VOL. XXXII. NO. 99

UNIVERSITY OF WISCONSIN, MADISON, FRIDAY, FEB. 9, 1923

PRICE 5 CENTS

MILITARY DRILL OF STUDENTS IS OPPOSED IN BILL

Compulsory Training Attacked

Military drill will become optional to the student instead of compulsory if a bill introduced by Assemblyman Polakowski of Milwaukee is passed by the state legislature. Another bill having practically the same provisions has been introduced by Assemblyman Sachsen of Dane county.

The proposed bill reads as follows:

"All schools and colleges of the university, in their respective departments and class exercises, be open without discrimination to students of both sexes; and any able-bodied male student therein may at his option receive instruction and discipline in military tactics."

Wood Fears Failure

"Although I have not seen the proposal in definite form yet, I am of the opinion that it will never be passed," Major Orlando Wood, commander of the university military department declared yesterday.

The proposed measure has been referred to the committee on education, and it will be two or three weeks before it comes up. Opposition is expected from the upper house of the legislature.

Duncan Sponsors Bill

The opinion of Assemblyman Thomas Duncan, socialist leader from Milwaukee, who has been sponsoring the bill, is that the bill is practically certain to pass the lower house.

It has been unanimously endorsed by the Women's Progressive association of Wisconsin and is backed both by the socialists and by the La Follette men.

"The bill is based on the socialist and republican platforms as both have planks condemning military training," Assemblyman Thomas Duncan stated yesterday.

"The movement is in line with the agitation for the abolition of the national guard, as the farmers of Wisconsin are complaining that it costs many times as much as it did before the war to maintain an adequate national guard, since the required outfitting is much greater.

Land Grant Not Effected

"The claim that removal of the compulsory provisions around the university military training will result in the institution's losing the large federal land grants which now contribute to the support of the agricultural college is false.

"Federal aid would come just as long as there was a military department, whether the training was optional or compulsory."

DEBATERS NAMED FOR TRI-COLLEGE FORENSIC EVENT

In the final tryouts for the Inter-collegiate Debate teams, held yesterday afternoon and evening, 12 men and 2 alternates were chosen for the four teams.

The successful men are: Ralph E. Axley '24, Henry W. Blake '25, George J. Fiedler '25, Arthur C. Inman '23, Francis K. Karel '23, Wilber G. Katz '24, George E. McKinney '23, Wayne Morse '23, Charles A. Rawson '23, Harold A. Seering '24, Robert B. Stewart '23, and Arthur T. Thorson '24. Walter H. Couton '24, and Francis Lamb '23 were chosen as alternates.

Five of the members of the two Joint Debate teams of this year were successful in making the team. According to the proposed credit plan for the literary society competition, points will be given for members who were successful in making the final inter-collegiate squads. Hesperia has six representatives, Philomathia has five and Athenae has two.

WOMAN DIVINE OF BRITAIN TO ADDRESS U. W.

England's only woman preacher, Maude Royden, is to give a free public lecture here next Friday in Lathrop hall under the joint auspices of the university, the Y. M. C. A., the city Y. M. C. A., and the Campus Religious council.

Miss Royden is in America on a short lecture tour and is filling her halls to capacity in the east where she is now speaking, according to the reports received.

She speaks on world problems and points emphatically to the world war, its great effort and its chaotic results.

GREEK RUSHING PLAN DEFEATED

Measure For Deferred Season is Lost in Inter-frat Council

At the last meeting of the interfraternity council it was decided by a close vote that fraternity first-semester rushing would not be deferred.

Such an amendment to postpone fall rushing until several weeks or months after registration would require a two-thirds majority. The proposition was defeated by only a relatively small number of organizations.

The question will again be brought under discussion at the next meeting of the council Tuesday night, according to Walter Porth '23, chairman of the interfraternity council.

Harding Will Stand For Renomination, Say Friends

Friends and supporters of President Harding believe that he will stand for renomination, while Senator James E. Watson of Indiana states that the party would extend the nomination to him without any opposition. Senator Capper of Kansas is being mentioned as a probable candidate, and friends of Senator Hughes, Secretary of Commerce Herbert Hoover, Senator Hiram Johnson, and Senator Borah of Idaho are active in their interests. Secretary Hoover has pledged already his support to Harding if the president wishes another term. Republican leaders fear that a refusal on Harding's part would be taken as an admission of party failure.

Medical School Student Quits to Avoid Scandal

To save the John Hopkins Medical school of Baltimore, Md., from unpleasant publicity through his alleged connection with the Mer Rouge, Louisiana, Klan case, Dr. B. M. McKoin, recently a student at the Baltimore medical school, has quit school. Dr. McKoin made known his intention to Dr. J. Whitridge Williams, dean of the school.

BUTTERFLIES, INSECTS, BEES TO SWARM AT FARM EXHIBIT

Friends and foes of man including beautiful butterflies, moths, harmful and injurious insects will be included in the display of the economic entomology department during the Winter Farm Festival to be held at the College of Agriculture, February 23 and 24, Alvin Weed '23, chairman of the agricultural

WEATHER: FAIR

Generally fair weather for today and tomorrow is predicted for Madison and vicinity with little change in temperature. The lowest temperature for Thursday was 10.3 at 7 p. m.; highest, 26.2 at 11 a. m.

RELIGION BASED UPON SCIENCE, FOSTER CLAIMS

Biology Strongest of Proof Found

That the greatest need of the present generation is to correlate the elemental instincts into useful powers and direct them into useful channels is the belief of Dr. Allyn K. Foster who spoke at Music hall last night on "The Psychology of Power."

Doctor Foster has spent his life in addressing university audiences and in dealing with the problems of young men and women as regards religion and science. He was introduced by Dr. J. Sherman Wallace of the local Baptist church.

Luncheon For Foster

The Campus Religious council will entertain Mr. Foster at luncheon at the Y. M. C. A. today. More than 150 tickets have been sold for the banquet. Students desiring tickets are requested to procure them at once.

The source of all energy of our human life proceeds from our elemental instincts the tides of which pour power into the engine of our lives," Doctor Foster declared in discussing the profound importance of the instincts of curiosity, fear, doubt and sex in human endeavor.

Biology Interprets Preaching

"The natural sciences confirm the elemental points of religion more than any other factor. Biology represents the most terrific preaching for religion. "If we knew our physiology, there would be a gospel according to our physiology; while psychology is merely the religion of the mind's knowledge and things beyond the knowledge of our minds."

Doctor Foster believes that through control and direction the 15 elemental instincts represent the conformity to type and answers to an instinct and that conformity to type is interpreted as an adaptation of the souls of men to God. He said instincts are correlated in power.

Art of Rome and Egypt

Discussed By Fraternity

Delta Phi Delta, professional art fraternity, met last night for the first of a series of bi-weekly meetings at which the history of painting from the earliest to the modern forms will be presented during this semester. Howard Funk '23, talked on "Early Egyptian Painting," and Dorothy Johnson '24, presented the subject of "Etruscan and Roman Art."

"Egyptian art was the earliest form of art. Art was made a profession which was handed down from father to son regardless of the latter's ability. God, wars, ceremonies and domestic relations were the subjects pictured in the Egyptian paintings," Howard Funk declared.

WHIRLGIGS IN AIR IS CAUSE FOR WEATHER

Variable weather can be expected as long as whirlwinds keep sweeping across the country, according to Eric R. Miller, official in charge of the weather bureau. Each whirlwind is accompanied by warm weather, but is soon followed by an extremely cold spell.

With the exception of the past week-end, the temperature for February so far has been about 5 degrees above the normal mean temperature for this month.

The remarkable thing about January is that there was no zero temperature during the entire month for the fourth time in 54 years.

CARNIVAL STOPS CITY BUSINESS AS CROWDS PLAY

Winter Frolic Opens With Parade

All Madison turned out at 4:30 o'clock yesterday afternoon to witness the winter carnival parade along State street and around the square.

Nearly all large Madison concerns were represented in the parade by clerks and other employees dressed in bright costumes. The parade extended the entire length of State street, with four bands furnishing the music for the marchers.

The parade was halted in front of the Strand theater where Miss Violet Maxwell was crowned queen of the carnival.

Motorcycle Races on Ice

Ice boat and motorcycle races on Lake Monona form the main part of the program for today after which the scene will shift to Lake Mendota where the University committee headed by Fred Goetz '23 will have charge of special events.

The university carnival tomorrow afternoon and evening completes the week of winter sports.

The program opens on the Lake Mendota rink at 2 o'clock tomorrow afternoon with a 100-yard dash for men.

This will be followed by the 220 and 440 yard dashes, a half-mile race, a two-mile and a mile race, all for men. University women will have an opportunity to compete in a 220-yard dash and a 440-yard dash. A half-mile and a 50-yard backward race is also on the schedule of women events.

Prizes for Greek Relays

Other races for the afternoon are the men's 440-yard backward, the quarter-mile mixed doubles, and the quarter-mile women's doubles.

Several relays will take place during the afternoon, when sorority, fraternity and faculty teams compete for prizes. Several sororities and fraternities have indicated their intentions of entering their respective races. All entries must be received by either Mildred Rieck '24, or Washburn Lyon '23 before this evening.

Ice boat, skiing, and toboggan races will take place simultaneously with the other events. Every event on the program draws prizes donated by Madison Merchants. Many silver loving cups are being offered for the more important competitions.

AGRIC FROLIC AT LATHROP TO BE COLLEGE AFFAIR

Preparations are completed virtually for the Agricultural College Federation mixer in Lathrop gymnasium at 8:30 o'clock tonight, because it is the first mixer of the semester, many agrics and homesecs have signified their intentions to attend.

Skeet Gilmore's orchestra has been procured to furnish the music for the occasion. Several mixing stunts are planned to vary the program.

Refreshments consisting of Eskimo pie and chocolate candy will be served during the evening. Tickets are on sale today on the campus at 25 cents each.

Students must present fee cards at the door, according to the new university regulation adopted this semester.

CLEF CLUB GIVES SKETCH FROM OPERA

A varied musical program was given last night by the members of Clef club in the dancing room at Lathrop hall. Beatrice Perham '24 had charge of the meeting. The program consisted of sketch from the opera, "Samson and Delilah" by members of the club, violin selections by Norma Schoen '24, a talk on opera music by Janet Breitenbach '23 and Victrola music.

NIGHT EDITORS

A meeting of Cardinal night editors will be held at 5 o'clock tonight at the editorial office.

Important.

RUSSIANS NEED U. S. AID: HIBBEN

Relief Worker, In Address Here, Sees American Benefit By Taking Step

"The people of Russia today need more than mere food and clothing which we may send them; they need that spirit of brotherhood which will make them feel that the United States is a nation of people who understand them and sympathize with them."

This was the appeal which Capt. Baxton Hibben, executive secretary of the American commission for relief of Russian children, made to the people of Madison in his address in the assembly chamber of the capitol.

Capt. Hibben, after outlining the existing conditions in Russia and the events leading up to them, made an appeal for funds for the work of the American commission for the relief of Russian children. Almost \$100 was contributed.

War psychology is not readily dispelled, and it was war psychology, that in 1917, after paying a price of 18,000,000 men, led Russia to withdraw from the conflict to establish a solid basis for the liberty she had gained," he said.

"But the Russians to whom the rights of all men, working in a spirit of brotherhood, had appealed as a vision of a new world, were strong to defeat the hired troops of Kolchak, Wrangel, Denikin, Yudenitch, Petruwa, and the rest, and in 3 years of civil war on top of 3 years of the world war, they had gained their freedom for good.

"But at what a terrific price! Railroads were broken down and nothing was safe from destruction. Farm machinery without repairs was almost useless, horses used to draw ammunition wagons and supply cars were no longer available to pull plows.

"And somehow these trials have only drawn the people of Russia closer together and solidified them in their defense of what they have gained at such price. Today in Russia the farmers who were at first uncertain of their allegiance to the new government, have made up their minds, and the farmers, 85 per cent of the Russians, are back of the Soviet government which is now perhaps the most stable government in continental Europe.

"My wife in 1919 came out to Russia to join me in an American ship loaded with arms and ammunition sent from the United States to Denikin's army. Afterwards, we refused, and we refuse today, to permit purchases of the supplies that Russia requires to achieve her regeneration here in the United States.

"Mr. Hoover is the backbone of the opposition to the recognition of Russia, and the bulwark of the opposition against Russia. He declared that our trade with Russia even before the war, was negligible. Last year our exports to Russia alone were equal to our exports to Greece, Switzerland, and Poland combined, and that is not negligible.

"A great point is made of the debt Russia owes us, and which only yesterday Russia declared herself ready to pay. Russia owes us only 2 per cent of the total of our war loans, and there is a far better prospect of getting that 2 per cent than the 98 per cent that France, Italy, Greece, Rumania, Poland, Jugoslavia and the rest of them owe us."

Blind Bureau of State Spent \$102,000, Report

The state bureau for the care of the blind spent \$102,475 in 1922 according to a report filed with Gov. Blaine today.

According to the report 861 out of 2239 persons who applied for aid were helped during the year. The report recommends that the state extend its blind relief work especially in providing for sustenance for which the maximum now is \$150 a year. The amount of \$300 allowed each blind person for rehabilitation purposes is sufficient the report says.

According to the report the bureau has placed 140 blind persons in various employments at wages from \$12 to \$18 a week.

A bill has already been introduced in the legislature providing for the abolition of the blind bureau and to revert to the former plan of having the counties take care of their blind.

GIRL WANCER WILL
APPEAR AT CARNIVAL

MISS VIOLET RUSCH

Miss Violet Rusch, 8-year-old exponent of fancy skating, will give an exhibition during the night carnival on Lake Mendota tomorrow. Miss Rusch and her father, W. A. Rusch, appear regularly at the Castle ice gardens in Milwaukee. She will be a guest of Alpha Chi Omega sorority while in Madison.

MOTOR BUS IS TAXED IN BILL

Joint Highway Committee To Propose Drastic Auto Tax Plan

Decisions of wide importance in highway legislation to be proposed to the present session were made by the joint highway committee of the Wisconsin legislature.

A. R. Hirst, state highway engineer, after presenting a tentative bill as directed by the committee, calling for a graduated weight surtax, was asked again to change its provisions slightly in order to set a flat rate on automobiles between certain small steps in weight, rather than by a direct 100 pound basis. This will mean but slight change in the general schedule.

In order to realize larger returns from motor busses which farmers declare are tearing up Wisconsin's roads, the committee decided to assess these carriers at double the license fee on trucks of the same weight, making the maximum fee \$352 per car.

Decision was reached to give au-

tomobiles from other states a 10 day privilege period in Wisconsin, and if they stayed longer to tax them \$1 for the first 30 days, and require a regular motor car tax after 30 days had expired.

A flat rate of \$5 for motorcycles without side cars and of \$8 for motor cycles with side cars was agreed upon by the committee. At present these machines pay \$2.

Federal aid for highway construction to the extent of \$1,500,000 will be made immediately available by a bill recommended today through the joint highway committee of the legislature. This will enable the highway commission to proceed at once with its plans for the present year, if the bill is passed.

Under its provisions \$711,000 of highway money now lying in the general fund out of use, will be appropriated to the commission for road building in addition to \$788,000 which is appropriated from the general fund in anticipation of excess highway funds after all expenditures legally allowed from license fees on automobiles, are made.

The bill terminates the county obligation to meet with a like amount, the expenditure of the state to meet federal aid.

Former Governor of Iowa Will Address Lions Club

Ex-Gov. W. L. Harding, Iowa, will address the Lions club at their regular meeting in the Park hotel Tuesday noon.

Madisonians interested in hearing Mr. Harding speak on The lakes-to-ocean waterway project are asked to get reservations through the Association of Commerce.

Eleven alumni classes held special reunions at the university last June.

AUTO SHOW IN CITY FEB. 20

Plan Big Display At 1923 Show; Dancing To Be Feature

The Central Wisconsin Automobile show will open Tuesday evening, Feb. 20 at 7 o'clock, in the Four Lakes Ordnance building, Atwood ave. It was decided at a meeting of the executive committee. Doors will open each following day inclusive of Saturday, Feb. 24, at 10:30 a. m. and will remain until 10 o'clock at night.

Chairman Rex Welton, music and decorations committee, states there will be music every afternoon and evening during the show.

Children's day will be Wednesday, when all children up to 16 years of age, will be admitted free of charge. Thursday will be Madison Day, Friday will be called Central Wisconsin Automobile Dealers day and Saturday, the closing day of the show, will be Central Wisconsin day.

Executive chairman, N. W. Fox, and publicity chairman, O. S. Jacobson left this morning for Milwaukee where they will spend the day in connection with the show. The executive committee announces the price of admission to the show will be 35 cents, including war tax.

A sedan will be given away. With all the automobile dealers back in the city after attending the Chicago show, work is started toward staging the event. Chairman Henry Ritter of the space committee reports that at a meeting of his committee held last night the building was charted and orders for booths are now being taken.

Says Rail Workers Backed Kemp In Race

A statement which appeared in several Wisconsin newspapers that the railroad brotherhoods of the state were neutral in the senatorial election fight in the eleventh district between Ray J. Nye and Senator-elect M. A. Kemp, was branded as a "deliberate falsehood" in a statement by M. D. Munger, chairman of the Railroad Workers' Progressive Political club, today. "The Brotherhoods did all in their power to elect Senator Kemp," he said.

Society Dance

The St. Francis society's dance tonight at Grace church guild hall will take the form of a costume masquerade. Heinz Rubel '23 and Berta Leonarz '26 will give a special stunt. Genevieve Hicks '25 is in charge of the arrangements. Alice Drapers '24 is assisting.

Wanted: 50 Leaders

Babson Institute seeks fifty men who will apply themselves for one or two years to an intensive study of business principles. This will include daily discussions in small groups directed by men with years of business experience, and conferences with active factors and office executives. This practical background bridges the gap between university training and actual business practice. It fits you for an executive position.

Babson Institute, an educational institution endowed for the purpose of fitting men for executive responsibilities, invites you to send for the book, "Training and Business Leadership." Write today. No obligation.

Babson Institute Wellesley Hills, (Suburb of) Mass.

NEWS OF CONFERENCE SPORTS

BADGERS STRIVE HARD TO REMAIN IN BIG 10 RACE

Team Aided By Delay in Schedule

Although Wisconsin had its "acid test" and failed when it lost to Purdue Tuesday, the Badgers are still a team that will have to be reckoned with before the curtain drops over the Big Ten basketball season.

Each of the outstanding teams, except Iowa, has lost a game. Michigan dropped a hot 18 to 17 contest to the Hawkeyes. Purdue lost to Indiana. Illinois went down before Michigan. And Wisconsin was defeated by Purdue.

With the Michigan contest postponed until next Wednesday the Badger quintet has several more days to work up a suitable valentine for Coach Mather and his speeding Wolverines. As far as the Purdue tilt is concerned, it was an even battle, with free throws deciding the victor.

Shifts May Be Made

Coach Walter E. Meanwell was not satisfied with the showing of his regulars, however, and a shift or two may be made before the Badger will travel to Ann Arbor. A. D. Spooner '25 started in place of Elsom against Purdue.

Although inexperienced, he played, he played a good game and with more work should develop into a players of the first order. He is fast, is a clever floor man and has a good eye for the net.

Diebold '25, who supplanted Gibson at center for a short time, is another comer. Diebold played with Madison High school, then went to Knox college and returned to Wisconsin. He became eligible this semester. He takes Wackman's place as reserve pivot man.

Williams-Tebell Defense

Les Gage is a fixture at one forward position, and Williams and Tebell are unequalled as guards. Basketball coaches throughout the country will have to hunt long and often to find a pair of defense men who can come up to the standard of Gus Tebell and Rollie Williams.

Their guarding has given Wisconsin the record of holding opponents to less points than the number scored against other Big Ten teams.

To coach Meanwell goes the entire credit for developing Williams and Tebell. Rollie played in his first year as a Varsity regular, but Doc soon preceived that he would make a star guard and shifted him to the running guard job the following year.

Chicago Has Losing Year

Tebell was a husky fighter in his first year, during which he played a substitute role, but Meanwell has worked with him until he has become the best back guard in the Middle West.

Illinois beat Chicago, 20 to 18, in a tough battle Wednesday. The Indians, coached by Ruby who is a pupil of Meanwell, have been coming right along and will be an important factor in the title race.

Chicago, despite its recent improvement, seems unable to cope with teams which have won positions in the elite upper five.

OFFER LIEUTENANCY IN U. S. MARINE CORP

No students have yet taken advantage of the offer given by the military department. Any senior who has taken four years of military work is eligible for appointment as second lieutenant in the marine corps. This offer will be open until present vacancies are filled.

Candidates will have to pass a physical examination to be recommended by Major Wood and President Birge. No other examinations are required. The chosen men will report at the marine officers training school where they will go through two years of training.

The position affords the successful candidate a very cheap method of extensive travel and education. The military department is expecting a number of applicants and the first there will have a better chance of appointment. Major Wood is in his office from 2 to 4 o'clock ev-

4-Year Course in Physical Education Adopted at Ohio

The college of education at Ohio State university has adopted a four year professional course in physical education leading to the degree of bachelor of science in education. The course will go into effect next fall.

The plan was presented to the college by Dr. John H. Nichols who emphasized the need of the course to fill the growing demand for physical directors in the public schools and communities of the country.

He mentioned the increased interest in physical education brought by the war, the great development of playgrounds, recreation centers, and recreation of the masses and the importance of health instruction and health environment in the growth of school children.

WRESTLING MEN ARE ELIGIBLE

Competition Has Been Keen For Positions on Team; Men in Trim

A load of worries left Coach Hitchcock's mind when a list showing that every man on the wrestling team is eligible for competition in the coming Minnesota meet came from the dean's office yesterday afternoon. With the exception of Bob Holmes, 135-pounder, and possibly Phelps, in the 115-pound class, his squad is intact.

Competition between three men has been keen for the post in the 135 pound class and it was not until last night that Coach Hitchcock finally decided on the man to take Holmes' place. George Schaeckel will represent the Badgers in this class.

The only other post which is doubtful is the 115 pound class. Phelps, who has been working in this class and who competed in the Northwestern meet, is not in the best of condition and may not work against Minnesota.

Badgers Without a Victory

With the exception of these two classes, every post is definitely decided upon.

According to Coach Hitchcock, Wisconsin will have an even break against Minnesota. Since the advent of wrestling to Wisconsin, the Badgers have not succeeded in winning a single match from the rival Gophers and Hitchcock hopes to break the jinx tomorrow.

Wisconsin Tied for First

The work in the heavy weight class falls on Bieberstein, football guard, who has done good work so far this season.

Heuer, will work in the 158 pound class and Hembre will uphold Wisconsin's end of the 145 pound class. Schaeckel has been picked to work in the 135 pound class, Benbow in the 125 pound class and either Phelps or Suzuki in the 115 pound class.

Wisconsin is tied for first place in the conference with four other schools while Minnesota has yet to win its first game.

Roper, Princeton Coach, Not to Resign Position

William W. Roper, head coach of Princeton football team, will retain this position for at least two years. Last season there were rumors that Roper intended to resign because of private affairs.

Princeton Star to Coach

Lake Forest Gridmen

The executive committee of the board of trustees of Lake Forest college have selected Henry Gharity, former Princeton star half back, 1920-21, and at one time coach at the University of Missouri, as head coach and director of athletics.

Both Wisconsin and Minnesota have victories to their credit. The Badgers managed to beat Indiana at Madison, and Minnesota trounced Chicago.

Dorothy Johnson traced the development of Etruscan and Roman painting. The second meeting, two weeks hence, will be devoted to Italian painting of the Tuscan school of the Gothic and Renaissance period.

FROSH TO MEET VARSITY TODAY IN TANK MEET

Illness Forces Star to Withdraw

In the first competitive meet of the indoor track season, the Varsity track squad will be pitted against Coach Mead Burke's freshman team at 4 o'clock this afternoon in the gymnasium annex.

Although the Varsity has been badly wrecked by scolastic ineligibility, enough men are left to form the nucleus of a successful path squad. Coach Thomas E. Jones will use the results of today's meet to select Badger representatives for the indoor track meet.

Illness has forced some of the men to withdraw, and the Varsity will not have its entire strength on the track this afternoon. Irving Wade is suffering from an injured leg and has been scratched from the half-mile run. Roberts, hurdler, is sick and cannot compete. Lionel Tschudy, star distance man, has been called home. He ran the two-miles yesterday in 10 min. 19 sec.

Freshman Team Weak

Capt. Ralph Spetz and Eagleburger are outstanding sprinters for the Varsity. Hill is a promising sophomore runner in the 440-yard dash, and E. H. Johnson will also enter this event.

Donohue, shot putter and high jumper, is one of the new men competing for a place on the team. Donohue was transferred to Wisconsin from Notre Dame university.

The freshman team is unusually weak this year, although there are a few sure point-winners. Sherburne and Harry McAndrews, who entered from Oshkosh Normal, will take care of the sprints. Clayton Cassidy, Rockford cinderpath expert, will start in the mile run. Kennedy, quarter-miler, has a sprained ankle which is forcing him out of the competition for a while.

Entries In Various Events

Entries in the various events, as announced by Coaches Jones and Burke, follow:

40-yard dash—Varsity: Capt. Spetz, Ellingson, Eagleburger, Hill, Krohn; Freshmen: Sherburne, N. V. Smith, Koehler, Landschulz, McAndrews.

Quarter-mile run—Varsity: Johnson, Hill, McCandless; freshmen: Held, Bond.

Half-mile run—Varsity: Vallesly, Neiderman, Carter, Thompson, Hilberts, Stewart; freshman: McDowell, Dickinson.

Mile run—Varsity: Ramsey, Schneider, Bergtresser, Reed, Pipher; freshman: Cassidy, Bemm.

Two-mile run—Varsity: Perry, Swingle, Rossmoissel; freshman:

Heldt, Former Iowa Star, To Coach Ohio Gridmen

John Heldt of Lyons has accepted the position of football coach at Ohio university, Athens, Ohio. He is a graduate of the University of Iowa and has been one of the big men in the athletics of that school since 1918, receiving four P's in four years of Big Ten competition. Heldt was selected by Walter Eckersall as center on his All-Western team as well as on the Conference team. He is the third member of the championship 1921 team to take a position as head football coach.

TANKMEN OFF FOR GOPHER GO

Eligibility Uncertain Until Grades Are Okehed Today

Faced with the peculiar situation of not knowing who is eligible, Coach Joseph C. Steinauer has withheld selection of the members of the Wisconsin swimming team which leaves tonight for Minneapolis to clash with Gopher natators tomorrow.

Eligibility records were not okehed on the hill yesterday, but Steinauer expects to get the lists early today. In Minnesota his team will meet the strongest outfit that has ever represented the Gopher institution and one of the most successful squads in the Conference.

The northmen won the Conference swimming title last season, although Wisconsin defeated them in a dual meet. Faircy, Lanpher and Gow are a trio of sure point-winners. These men were instrumental in beating Chicago 53 to 18 last week despite the fact that Capt. Ed Blinks and other star natators are on the Maroon team.

Wisconsin will depend on Capt. Johnny Bennett '24, Czerwonky '24, and Ewald '23, if he is eligible, for most of its counters. Bennett is known as the "Iron Man" of the Conference because of his remarkable work in the last Big Ten meet when he won places in four events.

Moroney '25, and Koch '23, brother of Johnny who captained Wisconsin swimmers two years ago, will take care of the diving events. Salstein '25, and Dummer '25, have been working in an effort to plunge the 60 yards in good time.

Cohn, Lovewell, Hurdles—Varsity: Newell, Holmes, Muzzy; freshmen: Sharples, Legler.

Pole vault—Varsity: Hamman, Tomlinson, Schmidt, Hestwood, High jump—Varsity: Platten, Krieger; freshmen: W. L. Olson.

Shot put—Varsity: Yaudes, Van Ells, Donohue, Gilbreath; freshmen: Aller, Thomsen, Conway.

GOPHERS MEET VINGER'S SEXTET THIS AFTERNOON

Minnesota Team Has Clean Slate

An eager squad of Gopher pucksters arrived in Madison this morning anxious to prove their superiority over Wisconsin's hockey players and to keep their clean record spotless.

The first game between the two teams will be played at 3:30 o'clock today. The second will be at 2 o'clock tomorrow.

The Gophers' record is one of which they are proud. During the 1923 season, they have been neither defeated nor scored upon. Coach Viner's squad of Badger pucksters are set to ruin the record.

Badgers In Good Shape

The Badger sextet took a short workout yesterday afternoon as a final touch of preparation for the meet today. All men were on the ice and were reported to be in good condition.

The recent addition to the team of Vonczelesky and Moran, fast forwards, makes it certain that the squad will have a pair of spares of no small ability.

Both men became eligible at the beginning of this semester and will have chances to work against the Gophers.

Minnesota Star Sick

Wisconsin chances took an upward stride a few days ago when it was announced in Minneapolis that Bond, stellar wingman on the Gopher team, was in the hospital and would not be able to compete in the meets this week-end.

The Wisconsin line-up for the game follows: Center, Combacker; L. W. Johnson; R. W. Fiske; L. D. Mokrejs; R. D. Blodgett; Goal, Tredwell; spares, Vonczelesky and Moran.

Spring Football Practice

Begins at Iowa State

Spring football practice at Iowa university has been opened by Coach Howard Jones who will give the men a lecture each week of the remaining school year. Coach Jones is also planning to have light practice which will include tackling, blocking and running with the ball. Out of the 100 candidates, eight letter men including Capt. Glenn Miller, Engledinger, Kriz, Hancock, Otte, Parkin, McIntyre and Nugent have reported.

Classes and Functions,

Talk at Mathematical Club

The Mathematical club met yesterday afternoon at 4 o'clock in 309 North hall. O. H. Rechard spoke on "Classes and Functions." Refreshments were served previous to the regular meeting.

POINTS HERE AND THERE

Five men to do the work of ten or ten men to do the work of five?

Some there are who claim that activities are suffering because too much work is attempted by too few student leaders—these same student leaders being at the helm, or somewhere-whereabouts, of more than one major activity. And, therefore, they say, these ambitious student leaders are unable to give sufficient time to each activity. Their very ambition seems to be a handicap. Ambition is a wonderful thing, if properly directed and expended. But, according to demanders of the point system, ambition is too exalted if it drives a student into more activities than he can handle to the best interests of the activities and himself.

The suggested panacea is that a definite number of points be allowed each student and that he not be permitted to exceed that number.

Each branch of athletics shall be accredited so many points. Membership in fraternities and honorary campus offices also are given a basis of points so that a student may not receive more honor than is his due nor attempt more work than is his measure.

Therein, however, lies the trouble.

Is any body of students capable of judging correctly and justly to how much honor a man is entitled and what may be the measure of his ability?

Students, as other humans, do not conform to fixed standards.

Some have inherent ability which makes them efficient administrators or athletes. They would need to spend but half the time doing the work well that some others would need to do it but poorly.

These men often are found enlisted in three or more activities at a time.

Perhaps that it not right. It may be that this is working an injustice on the activities concerned. It may be that it is keeping other men, equally efficient, from finding a niche that they long to fill.

Undoubtedly a point system, if

it is earnestly desired by the students, would eliminate some injustices that are purged to exist in the present unorganized, uncontrolled scramble for offices and positions.

But whether making the jobs easier to obtain might not also permit less efficient men into these offices is a matter to be considered.

And whether the point system is really desired by the mass of students should be known.

The student senate has been struggling with the point system, its faults and its virtues. This legislative body has met opponents and backers of various point systems.

Buffeted here, cheered there, it has learned that the students are divided upon the question. What the mark of division may be it does not pretend to know.

Some one suggested that a mass meeting be held to determine student opinion on the matter.

The mass meeting has been given the senate's O. K. and will be held in the near future. Every student in the university is privileged to come. It makes no difference whether he comes to oppose or to support a point system. Students will be allowed to talk. In a sense it will be a free open forum. Debate will be limited of course.

The senate, we take it, is not interested in hearing bursts of oratory nor caustic comment. But it is interested, as any representative body should be, in hearing what students think of the measure. It hesitates to pass or veto a plan that will change the system under which activities have operated in the past, if there is not a definite need and demand for a change.

By the results of that meeting the senate may feel that the students want and need more point system. Or it may feel otherwise.

It is clearly the student's duty to be present at that meeting. Those who are ambitious for future campus honors will doubtless be there without urge. Those who are dissatisfied with the present methods will also doubtless be there.

It is hoped that enough students appear so that a straw vote may

be taken and student opinion thus ascertained.

The Cardinal is anxious to aid in any way it may to determine what that student sentiment and opinion may be.

The mass meeting appears to be the first logical step in solving that difficulty.

GENTLEMEN AGREE

Gentlemen's agreements, among and between gentlemen long have been considered as more binding and effective than the most stringent laws. The little point of honor is involved and one likes to have his honor respected.

The Cardinal notes that sororities have also adopted "gentlemen's agreements". The particular agreement that the sororities of Pan-Hellenic have entered into is that of observing new rushing procedure for the second semester.

There is no reason why this agreement should not be effective. It is to be hoped that it will be more effective than the rushing rules of last fall. Some of those rules were broken, carelessly perhaps and without intent, but broken they certainly were.

But there probably was no promise given last fall that these rules would be obeyed and respected. Breaking them was not directly such a breach of word and faith.

There are many that would break a law or a commandment who would not consider for a moment breaking their given word. Gentlemen have found that so and also doubtless will Pan-Hellenic.

The Cardinal will watch with interest to see how the new agreement works out, hoping for results from such agreements whether they may be gentlemen's agreements among gentlemen or gentlemen's agreements among ladies.

Three dollars is to be the price of admission at the University of Oklahoma junior prom which will be held March 9. Tickets will be sold to the Junior class and a limited number to underclassmen.

The scholastic average of Northwestern university's 1922 football team was 10 per cent higher than that of the remainder of the student body, according to an announcement of the grades on January 31. The team average was 2.02 while the remainder of the student body averaged 1.2. James Patterson, captain of the team, maintained an average of 2.7 since he entered Northwestern.

EDITORS SAY--

COME ALIVE!

(The Daily Iowan)

The country yokel accepts life as he finds it. Nothing is disturbing to him in Nature's wonders for he does not recognize them as such.

He plods along taking things as they come without troubling his mind as to their nature. He is vaguely interested in all things in general and nothing in particular. He fails to reach emotional heights, but on the other hand he suffers no delusions. Life to him is many hours of work and sleep. He is self-satisfied and rather enjoys this his bovine existence.

Too many university students are of the same yokel temperament. The large number which comes from farms or farming communities perhaps explains this environmental reaction which is anything but an aid to education for it is the irrevocable stamp of the mediocre.

Philistinism of the state is reflected in the university; the spirit which pervades the drab life of the farm has been transferred to the campus with but few embellishments. Students are self-complacent, phlegmatic, unenthusiastic.

Come alive! Take a mental "flyer" now and then. The university is the proper place to test your mental speed. If you don't extend yourself here, there is small chance that you will do anything for the world except to decrease its supply of food.

Generate a little enthusiasm if it is for nothing more than dating.

be taken and student opinion thus ascertained.

The Cardinal is anxious to aid in any way it may to determine what that student sentiment and opinion may be.

The mass meeting appears to be the first logical step in solving that difficulty.

BULLETIN BOARD

WOMEN STUDENTS

All women students who have changed the address which they registered at the office of the dean of women the first semester are reminded to come at once and give the correct address for the second semester. An incorrect address at this office may mean serious inconvenience for university officials.

F. LOUISE NARDIN,
Dean of Women.

SENIORS

Seniors and graduate students who are preparing to teach and desire the aid of the committee on high school relations will meet Thomas Lloyd-Jones at 4:30 o'clock Friday in 165 Bascom hall.

RIFLE CLUB

All members of the Rifle club must fire the prone stage of the Sixth corps area match this week.

N. O. L. MANUSCRIPTS

All manuscripts for N. O. L. contest must be in Prof. J. M. O'Neil's office by noon, February 12.

SIGMA DELTA CHI

Sigma Delta Chi will meet at 6 o'clock Sunday evening at the Delta Pi Delta house. Buffet luncheon.

HARESFOOT TRYOUTS

Haresfoot tryouts, open to newcomers as well as all others, will be held this week as follows:

Feb. 9—3:30-6, S. G. A. room

Feb. 10—2:30-5:30 concert room

Feb. 11—2:30-5:30, concert room

ICE CARNIVAL ENTRIES

All fraternities entering teams in the relay race should fill out and send in blanks to Washburn Lyon, 200 Langdon street. Sororities should send their entries to Mildred Rieck, 428 Sterling place.

OCTOPUS COPY

All contributions to the "Fashion" number of the Octopus must be in next Monday. This issue will appear February 12.

TEACHING POSITIONS

Prof. Thomas Lloyd-Jones, chairman of the committee on high school relations, will meet with senior and graduate students interested in securing teaching positions at 4:30 o'clock Friday afternoon, 165 Bascom hall.

BADGER ADVERTISING

All Badger advertising solicitors are requested to call at the Badger office between 2:15 and 5 o'clock Thursday or Friday afternoon.

UNION BOARD RECOMMENDATIONS

Sophomores and juniors wishing to try for recommendations to Union Board for the spring elections should call Oscar Sander at B 1590.

OFFICIAL NOTICE

The office of the Dean of Men has approved the 1 o'clock party to be given by Mystic Circle at the Gamma Phi Beta house Friday.

AGRIC TRIANGLE

The Agric Triangle will hold its regular meeting at 9 o'clock Sunday morning in S. G. A. room, Lathrop hall.

RELIGIOUS COUNCIL

The Campus religious council will meet at 12 o'clock today in the dining room of the Y. M. C. A.

SKATING, SKIING CLASSES

Skating and skiing classes will not meet Saturday on account of the ice carnival.

ATHENA LITERARY SOCIETY

Athena will hold a pep meeting at 7:30 tonight in 101 Bascom hall. Officers for the new semester will be elected.

SOPH. COMMISSION

The sophomore commission will have their Badger picture taken at 2 o'clock Sunday at the Badger studio, 17 West Main.

JUNIOR COUNCIL

The junior council will have their picture taken at 12:45 Monday at the Badger studio, 17 West Main.

FRESHMAN COMMITTEE

The freshman committee will have their picture taken at 12:45 today at the Badger studio, 17 West Main.

AGRICULTURAL SOCIETY

The Agricultural literary society will meet at 7:30 tonight in Agriculture hall.

ADOPT 10 NEW STUDY COURSES

Noted Scientist is Obtained By University to Conduct Classes

More than ten new courses have been added a new laboratory established and many other changes made by the university this semester, according to a statement issued by officials yesterday.

A new instructor, Professor The Svedberg, will conduct several new classes in colloid chemistry. Professor Svedberg comes to Wisconsin from the University of Upsala and is recognized as one of the international authorities on the subject of colloid chemistry. He is the author of many papers dealing with the fundamentals of colloid chemistry and has been recognized by the award of numerous prizes and research funds.

The courses which Professor Svedberg will conduct will include research in colloid chemistry, a seminary in colloid chemistry, a seminary in biological applications of colloid chemistry, and a seminary in just colloid chemistry.

Political Science Courses

The department of political science has been amplified by two new courses, one dealing with rural and local government and the other taking up the subject of the government of the dependencies. There have been no changes in the faculty of this department.

The department of journalism, although considered one of the best in the country, has added a new course in advanced reporting which will be conducted by H. E. Birdsong.

Prof. W. E. Leonard will offer a new course in advance composition in English this semester.

New English Section

Further classes in the English department include the division of the English 30 class in three sections.

Last semester, with the addition of a new course in sophomore English, it was thought that the section under Professor Roe would accommodate the entire number taking English 30. It was found, however, that the section was too large, and it has been divided again as formerly into three sections, the lecturers are Professors Young, Roe and Beatty.

A new laboratory has been added to the facilities of the University. This laboratory is located in the machine shop in Science hall and is called the Industrial Arts laboratory.

Heggen At Conservation Meeting In Milwaukee

The Wisconsin Fish and Game Protective association will hold its 1923 convention in Milwaukee next December, it was decided by the directors of the association at a meeting held in Milwaukee yesterday. Dr. A. S. Heggen, Madison, vice president of the association, attended the meeting.

Man And Wife Were Indiscreet; Stop Case

The divorce suit of Walter H. Fosdick, against Sarah Fosdick was dismissed in superior court today by the order of Judge A. C. Hoppmann because of indiscretions and improper conduct by both parties during the action.

Discuss Annual Church Canvass At Club Meet

Plans for the annual canvass of the church were discussed at the meeting of the Men's club of the First Congregational church at the dinner held last night in the church dining room. James R. Garver, chairman of the finance committee, is in charge of the canvass.

H. Toussaint Files \$700 Suit For Damages

Damages of \$700 are asked of William Meyers by H. Toussaint, in a suit filed in superior court today over an automobile collision at Park st. and University ave., last summer.

Rev. L. R. Call Of St. Louis Speaks Here

The Rev. Lon R. Call, director of religious education, Second Baptist church, St. Louis, Mo., will deliver a sermon, "A Working God," at 10:30 Sunday morning at the Unitarian church.

PRETTY MISS VALUES PERSONALITY \$25,000

Miss Charlotte Elliott.

Miss Charlotte Elliott of St. Paul, Minn., has sued the owner of a large apartment building for \$25,000 damages, charging that her personality has been damaged as the result of injuries suffered when an automatic elevator in which she was riding crashed two floors to the basement. Miss Elliott, in her complaint, alleges that her former sunny disposition is now marred by fits of melancholia, that she is irritable and not easy to get along with and no longer cares for social affairs, and, worst of all, her new personality has brought about a quarrel with her fiance that has ended in a permanent estrangement.

SHEPHERD DOG LIKE A BRONCO WHEN MASTER HITCHES A SLED

A junior arctic exhibit is staged in front of Dr. C. A. Deadman's veterinary hospital on E. Main st. every evening after school when "Chuck", 10 year old son of Dr. Deadman and his chum, "Johnnie" Forbes, harnesses Jack, a shepherd, to a sled. Jack puts on an exhibition that would shame many a bronco of the old west. But his bucking doesn't continue so long, for he is rapidly turning into a first class sled dog under the direction of the two youngsters.

The first time we put a harness on him he took after one of the cats in the barn and led us a merry chase," said

Dr. M. Mertensen, assistant to Dr. Deadman.

First attempts to train Jack were made by putting a muzzle and reins on him, but Jack so vigorously opposed any such contraptions that the muzzle has had to be discarded for a time.

Jack came to the Deadman hospital last October from a farm. He was but eight months old at the time. Dr. Deadman placed him on sale, but he proved too big to sell readily, and now that he is being trained for the sled, Dr. Deadman plans on keeping him for the entertainment of the youngsters.

at this time of the year." A special bulletin issued by the National Association of Real Estate Boards, which has just been received by Oeland, states that "if there is such unintelligent and shortsighted action on the part of construction labor, or building material interests, or contractors that the result is appreciable increase in building costs, there will come a slump." These facts, Mr. Oeland stated, are true in Madison.

Building Slump in City is Feared By L. L. Deland

"A sharp retardation of building in Madison will result should prices of building material continue their present rapid advance," declared L. L. Oeland, president of the local real estate board, yesterday.

"The price of building now is considerably higher than it was last fall," Mr. Oeland said. "Invariably the bids for construction run lower

TURKS DEFY AS WARSHIPS SAIL

Sharp Note Is Sent By Allied Commission On Ultimatum

VALETTA, Malta.—The British superdreadnaughts Resolution and Emperor of India arrived at Mytilene yesterday ready to steam the short distance across to Smyrna if the Turks take action in their threat to force allied warships from that port.

PARIS.—The French press attaches the greatest importance to the Smyrna situation regarding it to be so delicate as to render the declaration of war inevitable unless the Turks recede from their position in demanding the withdrawal of allied warships. It is pointed out that there are probably ten large naval units at Smyrna.

LONDON.—The allied commissioners, after a conference last night are declared to have addressed a strong note to the Kemalist representative at Constantinople warning him that all responsibility for any act of hostility would evolve on the Kemalist government. Similar warnings have been issued to local officials at Smyrna.

There are two allied warships at Smyrna—the British cruiser Calypso and the French cruiser Ernest Renan.

CONSTANTINOPLE.—The governor of Smyrna is reported to have informed the French consul there that he has extended by 24 hours the time within which the allied warships must leave Smyrna harbor. The governor is said to have decided this in order that he may receive instructions from the Angora government. A Constantinople dispatch last night said that the Turks had reduced the time limit for the allied war vessels to leave Smyrna harbor from midnight until sunset yesterday.

LONDON.—The situation at Smyrna was considerably eased today, according to British official quarters, where it was thought it was unlikely that any fighting would occur. It is believed the "ultimatum" issued by the Turkish chief of staff will be withdrawn as soon as the Angora authorities understand the allies are firm in resisting the demands that the allied warships quit Smyrna harbor.

Bill Gives U. S. Control Over Postoffice Site
A bill giving sovereignty to the United States government over sites and buildings, introduced some time ago by Assemblyman Herman W. Sachtjen, Dane county, was passed by lower house of the Wisconsin legislature Wednesday.

On Feb. 14th Send a Real Valentine Message

A Valentine that is in keeping with the spirit of the day—a heart box of sweets.

The Chocolate Shop

"Perfect Behavior" is Immortal Tonight

and what the well dressed man won't wear will be seen on every hand at the Costume Party to be given under the auspices of the St. Francis Club tonight.

This is the last chance for a pre-lenten "blow-out," and all Episcopal students and their friends are invited. The only charge is fifty cents and a good disposition.

Nine O'Clock

Grace Church Guild Hall

FARM FESTIVAL TO SHOW SWINE

Cash Prizes and Awards to Be Offered at Little International

Twenty-four animals, the pick of university swine herd, will be exhibited at the Little International Live Stock show and Winter Farm festival at the College of Agriculture, February 23 and 24, according to Howard Lathrop '23, chairman of the swine department.

The swine exhibit includes 13 Duroc Jerseys and 11 Poland China hogs. Of the Duroc Jersey breed, Tax Payer's College King and Giant Forbior are considered leading contenders of the first prize. Favorites in the Poland China class include such animals as College Buster Clansman and Leader's Orange. Keen competition is anticipated between the Duroc Jersey and Poland China enthusiasts for the Oscar Mayer company championship cup. The cash value of the prizes is estimated at \$150. Other prizes include: One Gillette razor, donated by Goeden and Krueger, Madison merchants; one picnic ham, contributed by the U. W. Meat market, Madison; one picnic ham, offered by the M. and H. Meat market, Madison; and one gold pencil, given by the Stehr's meat market.

New Match Concern Forms in Madison For Business

The Wisconsin Match corporation was incorporated at the office of the secretary of state this morning by Chauncey E. Blake, William J. P. Aberg, and Ernest H. Pett, with 10 shares of no par value. The firm was organized for the purpose of manufacturing matches, and material and machinery for making matches, according to the articles of incorporation, and will be located in Madison. remedy was the one which should rightly have been used in the petition of John A. Johnson last summer, Messerschmidt held.

The maxim is called a writ of error coram nobis and must be applied in the court in which the action is begun. Thus Messerschmidt held that while the supreme court was without jurisdiction to grant a new trial in Ernst's case, he could apply to a trial court for application of this common law writ.

Speaking of Messerschmidt's work, the court says:

"Counsel for the plaintiff in error and the learned attorney-general have cooperated zealously in an honest endeavor to aid the court and to solve the proposition involved, and we cannot refrain from commending especially the representatives of the state in such cooperation and in assuming an attitude of fairness in his search for the truth, which had for its object and purpose the granting of certain fundamental rights to the plaintiff in error. Such a conception of the duties of the highest law officer of the state in a criminal case in accordance with the modern and approved standard laid down by the decisions and the authorities."

Double Celebration For Patriotic Body

A Washington and Lincoln birthday program will follow the regular meeting of the Col. William Vilas circle No. 33 to be held tomorrow night at 7.

Speakers will be Benjamin H. Bull, and Edward Thompson. Two piano selections will be given, by Miss Ethel Pierce and Miss Vera Corvin, a song by Dr. William Gillette and a reading by Mrs. Rufus Gillette.

Free Loaf Of Bread In Chicago Store War

CHICAGO—Housewives of Chicago, taking advantage of a "bread war" between two chain store companies, swarmed today to the stores of one of the companies to take advantage of a free loaf of bread with each 50 cent purchase. The other company was maintaining its cut price of two cents a loaf early in the day but officers indicated they would duplicate the action of the other concern.

PORT WASHINGTON — Funeral services were held on Tuesday for Joe Miller, watchman at the Gilson plant here, who perished in the fire there on Saturday. His body was found a few feet from the door of the building.

Deny Fireworks Dealer Plea For New Ruling

The industrial commission yesterday denied the petition of wholesale dealers in fireworks for modification of the fireworks order of the commission. The order prohibits the selling of all fireworks except colored fire and sparklers within 200 feet of any building.

Co-incident with the denial, Sen. Ridgeway, Sparta, introduced a bill completely barring fireworks except displays for public authorities or private organizations granted a permit by public authorities, after filing bond. This drastic action is being taken because of the disastrous effects of the last Fourth of July celebration, when there were five deaths and 27 serious accidents.

SCHOOL BOARD BATTLE LOOMS

Bill Now Being Framed Expected To Cause Intense Fight

Consolidation of the various state educational boards into a single administrative body, charged with directing the entire school system of the state, is soon to be proposed to the 1923 legislature, if present plans of educational leaders are carried to a conclusion.

A bill is now in preparation which calls for abolition of the board of university regents, the board of normal school regents, the state board of education, and the state board of vocational education, and the substitution of a general state board of education, the membership of which would be appointed by the governor.

This proposal is actively backed by Judge Charles D. Rosa of the tax commission, and may be introduced into the legislature by Speaker John L. Dahl, Barron county, the leading La Follette representative in the lower house.

Introduction of this bill, and the move of Milwaukee to require the board of normal regents to reinstate college courses in normal schools, will precipitate a fight of unprecedented intensity among educators of the state, leaders here assert.

The first attempt to consolidate the various boards now directing the educational activities of the state, was made by Gov. E. L. Philipp in 1915 and created a bitter fight. At that time the proposal was defeated.

Waushara county is represented by 28 students at the university this year, including 6 women and 22 men.

A woman student's thesis on unemployment statistics won the John Lendrum Mitchell prize at the university last June.

King George Is Grandfather; Stork Visits Mary

Princess Mary

LONDON — Princess Mary, wife of Viscount Lascelles, gave birth to a son Wednesday.

The physicians' bulletin announces that Princess Mary's son was born at 11:15 p. m. The princess and infant are reported to be in excellent condition.

Princess Mary was the first of the children of King George and Queen Mary to marry and this is the first grandchild of the British royal house.

YANKS LAND AT GEORGIA PORT

See \$30 A Month, A Fortune In Germany, Shrink Away

SAVANNAH, Ga.—Some 400 soldiers who returned to America yesterday aboard the transport St. Mihiel from the Rhine and the families of 24 of the men were resting today at Fort Screven after a busy day here during which they paraded, feasted and danced.

The soldiers had just ended a two weeks voyage on the Ocean.

Wives of the soldiers today were also becoming acquainted with the poignant truth that a dollar is just a dollar and that a soldier in the ranks is paid but thirty of them each month while some of the women dismissed as an annoying bugaboos the matter of rate of exchange in Germany, others appeared to regard the money question as having direct bearing on their future happiness.

Court Lauds State Aide For Unusual Law Policy

The research work of J. E. Messerschmidt, assistant attorney general, in which he brought into modern usage a forgotten common law maxim permitting a convicted man to change his plea in a court of record, was lauded by Justice Doerner, of the state supreme court yesterday in denying the petition of Valentine Ernst, Milwaukee, for a new trial. Ernst, on complaint of his daughter, was sentenced to 30 years at Waupun on a statutory charge in 1919.

The common law rule was discovered recently by a young Milwaukee attorney, Raymond Frank, and first applied by Messerschmidt. This

Impressive Rites For Holway At La Crosse

LA CROSSE, Wis.—Escorted by six units of the National Guard and militia officers representing every command in the state, the body of Adj. Gen. Orlando Holway, head of the Wisconsin National Guard, was borne to the grave in Oak Grove cemetery here yesterday afternoon, following services in Christ Episcopal church. It was the largest and most imposing military funeral ever held in La Crosse. Funeral volleys over the grave were fired by a detachment of the 128th. Infantry, and the salute by a platoon from the 129th Field Artillery. The body laid in state in Christ church during the morning and was viewed by hundreds of citizens.

The Madison Chess club will have a tournament at the city Y. M. C. A. beginning Monday evening, Feb. 19, at 7:30. All entries must be in by noon of Thursday, Feb. 15. Applicants are asked to send their names for entry to F. O. Leiser, secretary of the club, at the city Y. M. C. A. Any one wishing to enter the tournament may do so by meeting the membership requirements.

Stringing Comedy and a Nut Make Orph Bill "Tres Bon"

(BY S. H. E.)

Although it got away with a slow start, the Orpheum program last night improved so as it progressed that we are inclined to pronounce it an unusually good show. The cellist in the stringing comedy offering made the hit of the evening. "Gems of Terpsichore," the finale, was colorful, jazzful—very jazzful—and most pleasing, indeed.

Katherine Sinclair & Co.

The usual acrobatic lead with a few unusual stunts to save it.

Flanders & Butler:

A good pianist who almost made up for his partner's singing—not quite.

Stranded:

The village minstrel show featuring George Wilson—you all know George—and Jimmie Wall. Black face comedy, songs and right clever dancing by cast members of both sexes.

Here's where the bill begins to pick up.

Phil Coscia and Al Verdi

"Stringing Comedy"

A violin and cello provide the foundation for a great many weird expressions and sounds on the part of Al. Wierd sounds and expressions are about the funniest things on a vaudeville stage and Al makes some weird ones. The partners are tricky with their instruments, too.

Presbyterian Church Will Present Pageant By Union

A dress rehearsal for the pageant, "The Blazing of the Trail," which is to be given at Christ Presbyterian church Friday night at 7:30 by the Children's Missionary union, was held this afternoon. The play is presented by children from 16 churches in the city.

The general chorus in the pageant will be directed by the Rev. Austin N. Chapman. Carrie Adams will have charge of the chorus of Italian children from the Italian M. E. church, and Mrs. Lane will be the leader of the chorus of children from the African M. E. church. Miss Idelle Strele will be the pianist for the general chorus.

The committee on ushers consists of Ruth Helen Buck, chairman, Margaret Smith, Vera Jurz, Laurely Gilligly, and William Blake, scoutmaster of troop 20.

The ushers will be Alice Stone, Lena Abraham, and Lottie Graves of the First Baptist World Wide guild; Helen Abaly, Elizabeth Dresler, and Lenore Stolen of the Queen Esther circle of the Trousdale M. E. church; Louise Dengel, Evelyn Schmidt, and Ruth Rentoul of the Christ Presbyterian church; Alpha Ro Gamma sorority; Helen Williams, Josephine Small and Marie Irish of the First M. E. Queen Esther circle, and the following Boy Scouts: Everett Johnston, Walter Miller, Karl Filter, Clarence Schultz, Harold Olitz, William Glasgow, George Baikie and Albert Engel.

Sid Lewis—The Original Nut

We didn't like Sid at first, but he grew on us surprisingly. Old jokes and raw puns are his specialty, and he put them across with so much personality that he won a fair member of the audience and left with her in a hurry to help her lock the door to her father's—well, never mind. He's a nut, all right.

Gardell Pryor & Co.

This fair trio blazes forth wit colorful and novel settings, stately, old-fashioned waltzes, sleek steps of oriental climes and wild, impulsive strutting.

FACULTY HOLDS MUSIC RECITAL

Cecil Burleigh and Leon Iltis
Appearing Together at
Music Hall

Violin and piano sonatas from the standard composers will be interpreted by Cecil Burleigh, violinist, and Leon L. Iltis, pianist, in the second faculty recital of the year at Music Hall tonight.

Mr. Burleigh is a composer of many impressionistic and melodious musical works. His versatility and mastery of every mood and phase of musical expression have won him a place in the first ranks of modern composers.

One of Mr. Burleigh's finest compositions, the "Ascension" Sonata, will be played by him at the recital tonight. This is one of the most widely known and loved of Mr. Burleigh's works, and has brought him praise from the leading musical critics of the country.

Leon L. Iltis, pianist, who appears with Mr. Burleigh, came to Madison in 1917 from Chicago. Mr. Iltis has given recitals in Madison many times in the past few years, and has appeared in public concerts in Chicago and other middle western cities. He has studied music here and at Northwestern university.

Scouts Enjoy Big Feast at Banquet For Troop 1

"Boys used to be considered merely 'kids' general, nuisances who dragged in mud and tracked it over the kitchen floor. Today, thanks to the organization of the Boy Scouts, the youth of America and of all countries wherein it has been established is looked to for civic service."

This was one of the 13 reasons for the great success of the Boy Scout movement, as set forth in a talk by R. A. Overholzer, scout executive, to the members of troop 1 and their dads at a banquet held at St. Andrew's church Wednesday in honor of the 13th anniversary of the establishment of the Boy Scouts of America.

"The Boy Scouts is the largest boy's organization in the world," said Mr. Overholzer. "It has a membership of more than 750,000, including about 127,000 scouts, trainers, and their assistants. Madison has at present 422 Scouts distributed among 24 troops."

Rev. N. C. Kimball and several of the boys' fathers joined in praising the organization. Arthur Gosling acted as toastmaster and Arthur Goddard as cheer leader and director of the drum and bugle corps which rendered several selections.

Governor Names Attorney to Aid Anti-trust Fight

Anti-trust work instituted and fostered by former Atty. Gen. William J. Morgan, will probably not extend into new fields under the administration of Atty. Gen. Herman L. Ekern, he said yesterday with announcement that the office of special investigator created by the previous attorney general, would be discontinued.

Cases already docketed as a result of the activity of the Morgan administration, will be pushed to a conclusion by the state. The commencing of new actions will depend, it is thought, upon complaints that may be made.

To prosecute the tobacco case now pending in the Wisconsin Supreme court, Dan Grady of Portage was appointed by Governor Blaine. He will act as special counsel for Atty. Gen. Ekern.

The tobacco suit will be heard by the court early in April.

Kittleson Signs Bill to Regulate Garbage Refuse

Mayor I. Milo Kittleson has signed the ordinance giving Dr. J. P. West the right to all garbage collected in the city. In the past Dr. West was only given the garbage from residences under the ordinance now in effect.

The new ordinance now signed provides for the collection and delivery to Dr. West of garbage collected at hotels and restaurants, formerly left to the proprietors to sell.

The ordinance is a separate issue from the agreement asking that the city build a garbage receiving shed at the West hog farm in which wrapped garbage will be unwrapped.

MOVIE CHATS

"FURY"
Featuring Richard Barthelmess, Dorothy Gish, Tyrone Power, and Pat Hartigan.

Presented at the Strand. Produced by Inspiration Pictures. Released through First National.

BY CHATTY

There's a pleasing combination of stars at the Strand this week end but neither is given an opportunity to demonstrate his real ability to act.

Another Barthelmess sea picture, including three fights that would have done credit to Jack London and the gruesome burial in the ocean of "Boy" Leyton's father (which might well have been omitted), brightened considerably in spots with the sparkling comedy of the inimitable Dorothy Gish—that's "Fury".

But we'd like to see Mr. Barthelmess dressed up once in awhile. If we remember rightly, he looks right well in a tux or full dress. But it's been quite a while since he graced the screen in such clothes; recently it's been too much in farm or sailor togs.

Special mention should be made of the supporting cast in "Fury". Every part was well-taken and none was over-done. Tyrone Power as Captain, "Dog" Leyton, "Boy's" father, was as stern and heartless as e'er an old sea dog should be, and Pat Hartigan as Morgan, the first mate, added his share to the heavy roles.

\$5,000 USED IN IMPROVEMENT IN ART DEPARTMENT

The new headquarters for the Industrial Education and Applied Arts department on the second floor of the former woodworking laboratory of the Engineering laboratories were opened for the first time this week.

Approximately \$5,000 has been spent in completing the transformation of the former engineering laboratories which have been moved to the new unit at Randall, into the art department.

A seminar room and study are some of the new features which have been added. Other rooms are in the large freehand drawing room, the design room, the lecture room, three offices and the store room.

Work Started in Fall

In the hall is an alcove with glass cases around the walls. The cases will be filled constantly with the art work done by the department. There is also a large central case which will be used for the pottery, modelling and art metal work.

Benches offer the students a pleasant place to spend the time between classes.

Work was started during the fall following the plans which were made during the last eight years.

Department Centralized

"The new headquarters will greatly facilitate the work of the department and will unify the courses and bring them together in one place for the first time," Prof. Ira S. Griffith declared.

During other years, work has been held in the Biology building, Bascom hall, Engineering building, the art barn and the university high school with no centralizing of the classes.

HARDING STAND HIT IN SPEECH

Subsidy Bill Would Give 875 Millions To Ship Trust, Charge

WASHINGTON — Criticising Pres. Harding for coupling the ship subsidy issue with the British debt funding report in his address to congress yesterday, Sen. Harrison, Dem. Miss., told the senate today that the president had "descended from his high pedestal and insulted the senate."

President Harding did "an unseemly thing," Mr. Harrison asserted, "in suggesting that the senate had shown marks of impotency by delaying a vote on the ship bill."

"The president comes to the American congress," he said, "and offers an insult to the senate because, for a few days, none of us have seen fit to pass his program for the ship subsidy bill."

The ship bill itself, Sen. Harrison said, was "monstrous, and wicked," proposing a transfer of \$875,000,000 to the shipping trust. He charged that the president had fallen "under the influence" of Chairman Lasker of the shipping board.

"When Lasker pulls the string," he said, "the president jumps."

Senator Harrison said the republican leadership could have a vote tomorrow on the shipping bill if it would agree that "lame duck" senators should not vote. He suggested that the president also could call an extra session of the new congress March 5, if he wanted a real showdown of public opinion.

The American debt commission does not desire to make more favorable terms with the debtor nations than are embodied in the settlement agreement reached with the British government, the house ways and means committee was told today by Rep. Burton, Rep., Ohio, a

member of the commission.

"That would not be fair to Great Britain," said Mr. Burton. "That is the country that has come forward and helped us with a settlement. It has, as it were, put a spur behind the other debtor nations."

Girl Was Killed In Motorcycle Accident

Miss Miriam Gaylord, whose death in Medford, Ore., was announced here Monday night, died as the result of a motorcycle accident on Jan. 14, according to information received by Miss Mary Moran and Miss Grace Adams of the legislative reference library today.

Miss Gaylord was thrown from the machine about 30 miles from her home at Medford and died instantly from fracture of the skull.

BROADCASTING TIME CHANGED

University Station Sends Out Varied Program in the Evening Now

The daily educational and agricultural lectures, which formerly were sent out at noon from the university radio station, are now sent out in the evening.

The change was evoked in order that a larger number of listeners throughout Wisconsin and adjacent states would be able to receive the broadcasts.

The time signals and weather reports are given at noon as usual, and on Monday and Thursday evenings, the educational lectures are followed by U. S. government agriogram, on 485 meters.

New Operating Schedule

The new operating schedule which went into effect last Monday is as follows: 11:59 a. m.—Time signal, wave length 485 meters; 12 o'clock—weather report, wave length 485 meters; 7:00 p. m.—weather forecast, 360 meters, followed by educational lectures.

A lecture on "Indoor and Outdoor Sports for Women at the University of Wisconsin," was given by Blanche M. Trilling.

Today's Program

The program for today and tomorrow is as follows:

Friday—"Author's Readings of Poetry" by Prof. W. E. Leonard.

Saturday—"Proposed and Needed Radio Legislation" by Prof. C. M. Jansky.

INDUSTRIAL LAW IS EXPLAINED TO CLASS STUDENTS

The organization and workings of the Wisconsin Industrial commission were explained to students in the economics 1 b sections yesterday by A. J. Altmeyer, secretary of the commission.

The commission, the first industrial commission to be established in the United States, was founded in 1911. Its great capacity as an administrative body was strongly emphasized by the speaker.

The commission is virtually a fourth branch in government. It makes laws. The enforcement of these laws is executive in character, while its power to have hearings on cases is a judicial function.

The exorbitant number of cases handled under the department of the workmen's compensation act alone are estimated at 16,000 during the past year. This act supplants the employers' liability laws, and provides that every employee injured receives a compensation, except for wilful accidents.

SOLON ASSAILS SHERIFF STAND

Fail To Administer Law Because It Brings Work To The Offices

That sheriffs in Wisconsin are not in sympathy with a proper administration of the Huber law because it brings more work to their offices was the statement made Wednesday by Senator Henry A. Huber before the senate judiciary committee.

Senator Huber's bill providing for an amendment to the present law so as to stop the practice of offenders being released under the law in contravention of the spirit of the Huber law was before the committee. Senator Huber's bill provides that the judge shall have discretionary powers in determining what shall be done with offenders under the Huber law.

Others who appeared for the change in the law were Harry Sauthoff, Miss Jannette Davis, Public Welfare association, Mrs. H. W. Chynoweth, Mrs. L. A. Kahlenberg and William T. Evjue.

All of the speakers contended that the Huber law is at present being perverted in that the law is being used as a loophole for persons sent to jail to gain their liberty.

American folk lore talks, held in the open air, are a feature of the summer session of the university. Waupaca county is represented

GIRL LOSES BATTLE WITH BANDIT

Miss Margaret Cotter.

Miss Margaret Cotter, seventeen, of Cambridge, Mass., met a bandit's attack with a snappy right cross instead of giving up her valuables. When she recovered the bandit was gone, and so was her purse.

SENATE ADOPTS POPULAR VOTE

Resolution Providing For Amendment Wins After Debate

SENATE ROLL CALL ON I. R.

FOR ENROSSMENT: Senators Barber, Bilgrien, Cashman, Casper-son, Garey, Gettelman, Heck, Hirsch, Huber, Johnson, Polakowski, Quick, Ridgway, Schumann, Staudenmay-er, Teasdale, Titus and Severson.

AGAINST ENROSSMENT: Senators Burke, Czerwinski, Kuc-kuk, Lange, Mahon, Morris, Roethe, Skogmo, Werden, White and Ben-fey.

After an extended discussion the Wisconsin senate yesterday adopted

Huber's resolution providing for an amendment to the state constitution to establish the initiative and referendum. The vote was 18 to 11.

For the past eight years attempts have been made to get such a proposed constitutional amendment before the people, following their re-jection of the plan at a referendum in 1914. This is the first success since that time.

Sen. Timothy Burke, Green Bay, precipitated a fight when he charged that by making amendment to the constitution more readily available the progressives were endangering constitutional government. Senators Huber and Quick defended the proposal on the floor.

Iceboats from Lakes Mendota, Pewaukee and Winnebago will enter the races held by the Ice Yachting association on Lake Geneva next week-end.

METHODIST STUDENTS

Methodist students will hold a taffy pull party tonight at the university Methodist church.

POINT SYSTEM IN LIT DEBATE

Hill Sororities Will Discuss Foreign and Student Problems

The proposed point system, European diplomatic and financial affairs, particularly the invasion of the Ruhr Valley by France, and parliamentary drills are the principal features of the literary society program this evening.

The main item on the program of Hesperia is a general society discussion of the invasion of the Ruhr Valley by France. This will be followed by a sketch entitled "Words" by E. Ylvisaker '24.

Philomathia will devote most of its time to a debate on the question "Resolved, that division of labor is beneficial to the worker." The affirmative will be defended by C. H. Hicks '24, and V. F. Houghton '25, closer, while the negative will be given by W. T. Peterson '24, and H. K. Snell '25, closer.

Athena Debates Point System

Athenae's program consists of a talk on "Should Wisconsin limit outside activities through the adoption of the Point System?" by G. H. Bell, followed by a general discussion of the society. A debate on the subject "Resolved, that the French Invasion of the Ruhr is justifiable and merits the Moral Support of the United States," will be given by A. J. Nerad '23 and E. P. Meyer L 2, on the affirmative, and S. M. Soref '23 and W. Haber '23, on the negative team.

The main event on the program of the Agricultural society will be a debate "Resolved, that the entrance requirements of the University of Wisconsin be made more stringent." The affirmative team is composed of W. T. Renk '24 and V. J. Olson '24, while the negative consists of R. E. Orr '23 and R. P. Matteson '23.

Castalia Holds Tryouts

Castalia Literary society will substitute debate tryouts for the annual Castalia-Pythia Debate in place of its regular meeting at 7 o'clock tonight.

The question submitted by Castalia and accepted by Pythia for the annual contest is: "Resolved: that an amendment to the constitution should be made to permit the passage of child welfare legislation."

A new basis for membership requires that all those who desire to try out next semester must be present at both the opening meetings of the society February 16 and 23.

Prof. Humphrey Talks To Unitarian League

Prof. George C. Humphrey, University of Wisconsin, will address the Robert G. Siebecker chapter of the Unitarian Laymen's League Friday evening at the Unitarian parish house, following a supper to be served at 6:15. Prof. Humphrey will discuss his recent trip to the Argentine.
