Birge to Address Students at Ground Breaking Ceremony

WRECK PREXY'S HOUSE

The first step in the erection of the Memorial Union building will be celebrated Saturday, at 1 o'clock when the wrecking of Pres. Birge's former home will start.

Pres. Birge will address the students there and the ceremony will be accompanied by band exercises. Following the ceremony all the buildings on the area to be occupied by the Memorial Union building will be torn down. The work on the building itself will start sometime next summer.

Prof. E. H. Gardner, faculty chairman who has been canvassing the alumni, wishes again to impress upon the student body the fact that the Memorial Union is a student project, to be carried on for and by the students.

Some day next week a mass meeting will be held. All classes will be dismissed and the students will gather in front of the gymnasium.

Feature Issue of Country Mag Will Go On Sale Today

"I saw more varied and beautiful scenery in a fifty mile stretch of Wisconsin scenery than I did on a two thousand mile trip from which I just returned," said Prof. A. W. Hopkins, of the department of Agricultural Journalism yesterday in commenting on the "See Wisconsin First" edition of the Country Magazine which will be on sale on the campus today.

"It is gratifying to see the Country magazine has paid this tribute to the beauties of the state. It is a splendid collection of romance and beauty that is contained in the 'See Wisconsin First' issue."

The magazine is characterized as the biggest and best which has ever been published by W. H. Ebling '23, editor.

The magazine will be on sale in various buildings on the campus today by members of the Euthenics club. The proceeds will go to the Dorothy Roberts scholarship fund.

HISTORICAL WORK OF FISH IS REPRINT NO. 1

"Foundations of American Neutrality" by Prof. Carl Russell Fish, of the history department, has recently been published as University of Wisconsin Reprint No. 1. This reprint is a series of documents and communications dealing with American neutrality from the French "Treaty of Alliance, Eventual and Defensive" May 4, 1778, to the Neutrality Law June 5, 1794. The book has been compiled for the department of history.

DELTA SIGMA RHO ELECTS

Delta Sigma Rho, honorary forensic fraternity, announces the election of: Carrol R. Heft '23, Fred J. Moreau '22, Robert B. Stewart '23, Erling Ylvisaker '23, Harold A. Seering '24, and Fletcher Cohen '20.

Elect to Student Court on May 26

Elections for Student Court, the judicial arm of the student body, will be made on May 26. Nine members will be elected.

Nominations, which will be announced early this week, will be made by the deans of the various colleges. They will include five juniors, and five sophomores from the College of Letters and Science, five juniors and five sophomores from the College of Engineering, five juniors and five sophomores from the course in Commerce, five juniors from the College of Agriculture, five juniors in the Law school, and five juniors in the Medical school. One election is to be made from each group.

A man elected to Student Court is not eligible for any other elective office in the school during his term of office.

FRENCH OFFER FOREIGN STUDY

28 Full Scholarships Are Offered to American Men and Women

Twenty-eight full scholarships are offered each year to American women by the French Ministry of Public Education, and 22 graduates fellowships for both men and women are offered the Universities of Bordeaux, Lyons, Nancy, and Toulouse, with others pending at Paris and Strasbourg.

Lillian Wengler '23, who starred in the recent French play and Heyltye Stewart '23, have already been awarded scholarships for next year and will soon be going abroad. Florence Theodora Deaken '21 and Hazel Brashear '21 are now studying at St. Germain-en-Laye near Paris. Samuel Rogers, A. K. Small, and Dr. B. K. Roeber, all of whom were here last year are holders of the Field Service Scholarships.

Application for scholarships for the coming year can still be made since the first semester begins in France in the first week in November. All American born students are eligible. Further information may be had at the office of the department of Romance Language, 309 Bascom hall.

Annual Crucible Benefit Dance to Be Given May 20

The annual Crucible dance will be given on Saturday, May 20 in Sterling court and Irving place, according to the committee in charge. Proceeds of the dance will go towards the Crucible annual scholarship fund of \$150.

The following committees have been appointed to carry out the plans for the court dance: Vera Eastman '23, music; Elizabeth Kirk '23, refreshments; and Olga Anderson '23, lighting. Thompson's orchestra will play for the dancing.

Tickets are on sale now by all members of the organization and on open sale in the S. G. A. office in Lathrop hall. The tickets will be sold to girls only at \$1.35.

SUMMER SCHOOL SENIORS TO WEAR CAP AND GOWN

Seniors who are not graduating until the end of the summer session will wear the official garb only at the baccalaureat address and at the graduation ceremonies, but they will not sit with the graduating seniors on the platform, according to Prof. Julius Olson who will have charge of the graduation ceremonies.

"Passing Out" Issue Of Octopus Shows Marked Advance

By OSCAR WILDEST

If you are susceptible to the charms of warm weather, bobbed hair, midnight serenades, Picnic Point, Willow Drive, more bobbed hair, Spring formals, Irving Berlin, moonlight, nine o'clock dates, crepe de chine, and large brown eyes, you will, I take it, find the land of your desires between the covers of the May Octopus.

The Octopus is an accurate representation of life at the University of Wisconsin. It is the standard by which the taxpayers throughout the state modify their opinions of extra curricular activities. The subject matter of the current issue is a striking example of what college does for the college man. Turn to page twenty-two which bears the heading, "Broadside on College Bunk." This is an illustrated satire upon university celebrities, and, incidentally an excellent proof that the editors fully understand the "make-up" requirements of a comic magazine.

It is virtually impossible to read the Octopus without praising the work of Kruse. He is one of the most promising young artists in our vicinity. He combines a knowledge of human anatomy with a feeling for line, grace, and beauty. Fortunately, he is not without a sense of humor.

It is also impossible not to notice the unusual facility with which the verse is handled. There is a bit of sentiment on the frontispiece that shows amazing skill. The ease with which "hand" is made to rhyme with "man" is nothing short of remarkable. It is here that words and movement serve as adequate expression for the idea.

This number of the Octopus, as a whole, comes into risky competition with the Lampoon, the Record, and the Widow. It is no longer an adolescent youth with an awkward, shambling gait, but a mature young man who deftly waxes the ends of a twenty-four hour mustache.

I heartily recommend the "Passing Out" Octopus for your enjoyment. Look at the calendar; within two weeks we will be in sore need of undergraduate humor.

BADGER EDITOR ILL; OVERWORK IS CAUSE

Horace B. Powell '22 editor-in-chief of the 1923 Badger, was taken sick late Friday and removed to the university infirmary. Overwork is believed to have caused his breakdown. The Badger, which Powell edited, will be distributed within 10 days. He will be confined for several weeks.

Masons From Ten Colleges Meet Here

Masons from ten colleges and universities representing Masonic college organizations from the middle west and south will meet in Madison at the invitation of the university Square Club on May 19 and 20, to discuss the proposed nationalization of all university and college Masonic clubs.

Delegates from Columbia, Michigan, North Dakota, South Dakota, Illinois, Northwestern, Ames, Iowa, Lawrence college, and Indiana will attend. The convention will meet Friday afternoon for the first session and finish any further business Saturday morning. A banquet will be given in the University Y. M. C. A. Friday evening for the visiting delegates.

Rufus Phillips '23, and E. J. Kaderabek '23 will represent the local organization.

IOWA DEFEATS BADGER BALL TEAM 8 TO 6

J. Williams Stars With Bat; Elliott Pulls Costly Errors

HAWKEYES PLAY WELL

IOWA CITY, May 15.—Wisconsin dropped out of the Big Ten championship race today when Frohwein, pitching for Iowa, kept the Badger hits scattered enough to permit his team to nose out an 8 to 6 victory.

The Hawkeye hurler kept the hits separated until the eighth inning when singles by Ceasar and Elliott were followed by J. Williams' three bagger and two runs pranced over the plate.

Iowa Scores 5 in Second
A base on balls, a hit batter, two clean safeties, and Elliott's two errors gave Iowa five runs in the second inning.

Ceasar, Elliott, and J. Williams were the Wisconsin swatsmiths, with two hits apiece. Frohwein, Draper, Hicks, and Hurlbut also drilled out a pair of safe knocks apiece.

Badgers use Two Hurlers
Pickford and Hoffman were on the mound for Wisconsin. The man with the movie moniker allowed four hits and Hoffman gave five to the slugging Iowans, who put the skids to Wisconsin's baseball title aspirations just as they practically beat Wisconsin out of a basketball victory.

Wisconsin started the scoring with a counter in the first inning, but five tallies were eased across the rubber in the second by Iowa. The Badgers scored another in the first half of the second. Iowa went scoreless for a session, then in the fourth and fifth scored two more.

YELLOW TASSEL HOLDS ANNUAL BANQUET TODAY

Plan to Elect Blue Dragon Officers For Next Year

"Of what does the Junior class remind you?" will be the topic of discussion tonight at the Yellow Tassel banquet at the Woman's building. Isabel Capps '23, Winifred '23, Irene Clayton '23, and Betty Thorkelson '23, will tell their ideas about the class in responding to Merle Shaw '23, president, who will act as toastmistress. Dean Nardin will speak informally to the juniors.

Nominations will be made for next year's Blue Dragon officers and every junior woman is urged to be present in order that the class may be well represented.

Final reservations may be made by calling Mirian Ar. '23, by noon today.

Lawyers Granted Degrees By Regents

Three students had the degree of bachelor of laws conferred upon them last week by the Board of Regents.

They completed their course in the Law school last June and have just finished the office apprenticeship required by law. The three students are Theodore A. Waller, Spring Valley; Victor G. Gilbertson, Eau Claire; and Gwynette E. Smalley, Cuba City.

Child Welfare Special to Visit Ten Counties

Ten counties are on the 1922 itinerary of the Child Welfare Special, Wisconsin's motorized child health center. Rock county was visited in April and the car is now on a tour in Grant county, where it will render service until May 27. The remainder of the schedule, announced by the bureau of child welfare, is as follows: Sheboygan county, June 12-21; Manitowoc county, June 22 and 23; Oconto county, June 26 to July 14; Oneida county, July 17-21; Bayfield county, July 24 to August 11; Portage county, August 21 to September 8; Monroe county, September 13-29; Juneau county, October 2 to 6. During the three weeks spent by the special in Rock county 11 places were visited and 369 infants and pre-school children examined, seven health talks given, and motion pictures shown 11 times. Of the 369 children examined, 79 were found normal, 89 were 10 per cent or more under weight. Defects found were as follows: Teeth, 75; tonsils, 106, nasal breathing, 29; speech, 9; glands, 72; skin, 39; bones, 17; lungs, 45; heart, 22.

Cities Pay 68 Per Cent of School Expenses

The cities and school districts of Wisconsin pay 68 per cent of all money raised in the state for public school purposes, E. A. Fitzpatrick says in the weekly letter of the state board of education. Counties, he says, pay 14.2 per cent and the state 18 per cent of the costs of education. The tendency in the United States is to shift more and more the burden of taxation to the localities, the board said, while asserting that wise educational policy would be to have the state bear up to one-third of the burden of school support.

German Camera Exhibition

On Thursday Mr. Fach, representing the Contessta-Nettle Camera Co. of Stuttgart, Germany, will exhibit a complete assortment of this company's excellent line of cameras.

All of our friends who are interested in high grade photographic equipment are invited to be our guests on Thursday between the hours of 10 to 12 and 2 to 5.

Even though you are not interested in a purchase, you will be amply repaid for the visit. Mr. Fach's advance man tells us that he has some real surprises to show.

AN OPPORTUNITY FOR WISCONSIN WOMEN

IT is surprising, indeed, and disappointing, that with such opportunities that are now offered for travel and study abroad, with very little expense involved, that so few students in the University of Wisconsin seem interested in going after them.

It is especially true since our close association with France during the war that this fascinating country has generously offered through its various colleges and universities a wealth of scholarships and fellowships that would have seemed incredible ten years ago.

The prestige and unusual educational opportunities that go with these scholarships are the most valuable part, since the financial phase covers merely the cost of tuition and living expenses, plus a considerable reduction in steamship fares, though in a few the monetary consideration alone is attractive.

There are 28 scholarships awarded American women each year by the French Ministry of Public Instruction. All American born students are eligible for the scholarships and fellowships, and there is still time to make application for the coming year, since the first semester does not begin in France until the first week of November. All who are interested in the valuable opportunities offered by these French scholarships can get full information from the Department of Romance Languages.

THE HORSE SHOW

SATURDAY afternoon the military department puts on a horse show, the first of its kind at Wisconsin. From the number of entries and from the enthusiasm with which it has been welcomed by lovers of horses it should be quite an affair.

The horses provided for the use of the advanced artillery unit made a nucleus around which a good sized show is being built. In addition to the sixteen artillery mounts, there is a very large number of non-military entrants,

among which is a horse that won a first prize at the International Horse Show at Chicago this year. Rooming houses and sororities are entering riders, and various university classes from the Black Hawk Riding Academy will take part, while a number of Madison people are going into the events of the owners' class. Altogether there will be about 100 entries contesting for the various prizes.

Besides the contest phase, which primarily concerns the riders, the show will be an entertainment that should draw crowds of spectators. Horsemanship is always an admired sport. People never tire of watching equestrian exhibitions, even when they consist of just plain riding. But Saturday there will be much more than that. Riders will put their mounts through their paces, which is always an interesting and graceful performance. Then there will be considerable jumping, which never fails to afford thrills to the on-lookers. Besides, rescue races, mounted wrestling, mounted broadsword matches and other features of military horsemanship are on the program of the university's first horse show. But sure and attend, for if you do not you will miss a good entertainment.

CLASS SPORTSMANSHIP

"CAP NIGHT" celebration is to be held Saturday night; it is hoped that the affair will be carried on as a dignified tradition and will not be used as an opportunity for a general fist fight.

Last year's "Cap Night" turned out to be an exhibition of which neither the sophomores or the freshmen could be proud. It ended in a display of rowdyism and free-for-all fighting better suited to boys' street gangs than to university students. While the men of both classes, armed with clubs and firebrands, were engaged in a reprehensible brawl which brought nothing but condemnation upon themselves and discredit upon a tradition, the women of the sophomore class were, in an orderly and sportsmanlike manner, winning honor for their class by becoming champions in the Field Day exercises.

The burst of gang spirit in the men, culminating as it did in a common gang fight, won them nothing more than severe criticism. Class enthusiasm, if misdirected, is little better than class apathy. The women, on the other hand, filled with the same class loyalty, governed their enthusiasm with a spirit of admirable sportsmanship that did them proud. The sophomore class last year owed its women classmates grateful thanks, but the men owed their class an apology.

The burning of the green caps will take place Saturday. From the happy lack of indiscriminate hazing this year a sane celebration might be safely prophesied—but since prophecy is dangerous, let us say, hoped for. The men may well take a lesson from the women who believe, and act as they believe, in upholding their class prestige honorably. In short, the women can give the men some valuable pointers in sportsmanship.

THE COUNTRY MAGAZINE

THE "See Wisconsin First" number of the Country magazine is worth the attention of every student, for in both articles and illustrations it is an excellent exposition of the beauties of Wisconsin.

The Country magazine, in its usual capacity, is the organ of the College of Agriculture, and concentrates its attention on purely agricultural subjects. But in the last issue of the year, it has the custom of branching out into the general field and devoting itself to an exposition of the development of Wisconsin's out-of-doors

Four U. W. Students Have Narrow Escape

Four university students escaped injury Sunday morning when the Cadillac in which they were riding skidded, swung completely around and struck the curb and a telephone pole on University ave. near Chamberlain st. The accident occurred after the brakes had been jammed on to avoid a collision with another car. The Cadillac was going west, when a Ford, in front, signalled to turn into Chamberlain ave. E. O. Oakeson, the driver of the Ford, noticed the approaching Cadillac, changed his mind and continued west. The driver of the Cadillac jammed on the breaks to avoid a collision and the car turning completely around, struck the back end of the Ford.

Will Leave June 10

The party will leave Madison on June 10 and will return to Chicago on July 4 completing a 25-day excursion. The total expense is estimated at \$300.

"The trip will give the party a chance to acquire an appreciative idea of the scenery and natural features, so they may really know how physiographic features were developed," said Professor Lobeck.

Trip Covers 3,200 Miles

"All kinds of travel will be tried. About 3,200 miles of the trip will be made on railroads. Automobile travel will claim 500 miles of the journey. A boat will carry the party about 100 miles, and another 100 miles will be done on foot."

A week will be devoted to the Colorado Rockies. It will include two days in the Rocky Mountain National park, a trip to Pike's Peak by auto, and visits to the Garden of the Gods, the Royal Gorge, and the crest of the Front range. Trips to Yellowstone and Glacier parks are included.

Scholastic credit will be given to those persons who satisfactorily complete a written report.

Union Drive Nets \$3,000 in Chicago

More than \$3,000 has already been subscribed by the Chicago Alumni association to the Memorial Union fund, according to a letter from Prof. E. H. Gardner, who is now in Chicago organizing the drive there.

This is the second drive that has been put on in Chicago, and Dean Scott Goodnight and Professor Gardner are approaching the alumni at luncheon, banquets and special functions. There are three groups; the older men, the younger men, and the women. Jessie Shepherd '95 has complete charge of all the women's end of the drive.

The women of the Chicago alumni association have been compiling "A Wisconsin Cook Book" the proceeds of which will go to swell the Memorial Union funds. The book will be on sale by September first.

May Engineer to Have Widespread State Circulation

How the Harley-Davidson motorcycles and the first Ellwood and Hart-Parr tractors were designed while their originators studied engineering at Wisconsin will be told to high school students of 500 Wisconsin schools in the May issue of the Wisconsin Engineer which appears on the campus this morning.

Early experiments on his self-propelled bicycle prompted Mr. Harley in 1902 to enter Wisconsin's engineering course so that he might understand more clearly the theory of the gas engine. Now, fifteen years after his graduation, the Harley-Davidson plant is the largest of its kind in the world.

In a small unused elevator house on the engineering building roof, C. D. Elwood, now president of the Ellwood Tractor Company, a promising Madison industry, resigned and redesigned the units of the present tractor. H. A. Burd, general manager of the Ellwood company, tells of its tractor's history, mentioning the precedent furnished by C. W. Hart and C. H. Parr, students whose thesis consisted of designing and building in the university shops the first engine ever adapted for use on a tractor.

DEAN NARDIN O. K.'s 130 GIRLS' ROOMING HOUSES

More than 130 houses for women have been approved by Dean F. Louise Nardin for the fall of the coming school year.

This number does not include the rooming houses to be opened in the fall, or those which have not yet been inspected. The total number of houses for women is usually between 190 and 200.

The prices vary from \$3 to \$5 for half of a double room, and from \$4 to \$6 for a single room.

It has been estimated that more than 350 women live in sorority houses, and between 1400 and 1500 in rooming houses. Sixteen sorority houses, Barnard and Chadbourne halls and a large number of boarding houses will be open for summer school students.

The demand for rooms in the fall is not expected to exceed the supply.

They're In!

Splash! Swish-Swish-Swish!

Did you hear the splashing and merry-making at the Women's Pier last night? The co-eds are off to a swimming start on the season's fun at the lake shore. No lingering on the beach for them. They plunge right in for a vigorous swim and then stretch out on the beach in the sun.

That's Why

the co-eds ask for Sacony Jersey Bathing Suits, made of a knitted fabric constructed ex-

pressly for bathing suits. They are "seaworthy" suits made to fit and wear—wet or dry.

You Need to Be Fitted to a Bathing Suit

In order to get a suit that will fit and wear all summer you must get one which fits your

figure without binding or stretching. If we fit you to a Sacony Suit, we guarantee satisfaction.

Are You Blonde?

For you, we have a lovely two-piece suit in a black dropstitch tunic and peacock blue slip trimmed with bindings of gold silk braid and pearl buttons, with a novelty braided cord at the waist.

Are You Brunette?

For you, we suggest Royal purple and Kelley green, with a sailor collar and sash front. Instead of tights, this suit boasts knickers.

Are You Medium?

Then you can wear them all, but especially a copen blue trimmed with pipings of black and white. A black and white belt accentuates the waist line.

Tennis Team Ready For Chicago Match

With one Conference victory to its credit, the Badger tennis team is fast whipping itself into condition for the hardest match of the season next Saturday against the University of Chicago.

The Maroons have one of the most formidable teams in the Conference this year, and with two Conference victories already accredited to them they are well on their way to another Big Ten championship.

The Chicago team defeated the University of Minnesota last Friday by a score of 6 to 0, while the Gophers held Coach Liden's men to a 3 to 3 tie here last Saturday. Frankenstein of Chicago looms up as one of the greatest tennis stars of the Conference, and will offer stiff opposition to Godfredson, Wisconsin ace.

Inter-class Tennis Tourney Under Way

With the championship of the intercollegiate tennis tournament won by Bennett, the first round of the inter-class matches is now well under way. Thirty-two men are entered in the freshman tournament.

Bennett is sure to be the junior champion. The sophomore championship will be hotly contested by Henika, Stehr, and Stebbins. All three are racquet men of no mean ability.

Only two men are entered in the senior matches and these two will form the senior doubles team.

Badger Crew Schedule Includes Two Intersectional Races

The University of Washington Varsity crew will furnish the second intersectional race of the present rowing season when it meets at Madison on June 12.

Negotiations between Coach Thomas E. Jones and the Washington athletic director were closed Saturday, and the western eight will stop at Madison from June 6 to 13 to train for the race with the Badgers and for the Poughkeepsie regatta which it will enter.

The University of Manitoba, Canada, crew which is scheduled to meet Wisconsin here on May 27 in connection with Venetian night activities offers the first international crew race which has been engaged in by Wisconsin for many years.

The Canucks and the University of Washington outfits are two of the strongest on this side of the

Atlantic ocean. Washington defeated the powerful University of California eight recently. Manitoba has emerged victorious in all of its recent water races.

The Wisconsin junior Varsity crew has closed with Culver Military academy for a race to be held at Culver, Ind., next Saturday. The Badgers will leave for Culver on Thursday. It is the first time that any outfit except a first Varsity crew has competed in foreign water.

Coach "Dad" Vail is putting several shells on Lake Mendota every afternoon in preparation for the hardest schedule framed since 1914 when Wisconsin went to Poughkeepsie. The Badger senior squad is working in fine shape. Starting four lengths behind the juniors in a recent test, it finished four lengths ahead after a mile and one-quarter had been covered.

BADGERS STAND GOOD CHANCE IN MEET SATURDAY

Track Team Will Invade
Gopher Camp This
Week-end

The decisive victory which Coach Jones' crack track squad gained over the invading Maroon team at Camp Randall Saturday indicates that the Badger speedsters stand a good chance of whipping Minnesota at Minneapolis next Saturday and, also of putting in a strong bid for high honors at the conference meet at Iowa City on June 2 and 3.

The meet next Saturday, however, will be a severe test on the real strength of the Badger squad as the Minnesota outfit has been rapidly improving and now looks like one of the most powerful conference contenders in track. In the indoor conference meet at Evanston this spring, Minnesota made only six points to Wisconsin's 18; but the Gophers displayed remarkable speed in the Drake relays and swamped Northwestern with a score of 106 to 29.

Captain Merle Sweitzer of Minnesota veteran is a long distance runner who will make it interesting for the Badger milers. Sweitzer placed fourth in the mile at the indoor conference contest. Ramsey, Badger star who captured the mile against Chicago in the fast time of 4 minutes 28 seconds, will be the best bet for Wisconsin in this event.

In the hurdles, Karl Anderson of Minnesota will be a dangerous competitor to Wisconsin's premier stick jumpers, Captain Knollin and Stolley. Anderson pushed Knollin to the limit in the Evanston meet but was disqualified for knocking over all his hurdles.

Carl Schjoll, Ben Neubeiser, and Louis Gross of Minnesota are performing well in the weight events; while Edward Hoverstad, Harold Hirt, "Spike" Winter, and Rudy Hultkrans are Coach Leonard Frank's star sprinters. Sam Campbell in the high jump and William Hawker in the pole vault are the Gophers opposing Platten and Merrick, champion Badger entries in these events.

U. W. Reduces Price of Serum for Hog Cholera

The veterinary department of the college of agriculture today announced a reduction in the price charged for hog cholera serum and virus of 10 per cent to go into effect as of May 1. This makes the new price 90 cents per 100 cubic centimeters, or \$4.50 for a pint and is lower than serum and virus have ever before been sold by the agricultural college. All serum distributed is double tested for potency before it is released.

Bergstresser Sets Record in Annual Long Distance Race

Bergstresser, freshmen distance runner, broke the tape in the annual cross country races held over the university short course with the Chicago-Wisconsin track meet last Saturday, clipping 1 minute and 15 seconds from last year's time.

Perry, freshman, placed second, and Gunderson non-Varsity winner, third. The freshman and non-Varsity races were run together this year, instead of holding the two separate as has been customary. Bergstresser and Gunderson received traveling cups which are awarded each spring to the winning freshmen and non-Varsity runners.

Bergstresser finished the two miles course in 11 minutes and 5 seconds, and Gunderson in 11 minutes and 35 seconds, both records smashing that of Rossmessel who finished the course last year in 12 minutes and 20 seconds.

Winners Get Cups
The custom of giving traveling cups was begun in 1920 when Finkle, who this year won the conference cross country run, was given the freshman cup for being the first freshman to cross the line. The same cups are given each year to the winners of the freshman cross country and the non-Varsity cross country races, with the names of previous winners engraved on them.

Somner jumped into the lead at the start and held it until about the middle of the course, when Perry, Gunderson, and Bergstresser gradually pushed themselves ahead. Perry, who ran an exceptionally good race, was the first man back to the Varsity field, but was immediately passed by Bergstresser who found no difficulty in sprinting away from his rivals and finishing about a 100 yards ahead of the nearest runner.

Lutherans Defeat Mills Street Nine

The Lutheran Brotherhood baseball team defeated the Mills street nine, 7 to 4, in an independent league baseball game played yesterday afternoon. Gun and Blade went down to an 8 to 3 defeat before the heavy-hitting St. Frances club.

Summaries of games follow:
Square club, 10; Y. M. C. A., 0. Batteries: Cardinal and Wilson; Woods and Frederick.
St. Frances, 8; Gun and Blade, 3. Batteries: Iewn and Towle; Contamp and Ramaker.

BADGER GOLF TEAM BEATEN BY MAROONS

Experienced Chicago Squad Beats Badgers By 19 to 9 Score

The Wisconsin golf team went down to a 12 to 9 defeat at the hands of the experienced Chicago university squad Saturday afternoon at the Maple Bluff course. The Nassau system, counting three points for each eighteen holes, was used.

Hartman Scores 6 Points

Leading the Maroons, generally conceded to be the best golf team in the conference, Capt. George Hartman gave a wonderful exhibition of the game, coming in with a card of 76 and 77. The Mid-way captain scored 6 of his team's twelve points.

Three points were scored for Chicago by Ford who had a card of 83 and 81. "Chuck" McGuire, football star, scored two markers for the victorious squad, and Keating completed the team, making one point.

Capt. Morton Frost led the Badger team, making two points with score of 83 and 84. Laurence Bauer was high point Wisconsin man making five of the team's nine markers. His card showed 84-78 for the eighteen holes. Bock made two points for his team with 81-78, Capen, with 82-82, scored no points.

Second Conference Meet

The meet was the second which the Wisconsin team has played, and the first with a conference school. The team beat Beloit college in the first meet last Saturday. The squad has been narrowed down to six men. Besides the four who played in the meet with the Maroons Saturday, Pope and Stegeman are still in the running for future contests.

A second match will be played with Beloit at the Maple Bluffs course Saturday. The Wisconsin line up has not as yet been determined. Morton Frost, under whose leadership the sport has been developed this season, hopes to schedule meets with Northwestern and Minnesota, and the team will enter the conference meet at Indian Hill some time in June.

Acacias and Chi Phi's Are Victors In Sunday's Games

The Chi Phi's and the Acacias were winners in the interfraternity baseball games which were played Sunday. Alif Mim won by a forfeiture from Gamma Tau Beta. The Acacias and Lambda Chi's had to play two extra innings to decide a tie. The Chi Phi's were the first team to beat the Phi Gamma Delta's.

Three games which were scheduled for Sunday were postponed. These were games between the P. A. D's and the Alpha Chi Rho's, the Psi U's and the Kappa Sigs, and the Theta Xi's and Delta Chis.

Summaries of the games that were played are as follows:

Chi Phi 4, Phi Gamma Delta 3.
Batteries: Chi Phi, Hawkes and Heuston; Phi Gamma, Julien and Lacey.

Acacia 9, Lambda Chi Alpha 8.
Batteries: Acacia, Whitford and Sank, pitchers, and Pederson, catcher; Lambda Chi, Clauson and Amborn.

GREEN BUTTON ELECTS MAY 24

Officers Are Nominated at Banquet Held Last Night

Green Button, freshman woman's organizations, held its annual banquet in Lathrop parlors last night. The address of welcome was made by Mary Devine, president of the organization. Marion Streng responded. She spoke on "What Friendship Means in the University."

Elections for next years officers will be held in Lathrop parlors on Wednesday, May 24. Nominations are: president, Marion Streng, Elizabeth Tompkins, Elizabeth Stolet; vice-president, Elizabeth Brown, Alice Cockrell, Hazel Weingandt; treasurer, Elizabeth Flynn, Elizabeth Mahorney, Ernestine Blatz; secretary, Dorothy John, Helen Blake, Jane Baldwin.

"The four most important qualities of a good university student outside of scholarship are intelligence, forcefulness, reliability, and personality," said Miss H. L. Brown, of freshman women in addressing Green Button.

"Intelligence means the ability to grasp a situation. Real personal force, ability to get things is the kind of forcefulness. Reliability is easily seen on committees. It is the sense of responsibility one has to meet her obligations and meet them promptly. Bearing, neatness, courtesy are important in judging personality."

A rising vote of thanks was given Miss Brown for her assistance throughout the year.

It was decided that the freshman women would, as a body take part in Senior Swing-out.

About 25,000 invitations to the third annual reunion of the 32nd, to be held here Aug. 26-29, are being sent out by the Association of Commerce. A red arrow in the center of the card designates that it is the "Les Terribles" as the French used to call them.
