CHINESE WOMEN ARE HELPED BY MAYHEW FUND

Annual Drive Opens Monday—Seek \$1,800 This Year

The drive for the Abby Mayhew fund, which is a part of the Wisconsin-in-China campaign to be launched on the campus Monday, will be conducted by the women of the university, according to the usual custom. Gladys Haskins '22 is general chairman of this phase of the campaign.

The sum of \$1,800, which is the goal set in the Mayhew drive, will be used to send two Chinese girls to colleges in this country and educate them so that they can go back and teach in the Normal School of Physical Education of the Y. W. C. A. in China, which is the institution founded and conducted by Miss Abby Shaw Mayhew. These two Chinese girls have already had one year in an American college and two years more will complete the course mapped out for them. For this purpose \$3,600 is required, and it is planned to raise \$1,800 this year and the same sum next year. An effort will be made to bring the two Chinese girls to Wisconsin next year.

Parallels Childs' Drive

The Mayhew drive will begin at the same time as the Childs drive and the purpose of it is practically the same. The campaign will be carried on among the women of the university and will last from Monday until Friday of next week. The following committee has charge of arrangements: General chairman, Gladys Haskins '22; canvassing, Adelaide J. Anderson '22, and Esther Haven '22; banquets and meetings, Cleo Parsley '23; posters, Lucile Curtis '23; publicity, Mildred Gerlach '22, and Marion Goodwin '21; faculty, Ima Winchell '22; treasurer, Minnie Beattie '23.

THREE PLAYS ON DRAMA CARD OF TWELFTH NIGHT

Twelfth Night will present itself to the public for the first time this year when its members appear in a series of one act plays which will be given in the concert room at Lathrop hall Thursday evening, January 18.

The three plays which have been chosen are, The Rushlight, by Monica Barry O'Shea; The Dear Departed; and Fourteen, by Alice Gersenberg.

In choosing the casts several new members have been selected for significant roles:

NON-FRATERNITY MEN HAVE CHANCE FOR PART IN PROM

Dinners, Dances and Other Functions Open—10 May Hold Box

Non-fraternity men not yet affiliated with any group for Prom parties still have the opportunity of joining them, according to William Bloecker '22, assistant Prom chairman, who announces that seven groups have been organized but that none has as yet its full quota of men.

Plans for a post Prom dance to be held the night following Prom in the Woman's building are being made and any group or individual who desires to attend is asked to notify Bloecker at U. 279-J or Edward Caluwaert '22 at B. 4611, both after 8 o'clock in the evening. This should be done by Saturday. Any group wishing to arrange for a pre-Prom dinner is asked to call Caluwaert. In order to correct an erroneous impression that more than 10 are needed to secure a Prom box, Bloecker announces that reservations for boxes can be made for a group even if as low a number as 10 comprises it.

The following group leaders should be called if any non-fraternity man wishes to affiliate himself with one of the groups: Emil Hofsoos '21, B. 3918, Square club; Edward Caluwaert '22, B. 4611, Commerce; John F. Reiley '24, B. 871, Knights of Columbus; Alice H. Crew, office of Dean of Men, Graduate club; August Braun '23, B. 4731, American Legion. Two additional groups are being organized by L. S. Clark '23, who can be called at B. 1770 and by Donald Ralph '21, who can be called at B. 4284.

GROUP COSTUMES TO BE FEATURED IN JAMBOREE BILL

To make group costumes one of the main features for the big all-university jamboree to be held Jan. 15 in Lathrop gym and concert room was decided at the meeting of the Student Senate last night.

Last year the first prize for men's group costumes was won by the Y. M. C. A., who came garbed as the "Wild Skybos" of Octopus fame, and Barnard was awarded the first prize for the best women's group.

Student Senate is backing the affair because of the still unpaid Awk debt," said "Dave" Lacey, general chairman for the jamboree, last night.

The Awk was the humor magazine of the university which preceded the Octopus and died an untimely death, leaving behind a debt of some \$300. A solemn funeral of the debt was held at last year's jamboree, but it has turned in its grave and disclosed a deficit of about \$60.

Preparations for one of the largest all-university functions to be held during the entire year are being rapidly made. Many other dances and entertainments have been postponed from that date in order not to interfere, for organizations of all kinds are expecting to compete for various costume prizes and stunts.

Another general meeting of all jamboree committees will be held this afternoon at 4:30 in the Union building.

Testimony of W. T. Schrenk Given Yesterday Will Figure Prominently

(Special to The Daily Cardinal)
JEFFERSON, Wis., Jan. 5.—"You think you are funny running away from an officer like that! It is a good thing I didn't get close enough or I'd have taken a crack at you!"

W. T. Schrenk, instructor of chemistry in the university and a graduate student, offered this testimony in the case of Matt B. Lynaugh, Madison policeman, on trial in the circuit court here for the killing of Carl E. Jandorf, Grand Rapids, Mich. The shooting occurred near the corner of Lake and Langdon streets last May 28.

These words, according to Mr. Schrenk, were used by Lynaugh to Julian Lunney '23, as he arrested him in the doorway of the Phi Delta Theta fraternity house where he had chased him.

The prosecution will use this testimony to show that the officer was enraged even before he shot Jandorf.

Mr. Schrenk was called to the stand late this afternoon, following a day of repeated testimony regarding the incidents which led up to Jandorf's death. He told of following the officer after the shooting and approaching him as he was seated in a truck in front of the university Y. M. C. A.

"I knew there would be an investigation of the affair and so I asked the policeman his name," testified Mr. Schrenk. "It is none of your business," he said, "I am responsible for what I do."

"I immediately took down his number, No. 8, I believe, and also the names of 15 or 20 young fellows who could be used as witnesses," he said.

It is easily to be foretold that the trial will not be completed by the end of the week. Only 18 of the 64 or more witnesses to be called have taken the stand, and when the testimony has been completed there will follow long arguments to the jury by counsels on both sides.

The trial opened this morning with E. J. Frawley '23 on the stand, but he and those who followed him told practically the same story of the affair as Daniel C. O'Neil '23 swore to yesterday.

Other witnesses today were: F. E. Wolf, general secretary of the university Y. M. C. A., E. W. Jones '23, S. R. Sloan Barclay '22, Henry Heine, Reedsburg barber, Mrs. Florence Kidder, 701 Langdon street, Miss Esther Burke '22, and Raymond Paulus '22.

Dean S. H. Goodnight was subpoenaed to the trial today.

MIXER AND DANCE FOR STUDENTS IN AG. SHORT COURSE

Barnard and Chadbourne halls and the Home Ec women, assisted by the Euthenics and A. W. A. clubs are hosts on Friday evening to the Short Course Ags. The affair is to be staged in Lathrop hall and entertainment will consist of dancing and singing.

Dr. Elsom will lead the singing and entertainment stunts, and will have charge of the feature that is to come between the fifth and sixth dances. Thompson's orchestra will furnish the music.

Invited guests include the faculty of the Home Ec and Ag college, and E. J. Cooper, director of the short course. The Country Magazine staff is assisting as a committee on arrangements.

Chaperons are Dean and Mrs. J. A. James, Dean Abbe Marlatt, and Dean F. Louise Nardin.

JOINT DEBATE GETS BLAINE FOR CHAIRMAN

Fifty-first Annual Forensic Event is Held January 14

Governor John J. Blaine will preside at the joint debate between Philomathia and Hesperia which the literary societies are holding Friday, January 14. Chief Justice Robert G. Siebecker and Judge John Bingi have also been secured, and probably Judge M. B. Rosenberry will be a fourth judge. The other member of the group will be either M. B. Olbrich, of the district attorney's office, or Prof. E. B. Skinner, of the Mathematics department.

The question for discussion is: "Resolved, That all Japanese residents in the United States should be granted American citizenship." Much interest has been evidenced in the question, and members of the societies predict that Music hall will be packed long before opening time the night of the debate.

Tracy and Kohl, Closers

The affirmative is supported by Philomathia, with Sterling H. Tracy '22 as closer. The negative is upheld by Hesperia, which has selected Leo H. Kohl '22 as closer. Other members of the Philomathia team are Charles D. Assovsky '21, and Robert B. Stewart '23, while Hesperia will be further supported by Ralph E. Axley '23, and Halsey Graege '22.

This is the first annual joint debate, and is the biggest event of the forensic year, having pre-eminence even over inter-collegiate debating. Some of the state's greatest politicians, lawyers, and other leaders have taken part in these debates in previous years.

Each side is to have seventy minutes to present its arguments. No speech will be longer than thirty minutes nor less than twelve. One rebuttal speech of six minutes will be allowed the affirmative. These rules have been carefully drawn, and will be strictly followed.

Hesperia won the right to compete in the classic by defeating Athenae in the debate last year. The winner of the debate next week will compete with Athenae next year. This arrangement gives each society a chance to enter a team at least once every two years.

Held in Music Hall at 7:30

The joint debate will be held in Music hall January 14, starting promptly at 7:30. No other events will be set on that night in order to allow every person interested to attend the debate. Literary societies have called off their regular meetings and will attend in a body. Athenae and Hesperia are holding special pep sessions in place of regular meetings tomorrow night in order to fully prepare for the big event the following Friday.

A banquet will be given for members of the teams, members of the societies, and their friends immediately after the decision.

SMOKER AND DINNER FOR A. S. M. E. TONIGHT

At 6 o'clock this evening the local society of the American Society of Mechanical Engineers will give a supper and smoker in the city "Y." Professor Mack, state engineer, will give an illustrated talk. "Chick" Dean '21, and the A. S. M. E. orchestra are expected to provide the music, while P. A. Royer '21, and Pat Hyland '21, will entertain.

TODAY we offer this clipping from Milwaukee Journal of Dec. 19, which the Phi Betas sent us, evidently feeling that brother Wheelan Sutliff was not getting all the publicity he should have. Nothing further is necessary as the rest speaks for itself.

IF YOU DON'T THINK
CASH A NECESSARY
EVIL, READ THIS!

Money may be the root of all evil. In this case it was the lack of money—a missing purse to be exact. A basketball rooter, a girl and the police play the heavy roles.

In a Grand avenue cafe a Rhinelander man discovers that his purse is gone. The girl, across the table, is concealing her embarrassment behind a napkin. He has taken her there after witnessing the Wisconsin-Marquette basketball game. The man and waiter engage in a lively battle of words. Proffers of a check in settlement of bill are refused. Hero makes out an i.o.u., throws it on the table, and rushes out, girl on his arm.

Act II. censored. Girl is taken home.

Act III. finds the basketball rooter making ineffectual attempts to obtain credit at hotels. Smile il-

lumines face. He determines to go to the home of a fraternity brother.

Act IV. Our hero makes ineffectual attempts to arouse occupants of lower flat on Tenth street. Neighbors start throwing shoes. Discovers open window and begins climbing through it. Hue and cry. Enter, police. They grab hero by legs and pull him back.

Act IV. Scene 2. Front door opens, discovering fraternity brother in night robe. "Unhand him, villains, b-r-r-r, he's a f-r-r-iend of m-m-mine."

THE D. U.'s threw a fire the other day. We understand that it was something of a disappointment to some of the brothers because someone turned in the alarm too soon. The fire department and other spectators attended in large crowds. And after it was all over a two-foot hole in the roof was all they had to show for their effort.

TODAY'S WORST
Adoring father: My son, what do you expect to be when you get out of college?

Respectful son: An old man, father.

And, as one of Thompson's best says, theah yuah ah.

soon as possible. Checks or money orders should be made payable to H. O. Seymour, treasurer, and mailed to him at the First Wisconsin National bank, Milwaukee, Wis., or taken directly to the Alumni building, 821 State street.

A drive for more subscriptions is now being carried on among Madison business men and alumni. Another drive is to be opened soon in Milwaukee, and another later in other large cities of the state. In the spring a drive will be begun among new students here, and others who have not subscribed. The present total of subscriptions is nearly \$300,000. It is hoped that this may be raised to \$500,000.

ADD 10,500 VOLUMES TO LIBRARY IN YEAR

About 10,500 volumes were added to the collection of the university library the last fiscal year ending June 30. The addition makes a total of 280,000 volumes. This number does not include the volumes of the Historical library which has 218,000 volumes and 227,000 pamphlets of its own.

Branches of the University library are maintained in the Law building, the Engineering building, Washburn observatory, and Agricultural hall. The books in the branch library amount to over a half million volumes to which the students have access.

WHY NO ALL-UNIVERSITY EXPOSITION?

We gladly join our worthy contemporary, the Country Magazine, in the campaign to put on an all-university exposition.

When the last one was held back in 1915 its unqualified success was heralded throughout the state, with the result that it was decided at the time to make the exposition an event to occur every four years.

Many reasons have been advanced for the failure of the exposition to appear either in 1919 or 1920. In the minds of some, the unsettled period of educational reconstruction following the war was mainly responsible for the postponement. One reason can perhaps also be found in the fact that four years was set as the interim.

Such a length of time dims past success to a certain marked degree. Especially so in the rapidly changing ranks of a university student body. Moreover, it gives each college generation only one chance to put on the show, if it is put on at all, with no past experience of its own to draw upon.

Although an exposition representing every department in the university is something of a monumental task, it should, and can, be held biennially, during the sessions of the legislature. In this manner the law makers can get more information about the university in the form of actual, visible facts in an hour than they can by extensive reading throughout the whole session; and facts are what they desire.

At any rate, it is now time for another all-university exposition. The legislature will convene within a week, the university has taken some tremendous strides forward since 1915, and all other contributing factors would make another exposition at this time exceedingly worthwhile.

The need of an all-university exposition this year is nothing short of paramount. To gain the objective, work must start at once; a chairman and countless committees must be appointed. Let's fire the opening gun immediately.

EVENING OF STUNTS BEING PLANNED BY FEDERAL STUDENTS

An evening of dramatic stunts including a short play is being planned for the near future by the Gun and Blade club. It is expected to occur sometime after Prom, on February 11, although the exact date and the place of presentation will be announced later.

The stunts will be short scenes representing army life as it really existed in the training camp, overseas, and in the hospitals, and the play will be one presenting army life. Only Federal board men may attend. The proceeds are to be used

to buy books and magazines, and to furnish other entertainment to Federal board men who go back to the hospital at any time.

A number of men with recognized dramatic talent will take part in the production. Norbert W. Murphy '21, business manager of Haresfoot, Lawrence W. Murphy '21, former president of Edwin Booth, Dewey G. Edson '21, former president of South Dakota university dramatic club, and Idrys O. Hughes '21, who took part in a show which was presented by the 32nd division overseas, are among those who will help in this production.

1921 BADGER STAFF. BANQUET; SPERRY TO BE TOASTMASTER

Frederick L. Sperry '21 will act as toastmaster at the banquet which is to be given for all members of last year's Badger staff on Friday night at 6:30 in the Woman's building. Responses will be made by Dean Scott H. Goodnight, Wesley Travers '21, Frank Kuehl '21, Elizabeth Chandler '21, and Prof. W. A. Sumner.

The banquet is only for those who are members of the 1921 Badger staff and they are all urged to be present whether or not they have received a personal invitation, for it has been found impossible to reach everyone. To the dance which will begin at 9 o'clock every man and woman attending the banquet may invite a partner who was not connected with the Badger. The banquet and dance will be semi-formal according to the plans of the committee in charge of arrangements. The Badger management will bear the entire expense of the affair.

The following have been invited as guests of honor because of the keen interest they took in the Badger and the assistance they gave to the members of the staff: Dean and Mrs. S. H. Goodnight, Dean Frances Louise Nardin, Prof. Warner Taylor, Prof. and Mrs. Stephen Gilman, Mr. and Mrs. W. A. Sumner, Prof. and Mrs. F. H. Elwell, Prof. and Mrs. E. H. Gardner, Mr. and Mrs. Oliver Rogers of Dixon, Ill., Mr. and Mrs. W. S. Rankin of Chicago, Mr. and Mrs. Erwin Koch, Mr. and Mrs. De Longe, and Mr. William Meuer of Madison.

HAMMANN HEADS FROSH GYMNASTS

Squad of Ten Men to Meet
Varsity Team on
Jan. 8

William Hammann, freshman in the College of Engineering, was elected captain of the first year gymnastic squad at a meeting of the candidates on Tuesday night.

Coach Fred Schlatter has cut the squad down to ten men who will be eligible to compete in the Varsity-Frosh gymnastic meet at 2:30 p. m. on Saturday, January 8. The men who will stack up against the varsity tumblers in the first competition of the year are: F. Braun, G. Du Val, C. Griffen, N. Koch, B. Krieger, R. Weiss, W. Hammann (Capt.). Three fencers who will cross blades with the varsity swordsmen are A. Thompson, F. Whitehead, and W. Rowland.

Although the varsity gym squad has not been selected, the preliminary meet on Saturday will enable Coach Schlatter to prune down the squad of nineteen tumblers, with the successful contestants meeting the Milwaukee Y. M. C. A. gym squad on January 22 at Madison. The Badgers will travel to Milwaukee for a return meet with the Y. M. C. A. on February 12, and close dual competition against Chicago March 4. The Wisconsin gym season ends with the conference meet at Bloomington, Ind., on March 10 and 11.

Announcement of the Central A. A. U. handball tournament to be held under the auspices of the Milwaukee Athletic club at Milwaukee on January 27-30 has been received by the gymnastic department. The tourney is open to all registered handball players of Wisconsin, Illinois, Minnesota, Michigan, and

PICK CORPS GUARD AFTER TWO DRILLS

With but two remaining drills of the university cadet corps President's guard before permanent guard members are selected, a keen rivalry has sprung up among the scores of men trying out.

At the meeting of the guard during the week of January 16 to 22, the commandant and his assistant will grade the entire personnel. Absolutely no partiality of any sort will be shown, and only the very best men—regardless of their numbers—will be picked and either assigned to platoons and squads or appointed non-commissioned officers. Regular work will begin with the opening of the second semester.

Third drill will be held tonight from 7:30 to 8:30, and all men are requested to report in uniform. A regular drill hour will be arranged at this time. Rifle racks in the armory will be open from 7:20 to 7:30, and the cadets will furnish themselves with rifles, and form for drill in the gymnasium annex. The work tonight will completely cover the school of the squad, and will also include the first movements of the silent manual.

PRICE STORIES HELD UNTRUE

PUBLIC MEETING ON SCHOOL SITE WILL BE CALLED

Joint Meeting on Friday to Consider Funds for Project

A meeting of the city council with the building committee of the school board will be held Friday evening to consider the appropriation of funds for the purchase of the Steinle property on East Washington street, to be used for a new east side high school, it was announced at a meeting of the school board last night. The meeting will be held in the capitol and will be open to the public who are invited to come and discuss the subject.

The advisability of stopping the public dances held in many of the schools during the present widespread disease was considered. There has been some opposition to the exclusion rule by which children who have not been vaccinated must stay out of school for 25 days. This is a rule enforced by the board of health, and only indirectly by the school board.

It was decided to advertise for bids from the banks for a depository for the funds under control of the board.

The action of Supt. C. S. Meek in arranging for better heating of two rooms in Lincoln shool was approved.

Members of the board present were: E. B. Skinner, pres.; Mrs. W. G. Bleyer, treas.; John Moran, clerk; E. T. Baillie; T. B. Ramsay.

Local merchants today branded as misrepresentative a story sent out from Chicago by the Associated Press concerning big drops in the wholesale price of clothing.

The story stated that manufacturers were offering suits much below that of the spring of 1920 and that manufacturers are now offering wool suits at \$25 for which \$50 was asked a year ago.

"This is simply propaganda that is being sent out by the big clothing manufacturers," said a Madison merchant today. "There has been some drop in the price but these decreases are on a lot of old stuff which the wholesalers have been trying to unload. They are old and out of date styles which the merchants cannot sell and therefore will not buy. These alleged price decreases do not apply to new goods and new styles which local merchants have to buy."

AT THE GRAND

"The Family Honor," a King Vidor romance of the South, which comes to the Grand today, has the popular qualities to appeal to all audiences. It is woven around that ever popular and appealing theme, a sister's great sacrifice for her good-for-nothing brother. It is strong in heart interest and with its home-like atmosphere of the southland, and its melodramatic story it should make a strong appeal for popular favor. A tale of Dixie somehow or other always interests, whether or not the spectator has ever journeyed below the Mason and Dixon line.

The simple problems of the home and the struggle to keep the family together are brought in in the picture with a human note which is fast making King Vidor famous as the producer of this particular brand of picture. Little Ben Alexander plays as the baby brother, creates a loveable impression and comes mighty near being the feature of the show.

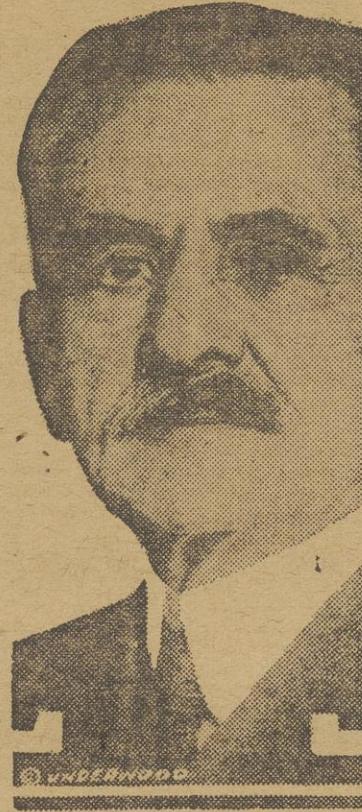

NEW BILL AT THE ORPHEUM

Opening tonight with two performances and continuing for the balance of the week including the three shows on Sunday, the Vaudeville bill at the Orpheum promises something entertaining, amusing and pleasing. Heading the list of six acts will be seen Bayonne Whipple and Walter Huston, in their latest offering "Shoes," which to describe would rob it of its surprises, but it is one of the big time Orpheum acts and sure to be popular with local vaudeville followers. Next on the list will be Billy Shone in a monologue called "A Day Off." The Meryl Prince Girls in "Melodies De Luxe," will be seen and heard; and a dainty, sprightly, breezy bit of femininity will be found in the person of Marie Dorr appearing as "The 'Rube' Girl." The Ambler Brothers, equilibrists with an artistic touch and Wellington and Sylvia in a comedy juggling turn completes the bill. A new reel of Kinogram pictures, showing the latest happenings from all parts of the world, is included.

AT THE STRAND

Critics have placed Maurice Tourneur's new picture, "The Last of the Mohicans," by J. Fenimore Cooper, in a new category of film productions. It is called a permanent photoplay classic, which means that it will live when the ordinary entertainment film has passed on. This is for several reasons, the first being that Tourneur proved he could make an absorbing entertainment out of Cooper's famous story, and at the same time preserve the historical and educational values. This picture is now being shown at the Strand theater.

"The Last of the Mohicans" is a story too well known to need repe-

Scientist Finds

Greater Than Sun

Prof. Albert A. Michelson of the University of Chicago, in a paper read before the American Physical Society, in conjunction with the annual meeting of the American Association for the Advancement of Science, announced the perfecting of a device for measuring the diameters of stars by interference methods. This is regarded by scientists as a stupendous achievement. He finds by his device that the star, Alpha Oriens, or Betelgeuse, is 260,000,000 miles in diameter, or 2,700 times as great as our sun.

tition, but the sweet love tale, with the humor and pathos, thrills and exciting moments, is one that will cause every beholder to gasp—then laugh, then gulp—for it is intensely human, intensely real, and replete with historical events that thrill.

All the ability and knowledge of the great Tourneur has gone into this production, which comes as his first through the new Associated Producers of which he is a member with Thomas H. Ince, Allan Dwan, Marshall Neilan, Mack Sennett, George Loane Tucker and J. Parker Read, Jr.

An all-lead cast, especially selected by Tourneur, appears in this story. The scenic backgrounds are exquisite in their rugged beauty.

As added attractions there will be shown a comedy cartoon and Paramount Magazine.

A long period of cold weather is necessary before the lakes will be frozen to a depth at which ice harvesting can be begun, according to Conklin & Sons. The ice on both Lakes Mendota and Wingra is now under 6 inches in thickness, and not of a quality fit to store.

Hundreds of fishermen are having a great fishing season now, simply boring a hole in the ice and dropping a line.

VOCATION BODY SPENT MILLION

Expenditures of State Board Increasing, Says Report

Expenditures for vocational education in the state have been steadily mounting during the past three years while enrollment for the past year broke all previous records, says the biennial report of the board of vocational education just made public.

Total expenditures during 1917-18 were \$697,154, those for 1918-19 were \$980,300, and for 1919-20 were \$1,254,680. State aid increased from \$139,750 during 1917-1919, to \$185,000 during 1919-20. Federal aid increased from \$11,873 in 1917 to \$22,280 in 1920.

Milwaukee spent \$553,333 on her vocational training, while Madison spent \$35,080; Racine, \$57,149; Superior \$89,396; Kenosha \$38,181; La Crosse \$19,674; Manitowoc \$21,210; Oshkosh \$33,628; Sheboygan \$42,100, and Wausau, 10,012.

Attendance at schools was set at 46,161 in 1917 with approximately 5,000 soldiers in training counted on the enrollment. In 1919, this dropped to 42,739, but rose sharply to 50,051 during the past year with evidence that the attendance will mount **higher** during the coming year.

Milwaukee had the largest number of vocational school students with 21,423, Racine was second with 2,612, La Crosse third with 2,557, while Kenosha had 1,906, Superior 1,456, Oshkosh 1,451, Sheboygan 2,135, and Madison 1,110.

BEAUTIES

Solve Country Magazine Contest Dilema Through Use of Plural

"Who is she?" has been the question on everyone's lips out on the Ag campus. It has also been the worry and perplexity of the editorial staff of the Country Magazine. Such a variety of beauty types and so many really attractive and beautiful entrants in each type that the judges of the Home Ec Beauty contest found it impossible to pick out any ONE beauty as the winner. The names and pictures of the leaders in the contest are given in the January issues of the Country Mag, which appeared on the campus yesterday.

Another interesting article is "The Guernsey Island of Holsteins," by W. H. Pierre. It deals with the development of pure bred Holstein herds on Washington Island, situated east of the state mainland. The article includes a history of the traditions and perils of the early Danish settlers.

The article on beekeeping and organization of the bee industry deserves its position on the front of the magazine. Vern Milum '21, the writer of the article has had considerable experience in the bee industry and tells of the opportunities awaiting anyone who engages in it.

"Wisconsin First" is again evidenced in the feature, "Keeping Tab on Bessie," which treats of the cow testing associations found in Wisconsin. The article demonstrates the fact that Wisconsin leads all other states in advanced registry and testing of dairy cattle, thus making possible better yields and profits for the dairyman and better and purer milk for the consumer. In these times when diseases of all kinds are so prevalent, the purity of the milk supply is a vital consideration.

Other articles are "Would That Less Wood Were Wasted," by O. Wendell Rewey '23; "Flavor the Pudding with Sorghum," by F. Louise Thompson '23, and an article by Edna Huffman '21. Alice Outhouse '23 has contributed a poem that contains real merit. Alumni, Short Course and Ag Campus Notes columns are especially full of revealing incidents and accidents on the Ag campus. The Home Ec department contains many interesting features.

DAVIS IS NAMED AS A. OF C. AIDE

New Committee Secretary to Prepare Industrial Data for Schulte

Dwight H. Davis was today appointed committee secretary of the Association of Commerce. Mr. Davis has spent four years at the university, saw service in France, and is taking up work at the Association of Commerce to fit himself for commercial secretary work. He is the son of the late R. W. Davis, who was formerly county treasurer.

Mr. Davis will devote a great deal of his time for the next few months to work on preparing industrial information and data for the industrial committee, of which W. B. Schulte is chairman. Mr. Schulte is making an effort to gather a great deal of information with reference to Madison's development that there may be available in the office detailed information on many subjects of interest to the members and inquirers from out of the city. Mr. Davis expects to attend the American City bureau summer school in August, which will again convene in Madison, and probably will remain on the staff of the organization until the latter part of 1921.

Immigration Vital Problem Says Wallis

WASHINGTON—The immigration problem is the "most vital confronting the nation," Frederick A. Wallis, commissioner of immigration at Ellis Island, N. Y., declared today before the senate immigration committee considering legislation to stop temporarily the influx of aliens. He added that the more dangerous phase of the problem was in the immigrant himself rather than in immigration as a whole. "All Europe is bending this way," Mr. Wallis said. Conditions there have not improved greatly since the war. We have a perfect right to skim the cream of those who come, but that skimming should begin on the other side."

New State Secretary Hunts for House

Wisconsin's new executives, at least some of them, are having considerable difficulty in finding homes here for their families. In the opinion of Elmer S. Hall, new secretary of state, Gov. Blaine is lucky, for he has stepped into the executive mansion. Mr. Hall is still looking for a residence. He expects to send for his family in the spring. Atty. Gen. Morgan has found a house in Hillington section.

BRIDGE IS MEMORIAL TO WRITER OF OUR NATIONAL ANTHEM

The bridge in the course of construction.

The bridge shown above is being erected in Washington, D. C., as a memorial to Francis Scott Key, who wrote the National

song is said to have been perfected. The construction of the bridge is said to be an engineering feat.
