The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

The Daily Cardinal.

UNIVERSITY OF WISCONSIN.

VOL. IV—No. 139.]

MADISON, WIS., TUESDAY, MAY 7, 1895.

[PRICE THREE CENTS.]

NAVAL REGATTA.

ARRANGEMENTS FOR IT ARE
ALMOST COMPLETED.

PFEFFER WILL COACH THE
BASEBALL TEAM.

Excursion to Beloit—Special Train at
One Fare.

These are booming times for boating. No sooner have the various shell crews been looked after and provided for than it comes time for the class gig crews and various interests of the annual regatta to be looked after. Wednesday evening at 6:45 o'clock the Naval board will meet at the Beta Theta Pi house to take up the work of planning for the annual regatta.

The Naval board this year is made up of the following students:

The commodore and vice commodore—Charles C. Case and Lewis J. Alsted, respectively.

Ensigns: On shore, Henry Niederman; on course, R. J. Falconer; on regatta, Philetus H. Sawyer, Guido C. Vogel, Thomas P. Silverwood, W. T. Bacon, Charles Phelps; on press, Paul Houston.

Captains of games:

Inter-Literary society boat race—F. H. Clausen.

Inter-Fraternity boat race—W. F. Hase.

Canoe Races—S. C. Hanks.
Swimming Race and Water Polo—E. R. Ladwig.

Tub race—Henry Fehr.

Water Tournament—H. C. Case.
Committees on class crews:
Senior, F. H. Ball and Dayton E. Cook.

Junior, F. W. Lucas, Ralph Daniels, William Allen, A. R. Hager.
Sophomore, Carl Froding.
Freshman, Bert Campbell and Geo. V. S. Shepard.

The class championship this year will be decided as usual in the eight oared gigs. At present the class of '97 holds the championship banner. This year the naval authorities are endeavoring to get some sporting goods firm to put up individual medals for the winners of the class gig race. If this is not successful probably some souvenir of the race will be given each of the winning crew in the shape of a stick pin shaped like a sweep with a red enameled blade and the figures of the winning class in the center.

The gigs this year can be obtained by the classes at a considerable reduction below the price paid last year. Arrangements have been made with the organizers of the two conventions, that meet in Madison the week of June 3-8 to make the regatta one of the inducements for outsiders to be in town that week. Then the hours of the regatta will be set apart in the program of the two conventions so that undoubtedly an immense crowd will attend on that day.

—A whist tournament is in progress between the Yale and Harvard clubs.

EXCURSION TO BELOIT.

The baseball management has made arrangements to run an excursion to Beloit on next Saturday, when the university team will meet the Beloit team for the final game between Wisconsin and Beloit.

The low rate of one fare for the round trip can be secured, if one hundred persons take advantage of the offer. A special train will be run leaving Madison at 1 p. m. Saturday, returning that evening.

It is to be hoped that a large number of students will accompany the team to encourage the boys and witness what will undoubtedly be a hotly contested game. The Beloit players have been working hard since their defeat of April 20 and hope to win the game on their home ground.

PFEFFER TO COACH.

Fred Pfeffer, the well known baseball player, has been secured as coach for the ball team and will take hold of the men on his arrival tomorrow afternoon. There is no doubt but that Wisconsin has the best of material and skilled coaching will undoubtedly give the men the steadiness and form which they seem to lack.

The recent defeat was a severe lesson but it has served to spur the men to more determined effort rather than to discourage them, and it is certain that Chicago University will have a very different team to meet on the morning of June 1, when Wisconsin plays the return game.

FACULTY MEETING.

The faculty held its regular weekly meeting yesterday afternoon. Several important matters of considerable interest to the student body were discussed. The most important feature of the meeting was perhaps the consideration of the applications for fellowships. These applications among our own students are not quite as numerous as in former years because students from other universities and colleges are now allowed to apply for fellowships here. As in other years the number of fellowships granted will be ten; one to go to the Latin, one to the Greek department and the remaining eight to be divided among the various other departments. The election of fellows for the next year will take place at the next faculty meeting.

Several matters concerning athletics were also discussed. It was determined to have the captains of athletic teams, the crew, base ball, foot ball, track and other teams keep an accurate list of attendance of all persons in their teams each day. Some discussion was also given to attendance at military drill and the regulations of the regents concerning this will be found in another part of this paper.

CHRISTIAN ASSOCIATIONS.

Mrs. Gov. Upham give a very interesting and largely attended Bible study in the law building last Sunday under the auspices of the Y. M. C. A.. Mrs. Upham is a very fluent and interesting speaker and showed in her short talk the results of a careful study of the Bible. The meeting was enthusiastic and enjoyed by all.

ON CIVIL SERVICE.

COLLEGE CLUBS FOR ITS RE-
FORM.

MEET IN CONVENTION AT CHI-
CAGO.

Wisconsin Represented by F. E. Bump
—Account of the Meeting.

The first annual convention of the National League of College Civil Service Reform clubs was held at the Marquette club house, Chicago, Friday, May 3. Delegates were present representing all sections of the country. The object of this new movement among the colleges of the United States is to work in conjunction with the National Civil Service Reform league in the extension of civil service reform, and in the investigation of violations of the civil service law and the principles of civil service reform, whether committed by municipal, state or federal officers. As a college organization, it will strive, through the local college clubs of which it is to be composed, to promote the discussion of, and active interest in the reform movement among the faculty and students of the institutions embraced in the league.

There is no doubt but that civil service reform is one of the great movements of the age, and the active participation by the higher institutions of learning of the country is regarded as of much importance to the success of the cause. This college league has been formed, therefore, with the encouragement and assistance of the National Civil Service Reform league, and delegates to the conventions of the national college league will be entitled to vote as delegates in the conventions of former organizations. The two national leagues will work together for one cause, each in its own sphere.

The morning session of the convention was taken up with the preliminary organization, the adoption of a constitution for a permanent league, and the election of officers under the same. The constitution of the league will be made public later. Officers were elected as follows:

President, Stephen D. Demmon, Northwestern University.

Secretary and treasurer, Franklin E. Bump, Wisconsin University.

Executive Committee: The president of the league; John Hall Jones, Harvard University; Charles P. Neill, Johns Hopkins University; A. L. Calvert, Chicago University; a member to be chosen from the civil service club of Columbia College, New York.

The afternoon and evening sessions were utilized in the discussion of methods of work and plans of organization of the college clubs. The convention adjourned with a banquet in the evening at the Sherman house, at which William Dudley Foulke, delegate from the National Civil Service league, and president of the Indiana state league, and others gave addresses.

The intention of the organizers of this league is to establish civil service

reform clubs in all the principal colleges of the country. Vice presidents of the league are to be chosen by the executive committee, one from the faculty of each college in the league. Each club is entitled to one vote in the national convention, one delegate from each college being a member of the general governing committee of the league.

Upon the return of Mr. F. E. Bump, Wisconsin's representative in the convention, steps will be taken to organize a civil service club in the university. Such club will be formed for active work in the cause of civil service reform, and will be composed only of those who are really interested in the movement and who will work to promote its success. The local club will be brought into close touch with the national league because of the fact that Mr. Bump is its secretary and treasurer, upon the shoulders of whom will fall much of the work of organization throughout the country.

LOWERING THE LAKE.

The advisability of lowering Lake Mendota is being considered. The mill where the Yahara flows out of the lake burned some time ago and if it is not rebuilt the dam can be removed thus allowing free passage between Mendota and Monona. This would lower the lake about 4 feet, which would change the shore line considerably. The result of this would be that the shore line from Park street to Brearly street would go out on an average about sixty feet while the average from Brearly street to the Yahara would be ninety or one hundred feet. The shore of the University bay would be at the bar extending to Picnic Point, with marsh land between the present shore and the bar. The surface of the lake would be decreased about four hundred acres. This change of shore line would necessitate the moving of many boat houses out to the new shore. The university boat house would probably not have to be moved however.

Prof. Van Hise states that the lowering of the lake would prevent the wearing away of the shore. This is going on now at a rapid rate and there has been a marked change in the course of the shore of Picnic point during the last few years. Dean Birge could see no objection from a hygienic standpoint. The lowering would have to be done in the fall. Dean Henry said that it would be very beneficial to the agriculture department. It would add about 230 acres of good land to the farm.

MELVIN CLUB.

The Melvin club will hold its next regular meeting tomorrow evening at the home of Mrs. J. B. Winslow, 131 Langdon street. Rev. Calver of Milwaukee will lecture on "Cardinal Newman as a Poet." Exercises will begin at 7:45.

—The Sophomore class in Olivet College, Michigan, will present the Greek play, "Antigone," June 3rd. The rendition is to be entirely in the original language, including the choruses, the music for which is from Mendelssohn's "Antigone."

The Daily Cardinal.

PUBLISHED DAILY (SUNDAYS EXCEPTED)
DURING THE COLLEGE YEAR.

BY THE STUDENTS OF THE
UNIVERSITY OF WISCONSIN

Subscription price \$1.00 per term, \$2.50 per year
in advance.

The CARDINAL cordially solicits contributions
from all members of the University.
All communications must be accompanied by
the name and address of the writer and must be
received at our office not later than 8:30 p. m. of
the day before they are intended to appear.

Address all matter intended for publication to
the editor-in-chief. All business communications
should be sent to the business manager.

The university is in luck in obtain-
ing for its baseball coach, Pfeffer, the
famous Chicago and Louisville player.
Under his coaching our nine should
make great progress. We have plenty
of good material and all it needs is
working into shape. Pfeffer has had
considerable experience as a coach
having spent some time with the
Princeton nine this spring. We have
some important games in the near
future and good earnest coaching for
the next week or so is necessary if
we wish to make a good showing.

The idea of an excursion to the
game at Beloit next Saturday is a good
one and it is to be hoped that enough
students will go to make it a success.
Beloit is the only college near enough
for a reasonable excursion and the
more often the students go on such ex-
cursions the better. It will be remem-
bered that the excursion to the foot
ball game at Beloit last fall was a suc-
cess in every way, and there is no
reason why a similar excursion for the
base ball game should not be ar-
ranged as successfully. The low rate
of one fare for the round trip has been
secured and the special train will run
at such a time as not to interfere
with any recitations. The game should
be even more attractive than the foot
ball contest last fall was for we are
not as far ahead of Beloit in base ball
as in foot ball. The last game was
very close—too close for comfort—and
as good a contest can be expected next
Saturday.

OUR GLEE CLUB.

The following comparison between
the Michigan and Wisconsin Glee
clubs is taken from the Saturday Re-
view, of Des Moines:

"The Ann Arbor boys made their
second appearance in this city Wed-
nesday evening before quite a large
audience. The various schools of the
city showed the club especial honor
by putting on their best frocks and
attending en masse. They wore col-
lege colors and also carried with them
that remarkable piece of furniture,
the college yell. But the concert was
disappointing. Usually a criticism of
an amateur performance is not in-
teresting but for the particular benefit
of the glee club a suggestion might
be made that they revise their pro-
gram. The grade was far too low,
not by any means equalling the ex-
cellent standard presented by the Wis-
consin students. The humorous songs
were too decidedly ancient to be funny
and the appearance of the banjo club
was said to resemble wax figures. The
club is made up of excellent singers,
which was demonstrated in "Hark the
Trumpet" and the "Ann Arbor Hymn." Mr.
Miner and Bob Thompson
played their parts well. There is also
talent in the Banjo club, but a few
suggestions as to how one audience
received their songs may serve to call
out a better program next year."

THE BROWN COMMENCEMENT SPEAKERS.

The following members of the senior
class at Brown have received the ap-
pointment to deliver orations at Com-
mencement: F. D. Aldrich of Massa-
chusetts, C. W. Barrows of Rhode
Island, F. O. Clapp of Rhode Island,
F. D. Elmer of Connecticut, W. E.
Gardner of Rhode Island, G. A. Gor-
don of Massachusetts, G. H. Olney of
Massachusetts, A. R. T. Truex of
New York, R. M. Vaughan of Wis-
consin, and Benjamin Williams of
Michigan.

YALE'S NEW PITCHER.

Captain Rustin of the Yale nine has
made three important changes in his
team. The most remarkable is the ad-
dition of Frank Butterworth, the foot-
ball player, to the team as pitcher.
Speer, left field, has been laid off for
poor all-round work and S. Quinby
will take his place. Fincke, third base,
is ill.

—W. Cunningham, of the senior cap
and gown committee, has just received
some samples of gowns for inspection.
They range in price from three dollars
up.

—Miss Pauline M. Baur left this
morning for her home at Kensing-
ton, Conn. She has completed her
work here for this year but expects
to return next fall.

NORA SAMLAG.

The meeting of Nora Samlag which
was called for next Saturday, May
11th, has been postponed until May
25th.

ACROSS THE CONTINENT.

The Chicago Post has the following
to say concerning the eastern tour of
the University of California track
team:

"Manager A. W. North, of the Uni-
versity of California athletic team,
was in the city yesterday, a guest
of the Chicago Athletic association.
He says that his team leaves Cali-
fornia Thursday of this week, going
direct to Princeton, N. J., for the meet
there on May 11. It goes the next
day to Philadelphia and remains there
for the meet with Pennsylvania on
May 18 and until the day before the
intercollegiate meet in New York on
May 25. It then comes to Chicago,
taking part in the western intercol-
legiate games on June 1, meeting the
University of Michigan June 8. Man-
ager Cornish, of the Chicago Athletic
association, succeeded in arranging a
dual competition between the Cali-
fornia team and one composed entirely
of Amateur Athletic association ath-
letes, to take place on either June 12
or 15. This will give Chicago people
a chance to see what the visitors can
do both against college men and also
against local athletes. The success of
the Chicago Athletic association team
in the indoor meeting last winter
shows that it is worthy of respect
from any athletic team and it will
give the Californians a hard tussle.
Among the proposed conditions of
this dual competition are: Events
and order of competition—100 yards
run, 880 yards run, 120 yards hurdle
race, one-mile walk, 220 yards run,
220 yards hurdle race, one-mile run,
two-mile bicycle race, 440 yards run,
putting sixteen-pound shot, running
high jump, running broad jump,
throwing sixteen-pound hammer. Each
team to start not more than three
competitors in each event. Winning
of firs places count five and second
two points, no thirds to count. Ath-
letic Association Union rules will gov-
ern. Contestants must be members of

their own club at least one month
prior to date of competitions. Entries
to be made at least one week before
games. While the California team is
a strong one, there are local athletes
in the Chicago Athletic association
who can acquit themselves with cred-
it. Many of the best college athletes
are also in the Chicago Athletic asso-
ciation membership and a strong team
can be put in the field. The final
make-up of the western team is:
Barnes, sprint; Koch, captain, 440 and
shot; Bradley, 880 and mile runs; Mer-
vin, walk; Dozier, bicycle and broad
jump; Torrey and Dyer, hurdles; Ed-
gren, hammer and shot; Woolsey,
broad jump; Patterson, high jump and
hurdles."

TECHNOLOGY STUDENTS' WORK.

Ninety students of the Massachu-
setts Institute of Technology, working
in shifts of thirty each, helped to test
the new 21,000,000-gallon pump at the
Chestnut Hill pumping station at
Boston, Wednesday. The first crew
went on at eight o'clock in the morn-
ing and stayed until five o'clock in
the afternoon; then they were relieved
by a crew which stayed until after
midnight, when the last shift went on
until morning. Most of them were
stationed in the engine room, where
every part of the engine and boilers
was thoroughly tested. Readings were
taken from all the gauges every fif-
teen minutes, indicator cards being
taken at the same time from all the
cylinders, both water and steam. Stu-
dents were also stationed at the weir
house on Fisher Hill, and at the pie-
zometer houses between the two res-
ervoirs, where the pressure of the
water flowing in the pipes was meas-
ured. The pump apparently worked
perfectly, and the test will be one of
great value. The test was under the
auspices of Professor Miller, of the
institute, Engineer Dexter Brackett
and W. D. Sandow.

OFFICIAL NOTICES.

TUESDAY, MAY 7, 1895.

UNIVERSITY BATTALION.

Notice is hereby given that the following rules of the Board of Regents concerning absence from military drill are in force from this date:

1. When three unexcused violations of the Rules and Regulations governing the University Battalion shall stand on the records of the Battalion against any member thereof, the Secretary of the University Faculty on being duly informed of the fact, shall send the parent or guardian of such student, should he be less than twenty-one years of age, a written notice of the fact, together with a copy of this and the next succeeding regulation of the department.

2. When four (4) unexcused violations of the above mentioned regulations in any one term shall stand against any one student, on the record of the battalion, the Class Officer on being informed of the fact shall notify such student in writing that he will stand suspended from the University, from the date of the next meeting of the University Faculty succeeding the notice, until such time as the Faculty at their next meeting may determine, unless he appear in person before the mentioned meeting and give satisfactory reasons why he should not be so suspended. The notice herein provided for shall, when practicable, be delivered to the delinquent student by the battalion adjutant in person.

F. G. Hubbard

Secretary of the Faculty.
May 7th, 1895.

LECTURE ON DANTE.

In place of the regular lecture in the Epic course tomorrow Dr. Butler will lecture on "Dante, the Greatest Imitator and the Greatest Original." Dr. Butler is well known as a very entertaining speaker and the lecture will prove very entertaining.

UNIVERSITY BULLETIN.

TRACK ATHLETICS: From today on (May 6th) the various divisions of the track team candidates will come out for practice as follows—sprinters at 3:30 p. m., quarter mile and distance men, high jumpers and job vaulters at 4, and walkers, weight men and hurdlers at 4:30. This division is made necessary so that there will not be too many men using the track at the same time and everyone is expected to be out promptly at the hours given above.

Geo. F. Downer.

CHEMICAL CLUB.

The Chemical club will meet at the chemical laboratory on Tuesday, May 7th, at 7:30 p. m. Reports will be presented by Mr. Mead and A. P. Saunders.

—A Golf club is about to be organized at Yale.

—A competition drill will be held this week between battalions of Harvard and the Massachusetts Leek.

—The Co-op has just received a supply of University letter-heads with calendar attachment. Look it over before buying your stationery.

—For a second hand dress suit, in first class condition inquire at the Cardinal office.
