WEATHER  
Generally fair and warmer Thursday; Friday cloudy and colder.

VOL. XXXIII. NO. 133

UNIVERSITY OF WISCONSIN, MADISON, THURSDAY, MARCH 27, 1924

PRICE 5 CENTS

## MRS. WENTWORTH TO GIVE "SINGING GLOBE" TONIGHT

Author and Actress Will Read Her Latest Play in Bascom Hall

Mrs. Marion Craig Wentworth, author and reader, will give her latest play, "The Singing Globe," at 8 o'clock tonight in 165 Bascom hall under the auspices of the Wisconsin University Players.

Tickets for the performance may be secured throughout the day in Bascom and Lathrop halls and at the Union building, while a limited number of seats will be available at the door tonight. The price of admission has been set at 50 cents.

Mrs. Wentworth, whose home is in Santa Barbara, Cal., has brought her play east to many cities where it has been received with so much enthusiasm and praise that she has returned to repeat the reading several times.

Wrote "War Brides"

While "The Singing Globe" is Mrs. Wentworth's latest success, she has enjoyed many other triumphs in her artistry. Her readings from contemporary Spanish dramatists and from modern poets have been especially well greeted by the metropolitan critics.

"War Brides," which ran for a considerable time in New York a few years ago and featured Mme. Nazimova, is one of her works. She also wrote "The Flower Shop" and "The Bonfire of Old Empires," both of which have had long runs. Added versatility is found in her role as one of the most distinguished interpreters of literature in America.

Praised by Kennedy

"I am sure 'The Singing Globe' will make a wonderful impression and will be another stone in the Temple of Peace," Charles Rann Kennedy declared on reading the work before it was given to the public, and Daniel Frohman, brother of the late Charles Frohman, asserts that "Mrs. Wentworth has worked out her idea with splendid effect poetically and visually."

In writing to Prof. Gertrude Johnson of the speech department Mrs. Wentworth says of her play, "I have very interesting times with it. Different types, different classes, different ages of people of varying faiths all seem to get something from it."

## TEAMS DEBATE ON RUHR EVACUATION

Wisconsin, Minnesota, and Northwestern in Triangular Match Friday

The Wisconsin affirmative debating team will meet the Minnesota negative team in its second triangular debate of the year, tomorrow night, in Music hall.

The subject for debate is, "Resolved that France Evacuate the Ruhr Immediately."

A veteran negative team composed of Harold A. Seering '24, Harold Craneheld '25 and Ralph E. Axley '22, will debate Northwestern at Evanston on the same night. Alfred A. Nicolaus '25, Herbert Morse '26 and Ross Bennett '21, will uphold the affirmative.

Harold Craneheld '25, the second speaker on the negative is a member of Hesperia. He has competed in inter-society forensic events, having been a member of a sophomore semi-public and a joint debate team.

Alfred Nicolaus '25 who is the second speaker on the affirmative team is a member of Athenae. He was the winner of the freshman oratorical contest three years ago.

Prof. Pitman B. Potter will preside at the debate in Music hall. Harold A. Seering '24, announced yesterday. Prof. Louis Eich of the speech department of the University of Michigan will judge the debate.

## School of Music Students Present Recital Tonight

Advanced students of the School of Music will give the first recital of a series of musical programs at 8:15 o'clock tonight in Music hall.

Those who will present the program have been selected from students who have appeared at recent weekly convocations. The recital is open to the public.

The program includes "Berceuse in D Flat," by Chopin, Constance Maclean '26, "Cantique d'Armour," by Liszt, Alice Winston '27, "Sonata in E Minor," by Grieg, Helen Wheeler '25 and "Sonata Appassionata," by Beethoven, Grace Jones '24, piano solos; "Ah! Love Put a Day," by Gilberte, and "The Answer," by Terry, Erma Duncan '24 and "Berceuse," by Godard, Dorothy Crocker '27, vocal solos, and "Nocturne," by Chopin-Sarasate, Ruth Persson '27, violin solo.

## SELF EXPRESSION HAS DEEP MEANING

—NARDIN

Incites Women to Better Efforts at S. G. A. Installation Meeting

"The mind trained to go straight" is what the cap and gown symbolizes to Dean F. Louise Nardin, in the opinion she expressed at the installation services of the Women's Self Government association, held in Lathrop parlors last night.

"My voice is the voice of the university, affirming our faith in women's self government, established more than a quarter of a century ago. To us, the opinion of the majority has proved itself a sound and generous opinion. Real self expression among Wisconsin women has come to mean something far deeper than pitifully small and belittling notions.

"We continually strive for a better interpretation of the term self government. Let us put more positive meaning into the word through more constructive work of the type that has been accomplished this year. Self-government is your league for making life here stand tip toe. It is the place to take good ideas and weld them together into actual developments," explained Miss Nardin.

Lois E. Jacobs '24, retiring president, bestowed the cap and gown upon Alice Corl '25, president-elect. The other officers installed were Helen Callen '25, vice-president; Marian Telford '25, treasurer; Margaret Ashton '26, secretary; Dorothy Strauss '26, census chairman. Emily Davidson '25, is the newly appointed general district chairman.

A short S. G. A. board meeting preceded the installation. The annual report of the treasurer shows a balance of \$1,571.74 remains in the treasury at the present time. A scholarship committee with Dorothy King '25, acting as chairman, was appointed by the president to investigate and compile accurate data through questionnaires on the subject of women's scholarship records.

## KAPPA SIGMA HOUSE VACANT UNTIL FALL

The Kappa Sigma fraternity will not be able to move into the new chapter house on the lake shore behind the Delta Delta Delta house until next fall shortly before school begins.

The house is a three-story red brick building with a two story colonial porch facing the lake. It will accommodate thirty-two men. Frank M. Riley is the architect.

The fraternity is now in the house on Wisconsin avenue which was formerly occupied by the Phi Kappa fraternity.

## GREEKS DEFER ACTION ON NEW RUSHING RULES

Rushing rules for next fall were not voted upon at the meeting of Pan-Hellenic council Monday afternoon. Miss Brown, freshman dean and in charge of sororities, was out of town and unable to attend the meeting.

## PLAN NEW ORDER TO PROMOTE KEEN SPORT INTEREST

Sixty "Knights of The Cardinal Key" to Be Chosen From Class of '27

To promote sportsmanship and a better Wisconsin spirit, an organization of 60 men will be established this spring. The name of the organization will be "Knights of the Cardinal Key."

During the spring the 60 men will be chosen from the class of 1927, and will be organized this year so that they will be able to start work in the fall. To supplement the 60 men, there will be a reserve list of 40 names from which promotions will be made as vacancies occur.

Membership to the organization and to the reserve list is based on a general attitude towards Wisconsin, both in activities and scholarship shown during the freshman year.

Elected by Committee

Elections will be made by an executive committee of five students. The first executive committee consists of Paul H. Faust '26, chairman; Gordon B. Wanzer '24, John C. Dawson '24, Ellis G. Fulton '25, and Orin S. Wernecke '26. Various coaches will form an advisory board.

After the "Knights" are organized, election will be made each spring from the freshman class, and active participation in the organization will start at the beginning of the sophomore year. The members will serve during their sophomore year only.

The members will be arranged in two groups of 30 each. Among the duties of the first group will be those of meeting athletic teams from other universities, providing entertainment and make arrangements for them.

The group will have charge also, of arranging for send-offs for Wisconsin teams, and for meeting them when they return to Madison.

Second Group, a Pep Band

Members of the second group will form an impromptu pep band for the send-offs and meetings of the group.

It is planned to have this organization take charge of ushering at football games, and assist in handling the crowds. It will help in the work connected with interscholastic week, and in the state high school basketball tournament in the future.

The insignia of the order will be white coat, furnished by the athletic department, with a "W" shaped key sewed on the left breast. The coat will be worn when the club members are out en masse.

"This has been my dream for years, and I'm glad that it is materializing now," said T. E. Jones, director of athletics, yesterday.

Dr. Walter E. Meanwell, basketball coach, Coach Jack Ryan, Major E. W. Morphy and Dean Goodnight expressed delight and told of the need of such an organization.

## Ripley Explains Corporation's Use in Modern World

The usefulness of a corporation in the present industrial world was explained by C. M. Ripley, of the General Electric company, in the second of his lectures, yesterday afternoon, in Bascom hall.

"A corporation is the modern means for producing," he said. "In the words of Henry Ford, 'It is the organization that produces, not the individual worker.' Over 100 different products are used in making one electric motor."

The extent of the electrical industry was shown by means of lantern slides. Giant dams, steam turbines and industrial plants were shown. "And yet only when one considers that only 60 per cent of the factories and 20 per cent of the homes in the United States are electrified and that America is the foremost user of electrical products in the world, the extent to which the electrical field may reach can be realized," Mr. Ripley declared.

## Lawyers Threaten Rivals With Theft of 'Blarney Stone'

Many engineering students worked their slide-rules with nervous fingers, and seemed terribly worried Tuesday, for it was rumored that the unspeakable lawyers had stolen the Sacred Blarney stone.

Tuesday night, while most students were dreaming, a band of the Sons of Saint Pat conducted a search in the deep vaults under the Engineering building.

Yesterday the engineers were smiling and happy again, for the Blarney Stone has been found. It is being heavily guarded and Saturday after the parade, all good engineers will kiss it, in honor of their patron saint.

## HARESFOOT NAMES PRODUCTION STAFF

Thorson and Frautschi Head Organization of Nearly 100 Men

A general announcement of the personnel of the production staff of "Twinkle Twinkle," the twenty-sixth annual show of the Haresfoot club which will soon go out on its spring tour was given out from the Haresfoot office yesterday afternoon.

Sidney Thorson '24, is general manager of the production and Walter A. Frautschi '24, is publicity director. Under these two men a staff of nearly one hundred men has been working in the various production departments during the past year.

The staff as announced is, general manager, Sidney R. Thorson '24; assistant managers, Christian Randall '25, Wilber Wittenberg '24; office staff, Paul R. McFadden '26, Daniel Head '25, Gordon Walker '26, Clifford Huff '26, Thane Blackman '26, Leon Zarne '24; rehearsal assignments, Gordon Walker '26, Daniel Head '25; musical director, Nelson Fairbanks '24; chairman of music, Porter F. Butts '24; dancing classes, Arthur Ardiel '24; stage designs and lighting effects, Sidney Thorson '24; scenery construction, the Haresfoot workshop directed by Sidney Thorson '24, Calvert Dedrick '24, Arthur Larson '24, William MacDonald '25, Harold Hastings '26, Oscar Elkins '26, Ernest Kahn '26, Robert Moore '25.

Under the general publicity department the staff is, director, Walter A. Frautschi '24; program managers, Sam Thompson '24, Wes W. Dunlap '25; advertising solicitors, Arthur Wetzell '26, Gordon Walker '26, Daniel Head '25; score manager, James Culbertson '25; score cover and general art work, Kenneth C. Kehl '26; patronesses, Wilber Wittenberg '24; news, mail, and display publicity assistants, Wes W. Dunlap '25, James Culbertson '25, Leon Zarne '24, Vilas Boyle '25, Payson Wilde '26; advance agent, Walter A. Frautschi '24.

## PHYSICAL EDs TAKE LIFE SAVING EXAMS

Women enrolled in the class for camp counselors, which is offered to physical education majors under the instruction of Miss Alice Brownell, of the physical education department are now working off their Red Cross life-saving requirements.

Examinations in this particular phase of the work are given by student examiners who have been trained by Miss Louise Tausche.

The course is given throughout the year, each season bringing its special work. In the fall, lectures, speed swimming, practice teaching in swimming, and conferences to discuss teaching problems are features of the course.

## FISH TO LECTURE ON U. S. FOREIGN POLICY

Prof. Carl Russell Fish, of the history department, will speak on "American Foreign Policy," at a dinner to be given by the Business and Professional Woman's league at 6:15 o'clock tonight in the Christ Presbyterian church.

## RELIEF FUND AIDS THOUSANDS, SAYS WOMAN WORKER

Conditions in European Universities Described By Miss Quayle

"More than 100,000 students and professors have received aid from the student friendship fund since it was organized in 1920," said Miss Margaret Quayle in speaking on "Student Conditions in Europe" yesterday afternoon in the auditorium of the Biology building.

"Two hundred university centers in 13 countries were benefited. The committees have spent \$1,750,000," she continued. "In Russia the food kitchens where 31,000 students receive one meal a day are called by them 'hope centers.'"

Students Not Begging

Miss Quayle was introduced by Dean F. Louise Nardin, who urged that Wisconsin students help those who were trying to obtain education in Europe under wretched conditions.

"Students of European universities are not asking for charity, although they are exceedingly grateful for it," said Miss Quayle. "They are making determined efforts to help themselves."

An alumnus of Wisconsin, Conrad Hoffman, originated student relief work in central Europe, and, according to Miss Quayle, has done more than any other man since 1920 to prevent further wars and to promote a feeling of helpfulness and friendliness in Europe by feeding starving university students.

Heifetz Sends Message

John Dawson '24, president of Union Board, announced that approximately \$1,600 had been received in the drive for funds. At Ohio state university \$5,000 was collected and at Illinois \$4,600 was obtained in the drive which was supervised by Miss Quayle.

The following letter addressed to Miss Quayle was received from Jascha Heifetz yesterday.

I am glad to have an opportunity to express at least a part of the gratitude that many students in Russia have for the inspiration and fresh courage received from American students. It is a fine generous thing to help improve their conditions and I have nothing but admiration for the spirit that lies back of this work.

JASCHA HEIFETZ.

## DENY CIRCULATION OF CLUB PETITION

Robye Nichols Issues Statement; Ford Predicts Harmony

Robye Nichols '25, president of the Southern club emphatically denied the assertion that a petition was being circulated on the campus in a statement made last night.

"I regret exceedingly that the statement of factional strife appeared in The Cardinal. The hasty action which precipitated this move will be rightly adjusted at the meeting next Wednesday night in the Law building," she declared. She urged every Southerner, whether members of the club or not, to attend.

"There will be no disruption in the ranks of the Southern club, contrary to rumors that have been going around the campus the last few days," Thomas H. Ford, grad, leader of the opposition, said yesterday.

Rumors have been spread about the campus to the effect that elements of disruption are at work to break up the club but these rumors are branded as false by Ford. He is the leader of a group which believes it voices the ideas of a majority but says if they are proven in the minority, they will give their full support and cooperation to the ruling majority.

## CITES EDITORIAL AGAINST PACIFISM

Major Brunzell, R. O. T. C.  
Commandant, Raps Cam-  
pus Movement

Major O. L. Brunzell, head of the department of military education sent this editorial which appeared in the Chicago Tribune yesterday to The Cardinal in answer to the pacifist movement which is causing comment on the campus.

### PACIFICA PRAECOX

According to Prof. Usam Erican, pacifism is a subconscious feminine complex; a state of mind rising from a distaste for the male of the same race. The woman pacifists purpose to weaken the warlike qualities of the males so that another race will conquer them and afford agreeable, if more dominating, companionship to the pacifist females. He instances Trojan wives contented as the concubines of Greek warriors; women of decadent Rome seeking matrimony with uneducated Goths and Vandals; Aztec and Peruvian princesses betraying their countries to Spaniards.

On the other hand, he claims no trace of any such movement can be found among the virile races—the early Greeks, the Roman Republic governing the world, the Normans conquering and reorganizing Europe, the Elizabethan English or the early Americans exploring and opening a new continent.

Pacifism among males is confined to those individuals partially duo-sexed. Men of female temperament recognizable by their voices, appearance and coquettish manners. He calls pacifism a "psychological illness" and believes that "institutions should be provided for the segregation and treatment of these unfortunates."

It may be some time before the community will act upon this wise suggestion. In the meantime it should hasten to exclude pacifists from any activities in which they can spread the dementia among the young. Especially should they be excluded from such positions as school teachers, college professors and editorial writers. They are mental typhoid carriers and should be separated from the healthy population.

## Commercial Art Class Will Make Trip to Chicago

When the class in commercial art makes its annual spring trip to Chicago on April 8, 12 students will be given the opportunity to study engraving processes as they are carried on in the largest publishing houses in Chicago according to Prof. A. N. Colt, instructor in the course of applied arts under whose direction the trip will be made.

Engraving processes which are employed in the rotogravure plant of the Chicago Tribune and the Donnelly Publishing company will be visited on Wednesday morning. In the afternoon the class will go out to the Manz Engraving company where it will see the colored printing engraving processes.

The class will also visit the Commercial Artists' studio where the students will see the artists at work and will have the opportunity of meeting many of the leading designers. Osgood's Engraving company, the Chicago Art institute, and Milo Winter's studio are among the other places to be visited.

## STATE HIGH SCHOOLS ENTER ESSAY CONTEST

All high school students of Wisconsin are eligible to enter the national good roads essay contest, which has for its subject this year, "The Relation of Improved Highways to Home Life." Where material is not available locally, package libraries will be furnished by the Extension division. The essays are due May 12.

The award for the prize-winning national essay is a four-year scholarship furnished by Harvey S. Firestone, at any university or college chosen by the successful contestant.

The three best essays from each high school will be sent to the Extension division. A state committee will choose the best essay and forward it to the national committee.

## Credit of Campus Publications Shows Sound Financial Status

Complete financial statements of all campus publications up to January 31, 1924, were made public yesterday by Alfred W. Peterson '24, financial adviser, and auditor for the committee on student life and interests.

The reports show that all but one of the publications had a surplus of funds at the end of the first semester. At that time the Literary maga-

zine showed a deficit of \$498.63, although there was no indication in the statement of profits or losses sustained on the last two issues of the magazine.

The Commerce magazine ran almost even on expenditures and income, with a slight surplus balance. All other publications have an appreciable sum credited to surplus or to undivided profits. The complete statements are as follows:

Peterson also announced the names of the organizations which have presented their books to be audited for the first semester. All campus organizations have the privilege of submitting a financial report or of having the books audited by the committee on student life and interests, or both, if desired. Organizations whose books have already been audited are Blue Shield,

Philomathia, Men's Glee club, Barnard hall, American Institute of Chemical Engineers, Palestine builders, Menorah, Mortar board, Wisconsin Players, W. A. A., Agricultural College Federation and Chadbourne hall.

"It is a policy of self-protection for the treasurer of an organization to have us audit his books," Peterson said.

## Varsity Quartet Entertains With Negro Harmonies

A group of negro spiritual songs will be one of the features of the program to be given by the Varsity quartet at 8 o'clock tonight in the First Baptist church, under the auspices of the Baptist Student cabinet.

Members of the quartet, include

Noel Sterns, grad, first tenor; Christopher Hendra, grad, second tenor; Edward Otis '24, baritone; and Willard Huff, grad, bass. Paul Sanders will accompany them on the piano.

Arno Haack '26 has charge of the concert. Tickets are now on sale for 50 cents at Hook's Music store.

### CARDINAL AD STAFF

The Cardinal advertising staff will not meet Friday.

## EINSTEIN'S ASSOCIATE WILL LECTURE HERE

Professor P. Ehrenfest, professor of physics in the University of Leiden, who is at present in this country, will visit Madison and give a series of lectures at the university April 3, 4 and 5. Professor Ehrenfest is one of the foremost mathematical physicists in Europe. Recently he has been associated with Einstein in studies dealing with atomic structure. The lectures will probably be of a rather technical nature, dealing with some of the recent problems of atomic physics.

BOULDER, Colo.—The University Window Cleaners' association, founded in Boulder in 1915, now is established in 12 American colleges,

White  
Scotch  
Collies

A stunning ornament, a sympathetic companion, a courageous guardian. Big and powerful, but quick and graceful; gentle, but unafraid; brave, but not ugly. Unusual intelligence. Hardy as an Eskimo. The sparkling dark eyes and long glistening white coat make a strikingly beautiful picture as a companion in an auto, on the campus, in the field, at the chapter house or in the home. The year round out door and indoor companion. Pedigree stock only. Special price to chapter houses. Their unusual elegance make them the aristocrats of dogdom. The dog of the hour. Island White Collie Kennels,

Its essentials for initiation are a "sponge, a white ladder, and a reputation for speed and dexterity in washing windows."

### Haresfoot Club Pictures!

See these Wisconsin University boys who tour Wisconsin as girls! Several group pictures of them will be shown in next Sunday's Roto-Art Section of The Sunday Milwaukee Journal. Journal Roto-Art pictures are the only Roto-Art pictures collected especially for the people of Wisconsin! For sale at all news-stands!

## THE SCHOOL OF CHEMICAL ENGINEERING PRACTICE OF THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY

A GRADUATE SCHOOL offering a course of study leading to the degree of Master of Science, with field stations in the plants of six different companies. These companies produce steel, pulp, paper, caustic soda, chlorine, heavy acids and salts, sugar, gas, ammonia, benzol, etc.

The more important unit operations of chemical engineering are studied systematically by means of tests and experimental work on full scale plant apparatus.

The work is wholly educational and independent of control by the plant managements. The attention of the student is directed exclusively to the study of Chemical Engineering.

The total number admitted to the school is limited and the students, studying and experimenting in small groups, receive individual instruction from resident professors. For entrance requirements and details address R. T. Haslam, Director, School of Chemical Engineering Practice.

## APPLETON, FOND DU LAC, OREGON AND SUPERIOR WIN

INTERFRATERNITY  
BASEBALL LEAGUE  
ELECTS OFFICERSSeason to Open After Vaca-  
tion; Thirty Teams Have  
Entered

The interfraternity baseball league met Tuesday afternoon in the gym to choose officers for the coming season. Ezra J. Crane '24 was elected chairman of the executive committee. Other members chosen are Daniel C. O'Neil L 3, William J. Morrison '25, John S. Gilbreath '25 and Wilson D. Flugstad '25.

Various routine matters of organization and rules were taken up at the meeting. The committee plans to divide the entries into eight divisions starting the first games immediately after the spring recess. The early season games will be played in five innings.

All entry fees of \$5 are payable immediately to Crane or any other member of the committee. All entries must be made before Saturday night. It was decided that all games would be forfeited unless the team entry fee was paid before the game was scheduled.

## Meeting Tuesday

The executive committee will meet Sunday afternoon to draw up a tentative schedule of games and to discuss two proposed amendments to the rules. The amendments are to the effect that A-W-A men, ineligible for varsity competition, be allowed to play and that seniors carrying less than ten credits be allowed to play.

Each fraternity representative will meet in the trophy room of the gym at 4:30 o'clock Tuesday afternoon to vote on the proposed amendments and to go over the schedule drawn up by the executive committee.

## 30 Fraternities Enter

The teams that have entered the league to date are Kappa Sigma, Triangle, Phi Delta Theta, Sigma Chi, Beta Theta Pi, Delta Upsilon, Zeta Beta Tau, Phi Alpha Delta, Sigma Phi Epsilon, Acacia, Square and Compass, Phi Kappa Sigma, Delta Kappa Epsilon, Alpha Gamma Rho, Sigma Pi, Tau Kappa Epsilon, Alpha Kappa Lambda, Sigma Alpha Epsilon, Phi Kappa Psi, Phi Mu Delta, Sigma Phi, Delta Pi Epsilon, Chi Upsilon, Delta Sigma Phi, Delta Sigma Pi, Alpha Theta Pi, Alpha Chi Sigma, Gamma Eta Gamma, Alpha Chi Rho and Phi Sigma Delta.

DOLPHIN CLUB AWARDS  
SWIMMING EMBLEMS

Dolphin swimming club will distribute the minor and major emblems to the girls who have passed the swimming requirements, at 7:30 o'clock tonight in Lathrop hall, after which the initiation of Florence Blackmore will take place. Exhibition committee heads for swimming, strokes, stunts and diving will be appointed by Lois Barry '25 chairman.

REFER BADGER BOARD  
ELECTION TO COMMITTEE

The Badger board referendum was again referred back to the elections committee at the special meeting of the student senate last night. The elections committee is expected to meet and to draw up the formal draft of the referendum at an early date. The proposal will be submitted to the student body on April 3, it was announced last night.

Ask Council to Insure  
City Treasure for \$100,000

The common council will be asked to authorize the advertising for bids on the surety bonds of Carl Moe, city treasurer, at its meeting next Friday night by the finance committee. The city treasurer must carry a bond of \$100,000. The city makes all payments on the bond.

NEENAH—Neenah Eagles will have the crack drum corps of the state if plans materialize. It is planned to organize a corps of twenty-one members.

MANITOWOC SCORES  
VICTORY; LA CROSSE,  
JANESVILLE WINNERSNEW CAGE CAPTAIN  
IS SUPERSTITIOUS

Wisconsin's new basketball captain, Marshall Diebold, is superstitious.

He tried to keep it a secret but his playmates told on him. In his opening remarks at the senior championship "stag" Marsh' said, "I'm not superstitious but we had this kind of weather when we elected last year's captain."

Here are some of the things that Diebold's teammates told on him. Arriving at the gym before a game he parks his car always in the same place. If another car is there ahead of him he pushes it out of the way.

Then in dressing for the game he always goes through the same routine. But the final touch is a little band of adhesive tape around his wrist that Marsh never goes into a game without, and it has to be placed in the same manner for every game. It must all mean something though, for we won a championship this year.

Illinois Athletes  
Cop Many Honors

URBANA, Ill.—Can Illinois athletic teams maintain the championship pace they have set so far for the present school year? Probably not, for the Illini athletes have won the indoor track championship and tied for first honors in football, basketball, and wrestling.

Victory in outdoor track and in baseball would place Illinois indeed at the top of the heap, but it would be asking a great deal to expect the Orange and Blue to sweep the platter. At that, Harry Gill's track men may repeat their indoor victory outside. But baseball prospects are not good.

The Illini are feeling pretty good over the achievements of their teams. The trackmen copped the indoor meet with ease. Michigan, the runner-up scored but half as many points.

The championship pace was set last fall when Bob Zuppke's eleven defeated every foe and tied Michigan for the title. Historians are harking back to 1915 when Illinois teams were champions in all of the four major sports—a record without equal.

With the indoor sports program out of the way the deck is being cleared for outdoor track and baseball. The nine hits the southern trail April 11 and the following day the track and field men start the long track for Berkeley and the meet with California April 19.

75 Per Cent Secure  
Rebates at Co-op;  
Void December 31

About three-fourths of the Co-op rebates have been paid out so far, according to E. J. Grady, manager of the store.

All students are urged to take out their rebates as soon as possible, because if they do not they are likely to forget them. The rebates become void on December 31.

In regard to the rumor that there will be a discontinuance of the payment of the rebates soon, because of the great amount of book-keeping involved, Mr. Grady said that the statement has been made by somebody not familiar with the system, and that there are no grounds for the statement.

IRON RIVER—Joe Williams, arrested on a charge of trapping beaver on the Iron river, was sent to the county jail to serve a thirty day sentence.

BARRON—Mrs. Ansel Tupper, 91 years old, died here. The remains were taken to Decatur, Ill., for burial.

Sixteen Teams Complete Play  
in Elimination Round of  
Tournament

Superior, La Crosse, Fond du Lac, Manitowoc, and Appleton stand out as contenders for the state high school basketball trophy as a result of decisive victories in the first round of the tourney yesterday, with Janesville, Oregon,

## TODAY'S SCHEDULE

River Falls vs. Fond du Lac, 3 p. m.  
Appleton vs. Manitowoc, 4 p. m.  
Oregon vs. Janesville, 7 p. m.  
Superior vs. La Crosse, 8 p. m.  
Consolations:  
Wisconsin Rapids vs. Arcadia, 5 p. m.  
Platteville vs. Watertown, 6 p. m.

and River Falls slightly behind, although winners of their tilts.

Fond du Lac had little trouble in trimming Arcadia 26 to 3, and La Crosse duplicated the stunt with a 27 to 3 win over Marinette. Some of the games were closer than the scores indicate, while others were inclined to drag.

A crowd of eighteen hundred turned out to witness the opening games of the tournament, swelled by groups of supporters of the various teams. Oregon, 200 strong, chartered a special train and cheered its team to victory, and almost every team was backed by its enthusiastic fans.

## OREGON SURPRISE

Backed by over two hundred rooters Oregon downed Rice Lake 16 to 12 in the first game of the evening series. At the start of the game Rice Lake seemed to be attacked by a bad case of stage fright, and before the game was two minutes old, the Oregon boys had a four point lead.

Just before the close of the first half, Evan, who starred for Oregon, sunk two difficult shots from the corner of the court, and the half ended with Oregon leading 11 to 4.

The third quarter was evenly fought with Rice Lake scoring the only points made. In the fourth quarter Rice Lake started a rally, which, if the game had been a few minutes longer, would have carried them to victory.

The gun ended the game with the score 16 to 12 in favor of Oregon, and the triumphant crowd overflowed the floor.

Oregon	Goals	F T	Fouls
Ace, f	2	0	3
Dutler, f	0	0	1

Rudolf, f	1	4	2
Hulbert, c	1	2	0
Baahr, g	0	0	0
Desaude, g	0	0	1

## APPLETON IS FAST

Appleton defeated Platteville in the third game of the elimination series of the state tournament in the gym yesterday afternoon by a score of 41 to 11.

The rapid pass attack of the Lake City team completely baffled the Platteville cagers, and the Appleton quintet was in the lead during most of the game. The five man defense of the victors held Platteville to four baskets, while the entire Appleton team scored on field goals.

Eighty Candidates  
Report For First  
Year Diamond Nine

Eighty first year men have reported for freshman baseball and are working out in the annex under the tutelage of "Doc" Combacker, this year's freshman coach. The material looks good and Combacker is sure he can choose a good squad from the number of candidates.

The frosh will work out twice a week during the indoor season. Practices now are light and devoted to conditioning the men. The frosh will not scrimmage the varsity before they go outside in the spring.

Combacker does not expect to cut his squad before the outdoor season and is still looking for material to report. Infield and outfield men are numerous, but only four catchers have reported.

Hitting the High  
Spots with Ken

The big tournament got away to a great start yesterday. All the games were played on time and everything worked smoothly.

The biggest boy on the floor all day was Jack (that's his last name), center on the Watertown quintet. He must weigh about 200 lbs.

George Levis got a big scare when the final gun of one of the games went off right in his shoe tops where he was standing in front of the officials' table.

There's a pair of brothers on the Manitowoc team. They are both red headed. One was captain last year, the other is this year.

In the election of the basketball captain the other night, Elsom was nominated but then definitely stated that he would go to Penn State next year to continue his medicine work.

TRIO TO FEATURE CLEF  
CLUB PROGRAM TONIGHT

The Clef club will give a program consisting of chamber music at 7 o'clock tonight.

There will be a trio of piano, violin and flute. Lillian Soldan '26, will play the piano, Lucille Scott, the violin, and Lillian Tucker '25 the flute.

"There will be some good illustrative victrola records," said Helen Wheeler '25, in charge of the program. "We have set the hour early because of the student recital to be held afterward in Music hall."

Platteville scored first on a free throw, but Shirley's basket put Appleton in the lead. Baskets by Shirley, Hornbeck, Moll and Courtney totaled 17 points, while three field goals and a free throw gave Platteville 7 points, at the end of the first half.

The final score was 41 to 11, with Appleton in the lead.

Kohl Appleton's left forward, was high point scorer, with six field goals, while Shirley displayed some excellent floor work. Karrman starred for Platteville.

Box score follows:

Appleton, 41	B F T P Pts
Hornbeck, r f	3 1 0 7
Hievel, lf	1 0 0 2
Koll, lf	6 0 0 12
Shirley, c	4 2 2 10
Fraser, c	0 0 0 0

Steinhoff, l g	0 0 0 0
Horn, l g	0 0 0 0
	4 3 4 11

CASCO—Ethel Schneider, 17 years old was drowned in Wodesdale's lake, near here, when she broke through a hole in the ice.

ENTRIES OPENED  
FOR INTRAMURAL  
LEAGUE BASEBALLThree Groups Begin Play After  
Vacation; Ineligible Men  
to Play

Three intramural baseball leagues are slated to begin action immediately following the spring vacation. These three leagues are now open to entries; and it is asked that interested groups sign up their teams as soon as possible.

The leagues being formed are the Intercollegiate league, the Independent league and the Wisconsin league. The latter is a new addition to the Intramural department, and will be formed on the block division plan.

## New Wisconsin League

The Intercollegiate league will be organized under college managers who will be selected soon. Colleges to be represented are Law, Medicine, Commerce, Letters and Science, Engineering and Agriculture.

In the Independent league any men may enter a team as there is no restriction whatsoever. Last year the chemical engineers copped the championship. Other good teams in the league were the Y. M. C. A., Lutherans and the Scabbard and Blade.

## \$2 Entry Fee

Teams may be entered with George Berg director of intramural athletics, at his gym office between 12 and 1:30 o'clock daily. An entry fee of \$2 will be charged each team, which will be used for individual awards for the winners and other expenses.

The Intramural department will furnish two new balls for each game and paid umpires will officiate.

It is asked that teams sign up as soon as possible as there are a limited number of diamonds and arrangements must be made so as not to conflict with fraternity schedules and so forth.

1600 SCHOOL JOBS  
READY FOR GRADS700 Specific Requests Received  
From Wisconsin Schools;  
900 Out of State

For the school year of 1923-24 approximately 700 specific requests for recommendations were made to the school of education for teachers for Wisconsin schools. There were 900 requests from outside the state, calls coming from 600 cities in states in the Mississippi valley, the southeast and west.

These calls were for instructors or principals in elementary schools, junior high schools, high schools, colleges and normal schools. Last year 294 men and 687 women registered to get positions. Up to November 5, 1923, most of this number had been placed. Positions were secured for 233 men and 504 women in schools throughout the United States.

According to Thomas Lloyd Jones, head of the high school relations department in the university, there has been a shortage of Latin teachers, those capable of library work in connection with teaching an academic subject, and mathematics instructors. There is also a shortage of men teachers who have sufficient academic preparation and the required work in education.

Last year there was a demand for men with athletic ability and for men with musical talent sufficient to lead bands and orchestras in schools. Women with combined teaching and musical ability also were wanted.

FOND DU LAC—Mrs. Bennett Sampson, 77 years old, died at her home at South Byron the day after she and her husband had celebrated their golden wedding.

VIROQUA—Mrs. Mary E. Sands, a resident of Wisconsin for eighty years and of Vernon county for sixty-three, celebrated her ninetieth birthday here.

# THE DAILY CARDINAL

FOUNDED APRIL 4, 1892

University of Wisconsin official daily newspaper owned and controlled by the student body. Published every morning except Monday during the academic year by The Daily Cardinal Company, incorporated, at the Union Building, 752 Langdon Street, and at The Capital Times Building, 106 King Street, Madison, Wisconsin. Printed by The Capital Times Company.

Member of the Western Conference Editorial Association  
Entered as second-class mail matter at the post office at Madison, Wisconsin.

Editorial Office—Union Building, Phone B. 250, before 6 p. m. Capital Times, Phone B. 1137 after 7 p. m.  
Business Office—Union Building, Phone B. 6606 before 6 p. m.

Subscription Rate—\$3 a year, \$1.75 a semester.  
Single copies 5 cents

## THE PURPOSE OF AN EDUCATION

The freshman writes in his theme that his purpose in coming to college is to increase his earning capacity. His professor quickly corrects this error and informs him that he comes to "acquire a finer appreciation of the values of life." The athletic coach declares that "life is an individual problem" and that the purpose of an education is to "develop the competitive powers of the individual so that he may acquire those things which he feels necessary to complete his life." An editorial writer declares that "the purpose of an education is to develop character and to turn out men accomplished in the art of living." Long years ago, Socrates said in substance that the purpose of an education was to "know thyself."

None of these are wrong, but neither are any of them right. The purpose of an education is too abstract to be expressed in a few words or even many. It takes the whole life of the individual to express just individual purposes and the life of the whole race to express the common benefits and purposes, for education is not an individual affair but something that belongs to all in common regardless of how many actively share. As the individual passes from freshman to senior, the outlook upon life changes, new hopes and new ideas come, old ideals change, and those things that seemed so essential yesterday are forgotten tomorrow.

## MR. WEATHERMAN

This weather! Enough said. You agree with everything which those first two words convey, do you not? If they fail to make you think some things which really nice people do not think, then you are not human.

But what to do about this weather. Mark Twain, you may remember, said that people are always talking about the weather but they never do anything about it. That is just it. With the multitude of public spirited men on the face of the earth in this twentieth century, you would think that at least one out of that multitude would spend his time in trying to "do something about the weather." But no, they all sit by and watch suffering humanity mush along through slush and never care a fig.

The name of Alexander will never be forgotten, nor that of Socrates, nor that of Galileo, Shakespeare, Mohammed, and hundreds of others. Such names are great and honored. But think how much more would be honored the name of the man who really did something about the weather. With all the advance made in science it would seem only natural that another would be made, the greatest of all, an advance which would make it possible to control the weather. Perhaps some day it will be made, perhaps even now it is on its way toward completion. We have lived too soon.

This weather!

## THE TABLES TURN

Knock, knock, knock. If it ceases here it commences there; reputations fall, feelings are hurt, tempers are roused. It might be well to turn the tables and put in a word of gratification. That word goes to an unknown person, this time. Usually people who deserve thanks keep themselves unknown. It goes to one whom practically every student has heard and probably no student has seen. The night university telephone operator, always ready to help some student get in touch with another whose number is incorrectly listed in the directory or not listed at all, always courteous in giving information. Especially during the basketball season was this latter quality of his apparent. It makes one feel good all over to carry on business through such a pleasant medium; it shows that telephone operators can be even more than ordinarily human.

## German Students Are Active in Running Their Own Education

BY PROFESSOR WESTPHAL

(Teacher in the University of Berlin)

When the professors of physics in the University of Berlin were about to hold a conference with regard to the lectures for the ensuing semester, two young men approached them with the request that they might be permitted to take part in the conference as representatives of the newly established "Mapha" (Mathematical and Physical association), so that the wishes of the students might find expression. At first, astonishment prevailed, as it had so far been the rule that "consumers" of science must accept what the "producers" chose to offer them. But it is safe to say that the new organization has won the hearts of all the professors, and now we cannot imagine how we could do without the cooperation of Mapha.

This association—never known by any other name than "Mapha"—was founded shortly after the war by some enthusiastic students, with a gift for organization, who desired to promote every form of mutual assistance between fellow-students. Membership in the association is obligatory upon all students, both men and women, majoring in mathematics and physics at the University of Berlin; membership, however, involves no obligations for them, but rather makes them participants in all the considerable advantages which Mapha is able to offer them.

The principal objects of the association are three: (1) mutual furtherance in their studies, (2) economic assistance; and (3) the cultivation of a refined sociability and friendship.

Studies are chiefly promoted by so-called "working-circles," which might be called seminaries without professors. These study-groups, under the management of older students or assistants, afford their members an opportunity to air their views in a friendly circle of critics, unhampered by that well-known nervousness which often results in a seminary from the fear of exposing one's ignorance to the professor. They have proved very popular: in the first semester of 1922-23 six such groups were maintained, with a membership of 80. And we professors must admit a considerable improvement in the students' work as a result of these efforts. Moreover, the Mapha has created an information bureau which advises students as to their choice of lectures, thus obviating much waste of effort.

As for pecuniary assistance, this takes various forms. Some especially gifted students, who had been forced to abandon their studies for want of means, have been helped by funds collected from the members. Others have been aided to procure part-time employment. The fall in German exchange made the purchase of books, especially foreign books, a very great problem. The library of the Mapha contains several volumes which were hand-written, like medieval manuscripts, copied page by page from the originals for the benefit of the members.

But the members of the Mapha are by no means merely a set of "grinds." I have never seen a jollier lot. Weekend hikes and excursions are a regular feature of their collective life, and during the vacations walking-tours of several weeks have been successfully undertaken. Sunday musicales are not uncommon, and when the musicians have done their part, the young ladies show that their studies have by no means deprived them of their domestic qualities.

Anyone inclined to despair of our future may take courage from the spirit of youth as evinced in the Mapha. Here warm-hearted young men and women, inspired by faith in the future, have created an institution for self-help, remote from politics, independent of their elders, which may well serve us all as an example. Here we see the true face of our academic youth. Serious in work, true in friendship, merry as is the prerogative and duty of the young—we may only hope that this example may help to accomplish the salvation of the youth in whom we see the present and future hope of the German nation.

Most of the wise boys around this here institution of learning who consider themselves connoisseurs when it comes to fire-water, are in reality nothing but "common-sewers."

The loving sisters of one of our Langdon street eating houses were gathered in the living room discussing matrimony.

"Oh, girls," exclaimed one demure little freshman, "I know a new way to tell if a man loves you. You take five or six chestnuts, name each one after some man you know, and set them all in front of the fireplace. The first one that pops is the man that loves you."

"I know a better way than that," cooed a big blonde mamma, who was sporting a new fraternity pin. "You take one man, put him on the davenport before the fire, turn the lights low and sit close to him; if he doesn't pop the question, it is time to change the man."

Red: I hear that Johnny is a finished violinist.

Skinny: Fine! Who did it?

Prosperity has ruined many men, but most people feel that if they have to be ruined at all they would just as leave let prosperity do it.

One of our ambitious engineers, after watching the relay carnival Saturday, has set about determining the number of B. t. u.'s of heat and foot-pounds of work which are expended on the track in the annex during one track season.

His first figures show that if all of this energy could be controlled it would be sufficient to propel moving stairways on each side of the hill for a whole year, and grind 27 barrels of flour besides.

Or if otherwise applied it would operate enough automatic paddles to initiate all the pledges in the Latin quarter.

## SUGGESTIONS FOR ENGINEERS' PARADE.

### Float No. 1

Characters—Two shady-looking individuals wearing masks.  
Scenery—Basement window of a house.

Action—One of the gentlemen crawling out of the window, other standing guard.

Lines—

1st crook: Did you get anything?

2nd crook: Naw, a lawyer lives in there.

1st crook: That's tough, did you lose anything?

### Float No. 2

Characters—A medic, an embryo medic, and their victim.

Scenery—A hospital ward.

Action—Victim breathing heavily.

Lines—

Embryo medic: What did you

operate on this man for, Doctor?

Medic: Three hundred dollars.

Embryo medic: Yes, I know, but what did he have?

Medic: Three hundred dollars.

A bump on the hip is worth two on the head.

Oh, the neatness of their neat-

Oh, the fleetness of their fleet-

ness when they are neat,

But the fleetness of their

fleetness,

And the neatness of their

neatness,

Is as nothing to their sweet-

ness when they're sweet.

OUR REPLY TO KISMET

Why don't you speak for your-

self, John?

A Phi Sig, a Sig Chi, and a Beta

went fishing. Before dropping their

lines they made an agreement that

the first one to pull in a fish should

treat the others. The Phi Sig and

the Sig Chi each had a bite, but

wouldn't pull them in.—No, the

Beta didn't treat,—he didn't have

any bait on his hook.

Here's to the girl who is bound

to win

Her share at least of blisses,

Who knows enough not to go

in

When it is raining kisses.

WHO WROTE THIS?

One expects a certain amount of

favoritism as between one fraternity

or another, and even between fra-

ternity and non-fraternity ele-

ments, but when it is carried right

into a single chapter, it is time

that something was done about it.

Tom McLean and Bill Hayden are

both good boys and Beta brothers,

yet neither have had their pictures

in the Cardinal in connection with

the military ball. It just doesn't

seem right.

The orchestra blared out wonder-

ful music, the floor was perfect, the

crowd was "just right." Without,

the moon cast flickering shadows

about the lawn, and the stars twink-

led and the gentle May breeze sift-

ed thru the tree tops. In all it was

just the night for a wonderful time,

but SHE was unaffected by the

heavenly surroundings. Thruout

the evening SHE had been cool and

distant to HIM. Time and again HE

had endeavored to learn the cause

of HER displeasure, but HIS ef-

forts were of no avail.

Finally, as he was about to leave

her, she burst into tears and ex-

claimed,—“Oh, Herman, if I ever

again dream that you have kissed

another girl, I'll never speak to you

as long as I live.”

F. L. L.—Well, we would have

won first place if our half-miler

had been any good.

T. KETTLE

## The Reader's Say-So

### CONGRATULATIONS

Editor, The Cardinal:

Through the columns of The Cardinal, allow me to congratulate the members of the Young Men's Progressive association. They showed real courage and a fine spirit in voting down the resolution to censure the Wisconsin Women's Progressive association because its executive committee protested military propaganda being sent to our high schools by the State Supt. of Schools. It makes one feel like exclaiming with the Nation "Can it be that the goose-step will be ended by the students themselves?" Mr. Scherr may be willing to be the tool of A. E. Garey and other leading (?) progressives but the Young Men's association is to be commended for having the courage and foresight to not allow their organization to be used by petty politicians.

The first plank in our W. W. P. A.'s platform reads: "We believe that a lasting peace between nations cannot be secured as long as nations devote more energy to the science of war and destruction than to the acts of peace and construction. Of the Federal appropriation 92.8 percent is spent for present

armaments and past wars and only 3.2 percent for administration of the government public works and 1 percent for public welfare including agriculture, education, public health, and labor. We conceive it to be our duty to oppose the huge militaristic machine that is trying to fasten itself upon this country as it once rooted itself in Germany."

Therefore when the Progressive Women protested against the militarists circulating their insidious propaganda in our high schools they were but living up to their declaration and the principles on which "A. E. Garey and other leading (?) Progressives were elected to office.

There is another instance of the expression of American youth in revolt against the traditional position of accepting war as a necessary evil. Coeds at Pomona college, California, who were members of a rifle team, called off a match with Northwestern because "Pomona has joined the college movement for world disarmament and does not wish to accept arms and ammunition from the government."

"The Women of Pomona feel that in receiving arms and ammunition free from the government, we are sanctioning armaments," The Pomona rifle manager wrote to the Montana Girl Sharpshooters.

PAULINE F. HOEBEL '25.

## JOURNALISTS WILL GO ON SPRING TRIP

Forty Students in Department May Take Inspection Tour

If 40 students are interested in the annual journalism inspection trip to Chicago, the department will offer this tour to the pupils April 9. Prof. Grant M. Hyde announced to his sophomore classes in journalism yesterday.

"We will probably take the same trip that we made in other years. Last year we did not offer the trip because of the absence of Professor Bleyer, director of the department," Professor Hyde stated.

In former years, the students visited the press rooms of the Western Newspaper union, which supplies the patented insides and "boiler plate" for more than 6,000 country newspapers, and the engraving shops of Barnes-Crosby company. After lunch the group goes to see the Associated Press offices, the offices of the City Press, the new printing plant and the engraving plant of the Chicago Tribune. At 4 o'clock the party visits the Hearst building to see the presses in actual operation.

"This year we are going to try to arrange for Parmelee busses to take the group to the Tribune buildings which are several miles out," said the professor.

"In the early days when we had 20 in the groups, we had a two-day trip. The first day we went to Milwaukee; the second day was spent in Chicago. This was discarded because it did not offer much more than the one-day Chicago trip."

## APPOINT MIDDLETON TO SOLDIERS' BOARD

Dr. W. S. Middleton of the clinic was appointed to the state soldier's rehabilitation board by Gov. John J. Blaine. This board selects institutions in which treatment for the men and women who served in the war, for any physical or mental disease or injury resulting directly from such service in the war shall be given. The board also makes contracts for payment of such treatment.

### CAISSON CLUB

An important meeting of the Caisson club will be held at 7:30 o'clock tonight in the Zeta Psi house, 104 Langdon street.

### Fun for Boys and Girls!

Get a SnugglePup from The Milwaukee Journal! You'll have loads of fun with these funny little pups! And watch their comic frolics every day in The Journal! You can play dandy games with them, too! Ask your newsboy! For sale at all news-stands!

## Yellow Cab

Make your reservation for "Military Ball" early and assure service.

WE HAUL TRUNKS

Bad 500 ger

## Butterfly and Peacock?

Fashion show? Mannikins on dress parade? Well, they might be either, but they aren't.

At the left is Porter F. Butts '24, and at the right is Byron Rivers '26 both stars in "Twinkle Twinkle" the 1924 Haresfoot production. Both are playing female roles this year; Butts has played female parts in Haresfoot shows for three years straight. This will be Rivers' first season with the club.

## PROFESSOR LATHROP TO ADDRESS A. A. U. W.

Prof. H. B. Lathrop of the English department will speak at 3 o'clock Saturday afternoon on "The Literary Study of the Bible" at the Lenten program of the Madison branch of the American association of university women.

### R. O. T. C. OFFICERS

A meeting of all R. O. T. C. officers will be held at 4:30 o'clock Friday in the Scabbard and Blade room in the armory.

## for release today-- these new Brunswicks

"From the Land of the Sky-Blue Water" fox trot

"Rustle of Spring" fox trot

Paul Ash and His Orchestra

"Just One More Kiss" fox trot

"St. Louis Gal" fox trot

Gene Rodemich's Orchestra

Your attention is especially directed to the first record listed. To set two numbers of a classic type into fox trot arrangement—to give at the same time a symphonic touch—this is the highest art yet attained by a dance orchestra.

## University Music Shop

At 511 State Ph. B. 7272  
"Home of the Brunswick"

The club will leave on its annual spring tour in about ten days. Indianapolis and Peoria have been added to the itinerary for this year. The Wisconsin and Illinois cities that have been visited by Haresfoot will again have the opportunity of seeing "all the girls that are new."

When you see this sign

Oh Henry!

If you want to make a hit with each member of the family, take Oh Henry! home.

An informal dancing party will be held at the Phi Beta Pi on Saturday evening. Dr. and Mrs. Vingham and Dr. and Mrs. E. F. Schneider are to chaperon.

## Alpha Xi Delta

Members of Alpha Xi Delta will entertain at an informal dancing party at Thompson's hall on Saturday evening. Mrs. Clifford and Mrs. Pembroke Brown will chaperon.

## Kappa Psi

Kappa Psi will give an informal dancing party at the house on Saturday evening. Mr. and Mrs. Ralph Clark have been asked to chaperon.

## Sigma Pi

An informal dance will be given by members of Sigma Pi at the chapter house on Saturday evening. Mr. and Mrs. Ellis J. Potter are to chaperon.

## Delta Delta Delta

Members of Delta Delta Delta will give an informal dancing party at the chapter house on Saturday evening. Miss Isabelle Plozer will chaperon.

## Gamma Phi Beta

Gamma Phi Beta will entertain at an informal dancing party at the chapter house. Mrs. L. L. Pidcoe and Mr. S. D. Tallman have been invited to chaperon.

## Alpha Gamma Rho

An informal dancing party will be given by members of Alpha Gamma Rho on Saturday evening. Dr. and Mrs. J. C. Walker will chaperon.

## Sigma Phi Epsilon

Sigma Phi Epsilon will entertain at an informal dancing party at the chapter house on Saturday evening. Mr. and Mrs. Osear Rennebohm are to chaperon.

## Pi Beta Phi

Members of Pi Beta Phi will give an informal dance at the chapter house on Saturday night. Mrs. L. S. Stites will chaperon.

## Sigma Nu

An informal dancing party will be held at the Sigma Nu house on Saturday night. Mr. and Mrs. Milton Findorff will chaperon the party.

BEETHOVEN LIKED  
BY VERBRUGGHEN

Minneapolis Conductor Will Play Symphony in E Flat in Concert April 1

Henri Verbrugghen, who will conduct the Minneapolis Symphony orchestra in its concert in the gymnasium Tuesday afternoon and evening, April 1, has specialized in the works of Beethoven. Under his direction the orchestra will play Beethoven's Symphony in E flat major as one of the numbers on the evening program.

Mr. Verbrugghen was given the honor of conducting the entire Beethoven Festival in London in 1914 with such success that he was engaged to direct the Bach-Beethoven Festival of the following year.

After a period of study under Eugene Ysaye of the Conservatoire at Brussels, Mr. Verbrugghen began his career as a concert violinist in a series of recitals in London. Later he became interested in the conductorship of symphony orchestras and choral societies. Finally giving up his solo work, he confined himself to directing orchestras, choral societies and string quartets.

SPRINGFIELD, Mass.—At the Y. M. C. A. college of Springfield a biology professor has evolved a

Fraternity representatives of all entered baseball teams will meet at 4:30 o'clock Tuesday afternoon in

## A Nicer Way

To clean teeth—It fights film  
You owe it to yourself

This is to you who still brush teeth in old ways.

There is a newer, nicer way. It means new safety, new beauty, new delights. Millions now employ it. The whiter teeth seen everywhere show you one of its effects.

Ask your dealer now for this ten-day test and learn what benefits may come to you and yours.

## That coat is film

That viscous coat you feel on teeth is film. Under old methods, much of it clings and stays. It becomes discolored, then forms dingy coats. That is how teeth lose their beauty.

Film is the great tooth enemy. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Film-caused troubles were, in old days, almost universal.

## New ways found

Dental science has in late years found two ways to fight that film. One disintegrates the film at all stages of formation. One removes it without harmful scouring.

These methods have proved effective. A new-type tooth paste

## Protect the Enamel

Pepsodent disintegrates the film, then removes it with an agent far softer than enamel. Never use a film combatant which contains harsh grit.

has been created to apply them daily. The name is Pepsodent. That is fast bringing a new dental era. Careful people of some 50 nations use Pepsodent today.

## Fights acid too

Pepsodent also multiplies the alkalinity of the saliva, which is there to neutralize mouth acids. It multiplies the starch digestant in saliva. That is there to digest starch deposits which may otherwise ferment and form acids. The use of Pepsodent brings these constant new protections, and they are found to be essential.

## No one can doubt

A few days will convince you that Pepsodent is the tooth paste for your home.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

You will be glad you tried it. Cut out coupon now.

## 10-DAY TUBE FREE

At your store this week

Insert your name and address, then present this coupon this week to any store named below. You will be presented with a 10-Day Tube of Pepsodent.

## DIRECT-BY-MAIL AD CONVO MEETS

Madison and University Clubs  
Sponsor Conference Here  
April 2, 3, 4

The list of speakers who are to give talks at the first direct-by-mail conference to be held in Madison April 2 and 3 under the auspices of the Madison and university advertising clubs and the subjects they will speak on was issued today by Prof. E. H. Gardner, chairman of the meetings. The list includes:

"The Development of Madison's Wholesale Trade by Direct Mail", W. E. Walker, vice-president of the First National bank; "What Direct Mail Can Do for Madison Retailers", H. L. Metz, formerly of Hart Schaffner and Marx advertising department; "How Printing Serves Direct Mail Advertising", N. R. Williams, Democrat Printing company; "Manufacturer's Direct Mail Problems", Clark Gillette, advertising manager, the Burgess Battery company; "Direct Mail, A Practical Viewpoint", William Miller, advertising manager, French Battery and Carbon company.

There will be an exhibit of direct by mail advertising at the Park hotel April 1, 2, and 3. A banquet will be held the night of April 3 at the Park hotel, with Homer J. Buckley as speaker. Mr. Buckley is considered one of the leading authorities in the country on direct by mail advertising.

## RUSSIAN STUDENTS NEED FOREIGN AID

Financial Help From America  
Will Sustain Morale in  
Universities

Prof. M. Rostovtzeff of the history department yesterday addressed the following letter to the students and the faculty through Miss Margaret Quayle, eastern area director of the student friendship fund, who is here aiding in the local drive:

It gives me very great pleasure to know of the progress of the student friendship fund on this campus. I know the condition of my fellow countrymen who are striving against dreadful odds to prepare themselves for usefulness in our reconstruction and how thousands of them have been assisted by the student friendship fund in the past, and but for its continued help would not be able to carry on. Russia's future leaders are in the making now and your help is greatly needed. The friendship which such help as you on this campus are extending to them will mean much more than you realize to keep their morale up to the sticking point.

—M. ROSTOVITZEFF.

## HORTICUTURIST

ADDRESSES K. C.

If the members of the local Knights of Columbus do not have good gardens in 1924, it will not be the fault of Frederic C. Crane, secretary of the Wisconsin Horticultural society, who spoke at the Weekly luncheon of the K. C. Wednesday noon in the Clubhouse, E. Wilson st.

"Everybody can have a garden," Mr. Crane declared. "Four things only are needed to take care of a garden. They are a spade, rake, hoe and common sense."

"Cultivation is the essential thing. Keep the ground stirred up so that air and moisture can get to the roots of the plants. Don't try to do too much at once. Start off on a small scale."

Mr. Crane declared that he favored gardens as helpful to health, morals and finances.

## HALL TO LECTURE ON POLITICAL EVOLUTION

Prof. A. B. Hall will speak on "Evolution in Politics and Policies" in Esther Vilas hall of the city Y. W. C. A. on Thursday, 7:15 p. m. The talk is open free to the public and is one in the series on evolution given under auspices of the Y. W. C. A.

GREEN BAY—About \$19 in cash, a handbag and two small purses were obtained by marauders who entered the residence of Miss Olga Nelson.

WAGNER—A fire destroyed the residence of Andrew Larson here. Mr. Larson, who is 72, had no insurance. This was the fourth fire here in a few months.

## Plans Decorations

Sidney R. Thorson '24

A novel idea in decorations of the state capitol for the twelfth annual Military ball to be held on Friday night, April 4, will be tried out by Sidney R. Thorson '24, according to plans made by the decoration committee. The plans propose a dark rotunda with lighted corridors thus permitting greater variety in color display at the ball. Women's frocks will be set off to a greater advantage under this new idea in decoration.

## 17 PAVING COMPANIES SUBMIT 1924 BIDS

Seventeen paving companies have submitted bids on the 1924 street paving program. The bids will be opened at a meeting of the board of public works Thursday and Friday. The lettings will start at 2 p. m. each afternoon. Five local paving contractors have submitted bids on the 29 streets included in the program.

## TAKE FINAL POLL ON ST. PAT TODAY

Engineers Select Leader For  
Saturday's Parade in  
Voting

"Saint Pat," who is to lead the engineers' annual parade next Saturday, will be officially chosen today at 4:30 o'clock when the election is closed, according to Wenzel Fabera '25, president of Polygon, in charge of the parade.

Fabera

When votes were totaled yesterday J. M. McCoy '24, civil engineer candidate, was leading with 18,910 votes. Dennis Murphy '24, electrical, was second with 17,410 votes. Howard Hayward '24, and George Longergan '24, are in third and fourth places.

The bad weather so far this week has caused no change in our plans," said Fabera last night. "Nothing short of a snowstorm will keep the sons of Saint Pat from marching down State street in their traditional parade next Saturday afternoon."

"Saint Pat" will lead the parade in his open carriage, followed by a six-piece fife and drum corps. A large band will be one of the features. Floats and individual stunts will satirize other colleges and courses.

This is the thirteenth annual parade in honor of "Saint Pat," patron saint of the engineers. Since its origin in 1912 it has been the occasion when the engineers make sport

## REV. BARSTOW ARRIVES HERE FROM THE EAST

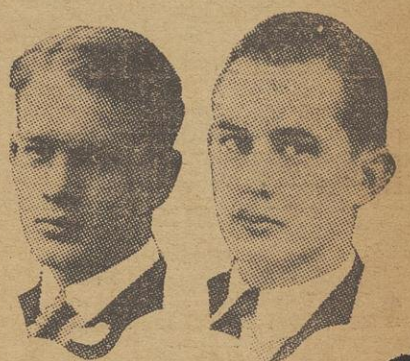

The Rev. R. W. Barstow who with his family arrived Tuesday evening from Concord, N. H. met with the Men's club of the First Congregational church for the first time Wednesday noon at the weekly luncheon. In a brief address, he attested his gratification for the opportunity presented him in his new post in Madison. Several members gave the response for the club. Prof. E. B. Gordon, club president, presented the speakers. Prof. M. F. Guyer of the university will address the club next week.

of the rest of the school, especially their traditional rivals, the lawyers.

Professors G. L. Larson, L. F. Van Hagen, J. T. Rood, E. R. Shorrey, O. A. Haugen will act as judges of the floats, Clifford Gladson '24 announced.
