The third annual Press club Pi-Nite was held in Lathrop hall last night, as the closing event of Journalism week at the university.

A farce put on by William Tannewitz '23, Margaret Daly '23, Carol Goodyear '23, and Keith Davis '24.

Rudolph Teschein '25, performed up an abundance of seconds and a Houdini act, getting out of the chains fastened on him by two men in a few seconds. Rowena Brown '23 and Fred Siebert '23 entertained with a special feature dance during intermission.

### Prescott to Talk On Roman Comedy

Prof. Henry Prescott of the department of Latin, University of Chicago, will deliver a lecture on "The Haunted House," a typical Roman comedy, Tuesday afternoon, May 9, at 4:30 in 165 Bascom hall. His lecture deals with the *Mostellaria* of Plautus.

Professor Prescott, who has given courses of public lectures at the Universities of California and Columbia, is known in the United States and in Europe as a scholar. His studies in the field of Greco-Roman comedy and epic have shed new light upon the literary history and literature of the Hellenistic epoch and of Rome.

### MORE THAN 500 ARE TO COMPETE IN SPRING MEET

More than 500 track men from 75 Wisconsin high schools will enter the interscholastic track and tennis meets on May 26 and 27, said Mead Burke, university track coach, yesterday. Three entries, from Richland Center, have already been made for the tennis meet.

Because Venetian night is being held in conjunction with Interscholastic day, the committees in charge of the affair are planning on a larger attendance than any previous year. Forty high schools were represented by 366 entries at last year's meet. Not only track men with their coaches will be here for the meet, but other students and teachers as well.

The various school groups will be met at train by students with cars city, according to Lee McCandless '23, chairman of the entertainment committee. Launch rides on Lake Mendota, while the varsity crew races are going on, will be a part of the morning's entertainment. The men will be entertained at the various fraternity houses during the week-end.

### Cadet Corps Plans Spring Horse Show

#### Fancy Riding and Wrestling Will Be Features

Fancy three-gaited and five-gaited riding by local horse fanciers, exhibition maneuvers by the advanced course cavalry, mounted wrestling between the local state guards and the R. O. T. C., are among the features of the horse show which is to be held on the lower campus Saturday afternoon, May 20, under the direction of the cadet corps.

The Black Hawk Riding academy will enter some professional stunts in the performance. It is expected that many women riders will enter the competition for the inter-sorority cup.

Various other cups, trophies, and individual prizes will be awarded the winners in the other events. The judges are: Major Wood, Major Ward, Lieut. Erickson, and Professor Hadley of the Agricultural College. The competitions will start promptly at 2:30. No admission will be charged. In case of rain the show will be held in the stock pavilion.

### Musical Frat Will Give Concert Today

The first annual concert of all American music will be given by the members of Phi Mu Alpha-Sinfonia fraternity this afternoon at 3 o'clock in Wesley hall of the University Methodist church. The purpose of this performance is to stimulate interest in the worthy compositions by American composers. The concert is open to the public.

"The concert will show the best musical talent on the campus in violin, voice, and piano," said Professor Iltis of the Music school. "The members of Sinfonia plan to make this annual concert one which will be more popular among the students than any given during the year. Their aim is to acquaint the people with the music which has been made famous by American composers."

### Sophomore Society Forbids Padding During Initiation

The use of paddles and manhandling was definitely abolished from the initiation procedure of the Skull and Crescent sophomore fraternity by an incorporation to that effect made yesterday in the national constitution of the society.

This act which was made at the first annual convention of Skull and Crescent which is meeting in Madison this week not only does away with all public initiation at Wisconsin but also sets a ban upon the practice in all of the six universities where the organization now exists.

Eleven delegates from Illinois, Indiana, and Chicago attended the convention. The annual Skull and Crescent spring formal took place last night and this morning the visiting delegates are to be driven about Madison. Most of the visitors will leave this afternoon for their respective schools.

In addition to the revising of the constitution the convention decided that a faculty advisor be appointed for each chapter. Wisconsin was made the national headquarters of the society until next spring when the second annual convention will be held at Illinois.

### Former Wisconsin Students See Film Of Campus Life

Two reels of the campus movie, "Wisconsin Memories," were shown Friday night before Wisconsinites at a banquet held at the Palmer House, Chicago, as a preliminary to the Memorial Union drive.

After the final touches have been made, the picture will be sent throughout the United States. The date of the Madison showing has not been definitely set, but the films will probably appear here soon after the completed story is released, according to M. E. Diemer, university photographer.

At the present time work is going on night and day in an effort to finish the book, "The Memorial Union," for the opening of the Chicago drive on May 11.

"This thirty-two page book," said Prof. Gardner, "is the most important single step that we have undertaken so far. It will broadcast the story of Wisconsin's need throughout the country. It will be the best book that Wisconsin has ever put out, surpassing all other campaign literature of other universities; and in design and dress it is to be adequate for that function."

The art work is due to the cooperation of the Campbell-Ross Co. of Chicago, the cover design and the title page being the work of Chicago's best hand-letter artist, Frank Riley. About 20,000 copies will be printed for the first distribution, and all subscribers to the Memorial Union will receive a copy.

President Birge, Prof. Gardner, Dean Goodnight, and L. S. Baker will leave for Chicago Wednesday to attend the play, "On Wisconsin," which will be given as a formal opening for the drive for Memorial Union funds among the 1,500 alumni located at and near Chicago. No definite quota has been set, but an endeavor will be made to reach all prospective contributors.

### Organize to Study Painting of Wood

A temporary organization composed of the engineers of the Forest Products laboratory and of a number of representatives of the various wood using industries has been formed to launch the scientific study of the subject of painting wood.

### SUCKERS LOSE TO WISCONSIN BY 4-1 SCORE

Elliott Hits Two Homers in Game Witnessed by 3,500 Persons

### BADGERS IN 2ND PLACE

By CHAS. J. LEWIN. "Rowdy" Elliott emulated George "Babe" Ruth, King of Swat, yesterday, and his two home-runs coupled with sundry other hits enabled Wisconsin to defeat Illinois, 4 to 1, before 3500 persons who flocked to Camp Randall.

The defeat practically eliminated the Suckers from further consideration for the Big Ten title and put Coach Lowman's charges in second place.

#### Badgers Take Lead

Elliott had a perfect day at the plate. In four trips, he hit safely three times and took his base when Jackson hit him with a pitched ball in the sixth. The first circuit clout gave the Badgers a one-run margin in the fourth frame. It was a terrific grounder which landed in the infield and clipped the grass until Peden retrieved it behind the grandstand.

#### Beats Return Throw

The other four-ply blow came in the eighth. With two strikes on him, Elliott picked out a groove ball knocked it to the cinder track. The return throw came to catcher Daugherty after he had rounded third, but Elliott hooked the home-plate before Daugherty tagged him. A double in the second session, Wisconsin's first hit was the Badger Bambino's other contribution.

George Ruediger was close behind in the matter of safeties. He singled in the fifth and drove in a run with his seventh inning triple. Ceaser and Barry completed the total with singles.

#### Paddock Pitches

While his mates were slapping the offerings of pitcher Jackson, Illinois ace, Capt. Forrest Paddock allowed four hits, only two of which came in the same inning. "Paddy" pitched superb ball, whiffed seven, and fielded his position perfectly. In the first, two hits chalked up were of no avail because Paddock and J. Williams engineered a fast double play.

#### Pull Squeeze Play

Wisconsin eased the first run over the rubber in the fourth on Elliott's homer. Illinois tied it up in the sixth, but one of the smoothest squeeze plays pulled by a Badger outfit sent Ceaser over the rubber for another tally. Ruediger's triple after Combacker had walked accounted for the third run, and the last cinched the contest in the eighth.

With two strikes called on him, Crossley opened the game by singling into center. Daugherty's attempted sacrifice consisted of a pop fly to pitcher Paddock and Crossley

### Prof. Ely Not to Leave University

"I have no intention of leaving the university, and I have said nothing which would infer that I have considered any offers from other institutions," said Prof. R. T. Ely, of the economics department, last night, in speaking of a rumor that was printed in an evening paper Saturday.

The rumor was to the effect that Professor Ely was considering an offer of \$2,000 a year to take charge of the research work of the Carnegie Foundation in the field of land economics with headquarters at Washington.

JUST A WORD of welcome to those who are with us again over the week end. It certainly takes the sorority dances to bring the boys back. It seems, however, that the only ones that are really going home disappointed are those that attended the Pi Phi formal. The favors were pretty, dainty knives, which were used to cut the meringue served.

AL. PRADT SAYS THAT THE men who marry most frequently for money are the ministers.

IT HAS been reported that a certain formal party was held Friday, and that some of the men who were secured for it were filling blind dates. The majority of them went canoeing after the second dance.

THE RUSTY HINGE octette wishes to thank all of its customers for the beautiful remembrances given them last week. The articles received were electric light bulbs, caks, half-packages of cigarettes, candy, sandwiches, and almost bananas.

BE SURE AND VOTE THIS IS to call your attention to the fact that "Ole" Haugen is so sure that he has got the election cinched, pertaining to the most handsome man, that he has left town for a few days to rest up, so that when the election is over he will be in good condition to receive the expected amount of congratulations and handshaking.

SH—! IT HAS been reported that PHI BETA KAPPA stands for "pretty bright kids." Among those that phoned the Cardinal office to see if their names were on the list of those elected to this club were: Ralph Scott, Jesse Cohen, Hank Anding, Doc Hughes, Virginia Camp, Helen Smith, Shorty Barr, Grace Bryant, Dick Gibson, Bob Gotfredson, and Rella J. Boyer. This club, of course, is running

sub-rosa.

THE OTHER night when John Mokrejs was asked to the Chi Omega dance he asked if it was going to be a formal or could he wear his own clothes.

## For Student Salesmen

Three more men wanted to take Wisconsin Assignments

The Wear-Ever Company has been placing student salesmen in summer work for the past twenty-two years. These men are almost universally successful because they are taught carefully the system that long experience has shown to be the best. Get with a well known company and handle a staple product. Plenty of fresh air, easy hours, good business experience, and savings enough to pay next year's college expenses, will reward the diligent Wear-ever salesmen.

Ask any of the following Wisconsin men what they think of the proposition: W. H. Rice, Thomas Amlie, Robert Hilbrandt, Stephen Gyland, A. I. Andrews, Wes W. Dunlap, A. C. Krueger, F. A. Bardeen, H. C. Morton, C. H. Anderson, J. P. Cullen, G. P. Hof, K. L. Muir, A. J. Hunsader, R. F. Wilkin, E. W. Miller, S. E. Strong, H. A. Hofacker, B. A. Weimer, P. O. Dunham, C. A. Mears, and Archie Weeks. These men include some who have been out with the Wear-Ever previously, and others who are going out this season for the first time.

If you are interested to know more about it, call up Mr. Burnham at the Belmont Hotel, F. 1047, and get full information at once; or send in the coupon below, and full information will be sent you.

## PHI BETA KAPPA

THE announcement of the elections to Phi Beta Kappa is made in another column of this issue. What does it signify? That 67 students, who have gone faithfully about the business of getting an education and have shown special ability, have been given public recognition and an honor that has a distinguished name.

This mark of excellence in scholarship carries with it an obligation to live up to the ideal of this society established nearly a century and a half ago. Its ideals are expressed in its name—the Greek words which mean "Philosophy, the Guide of Life."

No noise, no brass bands, no declaration of principles and programs, no figuring up gate receipts—only a recognition of the real claim of the university upon the time and attention of its graduates. Not all worthy students can be recognized in such elections, and any one of the 67 who have been granted this honor could name other students more worthy than himself to receive it.

As no one will make the mistake of taking himself too seriously on account of this election, so the others will not envy him a little glow of satisfaction—an hour's pleasure over it. If such an election in any way helps anyone "to work joyfully, to think deeply, to live wisely," then the object of the society has been attained and the best work done by the university has received recognition.

AN ALUMNUS.

## A BLEMISH TO LAKE MENDOTA

IT takes only the sunny days of spring to bring out the real beauty of Lake Mendota. Now is the time when we realize what the lake really means to us; what an inseparable fixture it is to our state institution.

There is always something fascinating about a body of water and Lake Mendota is no exception; her broad expanse; her background of

rolling hills, lined with groves from which imposing looking structures show their heads; and her waters dotted with craft of every sort make a scene that the student will always remember.

To the tired, she gives a feeling of rest; to the imaginative, a spirit of romance. The canoes of today suggest the birch craft of the redskins of yesterday as they stealthily glided through the still waters to some encampment on the lake shore where a handsome building now stands. The white-winged sailboats may bring up pictures of foreign shores where fishermen in their stout little boats drift lazily across the bay with their many colored sails tugging in the gentle breeze.

Everywhere we see sights that stir our imagination as well as those that lull us into forgetfulness. To us the lake is a gift; a heritage handed down through the historic past as a tradition; a thing of beauty that will linger long in the memories of Wisconsin's alumni.

Every body of water, however, has its drearier side and that is found along the shore, not in the shore itself, but the wreck and rubbish that has accumulated there through time.

In the same way that the waters and their background may soothe, the debris on shore may distress. To the exact, it may seem untidy; to the morbidly imaginative it pictures wrecks, and grecsomes tragedies of destruction, torture, and death. Like drawing out the hidden filth of life and exposing it in the light of grim reality, the sea drags out its more hideous aspects and lays them on shore to remind us of the treachery of the Deep.

The shore is like the tenderloin of the city; it exposes the wrecks of life, the driftwood of society, and the scum of humanity; it hints of the merciless fate that lies deep under the surface of light color and apparent gayety. Just as the beauty of a city is lessened by the debris of the slums, the grandeur of lake or sea is marred by the cast-up rubbish on its shores. The removal of the driftwood and wrecks heightens the dignity and appearance of both.

Our lake in most respects is quite free from the unsightly looking material along its shores. But the one place where we do find it, is just where it shouldn't be. Around the university boathouse, where the crowds are the thickest and where people come to enjoy the scenery of the lake, we find that which depresses our enthusiasm; old up-turned sunken boats, rotting timbers, and slimy planks; everything that suggests ruin and disorder. In many respects it is probably doing no harm, and it may even furnish amusement to some of the children of the town, but it certainly lowers the dignity of the lake and its surroundings. The confused mass suggests a slum district in a seaport city, an abandoned fishing village, or a dangerous bit of Irish coast, instead of harmonizing with the atmosphere of general beauty surrounding the lake.

Why keep this eyesore around our prettiest spot? We spend very wisely a great amount of money to keep up the appearance of our campus. Why not a few dollars towards beautifying the shore of Lake Mendota?

## THE NEW SPRING FEVER

The term "spring fever" has long had an incorrect interpretation. It appears to signify laziness, weariness, general disability and shirking. It would be much more logical if a psychological principle were used and a new meaning given to the old term. Why not let "spring fever" designate a joy in life, enthusiasm, happiness that the grim, cold days of winter have passed and the balmy, pleasant days of the best season of the year are here? All life members of the Memorial Union are to receive membership buttons upon their first payment. At present, a committee under the chairmanship of Arthur Kinnan '23, is choosing a suitable design from the 20 different styles submitted by the leading jewely firms throughout the country. The style selected will be similar to the present Michigan button, which is a gold-rimmed circular type with an "M" set off against a colored mize.

Besides the button, all men will be given nickle-plated key ring identification tags upon complete payment of their membership pledge. The persons name and his serial subscription number will be stamped on the tag as a means of absolute identification.

## FILOSOFE KORNER

### CLEO ANSWERS ?'S

Dear Cleo:

Have manners changed? I was always of the impression that it was proper for the man to get off the street-car first and to assist the lady in alighting. This is the exception rather than the rule here. What's the trouble?

T. B.

Dear T. B.

It's your own fault dearie. Street-car riding is passe in Madison. The men here either walk you or take a taxi. Pick out the kind that walk. They're safer.

was doubled off first base. Vogel ended the inning by grounding to "Paddy". The Badgers went out in one, two, three order in their half.

## Has Five Putouts

Two men were dead before Roettger got to first on Combacker's error in the next frame. He stole second, but Stewart flied to Williams to end the inning. "Rolle's" work in the outer garden was faultless, the little outpost making five putouts and using unerring judgment on every fly hit to him. This, despite the fact that gardeners were handicapped by a strong wind.

Elliott doubled in the Badger second. Williams struck out, and Barry was safe on a fielder's choice. Elliott was trapped between second and third. Barry took second on the lay. Christianson walked. Combacker struck out.

The next frame saw Illinois garnish its only tally. Daugherty flied to Williams, but McCurdy walked. Vogel's out enabled him to get to second. Hellstrom slapped a grounder to Ruediger. The third baseman pegged low to J. Williams and the batter was safe. McCurdy rode home while "Jack" was picking up the ball.

## Elliott is Hit

Big-league ability was evidenced by the Badgers who took the lead during the next session. Ceaser hit safely to center field. Elliott was hit by the pitcher and Ceaser moved to second. "Jack" Williams whiffed, but Barry cracked out a single filling the sacks. A squeeze play followed when Christianson bunted to Jackson, and Ceaser who was half way to the plate before the ball had been thrown, scored. Christianson was put out at first, and Elliott was caught at home.

Wisconsin's third run was produced in the seventh when Combacker walked, Paddock sacrificed him to second, and Ruediger clouted a triple. Ceaser grounded to Jackson to end the inning. Elliott sent a home-run into the cinder track for the last run in the eighth.

Golf Team Takes  
Initial Meet From  
Beloit College

Wisconsin's first golf team won its initial meet from Beloit college yesterday afternoon on the country club links at the state line city. The score was 20 to 0 in 36 holes.

The meet was scored by the Mauau system, which allows only 24 points on a perfect count.

The morning round ended with the perfect score of 12 to 0, with the playing conditions ideal. A high wind in the afternoon prevented the Badgers continuing to travel at the pace set in the forenoon.

Capen and Frost were the stellar performers of the day, each registering a total of 6 points. Bauer followed with 5 points, while Bock was credited with three counters.

Rain Interferes  
In Tennis Match  
With Northerners

Rain caused the postponement of the tennis match with Minnesota at Minneapolis yesterday. Before playing was stopped Gotfredson, Tredwell, and Moulding had completed their sets.

Tredwell, Wisconsin, defeated Pidgeon, Minnesota, 6-4, 6-3. Moulding, Wisconsin, beat Bros, Minnesota, 6-1, 6-2. Gotfredson, Wisconsin, was defeated by Norton, Minnesota, 1-6, 7-5, 6-1.

The match will be played off next Saturday when the Minnesota team returns from Chicago, providing the athletic department favors the arrangement.

Delta Sigs Easily  
Win From Psi U.'s

The Delta Sigs defeated the Psi U's by a 20 to 5 score in the only inter-fraternity baseball game that was played yesterday. The other three games which were scheduled for yesterday were postponed because of the Illinois baseball game and track meet.

Stueber and Hendar as the batteries for Delta Sig kept the Psi U team well in check. Thompson pitched for Psi U, and Morehead did the receiving.

The summaries follow:

Delta Sigma Phi 20, Psi Upsilon 5.

Pi Kappa Alpha-Phi Delta Phi game postponed until next Wednesday.

Theta Xi-Deke game postponed indefinitely.

Alpha Pi Delta-Alif Mim game postponed until this morning.

Frosh Ball Team  
To Play Varsity

Two games a week with the Varsity is the schedule for this year's freshmen baseball team. The yearling squad is now cut down to 45 candidates who are showing such exceptional ability that the Varsity is certain of having stiff competition in the practice games.

Catching and outfielding are the departments of the game in which Coach Meinert's protégés especially shine. Montgomery and Goolridge are forging to the front in the scrap for honors at the key stone sack; while Ambeler, Becker, and Feuchtwanger form a capable trio of fielders.

Johnson, star swirler for River Falls normal school last year, Brumner, and Clauson are the mainstays of the pitching staff. The infielders displaying speed and form in action are Blumenstein, Lowman, Ward, Melvin, Radke, Peterson, Beckler, and Pollack.

Northwestern Railroad  
Claims Million Deficit

CHICAGO—The annual report of the Northwestern road for the year ending Dec. 31, 1921, shows a deficit, after allowing for charges and interest payments of \$1,245,432. This compares with a net income of \$12,459,253 for 1920, which takes into consideration, however, the government guaranty. After payments of dividends there was a total deficit for 1921 of \$10,070,707, compared with a surplus for 1920 of \$3,633,987. Last year's large deficit, as compared with the surplus in 1920 was, the report shows, wholly the result of a drop of more than \$19,000,000 in non-operating income, as total operating revenues increased about \$4,000,000 while operating expenses declined more than \$1,000,000.

Mr. Meidell expects to begin his summer's activities as live saver the latter part of next week.

SQUAD LOSES  
TO ILLINOISPlatten Breaks High  
Jump Record of  
Conference

The crack Illinois track squad proved too much for the Badger aggregation yesterday afternoon in a meet which was featured by Platten, Wisconsin, breaking the conference high jump record by 3-8 of an inch. The final score was 88 to 47.

## Place in Each Event

The Suckers scored 8 firsts as against Wisconsin's 6, but the Illini picked up an abundance of seconds and thirds in every event which they did not win. In addition to placing in each event, the invaders completely blanked Coach Jones' men in three of the cards.

## Platten Displays Form

Guy Sundt and "Al" Knollin were the high individual scores of the meet, each taking a pair of firsts. Sundt won the running broad jump and the shot put, while Knollin coped both the 120 yard high hurdles and the 220 yard low hurdles. Carlson was Illinois' big point by virtue of a first, a second, and a third.

Platten displayed wonderful form in the running high jump when he defeated Osborne, who placed first at the Drake relays last week.

## Knollin Wins Hurdles

The most interesting race of the day was the 120 yard high hurdles which was won by Knollin. The Badger star was tied at the second from the last hurdle and behind on the last one, but sprinted into the lead in the few yards ahead of the tape.

Angier, who threw the javelin for Illinois, was one of the stellar performers of the meet, easily taking first place in the only event in which he was entered. He took part in the Olympic games, and is one of the best throwers in the country at the present time.

Summaries are as follows:

100 yard dash—Ayers, Ill., first; Spetz, Wis., second; Ascher, Ill., third. Time 10 seconds.

One mile—Wharton, Ill., first; Patterson, Ill., second; Wells, Ill., third. Time 4 minutes 26 4-5 seconds.

220 yard dash—Spetz, Wis., first; Ascher, Ill., second; Ayres, Ill., third. Time 2 2-5 seconds.

120 yard high hurdles—Knollin, Wis., first; S. H. Wallace, Ill., second; Johnson, third. Time 15 3-5 seconds.

Quarter mile—Sweet, Ill., first; Schlappizzi, Ill., second; Fessenden, Ill., third. Time 30 seconds.

Two mile—Swanson, Ill., first; Scott, Ill., second; Schneider, Wis., third. Time 9 minutes 45 1-5 seconds.

220 yard low hurdles—Knollin, Wis., first; H. S. Wallace, Ill., second; S. H. Wallace, Ill., third. Time 25 seconds.

Half mile—Yates, Ill., first; Ramsey, Wis., second; Kloepfer, Ill., third. Time 1 minutes 1-5 seconds.

Running broad jump—Sundt, Wis., first; Osborne, Ill., second; Johnson, Ill., third. Jump 22 feet 3 inches.

### GROUP IV

Group IV consists of one-credit courses, courses having only one lecture or recitation hour a week, courses consisting wholly of laboratory work, and other courses not included under the preceding groups. Examinations in these courses will ordinarily be held during the last regular period of the class or by special arrangement with the Faculty Secretary at some hour which does not conflict with the regular schedule.

The College of Engineering and the Law School post special schedules in their respective buildings.

Examinations may be changed only by vote of the Faculty after consulting the Dean.
