an "Unsung Hero" by the NFL Players' Association and was featured on the Fox Sports All-Madden Team as one of the National Football League's "good guys."

THE BIG TEN CONFERENCE

This is the Big Ten Conference

The Big Ten Conference is an association of 11 world-class universities whose member institutions share a common mission of research, graduate, professional and undergraduate teaching and public service. Intercollegiate athletics has an important place within the mission.

Founded in 1896, the Big Ten has sustained a comprehensive set of shared practices and policies that enforce the priority of academics in student-athletes' lives and emphasize the values of integrity, fairness and competitiveness. Big Ten universities provide in excess of \$32 million in athletic scholarship aid to more than 8,500 men and women student-athletes who compete for 25 championships, 12 for men and 13 for women. In 2004-05, the Big Ten distributed over \$116 million in revenues to its 11 member institutions. Conference

institutions sponsor broad-based athletic programs with more than 270 teams.

- Big Ten Universities are members of the nation's only conference whose constituency is entirely composed of institutions that are members of the AAU, a prestigious association of major academic and research institutions in the United States and Canada.

- Big Ten Universities host more than 70 Nobel laureates as faculty, students or researchers.

- Big Ten Universities enroll students of whom more than 41 percent have graduated in the top 10 percent of their high school class, while 74 percent graduated in the top quarter of their class.

- The Big Ten showcased more than 300 events that were televised national-

ly, regionally and locally last year, representing over 600 hours of programming.

- Since 1992, the Big Ten has created in excess of 2,000 new opportunities for women student-athletes and established 28 new women's teams.

- Throughout the conference, the Big Ten had more than 8,400 student-athletes playing on over 270 teams in 2003-04. Those student-athletes received in excess of \$82 million in direct financial aid.

- Big Ten student-athletes graduate at a rate of 10 percent higher than all Division I student-athletes.

- The Big Ten recognized 1,952 Academic All-Big Ten honorees during the 2004-05 academic year, the highest total in the last decade. Over the past five years, the Conference has annually acknowledged more than 1,700 student-athletes as Academic All-Conference honorees.

- In the past 10 years (1995-96 through 2004-05), the Big Ten claimed 40 NCAA team championships and 155 individual titles.

BIG TEN CONFERENCE FOOTBALL INSTANT REPLAY FACTS

The Big Ten Conference will begin year two of its college football instant replay program in 2005. In addition, other leagues will also implement their own instant replay system after the NCAA approved the Big Ten's proposal to allow all NCAA conferences and independent institutions to experiment with the use of video replay for the 2005 season.

The goal of the Big Ten's football television replay plan is to: See, Review, Change (if warranted). Only specific plays are reviewable, and only those plays where the absolute standard of indisputable video evidence is met can a play be overturned.

Only the Technical Advisor serving as the review official for the game. Neither the game officials nor the coaches may ask for a review. The Technical Advisor will have the sole authority to change a call, or no call, on the field. Unlike the NFL model, officials working Big Ten games will not have the ability or capacity to view the replay(s).

The Big Ten Conference replay system allows for specific types of officiating mistakes to be immediately reviewed and corrected once the standard of indisputable video evidence is met. The replay system will not guarantee that all officiating mistakes are identified and corrected.

During the 2004 campaign, play was stopped in only 28 of 57 contests (49 percent) for a total of 43 stoppages and 21 overturned calls (49 percent of stoppages). The length of the 57 games utilizing instant replay in 2004 was only three hours and 16 minutes, compared to three hours and 13 minutes in all 2003 contests. Less than one stoppage occurred per game in 2004, as the Big Ten's average length of review was only two minutes and 39 seconds, compared to the National Football League average of three minutes and 20 seconds for its instant replay system.

Radio coverage

For the 12th year in a row, exclusive radio coverage of Badger football can be heard on the 46-city Wisconsin Radio Network. The Department of Athletics and Learfield Communications / Badger Sports Properties entered into an agreement for radio broadcast rights for football and basketball in 1994.

WIBA-AM (1310 AM) and WIBA-FM (101.5 FM) are the rights holders in the Madison market, and WTMJ (620 AM) carries the games in Milwaukee.

Television Coverage

It's easy to follow Badger football through the Big Ten's comprehensive television package. Most Wisconsin games will be selected for live TV coverage on either ABC, ESPN, ESPN2 or ESPN Regional.

All Badger home games are televised on a delayed basis by Wisconsin Public Television (WHA-Madison, WPNE-Green Bay, WLEF-Park Falls, WHWC-Menomonie, WHLA-La Crosse, WHRM-Wausau and WMVT-Milwaukee). Broadcast across the state educational network, the football replays on WPT air most Saturdays at 10 p.m. WPT and Badger sports have been partners for more than 25 years.

The Barry Alvarez TV Show

The "Barry Alvarez Television Show," produced by Learfield Communications / Badger Sports Properties and WISC-TV, is a 30-minute program of highlights, interviews and features on Badger football.

The show airs twice on Sunday in the Madison area on WISC-TV at 10:30 a.m. and on UPN14 at 10:30 p.m. The show can be seen statewide on Fox Sports Net North at 6:30 p.m. on Monday.

uwbadgers.com

The Department of Athletics has made a strong commitment to bringing its news straight to the fans. The Badgers' Web site (uwbadgers.com) produces news updates multiple times daily to keep fans up-to-speed on the happenings in the Division of Intercollegiate Athletics.

Web users can tune in for live video streaming of media news conferences, chat with coaches, staff and student-athletes, order tickets online or listen to live radio broadcasts of games.

It is through the support of dedicated volunteers that the University's sports program is so successful. No group better represents this commitment than Bucky's Ambassadors. This group of volunteers spends hours leading tours, handing out schedules and posters at games, assembling media kits and direct mail projects, acting as hosts and crowd controllers at special events, and many other personal and group activities. Look for the Ambassadors dressed in their Bucky jackets or red Badger vests at each Badger game. Thank them for a job well done. If you're interested in joining the Ambassadors, please call 608-262-7425.

LEGACY OF CAMP RANDALL

Today's Camp Randall experience is one of boisterous cheering, fan camaraderie and first-class football among a sea of red. This, however, was not always the case. On the same ground that today's young student-athletes do battle on the gridiron, young soldiers-to-be prepared for battle in the Civil War. From 1861 to 1865 the area where Camp Randall Stadium stands served as Civil War training grounds. In this season's game programs this page will be dedicated to the legacy of Camp Randall and its history in its pre-football days.

Letters written by soldiers training at Camp Randall help shed light and bring to life the experience of those men and boys and conditions they endured. Early correspondences were optimistic and light-hearted. However, when the Wisconsin winters took hold and the novelty of the camp wore off for the soldiers and the people of Madison, morale suffered.

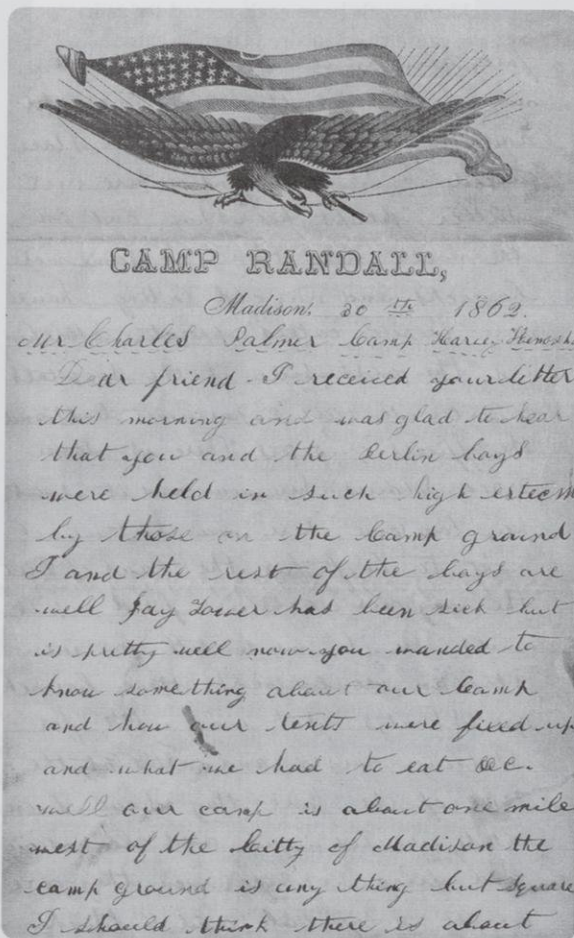

One of the first men to arrive in Madison, George Beck of the 37th infantry wrote:

"Since our arrival the people of Madison have taken a great interest in our activities. Many days they arrive to watch us drill. The women are especially generous with their homemade foods, pies and teas. It surely is a fine alternative to the food we get at camp..."

Written in 1861, Beck's outlook and experiences were upbeat. But just one year later, the letters reflected a much different experience.

John Cronk of the 30th infantry wrote in 1862:

"These barracks are shantys that was used for stabling horses and cattle at the time of the fare. They have been white washed inside and cleaned out and fixed up for men. When we came down here we had our victuals cooked for but now we draw our rations and

cook them ourselves ... We have built an eating house by ourselves. We have plenty of food here some times and not much at others. There is considerable sickness here at present with measles, sore throat and bad colds."

A 16-year-old soldier, Chauncy, wrote to his mother on Christmas Day, 1862:

"... The mercury was down near 40 below zero and the guard house where we sat down between reliefs or lay down was little better than out doors. The health of our Regiment is none too good. One man dies on an average every day. As I write this letter the drum is beating. The food we get is to blame for our bad health. The boys threaten a riot every day for the bad beef and spoilt bread issued to us and all this in our home state of Wisconsin."

Conditions were waning and only going to get worse with the arrival of Confederate prisoners.

STILL STANDING

The Camp Randall grounds still hold remnants of its Civil War heritage

The Camp Randall Memorial Arch is located at the intersection of Randall Avenue and Dayton Street and has become a symbol of history, tradition and the Camp Randall legacy.

Erected on June 19, 1912, the arch is a memorial to the soldiers of the Civil War and makes for a grand entrance to the GAR Park and the Camp Randall grounds.

AROUND UW ATHLETICS

Each week, the Badger Gameday Program will take a look at what's going on with the other UW sports currently in-season.

Volleyball

Wisconsin faces its first big challenge of the 2005 season this weekend when it takes on 21st-ranked Missouri (2-0) at the Holiday Inn Classic. The Tigers are coming off a 3-0 upset win over No. 9 Tennessee last weekend at their own invitation-al ... Jeffers, a 6-2 opposite hitter, led the Badgers with 3.86 kills per game and hit .411 in three matches ... Senior Sheila Shaw became the 14th player in UW history to record more than 1,000 kills in her career. The 6-1 middle blocker totaled a match-high 11 kills against Butler last Saturday to up her career total to 1,002.

Junior Kara Kabellis and the women's soccer team heads west for Portland's Nike Invitational this weekend.

Women's Soccer

Haynes was a second-team All-Big Ten runner in last season and Rundhaug placed 59th at the 2004 NCAA Cross Country Championship.

Katrina Rundhaug is one of three upper-classman who will guide the women's cross country team this year.

WHAT'S HAPPENING AT UW

Dog Jog Benefit Planned

The UW-Madison School of Veterinary Medicine is sponsoring the 22nd annual Dog Jog Benefit for Homeless Animals on Sunday, Sept. 18. Hundreds of dogs will join their owners in a 2-mile run/walk to raise money to benefit area humane organizations. Last year's race raised \$30,750. The Dog Jog will begin at 10 a.m. in parking lot 60, on the west end of campus.

The theme of this year's Dog Jog, "I am a dog person," encourages dog (and cat) people to give online, whether they can attend or not. The public can sponsor a neighbor, friend or family member, or contribute in the name of their pet. An online donation center has been established at www.dogjog.org.

Registration forms are available at any Mounds Pet Food Warehouse, the school's Veterinary Medical Teaching Hospital, or at www.dogjog.org.

Bucky Gets Small

A team of UW-Madison chemistry researchers has put a new twist on a philosophical riddle: How many Bucky Badger mascots can you fit on the head of a pin?

The answer: 9,000, with a little help from nanotechnology.

NanoBucky, created in the lab of Robert J. Hamers, is composed of tiny

It's a clumsy dance that takes place in thousands of residence hall rooms each year during move-in: Parents assemble beds, help organize belongings and, eventually, say good-bye to their children. Here, first-year students and new roommates McKenzie Aschenbrenner from Marshfield (right) and Nicole Hubbard from Waunakee (center) get settled in their room in Sellery Residence Hall, as they unpack and discuss how to best set up their furniture with help from Nicole's parents, Dave and Diane Hubbard. carbon nanofiber "hairs," each just 75 nanometers in diameter. A nanometer is equivalent to 1 billionth of a meter.

Nanofibers, a form of carbon developed in the last several years, have many applications and could play a role in the development of such things as tiny sensors for detecting chemical and biological agents.

The fibers, and NanoBucky, are "grown" in a plasma deposition chamber where a mix of gases is used with electrical current to grow nanofibers on a silicon substrate with a nickel catalyst. The pattern for the catalyst is composed on a computer and is then traced on the substrate by a beam of electrons.

New Home for Space Place

The Space Place, UW-Madison's astronomy outreach center, has moved to a new location in the Villager Mall, 2300 South Park St. The Space Place provides hands-on activities, presentations and lectures about astronomy.

The old location of Space Place was in a small, refurbished restaurant. Now, with nearly double the floor space, Space Place can accommodate three groups simultaneously in exhibit and lecture halls and a workshop. Star and sunspot gazing take place on a rooftop observation area.

Although primarily used by school groups, Space Place has monthly public events. Family-oriented programs are featured on the second, third and fourth Saturdays of each month at 10 a.m. Guest speakers give presentations on the second Tuesday of each month at 7 p.m. "Eyes on the Skies," a program about current celestial events above Madison, are offered on the fourth Tuesday of each month at 7 p.m.

For more information, visit <http://www.spaceplace.wisc.edu/opening.shtml> or call 608/262-4779.

OK, smartypants. Test your knowledge of Badger football trivia at www.redcarpet.wisc.edu.

Take the Red Carpet Trivia Challenge each time there's a home football game and become eligible to win a Red Carpet Tee. Three winners will be selected from all correct entries received by noon on the Wednesday following each home game. Go to redcarpet.wisc.edu to take the challenge and find the trivia answers to past questions.

This week's challenge:

Q: Who was the Badgers' first African American All-American football player?

One entry per e-mail address per game. More than one entry from any e-mail address will void all entries from that person or e-mail address. Winners will be notified by e-mail.

SUPPORT THE AUTO DEALERS THAT SUPPORT THE BADGERS

UW Athletics strongly encourages Badger Fund members, season ticket holders, fans and alumni to visit the showrooms of the following Big Wheel Club members when looking for a vehicle. You will be impressed with the professionalism of their sales staffs and the quality of vehicles on their lots. Give them an opportunity to show you why they are such an integral part of Badger Athletics...and tell them "Bucky" sent you!

Fullback Alan Ameche was a first-team choice and center Ken Bowman, defensive lineman Don Davey and defensive back Dale Hackbart were named to the second team.

All four Badgers are former Academic All-Americans. Davey, a native of Manitowoc, Wis., is the only four-time Academic All-America pick in university-division history.

ACADEMIC HALL OF FAMERS

Two former Badger gridiron stars (Alan Ameche and Pat Richter) have been inducted into the CoSIDA Academic All-America Hall of Fame.

To gain admittance to the Hall, student-athletes must be former Academic All-Americans who distinguished themselves off the playing field after graduation.

Ameche, who played professionally after graduation, retired in Philadelphia after his career and became one of the city's philanthropic leaders. Richter played pro football in Washington before returning to the UW to earn his law degree. He worked at a Madison law firm and at Oscar Mayer before his appointment as Director of Athletics at the University of Wisconsin.

NCAA GUIDELINES

What Every Badger Fan Should Know

With increasing numbers of NCAA rules governing outside intervention in recruiting, coaches cannot afford to have any extra "help" in recruiting elite student-athletes to the University of Wisconsin. The penalties are too severe.

Here are some tidbits of information concerning you and Badger athletics ... You are a "representative" of the UW's athletics interests (i.e., booster) if any of the following apply:

- a) you are an alumnus of the University of Wisconsin;
- b) you have ever made financial contributions to the athletics department, to an athletic booster organization of the UW, or to a UW athletics program;
- c) you have ever helped to arrange employment of enrolled student-athletes and/or National Letter of Intent signees;
- d) you have ever been involved in any way promoting the Badger athletic program.

Once an individual is identified as an "athletics representative/booster," the person retains that identity forever, even if that person no longer contributes to or supports the athletics program.

NCAA Bylaw 13.01.5 states: In Division I, a representative of the UW's athletics interests is prohibited from making in-person, on-or-off campus recruiting contacts, or written or telephonic communications with a prospect or the prospect's relatives or legal guardians.

A prospect is any student who has started classes for the ninth grade. In addition, any student younger than ninth grade could become a "prospect" if they receive any benefits from an institution or a booster. Student-athletes enrolled in preparatory school or two-year colleges are also considered prospective student-athletes.

What Can You Do?

If you know of a high school or junior college student-athlete who might want to attend the UW, the only permissible activity for a representative is to call the appropriate UW coach.

Extra Benefit Rule

A representative of UW athletics interests cannot provide an "extra benefit" to a prospective or enrolled student-athlete. An extra benefit is any special arrangement by

an institutional employee or a booster to provide for a student-athlete or a student-athlete's friend or relative not expressly authorized by NCAA legislation. Some examples of prohibited activities are:

- a) providing gifts or reduced cost services;
- b) providing a loan, or arranging for or co-signing a loan;
- c) employing relatives or friends of a prospective student-athlete as an inducement for the enrollment of the prospect;
- d) providing use of an automobile;
- e) providing rent-free or reduced-rent housing;
- f) providing tickets to an athletic, institutional or community event;
- g) entertaining or contacting a prospective student-athlete or a prospective student-athlete's family on or off campus;
- h) promising to provide any of the above;

According to NCAA rules, the University of Wisconsin Athletic Department reserves the right to withhold any benefit or privilege associated with their athletic department (i.e., booster clubs, ticket privileges, etc.) from individuals that are involved in a violation of NCAA legislation.

Employment

NCAA rules are such that opportunities for your interaction with student-athletes are very limited. One of the best opportunities for alumni or friends of the program to assist student-athletes financially and provide them with a valuable internship experience is through employment. A representative of athletics interests is permitted to provide employment for student-athletes under the following conditions:

- Compensation can't include any remuneration for value or utility that the student-athlete may have for the employer because of the publicity, reputation, fame or personal following that he or she has obtained because of athletics ability;
- Compensation for only work actually performed; and
- Compensation at a rate commensurate with the going rate in that locality for similar services.

With more than 700 student-athletes competing at the UW, the Department of Athletics encourages businesses to hire Badger student-athletes. Please contact John Chadima at the UW Football Office (608-262-1861) or the UW Department of Athletics if you are interested in pursuing these opportunities further.

For more information regarding rules and regulations, or for an informational brochure regarding rules for alumni and friends of Badger athletics, please contact the UW Compliance Office at 608-265-2973.

WALK-ON SUCCESS AT WISCONSIN

Donnel Thompson

ACCOMPLISHED WALK-ONS FOR THE BADGERS

They may have been told by many non-believers in their senior years of high school that they weren't big enough or fast enough to contribute to a Big Ten football program. However, a number of individuals have gone on to make their mark on the University of Wisconsin football program during the Alvarez era by originally joining the team as a walk-on.

Below is a partial list of some of the individuals that joined the Badgers as non-scholarship players, only to make major impacts at the UW and beyond.

- **Bob Adamov, linebacker:** four-year letterwinner; team captain and starter on the Badgers' 1998 Big Ten and Rose Bowl champion squad; Ivan Williamson Scholastic Award winner in 1998; one of nine senior starters named team MVP his final season.

- **Chad Cascadden, linebacker:** named the team's Special Teams Player of the Year in 1994; Academic All-Big Ten selection his senior year; letterwinner on UW's 1993 Big Ten and Rose Bowl champion squad; played for the NFL's New York Jets.

- **Matt Davenport, placekicker:** semi-finalist for Lou Groza Award; consensus first-team All-Big Ten in 1997 and 1998; scored 99 points as a senior, the most in school history for a placekicker; career field goal percentage (.868) is No. 1 at UW.

- **Jason Doering, safety:** team captain in both 1999 and 2000; led Badger defensive backs in tackles his final three seasons; ranks fourth all-time in career

solo tackles (250); starter on two Big Ten and Rose Bowl champion teams; currently plays for the NFL's New York Giants.

- **Joe Panos, offensive tackle:** team captain in 1993; starter on the Badgers' 1993 Big Ten and Rose Bowl champion team; first-team All-Big Ten and second-team AP All-American in '93; played for the NFL's Philadelphia Eagles and Buffalo Bills.

- **Mark Tauscher, offensive tackle:** three-year letterwinner; member of two Big Ten and Rose Bowl champion squads, including a starter on the 1999 team; helped Ron Dayne become NCAA all-time leading rusher; currently a starter for the NFL's Green Bay Packers.

- **Donnel Thompson, linebacker:** team captain in 1998 and 1999; starter on a pair of UW Big Ten and Rose Bowl champion teams; ranks 10th all-time in career tackles; two-time team-leader in tackles; played for NFL's Pittsburgh Steelers and Indianapolis Colts.

- **Mike Schneck, long snapper:** three-year letterwinner at Wisconsin; member of 1998 Big Ten and Rose Bowl champion team; signed free agent contract with Pittsburgh and currently plays for the Steelers.

- **Sam Veit, punter:** four-year starter and letterwinner; member of UW's 1993 Big Ten and Rose Bowl champion squad; ranks third all-time in career punts (209) and career punting yards (8,016); three-time Academic All-Big Ten selection.

LEONHARD WAS ULTIMATE WALK-ON SUCCESS STORY

Jim Leonhard's (pictured left) football accomplishments are worth noting all by themselves: three-time first-team All-American, three-time first-team All-Big Ten, holder of several Big Ten and school records for his play as both a defensive back

and punt returner. But that's only half the story.

Leonhard's accolades off the field are just as impressive. A 2004 first-team ESPN The Magazine Academic All-American as selected by CoSIDA, Leonhard was honored in New York as one of 15 National Football Foundation Scholar-Athletes (with that goes an \$18,000 postgraduate scholarship).

The 5-8, 186-pound Leonhard (who once won a team basketball slam dunk competition), a native of tiny Tony, Wis. (pop. 105), will go down as one of the most decorated players (let alone walk-ons) of the Alvarez era.

Determined. Focused. Intense.

In class and in competition, Badger student-athletes stand out in the crowd.

Over the past eight semesters Badger student-athletes earned an average GPA of 2.94. During the past four years, these students have graduated at an average rate of 72.7 percent—higher than the 61 percent Division I average and comparable to the 75.7 average rate for all UW-Madison students.*

Scholarship support is key to the success of these future leaders because it allows student-athletes to focus on excelling in the classroom and in their sports.

You can assist Badger athletes through a variety of gift options including endowments and deferred gifts.

Through an endowment, your gift is invested to provide annual scholarship support for student-athletes while the principal is conserved. Thanks to you, Wisconsin's winning tradition will continue far into the future.
