BIENNIAL REPORT

OF

Commissioners of the Public Lands

OF THE

STATE OF WISCONSIN

For the Biennial Fiscal Term Ending June 30, 1910.

OFFICE OF COMMISSIONERS OF THE PUBLIC LANDS,
MADISON, WIS., NOV. 1, 1910.

HON. J. O. DAVIDSON, *Governor*.

SIR:—In compliance with law, we place before you our report of the transactions of the Land Department for the biennial fiscal term ending June 30, 1910.

Tabulated statements, marked Exhibits A to I, inclusive, show in detail the transactions of the Department and status of lands and trust funds for the term covered by this report. From these it is shown that while 10,000 acres of land have been sold, there is now an aggregate of 314,994 acres held by the state, or 35,906 acres more than two years ago. This is accounted for by the fact that some 20,000 acres have been granted by the United States, and several thousand acres having been purchased for the State Forest Reserve since report of June 30, 1908.

Exhibit D shows that there are carried on the books of the Department old loans aggregating \$1,097.04, on which no interest has been paid for more than forty years. Some action to discontinue the carrying of these accounts from year to year should be taken.

General Report.

Other exhibits show that the transactions of the Department have been as voluminous and varied as during any like term for several years, involving no less labor. This has been with reduced force and at the disadvantage of removing the office and records from old quarters to inconvenient and inadequate rooms in the new east wing of the Capitol. Provision should be made for better care of the records of such great value as the basis of title to millions of acres of land, and for the transcribing of many records and documents that in the course of time and handling have become almost illegible and more or less mutilated.

Respectfully submitted,

Signed

J. A. FREAR, Secretary of State.

A. H. DAHL, State Treasurer.

F. L. GILBERT, Attorney General.

Commissioners.
