CARDINAL TALKS

Playing Fair

The Daily Cardinal is not a crusader. It does not boost every movement that comes along. It does not believe that it should endorse an activity because it is sponsored by students or because it parades under the name of art or progress. The readers are not urged to go here and there—to see this wonder and that marvel.

The Cardinal enjoys the confidence of the student body because it refrains from crying "wolf" every time a noise is heard. The interests of all the students are placed ahead of those of any group or any special interest. The Cardinal is not a crusader, but it will call the attention of the students to things that are worth while and merit support.

The Memorial

The Memorial Union building is a real need. This need can be realized at once if the students and alumni contribute the money necessary so that construction may be hastened. The students of the Summer Session will be asked to subscribe. Loyalty, good will, and a realization of the vital need of a building for the men will swing the balance in favor of the project. If you don't know about the building, find out. You will want to be one of those who helped build Wisconsin's Memorial.

Smokers to Puff Vile Weed for Test of Brains

It makes you fat,
It makes you lean,
It lifts the brains
Out of your bean.
Just sit and smoke—40 cents an hour.

A call has been issued by Prof. M. V. O'Shea of the department of Education, for men who smoke to submit themselves to tests. The big idea is to find out whether or not smoking effects the mental capacity and intelligence.

In order to do this 18 men who smoke will be selected, who will devote three hours each afternoon to a test period.

A feature of Professor O'Shea's announcement is that the men will not only be paid for their time but that the smokes will be provided.

At the same time it is planned to run 18 men who do not smoke. By means of comparison of these two groups, Prof. O'Shea is gathering data that will be published in the near future. The tests will begin Monday afternoon.

FIRST MIXER HELD TONIGHT

The first all-university mixer will be held tonight at 8 o'clock in the gymnasium of Lathrop hall. It is hoped that all the students will take advantage of this opportunity to get acquainted. Between the dances there will be special stunts under the direction of Prof. E. B. Gordon.

Arrangements have been made for the different groups to get acquainted, and Professor Gordon says, "We are going to give everyone the opportunity of becoming acquainted with people from his own state. That is the first thing they want to know, 'Who is here from Kansas? Who is here from Ohio?'"

Scherer's orchestra will furnish the music for the mixer, and there will be plenty of mixing stunts to afford relaxation and entertainment after the first week of school.

Mixers will be held the first three Friday nights, according to Dean S. H. Goodnight.

MASONS PLAN TO PICNIC MONDAY

The university Masons and Eastern Stars and their friends will give a picnic at Bernard's park, Monday, July 5, according to plans made at the meeting of the lodges Wednesday night. Boats will leave the Park street pier for the picnic grounds at 2 and 2:30, making return trips at 8 and 9:30. Arrangements have been made for about 125 people including the guests. A trip to Devil's Lake and other show places near Madison have also been planned for the summer.

The following officers for the coming year were elected at this meeting: President, Gordon E. Nelson; vice president, Lorena Oestreich; secretary, Genevieve Palmer; treasurer, H. J. Jones; and social chairman, Genevieve Palmer.

DR. SEAMAN HEADS BOARD OF REGENTS

Dr. Gilbert Seaman, of Milwaukee, was elected president of the Board of Regents of the University of Wisconsin for the ensuing year, at the last meeting of the board. Walter J. Kohler, of Kohler, was elected vice-president. Maurice E. McCaffery was re-elected secretary and Prof. H. J. Thorkelson, business manager.

NOTICE.
There will be no Cardinal Monday on account of the holiday. Publication will be resumed Wednesday.

DRAMA EVENTS SCHEDULED ON REGULAR PLAN

Minstrels and Vodvil Alter- nate; Haresfoot and Joint Play Get Trip

A permanent dramatic program for student productions has been adopted by the faculty. The plan which originated in the sub-committee on oratory and debates was decided upon as a means of preventing conflicts in the arrangement of plays.

Under the present plan Union Vodvil and the Engineers' Minstrels come in alternate years. This is a change in the old system under which the Minstrels alternated with the Circus and Vodvil was staged every year.

Road Trips

Haresfoot and the Joint Production are allowed to go on the road. This will be an innovation in that it will permit both men and women to make the trips with the Joint Production. The Joint Production which is staged by Edwin Booth, Red Domino, and Twelfth Night has been a regular event since 1905 when "Trelawney of the Wells" was staged by Edwin Booth and Red Domino.

In 1901 Haresfoot made its first trip with "A Colonial Girl," playing in Fond du Lac, Oshkosh, Appleton, Green Bay, La Crosse, and Winona. Since that time the club has been permitted to go on every year.

Women Included

Permission for women to go on tour with student plays and events was granted last summer, but during the past year the dancing trips were the only ones made.

NURSES' SCHOOL READY BY FALL

Five and Three Year Courses Open to High School Graduates

The university training school for nurses will be opened with the beginning of the first semester. There are to be two courses, a three year course for high school graduates, leading to the certificate of graduate nurse, and a five year course with the degree of bachelor of science and the graduate nurse's certificate. A special feature of the courses is the training for public health nursing.

The first two years' work in both courses will be the same as that in the Letters and Science course, and in the third year the students will begin their majoring in the medical sciences," said Miss Florence Patterson, superintendent of the hospital. "Since the state hospital will not be completed for some time, those starting in the three year course this year will be forced to take their work in surgery and obstetrics at some outside hospital. In determining the hospital in which to do this work, the nurses will have the same choice as the students in the Medical school."

The students in the five year course will, however, be able to complete all their work here.

ALUMNI CHOOSE THREE TRUSTEES

New members of the board of trustees of the Alumni association of the University of Wisconsin who were elected at the meeting of the Alumni council last week were Ernest N. Warner, '89, Burr W. Jones, '70, and R. B. Dudgeon, '76, all of Madison.

Large Number of Disabled Soldiers Also in Attendance

Exactly 459 state bonus students have registered for the summer session. The bonus students in order to get their pay from the state must sign. The bonus students in order carry a minimum of six credits of work and must attend at least 90 per cent of their classes.

There are also in attendance 137 federal students, including 29 new ones. Among the schools from which the bonus students have come here are: Carroll college, Columbia university, Northwestern, Milwaukee School of Engineering, Marquette, La Crosse, Normal and Chicago Tech.

1921 BADGERS SOLD AT UNION

Students who have been unable to obtain a copy of the 1921 Badger may get them at the Badger office in the Union building. They may be secured either by presentation of coupons or cash. Orders, with money, \$4.25 may also be left at Dean Goodnight's office in South hall. As the supply is limited, Business Manager Frank W. Kuehl urges immediate call, as none will be reserved. The office will be open from 5 to 5:30 p. m. daily until the supply is exhausted.

WELL, FRIENDS—We will open up the show this mawin' with a li'l ol' suggestion for a bright young person looking for an opportunity: The secret is out! If you want to make money why not open up a DELICATESEN SHOP for picnic lunches? Weak coffee, burnt steaks, mellow fruit, mushy chocolate creams, and pie a la fly will be specialties. Everybody has 'em so save trouble and get these tidbits ready-made.

by Lowman**

A call for baseball players has been issued by Coach Guy S. Lowman. The Summer league will open next week for a series of games between students in the Summer Session. The games will be played on Thursday afternoons.

Several teams are already recruiting men. Wisconsin, Iowa, Illinois, and a southern team have already entered the lists. Students who are interested in playing with these or other teams are asked to register with Coach Lowman at once so that the schedule may be arranged. The Summer league is a regular summer event and several exciting games for the "championship" will be played.

Campus Religious Council Holds
Meeting for All
Students

A special Vesper service will be held Sunday evening, July 4, on the upper campus under the auspices of the Campus Religious council. Dean Scott H. Goodnight will act as chairman and Prof. Edgar B. Gordon will lead the singing.

It is a regular custom to hold the Vesper service on the upper campus during the Summer Session. This meeting, however, is expected to be an unusually large one and great pains have been taken to secure an excellent speaker.

Lumpkin to Speak

Rev. H. H. Lumpkin, D. D., will be the speaker Sunday night. Rev. Lumpkin is a man of wide experience, having spent considerable time as a missionary in Alaska. For five years he was rector of the St. Mathews church at Fairbanks. The church and his residence were both made of logs. Rev. Lumpkin has also spent considerable time on the trail, preaching and giving help to the Indians and Eskimos, and in the mining camps. These expeditions were made with dog teams and often resulted in trying experiences. Because of his faithful service in the far north, he was chosen honorary member of the Pioneers of Alaska.

Offer Plans

Rev. Edw. W. Blakeman has been chosen chairman of the program committee and will be assisted by Fern Constance, John G. Baker. The instrumental music will be in charge of Mrs. Geo. N. Qualley, formerly organist and choir director in Rockford, Illinois. Frank Kuehl, business manager of the 1921 Badger, will have charge of the publicity. John A. Potts has been chosen chairman of arrangements and will also have charge of the ushering.

Leo H. Kohl, president of the Campus Religious Council of the University of Wisconsin, was chosen chairman of the summer vespers services. Sunday evening vespers will be held on the upper campus from July 4th to August 1st inclusive. During the summer session, students come to the university who frequently are unable to attend during the fall and winter months. The Sunday evening vespers have proved very popular in past years and the outlook for this year is very promising. On July 11th Rev. A. J. Soldan will be the speaker of the evening.

was elected president of the French
circle at the initial meeting of the
summer school, held in Lathrop par-
lors last night. E. G. Atkins, mem-
bers of the instructional staff, was
chosen secretary-treasurer.

Some 50 advanced students in

ing was called together by C. E.

by the members of the two French
houses. Mlle. Olga Longi sang
some Breton songs. Miss Amanda

Attempting to solve charades pre-

The Key to Successful

Permanent
Hair Waving

Depends upon the proper use of the steam pad. It is steam that is depended upon to make the wave effective. In the Frederics Steam Pad the waving ingredients are incased in fabric and absorbent material and the whole firmly held in place by lines and stitches. They are therefore uniform in thickness when wrapped about the hair on the curler and insure a uniform steaming treatment to every wave.

This process is absolutely guaranteed against injurious effects and gives a beautiful and lasting wave. For further information call at

**NEW HOSPITAL
TO TREAT CASES
OF 25 CHILDREN**

Cripples Will be Brought From
Sparta Home for New
Treatment

On July 15, the Bradley Memorial hospital will begin a new line of work. Twenty-five crippled children, all orthopedic cases, are to be brought here from the Sparta home for dependent children. They are to be cared for under the direction of Dr. F. Gaensler of the Memorial and the county hospitals of Milwaukee.

Plans are progressing rapidly for

the group of buildings which will go to make up the university's hospital. The group will count about fifteen acres, the ground extending from Orchard street to the university high school, and from Linden to University avenue. The nurses' home will be located north of Linden.

According to the present plans the hospital will accommodate about four hundred patients, and will treat practically all cases, including medical, surgical, obstetrical, psychiatric, orthopedic, and those of the ear, eye, nose and throat. The hospital will be completed in time for those starting the five years' nurses' course to complete their work here.
