PRICE 5 CENTS

VOTE TO BOYCOTT THOMPSON ORCHESTRAS IN DRASIC ACT TO LOWER DANCE MUSIC PRICE

Pan-Hell and Interfraternity Conference Take Move

Drastic steps toward lowering prices of dance orchestras were taken last night at a joint meeting of the Pan-Hellenic association and Interfraternity conference when a resolution boycotting Thompson's orchestra was passed by an overwhelming vote.

To make the action binding, the conference set as a penalty for the hiring of a Thompson orchestra the loss of social privileges for the offending organization for an entire year. The respective deans will enforce the measure.

According to the decision of the united bodies, the boycott is to take effect Monday unless Thompson subscribes to certain requests such as presenting a graduated scale of prices for his various groups and making a general percentage reduction.

The committee appointed by the united conferences which will present the matter to Thompson for further consideration consists of Lloyd Brown L. 2, Edith Jackson '24, Sherman Green '23 and E. W. Hooker L. 2.

Boyd Not Affected

Previous conferences by another committee with the two orchestra managers, Al Thompson and John L. Boyd revealed the fact that both men were willing to submit to a plan of a \$50 maximum for orchestras. Thompson however, refused to lower the prices of his two "best" groups, but proposed to keep them at the old rate until their withdrawal from school.

Thompson furthermore refused to present a list of his men and a graduated scale of prices for his various groups. Boyd, when interviewed, expressed himself willing to abide by the decisions of the conference and therefore will not be affected by the sweeping boycott.

The final vote on the question of the boycott showed 31 fraternities in favor and 7 against. Seventeen sororities present voted unanimously for the measure. The meeting was tense throughout and points of the controversy were hotly contested.

Brown Leads Offense

Lloyd Brown was the leader of the offensive group and continually demanded increased facts on the hidden points of the affair.

"Thompson has given us his

(Continued on Page 8)

AGRICS-HOME ECS WILL MIX FRIDAY

The milk-maids and sod-busters are pressing ticket sellers for standing room at the first Agric-Home Ec mixer to be held Friday evening in Lathrop gym.

An informal reception will be given in a very informal manner to those attending. After the receiving is over, Ted Manny, graduate chairman of the mixing and games committee will lead the mixers in the participation of stunts that are guaranteed to break any ice sheet that might possibly exist between the warm hearts of those present.

After all the initial handshakes have been accomplished the real program of the evening will begin. No hint would be given by the committee as to just what is to be played; secrecy surrounds the plans. It crept out however that Prof. E. B. Gordon will sing, and the Agric Triangle Country club will entertain. Tickets are selling on the campus at twenty-five cents each.

The Resolution

Moved and seconded that we, the members of Pan-Hellenic and Interfraternity conference do hereby agree not to employ any orchestra through the agency of Thompson orchestras after October 2, 1922, until a definite graduated scale of prices of such orchestra, stipulating the personnel of each, shall have been accepted by a duly appointed committee of the above bodies.

LIFE MEMBERSHIP WEEK INSTITUTED BY UNION HEADS

New Students May Share in Building of Memorial Building

Life Membership week will be conducted by the Memorial Union the first week in November, in order to give freshmen and new students the opportunity to share in the erection of the new Memorial Union building according to L. S. Baker, secretary of the Memorial Union committee.

Morton Frost '23 has been appointed by Union board as general chairman of Life Membership week, and G. Lowell Geiger '23 is publicity manager. The week has been instituted as an annual affair.

The Memorial Union, the "home for Wisconsin spirit" has been called "The heart of Wisconsin." It is a tribute to those who never came back from France in 1918, and is planned to be a center for all students in all lines of activities.

Completing State Drives

Prof. E. H. Gardner is now completing the alumni subscriptions work in the Fox River valley and will go from there to Wausau, Stevens Point, and Wisconsin Rapids.

October will mark the completion of Chicago's quota of \$125,000. The work among the New York City alumni will be opened at their fall banquet in October. St. Paul, Minneapolis, and Milwaukee drives will be completed by November.

It is hoped that the entire quota of \$1,000,000 will be pledged by Homecoming, November 11. Worth E. Shoultz '23 chairman of the Homecoming committee has pledged the support of all Homecoming committees.

CHIMES WILL PEAL FROM NEW DOME

A complete carillon set of 46 chimes will be purchased for the new dome to be erected on Bascom hall, according to M. E. McCaffrey, secretary of the Board of Regents.

At present \$12,000, which has been donated by graduating classes as class memorials, is available for this purpose. This chime fund was begun by the Class of 1917, and each class since has given \$2,000. The carillon proposed would cost \$50,000.

The bells would have four octaves and would be played from a keyboard by both the hands and the feet. No such set exists in America, although Yale university has begun a set with 16 bells.

Shaffer and Swain Will Speak at Masonic Smoker

Rufus Phillips, president of Square club, will welcome new Masonic and DeMolay students at the club's annual smoker in the Y. M. C. A. parlors this evening at 7:30. C. E. Shaffer, past grand master of the state, Edward Swain, president of the DeMolay society, and several prominent university men will speak.

University Coal Will Last 'Till November 15

Exactly 2500 tons of coal are on hand now and 12 cars, amounting to 540 more are in transit for use in the university this winter, according to H. T. Pressentin, secretary of the state fuel commission, and J. J. Novotny, state engineer.

The present supply is expected to last until November 15 if the weather is good. The State Engineering department, through the efforts of Mr. Pressentin is providing plenty of coal for all state institutions, including high schools, hospitals, and state asylums.

"If there is any way of getting coal we'll have it," declared Mr. Novotny, yesterday. Both authorities stated that there is no reason to worry over heat in university buildings this winter.

"I suppose there are some who would be glad if the coal did give out," grinned Secretary M. E. McCaffrey when he was questioned.

BIG 10 FORMS MUSICAL BODY

Federation of 14 School Clubs First in Mid-West History

An Intercollegiate Musical corporation of the Middlewest founded under the laws of Illinois, has been formed, including fourteen institutions in this section of the country. This is the first organization of the kind ever founded in the mid-western universities. Besides the ten conference clubs, organizations from Beloit, Grinnell, Wabash, and James Milliken colleges are included in the federation.

According to Harry Carswell, '22, president of the University of Wisconsin Glee Club, the purpose of this new corporation is to introduce higher standards of music in college clubs.

"The corporation is patterned after the eastern college corporation which has been holding annual contests," Carswell said. "If this mid-western corporation is a success, it is very likely that similar federations will be founded in the south and west before long."

The clubs of the federation will compete in Orchestra hall, Chicago, the first of next semester to decide which organization will go to New York to participate in the eastern contest in March. The winning club will have its expenses paid by the corporation.

In the contest each club will sing three songs. Three judges of national reputation will be picked by the executive committee of the corporation.

Tryouts for the Wisconsin club will be held in Professor Swinney's studio in Music hall at 3:30 o'clock Thursday and Friday afternoons.

"The personnel of the club will be limited to thirty members," Carswell said, "and I am sure that there are many good voices on the campus which have not been tried out as yet. With a possible trip to New York and several other shorter trips in view, a large number of men should turn out Thursday and Friday.

During the Spring vacation the club will tour northern Illinois and eastern Iowa and there will be a number of trips throughout the immediate vicinity the second semester.

Dean Nardin Improves After Brief Illness

Dean F. Louise Nardin has been confined to her home, 612 Howard place, for several days with a severe cold. She was greatly improved yesterday, however, and it is expected that she will be able to resume her duties today.

WEATHER: WARMER

Fair weather with slowly rising temperature is predicted for Madison today. Thursday will be warmer and fair weather will continue.

PAUL SCHULZ, SENIOR MEDIC, IS FOUND DEAD IN BATHROOM, ASTHMA ATTACK BRINGS END

Stock Judging Team is Second at Iowa Meet

The Wisconsin stock judging team won second place in the annual meet held at the National Dairy congress now in session at Waterloo, Iowa, according to reports received late last night.

Teams from 10 mid-western schools competed in the event. Kansas university took first place and Minnesota third. The showing made by the Wisconsin team is considered excellent.

Members of the team are: R. C. Krussendorf '23, H. E. Johnson '23, Donald Brace '23, George Fery, Coach R. S. Hulce.

DEAN RE-VAMPS INITIATION RULE, DANCE PERMITS

Bar Women From Public Dances; Change Activity Eligibility

That no undergraduate student shall be initiated into a fraternity until he has completed one full semester of work at this university, is one of the several new regulations issued yesterday by Dean S. H. Goodnight on student life and interests. This ruling applies not only to freshmen, as formerly, but also to any sophomore or juniors transferring from another school.

Eligibility requirements for participation in university activities are affected by these new regulations. In order to be eligible for intercollegiate contests, class officers, membership on the various boards and committees, and participation in all-university pays, a student must have made grade points which at least equal the credits for the semester preceding the participation in the desired activity.

Concerning dances the dean has ruled that no university women may attend public dances, and that any organization desiring to hold a subscription or commercial dance must obtain permission from the Student Life and Interests committee.

The names of the chaperons for all functions at which both men and women are present must be registered in Dean Goodnight's office four days before the function is to take place.

U. OF W. MAN EDITS FIRST RADIO PAPER

Donald F. Schram, editor of The Cambridge News, Cambridge, Wis., and graduate of the university in 1922, has published the first newspaper in the United States in which all of the news was received solely by radio. The paper, an election night extra, published during the recent primaries, contained the latest bulletin reports of election returns.

The returns were sent out at intervals during the night from WGAY, the radio broadcasting station of The Wisconsin State Journal and the North Western Radio company of Madison. Mr. Schram stated that he had no difficulty in transcribing.

The final edition was run off at 1:15 in the morning after the final broadcast and mailed to farmers and townspeople of the district, and thus the news of the election was in the hands of the country people as soon as city dailies were circulated.

Indiana U. Frosh Trim Sophs in Class Scrap

Indiana freshmen carried off the honors in the annual class scrap at Indiana university last Saturday. The sophomores put up a strenuous resistance, but were forced to give way to superior numbers.

Death Comes Suddenly; Ailment Had Been Chronic

Paul Schulz, Sheboygan, a senior in the Medical school, was found lying dead in the bathroom of his rooming house, 209 Barnard court at 4 o'clock yesterday afternoon. Death was caused by organic trouble brought on by asthma.

Two hours earlier Schulz told Miss Mary Greiber, owner of the boarding and rooming house where he has been staying, that he was going upstairs to shave and bathe. He was not seen again until 4 o'clock when Edward Poehling '23, his roommate, returned from class and found him lying dead upon the floor in the bathroom.

There were no marks on the body to indicate that death had resulted from injuries sustained by a fall.

Coroner W. E. Campbell, who conducted an examination last evening said that Schulz evidently had felt weak and laid down on the floor in hopes that the attack would pass over. It was while lying flat on his back in the center of the room that death came.

Intended to Leave School

Since resuming his studies at the university this fall Schulz was troubled by asthma and finally sought medical aid at the clinic. The doctors there declared him unfit for studying and advised him to withdraw from the university. He had planned to return to his home in Sheboygan at the end of this week.

Schulz told Miss Greiber yesterday morning that the asthma was bothering him considerably but refused to take anything for it.

"I would give ten years of my life, if some doctor could learn by my doing so," Schulz told her.

He attended classes in the morning and returned to his rooming house without feeling better. After he had gone upstairs in the afternoon nothing more was heard of him until Poehling returned from class and found him lying dead in the bathroom. The clinic was notified immediately.

Parents Here Today

Schulz was a member of Phi Beta Pi, professional medical fraternity. He was a member of the varsity baseball squad last spring and played on the freshman team during his first year in school. He has been doing outside work in order to help pay his expenses during school.

His parents, the Rev. and Mrs. C. P. Schulz, are expected to arrive in Madison this morning.

Tickets For Union Board Concerts Selling Rapidly

Tickets for the 1922-23 Union Board concert series are selling faster than those of the seasons preceding, according to J. R. Frawley '23, who is managing this year's ticket sale.

The popularity of this year's concerts is explainable by the fact that the three artists who are coming are of a superior calibre. They are Mischa Elman, violinist, Reinhard Werrenrath, baritone, and Pablo Casals, cellist. The expense of bringing these three high class musicians to Madison is greater than that incurred by last year's offering of four musicians.

Students desiring season tickets can procure them at the A. E. Smith Music Store, 215 State street. Student tickets are selling at \$4 and \$5. All tickets may be reserved.

BADGER CLUB SETS EVENTS

Announce Speakers For Year;
New Helper For Wolf
Here

William L. Young, new associate secretary of the Y. M. C. A., is to be among the speakers presented by the Badger Club in this semester's meetings. Mr. Young, came to Madison this month to share the duties of secretary with F. E. "Dad" Wolfe, present secretary.

by the Badger club in this semester are among the speakers presented.

Other speakers who will appear before the Badger club this semester are Carl Rogers, '23, Jack Childs, Prof. M. F. Guyer, Prof. E. B. Gordon, Prof. E. A. Ross, Dean F. W. Roe, Coach Griffith, and the Rev. A. J. Soldan.

The Wheeler School of Music will have charge of the program for the evening of December 10. The program for that evening will consist entirely of musical entertainment.

Carl Rogers will tell of his experiences in China during the past summer next Sunday. Later in the year, probably sometime in November, Jack Childs, returned Y. M. C. A. missionary from China, will give an account of experiences and impressions which he received there.

Professor Guyer is scheduled to speak Sunday evening, October 8. His subject will be "Evolution." The following week Commissioner of Athletics Griffith will address the club. Reverend Soldan, pastor of the Luther Memorial church and a former army chaplain on October 29 will tell the story of his experiences at Fort Leavenworth.

Dean Roe will speak on English literature the evening of November 5. Professor Ross will speak on December 3.

Professor Ross will talk on Mexico November 19 and Professor Gordon will speak before the club December 3.

The annual entertainment for poor children will be held on the Sunday evening preceding the Christmas vacation. Plans are already being made for this affair, and is the aim of the club to make it even more pleasant for the youngsters than before.

Jane Addams, of Hull house, Chicago, will make her second appearance before the club during the second semester. Miss Addams spoke to a crowded hall when she addressed the club last year, and many were unable to gain admission.

Warn German People Reinsch is in China

BERLIN—Commenting on the recent announcement in Japanese newspapers that Dr. Paul S. Reinsch, former United States minister to China had gone to Peking as financial adviser to the Chinese government, the *Allgemeine Zeitung* says it is important for Germans to realize "that this is the man who day and night, in 1917, bored away at Chinese government circles until he achieved the stage which produced China's declaration of war on Germany."

Asphalting of city streets is being delayed due to the lack of flox oil which has not yet arrived in the city. Work was to have been started Monday by the Butler Construction Co., Waukesha, but will not be started before Thursday.

Indians Ask Harding for Full Citizenship Rights

CHICAGO—A resolution declaring that the only race living amidst civilization without a flag or country is the American Indians and calling upon President Harding and congress to enact legislation giving full rights of citizenship to Indians was adopted at the close of the 4th annual convention of the Indian fellowship league, it was announced today. Frank Cayou, former Carlisle football player, was re-elected president of the league.

G. O. P. Expect Majority of 60 in Next House

WASHINGTON—Confidence that the Republicans would have a majority of 60 in the next house was expressed today by Rep. Wood, Ind., chairman of the Republican

congressional committee, during a conference on the political situation with Pres. Harding. Mr. Wood said the Republicans undoubtedly would sustain losses, but that the outlook for the party was brighter than a month or so ago.

NEWS OF CONFERENCE SPORTS

BARR OFFICIALLY DECLARED ELIGIBLE

80 CANDIDATES TRY FOR PLACES ON FROSH TEAM

Walsh and Williams Show Best in Early Practice

Between eighty and ninety freshmen football candidates, generally of light material, have reported to Coach "Keg" Driver.

Scrimmage has not yet become an important part of the daily practice but before the week is over the men will be given, grueling work. Ends, half-backs, and quarters are plentiful, but the center of the line and a good kicker will have to be developed from pretty green material.

Few Heavy Men

Only twenty men of the desirable 170 pound size have reported thus far. Small men who are lacking in experience are not being encouraged to come out for line positions. Driver hopes to weave a strong combination as the big men out are all good prospects as new material goes.

"Keg" seems to think that he will beat the Varsity this year if the statements on the "sign-up" cards are all true. Every player on the squad it appears, has played on a state champion team, did it for years, and has write-ups to prove everything.

Walsh Looks Good

No real personal dope is now ready on the various individual players as they have not yet had a chance to show their stuff. "Bud" Walsh, former Madison high school head-liner will make a strong try for the quarter position. He will have plenty of opposition as five speedy quarters were in action last night. Walsh appears to be a rare passer.

Williams, another quarter, from Sioux City high school acts like a tried performer and probably will be given plenty of openings to exhibit his wares. Nelson might be a good bet for an end position. He played that location on the Superior high eleven, weighs about 185 pounds, is well put up, and has an aggressive record.

O'Shea, Nardin, Richards, Will Speak at Wausau

Three Madison people, Prof. M. V. O'Shea, Dean F. Louise Nardin, and Mrs. H. S. Richards will speak at the annual convention of Wisconsin Federation of Women's clubs to be held at Wausau September 27-29.

Dean Nardin, will preside over a meeting to discuss education on Thursday afternoon. Her subject will be "Opposing Tendencies and Theories in Education." Other speakers at this meeting will be Dr. Scudder who will talk on "Education in the Orient," and Miss H. Helliwell, Milwaukee, on "Training of the Child in Pre-School Years."

Prof. M. V. O'Shea of the education department will leave Friday noon to give an address on "Problems of Youth in Modern American Life." Mrs. H. S. Richards will speak on "Glimpses of the Biennial" on Wednesday.

Beginning German Course Is Planned For Grads

The German department will offer a course in beginning German for graduate students who wish to prepare for the reading test in German, and who are not sufficiently advanced for German 16. It will be a no-credit course, classes meeting twice a week under Prof. B. Q. Morgan. All students who are interested should see Professor Morgan at once.

Harvard Crew Will Use New Training Apparatus

Crew coaches of Harvard university adopted the newly invented rocking seat for instruction purposes. The new apparatus, which will replace the old sliding seat arrangement, has been thoroughly tested by a crew in a specially fitted shell on the Charles, and will be employed this fall by the coaches in training the men.

CONFERENCE CAPTAINS WOULD MAKE WORLD-BEATER ELEVEN

The success of a football team is measured to a large extent by the success of its captain. On the captain devolves the greatest responsibility. Looking over the list of captains in Big Ten Universities, we find an array of football talent that would make a world beating team if playing together. Every position on grid eleven is represented by the captains in the Big Ten. Six of these ten men play in the forward line, while the other four are back field men. Following is a complete list of the captains and their positions:

Harold Lewis, Chicago, tackle.
David Wilson, Illinois, end.
H. C. Hanny, Indiana, end.
Gordon Locke, Iowa, fullback.
Paul G. Goebel, Michigan, end.
Ollie Aas, Minnesota, center.
James Patterson, Northwestern, fullback.

Lloyd Pixley, Ohio, guard.
Edgar Murphy, Purdue, quarter or half.

"Rolie" Williams, Wisconsin, halfback.

The work of these men will be closely watched, for several of them have been, and will be, strong contenders for All-American team choices. The playing of Lewis in the Chicago line will be especially interesting because of supposed strength of the Mid-way aggregation, and because Chicago has a

heavy schedule ahead, two games being intersectional contests. Capt. Lewis has an advantage over other conference captains in that he has ten letter men on his squad, while most of the teams have important vacancies to fill. The job of Dave Wilson down at the Illini camp is entirely different. He is the only veteran in the Suckers' line. It will be remembered that it was largely through the untiring efforts of this varsity captain that Illinois played havoc with the dope last season by defeating Ohio State in a sensational battle.

Hannan at Indiana is looked to for some flashy football. Little of the strength of the Hoosiers is known, but all fans know that Hannan has had many gridiron experiences and has always looked after his end of the line in first class style. Besides "Pat" Herron, Indiana has another new coach who is to assist in getting the moleskin athletes into fighting trim. The new assistant is Charles W. Bolen, former star end at Ohio State, and more recently an assistant at that institution.

Locke of Iowa and our own "Rolie" are two of the most feared backs in the Middle West. Both are likely candidates on the All-conference teams that will be picked after the season ends. Goebel is another player who will attract no little attention by his playing on the end and by his kicking ability.

ROCKY MOUNTAIN COACHES OPPOSE NEW GOAL RULE

Fear Unfair Decisions By Officials in Scrimmage After Touchdown

It is unlikely that the new method of kicking goal after touchdown will be used in the Rocky Mountain conference. The officials and coaches of the conference have recommended to the faculty conference that the rule be declared inactive in this conference and it was declared yesterday that this recommendation will be acted upon favorably at the conference meeting October 4.

Many of the coaches at the meeting Saturday agreed with Coach Murray that the rule was not a step forward in the game and that it should be dropped. It rules that the goal after touchdown shall be made from scrimmage with both teams in action instead of the old method of a free kick.

Murphy's contention is that it will cause continual wrangling over the offside decisions of the officials because both teams will be under strain to prevent that one point and the tendency will be toward being offside. One point and perhaps the game may depend upon the decision of the officials of an offside play, a situation that places too much importance on the judgment of one man, "it will defeat the purpose of the play when it was first made—to give the players of both sides a breathing spell between scores. And it will present an anti-climax after the touchdown and will add nothing to the game from the standpoint of the spectator but just one more scrimmage play."

This is the argument presented by Murphy to the meeting of conference officials last week, and it was agreed with by most everyone present. This recommendation will be offered to the coming meeting of the conference faculty.

Begin Action Against Uhlein Lake Trout Wall

Attorney General Morgan today opened court action against Joseph E. Uhlein, Milwaukee, to require removal of a concrete wall built along the lake frontage of his property on the ground that the structure obstructs the right of the public to use of the shore line up to the high water mark. Riparian rights of the public are involved in the action returnable before Judge J. G. Gregory on Saturday. The attorney general is asking removal of the wall as a nuisance.

When the case was commenced last June, agreement was made by Mr. Uhlein that he would build a sidewalk around his wall. He is said to have failed to carry out his agreement.

Gov. J. J. Blaine returned to his duties in the state house yesterday following a week-end hunting trip with Ralph M. Immel, his private secretary, and members of the conservation commission in the northern part of the state.

MENTAL TESTS GIVEN BY N. J.

New Plan Aids Brilliant Students, Avoids Room Crowding

To lessen the crowding of classrooms and to enable brilliant students to shorten their college courses in order to save money, all freshmen entering Northwestern university this fall were required to take mental alertness tests. Approximately 9,000 students were tested in groups of from 400 to 600 on September 18, 19 and 20, all assignment to classes was based on the outcome, according to President Walter Dill Scott. L. Winfield Webb, professor in the psychology department, directed the tests.

In outlining the new plan, President Scott said, "Students who show marked superiority will be permitted to register for more hours of instruction than others, and thus may shorten their periods of college training from four to three years. All the young men and women who attend college are definitely in the upper quarter of our population in general intelligence, but some are capable of advancing four times as fast as others. These are held back by the members of the class who cannot advance so rapidly.

"It would be greatly to the advantage of all the students if those who are exceptionally brilliant were segregated and given an opportunity to advance as rapidly as their talents permitted. By means of

mental alertness tests such a segregation can be made fairly satisfactory."

"In classes in such subjects as English, mathematics, or foreign languages and history there will be several hundred students. These students will be broken up into sections of from twenty-five to thirty students each.

"By means of mental alertness tests it will be possible for the various teaching departments to make these sections on something more than arbitrary subdivisions. It will be possible for the departments to select thirty young men and women who surpass others in intelligence and to combine them in one section. The instruction then can be based on the needs of the students, and they will not be held back by the delays and explanations which would be necessary if the class contained one individual of less brilliancy.

Gov. J. J. Blaine returned to his duties in the state house yesterday following a week-end hunting trip with Ralph M. Immel, his private secretary, and members of the conservation commission in the northern part of the state.

STAR QUARTERBACK IS GIVEN HIESTAND'S PERMIT TO PLAY; WISCONSIN TITLE HOPES LEAP

Wallace "Shorty" Barr officially was declared eligible for Big Ten Conference football yesterday noon.

Registrar W. D. Heistand announced from his office on the hill that he would certify that the required average in grades was made by Barr during the University of Michigan summer school.

The quarterback received a poor in Bankruptcy, a fair in Evidence, and a good in Equity at Michigan. His Wisconsin marks barely were over the required 77 average.

"With Barr eligible, I can begin to build up my attack," declared Coach John R. Richards when he was apprised by Athletic Director Thomas E. Jones of Hiestand's announcement after the scrimmage at Camp Randall yesterday afternoon.

The presence of the chubby quarterback in Wisconsin's backfield will add a world of strength to the offense. Barr is probably the best forward-passer in the Middle West. As in former years, the Badgers will depend upon the aerial game for many of their gains and with "Shorty" to hurl the pigskin and any of the ends and backs to receive the tosses, the short, over-the-line screened pass will be of Richard's offensive game.

Barr is a heady field general in addition to being an accurate passer. He can call the right plays in a pinch and he knows how to steady a team. "Shorty" also has what is commonly called an "educated toe," and he may get several opportunities to score via the drop-kick route before the season finishes.

Varsity went through another short scrimmage with the reserves yesterday. The line-up remained unchanged with Barr, Captain Williams, Taft, and Gibson in the backfield. Irish and Tebell held down the flank positions. Nichols was at center. Teckmeyer played center for the second eleven, while Pearce watched scrimmage from the sidelines.

In the reserve backfield were Whitten and Saari, halves, and Radke, fullback. The scrubs showed the same spirited defense that they had previously displayed, but were unable to do much on the defense.

Walter E. Eckersoll, Chicago Tribune sport critic, was at Camp Randall taking pictures of the squad and getting "dope" on the Badger gridiron outlook. He conversed with Coach Richards at length.

Madison Men Enter In Motorcycle Race

"Skinny" Maley, Prairie du Sac, won first place in the motorcycle races at Baraboo, Sunday afternoon. Out of a field of 10, four of them Madison boys, Maley eliminated them all after the first two miles. Maley drives a twin Harley-Davidson.

Madison men entered were: Frank Engelberger, Fritz Melcher, Joe Kotz, and Dick Evans. Joe Kotz spilled in the middle of the race, coming in fifth in line.

Runaways Back After Milwaukee Sight-Seeing Trip

Two lads who failed to appear at school in West Allis this morning were greeted by Patrolman Ole Seeland at the Northwestern depot when they alighted from the train from Milwaukee.

"We just wanted to see the town. We didn't run away," the boys insisted in response to questions by Capt. Harry Davenport.

Their finances totalled 60 cents, and their wardrobe, outside of the clothes they wore, a pair of overalls each. They were planning to walk back, they said.

Capt. Davenport notified the West Allis police department.

Keystone Executive Body Meets in S. G. A. Rooms

The first meeting of Keystone executive council composed of the presidents of the women's organization of the campus, was held last evening in the S. G. A. rooms.

The members voted to again receive a course in parliamentary drill to aid them in their respective offices.

Keystone meetings are to be held hereafter on the second and fourth Thursdays of the month, replacing the Tuesday meeting. All presidents of organizations must sign within the next week in the office of the dean of women, with Miss Clara Flott, for rooms in Lathrop Hall for meetings.

Notre Dame Student Is Accidentally Shot

SOUTH BEND, Ind.—John Herbert Culhane of Chicago, a student at Notre Dame university, was accidentally shot to death in his room here Monday. Four students were inspecting a revolver. Robert Cunningham, Newark, N. J., pulled the trigger, not knowing the gun was loaded.

Eliminate Breakfast Stop in Madison

Northwestern train 510, Elroy to Chicago, will pick up a dining car in Madison hereafter, instead of making the usual 25 minute stop in this city to allow passengers to eat breakfast.

THE GREEKS STAND PAT

THE fraternities and sororities have come through. They have shown their spunk. They have taken a definite and drastic stand to enforce their demand for a reduction in dance orchestra prices.

In refusing to patronize an orchestra agent who refuses to cooperate in adjusting rates, they have taken the lead in a matter which affects the whole student body.

Dance orchestra prices should be moderated. If all student organizations and all individual students will join in the measure taken to make prices reasonable, a reduction will be assured.

A REWARD FOR LOYALTY

SINCE the Varsity Welcome the campus has been spotted with green caps. The freshmen have shown good spirit and loyalty to the university by wearing their official headgear.

Yesterday morning a degree of hazing broke out on the campus. Freshmen wearing green caps were told to button. Sophomores tampered with the clothes of freshmen wearing green caps.

That wasn't a square deal. Those freshmen were willingly showing their loyalty to Wisconsin by wearing the caps. And because they had shown loyalty they were singled out for ridicule.

A few freshmen are not wearing green caps. We speak not a word in their defense.

But to pick out the green-topped frosh for ridicule is unfair. It is inconsistent. It is a violation of the spirit of that new cap.

ON AUTOMOBILES

AZZ and speed are products of the present age. The jazz craze is beginning to pass, but speed maniacs are daily seen rounding corners on high and leaving in their wake breathless but grateful near-victims.

Automobiles may be a luxury or a necessity for the college man. That point is always open to argument.

But laws regulating the speed at which the cars are to be driven are vitally necessary. Merited punishment for too speedy speedsters has become a necessity.

That point is always open to argument. Anyone arguing other

wise, however, would soon be convinced were they to watch the cars that race up Langdon street and down University avenue.

Time has always been considered valuable. For years we have heard of diamond minutes and golden seconds. There is no reason to believe that college students' time is less valuable than other men's.

But human life is also sacred. It may be an old-fashioned idea but at any rate there are still people who cling to the old belief that life is the most sacred gift bestowed upon man. More precious than time. And more interesting.

Yet human life is daily being imperiled. No day passes without its accident or near-accident on one of the city's busy streets. Property is damaged—cars are wrecked. Cars speed around the corner on two wheels or less and are saved from destruction by a miracle.

A shrill whistle, a shrieking of brakes, a rush of air—and the car is gone leaving in its wake a startled pedestrian who fervently breathes a prayer of thanks that he still has escaped the fury of some poor hurried speedster.

If the property and lives that are risked belonged only to the careless drivers there would be less thought on the whole matter. But each of these careless and speedy ones endangers other drivers and pedestrians as well.

"Am I my brother's keeper" applies to motorists and all others.

No one was exempt from this admonition when the world was created. And one can dare to believe that no one is exempt now.

RELICS

A VISITOR to the campus might with reason believe that the university was entertaining for the week. And that the guests were high school students.

The green caps worn by the freshmen men indicate that they have entered the university. But the abundant display of high school insignia shouts otherwise.

This is hardly an age of jewelry.

This is hardly an age of jewelry. Even if it were, high school jewelry, letters and other insignia are

entirely out of place on a university campus.

Such insignia may have been a mark of highest merit in the high school. And yet it is but natural that their owners should treasure them.

College men and women have the highest regard for such decorations.

But upperclassmen respect most those possessors of high school insignia who keep that insignia in a treasured memory box.

Relics of the past have little place in the future. Even though that past was eloquent.

The university has insignia of its own that it bestows upon deserving students. There are many honorary scholastic, athletic and forensic emblems that may be worn and worn by university men and women. But the basis upon which these emblems are bestowed is for ability shown during the university career. Meritorious high school records neither add nor detract from the ability shown here.

Each record stands complete in itself.

Many a youth has had a meteoric career in high school but a disastrous one in the university. There can be no comparison between the standards of secondary and higher schools. The studies are more complete; the social life is more enticing; the competition is keener.

The high school emblems express what is past. Today is here with its many opportunities. And the freshmen who realize that and prepare for it by discarding useless impedimenta are but making an early bid for when the university has to offer them.

OBSEVATORY OPENS WEDNESDAY, OCT. 4

More than 100 students are expected to attend the opening night of the Washburn observatory, on the hill above the Ag. hall, Wednesday, October 4.

Beginning with the first Wednesday in October and continuing throughout the succeeding months the observatory will be open to students from 7:30 p. m. to 9:30 p. m.

This year Prof. Joel Stebbins, who is a former student of the astronomy at the university of Wisconsin, and who for the past 20 years has been in charge of the observatory at the university of Illinois, will be in charge. He will be assisted by C. M. Huffer, of the Southern Station Lick Observatory at Santiago, Chile.

Professor Stebbins is taking the place of Prof. George C. Comstock, who, since July 1 has been on a leave of absence. Professor Comstock is on an extended trip abroad and will return to the university within a year or two.

BIG NUMBERS ARE ON PARKWAY BILL

Starting with "The Woman of Bronze" this Saturday, and including such shows as "Lightnin'," "The Bat," "Just Married," and "The O'Brien Girl," the Parkway theater will present a series of legitimate plays this winter which will cover the entire field of drama from comedy to tragedy.

Madisonians will be entertained by such famous actors and actresses as Otis Skinner, Margaret Anglin, Olga Petrova, the former movie star Fisk O'hara, and John Drew, and by such organizations as Sousa's band.

Margaret Anglin, who is appearing this Saturday in "The Woman in Bronze," is widely known both as an actress and as a writer of Greek plays. Immediately after the afternoon performance, Miss Anglin will speak to members of Miss Gertrude Johnson's classes in the Drama and in Interpretive reading.

Starting at the Saturday matinee the program is as follows:

Sept. 30—Margaret Anglin in "The Woman in Bronze."

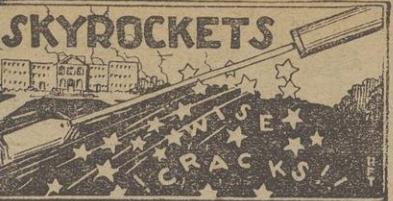

Oct. 7—Olga Petrova in a one act play of her own writing, "The White Peacock."

Oct. 13—Just Married."

Oct. 16—Sousa's Band.

Other plays which will appear during the winter are—

May Robson in "Women's Millions," "The O'Brien Girl," Walker Whiteside in "The Hindu," "The Bat," Fisk O'hara in "The Land of Romance," "Lightnin'," John Drew and Mrs. Leslie Carter in "The Circle," and Otis Skinner.

WENT out to football practice yesterday.

RUSS Irish having rassled trunks all summer is now trying his luck at tackling. He didn't get much instruction as Jawn was too busy extending the glad mit to Senator LaFollette.

SENATOR must have been trying to put over some business.

WE understand that Coach was glad to see him especially after the Wisconsin senator had held out on the exorbitant tariff on leather.

WHAT THE WELL DRESSED MAN WON'T WEAR

1. Garters.
2. Armbands.
3. Earmuffs.
4. G. A. R. badges.
5. Alleged Ford speedsters.
6. Rodolph Valentino pants and silly girdles. (see Phi Psi.)

WHAT THE WELL INFORMED GIRL WON'T WEAR

1. Anything.
2. Nothing.
3. Everything.

ON THE Saturday train from Oshkosh which arrived Sunday, Eleanor Chase blew in. Calling up Bill Eddy, she demanded to know how cum he hadn't been over. Bill pulled a good one. Told her he couldn't get in the D. G. house for the Psi U's. She apologized.

WE WALKED up the hill Friday with a girl well known around the campus but who objects to having her name in this col. and we admired her wonderful jet black hair, but what we started to say is she looked many % better looking when we saw her that night at T—n's dance hall all coiffed out as a beautiful blonde.

Old mother Hubbard went to the cupboard. To get her poor dog some bologna; When she got there she found it was bare. So she had to put on a komogna.

THE Sigma Nus had a dandy concert the other nite till two o'clock. Nobody cared to sleep it had so intrigued them.

SPEAKING of football practice, the other night Ben Pearse tried to tackle a dummy and instinctively she slapped him.

DUMBBELL EXERCISES

1. Chasing iron deer off the front lawn.
2. Pushing young ducks in the water.
3. Knocking the stuffing out of olives.
4. Telling frost to button.
5. Making an Alpha Phi Prom queen.

IN FRONT of the Phi Psi's new dormitory we notice about thirty or forty crates which look as though they might contain bathtubs (you'll pardon us). All of which leads us to conclude that the boys may not be so clever but they strive to be clean.

PI PHIS are disappointed at the rushing prospects. According to one of the members there is no one outstanding this year like Thelma Blossom's fiance.

BY THE WAY, we hear that the above Thelma swept the field at Atlantic City until she bumped into the bathing suit contest. The damn tide went out.

ODDITIES IN THE NEWS

Winstead, Conn. Sept 26—(By Indian Runner to the Rockets) Aviator lands on church steeple and tears out hip pockets. Funeral arrangements have not been made.

Lodi, Wis. Sept 26—(By Telescope)—Rattlesnake here plays mother to orphan giraffe.

Chicago, Sept. 26—(By Roller skaters)—Man finds old favorite tooth brush lost forty-one years. Bristles all intact. (Rubberset paid advertisement.)

MORELAND McMurray fell over in a dead faint when he heard that the Chi Psi had pledged an athlete.

HEINIE

Bulletin Board

Bulletin board notices are published by The Cardinal free of charge as a courtesy to student organizations. Announcements must be as brief as possible and must be sent to the editorial offices in the Union building before 5:30 o'clock of the afternoon preceding the date of publication. Following are examples of the correct form for writing such notices.

—The Editor.

SOPHOMORE MANAGERS.
Several sophomore men are needed to fill positions as managers on the Varsity cross country team. Applicants should see Coach Mead Burke at the men's gymnasium.

CROSS COUNTRY.
Upper class men and freshmen who wish to join the Varsity and freshmen cross country squads are asked to report at once to Coach Mead Burke at the men's gymnasium.

BADGER CIRCULATION
All people interested in circulation work on the 1924 Badger report at 4:30—5:30 on Friday; at 8—12 o'clock on Saturday, at the Badger office.

BADGER PICTURES.
All senior pictures for the 1924 Badger must be in by November 1. Sittings should be arranged for at once. Pictures from the following studios, only, will be accepted: Badger, DeLonge, Bell, Hone and McKillop, Thomas, and Sneider.

THETA SIGMA PHI
Theta Sigma Phi officers will meet at 12:30 o'clock Thursday in the Union building.

Schools Bring New Honors to Dane County

Adjudged Best in Wisconsin at 1922 State Fair

"From time to time there springs almost magically into prominence some obscure, isolated country school. Having done something exceedingly well, the school is discovered, and then analyzed, advertised, and canonized. We ascertain how it accomplished what it has done, and with its methods construct a new dogma—a new system of teaching."

The local schools that have sprung into prominence are the Highlands-Mendota Beach and Badger schools. Their prominence is due to the winning of first prizes for one and two room schools at the 1922 state fair where all the schools of the state competed.

Other Dane county schools that won honors were Nakoma, second among three room schools, Middleton, fourth and Black Earth, fifth, among four room schools and Ashton, third, of the one room and Cross Plains, fifth, among two room schools.

Pastors Arrive For District Conference

The vanguard of the 35 pastors from Illinois and Wisconsin who are expected to attend the district conference of the Lutheran church arrived in this city today.

The convention opens tomorrow morning and lasts until Wednesday night. The conference will be held at the Zion Lutheran church, 2021 Division st.

U. S. Will Not Scrap Ships Till Powers Sign Treaty

WASHINGTON, D. C. — Secretary Denby announces that there will be no scrapping of battleships until after the five power naval treaty has been ratified by the last of the subscribing powers. France and Italy have yet to ratify the pact.

Five obsolete battleships have already been sent to the scrap heap, but it was said that, although named in the treaty, they would have been scrapped anyhow. They are the Virginia, Rhode Island, Nebraska, Georgia and the New Jersey.

Officials, it was indicated, have felt that the near east situation might lead to some of the signatories changing plans regarding the scrapping of vessels beyond the treaty provisions, and for this reason it would not be wise for the United States to begin actual scrapping until all the powers have ratified the pact.

Raise \$13,077 At Start For United Charity

Half Day's Work Nets Substantial Amount For Union

Half a day's work on the Community drive resulted in a total of \$13,077.89 being reported at the non luncheon for workers in the Beaver building today.

Teams working in the state capital won the basket of flowers for coming nearest to their quota. Following is the report by teams: 1st, \$2; 2nd, \$346; 3rd, \$175; 4th, \$182.14; 5th, \$189.50; 6th, \$103.50; 7th, \$48; 8th, \$454.75; 9th, \$85; 10th, \$1191; Capitol, \$448.50; Industrial, \$326; Flying Squadron, \$8,000; Square 478.

The largest amount of money re-

ported was by the flying squadron, headed by Theodore Montague, which turned in \$8,000. The second largest amount of money was reported by tenth ward teams,

headed by Supt. T. W. Gosling, who turned in \$1,191.

More than 350 workers attended the luncheon.

Real Service Must Be Engineered

Many of the men whose names are writ large in engineering history are design engineers; men like Westinghouse, Lamme, Stanley, Hodgkinson, Tesla, Shallenberger. Their inventions have the quality of usefulness, of reliability, of productability; which is an involved way, perhaps, of saying that they have the primary requisite of all really great inventions: Serviceability.

Engineering history abounds in instances of near-genius that produced no product, and of great developments that never reached completion; and most of these instances are explained by the lack, somewhere in the system, of that ability to give real Service.

Service, in a machine or a system, or wherever you find it, is not there by accident but because it was incorporated by men who understood what was required and knew how to provide it.

Much more is required of the designer than facility in calculation and mastery of theory. He must have first hand and thorough familiarity with manufacturing operations and with commercial and operating conditions. It takes more than mere ingenuity and inventiveness to design apparatus that will be really serviceable and will "stay put."

The design engineer, in the Westinghouse plan, is responsible for the performance of the finished product. He cannot possibly have the proper understanding of operation unless he operates and tests, unless he spends time and thought in investigation and study, not in the laboratory or drawing room, but right on the operating job. Here, most of his ideas will develop; and here he will see and prepare for all the different things which the product will later have to encounter. Then when he comes to put his creations on paper, his calculations will be necessary and helpful to check the conclusions which he has reached, and this right use of them requires training and a high degree of understanding. This proper balance of the physical and mathematical conception of things is what constitutes engineering judgement.

It should be thoroughly understood that the primary function of the design engineer is the conception and the production of new or improved apparatus, and familiarity with the practical is essential to the proper discharge of this duty.

It is this view of designing that makes this branch of Westinghouse engineering so important, so effective, and so productive of real developments.

Social Notes

Sorority Rushing Functions Today

Every sorority will entertain this afternoon with an informal rushing party. Some are being given at the chapter lodges and some of the functions are in the form of picnics and cottage parties. Many attractive parties are planned and the decorations and color schemes show a great deal of originality.

These affairs include a Japanese dinner dance given by Alpha Delta Pi. The house will be decorated in lanterns and apple blossoms.

Achota will give a "County Fair" with decorations and food appropriate to meet the occasion.

An "Indian dinner party will be given by Alpha Chi Omega. A program of special stunts will be given. The party will be at the chapter house.

Alpha Gamma Delta will have a picnic across Lake Mendota.

A tea dance in the form of a "Variety Fair" party will be the function of the Alpha Omicron Pi sorority.

"Alpha Phi Phollies" will be given at the Alpha Phi house. It will be an informal party.

A cottage party will be given by Alpha Xi Delta.

Chi Omega will entertain with a Japanese dinner and dance. Apple blossoms will be used in decorating and the guests will be seated upon cushions in true Japanese fashion. The Japanese girls who are students in the university will serve, wearing their native costumes.

Delta Delta Delta is having a French supper and "Soiree" with gold and black decorations predominating.

Delta Gamma is planning a feature party and dinner to be given at the house.

A "Toy" party is to be given by Delta Zeta sorority. Balloons and toys will be featured throughout the party.

Autumn decorations will be used for the "Gypsie" supper to be given by the Gamma Phi Beta.

Kappa Alpha Theta will entertain with a "Registration" picnic at the Williams cottage on Lake Mendota.

Fountains and palms will decorate the Kappa Delta house for their Venetian party to be given this evening. Miniature gondolas will be used for table centerpieces.

Kappa Kappa Gamma will entertain with a cottage picnic on Lake Mendota.

"La Belle Forre" will be the

name given to the French carnival with which the Phi Mus entertain. It will be held on the lawn of the chapter house and lanterns will be used in the lighting effects.

Pi Beta Phi will give a studio party. Dinner will be served at quartette tables.

Sigma Kappa will entertain with a "Marauders" party. Pirates will be the feature of the function.

McLandress-Hoffman Engagement Announcement was made Sunday of the engagement of Miss

Helen McLandress, Indianapolis, to Mr. Herman Hoffman, Terre Haute, Ind.

Miss McLandress is a senior in the College of Letters and Science and is a member of Alpha Delta sorority.

Mr. Hoffman is a senior in the Commerce school and is a member of Delta Sigma Phi fraternity.

** * *

Gun and Blade will entertain informally Friday night with a farewell party for M. H. Teige who has just resigned from the club. There will be dancing and entertainment.

Autumn leaves and garden flowers will be used in decoration. The party will be held in the club rooms at the Union building.

The honored guests will be Mr.

and Mrs. Walter Chisholm. The party will be chaperoned by Mr. and Mrs. Ralph Canuteson, and Mr. and Mrs. William A. Hartman.

Miss Georgiana Kimberly formerly a student here, is visiting at the Kappa Kappa Gamma house until the close of rushing.

FRATERNITY BOWLING.

Important meeting of the Interfraternity Bowling league at the T. K. E. house, 216 Langdon street, at 4:30 o'clock, Wednesday after-

noon. All fraternities desiring to be in the league this year are asked to report at this meeting.

CANDY IS A GOOD FOOD—EAT MORE OF IT

Blood Vibration Discords Cause Stomach Ache

CHICAGO — Vibrations of the stomach not in harmony with the rest of the body cause stomachache, according to Dr. Albert Abrams of Leland Stanford University before the American Association of Medico-Physical Research. Each drop of blood has its own vibration he said, and discordant ones are felt as body disorders. Dr. Abrams contended that paternity can be established by comparison of the vibrations of father and child.

G. A. R. Refuses to Let Davidson Speak
DES MOINES, Ia.—Gaylord Davidson of Charlestown, W. Va., who was reported to be coming to the Grand Army encampment to speak in behalf of the Confederate veterans for the return of southern flags captured in battle, will not be given a hearing by the G. A. R. General Pilcher, declared that Mr. Davidson is not a Confederate veteran, as had been reported by a member of his staff last week, but was a son of a Grand Army veteran, and has become identified with the south in a business way and interested in the hopes of the Confederate veterans for the return of battle flags now held in trophy cases of northern states.

FOR THE MAN WHO CARES

Your Fraternity House— Is It Adequate?

You are interested in a new fraternity house. Either you own your present house—or you rent.

If you own and desire to get a better place, we have constant inquiries for fraternity houses or rooming houses, and can aid you in selling. Thus we can help in financing the new place by disposing of the old.

If you are renting—why not use your income for buying your own place? The first place you buy may be a modest one—it may not meet your ultimate requirements; but like all other fraternities, it will start you towards an actual ownership.

Our experience of over 20 years in financing fraternities will be of assistance to you. We have sold a large number of the present fraternity houses. We will be glad to give you the benefit of that experience. At this time we have several very excellent places for sale, ranging in price from \$20,000 to \$40,000 off the lake shore, and some wonderful lake shore places ranging from \$40,000 to \$75,000.

LEFAX

Leaf Plus Facts

(1) Write your notes on specially prepared LEFAX blank forms.

(2) Use the Lefax Standard Printed Data Sheets, for reference.

(3) Keep the data sheets and blank forms needed for your present work in a Lefax Binder.

(4) When finished with your notes file them in a Lefax Cabinet.

When not using the data sheets file them in conjunction with your notes according to the LEFAX Filing System.

We can furnish you with LEFAX blank forms, data sheets and supplies.

Ask us about Lefax. Let us show you the system in operation.

Demonstration from factory here this week.

agreement and asked us to sign on the dotted line with our eyes shut," declared Brown. "It is time that we showed him something."

Jesse Cohen '23 argued that a boycott would not effect the party aimed at but would merely increase the number of mixers at private halls. He claimed that musicians were attracted to the school by the opportunity to work one's way by playing. Student managed orchestras have been tried and have failed he said.

A special meeting of the conferences will be called this coming week to consider further plans for the campaign. Walter Porth '23 is president of the Interfraternity conference and presided at the meeting.

Mazomanie Man To Visit in Germany

Application for passports was made Monday afternoon at the U. S. district court clerk's office by Oswin Danz, Mazomanie farmer, who will leave shortly for his

birthplace at Bremen, Germany. He will accompany his father, George Danz, who has been visiting with his son, who has resided here for 17 years.

Fair Weather Seen For Rest of Month

Generally fair weather with normal temperature is predicted for states neighboring about the Great Lakes region by the United States weather bureau for the remainder of the month.

A strong field of high pressure centered over the upper lake region and nearly covers the entire country. The weather is almost generally fair. In central and eastern states it is considerably cooler and light to heavy frosts have occurred throughout the lake region. To the westward it is somewhat warmer.

Schaller Heads New Verona Protective Society

Edward Schaller, Verona, was installed as president of the newly-formed Catholic Family Protective Society at that village Sunday evening. Otto P. Leifriz, Milwaukee, organized the Verona branch of the organization.

Other officers elected Sunday were: Mrs. John Frank, vice president, Rev. J. W. Mellen, secretary and treasurer, and M. Wall, vice secretary.

Trelinghanson in Close Senate Primary Race

NEWARK, N. J.—Women are expected to be the deciding factor in the republican primary in New Jersey today.

Senator J. S. Frelinguysen, a close political and personal friend of President Harding, running in the direct primary for renomination, is faced with a bitter enemy and a strong opponent in George L. Record, Jersey City lawyer.

Kiland Will Return To Columbia University

Lieut. J. N. Kiland of the United States navy, left Madison yesterday for New York, where he will continue his post-graduate during the coming academic year in the engineering department of Columbia university. He has spent the past two weeks with his parents, Mr. and Mrs. G. H. Kiland, 114 N. Henry st. He attended the university here, was a freshman member

of the class of 1916.

New Veterans'

Camp Planned

A new camp of the Sons of Veterans will be organized in this city after the close of the nation's G. A. R. encampment now being held at Des Moines, Ia.

All former members of the Sons of Veterans and all other eligibles will be solicited for membership in the organization.
