ELECTION DAY, TUESDAY, APRIL 2ND

THE AMERICAN'S CREED

I believe in the United States of America as a government of the people, by the people, for the people, whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign Nation of many sovereign States; a perfect Union, one and inseparable, established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it, to support its constitution; to obey its laws; to respect its flag; and to defend it against all enemies.

- William Tyler Page

On next Tuesday as an American citizen you have the great duty of carrying out the fundamental principles upon which our government is founded.

If it is to be government by the people, you must help keep it so by making it one whose powers are derived from your consent and that of the hundred thirty millions like you in this Republic.

On next Tuesday you have three parts of our government, yea, four, in which you have the privilege to have your say.

- 1) You elect those who are to be trusted with the policies and operation of the Village of Williams Bay.
- 2) In the selection of a Supervisor you choose a member of that important governing body, the Walworth County Board of supervisors.
- 3) You elect a Judge of the Circuit Court, a very important place in our political life, helping to carry out the principle of justice for all.
- 4) As a Republican or a Democrat you will select the men who are to choose the candidates for their respective parties for president and vice-president for the November election.

How good a citizen are you? Let your voting show us.

WHAT IS THE ELECTION TUESDAY, ABOUT?

First we have the Village of Williams Bay ballot. You are asked to take part in choosing whom you will have serve you in the various village offices.

You will choose whom you will have for village president? You will find John E. Atkins and Eric J. Verner on the ballot. Choose one.

Five names will appear on your ballot for Trustees: Harry Breen, O. B. Fensholt, Stanley Johnson, Harold Pierce, Frank J. Vavra. From these you will select three who will hold office for two years. The three elected will, together with Herbert A. Bradt, Louis A. Rasmussen and Charles Ridell form the Village Board. The latter three have one year yet to serve.

The name of Frank M. Van Epps appears unopposed for Village Clerk.

For Treasurer you will choose between Philp J. Fogle and Edward H. Hollister.

Albert T. Anderson is unopposed for Assessor.

Arthur C. Ohl and Alfred Johnson, Jr. are on the ballot for Constable. Choose one.

For Supervisor: representative from Williams Bay to the Walworth County Board you will elect one, between Victor Hansen and Roy Johnson.

Judge Alfred L. Drury who was appointed by Gov. Heil to fill out the term of the late Judge Belden is opposed by Edward J. Ruetz, in a NON-Partison Judiciary, election, for Judge of the Circuit Court. These names appear on a separate ballot.

Two ballots fastened together will be handed to you for you to use one for marking your choice of delegates to the party of your choice, who are to represent you in choosing a candidate for president and vice-president at the National Conventions. It is not enough to vote for the names listed for president at the top of the ticket. Twenty four are elected in the entire state, for each party, four of these are elected at large for each party and the rest are selected two from each Congressional District.

You will select four therefore from the Delegates at large list (be sure and vote only for the four in that group or your vote will not count. From the District (we are in the First Congressional district select only two or your vote for that list will not count.

You will be handed a Referendum ballot for you to express your sentiment about the Teacher Tenure Law. For or against.

How many ballots will be cast in Williams Bay? There are some 480 residents who can vote if they wish. Why not be a good citizen and make this one the biggest election ever cast in our Village?

Suppose you were denied the privilege of voting. I'll bet you would do some protesting. Only a half of the voters in America as a rule take advantage of the ballot. Fortunately Williams Bay has always been well above the average.

COMMERCIAL AIRLINES OPERATE YEAR WITHOUT ACCIDENT (Con't)

the first time in the
history of public transportation
of any kind, buses, trains, ships
and planes, the 17 Airlines,
has operated a whole year without
a major accident to pilots or pas-
sengers, thus achieving a safety
record never surpassed by any form
of transportation. During this year
the airlines flew 87,000,000 plane
miles, and safely carried more
than 2,000,000 passengers and their
crews a total of 815,000,000 passen-
ger miles over a network of 36,500
miles of airways.

Weather conditions are begin-
ning to make no difference with air
travelers. The past few days of
last week in New York when it was
snowing hard, and visibility was
only 50 feet, and all flying was
blind, one aviation company had no
cancellations of reservations made.
The flying edges of their wings
and tails are made of rubber so
they can be inflated at will, and
the ice cracks off.

The flying cadets in train-
ing are safely and carefully train-
ed. They are required to wear a
parachute for one thing, and are
taught to handle a plane in any
possible condition or position, and
every instrument device is used
for their safety. (They certainly
have to be perfect to get in).

The air service is a grand
position for any young chap who
likes it, for he not only gets a
good salary, insurance, free medical
and dental care, free transportation
during furlough, etc, and plenty of
travel."
