NEED MORE MATERIAL

CAPTAIN MCGOWAN WRITES REGARDING TRACK WORK.

Men Needed in Half, Mile, and Two Mile Runs and Weight Events Especially.

Editor Cardinal:

Track athletics at the University of Wisconsin are taking a more prominent place in the minds of the students this spring than for several years past. The interest aroused by the indoor meets, the stimulus resulting from the contemplated trip to Buffalo for the big summer games, and the bright prospects for the best team turned out for several years, all are factors in bringing about this renewal of interest. Coach Kilpatrick is highly pleased with the good turnout of candidates for the various events, but he by no means feels that all the available material is doing work. There is no doubt that many men who have had no previous experience have all the qualifications necessary for good track athletes. In the mile and two mile runs there ought at least to be one more man in each event, and in the half mile there ought to be half a dozen more candidates out. This is the event in which Maloney of Chicago and Hayes of Michigan will make the effort of their lives in the Inter-collegiate contest at Chicago next June, but this also is the event in which Coach Kilpatrick is a specialist and although he may not be able to turn out a winner this year, it is almost certain that he can develop a runner by the following year who will be an inter-collegiate champion. This being the last year of college athletics for both Maloney and Hayes it means that if the right man will put himself under the coach this year, the 1/2 mile event ought to net Wisconsin all the way from 5 to 9 points in the Inter-collegiate of 1902. Every student who has the slightest idea that he can run ought to make the effort to represent the Badger institution in this middle distance track event. The conditions as represented for the 1/2 mile run for 1902 are practically those existing in the quarter mile run for the present season. It is not probable that either Maloney or Hayes will participate in this event as they will undoubtedly wish to reserve their strength for the half, and this will leave the event an open one with Cayon of Illinois the only man of reputation competing inasmuch as Corcoran of Notre Dame will be out owing to the attitude of that institution toward the new organization of conference colleges. Wisconsin's candidates for the quarter mile run are all small men, who would be greatly handicapped by a heavy track. Hayden, though a speedy runner on a good track and a possible winner under favorable conditions Hayden though a speedy runner on a good track and a possible winner under favorable conditions could hardly be expected to win on a muddy course, other candidates all being light men, are consequently similarly handicapped. This contingency could be provided for by a number of heavier, stronger men coming out as candidates. Perhaps such men would be less speedy on the indoor board track, but their strength would tell when the team got out doors on a heavy track, and the powerful though less speedy

contestant is often able to run away from his less powerful antagonist. This is particularly true in the quarter mile, and all the present conditions ought to encourage some of the stronger men to enter the list as candidates. The half mile novice race announced for the next indoor meet has this object in view, and Coach Kilpatrick is very anxious to have a large number of entries. In the field events, Schule in the broad jump is the only candidate. This is unfortunate, in view of the fact that he finishes this year, which leaves Wisconsin with no man who is training so as to be able to take his place the following season. A half dozen men ought to try for this event, and this, too, is true of the hammer throw, which more than any other event, except possibly the shot put, is a matter of patient and long continued endeavor combined with natural strength. Cochems and Webster ought to take care of the shot put, but some of the heavier built and broad shouldered of our under classmen should be developing championship form in the meantime.

One half a point was all that made Michigan win out over Chicago at the intercollegiate last year, and it was only a half point that separated the Midway institution from the aggregation of point winners from California, so that it is perfectly evident that third places are large factors in deciding meets and giving championships. A little more willingness to attempt events on the part of students, is the only barrier lying between Wisconsin and victory, not only for the coming season, but also for the several seasons following, which will mean for a part of the Cardinal's readers, their upper classman years. You ought to be out now, helping the Badger institution to return to its place of college champion in track and field athletics, a position held by our institution in the years of 1896, 1897, and 1898;—What will 1901 bring us?

F. C. McGowan,
Capt. 1901 Track Team.

AGAINST POPULAR ELECTION.

So Jury Decides at Hesperia's Semi-public.

Hesperia's semi-public, the first of this year, was decided in favor of the negative. The question for debate was "Is the present system of election of United States senators preferable to a system of popular election?" It was conceded that the latter system was constitutional. The members of the affirmative were: Herbert D. Laube, Robert E. Pinkerton, Chester Lloyd Jones; the negative side was: Lyman A. Libby, William H. Haight, William J. Hagenah. Leslie W. Beers delivered an oration on "Humanity's Interest in the Dreyfus case. Lloyd P. Horsfall was president of the evening.

The debate was well-worked out on both sides. The delivery of the closers, Lloyd-Jones and Hagenah, was very effective. Messrs. Laube and Haight are graceful speakers and were armed with strong arguments. Mr. Libby's statistics were an obstacle which the affirmative could not remove. The judges were Prof. J. C. Monaghan, Professor E. D. Jones and W. S. Robertson. Their decision appeared to meet with the approval of those present.

Pekin Siege. Admission 75, 50 and back of the first three rows in the balcony and choice seats in the gallery 25c.

FINAL CONTEST

ORATORS TO TRY FOR RIGHTEST HONORS NEXT FRIDAY.

Judges Chosen—Special Music Will be Presented—A Small Admission Fee to be Charged.

The Oratorical League is now bending all its efforts toward making a grand success of the Final Contest which takes place next Friday evening, March 29.

The order of the contests has just been fixed. William F. Schmidt of Philomathia will come first, his subject being, "A Eulogy of Gladstone." Martin S. Hines of Forum speaks next on "John Brown." Miss Louise Loeb of Castalia follows with "The Triumph of Altruism." Charles R. Rounds of Athenae comes in the center of the program, his subject being, "Lincoln the Orator." Frank W. Bucklin of Hesperia follows with an oration on "Civic Patriotism." Edward J. B. Schubring of Hesperia comes next with the subject of "Our Commerce" and Arthur F. Beule of Athenae comes last with an oration entitled "A Prophet of the New Time."

Merely nominal admission will be charged, in order to keep out children and uninterested parties; the galleries will be ten cents and the main floor will be fifteen.

There will be good musical numbers on the program but they have not yet been decided upon. The University Quartette, the "Big Four," will doubtless be one of the strong features.

The judges have been decided upon also, but those on delivery have not all accepted. Judge Orton, Dr. Updike and Governor La Follette were chosen but Governor La Follette cannot serve because of the great pressure of his official duties. The judges on thought and style are Professor H. L. Smith, Judge Bunn and Hon. Burr Jones.

Chadbourne Hall Reception.

The second reception of the year at Chadbourne was given from eight to ten-thirty last evening. About one hundred guests were received. The two parlors and the reception hall were used as receiving rooms, and the long corridor leading off from the rotunda was furnished with chairs and lounges. Frappe and wafers were served in Miss Mayhew's parlor. The rooms were unusually pretty. Mrs. Eaton made the girls a present of a large bunch of daffodils which were used as decoration in the reception hall. The guests were received by Miss Ruth Heaton, Miss Harris and Miss Mayhew. Several musical numbers were enjoyed. Mr. Washburn and Mr. Brown gave a violin and flute duet, accompanied by Alice Gillen, and Mrs. Monaghan sang.

Ripon Wins State Contest.

The oratorical contest held at Appleton last night, between representatives of Wisconsin colleges was won by W. R. Davis of Ripon College who spoke on Hamlet. Miss I. B. Davis of Beloit was second. Her subject was the Mission of Revolution. Claude Cole of Lawrence University took third place. The winners of first and second will represent Wisconsin in the inter-state contest at Des Moines in May.

END OF SHORT COURSE.

Agricultural Students Take Stock Judging Trip.

With the returning of the students of the Short Course tomorrow evening from their trip in Southeastern Wisconsin, the Short Course in Agriculture will be practically ended. All that will remain here to occupy them will be the presentation of the different medals donated by people interested in the furtherance of agricultural education and the awarding of prizes given to the students most proficient in class work.

It is not known yet to whom some of these medals will be awarded as it depends chiefly on the efficiency of the work done in judging stock while on this trip. The sixty students who went on the trip and are competing for medals have visited the following places this week: Rosendale, Whitewater, Milwaukee, Janesville, Elkhorn and Orfordville. They have had the opportunity of judging noted herds of stock. Mr. McConnell, assistant to Professor Carlyle, and Mr. John Smith, foreman of the new University Farm are accompanying the students.

Of the Short Course students, about eighty have already procured places for the coming season and will immediately take up their new work as soon as they return from their trip.

The instructors in the various agricultural and dairy departments will now take up their experimental investigations and continue them throughout the summer, until the course resumes again next fall.

Pekin Lecture Tonight.

Mrs. Woodward arrived in the city at one o'clock today and will give her lecture at the theatre this evening on the Siege of Peking.

A large number attended the reception given to Mrs. Woodward in Chadbourne Hall this afternoon.

The lecture this evening promises to be a great social and financial success, and deserves all the patronage Madison can offer. Mrs. Woodward is acknowledged to be a lecturer of unusual ability, having the happy faculty of being able to talk in an interesting and instructive manner of the things she has seen. She was a constant companion of Mrs. Conger during the siege and experienced all the terrors of that dreadful time. During the siege Mrs. Woodward took about one hundred photographs of scenes in Peking which will be reproduced as lantern slide views tonight. Mrs. Woodward will also show her collection of curios collected during her stay in China.

At the lecture the University Quartette will sing a selection and also the Men's Glee Club and the Girls' Glee Club. The program is an attractive one and the entertainment should receive the patronage it deserves.

Lecture on Siemens Brothers.

Dr. C. F. Burgess gave his lecture on the Siemens brothers yesterday afternoon in the Engineering Building to a good sized audience. This was another of the series of lectures on the lives and works of famous engineers. Next Friday Professor Richter will speak on the Reynolds and Corliss engines. The final lecture will be given by Professor King on the Development of the Locomotive.

—Professor Reinsch is out of the city and will not meet his classes until Tuesday noon.

The lecture this evening will be most interesting. Glee Clubs and prize offer.

Come Out.

To-day's issue contains a communication from the captain of the track team urging men to come out and assist in starting a reserve fund, as it were, for the future. The athletic prestige of a University is not always kept up so much by the stars that it develops as by the steadily continued stock of good material which it is able to maintain. It is to be hoped that this recommendation will be followed by a general turning out of available candidates.

The Weather.

Rain to-night or Sunday, possibly turning to snow.

Local and Personal.

—Wm. J. Miller, '04, is confined to his room with an attack of the grip.

—Robert L. Sowards, '03, left this morning for a short visit to Chicago.

—Miss Grace Kiehl is visiting Miss Florence Weissert at Chadbourne Hall.

—Miss Jennet Perry of Algoma is visiting her sister Miss Minnie Perry at the Tri Delt house.

—Miss Vera B. Salter, '03, has left for her home in Unity where she was called by the illness of her brother.

—Alex. Jardine, '04, was called home a few days ago on account of the illness of his mother, and word has just been received from Fargo that his mother died Friday morning.

—Yesterday the Senate killed the bill known as the "fraternity bill." Had the measure been enacted it would have given fraternities sites on the campus.

—The Young Woman's Christian Association held its meeting on Friday afternoon. Miss Florence Allen talked on "The Passing Hour." The thought of lost opportunities comes home to the student as the end of the college year approaches, and the thought of the present and future opportunities was no less strongly impressed.

—A book has recently been issued entitled Ice Ramparts, by Dr. E. R. Buckley, with a discussion by Profes-

sor C. R. Van Hise. The book is an interesting discussion of the ice formation in Lake Mendota and Lake Monona. It is illustrated by a number of beautiful views showing the rich ramparts, and cracks photographed on the lakes.

CIRCUS PLANS.

Favorable Outlook for the "Greatest Show on Earth."

Everything is working favorably for the indoor circus to be given in the gymnasium soon after the spring vacation and everything points to a most successful event. A great deal of interest is being taken in the matter and it is the aim of the management to make it the biggest event of the season. Dr. Elsom says if the present enthusiasm over the circus continues two performances will doubtless be given either in the afternoon and evening of the same day or on different nights. The date will probably be April 20th.

The circus will be much on the order of a regular tent performance with all the freaks and side shows of "the greatest show on earth." The gun room on the first floor will be used to house the menagerie. The Buffaloes may be a leading feature of this department.

The main floor of the gymnasium will be used for the show itself. Here will be clowns and buffoons, a ring master and all the other distinctive performers of a regular circus. There will be also, besides these humorous performers, a lot of bona fide acrobats and gymnasts, tumblers and trapeze performers who will execute a series of tricks which will equal those of professional circus performers.

The audience will be seated on circus seats about the ring and vendors of peanuts and red lemonade will circulate freely among them crying their wares.

On the third floor in the ball cage will be the side shows and an exhibition of prize freaks. It is intended that the fraternities and literary societies run this part of the entertainment and a prize will be given to the society having the best show.

After the performance a concert will be given on the plan of a regular circus concert. This will probably be under the management of the Haresfoot Club and a short farce may be given in connection.

Now is the Time.

The class in Solid Geometry will meet in room 29, U. H. Monday at 4 p. m. to make arrangements for hours. Adela Eiche.

Easter Recess.

The rules regarding absence at the Easter recess are the same as those for the Christmas recess, which were announced in the Cardinal before Christmas. All persons who desire to be excused from attendance at recitations immediately preceding or following the Easter recess must send in their applications in writing before noon of Wednesday, March 27. Answers to these applications may be obtained at the Registrar's office on and after Thursday, March 28. Students are expected to call at the office in order to obtain the answer. This rule applies to all undergraduate students except those of the College of Law.

E. A. Birge,
Acting President.

Senior Theses.

Seniors in the College of Letters and Science, the College of Mechanics and Engineering, and in the four years' courses in the College of Agriculture and the School of Pharmacy, will please note the following regulations regarding graduating theses:

Theses are to be type-written with black, non-copying, record ink on Crane's Japanese Linen paper of quality 24 lbs. to the ream, folio size. This paper of right quality and correct size, viz., eight by ten inches, may be obtained at any bookstore in the city and of the University Co-operative Co. A margin of one and one-quarter inches should be left at the left edge of each sheet and a margin of three-quarters of an inch on the other edges. The title-page should follow, mutatis mutandis, the sample title-pages on the bulletin board in the library. The name of the author on the title-page should be written in full, as it appears in the University catalogue. No punctuation marks should be used on the title-page.

When a thesis is type-written and ready for binding, the student is to secure the written approval of the professor under whose direction the thesis has been prepared. This approval is to be written on a blank sheet accompanying the thesis and must be obtained before the thesis is delivered at the library.

All theses in all colleges above mentioned are due June 1, 1901, and should be delivered to the University librarian on or before that date. The cost of binding each thesis will be 75 cents which sum should accompany each thesis delivered at the library.

W. D. Hiestand,
Secy. of Faculty.

ANNOUNCEMENT.

We wish to announce to our many
old and new student friends a fine as-
sortment of iron and brass beds,
dressers and chiffoniers, book cases
and desks, rockers and chairs, etc.,
at prices to suit everyone. Give us a
call and let us show you over our as-
sortment.Haswell and Scholl, 11 and 13 South
Pinckney street.

ALFORD BROS., STEAM LAUNDRY.

It may not be an act of charity, but
it certainly is not an act of economy
to patronize fourth grade laundries. If
you are looking out for "Number
One" you should certainly patronize
us. 113 and 115 N. Carroll street.
Phone 172.

Adapted for Banquets.

Such is the One Minute Coffee
House No. 2. Curtains to shut out
the gaze of the multitude while the
loaves and fishes are distributed.
Any time between 10 p. m. and 4:10 a.
m. you can hold a jollification meet-
ing. Eat and be merry.

To the Women of the University! !

PROF. T. H. BRAND.

RUSH MEDICAL COLLEGE.

In Affiliation with the Univ. of Chicago.

Organized 1837.

The academic year of Rush Medical College is
divided into four quarters, corresponding with
those recognized with the University of Chicago,
beginning respectively the first of July, first
of October, first of January and first of April,
each continuing for twelve weeks. A recess of
one week occurs between the end of each Quar-
ter and the beginning of the next following.The general course of instruction requires
four years of study in residence with a minimum
attendance upon three Quarters of each year.
A student may begin his college work on the
first day of any Quarter, and may continue in
residence for as many successive Quarters as he
desires. Credit will not be allowed, however,
for more than three consecutive Quarters. At
least 45 months must elapse between the date
of a first matriculation and the date of gradu-
ation. For further information, addressRUSH MEDICAL COLLEGE,
Chicago, Illinois.
