The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

**NOW ANUSOL-HC CREAM AND SUPPOSITORIES ARE NONSTAINING AND TOTALLY REFORMULATED.**

The color's gone! The old Anusol-HC green suppositories and the tan cream have been changed to all new, pure white delivery systems.

And look at our formulas. Now there's more of the anti-inflammatory ingredient—hydrocortisone acetate. As always, to reduce the chance of hypersensitivity reactions, there are no anesthetics or antiseptics in either formula.

**Anusol-HC<sup>®</sup>**

(hydrocortisone acetate cream, USP) 1%  
25-mg Suppository (hydrocortisone acetate)

**THE PRESCRIPTION PREPARATIONS**

Please see page following this ad for brief summaries of prescribing information and new indications for each product.
