The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

With the ongoing atrocities against the Hmong in Laos, and the apprehension over the forced repatriation of Hmong refugees in Thailand, The Hmong Human Rights Committee at the University of Madison-Wisconsin is proud to present Save the Hmong: A Benefit Night.

The Benefit is the fundraising kickoff of the semester and is a night dedicated to the education of not only Hmong Human Rights, but also the Hmong students' creativity through performances of music, song, dance, video, and spoken words.

All proceeds from the benefit will go directly to the Hmong Human Rights group in order to further implement our goal in educating the public as well as to Doctors Without Borders. They are specifically helping and voicing out their concerns regarding the 8,000 Hmong refugees in Thailand's unknown fate if forced to return back to Laos.

HMONG HUMAN RIGHTS MISSION

- A. To expose the issue of the Hmong human rights violations and persecution in Laos through American mainstream media in order to call immediate attention on the issue and rally public support.
- B. To actively engage in educating the public on this issue, as well as continually educating ourselves.
- C. To continually conjure up new and inventive ideas and methods on how to expose Hmong Human Rights to the public in order to sustain originality and credibility of the group.

THANK YOU
