The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Announcing three more BARD-PARKER firsts!

1 The New

1/2 GROSS RACK-PACK—package containing one size of B-P RIB-BACK blades on three arms—24 blades to the arm. This addition to the RACK-PACK family embodies the same convenience in use and blade protection as the one gross RACK-PACK . . . and is equally a “TIME and LABOR SAVER” for O. R. personnel.

2 The New

6 ARM, RACK-PACK STAND—which serves as permanent equipment, and fits the B-P Blade Jar. It meets hospital O. R. requirements for a larger “on-hand” selection of ready-to-use RIB-BACK blades.

3 The New

BLADE NUMBER TABS—Each RACK-PACK arm is equipped with a NUMBER TAB which clearly identifies the blades—when in the package—when in the sterilizer—so that quick easy identification of blades can be made in the O.R.

It's Sharp
