SPECIAL MEETING OF THE BOARD OF REGENTS

Madison, Wisconsin

Saturday, July 13, 1940, 11:45 A.M.

President Glover presiding

PRESENT: Regents Callahan, Cleary, Ekern, Glover, Holmes, Kleczka, Vergeront, Werner.

ABSENT: Regents Hodgkins, Sensenbrenner.

Communications were presented from Regents Hodgkins and Sensenbrenner in explanation of their absence.

President Glover stated that this meeting was called because of the communication received from Governor Heil under date of July 2, 1940, and requested Regent Werner to present to the Board a proposed communication to the Governor. Regent Werner read the following letter and moved that it be approved by the Board:

"Dear Governor Heil,

Your letter of July 2 in which you suggest that the Board of Regents consider the advisability of preventing students with "obnoxious minds" from registering at the University of Wisconsin is received. You suggest further that the president of the University be directed to determine how many if any of the faculty are teaching "the gospel of Communism and its affiliates". The Board has given careful consideration to your letter. We believe the suggestion made will help to direct the attention of the faculty and the students to giving more consideration to the real value of democracy and the methods of improving our democratic government. The Board believes that the people of the State, the faculty and the students are overwhelmingly loyal to the principle that a democracy is the ideal form of government for a civilized people. We would call your attention to the important program of citizenship training which originated at the University of Wisconsin and is now spreading rapidly to all states throughout the nation. Wisconsin was the one University in the land which celebrated citizenship day during the year. These citizenship programs bring to the people of the nation a better understanding of our form of government

and emphasize to them their responsibility as citizens of our nation. It is a high compliment to our faculty that such a program was initiated by our University.

Those students who are impressed with other forms of government may well to their advantage and to that of the nation be exposed to the program of American education conducted at the University. The question of political and religious tests for admission to the University is covered by Section 36.06 of the Statutes which reads as follows: "no sectarian or partisan tests shall ever be allowed or exercised in the university, or in the admission of students thereto or for any purpose whatever". The Regents are bound by this Statute. They assure you, however, that disloyal acts of students or faculty are not and will not be countenanced. They will be promptly reported to the proper legal authority for action. The Board appeals to all Wisconsin citizens to aid at this time in maintaining faith in our American institutions. It gladly reiterates its faith in the statement of the Board of Regents made in 1894 that here at Wisconsin we "should ever encourage that continual sifting and winnowing by which alone the truth can be found".

The Board will be glad to confer with you at any time and discuss procedure and programs which will strengthen American principles among our people. We trust that the conclusions of the Board will meet with your hearty approval.

With best wishes, we are

Sincerely yours,

The Board of Regents

By (Sgd.) A. J. Glover  
President."

Regent Werner's motion was seconded by Regent Callahan and carried unanimously.

Extract from the  
Will of Sigurd Louis Odegard

SIXTH: I give and bequeath to THE REGENTS OF THE UNIVERSITY OF WISCONSIN the sum of Twenty Thousand Dollars (\$20,000); but IN TRUST, however, to keep and maintain said sum as a separate trust to be known as "The Sigurd L. Odegard Memorial Educational Fund". This bequest is given in memory of my parents Olaus P. Odegard and Helle Nilson Odegard.

Said fund shall be invested and re-invested from time to time in such income producing securities as The Regents of the University of Wisconsin shall from time to time select, all of said fund to be continually invested in income producing securities so far as is practical. The net income shall be used for the establishment and maintenance of four scholarships for the benefit of high school graduates of Lincoln County, Wisconsin, under the age of twenty-four years. Each scholarship shall continue for four years, unless terminated by The Regents of the University of Wisconsin prior thereto for misconduct or lack of attention to studies; in which case said Regents shall fill the vacancy. Not more than one scholarship shall be given in any one year. Selection of the high school graduates for said scholarships shall be made according to such rules and regulations as may be established by The Regents of the University of Wisconsin.
