# Introduction.

---

In presenting this, our first edition of OWEN'S DIRECTORY to the citizens of Janesville and Rock County, we desire to say that we have spared no pains or expense to make the work more complete and reliable, as well as useful and entertaining than any work which has previously been published.

The residences of our citizens were all taken under the personal supervision of our Mr. Fletcher, and will be found correct as far as it is possible to have them.

The population of Janesville by the recent census is 10,115.

With thanks extended to the business men generally of this city, Evansville, Beloit, Edgerton and the county who have so liberally patronized this Janesville enterprise,

We remain,

Very respectfully,

THE PUBLISHERS.

## EDITORIAL REVIEW.

JANESVILLE, the county seat of Rock county, is located on parts of the townships of Harmony, Rock, Janesville and La Prairie, in the center of the county, and beautifully laid out on the east and west banks of Rock river. It is twelve miles north of the Illinois State line, ninety-one miles from Chicago, seventy-one miles from Milwaukee, sixty-five miles west of Racine, and forty miles southeast of Madison, the capital of the State. Her railroad communications, if not all that could be desired, are of an excellent character, both to the east and the northwest, as the city is located on the crossing of the Wisconsin Division of the extensive Chicago and Northwestern Railway and on the Monroe Branch of the Chicago, Milwaukee and St. Paul Railway, thus giving her great facilities for her general trade and an outlet for her manufactories. The ground upon which the city is built is finely diversified, affording in its undulations of surface and in the rounded bluffs, which skirt the river, innumerable business sites of great beauty, and securing that great desideratum in municipal economy, perfect drainage of every portion of the city. The limpid waters of Rock river flow through the city with rapid current, until coming to the two dams located here, whence it is diverted from its course to turn the wheels of the various manufacturing establishments, to which, together with the fertility of the surrounding country, in a large measure, the prosperity of

Janesville is due. The early settlers of the city, while preparing the foundations for the future Janesville, with a thoughtfulness which we of the present day cannot too highly commend, spared many of the beautiful groves which crowned the swells of the prairie and clothed the river banks, and these have been cared for and added to until the sobriquet of "Bower City" has, by general consent, been conferred upon it, as truthfully describing its aspect during the season of foliage.

Situated in the midst of an agricultural district unsurpassed in loveliness, in the fertility of its soil and the intelligence of its inhabitants, possessed of the finest water-powers, and blessed with religious and educational advantages beyond those of many western cities, it is not to be wondered at that on the prairie, which thirty-seven years ago was gemmed with flowers and checkered with beautiful groves, through which flashed the "clear waters" on their way to the mighty Mississippi, lay before the fascinated gaze of the hardy pioneers who had come to spy out the land, and which years afterward was purchased of the government for a dollar and a quarter an acre,—there has grown up a community numbering over ten thousand souls, rich in all the elements of material and intellectual prosperity, and standing in the front rank of the inland cities of the great State of Wisconsin.

The first settlers of Janesville, of which we have knowledge, were John Inman, George Follmer, Joshua Holmes, William Holmes, Jr., and Miles Jones, who came here in October, 1835, while Samuel St. John was the first settler who moved here with his family, which was in November, 1835. The five first named gentlemen, immediately upon their arrival, commenced to erect a cabin, which was located opposite the "Big Rock," an old landmark of the Indians, and which may still be seen opposite the north end of Monterey bridge: In January, 1836, Dr. James Heath and wife joined this little band of bold pioneers, and the small cabin, which had been roughly put together the previous fall, gave shelter to eleven persons in all, with two married couples in the number. It was here, shortly after New Year's, that the first white child was born, if not in the upper valley of the Rock, certainly in the county of Rock, and he was named Seth B. St. John.

On the 9th of March, 1836, Judge William Holmes removed to this place from Michigan City, bringing with him all his family except those of his sons who had gone before him to spy out the land. His family consisted of five sons and two daughters, one of whom, Catharine, wife of Volney Atwood, is residing here at the present writing, and is the oldest settler in

Rock county, and one of the most kindly and estimable ladies in Janesville. Her husband, along with W. A. Lawrence, are the oldest hardware merchants in the city, having been established, in one location, 7 South Main street, since 1847.

Henry F. Janes, in honor of whom the city was named, came in 1836 with his family, brother Edward, and several others, who, with the numerous Holmes family, and others, made quite a pleasant society. Rock county was organized and the county seat established at Janesville, under a territorial law passed February 13, 1839, in which year Judge Irving held the first session of the Rock County District Court. In the early part of 1841, the erection of a court house was commenced, and in December following it was completed and ready for use. This served its purpose until 1859, when it was consumed by fire, and gave place to the present one, which was not completed, however, until 1870, but which is said to be the finest in the State. It is three stories high, with Mansard roof, and cost over \$100,000. The first story is entirely of beautiful cut stone, while the other stories are of the best Milwaukee pressed brick, elaborately trimmed with stone, the whole edifice being fire-proof throughout.

In 1837 the first post office was established, and in 1842 the first bridge was built across the river at a cost of \$2,000, which for those days was considered a huge enterprise. In 1844-5 the first dam was erected, and in 1848-9 the second, in the southern part of the city. The water power here obtainable is capable of turning many times the number of wheels now propelled, notwithstanding the fact that quite a number of flouring mills and other manufacturing establishments are located here. The first flour mill erected in this place was built in 1845, and was known as the "Big mill," and was, until destroyed by fire a short time ago, in the occupation of Mr. Hiram Jackman, now an extensive commission merchant of Chicago. Mr J. B. Doe, the efficient cashier of the First National Bank, and several other gentlemen erected it, and it was considered for those days an enterprise of great magnitude.

In 1844 the first substantial brick block was erected, and July 3d of the same year a steamer from St. Louis arrived at the "port" of Janesville, which event was properly commemorated on the glorious Fourth. In 1845 D. F. or "Frank" Kimball erected a brick store on West Milwaukee street, in which was sold the first goods on the west side of the river.

In 1853 the city was incorporated, and elected for its first Mayor A. Hyatt Smith, and has for its present Mayor J. W. St. John, one of our oldest residents and most esteemed citizens.

The streets of the city are well laid out, principally at right angles, are well provided with sidewalks and afford many prominent drives and promenades, which are eagerly taken advantage of by residents and visitors. Main and East and West Milwaukee streets are her principal business thoroughfares, on either side of which, magnificent and substantial blocks and buildings are erected, which not only do credit to Janesville, but which would do credit to a city of much larger size. These streets are usually busy from morn till night, while teams not only transacting the ordinary business of the city, but many bringing in their country produce, which meets with ready sale here, Janesville being one of the leading wheat and produce markets of the west.

The principal place of amusement is the Opera House, while there are several other halls and buildings of creditable character. The city is lighted with gas of good quality, being manufactured by the Janesville Gas Light and Coke Co., with Hiram Merrill as superintendent. The educational facilities are of a high order and are increased by the practical education secured at the Janesville Business College of King & Silsbee, which teaches penmanship, bookkeeping and banking for a nominal amount. The High School building is one of the finest and largest brick structures of any city of the size of this, while each of the ward schools are elegant structures and reflect credit on the intelligence of their projectors and the citizens generally. In this connection it is appropriate to say that Janesville is also well furnished with churches, some twelve or fourteen elegant structures adorn the city and are capable of accomodating a vast congregation. This feature of the character of a city speaks volumes in itself, especially when we say that two of the churches, the Baptist and Congregational, cost between forty and fifty thousand dollars each and are mostly, if not altogether paid for.

In closing our remarks in this department of our Directory, we would say that few cities present better facilities for manufacturing purposes than does Janesville, with ample water power and good railroad communications, many establishments might be erected here with profit to their founders.

In this department we ought to mention the various enterprising manufacturing establishments which do so much towards keeping the city in a prosperous condition, as well as those business men who are ever ready and willing to assist any enterprise set on foot for the city's interest. As these names would occupy too much of our space, however, in this part of our work we will defer them until we reach our editorial department.

The population of the city in 1855 was ascertained by the census taken

under State authority, to be over seven thousand, an increase of more than two thousand, since the early part of the year 1853.

In 1856, among the public improvements specially to be noted, was the construction of the bridge between Court and Pleasant Streets, under the superintendence of Wm. Macloon.

From the foot of Centre Avenue to Miltimore's quarries, another most substantial and durable bridge, with cut stone piers, and strong, wooden superstructure, was erected in the same year, and is now known as the "Monterey Bridge."

The Chicago, St. Paul and Fond du Lac Railroad was completed to Janesville, in November, 1856. This was formerly known as the Rock River Valley Union Railroad, and now is styled the Chicago and Northwestern Railway. About the first of October, 1859, its track was laid to Oshkosh, and the whole line from Chicago to that place, put in successful operation, and in November, 1862, the line was extended to Green Bay.

Having thus briefly sketched the leading events in the history of our town, and the progress of improvement from the early days to the present time, it is appropriate to add some remarks relating to its present condition, its various advantages, and its probable future.

The facilities for manufacturing by water power, the improvement of which has been noted in some detail, are coming every year more into use, and from this time onward, it may be safely predicted, they will attract the attention of men of capital, and induce the investment of means in manufacturing establishments, until the full capacity of the power shall be exhausted in the propulsion of machinery. The situation of Janesville, also, peculiarly fits it to become a great manufacturing town. The county of Rock is one of the best agricultural districts in the West. Its soil is equal in fertility to that of the best lands in any of the Western States, and there is scarcely an acre within its limits, which cannot be profitably used for farming purposes. In addition to Rock, there are considerable portions of the adjoining counties, for which Janesville is a market. At the present time this is, it is believed, as a wheat and general produce market, next to Milwaukee, the most important in the State. The early establishment of flouring mills here is one of the causes which have brought this about.

Another principal cause is in the fact that the town stands at the intersection of the railways, leading to Chicago, and to Milwaukee, and here the produce dealers of these cities compete for the trade of a large and

rich surrounding territory. Our own produce dealers have, also, done their part, by a liberal course of business, to promote the interests of the city

From an early day, down to the present time, a very large trade has been done here in general merchandise. Our merchants have kept up with the needs and demands of a widely extended circle of customers, and have enjoyed a reputation for liberal dealing. Dry goods, hardware, groceries, and other descriptions of goods have been sold at prices uniformly moderate, when compared with the trade of other inland towns, and this fact has always had an influence in the highest degree favorable to the interest of the place. Our mercantile establishments are upon a scale as to extent, amount of stock, quality of goods, and the style in which they are fitted and furnished, that would be creditable to older and much larger towns.

As yet nothing has been said of the merits of the site upon which our fair young city is built. On this object, every citizen of Janesville, is apt at times, to speak in such enthusiastic terms, that those who listen to the description of what they have not yet seen, are likely to take it with many grains of allowance. But all strangers who visit the place, and pass through its different wards, and wide extent of streets, are charmed with the beauty of the landscape, and its admirable adaptation to the purpose for which it was chosen and has been improved. There is here a pleasing variety of surface, all in harmony, in no part of it abrupt or rough; affording the choicest sites for residences, in profusion, and at the same time convenient and handsome streets for the uses of business. On the east side the ground rises rather rapidly, from the second street running parallel with the river, to the fine plateau of prairie which stretches away for miles beyond, and on the brow of this rise, which is diversified with grassy knolls, and here and there with beautiful groves, for a distance of two miles or more, are sites for villas and cottages, many of which are occupied, not to be surpassed in any town in the Union. The same may be said of the high land which rises from the river, on the south side of its westerly reach, on both sides of the State Asylum for the Blind. On the west side the ground rises from the river, with an easy grade towards the west and northwest, and just beyond the limits of the town, in the direction last named, commences the high rolling land forming a part of the famous Rock Prairie.

The year 1875, now just closing, is remarkable for the growth and extension of the town and the revival here of business of all descriptions, the spirit of enterprise on all hands exhibited, and the cheerful countenances of our prominent business men, are tokens of a general prosperity, based upon strong foundations, and destined to grow, year by year, with a rapidity

greatly augmented over that of any previous period in the history of Janesville. The few local causes that disturbed the harmony of our citizens have disappeared, and all are laboring with the energy and intelligence for which they are distinguished, to maintain her rank in business importance among the cities of Wisconsin.

### BLIND INSTITUTE.

The Wisconsin Institution for the Education of the Blind is located here, under the management of the following Board: A. A. Jackson, President; Dr. J. B. Whiting, Secretary; J. B. Doe, Treasurer; Members: Anson Rogers, W. H. Tripp; Superintendent. Mrs. Sarah F. C. Little, M. A.; Matron, Mrs. M. H. Whiting; Teachers in Literary Department, Miss S. A. Watson, Miss A. J. Hobart, A. B., Miss Eva M. Putney, A. B.; Music Teachers, John S. VanClure, Miss Lizzie Blinn; Foreman of Mechanical Department, Ambrose M. Shotwell. The object of the institution is to furnish to the blind children of the State a good education, specially adapted to their condition, thereby fitting them to take an intelligent and useful part in the affairs of life. Instruction is given in those subjects usually taught in our public schools, also in vocal and instrumental music and various kinds of work. The Institution is supported by the State and no charge is made for either board or tuition.

### THE PUBLIC SCHOOLS.

The present system of graded schools was organized in October, 1856 from several district schools, which had partially coalesced the previous year. The work of adapting the materials to the object in view, was entrusted to a Board of Education, and Mr. Levi Cass, as Principal of the High School, faithfully executed the plan. For five years Mr. Cass devoted himself with increasing energy and never varying persistence, for the unification of the schools, and the interest then aroused among the people was carried up to such a plane, that during this half decade the present High School building, Second Ward and Fourth Ward buildings were erected, occupied, and paid for in part. The seating accommodations were thus increased from five hundred sittings to eleven hundred, and the present system was so much of a success as to elicit the commendation of a great majority of citizens. In 1869 the First Ward building was erected, and it was occupied in February, 1870. During the past three years all the buildings have been thoroughly repaired, and have been supplied with ample heating and ventilating facilities. At the recent school census taken by

Mr. Wilson, the total number was found to be 3,511; males, 1,729, females 1,842. Since their original organization, the schools have steadily progressed in efficiency. The annual city tax, levied for the support of the schools, has increased, until the Board of Education is enabled to secure and retain the services of competent teachers, so the citizen is conscious of living within reach of superior public school facilities.

SCHOOL COMMISSIONERS—1st Ward, L. Hunt; 2d Ward, F. P. Schicker; 3d Ward, Dr. J. B. Whiting; 4th Ward, E. C. Smith; 5th Ward, G. C. McLean; At Large, James Shearer.

### CITY GOVERNMENT.

The financial condition of Janesville at the present time is in a very satisfactory state, the city being ably supervised by the following intelligent, practical officers, beginning with the name of our worthy Mayor:

J. W. St. John, Mayor.

Joseph Wallace, Clerk.

J. M. Hazelton, Treasurer and Collector.

Pliny Norcross, Attorney.

L. F. Patten, Police Justice.

F. Whitaker, Justice of the Peace.

Edward Ruger, City Engineer.

John Lawler, Sealer of Weights and Measures.

#### ALDERMEN.

### FIRE DEPARTMENT.

The safety and protection of our homes and other property from fire, is one of the *first* considerations of importance in the selection of a residence or business location. So far as the city of Janesville goes in this direction, she need not fear much from the fire fiend, as most of her business houses are solid brick structures, and many of them fire proof. But notwithstanding this fact, she, with her usual caution, has secured a very creditable Fire Department, to combat any emergency that may arise. At the present writing the organization is superior in muscle, discipline, engines and their various appliances, to many other western cities, and will bear favorable comparison with that of any other in the West. The present Chief Engineer is J. F. Wilcox, who is an old experienced fireman, both here and in the East, and to whom great praise is due for the present high state of efficiency of the department. In March 1872, the department was first organized, and since then each of the steamer companies consist of twelve members, and Hook and Ladder, fifteen. New hose has been purchased, competent engineers employed, who have charge of the steamers, platforms

have been constructed at various and convenient places along the river from which to obtain water, and never was the fire department in a more flourishing and good working condition. Below we give the names of engines, locations and chief officers:

**JOHN F. WILCOX**, Chief Engineer.

**JOHN SCHICKER**, First Assistant.

**THOS. HEMMINGWAY**, Second Assistant.

**STEAMER WASHINGTON** No. 1, Silsby's manufacture, located on River st., near W. Milwaukee st. **O. M. BROOKS**, Engineer.

**STEAMER WATER WITCH**, No. 2, Button & Co's. manufacture, located on N. Main st., opposite N. First st., **JOHN SLIGHTAM**, Engineer.

**HOOK AND LADDER CO**, No. 1, located on River st., near W. Milwaukee st. **JAMES SHEARER**, Foreman.

**SACK CO.**, NO. 1, **C. S. CROSBY**, Foreman; **J. B. BOTSFORD**, Asst. Foreman; **E. B. HEIMSTREET**, Sec'y; **W. B. BRITTON**, Treas.

## CEMETERIES.

Among other things, Janesville has not been slow or behind other large cities in providing a well selected and appropriate place for her departed. Hence, an organization known as the "Oak Hill Cemetery Association" was organized in 1851, for the purpose of selecting a site. The site chosen by the organization is a beautiful one, and contains some thirty-six acres of rolling ground, interspersed with a natural growth of trees and shrubs, making its landscape beauty unsurpassed for the purpose designed. It is located at the north end of the Madison road, and the Catholic Cemetery adjoins it, its entrance being north end of Oak Hill avenue.

## CHURCHES.

Cities are often judged by the educational and religious advantages offered to those seeking locations, as well as visitors, and in this respect Janesville stands out pre-eminent. With schools unsurpassed in any city of a similar size, and a dozen church edifices, mostly of a massive and substantial character, goes far as a recommendation for the city and its inhabitants. Two

of these churches (the Baptist and Congregational), cost between \$40,000 and \$50,000, and several of the others large sums, and still the indebtedness of this property is but trifling, which does credit to the zeal of the members and all those who take an active interest in the cause of religion and education.

## POST OFFICE

Of Janesville is centrally located at east end of Milwaukee street bridge and each department is well arranged for the transaction of business. The present Postmaster is H. A. Patterson, who discharges the onerous duties of the office with perfect satisfaction to all concerned, while the business done has largely increased. J. D. King, the Assistant Postmaster since 1867, still holds that position, and so satisfactorily has he discharged his duties that he is highly regarded by those having business at the office.

Office open from 7.30 a. m. to 8 p. m. Sundays, 12 m. to 1 p. m.

H. A. PATTERSON, Postmaster.

J. D. KING, Asst. Postmaster.

## BANDS.

Musical talent is well represented in Janesville, few cities of ten thousand inhabitants being as well equipped with brass and string bands. She has four in all, two brass and two string bands, the leading one being the BOWER CITY BAND. It was first organized in 1863, but more recently was re-organized under a charter from the State, and is now one of the leading bands in the West. TUCKWOOD'S QUADRILLE BAND, which has been in operation since 1863, is considered the "Sine Qua Non" of the musical talent of the city, can be engaged at any time by calling at Mr. Tuckwood's Marble Works, No. 2, Jackson street. CATHOLIC TEMPERANCE BAND is another brass band, and enjoys a well merited meed of praise. JANESVILLE QUADRILLE BAND, Berrie and Rubin, leaders, is a string band, and like the others holds a well merited musical position. Smith and Clemens' QUADRILLE BAND is also a string band, and has recently been re-organized and has five efficient members, and is open for all engagements, making a speciality of private parties and dances.

## CORN EXCHANGE

Was first established in Janesville in 1853, and has since then grown into a great and beneficial produce mart. Although at present there is no real organized society, still the different buyers and dealers work together in harmony and with a unity of action that is commendable. Here are located the city scales, owned and managed by the genial and obliging E. D. Murdock, whose words and actions are with every confidence relied on. Unlike many other cities, the buyers and sellers meet at this Exchange, which is of great advantage to each.

**BENEVOLENT INSTITUTIONS AND ASSOCIATIONS.**

MASONIC.

The Masonic Hall is located in the upper story of Smith's block, corner of E. Milwaukee and Main streets. The whole block was built some four years ago by that enterprising and large hearted citizen and business man, Bro. M. C. Smith, he using the first floor and basement as M. C. Smith & Son's Janesville square dealing clothing establishment. The second story is used as offices of different kinds, and the whole of the upper story for Masonic purposes. The hall is 40 by 60 feet, 18 feet high, and the banquet room about 20 by 30 feet, with ceiling 14 feet high. Each of the various ante-rooms is elegantly arranged and finished in a beautifully artistic manner. The hall is supplied with superb furniture, rich and heavy chandeliers, best quality Brussels carpet, and windows and doors being artistically grained and painted, while the ceilings and walls are elaborately frescoed, everything throughout being an honor to the Masonic order.

YOUNG MEN'S CHRISTIAN ASSOCIATION.

This Association was organized May 22, 1867. At the election held May 26, 1875, the following officers were elected: Nathan Dearborn, President; E. Ruger, Vice President; H. F. Bliss, Corresponding Secretary; W. G. Wheelock, Recording Secretary; James Sutherland, Treasurer.

Board of Directors—Lewis Hunt, S. H. Reynolds, F. S. Lawrence, John B. Carle, George Heild. A daily prayer meeting, of one-half hour, is held in the rooms of the Young Men's Association.

#### SONS OF TEMPERANCE.

Janesville City, Division No. 2, (formerly No. 20,) organized July 20, 1863, meet every Monday evening in the rooms of the Y. M. A., over Postoffice. Number of members, 175, with the following officers: E. F. Wiegler, W. P.; Lydia Williams, W. A.; H. M. Hart, F. S.; James Dunn, R. S.; Levi Caniff, Treasurer; W. G. Wheelock, Chaplain.

This division has been the center of the temperance reform in this part of the State for several years. It takes four temperance papers and periodicals, to which some of its members are contributors. The influence of this division has been felt all over the State, by means of public meetings, correspondence, petitions, memorials, and circulars, which have had much to do in bringing about the recent legislation upon the liquor traffic, and kindred evils. The cardinal principle of its members is total abstinence from all that can intoxicate; and their work consists, first, in reforming and elevating the inebriate; second, in saving the youth and those not addicted to intemperance, from the temptations of the enemy; and third, in seeking by all the means in their power to put an end to the traffic in intoxicating drinks; and to that end they are in favor of a stringent prohibitory law as the only adequate remedy, but they accept of and use all the means short of prohibition that lie within their reach, and recognize temperance as the handmaid of religion. The order has among its members some of the most reliable and best citizens, representing all trades and professions, and all denominations of christians, and their motto is, "Onward and Upward."

#### BOWER CITY TEMPERANCE NO. 51.

A. N. Wilkey, W. P.; C. Wheeler, P. W. P.; S. Deal, F. S.; Miss Josie Reynolds, W. A.; A. D. Angell, R. S.; M. D. Willey, Treasurer; Rev. G. W. Lawrence, Chaplain.

#### LADIES' TEMPERANCE UNION.

Mrs. D. A. Beale, Pres't; Miss E. Kimball, Librarian and Secretary. Was established 1st January, 1875. Free Reading Rooms and Circulating Library.

## YOUNG MEN'S ASSOCIATION.

This association was organized under a charter from the Legislature of Wisconsin, in 1864, mainly for the purpose of intellectual improvement and the formation of a public library which should be *free* to all at a merely nominal expense. The catalogue of the association numbers about two thousand volumes, embracing the choicest works in the domain of History, Biography, Fiction, Poetry, Theology, Politics, Science, Philosophy and Art, attesting in a very emphatic manner the fidelity and energy with which the objects of the original founders have been pursued. It is now in a flourishing condition, and though its influence is silently exerted, it is none the less potential for good. The rooms are elegantly fitted for the purpose designed, over the Postoffice, and everything is done within the power of the officers and members to make it a profitable resort. The officers for 1875 are: A. H. Baxter, President; J. R. Stoddard, Vice President H. P. Ehrlinger, Rec. Sec'y.; W. T. Vankirk, Cor. Sec'y. Frank A. Lawrence Treas.; Committee—C. A. Stearns, C. L. Croft, and E. V. Whiton. Librarian, W. T. Morse; Asst., Fred Quinn; Marshall, W. R. Whitnall.

## ROCK COUNTY AGRICULTURAL AND MECHANICAL SOCIETY.

This society was organized in 1864, and has recently held its eleventh annual meeting, which was one of the best attended and most successful of any held in the State of Wisconsin. The objects of this organization are to encourage and promote agriculture, horticulture, domestic manufactures, the mechanical arts, and the breeding and raising of useful animals. The grounds contain many acres, finely enclosed, and are within easy distance from the heart of the city. The buildings are well arranged and of a substantial and convenient character, and everything about the grounds go to show that it is in the hands of experienced and liberal gentlemen. No fair in the West comprises more products, illustrating all the varied arts which elevate, dignify and embellish life. From the frailest fabric to the most artistic accomplishment on canvass, from a reaper to a ball of twine, all the gradations of industrial progress and achievement are fully represented. Well may Janesville feel elated over her complete and enterprising fairs.

Officers for 1875: Seth Fisher, President; Geo. Sherman, 1st Vice President; B. B. Eldridge, 2d Vice President; R. J. Richardson, Sec'y; C. Miner, Treas.

## HORTICULTURAL SOCIETY OF THE CITY OF JANESVILLE.

This society was permanently organized on the 8th day of October, 1866, The object of the association is to promote a more thorough knowledge of horticulture, in its various branches, among its members, and of disseminating useful information, regarding the same among the public generally; and also to induce the citizens of this city to beautify and adorn their premises and the streets surrounding them, by setting out and protecting the growth of ornamental trees and shrubbery.

The present officers of the society are as follows: President, Alexander Graham; Vice President, Geo. J. Kellogg; Secretary, E. B. Heimstreet; Treasurer, D. E. Fifield.

## ST. PATRICK'S TOTAL ABSTINENCE &amp; BENEVOLENT SOCIETY.

This society was organized in May, 1872, and numbers at present fifty members. There is a brass band in connection with the society, consisting of eighteen members. Meetings are held on the first and third Sundays of each month, at 7:30 o'clock, at the rooms of the society in Lappin's block. Officers—Rev. J. M. Doyle, President; F. Quinn, Vice President; H. S. Quinn, Recording Secretary; John M. Connelly, Financial Secretary; A. Sanner, Treasurer.

## ST. GEORGE SOCIETY.

Was organized about four years ago, since which time great interest has been taken in the same by its members and those of the nationality it represents. Its objects are to assist poor and distressed worthy Englishmen, and promote social intercourse among the sons of Albion who are members thereof. It is in a prosperous condition, numbering one hundred members, and is represented by some of our most worthy and highly respected citizens and business men. Meetings are held at their rooms, Lappin's block, first and third Tuesdays of each month. Officers: G. K. Colling, President; C. L. Martin, 1st Vice President; John Fox, 2d Vice President; Henry Rogers, Treasurer; John Phillips, Secretary.

## CONCORDIA SOCIETY.

This society was organized in March, 1868, and has since then grown into great popularity. It has about 40 members of German extraction, who not only meet for musical improvement, but for the assistance of each other

in sickness and misfortune. Business meetings are held first Monday in each month, and for rehearsals Tuesday and Friday of each week, in Concordia Hall, West Milwaukee street, over Ashcraft, Wingate & Co's extensive furniture and upholstery establishment. Officers: John Bauman, President; George Deihls, Treasurer; Otto Kneip, Secretary; C. E. Kienow, Leader.

#### JANESVILLE DRAMATIC ASSOCIATION.

This society was organized in 1870, and at the present time is in a high state of efficiency. Officers: President, E. V. Whiton; Vice President, J. Stoddard; Secretary, E. D. Stone; Treasurer, W. R. Whitnall. Board of Directors: A. P. Angell, M. C. Fish, J. R. Pease.

### NEWSPAPERS.

#### THE JANESVILLE GAZETTE.

The Janesville Weekly Gazette was established in 1845, more than thirty years ago; the Daily Gazette in 1856, and the Semi-Weekly in 1863. All these editions are printed by the Gazette Printing Company, of which General James Bintliff is President, R. L. Colvin, Treasurer, and A. M. Colvin, Secretary. The editorial department of the paper is under the careful and able management of General Bintliff, and the business department under the charge of Mr. Colvin. The Weekly Gazette is one of the largest and best papers in Wisconsin. It discusses all the live issues of the day and publishes a variety of choice miscellany from week to week, which in point of merit, is not surpassed by any paper in the State. It is Republican in politics, and among the journals of that party, it has acquired an enviable reputation as a bold and vigorous advocate of the principles which have led the Republican party of the nation from triumph to triumph for the past fifteen years. It enjoys the firm and generous support of the intelligent readers of the county, as is shown from its flattering circulation, which now reaches three thousand copies. The Daily Gazette is one of the most enterprising daily papers in Wisconsin, is handsomely printed, and besides containing a full selection of local matter, and general news, receives all the latest telegraphic dispatches and market reports. The job rooms of the Gazette are among the best equipped in the State, having the facilities both as regards material

and skilled help, to do the very best of work. It is not an exaggeration to say that the book and job work turned out of this office, cannot be excelled in the west. The prices are moderate, and orders filled to the entire satisfaction of all patrons, on the shortest possible notice.

#### THE ROCK COUNTY RECORDER.

This paper was started September 1, 1869, by Garret Veeder and Sylvester S. St. John, printers of many years experience. Mr. St. John retired from the business July 1, 1872, leaving Mr. Veeder sole proprietor of the establishment until July 1, 1873, when W. H. Leonard, also a practical printer, became a partner, and the office is now conducted under the firm name of Veeder and Leonard. The Recorder is Republican in politics, and while it would defend the cause of that party in all that is right and just, it is ever ready to condemn corruption, regardless of the source from whence it emanates. The Recorder is fast gaining strength and popularity throughout the country, and the untiring effort of its proprietors to make it a first-class journal, are now meeting with reward.

The job printing department is well supplied with all the new styles of type, and all work is under the immediate supervision of the proprietors, who have the credit of turning out some of the best work in the State, and at prices that defy competition. This branch of the office was established in 1863, and the great pains taken by its proprietors to please its patrons have won for it an enviable reputation. Office in Lappin's block, Milwaukee street entrance.

#### THE JANESVILLE TIMES.

Was established between six and seven years ago by its present editor and publisher, A. O. Wilson, and since then has become a thoroughly organized Democratic organ, it being the only one published in Rock county of that political faith. This, together with the fact that its locals and editorials are numerous and well written, has gained for it a wide circulation. Besides conducting the Janesville Times, Mr. Wilson, who is a well educated lawyer, attends to law business with as great dispatch as the same will admit of, in his usual courteous and obliging way.

## COMMERCIAL REVIEW.

In commencing the editorial department of our work we desire it to be understood that we purpose being strictly impartial in our exhibit of the different mercantile interests. We intend taking up each branch of trade and mentioning the leading houses irrespective of the patronage bestowed on this work.

The largest manufacturing establishment in our city is the

### **Janesville Cotton Manufacturing Company,**

Who have erected an immense factory, employing over one hundred and twenty-five hands, and running two hundred looms, capacity for manufacturing nine thousand yards per day. They have already created an immense demand for their fabrics and cannot at present supply the demand.

### **Janesville Shoe Manufacturing Company.**

Comes next, who are engaged in the manufacture of Ladies' and Children's Shoes. This establishment is run by steam, and employs fifty hands. We understand that the work which they turn out ranks favorable with any other similar establishment in the Union.

### **Janesville Pickling and Preserving Company.**

Capt. Macloon, President, A. J. Russell, Superintendent, has recently been started, and through the exertions of the energetic superintendent has become a success and a first class branch of industry.

### **Hardware, Stoves, Tinware, &c.**

Among the first whom we desire to mention in this department of our work is the large, commodious and well-managed establishment of JOHN GRIFFITHS, who first settled here in 1850, and embarked in business for himself in 1862, since which time Mr. Griffiths has been thoroughly identified with the commercial interests of Janesville. He is in fact the embodiment of a self-made man. His store, situated at No. 1, West Milwaukee street, is one of the largest and best stocked of any house west of Chicago or Milwaukee, embracing Hardware, Stoves, Tinware, Agricultural Implements, and House Furnishing Goods. Also, manufacturer of Tin, Copper and Sheet Iron Work, Roofing and Eavestroughs. Among the leading stoves sold by Mr. Griffiths may be mentioned the "Crown Jewell," American Base Burner," "New Superior Coal Heating," "Vindicator" and "Homestead" Cook Stoves. Also, he makes a specialty of the Return Flue Wood Stove, "Maple," which cannot be excelled for beauty, economy, and durability.

Another leading house in this branch of business is the establishment of G. W. Hanchett, No. 25, North Main street, who, although only recently embarked upon the vacillating sea of mercantile life, is already recognized as a thorough business man, who keeps a first class stock of Stoves, Builders' and Carpenters,' Hardware, Cutlery, and everything appertaining to a well ordered Hardware Store. Consult his advertisement in the pages of this work.

### **Janesville Commercial College.**

Messrs. King & Silsbee, the principals of this Institution, are highly educated gentlemen, and their course of instruction embraces Book-keeping, Penmanship, Banking and Commercial Law, German and French. A visit to their commodious rooms will well repay any one, as the practical workings of business life are illustrated in a thorough manner by a complete Post Office, Bank, and Counting House. We would also call attention to a remarkable production of the pen designed and executed by Professor J. B. Silsbee, called "The Family Record," which for beauty and neatness is unexcelled by anything which we have ever seen. They are for sale at the College, and agents are wanted to dispose of them.

### **Rock County Bank,**

The oldest banking institution in the city, established in the year 1855, capital \$100,000, surplus \$40,000, does a general banking business. Government Securities, Gold and Coupons bought and sold. S. W. Smith, President; C. S. Crosby, Cashier.

### **Merchants' and Mechanics' Savings Bank.**

**OFFICERS.**—David Jeffris, President; H. G. Reichwald, Cashier; A. A. Jackson, John McLeay, Vice Presidents. The above named Bank has recently been organized in the city of Janesville. It is the intention of the officers and directors of this Bank to conduct it upon a conservative and reliable basis. As to its soundness of character, we refer with great pleasure to its large list of stockholders, who are everywhere known and read of all men as men of the highest integrity, who are at par in the public estimate, and among our leading and foremost men for standing, character and resources.

This Bank will do a general savings and loaning business; will sell exchange on Chicago, Milwaukee, New York and the principal cities of both the United States and Europe; will discount approved paper; PAY INTEREST ON TIME DEPOSITS; buy and sell gold, silver and government bonds, coupons, etc. Its business will be managed upon the most careful, conservative and legitimate basis, no wild speculations

will be entertained for a moment. The well-known conservative character of its officers and stockholders, is a sufficient guarantee to the people in this respect.

The banking law of Wisconsin was devised by wise and cautious men, with a view to secure the most absolute and entire safety to depositors, hence stockholders are made liable to depositors for the amount of their stock, and the legal safeguards provided by law, as well as the sterling character of the stockholders, gives abundant security to depositors. The banking law of Wisconsin requires the officers of every State Bank to report to the State Treasurer, on the first Monday in January and July of each year, of the financial condition of the bank, its resources, capital, liabilities, etc., said report to be sworn to by its officers, and to be published immediately thereafter, that the people at all times may be kept fully informed as to its financial standing and soundness. There are over thirty of these banks doing business under the provisions of our excellent State Banking Law, all doing a prosperous and safe business. Among these are the Bank of Commerce, Milwaukee; Batavian Bank, La Crosse; Marine and Fire Insurance Company Bank, Milwaukee, (Alexander Mitchell's); State Bank, Madison; Second Ward Savings Bank, Milwaukee; People's State Bank, Burlington; Park Savings Bank, Madison; Manufacturers' Bank, Milwaukee; South Side Savings Bank, Milwaukee, and many others.

#### **First National Bank.**

This Bank was first organized as the Central Bank of Wisconsin in 1855, and National Bank in 1863, does a general banking business in all its branches. J. D. Rexford, President, F. S. Eldred, Vice President; J. B. Doe, Cashier.

#### **Dry Goods.**

One of the leading houses in this branch of trade is the first-class establishment of ISAAC FARNSWORTH, who enjoys the confidence of the people of this city and county, because they have proven by experience that he keeps a large and choice stock of goods from which to select, and represents all goods just as they are. By acting in this way for the past ten years in Janesville, he rejoices in a remunerative trade and one of the finest and largest stocks of goods in this neighborhood. As a citizen and business man Isaac Farnsworth holds a prominent place in the esteem of the public.

The following houses are also first class in all their appointments:— Messrs. R. & E. McKey, T. Leech, T. J. Cairns & Bro.; Thomas McUlermand & Co.; and Smith & Bostwick.

### Grocers.

F. S. Eldred & Co., wholesale and retail grocers, produce and provision dealers, is one of the oldest and most reliable of our business houses. Here is kept an immense stock of goods from which to purchase, including all kinds of fruits, salt, lime, and everything usually found in a first-class grocers' establishment. Each are energetic and reliable business men and enjoy a reputation second to none for honorable and accommodating actions, while they conduct their business in a praiseworthy and liberal manner. Mr. Eldred, besides belonging to this firm, is vice president of the old, reliable and solid First National Bank of Janesville.

O. F. MEYER & Co., 45 North Main, may also be ranked as one of our principal grocery houses. They have been established for some time in this city, and by strict attention to business and keeping a choice selection of groceries, they have succeeded in building up a good trade. They pay the highest market price for butter, eggs, produce and provisions. When desiring anything in their line be sure and give them a call, and you will be well served and treated with courtesy.

Among the remaining first-class houses in staple and fancy groceries may be mentioned J. A. Denniston and Davies Brothers, on West Milwaukee street.

### Fruits and Confectionery.

CHENEY BROTHERS have one of the nicest stores in the city, in Myers House block, one door south of main entrance to hotel, which is well stocked with all kinds of confectionery, green and canned fruits, oysters, nuts, and a choice assortment of cigars. In the rear of their store they have a suite of rooms furnished elaborately, where oysters, ice cream, etc., are dispensed.

P. S. FENTON, 43 North Main street, has lately opened a new establishment, and proposes to keep a complete stock of fruits and confectionery, poultry and country produce.

Other firms engaged in this branch of business are Davies Brothers, P. J. Day, Mrs. Zeininger, and Mr. Grey on West Milwaukee street.

### Boots and Shoes.

C. MINER, TRULSON & PETERSON, on North Main street, and H. A. SMITH, N. GLOVER, West Milwaukee, are among the principal ones in this branch of trade.

A. RICHARDSON & BRO, 13 West Milwaukee street, are a new firm, with an entire stock of seasonable goods, and judging by the way their store is always crowded with customers, must be doing a first-class business. Give them a call.

### Drugs and Medicines.

H. C. STEARNS, corner West Milwaukee and Franklin streets, about a year ago purchased the entire interest of the Philadelphia Drug Store. Mr. Stearns is one of those thorough, energetic gentlemen, who is sure to succeed in business. He has been for several years engaged in Chicago and the East, and thus has acquired a complete knowledge of all the different departments of his trade. His stock is entirely new and replete in all the latest novelties, in fact everything to be found in any first-class drug store in Chicago can be found here. The prescription department is presided over personally by Mr. Stearns, who is a first-class pharmacist, and physicians and others can always depend on having everything correct. He is also agent for the celebrated "Boss Cigar." In conclusion, we especially recommend citizens, farmers, painters and all others desiring anything in the line of pure drugs or medicines, paints, oils, glass, toilet and fancy articles, etc., to give Mr. Stearns a call, and we will guarantee that they will be suited to the letter.

HACKLEY & ELDREDGE, proprietors of the old reliable Empire Drug Store, was established about 1850. Dr. L. E. Hackley is one of our oldest citizens, and his store is complete in all particulars. Mr. Eldredge has lately come into the firm, and is a first class druggist.—Hackley & Eldredge do a very large trade, sell first class goods, and merit a good share of the public patronage.

Another complete medical laboratory is the house of CHARLES R. PALMER, corner North Main and Milwaukee streets.

### Photography.

B. F. GREEN, whose photograph gallery is situated at No. 33 West Milwaukee, deserves more than an ordinary notice, as he is pronounced by *connoisseurs* in art to be the best in the State, this combined

with his gentlemanly demeanor with all with whom he has association or business interest, account for the remarkable success which he has met with in business. There have been many remarkable improvements of late years, and the true artist endeavors to study these and thus keep pace with the times. Mr. Green has done this, and acquired the enviable notoriety of being "second to none" in his business. Mr. Green has also secured the services of Miss Brown, to do the retouching, who is considered by critics to be the best artiste in that line in the county; so all who favor him with a call can depend on having everything done in the highest style of the art. We advise everybody to call and see the magnificent specimens on view in his parlors.

### Carriage and Wagon Manufacturers.

HODGE & BUCHHOLZ are located at the corner of East Milwaukee and Bluff streets, and are the largest manufacturers of the kind in the city. The building is 44 feet fronting on Milwaukee and 70 feet on Bluff street, two stories high, with a blacksmith shop adjoining on Bluff street 24x35 feet. They manufacture carriages, wagons, buggies, sleighs, cutters, etc., and have gained a good name for their superior work. Only the best seasoned lumber and other material being used, while none but first-class workmen are employed. Both gentlemen, comprising the firm, are practical manufacturers, Mr. H. having had 25 years' experience in this city and Mr. B. eighteen years, the partnership having existed since 1863. We believe it will be advantageous to those farmers and others wanting anything in their line to call upon them, as they keep a well made stock on hand from which to select, while they assure us their charges are not higher than are often paid for inferior work. Messrs. Hodge & Buchholz took the first prize at Southern Wisconsin Fair, and three other premiums—one for top buggy, one for open buggy, and one for market wagon.

PHELPS & McCLAY have lately purchased the business of S. L. James, so long carried on at the corner of Court and Main, and are prepared to do all kinds of carriage and wagon work, light and heavy, in the best manner possible. Also general blacksmithing of all kinds attended to.

### Harness and Saddlery.

WILLIAM SADLER, over 56 North Main street, received the first prize at the Southern Wisconsin Fair, held at Janesville, 1875, for single and double carriage harness, and does a very large business. Those desiring first-class work will do well to call on him.

A. McALPINE, 77 North Main street, is a practical saddler, of extensive experience, and is prepared to manufacture light and heavy harness in a first-class manner. Give him a call.

J. M. RIKER, No. 3, West Milwaukee, is one of our oldest and most respected citizens, is engaged in this branch of business, and the work turned out by him is renowned as being A. 1, in all respects.

Other gentlemen engaged in Harness manufacturing are H. S. Schmitz, over 27 West Milwaukee street, and M. A. Ott, North Main.

### Lumber.

U. SCHUTT, established in the lumber business in 1859, at his present place on South River near West Milwaukee. Mr. Schutt is one of our earliest citizens, having come here in 1839. He keeps on hand a complete stock of Lumber, Lath and Shingles, and is also an extensive dealer in Agricultural Implements. Mr. Schutt is well respected by all who know him, and all desiring anything in his line will do well to call.

D. E. FIFIELD, first established in 1843, also keeps an extensive lumber yard, corner River and Dodge, and one at Evansville. Mr. Fifield has at various periods held civic positions both with honor to himself and the community at large.

LOVEJOY & BLOUNT, also have a lumber yard on West Milwaukee, corner of High street.

### Contractors and Builders.

SHOPBELL & NORRIS, proprietors of the Phoenix Planing Mill, manufacture sash, doors, blinds, mouldings, brackets, &c, on the race, near Milwaukee street bridge. Mr. Shopbell has been a resident of Janesville for the last twenty years.

SHEARER, RATHERAM & Co. This firm is composed of gentlemen who have large and varied experience in their business. They have built many of our handsomest public and private buildings. They are at present engaged in the construction of the WISCONSIN INSTITUTION for the Education of the Blind. Mr. Shearer is one of those genial, pleasant gentlemen with whom it is a pleasure to have business relations, and one who is ever ready to assist in any enterprize which has for its aim the future prosperity of Janesville. In conclusion we cordially bespeak for these gentlemen the patronage of the entire public.

### Dentistry.

DR. G. H. McCAUSEY, whose magnificently furnished parlors are situated over 29, West Milwaukee street, is one of those thoroughly accomplished professional gentlemen who, by strict attention to business and practical skill in application, has achieved a wonderful success as a Doctor of Dentistry. He is supplied with all the latest improvements for operations, and for the preservation of the teeth. His celebrity as a Dentist is so widespread that parties come from very considerable distances to have the benefit of his skill. In fact any one requiring the services of a dentist cannot do better than to give him a call, as he is a perfect master of his profession.

DR. M. A. NEWMAN, Dentist, situated in Jackman & Smith's Block, corner East Milwaukee and Main streets, is a thoroughly qualified Doctor of Dentistry, who has a very large and still increasing practice. Dr. Newman has performed some very difficult operations in dentistry which has gained him much popularity and credit with the population of Janesville and surrounding country.

A. P. BURRUS, situated on North Main street, over C. Miner's store, is the oldest dentist in Rock county, and is acknowledged by all his patrons to be a perfect master of his profession. He has lately opened a new era in dentistry, in which he proposes to apply steam in the propulsion of lathes for the purpose of grinding and polishing teeth, and also for the purpose of using it in connection with his new gold plugger with diamond point. He has in operation now a complete patent steam engine, which will be run entirely by the fire which is intended to warm the parlors. He proposes to compete with the world in skill, price and quality.

### Life Insurance.

H. M. HART, one of our leading citizens, has been a resident of Janesville and vicinity for about twenty-five years, and is engaged in the above branch of business. He represents some of the best companies in the world, whose aggregate capital represents the enormous total of over \$120,000,000.

### Music Teaching.

C. G. TITCOMB, Organist of the Congregational Church, has been for many years in the profession of Music Teaching, and as a thoroughly practiced musician has very few equals, if any, in this western country, as his numerous pupils and all who have heard him perform, can abundantly testify. His Music Parlors are located over No. 19, West Milwaukee.

### Clothiers.

MESSRS. SMITH & FELTZ, Merchant Tailors, No. 8, East Milwaukee street, are two gentlemen who have lately started in business, and have already secured a flattering share of the public patronage. They keep a very fine assortment of cloths and cassimeres, and guarantee satisfaction in all cases. They make clothing a specialty.

### National Feed Mills.

HENRY A. DOTY, proprietor, was for many years one of the officers of the Doty Manufacturing Company, and in 1869 started in business for himself, in the manufacture of the celebrated National Horse Feed; also, is an extensive dealer in grain. His mill, located on North Main street, is very extensive, being 110x24 feet—capacity for manufacturing feed about two car loads per day. This feed has gained a wide spread celebrity as a first-class, standard article. Farmers will consult their own interests by reading Mr. Doty's advertisement in this book.

### Millinery.

In this department of our work we desire to call attention to the superb millinery establishment of MRS. S. M. AMSDEN, situated over Henry C. Stearns' drug store, corner West Milwaukee and Franklin streets. Her parlors are conveniently arranged, and have a choice and varied assortment of ladies' bonnets and trimmed hats, feathers and French flowers, sash ribbons of endless variety and beauty. All ladies who read this work are respectfully recommended to call on this amiable and courteous lady and see those "loves of bonnets" as well as everything else which is elegant and choice in millinery.

MRS. O'DEA & SISTER are located at No. 30 North Main street, and have quite an extensive assortment of trimmed hats and bonnets. These ladies received prizes at the Milwaukee State Fair for their display of millinery.

WILLIAM WINCH also has a first-class millinery establishment in connection with his extensive dry goods and novelty store, at 31 West Milwaukee street.

### Wood and Coal Yards.

MESSRS. CARPENTER & GOWDEY have lately opened a new coal and wood yard near the old steam elevator, west of the Milwaukee and St. Paul Railroad depot, and from the prompt and business like manner with which they fill all orders, we predict for them a successful career. They are gentlemen of known reliability, and we heartily recommend them as well deserving of liberal patronage from the entire community.

HOGOBOOM & ATWOOD have been engaged in the coal and wood business for many years, and are greatly respected by their wide circle of acquaintances and the public generally.

LAWRENCE & ATWOOD is one of the oldest established houses in Janesville, and keep a complete stock of builders' and carpenter's hardware. Also extensive dealers in coal and wood.

### Fire Insurance.

M. M. PHELPS, one of our leading attorneys at law and most respected citizen, does an extensive fire insurance business. He represents the following thoroughly reliable, first-class companies: North British, of London and Edinburg, assets, \$16,000,000; Rhode Island Insurance Association, assets, \$1,600,000; German American, assets, \$1,900,000; Fireman's Fund, San Francisco, assets, gold, \$750,000; Traders, Chicago, assets, registered U. S. bonds, \$800,000; Orient, Hartford, assets, \$800,000. Those desiring to insure are referred to Mr. Phelps' advertisement in this work.

### Crockery, Glassware, etc.

W. G. WHELOCK keeps the only exclusive china, glass and queensware establishment in our city, both wholesale and retail, located at 33 North Main street. No house in the western country offers greater inducements and few have a larger and more diversified stock from which to select. His stock embraces everything to be found in any first-class house of the kind, including Britannia ware, lamps, a superb assortment of toilet goods, cutlery, etc.

### Arcade Saloon.

W. H. BUCKINGHAM, proprietor. This gentleman keeps one of those quiet and thoroughly respectable liquor establishments which are seldom seen outside of the large cities. His saloon, situated at No. 54 North Main, second door north of the Gazette office, is the finest and

most elegant in the city, and contains the choicest assortment of foreign and domestic wines and liquors to be had. Mr. Buckingham has resided in our city for over 25 years, and is respected by all who know him; and it is his aim at all times to conduct his establishment in an orderly and respectable manner, and his well known character will inspire the public with confidence in him in this direction. Capt. C. C. Bennett, one of our old residents presides over the dispensing department, and we desire to add our mite in compliment to the polite and attentive manner in which he regards the wants of all patrons.

### **Hand Corn Planter.**

**KENT & LAWRENCE**, manufacturers of Kent's Hand Corn Planter. Mr. Kent invented this implement in 1870, and from an examination, and the testimony of thousands using them, appear to be all that is needed, and it is meeting with universal favor, and supplying a long felt want.

### **Hatter and Furrier.**

**E. M. SARGENT** has lately opened a magnificently furnished hat, cap and fur emporium at No. 21 West Milwaukee street, the store lately occupied by Moseley Bros., where he keeps one of the finest assortments of hats and caps, furs and robes and gents' furnishing goods to be found west of Chicago. Mr. Sargent has been for many years engaged in this branch of business. His stock is entirely new and fashionable. A visit to his palatial establishment will well repay the most fastidious, and we will guarantee that every one will be suited in anything they may want in his line. He makes a specialty of gentlemen's fine silk and fur hats.

### **Architect.**

**A. ANDERSON**, Architect, over No. 37, West Milwaukee street. Plans specifications and designs with elevation, perspective and detail drawing for villas, farm houses, cottages, churches, city residences, school houses, court houses, stores, fronts, etc., are furnished by Mr. Anderson. Those who contemplate building are advised to consult him as he has designed and erected some of our finest and most elaborate business houses and residences.

### **CONCLUSION.**

It is a well known fact, that scores of promising cities in the west, that at one time grew with wonderful rapidity and seemed destined to a career of

commercial greatness, are now in a state of lethargy or decline. The reason is obvious. They were founded on speculation, as prospective railway or commercial centers, with no solid basis such as is furnished by natural resources, by the establishment of manufactures, or by the trade of a rich and populous section immediately adjoining.

Towns thus built up, must, sooner or later, come to a stand still and await the development of manufactures or the settlement of the adjacent country by a dense enough population to secure a good, local, agricultural trade.

That Janesville is admirably adapted for manufacturing purposes is an admitted fact, and that we enjoy a very large trade from the agricultural masses of the surrounding districts can be easily proved to any caviler. The people are intelligent, industrious, wealthy and liberal, and mostly of American descent. The soil is a marvel of fertility.

We can offer the manufacturer looking for a location, building sites on our river banks and along the railroads, with unexcelled facilities for shipment. We can offer him in addition a location in a wealthy city, with a light debt and low taxes, real estate at low figures, and pledge him a cordial welcome from a liberal people, and all the social, educational and religious advantages to be desired.

# Photographs.

*It is a decided fact that I am making the best Photographs in the State. I keep none but first-class Assistants.*

*I would say that I have secured the services of Miss Brown to do my Re-touching for another year, and she is considered by critics to be the best in this country. So all that have work done at my rooms will have the satisfaction of knowing that their Pictures are as finely finished as it is possible to make them.*

*Old Pictures Copied and Enlarged to any size, and Finished in Oil or Ink.*

*Should be pleased to have you call and look at our work before you sit elsewhere.*

*I will give you a better Likeness, a better Finished Picture than you can get in the State, and at a very reasonable price.*

*Remember the Place.*

# ROCK COUNTY.

---

**Settlement, Organization, Climate, Bounds, Productions, Principal  
Prairies, Names of Towns, Streams, Principal Cities  
and Villages, County Officers, Supervisors,  
Township Clerks, Postmasters,  
etc., etc., etc.**

Rock county was first settled about the year 1835, and was laid off from Milwaukee county in 1836, organized fully February, 1839. It is one of the richest and most productive counties in the State, and is composed of high rolling prairie land interspersed here and there with belts of fine timber. The land is a rich black loam well adapted for almost any kind of grain. The climate is delightful, it being neither very hot nor cold, and is altogether highly conducive to health. The county lies in latitude  $40^{\circ} 40'$  North, in longitude  $12^{\circ}$  west, and is bounded as follows: On the North by Jefferson and Dane counties, East by Walworth, West by Green, and on the South by the State of Illinois. It contains twenty Congressional districts, and has an average of 460,800 acres, is twenty-four miles north to south by thirty miles East to West. Corn, oats, wheat and barley are the principal productions, as well as tobacco, which is extensively grown, especially in Fulton township and adjacent sections. The first breaking of the soil was done by Joseph Inman in the Spring of 1836. The first house was erected on the east side of the river by Ira Washburn in 1838. Rock river runs through near the middle of the county from north to south.

The principal prairies are Rock, Jefferson, Du Lac, Ramsey's, Catfish, Morse's and Turtle; Rock prairie extends almost through the county from east to west, and varies in width from six to eighteen miles.

#### NAMES OF TOWNS:

Lima, Milton, Fulton, Porter, Union, Magnolia, Center. Janesville, Harmony, Johnstown, Bradford, La Prairie, Rock, Plymouth, Spring Valley, Avon, Newark, Beloit, Turtle and Clinton, and the city of Janesville, organized from portions of Janesville, Rock, La Prairie and Harmony.

#### STREAMS.

Rock river rises in Fond du Lac county, and runs south, through Dodge, Jefferson—the towns of Milton, Fulton, Janesville, Rock and Beloit, in Rock county, into Illinois, thence into the Mississippi at Rock Island.

The Catfish is the outlet of four lakes, and empties into Rock river in the town of Fulton.

Badfish rises in Rutland, Dane county, passes through Union, Cookville, and the town of Porter, emptying into the Catfish in the town of Fulton,

Allen's Creek, a branch of Sugar river, rises in Union, runs south-west and empties into Sugar river.

Afton or Bass creek, rises in Magnolia, and runs south-east through Magnolia Center and Rock, and empties into Rock river near the village of Afton.

Valley Creek rises in Magnolia, runs through Spring Valley and Avon, emptying into Sugar river at Avon.

Sugar River, which rises in the western central part of Dane county, passes through the whole length of Green county from north to south, thence bearing easterly, passes through the town of Avon, in Rock county, and empties into the Peckatonica, in Illinois.

Coon Creek rises in Plymouth, and runs south through Newark into Sugar river.

Turtle Creek rises in Turtle lake, near the north-east corner of Richmond, Walworth county, runs south-west, enters Rock county, passing through the towns of Bradford, LaPrairie, Turtle, and Beloit, into Rock river, almost exactly on the State line at Beloit.

Pratt's Creek rises in Lima, and runs east, into Walworth county, emptying into Whitewater.

Otter Creek rises in Lima, runs north-west into lake Koshkonong.

## LAKES.

Lake Koshkonong in Milton, is eight miles long and nearly three miles wide. Rock river runs through this lake. A part of the lake lies in Rock county, a small portion in Dane, but mostly in Jefferson county. Also several other smaller sheets of water, Clear Lake, Grass Lake, Duck Lake, Mud Lake, Starr's Lake, Big Spring Lake, and Little Spring Lake.

## PRINCIPAL CITIES AND VILLAGES.

Janesville, the County Seat; Beloit, Evansville, Edgerton, Clinton Junction, Milton, Milton Junction, Footville, Hanover, Afton, Cainville, Fulton, Indian Ford, Emerald Grove, Wauconia, Orfordville, Fairfield, Johnstown, Johnstown Center, Lima Center, Mount Zion, Magnolia, Spring Valley Corners, Avon, Union and Turtleville.

## County Officers.

The Rock county Court House, located at Janesville, and bounded by S Main, S First, East and Court sts., is one of the finest and most substantial buildings of the kind in the West, and said to be the best in Wisconsin. It was completed some five years ago, at a cost of \$120,000, and goes far toward proving the current belief, viz: that of the liberality and wealth of the county. It is erected in the center of the city park, and commands a beautiful view of the surrounding country. It is three stories high, with a Mansard roof, and finished throughout in an elaborate style. The first story is built entirely of cut stone, the upper stories being of the best Milwaukee pressed brick, elaborately trimmed and faced with stone. The court room, as well as the various offices, are well fitted up with everything necessary and convenient, the whole building being heated by steam. The Register's office is entirely fire proof, and is presided over by one of the most efficient and trustworthy gentlemen it has been the lot of the county to select, and the same may truly be said of the various officers of the county, whose names we now give:

### Harris Manufacturing Company.

It is a conceded fact that the establishing of manufacturing institutions in any city is one of the most invaluable actions any man or number of men can perform toward adding to the prosperity of the place where located, and such individuals should, and do in many cases, receive the thanks of the whole community. In no one instance is this more true and highly appreciated than in the establishment of the immense works owned and operated by the above company. It was first commenced in 1859, in a very unpretending way, by the former president of the company, James Harris, and several other gentlemen, after which he conducted it alone until 1869, when it had become too large a concern to be conveniently managed by one man. It was incorporated under the general laws of the State, and has since borne the name of Harris Manufacturing Company. The capital stock of this extensive and important manufactory is \$152,800, with a surplus of \$105,000. The works, most of which are substantial brick buildings, occupy nearly two blocks and employ a small army of hands numbering one hundred and fifty, exclusive of innumerable agents. The amount of money paid out at these works, per month may be imagined when we say that the business transacted foots over a quarter of a million dollars per annum, which shows the incalculable benefit these works are to Janesville. The warehouse and office occupy a building 60 by 90 feet, two stories high; wood shop 60 by 130; machine shop 35 by 100 feet, three stories high; foundry 55 by 65 feet; blacksmith shop 40 by 60 feet; engine and boiler room, which contains one of the finest 75 horse-power engines in this locality, 36 by 50 feet; and many other minor buildings. This will give our readers some little idea of these works, which are the largest and most important in Janesville, and hardly to be excelled either for size or importance by any others in the West. We would say that they do a general foundry and machine shop business, manufacturing and repairing, mill work of all kinds, and agricultural implements, making a specialty of the celebrated "Leader" and Little Chieftain reapers and Prairie City Broadcast Seeders, which are favorite implements with the farmers of the Northwest. The officers and directors of this company are as follows: A. P. Lovejoy, President; A. H. Sheldon, Sec'y; L. L. Robinson Treas; S. C. Cobb, Supt; Directors, James Harris, A. P. Lovejoy, J. B. Crosby, B. B. Eldredge, E. G. Fifield, A. H. Sheldon, L. L. Robinson.

# CITY OF BELOIT.

---

Beloit is situated on both sides of Rock river, eighty-seven miles from Chicago, seventy-five from Milwaukee, forty-eight from Madison, the capital of the State, and twelve miles from Janesville, the county seat.

Two railroads converge here, viz: the Chicago & Northwestern and the Western Union Railway.

Beloit was originally called New Albany, and it is not in the very remote past when these beautiful regions, now teeming with the busy hum of commercial life, were the scenes of that, which is now almost a thing of the past, Indian warfare, well may the old settler look back with wonder when he views with complacency the enormous strides civilization has made in the fair and beautiful Rock River Valley.

The early history of the place and its settlement dates not back of the memory of many of its inhabitants, as many of its first settlers yet live and reside in the city and have lived to see and reap the fruits of their early toils and hardships.

Beloit as a manufacturing town offers inducements not surpassed anywhere. The supply of water is practically inexhaustible, and with railroads radiating in four different directions, the material for use can be easily secured, and the manufactured articles shipped to all points in the west with the greatest possible dispatch.

## CITY GOVERNMENT.

The city of Beloit is in a flourishing and prosperous condition. The following are the names of the efficient city officers, commencing with the worthy mayor:

- H. N. Davis, Mayor.
- J. B. Dow, City Clerk.
- O. H. Orton, City Attorney.
- C. F. North, City Marshall.

## ALDERMEN.

First ward, J. A. Sherwood, C. F. G. Collins, H. B. Johnson.

Second ward, I. M. Cobb, J. B. Peet, E. J. Folant.

Third ward, C. H. Parker, L. G. Walkley, J. R. Booth.

Fourth ward, Wm. Blodgett, J. W. Kendall, C. B. Whitford.

The following first class houses in their different branches of trade are thoroughly unexceptional, have each a complete assortment of goods and are presided over by gentlemen who are a credit to the city, as representing the mercantile and manufacturing interests.

Carpenter, Baumes & Co., dry goods, carpets, &c.

Partland & Brittan, boots and shoes, stationery, &c.

Merrill & Co., iron works.

O. B. Olmsted, manufacturer Eclipse Wind Mill.

Rock River Paper Company.

Beloit Straw Board Company.

John Thompson & Co., plow manufacturers.

Roloson, the Photographer.

E. R. Smith, drugs and medicines.

S. J. Goodwin, manufacturer Paint Mills.

W. O. Kinne dealer in harness and saddlery.

Parker & Aldrich, founders and machinists.

H. N. Sherwood, gun manufacturer and jeweler.

Frank Salisbury proprietor Salisbury House

Peet & Keeler, lumber dealers.

Geo. C. Davis, boots, shoes and rubber goods.

### HISTORICAL SKETCH OF EVANSVILLE.

Evansville is situated on the Madison Division of the Chicago & Northwestern Railway, 18 miles from Janesville, the county seat, 115 miles from Chicago, and 23 miles from Madison.

The merchants of this town control the trade of a large section of country anterior to them, and we were much surprised on visiting it to see those unmistakable signs of financial prosperity, the crowded stores and streets. Evansville was so-called in honor of Dr. J. M. Evans, the first physician who settled in the village. Dr. Evans is still an influential and enterprising citizen of the place, being engaged in the drug business, as a member of the firm of D. C. Griswold & Co.

The location of Evansville is one of the finest in the county, being on the border of a small prairie, and in one of the finest groves in this section of country. Allen's creek passes through the eastern portion of the town.

The village was laid in 1855 by Messrs. H. G. and L. Spencer and H. Griffith. The post office was located before the village was laid out, and at the suggestion of Jacob West, was named Evansville. The mail was carried from Union for two years by Jacob West, on horse-back. At present the village contains a population of about one thousand. The inhabitants of the town are principally Americans.

There are five churches in town, one Seminary building, costing \$10,000.00, and a public school building costing \$16,000.00. The banking interests are well represented by the Bank of Evansville, C. J. Sharp, cashier, who has generally more on deposit than any bank in the State.

A. S. BAKER & Co.—This firm was established in 1873 as general founders and machinists, and in the manufacture of pumps, also the celebrated Monitor Wind Mill. Capital invested \$25,000. Their shops are located near the depot of the C. & N. W. R. R., are very large and commodious and run entirely by steam; employ about twelve hands. The wind mill is no longer an untried experiment, but a brilliant success, and proves to be the most economical investment a farmer can make. No machine is more constantly in use, and worked at less expense; none giving such large returns for the cost and attention required. It furnishes what is better than a running stream, an abundant supply of pure water just when and where it is wanted. No machine can pay better interest on the money invested. It will furnish any common farm all the water wanted from three to five cents per day. No farmer can do it by hand for three times that amount.

The Monitor Wind Mill, manufactured by these gentlemen is got up on new and scientific principles, guaranteed not to freeze up in winter, and a perfect regulator in all kinds of weather. They also do a general jobbing business, and manufacture any thing in iron or brass to order. Farmers will do well to consult their advertisement in this work.

SNASHALL & MYGATT, manufacturers of cheese factory apparatus and cheese makers' supplies. This firm is composed of thorough practical gentlemen who perfectly understand their business. They keep a very extensive stock of hardware, stoves, tinware and farm machinery, of all kinds. Also are agents for the "Monitor Wind Mill," manufactured by A. S. Baker & Co., and have a general supply of force, suction, and c cistern pumps. They have been established for many years, and are thoroughly identified

with the business interests of Evansville, and ever ready to assist by all the means in their power any enterprise set on foot for the advancement and prosperity of their town. We heartily recommend them as A 1, gentlemen and business men, who are entirely deserving of liberal patronage from the general public.

D. C. GRISWOLD & Co., wholesale and retail dealers in drugs and medicines. The house was first established by Evans & Smith in 1852. In 1872 Mr. Griswold bought an interest with Dr. Evans, and since that time the firm has continued under the above title. Their store is one of the finest and most handsomely fitted up in the western country, and Mr. Griswold is one of those affable gentlemen with whom it is a pleasure to meet. Dr. Evans is one of the oldest settlers, the town being named after him. They keep a first class assortment of drugs, medicines, paints, oils, glass, perfumery, fancy and toilet articles, groceries &c.

LEHMAN BROS, Furniture Manufacturers, salesrooms located on Main street. The manufactory is situated near the depot and is equipped with some of the best machinery requisite for this business, and is under the direct management of Mr. Lehman, a practical cabinetmaker of long experience. They employ a large number of hands and their business is gradually assuming vast proportions, and is one of the most reliable and important of the manufactories of Evansville. The stock in their salesroom is very complete, embracing parlor, chamber and bedroom sets, sofas, lounges, whatnots and everything to be found in any well regulated furniture establishment.

THE EVANSVILLE MERCANTILE ASSOCIATION, more popularly known as the "Grange Store," was chartered in Feb., 1874, under a capital of ten thousand dollars, and is fast becoming one of the most prosperous and popular business houses in Evansville. Its Motto is "buy and sell for cash," and they have already done much toward bringing about a cash system of business.

The capital is divided into shares of 25 dollars each, and no person can hold more than 20 shares. The stockholders are among the most substantial and enterprising farmers in the vicinity.

PULLEN & WILDER, established Feb. 22, 1874, next door to the Bank of Evansville, have one of the largest stores, occupying 140 feet of store room; do a general mercantile business, embracing dry goods, groceries, notions, crockery and glassware, also have a large stock of ready made clothing, boots and shoes, hats and caps, furs and carpets. This establishment is popularly known as "The Boys' Store," being composed of young

men who are thoroughly up in their business, courteous and obliging to all, and sure to succeed. They already do one of the largest trades in Evansville, and we can heartily recommend them to the citizens of Rock county as being well worthy of patronage.

J. M. OWEN, proprietor of Champion Mills, Magnolia, Wis. This mill manufactures a superior grade of flour and do general merchant and custom work. Mr. Owen has been established for many years, and has the confidence and respect of a large number of acquaintances—in fact no gentleman enjoys a wider and more favorable reputation for uprightness in business transactions and social qualifications.

THE SPENCER HOUSE, under the management of Mr. A. L. Beebe, has recently been renovated throughout and is ably conducted.

The following embraces the remaining first-class houses in the various branches of trade:

Winston & Bennett, dry goods, queensware, etc., also manufacturers of gents' clothing to order.

Morehouse & Son, hardware, stoves and tinware.

M. R. Case and R. Gillman represent the livery business.

F. N. Eldredge, photographer.

Winston R. & Co., Lumber dealers.

Winston & Woodbury, dry goods and general merchandise.

C. B. Morse, watches and jewelry.

R. Griffin, fruits and confectionery.

E. Robinson, ready made clothing.

In closing this department of our work, we desire to express our cordial thanks to the merchants and business men of Evansville who have so liberally patronized us.

## EDGERTON.

The village of Edgerton is located in the town of Fulton, and on the Chicago, Milwaukee & St. Paul Railway, is thirteen and a half miles from Janesville. It was laid out in the year 1853, by Mr. L. H. Page, and at present contains a population of about one thousand people. There is a very extensive trade carried on here in tobacco, and it is the great center for the surrounding tobacco growing districts, the soil is very rich and in every way adapted to the growing of this product, and many of the most wealthy farmers have given their entire time and attention almost exclusively to its cultivation.

There is one graded school, two hotels, about twenty-five stores, shops

etc., one fouring Mill, a brick manufactory, and two or three lumber yards.

THE EDGERTON INDEPENDENT, published by W. F. Tousley, is an independent newspaper devoted principally to the tobacco interests of this section of the State. It is a live, spicy sheet, always up to the times and merits liberal patronage from the public, although only having been established about a year, they have already received a very large subscription list and are well patronized by the merchants of Edgerton.

In connection with their office they have a well organized job printing department where they are prepared to do first class work of all kinds at Chicago and Milwaukee prices.

The following embraces the leading merchants of Edgerton, and as a class are thorough energetic gentlemen who have the interest of the place at heart, and we believe that in the not distant future, Edgerton is destined to become quite a large town.

J. I. LUSK, dealer in lumber, has lately assumed the proprietorship of the United States Hotel, and we desire to add our mite in commendation of the admirable manner in which it is conducted. It is now the recognized resort of all traveling men, and in fact all who desire to combine comfort (in its truest sense) with economy. The *cuisine* is all that could be desired, and the polite and attentive manner in which the wants of all guests are filled, charms the recipient and induces a desire to return to this admirably conducted hotel.

A. D. McLEAN & SON, dealers and packers of leaf tobacco, have also an extensive stock of general merchandise, including groceries, confectionery, hardware, tinware, stoves, cutlery, iron, nails, woodenware, cigars and tobacco, etc.

E. W. Babcock, dry goods, etc.

Nelson Taylor, proprietor livery and sale stable and cigar manufacturer.

Dr. Stillman, dealer in drugs, medicines, books and stationery.

John Walters, Nels Loe, P. B. Barnson, H. O. Lintvedt, are blacksmiths and wagonmakers.

Cordner & Attlesey, dealers in fresh and salt meats.

W. H. Clark, dealer in furniture and upholstery of all kinds.

E. N. Shaw, photographer.

### CLINTON JUNCTION.

This town is located at the junction of the Chicago & Northwestern R. R. with the Western Union, and is one of those live, go-ahead towns which are a credit to the people of the county.

Considerable trade is carried on here, the town being surrounded by a rich agricultural country. No better evidence of the business prosperity of the place can be had than to see the number of business houses all well stocked up in their various branches of trade.

The carriage works of F. P. WALLIS & Co., are located here, and do a very large manufacturing business. There are several flouring mills.

The buildings, public and private, are very fine, reflecting credit on their owners as well as the town. The society of the place is good, and schools and churches are supported with a zeal highly commendable.

TAYLOR HOUSE, Lote Taylor, proprietor, is a first-class hotel in every respect, and as "mine host" is known far and near for his genial qualities, the traveling community will here find comfort and pleasure after the fatigue of travel. Mr. Ilett, the efficient and gentlemanly clerk, is always on hand to attend to the wants of patrons.

DICKEKMAN & EDWARDS.—This house carries on the leading business in dry goods, groceries, boots and shoes and general merchandise.

COVERT & CHEEVER, dealers in drugs and medicines, books and stationery, are both old settlers, Dr. Covert having arrived in Clinton in 1855, and Mr. Cheever in 1851. They keep on hand a choice assortment of goods. The store is managed by Mr. R. W. Cheever. Give them a call.

### MILTON

Is located at forks of Chicago, Milwaukee & St. Paul railroad; is eight miles from Janesville.

The post office was first established in 1839. The village was laid out in 1838 by Joseph Goodrich, the first settler.

THE MILTON ACADEMY—established in 1844, located here, is renowned for its educational facilities. It is under the direction of Professor Whitford.

C. E. CARY, general merchandise dealer, keeps quite an extensive assortment of goods.

J. C. PLUMB & SON, proprietors Green Hill Nursery, have a general stock of all desirable fruit, shade and evergreen trees, vines, shrubs &c. Farmers are advised to consult their advertisement in the county directory.

### MILTON JUNCTION.

Located at the crossing of Chicago, Milwaukee & St. Paul and Chicago & Northwestern Railways, one mile from Milton.

This town is quite a business center and is increasing in importance very fast.

I. D. Titsworth & Co, carry on an extensive business, having in connection with their flour mill, a sash, door and blind factory.

The Morgan House, at the depot is a thorough first class hotel, one of the best in the state.

### FOOTVILLE.

Footville, located in the town of Plymouth, on the Madison branch of the Chicago & Northwestern railway, was first laid out in 1852, by Mr. E. A. Foot. There are at the present time three churches, one school house—quite a handsome building. The principal productions of the surrounding country are oats, corn, wheat and potatoes. The population is about three hundred.

The oldest settlers at present living are E. A. Foot, W. J. Owen, the present postmaster, G. M. Rice, Hopson Beach, O. F. Wollihan, C. F. Cook and M. Ayers.

Mr. Cook is an extensive grain buyer.

### AFTON.

A small village six miles from Janesville, on Chicago & Northwestern railway. One store and blacksmith shop.

There is a very fine flouring mill located here called Afton Mills, under the proprietorship of C. E. and M. C. Uehling, have three run of stones and are manufacturing about fifty barrels per day, was first established about sixteen years ago by Mr. Burlingame. It was burnt down about three years ago and was re-built by Mr. Eldredge.

C. E. and M. C. Uehling are thorough, practical gentlemen and we earnestly recommend the citizens of this section of the country to patronize them.

### HANOVER.

Situated at the junction of the Monroe branch of the Chicago, Milwaukee & St. Paul railway and the Madison branch of the Chicago & Northwestern, seven miles from Janesville. The village was laid out in 1854.

There are two stores located here in which can be found complete stocks of general merchandise. The proprietors are E. Tracy Brown and F. Walter. There is also a flour mill.

### CAINVILLE

was laid out in 1862, and first store and post office established by the present owner, Mr. S. S. Bagley; is quite a shipping point for grain, stock and

produce. There is a good school house with average attendance. This school carried off the prize bell given by the Rock County Agricultural Society at their fair this year. Lone Rock or "Devil's Chimney" near here, is a natural curiosity.

### EMERALD GROVE.

Is a thriving little place, eight miles east of Janesville, has a good hotel, kept by Mr. Schenk. A harness shop owned by Andrew Bradt. A general store kept by Squire & Munger; two blacksmith shops, a shoemaker shop &c. This grove is one of the most beautiful in the western country.

### JOHNSTOWN CENTER.

Was laid out by Noah Newhall in 1840, first church built in 1855. It was surveyed by John Davis and Jno. Fletcher, and they being all Johns they called it Johnstown. A very fine hotel was built in 1852, by Mr. H. B. Johnson who still carries it on. Mr. Warner, one of the old settlers of Janesville township and who kept for many years the old Half Way House between Janesville and Edgerton, now carries on a general store here in which is kept a very nice assortment of goods of all kinds.

### LIMA CENTER

Was first settled in or about the year 1856 by Mr. M. A. Childs, who kept the first store, and who is now station agent for the C. M. & St. P. Ry. There are two churches—Methodist and United Brethren. School house first erected in 1866. This is quite a grain and lumber shipping point; is fifteen miles from Janesville and six from White-water.

### SHOPIERE.

Situated in the town of Turtle, eleven miles from Janesville, was first settled in 1835, and was called Waterlob. In 1849 a stone flour mill was erected by Harvey, Randall & Dockstader. Mr. Harvey was afterwards Governor of the State.

There are two stores, a cheese factory and two blacksmith and wagon shops.

The remaining villages and post offices are Fulton and Fulton Center, in Fulton township.

Union near Evansville

Orfordville and Spring Valley Corners in Spring Valley.

Avon and Turtleville in townships of the same names.

Wauconia in the town of Porter, and

Koshkonong in Milton.

All trains on the Michigan Central Pittsburgh & Fort Wayne, Lake Shore & Mich. Southern, and Baltimore & Ohio Railroads make connection with this Popular Route for all points West, North and Northwest.

All Express trains on this route are equipped with Westinghouse Patent Air Brakes and Miller's Safety Platform and Couplers—the Most Perfect Protection against Accidents known.

This popular Route is unsurpassed for Speed, Comfort and Safety. The Smooth well Ballasted and Perfect track of Steel Rails, the celebrated Pullman Palace Sleeping Cars, the Perfect telegraph System of Moving Trains, the Regularity with which they run, the admirable arrangement for running Through Cars from Chicago to all points West, North and Northwest, secure to passengers all the Comforts in Modern Railway Traveling.

The Pullman Drawing Room and Sleeping Cars, such as run on this Popular Route, are so constructed as to combine the convenience and elegance of a private parlor by day, and a well furnished bed-chamber by night—clean bedding, thick hair Mattresses, thorough ventilation, etc., etc. Conductors and Porters accompany each car to provide for the wants of passengers.

This is the only line running these Cars between Chicago and St. Paul, or Chicago and Milwaukee.

At Omaha our Sleepers connect with the Overland Sleepers on the Union Pacific Railroad for all points west of the Missouri River.

Ask any ticket agent to show you its maps and time cards. All ticket agents can sell you through tickets by this route.
