"I wish for the University a year which will bring positive gains of peace and prosperity."

Volume XXIV

Madison, Wis., February, 1923

Number 4

**T**HE SUM of four hundred twenty-two dollars and six cents (\$422.06) has recently been added to the Alumni Association's Permanent Endowment Fund through a contribution from twenty-eight Alumni. This welcome addition to our best means of assuring "continued and adequate support for organized alumni work" **"Do likewise!"** was started some years ago on the basis of the contribution of five dollars plus fifty cents for each year since graduation. During the past seven years the fund has been deposited on a savings account.

The committee in charge consisted of C. M. Wales, '85, C. F. Stieler, '02, and F. J. Petura, '04. The other twenty-five contributors were: L. E. Broenniman, '05, Eugenie Naffz Bruning, '90, M. R. Bump, '02, C. O. Bickelhaupt, '11, G. M. Dahl, '96, F. E. Fisher, '06, Charlotte Faber, '04, H. H. Force, '10, E. A. Hook, '00, B. G. Heyn, '99, H. A. Heyn, '91 (deceased), W. F. Hine, '07, C. B. King, '06, Alfred Noble, '04, (deceased), C. L. Ostenfeldt, '85, J. H. Perkins, '96, Marie Miller Petura, '04, G. E. Roe, '90, E. H. Rogers, '89, H. E. Rogers, '92, C. S. Reed, '05, H. A. Sumnicht, '10, H. H. Scott, '96, J. C. Spooner, '64 (deceased), and R. E. Tomlinson, '01.

Thanks are due these loyal graduates for having realized early the importance of a permanent endowment fund offering assured support to organized alumni work.

Alumni everywhere now have a fine opportunity to show their approval and appreciation by making the Endowment Fund a powerful, permanent influence for good in organized alumni work. All Life Membership payments go into this fund. Life Membership may be secured for fifty dollars. The payment may be distributed over a period of twelve months.

Officers of the Association can and, of course, do express hearty thanks for the welcome contribution resulting from the good work done by the more than a score of loyal members in New York. But among the eight thousand members there must be hundreds of us who can and will take out Life Memberships, if we pause now long enough to consider the increasing importance of organized alumni co-operation in promoting the welfare of the University.

Let us therefore accept the contribution from New York with the gratitude it deserves and may the fine example set by these twenty-eight members lead many of us ourselves to contribute to the Permanent Endowment Fund by taking out Life Memberships. "Go thou and do likewise." For such doing there is no time like the present.

Surely everyone at the University must rejoice that the legislature is meeting this year, for the 1923 session will consider ways and means of providing such additional classrooms and laboratories as will facilitate the work that, since the great rush of students in 1919, has been done in cramped and crowded quarters. Comfort, health, and efficiency present pressing demands for more rooms for use in teaching. Among the most important requests, therefore, of the Regents to the legislature is the need for additional space for teaching purposes—classrooms and laboratories.

## Rooms Needed!

How to run a university of over seven thousand students with library reading-room facilities for about fifteen hundred is a problem offering more than ordinarily difficult means and methods of solution. But that some departments have managed to conduct instructional classes, hold lectures, arrange quiz sections, and give laboratory work at all has been due to wonderful co-operation both of teachers and of students, who have temporarily put up with conditions even worse than those cited regarding library facilities. More rooms are needed; this need is immediate.

Members of our General Alumni Association residing in and about Milwaukee are fortunate this winter in having opportunity to hear a

**Give Them a Varsity Welcome** valuable series of lectures dealing with contemporary problems. Credit for organizing this course is due to the Extension Division. Ten outstanding members of the regular faculty, including the President, are delivering these lectures. Particular thanks must be accorded the Milwaukee City Club through whose generous co-operation it has been possible to give this course without charging individual admission fees. The three lectures during January were delivered by Professors Paxson and Fish of the History department, and Professor Stuart, '18, of the Political Science department. The programs for the four Friday evenings of February include Professors Whitbeck, geology, Guyer, biology, Gillen, sociology, and Dean H. L. Russell, '88, agriculture. On March 2, W. O. Hotchkiss, '03, state geologist, will speak. Prof. J. F. A. Pyre, '92, of the English department, delivers the lecture on March 9, and the concluding lecture will be given on March 16 by President Birge, LL.D. '15. Our progressive metropolis, Milwaukee, is to be congratulated on having secured this fine lecture course.

Two great problems which face the American in China and which are primary functions of an American representative are, according to John Childs, '11, the overcoming of the illiteracy and

**Childs and China** ignorance while instilling a belief in a sister republic, the United States, and second, the obtaining of the industrial co-operation from the West to overthrow the financial and capitalistic exploitation which is crushing China.

"John Childs' work in Peking is by all odds the biggest thing which is being done there," declared Prof. G. C. Dittmer, '18, of the Economics department, who has taught near Peking for six years and knows conditions there. "His return to China is looked forward to with the greatest earnestness and expectation by the Peking missionaries, students, and citizens." According to Prof. A. B. Hall of the department of Political Science, "the greatest significance and most profound interest in the work is in seeing China care for herself and not be governed by foreign powers. America wants to be in friendly relations toward the Yellow Empire, for we are helping her unselfishly. John Childs is at the most strategic point of attack for America to aid China. And he is the man fitted to aid her."

During the recent famine Mr. Childs was awarded the decoration of the Abundant Harvest, an honorary civilian medal, for his work as the executive secretary for the National Famine Relief drive which raised \$2,300,000 in Chinese currency.

In 1918 the electorate of California voted that the president of the Alumni Association should be a member of the Board of Regents. The next year the California Alumni Headquarters reported: "**Representation** We find that it has most decidedly stimulated the interest of alumni. Our Regents recognize the fact that none are so interested in university affairs as the alumni of the institution."

After the law had been in effect for three years the Board of Regents adopted a resolution and President Barrows made a public statement vouching hearty approval of such participation in, aid from, and co-operation of an *official* representative of the Alumni Association on all questions of general policy affecting the university. We print below the resolution and statement:

#### Resolution

"Whereas questions of deep import to the University and to the people of the State are now under consideration by the public authorities of the State, and it is the desire of this Board of Regents that there shall be at all times sympathetic and close co-operation between the Board and the graduates of the University relative to the management of the affairs of the University; and

"Whereas there are now over 10,000 graduates of the University who are resident in the State and who are deeply interested in the welfare of the University;

"Now, therefore, be it resolved that this Board expresses its desire for, and appreciation of, any suggestions which the graduates of the University may see fit to offer at any time as to the general policies which should control the University.

"And be it further resolved that the President of the Alumni Association, who is a member of this Board, be, and he is hereby, requested to express to the Board the wishes and attitude of the graduate body of the University toward the questions of general policy which from time to time be under consideration and which affect the University."

#### President Barrow's Statement

"Every man and woman who has graduated from the University has a direct and continuing responsibility for the University. I make this statement in the expectation that no alumnus will overlook this responsibility. The University is so great in numbers of students, in its influences, and in its many lines of activity, that the combined wisdom and counsel of all those connected with the University is necessary at this time and in the future to guide its course as a servant of the State.

"The Alumni Association is the recognized organization of expression of the thought and interest of all former students. The president of the Alumni Association by virtue of his office is a member of the Regent body and therefore expresses to the President of the University and to the Regents the welcome opinion and point of view of all the Alumni.

"There are now and may be in the future many matters of University policy which should have the earnest consideration of the Alumni. It is my earnest desire to avail myself of the great assistance that can come from careful consideration of University problems by the men and women who have had the privileges of our University training. The Alumni Association must continue to be the strong right arm of University administration."

For years Indiana has found its law providing for Alumni Association members on the governing board of the state university a source of strength.

Kentucky, too, has a law providing for representation of the Alumni Association on the board of trustees of its university. During the critical struggles that beset that university last year we are informed that such "official alumni help proved of great value to the University."

## MEMORIAL UNION FUND PASSES \$800,000 MARK

L. S. BAKER, '22

**W**ITH committees at work in every large alumni center from St. Paul and Minneapolis east to the Atlantic coast, the million dollar building fund for Wisconsin's great Memorial Union passed the \$800,000 mark on Tuesday, January 9. As this goes to press (January 15) the grand total pledged is \$807,771 with more being reported into the home office at Madison every day.

On Thursday evening, January 11, the alumni of Wausau and Marathon county held a huge Wisconsin banquet at the Hotel Bellis to hear the University's message to her sons and daughters, and to see the now famous film "Wisconsin Memories" which was taken and assembled with the co-operation of the Alumni Association, that Wisconsin Clubs throughout the country might see in pictorial form the up-to-date activities of their Alma Mater and learn of her urgent need for the Memorial Union building. Wausau had never had such a meeting in her history, but when the smoke of the fires kindled by their renewed enthusiasm had cleared away, it was found that their subscription total was \$5,050 toward a quota of \$15,000. Postmaster Thomas Ryan, '01, is the chairman, assisted by a score of able helpers which include Senator Claire Bird, '89, John Manson, Jr., '21, Don Caldwell, '18, Louis Pradt, Jr., '16, Harold Geisse, '05, and many others.

Following the election of R. N. McMynn, '94, to the office of president of the General Alumni Association at Homecoming time, a movement has been started by several loyal alumni in Milwaukee to present the association with the largest Wisconsin Club on its roster. Return cards have been sent to every graduate and former student in and about Milwaukee to ascertain his correct address and to enlist his help in putting the Cream City on the Wisconsin map in a new light. Plans are on foot for a gigantic dinner of all University people in that district late this month or early in February. When their organization is complete and on its feet, they are going to take up the Memorial Union project. Keep your eyes on Milwaukee!

Professor E. H. Gardner, who has given his complete time to the prosecution of the campaign for the last year, has been released from his University duties for another semester to complete the work. Plans now on foot call for clean-up work in all of the middle western and eastern cities during February, and a tour of the cities west of the Mississippi beginning March 1.

The University needs her alumni—needs her friends—and needs them to feel the bond of relationship which exists between them and their Alma Mater—the finest in the land. And she is getting hold of her sons and daughters everywhere by means of this great unifying and needy enterprise. The money being raised is but a means to the end.

## INTERCOLLEGIATE ATHLETICS

By Alumni Secretary WALTER R. OKESON, Lehigh University

**I** HAVE no desire to add my voice to the chorus of criticism of collegiate sport that has arisen all over the country during the past few months. Nor do I care to add another to the many half-baked theories of what is wrong and how to correct it. More than thirty years of close contact with intercollegiate sport, especially football, had taught me that the faults found in the conduct of athletics in the colleges are faults common to our national temperament and that the remedy will not be found until we Americans develop somewhat different ideas and ideals not only in sport but in every phase of our national life.

But I do believe that in the effort to develop these saner, healthier, and, if I may

say so, less ludicrous ideals, the colleges should lead rather than tamely follow, as has been the case in the past. Like every one else I have my idea as to what is wrong and at least a hazy notion of how to go about remedying the wrong and I will try in as few words as possible to give you my best thought in this, to me, very important matter.

First, let me speak frankly and without any attempt to mince words. Athletics in colleges are suffering from our lack of sporting ideals plus an excess of sentimentality with the extra aggravation of a misunderstanding on the part of many as to the benefits and value of intercollegiate competition.

(To be continued)

## Shoes. *Which kind gets you there the quickest?*

**T**WO college men were walking down the road, when a classmate whizzed by in his car.

"Pretty soft!" sighed one.

Said the other, "I'll show him. Some day I'll own a car that's got his stopped thirty ways."

The more some men want a thing, the harder they work to get it. And the time to start working—such men at college know—is right now.

All question of classroom honors aside, men would make college count for more if they realized this fact: You can buy a text book for two or three dollars, but you can sell it for as many thousand—once you have digested the contents.

This is worth remembering, should you be inclined to the self-pity which social comparisons sometimes cause. And anyway, these distinctions are bound to be felt, even though your college authorities bar certain luxuries as undemocratic—as perhaps they are.

The philosophy that will carry you through is this: "My day will come—and the more work I crowd into these four years, the quicker I'll make good."

## "ON WISCONSIN"

(Concluded)

(Story of the play of the University of Wisconsin Club of Chicago)

By R. F. SCHUCHARDT, '97

After the parade a suggestion to finish the day with an outing at Picnic Point is enthusiastically endorsed and all move off with that in view. The scene changes and finds the same crowd in the woods on the way to the well-known picnic grounds. A group of banjo and mandolin players is met and all stop for a rest which is found in various ways—sitting about on the ground by some, building a bonfire by others, and dancing on the turf by still others, while the players delight the audience with their melodies. Professor Edward Gardner is seen strolling under the trees for inspiration and the students call to him to join them. This he does and then tells them that he has great news for them. "I'll bet it's about the Memorial Union Building," says one, and, sure enough, it was. Professor Gardner tells of the encouraging things being done in different cities of Wisconsin and elsewhere, where he has just been in the interests of the campaign, and rouses his audience to a high pitch of enthusiasm.

At the close of the Professor's remarks, the "old grad" steps forward with these words, spoken fervently, "I never thought of the building in that way before and of how much it means to the University, but believe me I'm with you; we all are, and all together we're going to show what the Wisconsin spirit can do for Wisconsin," which is followed immediately by the orchestra playing "On, Wisconsin!" in which all join as the curtain falls.

## THE JUNIOR PROM

By EARL CANNON, '24

"A Prom for every Badger" is the message sent out by the Junior Class to the loyal alumni of the University of Wisconsin.

It makes anyone feel safe in predicting that this Prom will be the most famous in the history of Badger social affairs when the vast amount of work already accomplished is reviewed.

The Junior Class will give its Prom on Friday evening, February 2. Gordon Wanzer, Chicago, is general chairman; he will lead the grand march with the Prom Queen, Pauline Ambrose, Nevada, Iowa.

A Pre-Prom dance, under the supervision of Vincent Stegeman, '24, at Lathrop Gymnasium, Saturday, January 13, started the activities.

The Pre-Prom play, "Stop Thief," which is the joint production of the three University dramatic societies, will be presented at the Parkway, Thursday evening, Feb-

ruary 1. Members of the cast are: Katherine O'Shea, '24, Pauline Ambrose, '24, Carol Goodyear, '23, Olivia Orth, '24, Alfred Luddin, (Grad), Thomas MacLean, '24, Laurence Hastings, '24, Don Marvin, '23, Lee McCandless, '23, Roy French, '23, Harold Benston, '24, Vincent Conlin, '23, Carlyle Richards, '25, LeRoy Wallace, '24, Carroll Roach, '25. The play was coached by Prof. Gertrude Johnson.

Prom itself will start Friday evening at 9:30, and dancing will continue until 3 o'clock the following morning. The music will be furnished by a prominent Chicago orchestra, and a special feature act will be presented during the evening.

The guests of honor will include Governor and Mrs. J. J. Blaine, several prominent state officials, President Birge and Miss Birge, '06, deans of the various colleges, judges of the Wisconsin Supreme Court, and members of the Alumni Board.

Formal dinner dances and informal parties will be given by the fraternities and parties of men not connected with groups on Saturday evening following Prom. Weekend festivities will close with dinners at the various houses on Sunday.

The Prom chairman, Gordon Wanzer, is a member of the Chi Psi fraternity, White Spades, Ku Klux Klan, Council of Forty, Union Board, Square Club, Skull and Crescent, and is enrolled in the College of L. and S.

Pauline Ambrose is a member of the Kappa Kappa Gamma sorority, University Players club, Mystic Circle, Women's Athletic association. She is a leading character in the Pre-Prom play "Stop Thief."

## MISSIONARY WORK

By W. D. RICHARDSON, ex '10

ENCLOSE the following clipping taken from the *Boston Transcript* of recent date:

### MILWAUKEE TO MIDDLEBURY

Little Vermont College Magnet for Wisconsin Youths Who Shine on Gridiron and in Classroom

Of the eighteen men winning letters on this year's football varsity at Middlebury College, seven are graduates of the same high school, South Division High of Milwaukee, Wis. E. D. Drost, captain and star halfback, is one of the number. Al Gollnick, captain of last year's eleven, was also a Milwaukee man.

The western invasion started with the class of 1922. Two men from South Division High arrived at Middlebury. Immediately they began to shine in athletic and musical circles. Gollnick started by being tennis champion of the college and worked up as captain of football, president of the Undergraduate Association, various other minor activities such as choir, glee club and varsity debating, and ended by winning Phi Beta Kappa and a Rhodes scholarship. He is now studying in Oxford. Potratz, the other Milwaukee man in the class of 1922, was captain of track, made his letter each year in football and was a

member of the glee club and choir. Drost, in the class of 1923, was a star halfback, captain this past season, has made his letter in track and is prominent in the glee club and outing club.

With the class of 1925 the movement gained impetus. Five westerners entered. Kenny Anderson became class president. He is now cheer leader and head coach of the dramatic club. Papke played quarter and Klevenow end in football, each making their letters in baseball. Klevenow at second and Papke at shortstop. Hollquist made his letter in track last year and in football this fall.

This fall four more big westerners entered. All were on the football squad. Three, Brosowsky, Ehler and Novotny, made their letters.

At the same time I would like to inquire what's the matter with Wisconsin? Ditto, the Milwaukee Alumni? Ditto, South Division High School, my own H. S. by the way? I have long suspected that the Milwaukee Alumni Association is in a sleepy stage; now I know it. This may hit some heads but let 'er go. I stand on it and I will be glad to apologize if I've "pegged them wrong." But the fact remains that a great many of the most prominent Milwaukee athletes get away to other colleges and universities. Last year I think I came across at least four captains of fairly big university football teams who hailed from one or another of the Milwaukee high schools. I don't know how they do it but they do. Of course, there is a certain kind of competition for high-school athletes which we cannot meet—which we don't want to meet. But it seems to me that the Milwaukee Alumni Association might do a little missionary work in its own domain. If we can interest men in Wisconsin, let's do it, especially the men in our own state. If some of these men happen to be good athletes, so much the better. We have legitimate right within our own state and yet our own state seems to furnish a number of good athletes to other institutions. Here's one job that the alumni, not only the Milwaukeeans but all of them in Wisconsin, can do with little expenditure of time or effort. Let's get busy—get the state organized—we've got enough "W" men scattered about to head up the various district organizations. Let's get these youngsters "pepped up" to the fact that we have, right near at home, an institution that can give them what they want in an educational way and a great deal more than can Middlebury, or Colgate, or any other eastern institution, for that matter.—12-23-'22.

### FELLOWSHIPS IN MEDICINE

B. J. ANSON, '17, and H. W. SCHMITZ, '18, are the two Wisconsin graduates who are among the 26 appointees to the National Research Council fellowships in medicine for 1922. Alumni who wish to apply for these fellowships for the year 1923-24 are requested to fill application forms on or before February 15. Candidates are required to have the M. D. degree or the Ph.D. degree or its equivalent. Communications should be directed to the Chairman, Divi-

sion of Medical Sciences, National Research Council, 1701 Massachusetts Ave., Washington, D. C.

### UNIVERSITY Y. W. C. A.

By MARY ANDERSON

1. Q. Name of religious organization?  
A. Young Women's Christian Association.
2. Q. Place of meeting?  
A. Lathrop Hall.
3. Q. Is property owned or rented by organization?
4. Q. Amount invested in real estate, building, furniture, and fixtures?

[MARY ANDERSON

- A. Furniture, \$400.
5. Q. Amount of indebtedness?  
A. None.
6. Q. Number of paid workers?  
A. Two.
7. Q. Names and titles of such workers and annual salaries?  
A. Mary Anderson, general secretary, \$2,000; Hellen Smallshaw, '23, \$360.
8. Q. Annual receipts?  
A. \$3,900.
- q. Local contributions?  
a. Ways and Means, \$800; student, \$2,000; faculty, \$700.

- q. Outside contributions?  
a. Alumnae, \$400.
9. Q. Annual expenditures, excluding salaries?  
A. \$1,540.
10. Q. Number student members of this organization?  
A. 1,100.
11. Q. Number of members of the University teaching staff who are members of this organization?  
A. Alumnae and advisory membership, 50.
12. Q. Approximate number of years this work has been conducted?  
A. 40 years.
13. Q. How many courses in Religious Education does this organization offer on week days?  
A. Three.
14. Q. Does this organization maintain a loan fund or scholarship?  
A. No; it helped to start a co-operative student house.

The Association purpose is to offer the University woman who desires it the opportunity for threefold development—the social, the mental, and the spiritual. To that end it trains groups in leadership, it organizes discussion and Bible study groups, it sends 65 girls each week to the Neighborhood House in the Italian district, it sends girls regularly to make calls at the

Infirmary and Bradley Memorial, it gives a program on Sunday afternoon at the Psychopathic Hospital, and it has formal and informal social affairs during the year. It conducts a vesper service every Sunday afternoon in Lathrop Parlor, and finally it maintains an office which seeks to serve University women in every possible way.

This year the freshmen interested in the Association attended several meetings and get-acquainted parties at the beginning of the year and then elected a Freshman Commission—a group of twenty-five who work in the freshman class and who are themselves trained for leadership in the Association. They continue as Sophomore Commission the next year. Cabinet Council, the group of chairmen of committees, have formed themselves this year into a Bible Study class, meeting every Monday afternoon for an hour. The Cabinet, the executive group of the Association, meets once a week on Tuesday afternoon. The Intercollegiate Club takes care of the women entering as advanced students. It gives a banquet at the beginning of the year and holds monthly cafeteria suppers. The Y. W. C. A. Board, made up of one representative from every organized house, is responsible for contact with general membership. There are approximately three hundred women doing active work in the Association.

Just a note to congratulate you on the January issue of the WISCONSIN ALUMNI MAGAZINE. It strikes me as being particularly interesting. I don't know that it is a special issue, but it ought to attract special attention from your readers. My cordial good wishes for 1923.

Very sincerely yours,  
(Signed) CHARLES G. PROFFITT, executive secretary,  
Alumni Federation of Columbia University.

## U. W. CLUBS

**"Sit together, listen together, sing together, eat together, and you'll work together."**

*"The alumni, through their local organization, can and should do things. The central association can not infuse life into local branches by some hypodermic method or other. Rather, it is the central organization which thrives only when alumni everywhere are alert for their opportunity for service."*

## CHICAGO

B. F. ADAMS, '02

**R**EGULAR Friday noon luncheons are held by the U. W. Club of Chicago at the Palmer House and the attendance of alumni always numbers twenty to fifty or more due to the untiring efforts of A. D. Janes, '17, chairman of the Membership Committee and to our ever active Luncheon Committee. Every week or two a formal speaker is present and the attendance at these meetings is thereby

enhanced. Any graduate alumnus or former student of the University who does not avail himself of the opportunity of attending the luncheons at least once a month is missing a great deal of interesting and instructive entertainment, to say nothing of becoming acquainted with his fellow U. W. men.

On December 8 our speaker was Hon. C. M. Thomson, judge of the Appellate Court. His subject was "Crime and Criminals" and judging from the large attendance the subject interested a great many of the alumni and brought out a lot of alumni who

seldom if ever before attended the luncheons.

On December 15 Frank Comerford, lawyer, "silver-tongued orator" and special prosecutor of William Bross Lloyd, was the guest of our club. His talk was on the Lloyd trial and conviction and the subsequent pardon granted by the Governor of Illinois.

On December 22 the luncheon committee had notified the alumni that the meeting would be devoted to short talks on the athletic situation at the University and consequently a larger crowd than usual was on hand to hear and be heard on the matter of a new football coach. A committee was appointed to draft resolutions expressing the sentiment of those present; the resolutions were referred to our Committee on Relations with the University with instructions to forward them to the Athletic Council at Madison.

On December 29 a general "get-together" meeting was held and the sixty-odd alumni present had a good old college time. All the old and new songs of our Alma Mater were sung with great enthusiasm. Tickets for the Northwestern-Wisconsin basketball game to be played at Evanston, January 6 were on hand and at the rate they were being bought assured a large crowd of Wisconsin supporters at the game.

On January 5 our speaker was Clarence Darrow, one of the best-known lawyers in the country. He spoke on his recent observations in Palestine, the nature of the land, the size of the country, agricultural possibilities, makeup of the population with political and religious divisions.

The first 1923 party of the club was held on Friday evening, January 12 at 8 o'clock in the ballroom of the Parkway Hotel. The entertainment consisted of two playlets, all Wisconsin talent, inauguration of officers, and dancing with "real" music.—1-9-'23.

### CLEVELAND

J. C. POTTER, '04

On Wednesday, January 3, at the weekly luncheon held by members of all of the Western Conference Schools, a banner was presented to the school which during the past year had had the best relative attendance at these weekly luncheons. We feel proud of the fact that the holder of this banner for the year 1923 will be Wisconsin. M. F. Rather, '13, our local president, in receiving it from the "Big Ten" members in behalf of Wisconsin, informed them that now that it was in our possession they would have to "go some" to get it away from us.

A membership campaign is now being conducted here to obtain members for the "Big Ten" Cleveland Club. Up to date we have about 500 signed up. Our goal is 1000 by February 9, at which time there will be held a dance and card party in the Rainbow room of the Winton Hotel. O. H. Behrendt, '20, D. Y. Swaty, '98, and E. A. Anderson,

'13, are the official Wisconsin representatives of the Cleveland "Big Ten" Club.

The personnel of officials of the U. W. Club of Cleveland follows: *President*, M. F. Rather, '13, *Vice President*, K. D. Carter, ex '16, *Secretary-Treasurer*, J. C. Potter, '04.

**COMMITTEES—Entertainment**—W. C. Westphal, (Ch.) '12, R. E. Ecke, '22, J. F. Casserly, '05, W. K. Fitch, '13, Dorothy Bell King, '18, Florence Day, '20, Exie Witherbee Worthing, ex '06. *Big-Ten Conference*—O. H. Behrendt, '20, D. Y. Swaty, '98, E. A. Anderson, '13. *Publicity*—P. B. Korst, '13, K. D. Carter, ex '16, Lucile Pritchard Rogers, '16, M. H. Stocking, '13.

On December 26 Gustav Tebell, '23, right end of this year's football team, stopped off line on his way to attend the D. K. E. national convention at Washington, D. C. A number of the Cleveland alumni met Mr. Tebell and we received from him a great deal of news of affairs at Madison, both athletic and otherwise.—1-12-'23.

### DOOR COUNTY

The official organization of the Door County U. W. Club, including all former students and alumni on the peninsula, was completed December 29 at a banquet held in the Hotel Swoboda, Sturgeon Bay. E. G. Bailey, '12, was unanimously elected president, Agnes Davis Goff, '12, vice president, and Katherine Boyd, '24, secretary.

The purpose of the organization is to maintain and increase the interest in the University shown in this county by means of social events, loan funds for hard-pressed students, and the appointment of advisors to those contemplating on going to schools of higher education.

The social program for the evening, with E. G. Bailey as toastmaster, consisted of the following talks by students and alumni: "What I Would Do In Your Shoes," by Attorney W. E. Wagener, '06; "Spotlights," by Katherine Boyd, '24, and J. R. Egan, '25; "The Job At Home," by Mrs. Goff, and "The Memorial Union Building," by Harry Augustine, '23.

The committee in charge of the banquet was made up of Jean Hadden Reynolds, '15, general chairman; Robert Stedman, '25, assistant chairman; Grace Cloes Stedman, '99, announcements; Harry Augustine, '23, decorations; and Sumner Harris, '23, publicity.

### GEORGIA

E. GREVERUS, '00

The meeting set for November 25 at which a permanent organization of a U. W. Club in Georgia was to be perfected had to be postponed for a number of reasons and Chairman Radensleben, '99, who has given liberally of his good time and efforts to make this organization, called a later meeting for December 9 in the Pine Room in the Ansley Hotel in Atlanta.

In spite of the most unfavorable weather fifteen responded to this call and the U. W. Club of Georgia was launched under very favorable conditions. The presidency will rotate among the several members, each one to hold the office for just one meeting. The distinction of being the first president falls on L. W. Barnhardt, '22; E. Greverus, '00, was elected secretary.

Because there are so few former students of the U. W. in Georgia, it was deemed best to make it a Georgia organization, and meetings may be held in different parts of the state if the opportunity offers.

For the first meeting four alumni came from Athens and these added more than a little to the success of the gathering: R. P. Brooks, '12, professor of political science in the U. of Georgia; J. T. Wheeler, '16, who is in charge of the agricultural extension work in the U. of Georgia as it applies to secondary schools; L. M. Sheffer, '17, associated with Mr. Wheeler in the extension work; and Mrs. Sheffer (Margeurite Beattie) '19. The Atlanta representation included the following: Helen Tomlinson, '21, Girls High School, Atlanta; L. W. Barnhardt, '22; Grace Padley, '19, Girls High School, Atlanta; H. O. Swetlick, co-ordinator, Georgia Tech.; C. E. Boyd, '09, professor of Greek, Emory U.; J. T. Smith, professor of civil engineering, Georgia Tech.; E. Greverus, '00, and Grace Godard Greverus, '02; and F. E. Radensleben, '99.—12-26-'22.

### INDIANAPOLIS

EDITH MARTIN MAPLES DEN, '19

The weather and the department of Public Works conspired against us at our last party, but we defied them. New paving made the Ray Trent home unapproachable by automobile. It was deemed best, therefore, to postpone the Memorial Union Benefit feature of the occasion, but we decided to hold the party anyway.

And then it snowed, rained, sleeted, and froze. But twenty-six loyal Badgers gathered, and were well rewarded by a mighty good time. In fact, the evening passed so quickly that some of the features had to be omitted for lack of time. Otherwise the refreshments could not have been served and they were far too good for that.

At the business meeting, President Paul Buchanan, '10, officiated. Edwin Camp, '17, was elected treasurer in place of Don Slaker, '20, who is leaving the city; and Edna Camp was elected chairman of the Social Committee.

Dudley Pratt, chairman of the Memorial Union Committee, reported that the \$4,000 mark would be more than passed.—1-12-'23.

### KNOXVILLE

NEENA MYHRE WOOLRICH, '14

Several months have passed since the U. W. Club of Knoxville has contributed a report to the MAGAZINE, but that is no

indication that we are not just as earnest and enthusiastic as ever; in fact we are more so, for our membership has been more than doubled since the organization of the club two and a half years ago. Our plan for 1923 is to call meetings every two months.

On the evening of December 16 we were most royally entertained by Karl Steinmetz, '10, and Mrs. Steinmetz in their attractive home here. Everyone present voted it a most enjoyable occasion. During the business session, which was presided over by President, J. D. Jarvis, '05, each member was called upon to give a little talk upon the subject of what most appealed to him at Wisconsin and his reasons for being glad he had been in attendance there. The responses were beautiful tributes to "Wisconsin Spirit," the high standard of scholarship, and the earnestness of purpose which prevails at Wisconsin and which those who go out from there carry with them into almost every country of the globe. Wisconsin Spirit is democratic; it is sincere; it is wholesome. We are justly proud of it here in Knoxville as well as of our local club of enterprising professional and business men and women, all of whom are loyal to their Alma Mater and give her much credit for having started them on the pathway of success which they all now follow.

The business session was followed by a period of song, led by Dr. W. T. DeSautelle, '08. We sing practically everything in the Varsity songbook from "Varsity" and "On Wisconsin" to "If you want to be a Badger" and "Polly Wolly Doodle All the Day"; the latter two never fail to amuse the members of the younger generation who happen to be present.

The gathering was brought to a climax by the serving of a delicious salad course by the hostess, after which all went to their homes feeling better for having had a social rejuvenation of such mutual interest as being fellow members of the Alumni Association of the best University of America.

On the evening before our last meeting when the secretary called one of our local papers to give the announcement of the meeting, an incident occurred which reflects credit on the University of Wisconsin. One of the sentences rambled off to the reporter at the other end of the line was to the effect that Mr. and Mrs. Steinmetz were to entertain all the residents of Knoxville who were graduates of, or who had ever been in attendance at, the University of Wisconsin. The sentence was rather too much for the tired reporter to grasp at one breath; hence he interrupted to ask whether he understood correctly that Mr. and Mrs. Steinmetz were to entertain all the residents of Knoxville! He was told, "No, not quite, there will be just a few left who will not be there." However, when the names of all the club members had been given, he remarked in the vernacular of the press,

"That must be some club, since so many of Knoxville's best citizens are members." The compliment was passed on at the meeting the following evening and was accorded its due amount of applause.

The list included: Erving Bohm, H. H. Coxen, '20, Mr. and Mrs. J. C. Hodges, '16, W. C. Krueger, '18, David Lee, '07, Ralph Lowery, '17, John McLeod, '15, and Ruth Peck McLeod, '14, H. G. Meyers, '21, Mr. Wallin, Grace Stone, '13, J. A. Switzer, '93, W. R. Woolrich, '11, and Neena Myhre Woolrich, '14, Etta Mathews, '22, Minnie Stensland, Hannah Krome, '22, J. D. Jarvis, '05, R. M. Murphy, '11, M. H. Newman, '01, A. A. Fisher, '07, W. C. Penn, '07, Karl Steinmetz, '10, W. T. De Sautelle, '08.—1-15-'23.

### MINNEAPOLIS

HARRY BULLIS, '17

The regular monthly luncheon meeting of the U. W. Club of Minneapolis was held at Dayton's Tea Rooms on Friday, December 1. About forty men listened to an excellent talk on the Allied Debt situation by Dean George W. Dowrie of the School of Business, University of Minnesota.

Guy Meeker, '99, chairman of the Minneapolis U. W. Memorial Building Committee reported on the progress of the campaign in Minneapolis. Dr. A. C. Krey, '07 was appointed chairman of a committee to arrange for a joint meeting with the Minneapolis U. W. Alumnae Club on Wednesday evening, December 20, in honor of Dean G. C. Sellery.

The following officers were elected for the coming year: President, Clifford Ashmun, '13; vice president, John Bauman, '17; secretary, H. A. Bullis, '17.

Before adjourning, the enthusiastic crowd gave a vote of thanks to Morris Mitchell, '12 and John Bauman, '17, president and secretary, respectively, of the Club during the past year, for the efficient work which they rendered.

A cordial invitation is extended to all Wisconsin alumni who may be in Minneapolis on the first Friday of the month to join with us in luncheon at Dayton's Tea Rooms, 12:15 noon.—12-16-'22.

The alumnae and alumni held a joint meeting at Dayton's, December 20, at the dinner hour. Dean G. C. Sellery was the guest of honor. Clifford Ashmun, '13, president of the Alumni Club, presided. Guy Stanton Ford, '95, dean of the Graduate School at Minnesota, introduced Dean Sellery who gave us a very interesting talk about present conditions at the University and about some of the plans for the future.—1-12-'23.

### NEW YORK

RAYMOND BILL, '17

The evening of December 15 the Wisconsin alumni of New York gathered at the

Hotel Majestic, in the main ballroom, where they partook of a very excellent buffet supper. Following the meal, a three-reel moving picture of University life at Wisconsin was presented under the direction of Professor E. H. Gardner. This proved a very attractive feature and, following it, Professor Gardner made a very energetic and convincing appeal in behalf of the Union Memorial Building, and as a result of this speech some very handsome subscriptions were made.

W. H. Ingersoll followed Professor Gardner with a talk in which he stated how satisfactory he has at all times found Wisconsin graduates to be in the business world. There were a few short talks by others present and the meeting then adjourned to the grill room, in which dancing to an excellent orchestra became the primary occupation. There were about seventy present at this meeting.—1-11-'23.

### TWIN CITY ALUMNI

HAZEL HILDEBRAND WHITMORE, '10

On the evening of December 20, 1922, the Twin City Alumni had a dinner at Dayton's Tea Rooms with Dean Sellery of the University as honor guest. Only about fifty were present due to the fact that it was so near the Xmas holidays, but those of us who were there certainly enjoyed the informal talks given by Dean Sellery and Dean Guy Stanton Ford, of the Minnesota Graduate School, who so cleverly introduced him. Dean Sellery's talk took us back to the University and made us see the wonderful growth and the rapid changes that have taken place in the years since some of us were there, and made us all feel that we'd like to walk around the Campus once more.

On Saturday evening, January 6, was held the first event of the New Year. On that evening there was an informal dancing party at the Alpha Gamma Delta House, 311 11th Ave. S. E., Minneapolis.—1-4-'23.

### OTHER UNIVERSITIES

A gift of \$100,000 has come to Iowa State College from Mrs. Carrie Chapman Catt, world leader for woman suffrage, and the estate of her husband, George W. Catt, both graduates of the college in the early '80's. This gift is to be used as a permanent fund and the income will in large part be apportioned as scholarships to the most deserving students.—*Iowa State College Alumnus*.

The Ornithology department is trying an experiment to determine the extent of territory covered by individual birds in their migrations. A number of English sparrows and nuthatches have been dyed a fast brilliant green, and released. Reports of further sight of these birds have been requested from colleges throughout the country.—*Cornell Alumni News*.

## ATHLETICS

By PAUL HUNTER

THE University is facing one of the hardest tasks in years so far as athletics is concerned—the securing of a successful football coach to take charge of the team in 1923. “Big” John Richards, ’96, whose contract as football mentor would expire this spring, notified Director T. E. Jones early in December that he was leaving for California, where he has large interests and where he will engage in the practice of law, and that “under no circumstances could he be considered for reappointment.” Richards was the most feared coach in the Conference. He was recognized as one of the greatest line coaches of all times, one who could take an apparently inferior line at the beginning of the season and develop it into a machine which no team could budge and at the same time one which could make great holes in any team it met. But Richards felt he could not make the sacrifice longer. The announcement, which was not wholly unexpected as it was known that Richards was making a personal financial sacrifice while devoting his time to coaching in his alma mater, came as a shock to the faculty, the student body, and the alumni. His position will be a hard one to fill.

Successful football coaches are scarce. It is the hope of the authorities to secure the services of a man who has proved a successful coach among the larger universities of the country. If it is impossible to engage such a man then one who has been first assistant to such a coach, or a man who has successfully coached in one of the smaller conferences. As a last resort one of the comparatively recent graduates of Wisconsin, himself a star performer, may be engaged in the hope of developing a coach of the Richards, ’96, Wilce, ’10, Zuppke, ’05, or Dobie type. But it is hoped it will not be necessary to experiment with an untried coach.

Within a week after the resignation of Richards was received, the Athletic Council after a full discussion instructed Athletic Director Jones to search for the most successful football coach available. In a short time more than a score of applications were received, all of which will be given due consideration. Director Jones will make his report to the Athletic Council which will in turn make recommendation to the Board of Regents. Thus it may be spring before the successor to Richards is chosen.

Our basketball team opened the Conference season January 6 with a 21 to 10 victory over Northwestern in Evanston and two days later defeated Indiana at Bloomington 17 to 10.

With Captain Gus Tebell and Rollie Williams, veteran guards, Coach Meanwell, ’15, has developed an unusual five-man defense. Tebell and Williams are two of the best guards in the Conference and when the for-

wards get their eye for the baskets the Badgers give promise of giving the best of teams a hard battle.

As in former years Coach Meanwell scheduled three teams for the preliminary games which play a different style of game. The visitors won two of the three games but it was just the practice needed to develop the team for the Conference season.

In the opening game, December 15, Pat Page’s Butler team won a fast game 20 to 13. The first half ended 9 to 9. The feature play of the game was when Captain Tebell dribbled through the entire Butler team and scored a basket from a difficult angle. Butler won by being better basket shooters.

The Badgers came back strong in the second game a week later, defeating Lombard 39 to 7. Elsom, Gage, and Barwig were used as forwards, Gibson and Wackman at center, and Tebell, Williams, and Baries at guards. Gibson led in scoring with six field goals, while Elsom had four to his credit, Barwig and Wackman two each, and Tebell, Williams, and Gage one each.

The players returned from the Christmas holiday to meet Marquette on January 3, and although playing a wonderful defensive game, the ten days lay-off was apparent in the basket shooting and Marquette won 9 to 8. Each team scored three field goals and the visitors won with the edge on free throws.

In the opening Conference game against Northwestern, the Wisconsin short pass and the five-man defense completely baffled the Purple players who secured but three field goals. For Wisconsin, Gage, Tebell, and Williams scored two each, and Elsom one, while Gage made seven free throws out of nine.

At Indiana two days later the Badgers changed their style of play, the forwards taking longer shots for the basket, while Tebell and Williams gave a great exhibition of guarding. Again the opponents were held to three field goals while Elsom scored four, and Gage and Wackman two each.

The score on January 13 was Chicago 11, Wisconsin 24.

After only a week of practice following the holidays, four Wisconsin teams opened their Conference season in one week. Following the basketball opening the swimming team met Indiana at Madison, January 12. The schedule for the rest of the season follows:

Feb. 10.—Minnesota there.

Feb. 17.—Michigan here (tentative).

Feb. 24.—Milwaukee Athletic Club here.

Mar. 2.—Northwestern here.

Mar. 9.—Chicago there.

Mar. 15-16.—Conference at Chicago.

Mar. 23.—Milwaukee Athletic Club there.

On Friday, January 12 the wrestlers took the mat at Northwestern, and on Sat-

unday Coach Viner's **hockey** team played Michigan at Ann Arbor. Dates for the wrestling matches and for the three other hockey games scheduled for February appeared in the January issue of the MAGAZINE.

These teams were in good condition for so early in the season though the swimming team has been handicapped for lack of practice as the new pool was not completed until during the holidays.

The **track** squad is working out four times a week. If the members remain on the eligible list they give promise of more than holding their own in the coming meets. Ralph Spetz, sprinter, is captain. Coaches Jones and Burke have a well-balanced team.

The **Cross Country** team, after defeating both Minnesota and Chicago in dual meets last fall, lost to Michigan by one point and then in the Conference meet at Purdue took second place, Michigan again nosing out the Badgers.

## ENGAGEMENTS

- 1918 Abby Tillotson, 16 Forest Ave., Cranford, N. J., to Edward Goetzler, Corry, Pa.  
 1918 Betsey Madison, Bowling Green, Ky., to Wayland Rhoads, Lexington, Ky.  
 1920 Miss Marguerite Belt to Allan Uhl, both of Newton, Ia.  
 1922 Miss Ruth Nuss, Madison, to David Beckwith, member of the law firm of Hill, Thoman, and Beckwith, Madison.  
 1922 Marion Sattre, Rice Lake, to Frank Keuhl, Madison, executive clerk to Governor Blaine.  
 1923 Elizabeth Stuckey, Rockford, Ill., to ex '19 Raymond Schmitz, Madison.  
 1923 Jessie Morton, Webster Groves, Mo., to Frank Wolfe, Kenosha.  
 ex '23 Erma Butler, Madison, to Claude Campbell, Beloit.  
 1922 ex '23 Miss Margaret Schneider, Milwaukee, to Ray Young, Wauwatosa.

1923 Mary Baldwin  
 1917 win to Gunnar Gunderson both of La Crosse.

- 1924 Dorothy Alschuler to Herbert Heilbrommer, both of Milwaukee.  
 1924 Miss Harriet Hilberg, Milwaukee, to King Weeman, Shawano.

## MARRIAGES

- 1906 Miss Loretta Malloy, Milwaukee, to Guy Risley, Baraboo, November 28. Mr. Risley is state agent for the Great American Insurance Co., Milwaukee.  
 1914 Miss Grace Loudon to Benjamin Brindley, December 9. They reside in Chicago, where Mr. Brindley is employed by the Illinois Trust and Savings Bank.  
 1914 Miss Jean Milne, Pittsfield, Mass., to Dr. Jerome Head, December 16. They reside in Boston, Mass.  
 1914 Miss Adeline Duval to W. W. Albers, Jr., November 1. They reside at 803 Town Line Road, Wausau.  
 1916 Villetta Hawley, Oregon, to Arthur Albert, December 5. After spending the winter in St. Petersburg, Fla., they will be at home in Hancock, where Mr. Albert has charge of the state experiment farm.  
 1916 Penelope Westcott to Ward Jamison, in October. They reside at 205 St. Martins Road, Guilford, Baltimore, Md.  
 1917 Bertha Bunn, Spokane, Wash., to Ambrose Burroughs, vice president and general manager of the Talache Mining Co., Talache, Idaho.

- 1918 Dorothy Findorff, Madison, to Frederick Mitchell, December 29. They reside in Champaign, Ill., where Mr. Mitchell is engaged in research work in mining engineering.  
 ex '19 Theo Dietz, Monroe, to Ralph Davison, St. Augustine, Fla., December 27.  
 ex '19 Fannie Somner to Russell Smith, both of New York City, October 16.  
 1919 Miss Elanette Sollitt, Chicago, Ill., to Harold Marks, Jan. 1, 1923. They reside at 2301 Hollivridge Drive, Hollywood, Calif.  
 1920 Grace Bitterman, Madison, to Noel Thompson, plant pathologist, U. S. Dept. Agriculture, Washington, D. C., December 23.  
 1920 Kathryn Nelson to Chester Matravers, both of Manitowoc, where Mr. Matravers is principal of the Northside junior high school.  
 1920 ex '23 Carol Coates, Milwaukee, to Frederick Coleman, January 4. They are living in Minneapolis, Minn.  
 ex '20 Gertrude Knowlton, Cambridge, Mass., to Lewis Kemper, Waukesha, February 3.  
 1921 Miss Louise Kelly, Palo Alto, Calif., to Joseph Bolender. They reside at 2710 Market St., San Francisco.  
 1921 Kathleen Harrison, Madison, to Benjamin Park, December 26. They reside at Ottawa, Ill., where Mr. Park is instructor in the commercial department of the high school.  
 1921 Miss Marjorie Bean, Kansas City, Mo., to F. W. Prescott, December 23. Mr. Prescott is studying for his doctor's degree at the University.  
 1921 Katherine Mykel, Weyauwega, to Lester Conger, Greenbush, December 27.  
 1922 Miss Eleanor Troost, Minneapolis, Minn., to Jerome Butler, January 10.  
 1922 Julia Van Aken, Coldwater, Mich., to John Diefendorfer, November 6. Mr. Diefendorfer is connected with the advertising staff of the Chicago Herald Examiner.  
 ex '22 Helene Schneidhauer, to C. N. Bradford, December 21. They reside in Chicago, Ill.  
 1922 Ima Winchell, Madison, to Robert Rettger, Ithaca, N. Y., December 28. Mr. Rettger is assistant professor of geology at Cornell.  
 1922 Mary Rutter, Madison, to John McCrory, professor of education and psychology at State Teachers' College, St. Cloud, Minn., December 30.  
 ex '22 Miss Helen Riess, Toledo, Ohio, to Martin Mandelker, December 27.  
 1924 Mary Drake, Decatur, Ill., to J. S. Strong, instructor in electrical engineering at the University, December 27.  
 ex '25 Lucile Hempfling to Charles Smith, December 31. They are living on the Arles plantation, Americus, Ga.

## BIRTHS

- 1905 To Dr. and Mrs. A. O. Fisher (Adalia Kroehnke), St. Louis, Mo., a daughter, Charlotte, in July.  
 1910 To Mr. and Mrs. J. W. Wilce, a son, James MacLynn, early in December.  
 1911 To Mr. and Mrs. Lewis Lilly (Florence Nelson), a daughter, Sarah Pearce Johnston, October 4.  
 1912 To Mr. and Mrs. W. C. Westphal, a daughter, Eleanor Margaret, December 10.

- 1913 To Mr. and Mrs. Eugene Noyes, 844 Wall St., Akron, Ohio, a son, John Ham, December 12.
- 1914 To Mr. and Mrs. E. H. O'Neil, Everett, Wash., a son, Eugene H. Jr., October 14.
- 1914 To Prof. and Mrs. E. W. Lindstrom (Cornelia Anderson), Ames, Ia., a son, January 12.
- 1916 To Mr. and Mrs. Crawford Wheeler, Tulsa, Okla., a son, Crawford Jr., September 7.
- 1916 To Mr. and Mrs. G. N. Kelly (Ruth Albers), Chicago, Ill., a daughter, Patricia, September 14.
- 1916 To Mr. and Mrs. Charles McKinley, Portland, Ore., a daughter, Jean, December 11.
- 1916 To Mr. and Mrs. D. W. Flickinger, a daughter, Mr. Flickinger is field supervisor for the Indiana Agency of the John Hancock Mutual Life Ins. Co. at Indianapolis.
- 1917 To Mr. and Mrs. Arthur Porter (Frances Weeks), a daughter, Mary, November 4.
- 1917 To Mr. and Mrs. W. G. Dickson (Carol Smith), Pittsburg, Pa., a son, Robert Hugh, December 16.
- 1917 To Mr. and Mrs. Frederick Groves (Allene Wilson), 338 Broadway, Cape Girardeau, Mo., a daughter, Jane Allen, November 8.
- 1917 To Mr. and Mrs. Harry Crum (Lillian Wall), a daughter, Nancy Wall, December 24.
- 1918 To Mr. and Mrs. D. J. Teare, 240 Chicago Ave., Oak Park, Ill., a daughter, Marguerite Eleanor, December 3.
- 1918 To Mr. and Mrs. Lloyd Call (Vera Skinner), Chicago, Ill., a daughter, Betty Jane.
- 1920 To Mr. and Mrs. David Day (Florence Pardee), Berkeley, Calif., a daughter, Eleanor Pardee, December 22.
- Faculty To Mr. and Mrs. Richard Hamer, a daughter, December 11. Mr. Hamer is an instructor in physics.
- To Prof. and Mrs. Lobeck, a son, October 26.

## DEATHS

PHILIP STEIN, '65, former Superior Court judge, and one of the most picturesque figures in Chicago's civic life of the passing generation, passed away the latter part of December.

Philip Stein was born in Rhenish, Prussia, seventy-eight years ago. After taking his degree at the University he continued his study at Bonn, Heidelberg, returning to America in 1868 to begin practice in Chicago, where he has continued to reside ever since. Before he was called to the bench in 1892 he was a member of the law firms of Kraus, Mayer, and Stein and Moran, Kraus, Mayer, and Stein. After leaving the bench he became a member of the firm of Stein, Mayer, and Stein. All his associates were notable lawyers.

Judge Stein became internationally known not only for his appeal for an "open Sunday" at the Chicago World's Fair but also for his untiring efforts in 1904 in the cause of the Jews who desired to return to Russia. He was an exceptionally able, conscientious, and fearless judge.

Besides his widow he is survived by five daughters.

FRITZ W. WOLL, '86, died at his home in California, December 7. Professor Woll was a native of Norway where he graduated from Royal Frederik's University with the class of 1882. Coming to America in 1885 he took his master's degree at the University a year later, from which time until 1913 he was connected with the Chemistry department, where he obtained his professorship in 1906. In 1913 he accepted a call

to the University of California as professor of animal nutrition.

For many years Professor Woll was associated with Dr. Stephen Babcock, LL.D. '17, in dairy research work; he was founder of the annual Wisconsin Dairy Cow competition, which is the foremost of its class in the United States. Besides being prominent among research chemists he was the author of many agricultural and scientific textbooks. He was a member of the Wisconsin Academy of Sciences, the American Society for Promotion of Animal Production, and Sigma Xi, national honorary scientific fraternity. He is survived by his widow, two sons, and a daughter, Margaret Woll Denning, ex '14. The body was brought to Madison for burial.

PHILIP STEIN, '65

ROBERTUS FRANCESCO TROY, '87, of Canaan, N. Y., died at his home January 7, aged 59 years.

JACOB JOHN SCHINDLER, '89, died January 5 of a tumor on the brain, after a long illness, and was buried in the Lamb plot at Forest Hill Cemetery, Madison, January 7, after services in Milwaukee. He had lived in that city since 1913 and was managing editor of the *Journal* till recently when he became an editorial writer and assistant to the editor-in-chief. He was prominently connected with college publications during University days and did his first daily newspaper work on the *State Journal* under O. D. Brandenburg, '85, its managing editor. Then he served on papers at La Crosse, Green Bay, and Oshkosh, and for some years was managing editor of the St. Paul *Pioneer-Press*, going from that paper to the *Milwaukee Journal*. His widow was Grace Lamb, '91, daughter of F. J. Lamb, a pioneer lawyer of Madison, who died in 1916. She is a sister of C. F. Lamb, '80, Madison attorney, of Alice Lamb Updegraff, '84, of Prescott, Arizona, of Mary Lamb Siegel, '82, married at the Updegraff home during the Christmas holidays to Emmet Drake, '82, of El Paso, Texas, and of

Ellen Lamb Fauerbach, Madison. Besides his wife, Mr. Schindler left twin daughters of high-school age. He came to the University from Monroe, where a sister survives. Another sister and two brothers reside in California. Mr. Schindler was accounted not only an able and experienced journalist, but a character in which integrity, industry, and amiability were beautifully blended. The Reverend Theodore Favill, Congregationalist of Madison, read the committal service; the bearers were H. L. Moseley, '84, O. D. Brandenburg, ex '85, L. M. Hanks, '89, W. N. Parker, '90, A. B. Morris, and J. W. Everett, '96.—O. D. B. ex '85

On hearing of the death of Mr. Schindler, Duane Mowry, '75, sent the following appreciation to Alumni Headquarters:

"Mr. Schindler will be best remembered by his friends and associates for his amiable disposition, for his courtesy and modesty, and the consideration for others that was a part of his nature. It is said of him that no person could come in contact with him without being the gainer thereby. These are among the highest tributes which could be vouchsafed to any man."

"Jacob Schindler was known to every student at the University in his college years," says Ex-Governor FRANCIS MCGOVERN in the *Milwaukee Journal* of January 5. "I was in the class of '90, while he was graduated in '89, but through work on the college paper, *The Aegis*, which preceded the *Cardinal*, I was thrown in intimate contact with him. When I worked on the paper Mr. Schindler already was an editorial writer. In fact, I think he did this work almost from the beginning of his college term. He and Frederic Stearns, '89, who is now practicing law in California, were deeply interested in their work and the students of those years remember both as able, conscientious men—perhaps the ablest in the University. His modest, lovable disposition made him hundreds of devoted friends and he retained them throughout his life."

An editorial in the same issue of the *Journal* pays Mr. Schindler the following tribute:

"No one ever had less than a square deal from Jacob Schindler. No one ever lost a step that he might be advanced. All who knew him knew that he was true to the highest things in manhood. In his going they mourn one of the fairest souls they have ever known."

GERDT ADOLPH GERDTZEN, '93, a member of the General Alumni Association for many years, died on July 14, at Winona, Minn., at the age of 53 years. Mr. Gerdtzen was born and received his early education at Winona. After taking his B.M.E. at the University he pursued post graduate work under an alumni fellowship and was granted the degree of M.E. in 1895. An active business and professional career followed until 1902, when he resigned his position as a member of the faculty of the School of Engineering of the University of Illinois. During his long illness he was mentally alert, ever manifesting a keen interest in the University and its activities. Although unable to take any active part in the life of his community during this period he never lost interest in its welfare.

OTTO F. WASMANSDORFF, '00, died at Santa Barbara, Calif., recently. Mr. Wasmansdorff was born in Chicago, Ill., July 24, 1877. Following attendance at the Chicago schools he was given a preparatory course at St. John's Military Academy before he came to the University to study engineering. After graduation Mr. Wasmansdorff accepted a position with the Barnes-King, and Kendall Mining Companies, two years later moving with his bride, Mary Carlton, '96, to Lewistown, Mont., where he served two terms as county surveyor and four years as city engi-

neer. In 1908 he engaged in the practice of architecture and engineering.

Mr. Wasmansdorff was a prominent Mason, a member of the Elks, the Rotary club, and other organizations. Three children, two sons and a daughter, survive him. Interment was at Santa Barbara, where his wife who died three years ago, is also buried.

HELEN HARVEY WILLIAMS, ex '02, was found dead in bed at her home in Chicago, December 10. Heart trouble was the cause of her death. She is survived by her husband, Attorney Lynn Williams, '00.

GORDON SANDS FALK, '10, a Life Member of the General Alumni Association, died suddenly in Columbia Hospital, Milwaukee, December 31, following a brief illness. Mr. Falk was born in Milwaukee thirty-five years ago; he received his early education in the Milwaukee public schools and returned to his home city after taking his degree in engineering at the University to begin his business career. At the University he was an active member of the University Club, Chi Psi fraternity, and the Gyro Club.

He is survived by his wife and two children, his mother, and a brother, Harold, '06, his partner in the Falk Company.

EDNA WITWEN, '11, died at her home in Mazomanie, January 8, after an illness of some two years.

Miss Witwen came to the University from the Baraboo high school, finishing her training in the Presbyterian Hospital School of Nursing at Chicago, Ill. During the war she was stationed at Camp Gordon, Ga., with the American Red Cross. In 1920 she was city nurse at Madison.

ADA MCHENRY WALKER, '17, died at St. Louis on October 6.

Ada McHenry was born in Milwaukee March 10, 1893. There she received her preparatory education, attending the West Division High School and the Milwaukee Normal. At both these institutions she specialized in the languages, particularly Latin, which she continued in her work at the University, which she entered in the fall of 1914. She took an active part in the affairs of the school and of the sorority, Gamma Phi Beta, of which she was a member. After her graduation she returned to Milwaukee and taught in the Milwaukee schools for three years. While here she affiliated herself with the Woman's College Club and was active in its affairs.

In December, 1920, she was married to Lewis Walker of Norwood, Mass., and went to live in St. Louis, Mo. During her short stay there, less than two years, she became an interested worker in the College Club and an officer of the Gamma Phi Beta alumnae of that city.

Besides her husband she leaves an infant son, Thomas McHenry Walker. Burial was at Milwaukee.

ELLIS POTTER, '18, was drowned in Lake Mendota, Madison, December 17, the ice breaking beneath him while he was duck hunting. Mr. Potter, an unusually promising character, finished second in his class in law four years after taking his bachelor's degree, having served a year between courses in the World War. At the time of his death he was a practicing attorney with his uncle, C. N. Brown, '81. His mother, Alice Williams, '85, wife of Henry D. Potter, was perhaps the youngest member of her class. She died at her home in Baraboo over twenty years ago, leaving another son only a few weeks old, who resides now in Washington. Both children were taken at the mother's death and reared in Madison by their aunt, Miss Jennie Williams, herself a University student in 1877 and again in 1880. Madison members of '85 sent a floral offering at the funeral.—O. D. B. ex '85.

## CLASS NEWS

1860

Sec'y—J. B. PARKINSON, Madison  
516 Wisconsin Ave.

"I received \$700 for the gold dust which I had brought back with me, worn in a belt

around my waist and guarded carefully during the whole trip," says Prof. J. B. PARKINSON in the story of his gold rush experiences in the early '50's, printed in the

Madison *State Journal* of December 24. "It does not seem like a large sum of money nowadays but it paid for my education later and it seemed like a stupendous sum to me then."

Speaking of his arrival at the University in 1856 he continues, "At that time there were only about 200 enrolled in the school. Professors Lathrop, Sterling, Conover, Carr and one German professor whose name I have forgotten comprised the teaching staff. These professors and their wives lived in one end of South hall and the students lived in the other end. At that time there were two courses to choose from. These were the ancient classical course and the modern classical course. There was little difference in them as they both incorporated a knowledge of Greek, Latin and one or more modern languages, mathematics, and a science."

During these brief periods when he was called back to his home town to teach in the Fayette academy he had many distinguished pupils. Among them were Robert M. La Follette, '79, his sister, now Mrs. Siebecker; Bishop Bashford, '73, and his two brothers, J. W. Bashford, '71, and R. M. Bashford, '70, and many others.

"Robert La Follette must have been about twelve then," continues Professor Parkinson, "and he was a very smart little chap. He used to cause me some trouble once in a while though as he was full of life. He was under me for two terms while his father was running the store in Fayette."

"I never attended a single party during my four years at the University. Our only diversion was the debates and discussions which the two literary societies held, the Athena and the Hesperia literary societies. I was president of Hesperia for two years and I well remember the meetings held in the unfinished rooms of Bascom hall which was completed during my last year there in 1859 and 1860. Our gymnasium was a giant oak tree which crowned the hill. From this were suspended rings and bars and a trapeze. There were two theatres at that time and once or twice during each term we used to see a good production of Shakespeare."

**Reune in June! Class Day, Friday,  
June 15, 1923.**

Memorial services for R. G. SIEBECKER, late Chief Justice of the Wisconsin Supreme Court, were held in the supreme court chamber January 9. In his response for the court to the memorial presented by Judge E. R. Stevens, '93, on behalf of the State Bar Association, Chief Justice Vinje, '84, said in part: "Our late beloved Chief Justice was both great and good, but he was pre-eminently the latter, and as such we reverently embalm him in our memory." —William WINDSOR, '78, widely known psychologist and phrenologist, died in Milwaukee at the Republican Hotel, of acute bronchitis December 21. Dr. Windsor was born at Covington, Ky., in 1857, coming to Madison at the age of 15. After taking his degree in law at the University he practiced in Madison and in Stoughton before moving to Texas where he achieved success as a criminal lawyer. Some years later he took up the study of phrenology and psychology in which field he found his life work. For the past twenty years Dr. Windsor, assisted by his wife, has given

lecture courses in every large city in the United States. He has written many books, the last of which, *Phrenology, The Science of Character*, was reviewed in the July-August, II, issue of this MAGAZINE. Dr. Windsor left unusual instructions for his funeral service. He expressed the wish that his body be cremated, kept some weeks, and then that his friends meet to listen to the reading of certain passages from his books and to the telling of a number of his pleasantries on life. Then his ashes are to be scattered on the waters of Lake Michigan. He asked that no monument be erected to his memory. "*I do not want the notice of my death printed in the obituary columns.*" he said. "Tell the world about my work and not about me."

1879

Sec'y—J. B. SIMPSON, Shullsburg

"It is a significant fact that he never attended any other university except Wisconsin and that he was never regularly connected with any other faculty, except as a nonresident professor of the University of Chicago," says the *Cardinal* of December 10 in an article on former President C. R. VAN HISE, eminent geologist, educator, and reconstructionist. "It was upon him, furthermore, that the University conferred its first doctor of philosophy degree. Dr. Van Hise believed in education in a broader sense than was offered by the average college or university during his presidency. He consequently exerted every effort to extend the scope of the University of Wisconsin and to add branches of education to it. His reconstructional work in connection with the Extension Division was only one of the many important steps which he took in bringing this end about."—An impression prevails that LaFOLLETTE's political apogee was reached in 1912, when he seemed to be a stone's throw from the presidency," says Richard Barry in the *Outlook* for November 29, in "A Radical in Power: A Study of La Follette." On the contrary, he is only now, ten years later, approaching the peak of his political power, which will reach a very high curve beginning March 4, 1923. In the next Congress no man will have greater political influence. In the field of economic legislation, the most important with which Congress has to deal, it will be extremely difficult to put anything through against him and whatever he desires to originate will have a high chance of success. In fact, for the coming six years Robert M. La Follette will be practically the American chancellor of the exchequer—if we had such an office."

1880

Sec'y—ANNIE DINSDALE SWENSON

### Reune in June!

Dean H. L. RUSSELL of the College of Agriculture was a guest recently of the Wisconsin Manufacturers' Association in Milwaukee, where he spoke at a luncheon, to which fifty leading agriculturists of the state were invited, on marketing and transportation problems of the farmer.—Israel SHRIMSKI left for Honolulu on January 21, to be gone until the middle of March.

1889

Sec'y—ERNEST WARNER, Madison  
109 W. Main St.

W. H. LUEHR is the new chief examiner of the state civil service commission.—What is said to be the most modern dairy barn in Dane County has been recently completed on the Merrill Springs farm of Ernest Warner, Madison attorney. Contracts between owner and operator in the conduct of Mr. Warner's farms offer op

portunities found in few farm agreements. They are operated on a profit-sharing basis which guarantees no definite returns to either. "One of my greatest difficulties is to keep my farmers—they prosper and buy farms of their own," quotes the *Wisconsin State Journal* in its New Year edition.

1890

Sec'y—W. N. PARKER, Madison  
1908 Jefferson St.

A complete city plan for Appleton has been prepared by L. S. SMITH, professor of highway engineering and city planning at the University. In his report Professor Smith says: "It is a lamentable fact that our cities have overgrown in area and population while lagging woefully behind in health, convenience, and beauty. City growth, if not accompanied with a corresponding development in health, convenience, and beauty, means not real growth but rather retrogression. The whole purpose of zoning is to encourage the erection of the right building in the right place. Such protection enhances the value of the land and buildings and stabilizes real estate values."—A. J. MYRLAND, Madison, was elected president of the Sons of Norway at their annual meeting in December. —Ex-County Judge J. M. BECKER, Monroe, has been appointed county judge of Green County by Governor Blaine to fill the vacancy caused by the death of Judge J. L. Sherron.—*Beg pardon!* "Sic gloria mundi transit," writes Atty. George SIMPSON of Minneapolis, Minn., who is erroneously reported in last month's MAGAZINE as a member of the staff at Eau Claire State Normal. Attorney Simpson has been practicing for some years in Minneapolis, with offices in the Security Bldg.

1891

Sec'y—ELSBETH VERHUSEN KIND  
Chicago, Ill.  
The Pattington, Apt. A., 700 Irving Park Blvd.

Carl JOHNSON, re-elected president of the Wisconsin Manufacturers' Association, will act as chairman of a committee to bring about co-operation between farm and shop, two great forces of Wisconsin.

1892

Sec'y—MARILLA ANDREWS BUCHWALTER, 805 E. High St., Springfield, O.

G. M. SHONTZ is in the employ of Winston, Strawn, and Shaw, 38 S. Dearborn St., Chicago, Ill.—Friends of Dr. P. S. REINSCH are sorry to hear that he is reported to be very sick in a private nursing home in Shanghai, China.

1893

Sec'y—LILLIAN HEALD KAHLBERG  
Madison, 235 Lathrop St.

**Reune in June!**

C. C. Parlin, who is with the Curtis Publishing Co., Philadelphia, Pa., writes to Secretary Kahlenberg: "Glad

you are on the job for the '93—the thirtieth—doesn't it sort of give you a shiver to think about it's being the thirtieth? Well, let's have a good time. I enclose a check for five bucks. I will be on hand if possible. Please let me know at once, or as soon as possible, the exact date of our meeting that I may plan accordingly."

Franklin Sweet, vice-president of the National Machine Co., Milwaukee, says: "It would be a pretty serious thing that would keep me from it."

W. L. Erbach is coming to accept congratulations for all that he has done for his alma mater the past three decades. Two sons are already to be classed among the alumni and a daughter will enter the University soon. She and Mrs. Erbach will accompany him.

W. C. Burton of Connett Burton and Co., and Harry Lardner, vice-president of the J. G. White Engineering Co., N. Y. C., are coming with their wives.

Others who have signed up are: Herbert Laffin, Northwestern Mut. Life Ins. Co., Milwaukee; Helen Mayer Hunt, H. H. Jacobs, Belle Austin Jacobs, Hubert Page and wife, Harry

DR. P. S. REINSCH, '92

**Boardman and wife, Lillian Heald Kahlenberg and husband, E. R. Stevens, Kate Sabin Stevens, J. E. Messerschmidt and wife, Mary Smith Swenson and husband.**

See that your name is added next month. Watch this list grow!—Lillian Heald Kahlenberg, *Secretary*.

Atty. T. H. GARRY has moved to 1891 Page Ave., Cleveland, O.—Florence WILLIAMS Richards lives at 1833 Penrose Ave., East Cleveland, O.—Henry CUMMINGS, chief judge of the Civil Court of Milwaukee County, is a candidate for re-election.—J. E. MESSERSCHMIDT has served for twenty years as one of the Assistant Attorneys General of the state of Wisconsin.—Lillian HEALD Kahlenberg gave an address on "Legislative Procedure" at the meeting of the Collegiate League of Women Voters held in the S. G. A. room the first part of January. The meeting was in preparation for the legislature and committee hearings which the league members are planning to attend.

1894

Sec'y—H. L. EKERN, Madison  
117 Monona Ave.

Dr. R. J. OCHSNER has changed his residence to 10916 Churchill Ave., Cleveland, O.—Joseph SCHAFER, superintendent of the Wisconsin State Historical Society, in answer to a recent statement of Meredith Nicholson that "the world has grown gray with materialism" and that the old concept of marriage, the home, and religion "are gone—definitely and absolutely gone." states: "I have been a professor for 30 years and constantly among young people, and to my mind there is no age superior to the present as far as good behavior and virtuousness are concerned. Standards of thinking may have fluctuated and changed, but life philosophy, as shown in conduct, seems to be as effective as ever. When a student comes to college his religious views may change because he is brought in contact with new knowledge. He is here to learn and question and in the natural course of things he must criticize. And the outcome varies. His faith may become more staunch, or it may be overthrown. I have not read *Up Stream*. But Lewisohn's complaint that too many students come to col-

lege to gain economic efficiency instead of trying to find a new outlook upon life and knowledge is a general complaint. Perhaps there is foundation for it. But if a student can learn in two years what might otherwise take him 15 to master, there is abundant reason for him to come to college to learn that."—Judge D. W. AGNEW was elected vice president of the Wisconsin Association of County Judges recently.

Balthazar

MEYER, who was appointed to the Interstate Commerce Commission by Ex - President Taft, assumed the chairmanship of the commission recently in accordance with a policy of rotating the post among members of the commission on

a basis of seniority in service. Commissioner Meyer will still supervise railroad security issues, his particular assignment on the commission.—The *Capital Times* reports that a U. W. Club in Milwaukee is the aim of R. N. McMANN, new president G. A. A. Under his leadership some 2,000 former students will hold a "get-together" in the near future to discuss plans of organization.

1896

Sec'y—G. F. THOMPSON, Chicago, Ill.  
4100 W. Madison St.

A crying need exists for properly trained teachers for part-time continuation schools in the European countries, according to G. P. HAMBRECHT, director of the state board of vocational education, who returned the latter part of October, from a trip abroad, where he inspected continuation schools in Germany, France, and England.—Julia BENNETT, who teaches chemistry in Cleveland, Ohio, resides at 1651 E. 23rd St.—"Religion can't carry a boy through this world," said Judge A. C. HOPPMANN recently to a crowd of high school boys. "Education, also, is not necessary—you can live without them—but you always would remain at the bottom of the ladder of success. You never would get anywhere."—Erick ONSTAD has been appointed assistant state treasurer.

1897

Sec'y—HELEN PRAY SHELTON, Madison  
260 Langdon St.

Joseph ANDERSON is a poultry man at Covington, Ky., R. 3, Latonia Station.

1895

Sec'y—ANNA GRIFFITHS, Madison  
917 Lake St.

The law firm of Mason and Stephens (Vroman MASON, '95, and G. W. STEPHENS,

Catherine CLEVELAND, 4809 Greenwood Ave., Chicago, Ill., writes: "Just a line to express my pleasure in the last two numbers of the ALUMNI MAGAZINE. The scenes from the 'hill' brought back the old atmosphere and the reports from the alumni and alumnae associations evidenced a quickening of the alumni spirit which seems to me full of promise."

'16) dissolved partnership the first of the new year, at which time T. M. Priestly, '01, becomes associated with Mr. Mason with offices in the First Central building, Madison.—J. T. RICHARDS is construction superintendent of the Building Service Co., 1833 Penrose Ave., East Cleveland, Ohio.—Judge J. C. KAREL was elected president of the Wisconsin Association of County Judges at its recent convention in Milwaukee.—The accompanying picture of Prof.

DR. BOLTON, '95, AND DR. GÁLVEZ

H. E. BOLTON and Dr. José Gálvez, Chilean exchange professor at the University of California, which appears in the *California Alumni Monthly* for October, was taken the past summer at the University of California where Professor Bolton is head of the History department and curator of the Bancroft Library.—Ellen SABIN, president emeritus of Milwaukee-Downer College, returned shortly before the holidays from an extended European trip.

1898

Sec'y—J. P. RIORDAN, Mayville

The following committee has been appointed and has the work well in hand for the twenty-fifth reunion of

the Class of '98: May Church, John Max Mason, Frank Van Kirk, Walter Zinn, Otto Bosshard, Max Zabel, Richard Harvey, and D. Y. Swaty. Watch the Alumni Magazine for further announcements and be sure to answer promptly all communications addressed to you by the committee.

M. H. SPINDLER's address is 13405 Woodworth Road, Cleveland, Ohio.—Charges that the University is demanding an "almost prohibitive standard of entrance fees" and the request that steps be taken to secure for Milwaukee a branch of the state institution were made by A. C. SHONG, principal of the West Division high school, at a session of the Milwaukee Teachers' Association in December.—The Reverend William DAWSON, Madison, executive secretary of the Milwaukee diocese of the Episcopal church, attended the international meeting of the executives of the church at St. Louis, Mo., in January.

Exchange Bldg., Denver, Colo.—Prof. E. M. TERRY of the Physics department was appointed to a committee for developing research work along radio lines at the meeting of the American section of the International Union of Scientific Radio Telegraphy at Washington in December.—Arthur BARTELT, former assistant district attorney of Milwaukee County, recently participated in a vigorous investigation of alleged irregularities in the management of the Milwaukee House of Correction.

1905

Sec'y—LILLIAN TAYLOR JERRARD  
Winnetka, Ill.

Mr. and Mrs. Frederick DORNER (Frieda PFAFFLIN, '07) reside at 548 Milwaukee St., Milwaukee.—Bert HOCKING lives at 908 N. Main St., Rockford, Ill.—J. F. CASSERLY lives at 1711 Preyer Ave., Cleveland, Ohio.—Carrie PADDOCK's address is Lake Mohegan, N. Y., care Convalescent Home.—Friends of Ellis WALKER, Fond du Lac, will regret to hear of the death of her father in December.—E. S. JORDAN, president of the Jordan Motor Car Co., Cleveland, Ohio, believing that students have salesmanship ability and knowing from personal experience that desirable and profitable employment for students is scarce, is offering \$5,000 in prizes and a cash commission to all students in the country who sell Jordan cars between January 1 and September 1.

1906

Sec'y—L. W. BRIDGMAN, Madison  
1910 Kendall Ave.

W. M. CONWAY lives at 2105 Jefferson St., Madison.—"The Facisti of Italy have the idea that the state is for the good of the people; if the people do not get everything they want the result is—overturn the ministry," said Marjorie JOHNSON to a group of graduate students interested in labor problems. "What one says now about the Facisti will not apply next week, for one never knows when this faction will change its mind. Americans feel that the Italians are backward and illiterate. It is true that in southern Italy more than 90 per cent of the people cannot read or write, and in some places the percentage is 100, but they had housing laws in 1831 and 1834, years before we ever thought of such a thing. Woman suffrage went into effect in 1919, and in that same year the Italian parliament passed an

eight-hour law, including all industries, even agriculture."—The extension of University Avenue towards the Square and the building of a new city hall are the big objects in view for the City of Madison, according to Don MOWRY, general secretary, Madison A. of C.—The 88th Division, U. S. A., in its first bulletin, recently off the press, republishes in full a striking article, "Our New Army—For Peace and For War," written by Dr. Raymond PHELAN two years ago when he was still an officer of the 6th Division. Dr. Phelan stresses the peace time value of the army and of army training, and the economic need of continuous rapport between army and people.—Allen RUGLES, Madison, has resigned as chief examiner of the State Civil Service Commission, to take post graduate work at Columbia University.—Alexius BAAS, prominent in Madison music circles, gave a benefit concert January 15 for the shell-shocked soldiers in the Psychiatric Institute at Mendota. On January 9 Mr. Baas issued a challenge for a boxing match with any concert singer in the country.—W. A. BERTKE is with the Southern Illinois Light and Power Co., St. Louis, Mo.—Ida JOHNSON of Onalaska is teaching in the LaCrosse high school.—Adolph JANECKY, attorney, and a trustee of the public library at Racine has been appointed by Governor Blaine to the public library certification board.—E. E. PARKER explained possible ways for disposition of sewage in Madison at the January meeting of the Technical Club.

1907

C. decoration during General Pershing's visit at that camp in December "for extraordinary heroism in action in Bois de Septsarges, near Montfaucon, France, September 26, 1918." While voluntarily going forward on a mission of establishing liaison between a front line unit of his own division and the division on the right, Major Chambers encountered a large number of men falling back in confusion,

### Letter to Doctor G. R. Elliott

By FRITZ KUNZ, '12

(On reading his soft answer to  
"Them Was the Days" in the November number)

DEAR DOCTOR,

It was mighty kind of you  
To answer, as you did, my late  
effusion.

Little did I think that from the blue  
I'd draw a Jovian bolt by my allusion.

Sincere thanks!

I wish I could relate  
A thrilling tale of upward-plodding  
virtue—

How, jolted by that horrid fifty-eight,  
I waked, I rose, I strove. Let it not  
hurt you,

But the truth is, Doctor, my poor  
verse creation

Was dramatic monologue (see  
Browning)

Woven by my deft imagination:—  
Yes, I must confess that I was  
clowning!

Forgive me, then, my technical description  
Of you as "old" and "wise." And let  
me state

I should have had a positive connip-  
tion

If I had drawn a "Failure—58."

First, because the blow had come  
from you,

Next, till then I'd never drawn such  
prunes

From any source.

This poem, Doc., is true—  
Also that I am,

Yours ever,

KUNZ.

P. S.:—Our correspondence's sure to  
languish

How Burleson would have envied  
mails like ours!

But reassure me that you've no more  
anguish!

From thinking you misused your  
failing powers!

badly disorganized and without leaders as a result of heavy artillery fire and machine gun fire from the woods and heights beyond. With the greatest energy, courage, and leadership, at a most critical time and under heavy fire, he reorganized the scattered troops, put them in trenches and later led them forward, overcoming a stubborn resistance from machine guns, drove the enemy from his position, re-established the front lines, and accomplished his liaison mission.—Mr. and Mrs. Harold THOMSON (Anna REUSS, '13) have moved from Fargo to Cavalier, N. D.—Frank JENKS was elected worshipful master of

Madison lodge, Free and Accepted Masons, at the 78th annual communication the latter part of December.—Dr. R. L. BOWEN of the Dwight and Davis clinic, Madison, has entered the Herman Knapp Memorial Eye hospital for six months of study of the eye.—Orville BEATH is research chemist at the Agricultural Experiment Station, U. of Wyoming.—Gladys RIDGWAY Pritchard lives at Randolph.

1913

Sec'y—RAY SWEETMAN, Nanking, China

1924

Horace WETMORE, who is an employee with Wilson and Co., Chicago, Ill., was injured the first part of December when a

horse he was riding in the International Horse show tripped over a hurdle and threw him.

### FACULTY NEWS

Faculty appointments announced at the December 6 meeting of the Regents are: O. L. Reber, assistant professor of botany, second semester, Prof. F. L. Mather, Princeton, special lecturer for second semester, H. D. Simpson (Grad.) research associate in land economics without pay, R. H. Johannesen instructor in history, E. W. Webster (Grad) instructor in history, Helen Crump (Grad.) fellow in history.

Dr. Smiley BLANTON, professor of speech hygiene, now abroad on leave of absence, writes from London that economic conditions there are critical and that thousands are without employment. "The sadness, misery, and suffering oppresses one," he writes. "It makes one feel glad that our country, for the most part, is free of such extreme cases. You must admire the English paying their debt to us with such unemployment at home. The taxes are 25 per cent on incomes over \$1,200, and a higher rate for higher incomes."

According to Professor O'SHEA of the Education department, the first business to be brought by the State Board of Education before the legislature at the present session should be that of establishing community rural schools in place of the present one-room schoolhouses.

Della WILSON, instructor in applied arts, has discovered a way in which sawdust and water glass can be combined to form a new moulding plaster which is cheaper and more efficient than the usual compositions of this nature.

Prof. M. T. ROSTOVITZ of the Ancient History department has been elected an honorary member of the Society for Promotion of Hellenic Study in England. He has done extensive research in the history of ancients and is the author of a book on ancient art in the Near East.

Professor Rostovtzeff has arranged for a semester's leave of absence to deliver a series of lectures at the Lowell institute, Boston, on "Economic Conditions in the Roman Empire."

After spending a month in Boston he will leave for England, and in April, with Professor Carl Russell Fish and Paul Knaplund, also of the history department, will represent the University at the international meeting of historians which will be held at Brussels, Belgium.

Prof. J. R. COMMONS of the department of Economics has been elected president of the National Monetary Association, the new organization of representatives of agriculture, labor, economics, and banking, organized during the holidays, with headquarters in New York.

Prof. Graham STUART of the Political Science department in stating his approval of the new measures that the members of

the Progressive bloc in Congress are attempting to put through during the coming session, says:

"Unquestionably this movement to have Congress meet the first Monday in January will be received favorably, and it is one of the legislative measures of the Progressive bloc that is certain to be accepted. Most of the vicious legislation of Congress is carried on during the session following the election of the new members, and this new measure would do away with that difficulty."

Prof. F. A. OGG of the Political Science department, who is on leave of absence for the second semester, plans to do research work on constitutional and political affairs in connection with a book on comparative government which he is preparing. Under the auspices of the Institute of International Education he will deliver lectures in some of the English universities.

"The size of the candidates does not differ from those of any other time," says the *Madison State Journal* of December 17, in sizing up Coach VAIL's opinion of modern day athletes. "But the lack of stuff which makes the men stick to their task is evident. It takes more time to make a varsity rowing candidate than it does any other branch of sports. With the men turning out in their last years at school, it is almost impossible to build up crews which would rate with those of ten years ago."

That the fight instinct of man becomes a handicap is the conclusion to which Professor Ross of the Sociology department comes in an article in the *Wisconsin State Journal* of January 8, one of a series sponsored by the Dane County League of Women Voters. "I conclude then," says Professor Ross, "that women possess a distinctive trait—the life-conserving instinct—which is more salutary and beneficial as mankind evolves into a state of dependence of the individual upon society. On the other hand, the male sex possesses a distinctive trait—the instinct of pugnacity—which is becoming more and more a menace to the progress and even to the physical existence of the whole human race."

"Man is the handicapped sex and with every advance in the social evolution of our race this handicap becomes heavier."

A new method of making a superior grade of purified carbon at moderate cost has been invented by Prof. Victor LENHER of the Chemistry department and patented jointly with the General Electric Co.

"When a professor's lectures are as popular as that," reads an editorial in the *Cardinal* of December 13, referring to the interest students take in Professor SNOW's liquid air lecture, "it is worth while for others to think about it." There are professors and professors—dull and interesting. And somehow, when we think back over four years, it seems that our most valuable courses were given by the interesting professors.
