CHANGED RESULTS

WISCONSIN SECOND IN THE INTERCOLLEGIATE.

TWO MICHIGAN MEN DISQUALIFIED.

Maybury, Cochems, Richards, Jackson and Lees Win Points for Wisconsin.

The first report that came from Chicago Saturday night after the smoke of battle had cleared away from the scene of the Western Intercollegiate Championships on the C. A. A. field was certainly a discouraging one. To have the best track team that Wisconsin has ever had get no better than fifth, or as some accounts had it, only sixth, was enough to make everyone blue. But when the facts were clearly made out and it was found that Wisconsin was second, after the throwing out of Hale and Lewy of Michigan, it was not quite so bad, for all of our natural rivals, the colleges of the middle west had been defeated and the only conquerors were the crack team from the Pacific coast. Of course defeat is never pleasant or desirable but it is more satisfactory to be beaten by such a team as that of the U. of C., which has done so well in the east, than to go down before our nearer neighbors. The California boys were very popular at Chicago and justly so for they were gentlemen as well as crack athletes.

The Wisconsin team arrived in Chicago Friday night at 6:30 and went at once to the Lakota Hotel, where they stayed until the time of the games, Saturday.

The first event was the 100 yard trials and Maybury was in the first trial, which he won from the redoubtable Scoggins with ease, in 10 1-5 seconds, passing him in the last 25 yards and winning by nearly 3 yards. This equals the U. W. record made by Sherman in '92. Harvey Frame was in the trial heat with Crum, and though he ran well, he did not qualify for the next round, being barely beaten out for the place by Porter of Michigan. The time of this heat was also 10 1-5 seconds. In the final were Maybury, Stuart, of St. Albans, Crum of S. U. L., Baughman, of Michigan, and Scoggins of California, who had won the trial for second men.

Maybury did not get a good start and at 50 yards was over six feet behind Crum and Stuart but he made a strong finish and was really third, about 2 feet ahead of Scoggins, but the judges did not see it and he was not placed. The final was done in even time, 10 seconds.

In the mile walk Norton was disqualified in the second lap and Blackburn was not placed. This was a very unsatisfactory event, for all the competitors indulged in a large amount of running, especially at the finish and in the last lap Blackburn walked gamely but wasn't up on the gait practiced by the place men.

The 120 yards hurdle race was one of the prettiest contests of the day. In the first trial which Torrey won in

17 4-5 seconds Schucardt would certainly have gotten second in spite of his slow start if he had not struck the fourth hurdle, giving himself a hard fall. In the next trial were Dyer, Richards and Clark and they finished in the order given, last years' winner, Clark, not qualifying for the final. Richards had an easy second and did not run himself out hard, Dyer winning by a little over two yards, in 16 3-5 seconds.

The final was one of the closest of the many closely contested races of the day. Richards got a beautiful start and led the Californians down to the rise for the last hurdle, but on the run-in Dyer, by a great finish, beat Richards out about a foot, Torrey being third by about two yards. The time was 16 3-5 seconds. Had the hurdle races been run on the hard track instead of the wretched cinder path which had just been finished, they would have been done much faster.

In the quarter Hodgman of Michigan was first in 50 3-5, Whitely of Grinnell second, Barnes of California third. Montgomery, Tower and Metcalfe all ran well, the latter putting up an especially game race and keeping right along side Hodgman for 320 yards when he fell in a faint, completely done up. Montgomery and Tower each ran in about 52 seconds, the latter being fourth at the finish.

The action of the faculty in refusing to allow Chittendon to compete precluded any possibility of scoring in that event. Zimmerman rode well until his unfortunate smash-up but he could hardly have outsprinted the winners in the event.

In the distance runs Hopkins showed poor condition and lack of judgment. For a man who knew he was not in condition to make the pace, and do the first quarter of a mile run in 56 seconds showed either poor judgment or wrong coaching. For the mile and the half, on which Wisconsin's championship hopes had been based, he failed to score. Bell and Tower ran well in these events but were outclassed by the fast Grinnell men.

Richards in the low hurdles got third to Dyer and Torrey, beating out Clark of Illinois. In this, as in the high hurdles the track made the time slow.

In the 220 yards flat Maybury was second and furnished the biggest surprise of the day by the way he forced Crum out. Whereas the Iowa had won by 3 yards on the Berkeley Oval in easy style, Maybury fought of every inch of the last 100 yards and was beaten only by a scant yard in 22 seconds. Downer was next to Crum in the first trial heat which was done in 22 4-5 seconds, and was beaten by Patterson in the round for second men, the former having had an easy trial heat. Montgomery was second to Maybury in his trial.

In the field events, by Hall's disqualification, Cochems gets first place and the W. I. A. A. record of 38 feet 10 1-2 inches. In the high jump Liegler jumped 5 feet 7 inches and tied for third but was beaten by Washington of Center in the jump-off. LeRoy's disqualification in the broad jump, in which he made 22 feet 7 1-2 inches gave Lees second place with Woolsey third. Jackson did fine work in the pole vault, though he did not win. He tied with Hirschberger at 10 feet 6 inches which makes a new U. of W. record, the points for second and third

ON LAKE MENDOTA

ELABORATE PREPARATIONS FOR THE REGATTA.

SEVERAL NOVEL FEATURES INTRODUCED.

Exhibitions of Sculling by O'Dea—Salute of Varsity Crew.

If prospects hold out well the university regatta Wednesday will be worth seeing. The naval board has prepared for more than an ordinary occasion. Not only will the university and the city witness the races; but a large number of visitors from northern Illinois and southern Wisconsin will be present. The regatta comes upon the next to the last day of the convention of Odd Fellows and that of the Modern Woodmen which meet in Madison this week. It seems probable that 30,000 people will be on the shore and course to see the events take place. The program of the races is as follows:

Section I.

Event 1.—Eight-oared gig race, class championship, 2 miles straight away.
Event 2.—Canoe paddle, 100 yards.
Event 3.—Tub race.
Event 4.—Exhibition, single sculling, Andrew M. O'Dea.
Event 5.—Inter-fraternity boat race, 1-8 mile and turn.

Section II.

Event 6.—Eight-oared shell race, Varsity, second Varsity and shell crews.
Event 7.—Canoe sailing race, started.
Event 8.—Swimming race, 100 yards.
Event 9.—Inter-literary society boat race, 1-8 mile and turn.
Event 10.—Water polo, freshmen and junior teams.
Event 11.—Water tournament, freshmen and sophomore teams.

Section III.

Event 12.—Eight-oared gig race, law school crew vs. the hill crew.
Event 13.—Salute of the Varsity crew.
Bleachers are to be erected on the lake front just east of the boat house and the events will take place well out in front of the boat house so that they can be witnessed from either side. The university band will make the round of the town, starting at 2 o'clock p. m., so as to be at the boat house at 2:45 when the events of the day will begin.

One of the new features of this year's regatta will be an exhibition of single sculling by Coach O'Dea. This has long been a familiar feature of the great regattas of the United States, such as the National and the Northwestern; the idea of the event being to show the audience the characteristic points of the various styles of rowing used in different parts of the world. The eight-oared gig races this year, comprise not only the usual class championship race, but one between crews from the law school and the hill. Last year there was no shell race on the program. Wednesday a very pretty exhibition race will be rowed between the three eight-oared shell crews named in the program.

The feeling of rivalry between the class crews is running high and the gig races promise to be very spirited contests. The freshman crew is rowing practically the same stroke as the Varsity. Although there are a number of old Varsity competitors on the

sophomore crew, the stroke of their eight has been revised somewhat with a view of adapting it to the added weight of the gigs. The laws row last year's fast time stroke with almost no variations. The Varsity and second Varsity practice daily and occasionally twice a day, rowing the two miles at 26 strokes a minute. The Varsity will give the second a handicap in the shell race, which will make a close and exciting finish.

A water polo contest is another new feature. The swinging tank in the gymnasium has been refilled for the use of swimmers and water polo contestants so that these events will be well prepared for.

The water tournament was one of the amusing features of last year's regatta and will take place again this year. The contest occurs between three men picked from each of the two lower classes, and it is practically a tilting contest on the water—the knights being mounted on small and precarious platforms on the sterns of boats, their lances padded at the ends, their armour consisting of nothing more than bathing suits.

An event which has been planned with special care is the final one on the program—the salute of the Varsity crew. It is an event which is perhaps quite unique in this country—the idea being borrowed from the formal salute with oars, which is in use in some of the navies of the world. After the crews of the last gig race have crossed the line, all the craft on the lake will be marshalled in line extending from the boathouse pier down the lake towards the city boathouse, where the Varsity crew will be stationed. As the cardinal pennant of the U. W. navy runs up the boathouse flag staff, the Varsity will start and row toward the line of boats. The university band will strike into some stirring air. As the Varsity reaches the first of the line of boats, all crews and boats will salute—raising the oars vertically, turning the flat of the blade toward the Varsity. The Varsity will then respond to the salute by raising the four waist oars in the same way and will then start down the line, bow and 2 and 7 and stroke rowing—the four waist oars remaining vertical. As the Varsity reaches the middle of the line the music will stop and the university yell will be given with a tiger from the steamer. The salute of the Varsity crew will make a very pretty picture, and one which the owner of a camera will wish to perpetuate.

The nine deserves great credit for its victory over Chicago. The poor work of the first part of the season has been fully redeemed and we can now feel that we have a nine equal to any in the west. It is not often that a college team plays the way that our team did last Saturday. If they can do as well in the games this week we will certainly yield to no western team our claim to the highest rank among western colleges.

For the second time Michigan has "rung in" professionals at the Inter-collegiate meet and received a just rebuke. Comment is unnecessary. Hale and LeRoy may be good fellows personally but professionals are out of place in college meets where amateur standards are maintained and no other action could honestly have been taken by the executive board. In consequence of Michigans action in this matter the U. of C. team have cancelled their date for the duel meet with Michigan, June 6th.

Again the old second place—"Wisconsin second"—seems to be the inevitable watchword that the Cardinal is called upon to repeat after every big athletic event. Saturday's meet at Chicago did not break the line, though it seemed at first as though it had been done—in the wrong direction. While there is little complaint with the work of this year's track team, almost everyone of whom showed their best form in the contests, it is clear that from now on the meet at Chicago will produce almost as good performers as the games at Berkeley Oval and if Wisconsin is to win,—win first instead of second,—we must have not only a good all-round team but we must develop men who are high class enough to win a few first places. To do this the track team must get to work at once and like the foot ball team did last fall, go through the next year with but one object in view, to wipe out this year's defeat by a signal victory in '96. Let every other consideration except the winning of a clear cut victory be set aside, and let every man constitute himself a committee of one to do his share.

TUB RACE:—Those wishing to enter the tub race will please furnish their own tubs.

U. W. BAND:—Band meeting 7 to 8 Tuesday evening, June 4th, in Armory drill room. Important meeting and full attendance necessary. Band will leave Armory for baseball game 1:30 p. m. tomorrow (Tuesday).

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being, at least. I tried the so-called "Keeley Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself completely cured; I am in perfect health, and the horrible craving for tobacco, which every inveterate smoker fully appreciates, has completely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly,

Trio—"Summer Fancies," Metra,
Senior Vocal Class.
After the program light refreshments
were served and officers were elected
as follows: President, W. J. Conway;
vice president, F. J. Rowan; secretary,
Nellie Luft.

CALIFORNIA NOT COMING.

There was considerable talk on the
hill this afternoon about the possibility
of meeting the California team in Dual
Games here Friday or Saturday. The
reports originated from the fact that
Manager North made Mr. Gillen a
proposition to come here Saturday,
since they had decided to cancel their
date with Ann Arbor. The matter was
carefully considered and after every-
thing had been taken into considera-
tion it was found impossible to accept
the challenge. First of all the team
was out of training, many of the men
had not yet gotten back from Chicago,
second, all the dates were full and
third it would have been against the
wishes of the faculty to put in any

more events so close to examinations.
Therefore as the only thing to be
gained from it would have been to en-
able the students of the university to
see the winners of Saturday's meet,
and probably to see the U. of C. victory
repeated for our team certainly could
not be in as good condition this week
as they were last, it was finally de-
cided to decline the challenge for the
reasons given above.
