## UNTIMELY DEATH

PROFESSOR HIRAM A. SOBER  
CALLED SEPT. 10.

Succumbs at Davenport, Iowa—From Appendicitis—Assistant Professor of Latin Since '93.

Returning students will be greatly shocked to learn of the death of Professor Hiram A. Sober on September 10.

The deceased, who was one of the University's most popular professors, had been absent for more than a year with his family visiting points of interest in Europe, the trip being taken with a view to restoring the Professor's health which had been impaired by overwork. The majority of the time, however, was spent at the Classical School of Rome where Professor Sober continued his work. After they had returned to America a short trip was planned to Moline, Ill., where the parents of the deceased reside. It was at this point that Professor Sober was suddenly taken ill with appendicitis. He was at once taken

across the river to a hospital in Davenport, Iowa, where it is understood an operation was performed but the case was too far advanced for medical skill and he died shortly after.

Professor Hiram A. Sober was born at Ypsilanti, Mich., June 15, 1863. After work in a preparatory school he entered the University of Michigan graduating with the class of '86. After several years spent as principal of various high schools in Michigan, he again entered the Ann Arbor school taking post graduate work in classical languages. After the completion of this work he was enrolled as instructor in the University of Michigan from which position he was called to be instructor of Latin at the University of Wisconsin in 1893. The following year he was promoted to an assistant professorship in the same subject. From this time on until a year ago he filled his position most successfully, being well liked by students and professors, and his return from the trip abroad which terminated in his untimely death, was anxiously awaited by all.

The remains were brought to Madison at once and the funeral was held at the Pi Phi house, of which sorority Mrs. Sober was a member, on September 12th. The pallbearers were selected from the fellow professors and friends of the deceased and were as follows: Charles Forster Smith, Wm. B. Cairns, Richard Fischer, Grant Showerman, Walter Smith and Ernst

Mrs. H. A. Sober with the Pi Phi sorority this year.

## THE CARDINAL RESUMES PUBLICATION.

### Enters Upon Its Tenth Year of Usefulness

It is The Official Organ of The University and Serves as the Medium for all Notices, News, Happenings and Discussions.

To the Faculty and Students of the University of Wisconsin,

#### GREETING:

With the present issue the Cardinal resumes publication and enters upon its tenth year.

To the old student no introduction is necessary, to the entering class the advantages of supporting the college daily will be at once apparent.

From the personal standpoint the Cardinal commends itself as the official medium for faculty notices. With the growth of the University the use of bulletin boards has become impracticable, and in the Cardinal alone can be found complete, accurate, and strictly up-to-date bulletins and notices, sanctioned by the Regents and Faculty.

The news and editorial columns give to its readers daily ninety inches of contemporary news and comment, more than is given by any other college daily in the United States. It is believed that in form and contents the Cardinal as nearly approaches the best standards of modern newspaper work as it is possible for enthusiastic work to make it.

The Board of Regents annually purchase and distribute among the High Schools of the state several hundreds of copies and the High School department is the recognized means of communication in all departments of High School activity.

The editorial columns are designed to furnish intelligent comment upon University needs and subjects and to express as nearly as possible student opinion upon every topic of interest to students and faculty. In addition the Cardinal offers itself as the medium for the expression of independent opinion on all subjects in the form of communications.

The exchange columns give the most desired news from other colleges and universities, while the local and personal notes give all details of daily happenings in 'Varsity circles. It is designed to make this department more extensive than ever the coming year.

For nine years the Cardinal has fulfilled these several functions and the new management hope to make this year more successful than ever before. In addition the Cardinal has been an enthusiastic supporter of athletic and literary contests and has contributed much to the upbuilding of that college spirit which characterizes Wisconsin.

The Cardinal is the University paper in every sense. It is your paper, it cannot exist without your moral and financial support, and it is entitled to it. It ought to have as subscribers every student and member of the faculty.

The University could hardly do without the Cardinal, and the Cardinal cannot do without your subscription. Therefore, show your appreciation of the Cardinal's good work in the past by subscribing at once.

Drop your subscription into a Cardinal box or hand it to a member of the staff, your class officer or the registrar, or to any member of the faculty.

## BRIGHT OUTLOOK

ALL INTEREST CENTERS IN FOOTBALL CANDIDATES.

Prospects for Championship Team Best in Years—Numerous Candidates for all Positions.

From present indications Wisconsin has certainly entered upon a very successful season of football. With seven of last year's team and such a wealth of good material to draw from, for the remaining positions, the outlook is indeed bright. Never before have so many appeared for early practice, and the fact that 17 weigh over 170 is something unusual. Indeed, the old men will be compelled to work harder for their positions and the sharp competition for places will be an incentive to better work and consequently a stronger team.

The reports prevalent to the idea that our style of play is to be greatly changed are erroneous. The absence of O'Dea necessitates a more highly developed offensive play, and, like

Capt. A. A. Chamberlain.

Yale, we want a "raring tearing, zipping" back field. O'Dea's kicking certainly has won games for us, and for the effectiveness of their system of play and especially strong defense has been developed. With this defense, an aggressive back field will form a combination which will be especially strong.

From a survey of the material at hand it seems assured that our set of backs will be the strongest in the West. The equals of Larson and Peele are not to be found in any team we will meet this fall and before the close of the season they will surely be classed as the best in the country. Should injuries keep them from the game, we have Senn and Hamilton, of last year's subs, and Kinney, Cropp and Abercrombie to rely upon. For full back, Driver seems in the lead, with Griesel, Haumnerson and Brewer close in the race. Driver hits the line well while Griesel is the better punter. The position of quarter-back will be warmly contested. Tratt has played them three years and is by far the headiest player. His weight (136) handicaps him somewhat. However, Schreiber, the Madison High player, should make an ideal quarter. He is heavy and fast and very strong both in offense and defense, while his punting is

STUDENTS.

We are glad to call the attention of the new readers of the Cardinal to the fact that the Madison Cycle Co., at 113 State street is probably the best place at which to get a wheel repaired. They also deal in typewriters and typewriters supplies. The old readers all know where to find them but for the convenience of the new, we will say that the store is less than half a block from the capital park, on the left hand side as you go towards the University.

other man in the squad. Marshall, a new man, is showing up well.

A strong line seems assured; Chamberlain, Curtis, Cochems, Lerum and Skow. Cochems, who has been in Europe, has not yet appeared but will be in the game later. Riordan, Captain of the '97 champion team will undoubtedly be in the game when needed.

In addition to these, Webster the Englewood High School player, Lindsey, Lawrence, Minahan, Grass, Kelley Fullerton and Boehm are all heavy men. Webster and Grass are both very promising candidates. The candidates for end are Daum, Abbot, Curtis, King and Love.

To be sure the season is yet young and many changes will probably take place when the team settles down to steady training.

The first line scrimmage took place Friday and lasted but a few minutes. Consequently the apparently poor showing made in the game against the High School, who have been in active practice for two weeks. The score was 'Varsity 6, High School 0.

## NOTICE.

All notices for publication in the Daily Cardinal must be left in the boxes not later than 12 o'clock noon of the day on which it is to be published. Boxes are located in Main Hall, Science Hall and the Co-op. All notices should be left with the Registrar or at Mr. Dudley's desk, the delivery counter of the University Library, second floor of the new Library Building.

## GREETING.

In making its initial bow to the student public with this issue, the Cardinal extends to all a hearty greeting and earnest wishes for a successful year. It is hoped that the cordial and helpful relations heretofore existing between the student body and their organ may be continued and increased. To the entering classes especially it offers its help and assistance with the hope that in its columns may be found matters of interest and value to new students as well as old.

## A GREAT LOSS.

All students and friends of the University will join with us in mourning the untimely death of Professor Sober. As a professor he was universally liked and honored and as a man he had the confidence and respect of all who came in contact with him. It was indeed a great loss to his large circle of friends and to the University at large to have him taken from us.

## AT WORK AGAIN.

The University is entering upon another college year with the old-time rush and enthusiasm and with the added impetus of new buildings, new equipment and increased attendance. The outlook is brighter than ever and indications point to increased activity in every line of endeavor, both literary and athletic. The new engineering building beckons encouragingly from the north side of the campus, while the new University Library at its foot invites the eager student to its halls and cosy alcoves.

Every condition is at hand to make the year an eminently successful one and it remains only for us to grasp the opportunities lying ready at our hand. Interest centers naturally upon football prospects and here we find abundance of encouragement. A large and heavy field of candidates, spirited rivalry for positions on the team, and a hearty student interest and support seem to indicate a winning aggregation this year. The tremendous interest manifested by the people of the state during last fall's championship series ought surely to inspire the University to put forth every effort to eclipse that record.

Speaking of successful years, the Cardinal is in line for its share of the general prosperity. Your subscription will do it.

## NEW LIBRARY OPEN.

During the past summer the Historical library and the University library have been moved to the new library building. The work of arranging these great collections of books in the new quarters has been rushed during the month of September and the new building will be open to readers at 8 a.m. today, Wednesday. During the present week, it will be impossible to open the library to readers evenings. Hence on Wednesday, Thursday, and Friday of this week, the general reading and delivery rooms of the new library will be open from 8 a.m. to 6 p.m.; on Saturday, September 29, they will be open from 8 a.m. to 4 p.m. Commencing next Monday, October 1, the general reading and delivery rooms will be open daily during term time from 8 a.m. to 6 p.m. and from 6:30 to 10 p.m., except on Saturdays, Sundays, and legal holidays. On Saturdays the libraries will be open from 8 a.m. to 4 p.m. It will be noticed that these hours are the same as those of the University library during last year, except the closing on Saturdays at 4 p.m., instead of at 5 p.m. This earlier closing on Saturdays is rendered necessary by the weekly cleaning of the great reading room.

The departmental libraries of the Historical Society on the first floor will be open from 9 a.m. to 1 p.m. and from 2 to 5 p.m. daily, except on Saturdays, Sundays, and legal holidays. On Saturdays these special libraries will also close at 4 p.m., when the entire building will be closed to the public for purposes of cleaning.

In a future issue the Daily Cardinal will give a description of the new building and publish the regulations governing the use of the Historical and University libraries by students.

This course will consist of lectures and practical work on the consular service of this country. Reference will be made to other systems for the purpose of familiarizing students with foreign forms. It will aim to fit young men for work in our foreign offices, and to prepare them to pass an examination for admission to the Consular service of the United States. The work will be of such a character as to be of value in a counting room, merchants or manufacturer's office in our own country. Much of it will be of a practical business character dealing with customs laws, invoicing, drawing of papers, making reports, etc., etc. The class will meet for the first time, Friday a. m. Sept. 28, A. D. 1900, in the seminary room of the School of Commerce, Historical Library Building.

## NEW ASSISTANT IN ECONOMICS.

Dr. Thomas K. Urdahl, who has so

excellently filled the position of assistant in Economics during the past academic year, has received and accepted a very flattering call to the chair of Economics in Colorado College, succeeding Dr. Francis A. Walker. While we are sorry to lose Dr. Urdahl we are glad to welcome Dr. Gustav A. Kleene as assistant in Economics.

Dr. Kleene received the degree of A. B. in the University of Michigan in 1891. After teaching in the East Saginaw High School in Michigan two years he took up graduate work, studying one year in Berlin and Tübingen, Germany, one year in Columbia, and one year in the University of Pennsylvania, from which he received the degree of Ph. D. in 1896. During the years 1896-8 he was connected with the Charity Organization Society in New York City, thus gaining valuable, practical experience which will be helpful to him in his work in Charities and Correction. During the years 1898 and 1900 Dr. Kleene had the work in History and Civics in Peoria High School. He comes to us highly recommended.

Dr. Kleene will have the class in The Outlines of Economics, and will also have a class in Charities and Criminology. Together with Professor Ely he will have a class in American Public Finance, the first semester being devoted to the Revenues and Expenditures of the federal government, and the second to the revenues and Expenditures of states and cities. The hours will be those announced in the catalogue. The courses are 2, and 20 in Economics and 4 in Sociology.
