Autumn Commences Tomorrow

AUTUMN WOODS

William Cullen Bryant

1. Ere, in the northern gale,
The summer tresses of the tree are gone
The woods of Autumn, all around our vale,
Have put their glory on.

3. I roam the woods that crown
The upland, where the mingled splendors
glow,
Where the gay company of trees look down
On the green fields below.

2. The mountains that in fold,
In their wide sweep, the color
ed landscape round,
Seem groups of giant kings,
in purple and gold,
That guard the enchanted
ground.

(cont. next page)

4. My steps are not alone
In these bright walks; the sweet
south-west, at play,
Flies, rustling, where the painted
leaves are strown
Along the winding way.

5. And far in heaven, the while,
The sun, that sends that gale to
wander here,
Pours out on the fair earth his
quiet smile,-
The sweetest of the year.

6. Where now the solemn shade,
Verdure and gloom where many
branches meet;
So grateful, when the noon of summer
made
The valleys sick with heat?

7. Let in through all the trees
Come the strange rays; the forest
depths are bright;
Their sunny-colored foliage, in the
breeze
Ewinkles, like beams of light.

8. The rivulet, late unseen,
Where bickering through the shrubs
its waters run,
Shines with the image of its
screen
And glimmerings of the sun.

9. But 'neath yon crimson tree,
Lover to listening maid might
breathe his flame,
Nor mark, within its roseate canopy,
Her blush of maiden shame.

10. Oh, Autumn! why so soon
Depart the hues that make thy
forests glad;
Thy gentle wind and thy fair sunny
noon,
And leave thee wild and sad?

11. Ah! 'twere a lot too blessed
For ever in thy colored shades
to stray;
Amid the kisses of the soft south-
west
To rove and dream for aye;

12. And leave the vain low strife
That makes men mad- the tug for
wealth and power,
The passions and the cares that
wither life,
And waste its little hour.

THIS ISSUE IS FOR WILLIAMS BAY
READERS OF BAY LEAVES.

" To have or not to have is the
Question? "

This number of " Bay Leaves " will
be distributed to all homes in the
Bay. Though the paper has had very
loyal support from the beginning.
(" Bay Leaves " is on its sixth year)
there are yet quite a number who
have not subscribed. You are in-
vited to do so in order that the
paper may carry on at its best.

The distribution of the paper to
practically all the summer resi-
dents on the lake has brought our
village much to the fore during
the last two years. Williams Bay
and its people are very highly
thought of and many have expressed
a wish that they lived in it.

Williams Bay, with its fine school,
its fine fire protection, its ser-
vice at the beach, its being the
home of the Ice Boat Club, its being
the home of the University Extens-
ion School, its being the home of
the Summer School of Natural Science,
its some twenty places to eat the
best of food; its being the home of
Yerkes Observatory, George Williams
College Camp, Eleanor Camp, Olivet
Camp, International Training School
for Sunday school Workers, its Act-
ive Men's Community Club, its active
Garden Club, etc. is envied by some
of our nearby communities. Yet there
is kindly feeling toward Williams
Bay and its people.

Your subscription to " Bay Leaves "
will help to get the paper into more
and more homes on Lake Geneva.

Make it your paper by sending or
bringing in news items. Others are
interested in folks who visit here.

Those responsible for club events,
entertainments, etc. are asked to
report them or appoint some one to
see that the activities are report-
ed.

With appreciation of past favors,
I solicit your continued assistance
F.M. Van Epps, Editor.

THE IMPORTANCE OF VOTING AT THE PRIMARY EXEMPLIFIED TUESDAY.

Our villager" Bill Freytag lost out in his race for re-election at the Primary by only 63 votes.

There are easily 63 persons in the Bay who would have cast their ballots in favor of him if they had gone to the polls. In the County there thousands of his friends who stayed at home. It is only the ballots in the box when the election officers close the doors that count.

Williams Bay by real electioneering on the part of a few friend did get out 304 voters. There should have been over 400.

Joe Dorr re-nominated. The sheriff showed that he had not lost any of his popularity as his lead over his opponent was about same as two years ago.

Tom Amlie in giving up the Congressional job to run for Senator finds himself out altogether.

Phil La Follette and his supporters are still to be dealt with in November. The banner of the Republicans will be carried by Julius P. Heil, that of the Democrats by Robert K. Henry.

Henry had hoped to get the nomination on both tickets but only made the Democratic one.

Though John B. Chapple was high man in Walworth County for U.S. Senator in the Republican Primary, he was beat out by Alex. Wiley in the State.

Stephen Bolles won out for the Republican Candidate for Congress, with Jorgenson, second and Birkett a poor third.

Bill Seymour couldn't make the grade on the Prog. ticket for Congressman in the other counties though he carried Walworth 709 to Wendt 78 and Slagg 75.

ANNUAL WALWORTH COUNTY BANQUET FOR Y.M.C.A. MEMBERS Monday eve, Sept. 26th

For many years the Annual Banquet of the Y.M.C.A. has been looked forward with keen interest.

This year it should be of no less importance.

Mike Peterson will be Toastmaster and we know what that means.

The speaker of the evening will be Rev. Newham of the Coventry Methodist Church, Evanston, Ill.

The annual election of officers will take place.

Reservations can be made with Mr. Peterson at the Bay.

WE HOPE ITS GOING TO BE GOOD
NEWS FOR HERBY.

All Summer long Herby Erickson has been working on the Herald-Examiner "Familiar Names" Contest and sending them in.

He has word that he is tied for first prize of \$5,000, but that he must try his success on 30 additional cartoons. These he has sent in and is now awaiting further word.

Let's hope that he gets either the first prize or a good sized part of the prize money.

Be sure to give your social security number to your employer even though you have worked for the Summer only. Your later compensation will be based on total earnings so every dollar that you earn counts.

The Social Security payments are payable quarterly now and a new quarter ends with Sept. 30th.

Prompt payment is requested.

Every employee should have a number when he seeks employment. His employer must insist upon his num.

33 MILLION U.S. PUPILS ARE RETURN- ING TO SCHOOL IN AMERICA

School bells this month are calling approximately 33 million young men, young women, and children to the study of the three "R's" in the nation's graded schools, high schools and colleges.

The office of education of the department of the interior at Washington reported that 22,400,000 boys and girls are attending elementary schools this semester. Approximately 6,750,000 are enrolling in high schools in this country. Colleges and universities will register about 1,350,000 and several million more persons will study in evening part time, vocational and emergency education classes.

Two million youngsters are beginning their school careers by entering first grade. Many of these have attended nursery schools and kindergarten, as pre-first grade education is finding a place in more and more communities.

Fewer children entering school this year will fail in their studies because large numbers of schools today are adopting the unit plan of promotion. Under this plan three or four years of work are included in a project which a pupil may complete slowly or rapidly, according to his ability.

More than 1,000,000 teachers are instructing this year's army of education seekers. Of this number nearly 100,000 are newcomers.

\$220,000,000 is invested in it is let out it will come back and plants for training teachers, not ask to get in the window. counting other schools of higher education, which turn out teachers.

The average teacher in city schools gets \$1,818 per year. In rural schools it is \$827.

In 1890 enrollment in High Schools was 200,000. Last year it was 7,000,000. Fifty years ago 9 subjects were offered. Now 200 subjects are offered.

UNIVERSITY EXTENSION SCHOOL OPENED SEPT. 9th at The Bay.

There are sixteen students who are enrolled in the School this year. Those from the Bay are: Frank Fridlund, Alvin Stenstrom, William Horvath, Arthur Mayor, Leola Ripley, Ernest Pearson, James Yanda of Linn Town, and Mildred Rietz of Delavan Town.

A REAL PET

Early in July a blackbird flew down at Prusner's Pier at the Bay and grabbed a piece of crabmeat, and that gobbled looked for another. The boys began to toss him pieces and he decided to "stick around". He is still here though many of his kind have gone on South.

He will jump up on the lap and eat out of the hand. They call him "Mike" and he perks up his ear at the name.

He is free to come and go. He is on hand when any of the boys get down to the pier, no matter how early and hangs around until dark.

If he doesn't get attention he follows around until he does get a piece of worm or crab meat.

COLORED MOVING PICTURE OF PET ORIOLE

The Bill Moellers still have the pet oriole which has been at their home for a couple of years. The other day a colored picture was taken with a movie camera. Even though

it is let out it will come back and ask to get in the window.

IT IS GOOD FISHING

Several large pike have been caught at the Bay lately. The Bay has had a score or more fishing boats on it at one time.

Better get out the pole and try your luck. The guides can tell you where to get them.

MISS SARA PEACE MAKES HER DEBUT AT A TEA IN CHICAGO

Miss Sara Peace, daughter of Mr. and Mrs. Charles E. Peace, Chicago and Congress Club, Wms Bay, made her bow to society at a debut tea on Wednesday, September 21, at the Peace home in Bellevue Place, Chicago. It was an occasion of particular sentiment for it was also the 20th wedding anniversary celebration for her parents.

The music was the same as that played by a stringed orchestra at the wedding reception of Ruth Henderson and Mr. Peace in Rochester, N.Y. The debutante and her parents received in the big second floor living room. Assisting the bud were Miss Ann Harrington, Miss Sally Lawson, Miss Julia Follansbe, and Miss Jane Zimmerman, and three young women, former classmates at the Girl's Latin School.

Following the tea Mr. and Mrs. Peace took their daughter, her assistants and their escorts to the Edgewater Beach hotel for dinner and dancing.

Thursday, to-day, Miss Peace leaves for Wellesley college, her mother's alma mater. Miss Peace is to have a dinner-dance at the Blackstone hotel on December 24.

WMS BAY MEMBERS OF A A U W ATTEND FIRST MEETING OF THE YEAR

Mrs. William Morgan, Mrs. J.S. Hotton, Mrs. Harry Landon, Mrs. S. Chandrasekhar, and Miss Frances Sherman attended the first meeting of the season of the A A U W (American Association University Women) at the home of Miss Ruth Dickinson, Lake Shore Drive, on Wednesday evening.

A pot luck supper was enjoyed after which Mrs. Ivan A. Stone of Beloit, who has made several visits to European countries, spoke on "Observations and Experiences Abroad", giving some very interesting facts concerning the women of Europe and conditions there at this time, especially in Czechoslovakia and Switzerland.

LOCAL SERVICE STATION IS LEASED

Mr. E.H. Hollister, who built the Taxaco Service Station on Geneva Street, a year ago, has leased the same to two local young men, Mr. Gordon Ammon and Harold Pierce, who will take possession October 1. Both are experienced men in the service station business, Mr. Ammon having been the manager of the Sinclair Station in Wms Bay for the past four years. We wish them success in their new business venture.

Mr. Hollister will take a much needed rest from business that he may improve in health.

The E. Kukkuck family will move on October 15 from the Kellman apartment on Williams St. to the E.T. Peterson apartment on Clover Street, now occupied by the Gordon Burton family, who will move to the first apartment when Mr. and Mrs. Carl Anderson and family move to their new home now being completed on Highland Street.

The weather the past two weeks reminds one of an advertisement for a certain kind of salt—"When It rains It Pours."

GENE'S ACCORDION BAND IS BECOMING A POPULAR ENTERTAINMENT FEATURE

Gene's Accordion Band gave a two hour concert at the Lake Geneva Fall Festival last Friday evening and appeared to be the main attraction of the evening.

Several numbers were played by the band and solos were given by Doris Nyland, Donald Wilhelm and Bethylann Christmann. A Tap Dance by Arlene Gardner, more than pleased the audience.

The Band will give its next concert at the Sprague Theatre, Elkhorn, on Sept. 24.

Members of the Band Association will be guests next Tuesday evening at a supper given by Mr. and Mrs. Gene Eicher. For this occasion Mr. Eicher has asked Mr. Walter Benson, assistant sales manager of the Wurlitzer Co. to give a talk on "Musical Education." All members are asked to be present at this gathering.

AROUND LAKE GENEVA

Nearly 12 inches of rain has fallen in the vicinity of Williams Bay during September, and more than 46 inches of rain has been recorded since the first of the year, according to the records kept at the Yerkes Observatory, Williams Bay.

The annual Harvest Home dinner of the Lake Geneva Country Club, will be held Saturday evening, October 1.

The William N. Pelouzes will close their home, Alta Vista, on October 1, but before returning to Chicago they will spend two weeks motoring to Charleston, N.H. to visit Mr. Pelouze's old home, which still is retained by the Pelouze family.

Mr. and Mrs. Aldis B. Hatch who have been living in the Pelouze guest cottage since their marriage in the summer, left Thursday to make their home in Oxford, Miss.

The James N. Rawleighs will remain at Lake Geneva until Oct. 1, when they will return to Chicago and occupy an apartment in State Parkway. Young Jim Rawleigh, who will be a sophomore at Yale this year, is commuting between Lake Geneva and Chicago these days, for he is one of the popular beaux at debutante parties. His younger brother, Bill, will return to Lawrenceville later this month.

Mr. and Mrs. Earl Zimmerman are leaving their country home this week for Chicago. They plan to spend weekends here during October, weather permitting.

Mrs. Bartholomay Osborne, who has spent the summer at Black Point at Lake Geneva, returned to Chicago this week to preside at the first fall meeting of the women's committee of the Chicago Symphony orchestra. The meeting was held in the director's room of Orchestra Hall on Wednesday. There will be a meeting each week until the season opens on October 12.

AROUND LAKE GENEVA

Word was received last week by Mrs. Chris Madison of the coming marriage of her niece, Elizabeth Hollister, a former resident of Delavan, and a granddaughter of the late Mr. and Mrs. Mate Hollister of Delavan, to Melvin Lawrence McPheeters, which is to take place on Sunday, September 25, at Kalispel, Mont.

NASH MOTOR SALESMEN MEET AT LAKE GENEVA COUNTRY CLUB

About 300 automobile salesmen from all over the United States came by special train on the C&NW Railroad to the lake on Saturday, September 17, spending the day at the Lake Geneva Country Club, where they were taken on a boat of the Wisconsin Transportation Co. from the station at Williams Bay. A pre-view of the new Nash automobiles models for the new year was shown. After dinner at the club, golf was played in the afternoon.

Mr. George W. Mason, president of the Nash Corporation, who spoke to the men at the meeting, made a strong plea for American industry to cooperate in creating products for men to sell, in the conviction that men would rather work than go to war.

Mr. Charles W. Nash, chairman of the board and forty year veteran of the automobile industry, spoke to the men, saying: "Probably in few other countries of the world are the press and public willing to consider that at this critical moment in world history, industry may be important. But in this country, thank God, there is still the conviction that men would rather work than fight." As I see it, industry's job is to arm their salesmen with many new and better products which contribute to fuller enjoyment of life. Then the sales which must be made to create these jobs vitally needed today will surely come." If all other industrial organizations join the automobile men to arm their salesmen well, then America can show the best way to peace."

WISCONSIN CONGREGATIONAL CONFERENCE TO BE HELD AT MADISON SEPT. 26-28

One hundred years of denominational life in Wisconsin will be commemorated September 26-28, at the First Congregational church in Madison, the program was announced this week.

The beginnings are traced to a meeting at Milwaukee in 1839, when Congregationalists of the territory formed a union with Presbyterians. This continued for nearly a half century. Today the Congregational denomination numbers about 200 churches in the state, with a membership of 36,000. The 1938 membership goal is for 5,000 new members.

Merritt, Platteville; the Rev. Ralph V. Austin, Rhineland; Dr. John W. Wilson, Appleton; and others. The addresses will confer special recognition upon ministers and laymen who have made notable contributions to the church and its growth.

Presbyterian felicitations will be brought by the Rev. Irwin E. Bradfield, Waukesha, synodical executive and treasurer of the Presbyterian church.

The conference theme will center on the Church, its past, and the hopes for the future. I.B. Davies, Delavan, is the state moderator, and Dr. Theodore R. Faville, Madison, is state superintendent. The annual meeting of the Wisconsin Home Missionary society will be held on the opening day. Luncheons are scheduled for women, laymen and ministers.
