ALLONAL 'ROCHE'

Non-narcotic :: Quick in action

The widely accepted non-narcotic remedy for sleeplessness and pain-relief

BESIDES inducing refreshing sleep Allonal alleviates pain. Because of its sedative action it allays apprehension, restlessness, fear and nervousness. It makes possible comfort and rest so indispensable to well-being.

In medical literature there is no other drug so extensively reported that is non-narcotic and yet resembles morphine so closely in hypnotic and analgesic properties. It has been used with success in cases where regular administration of morphine over long periods had previously been the only effective treatment.

Allonal has greatly decreased the need for narcotics.
