MINUTES OF THE REGULAR MEETING

of the

BOARD OF REGENTS OF THE UNIVERSITY OF WISCONSIN SYSTEM

Stevens Point, Wisconsin

(RV)

Held in the Program Banquet Room
UW-Stevens Point University Center
Friday, March 8, 1991
8:30 a.m.

- President Lyon presiding -

PRESENT: Regents Clusen, Davis, Dreyfus, Flores, Gelatt, Grover, Gundersen, Hassett, Krutsch, Lyon, Nicholas, Steil, Vattendahl and Vos

ABSENT: Regents Doughty Luckhardt, Schilling and Weinstein

Approval of the Minutes

Upon motion by Regent Vos, seconded by Regent Steil, the minutes of the February 8, 1991, meeting of the Board of Regents were approved as distributed.

REPORT OF THE PRESIDENT OF THE BOARD

Appreciation to UW-Stevens Point

for hosting meetings p.1

Thanking Chancellor Sanders for inviting the Board to UW-Stevens Point, Regent President Lyon stated the Regents' pride in this excellent university and its outstanding programs.

Request-Meetings

Appreciation to UW-Stevens Point for hosting meetings, p.1

Comments by Representative Stan Gruszynski, p. 2

Representative Stan Gruszynski, Chair of the Assembly Colleges and Universities Committee, thanked the Board for holding its meeting in Stevens Point.

Expressing appreciation for the Regents' discussion of budget options, he stated his intention as Chair of the Assembly Colleges and Universities Committee to stress in the upcoming biennial budget process the importance of the University System to the entire state and its people.

~~Report of the Chair of the Educational Communications Board~~ - Report of meeting, p. 2

Reporting on the Educational Communications Board (ECB) consideration of the recent Legislative Audit Bureau report, Regent Clusen indicated the ECB decided to request additional time before responding in order to thoroughly review each of the recommendations in the report.

At the next ECB meeting, in addition to discussing the major policy issue raised by the report--that public broadcasting be managed by a single entity--they would be discussing such questions as the frequency of Board meetings, committee structure and eligibility for election to office on the Board.

✓ HEAR - Report of meeting, p. 2

Report of the Higher Educational Aids Board

Regent President Lyon called attention to the written report on the February 22, 1991, meeting of the Higher Education Aids Board.

✓ Legislature -

Report on Legislative Matters, pp 2-3

Reporting on federal budget proposals, Vice President Bornstein first cited concern that the administration's budget for the coming year would provide no new money for financial aid programs. However, there would be significant shifts within the current \$6.7 billion appropriation level. While the Pell Grant maximum would increase from \$2,400 to \$3,700, this benefit would come at the expense of other aspects of the program, with the possible result that 400,000 students would not be eligible for Pell Grants because of insufficient funds.

Another aspect of particular concern to Wisconsin institutions is a proposed shift of financial aid dollars to the most needy, at the expense of those who are in the lower-middle-income bracket. Students from families with incomes from \$20,000-\$30,000 a year would have to rely entirely on loans.

With regard to the administration's proposal that students in the lowest ten percent of the class be declared ineligible for student financial aid, UW System financial aid advisors had stated their belief that many of these students have the ability to graduate. Included in this group are late bloomers and non-traditional students who are in great need of financial aid.

There is also the proposal that those who are in the top ten percent be eligible for an additional \$500 as an incentive for good performance. However, it is the belief of financial aid specialists throughout the UW System and the country that, in a time of scarce resources, this may not be the best policy option because these students inevitably have very high graduation rates and generally do not fall among the most needy. Another budget provision would substantially reduce work-study dollars.

Regent President Lyon planned to take time from other business in Washington, D.C., on March 19 to meet with members of the Wisconsin congressional delegation on a number of policy concerns, including financial aid, cooperative extension, small business development centers, the importance of indirect cost reimbursement, and the UW record of stewardship of indirect cost dollars.

In response to a question by Regent Vos on reauthorization of the Higher Education Act, Vice President Bornstein noted that the process is at its initial stages, with most work being done at the staff level in the office of Congressman Ford, whose staff representative is interested in hearing student perspectives on how financial aid, as well as other issues, should be addressed in the Higher Education Act.

Undergraduate Education - Public hearings scheduled for April, pp 3-4

Undergraduate Education Hearings

Regent President Lyon reported that arrangements were being made for Regent hearings on undergraduate education, in accordance with the resolution that was adopted by the Board in February. The following dates and locations had been selected:

April 2	-	UW Center-Fox Valley
April 3	-	UW-Eau Claire
April 15	-	UW-Stevens Point
April 16	-	Madison
April 22	-	Milwaukee

In Madison and Milwaukee, the morning sessions will be at an off-campus location easily accessible to the general public. The afternoon sessions will be on campus.

All interested persons are invited to attend these hearings and share their thoughts and ideas with the Regent panels. Testimony is encouraged and welcomed, not only from faculty, staff and students, but also from employers of UW graduates, alumni, K-12 school personnel, VTAE representatives and members of the public.

The hearings are to be widely publicized through newspaper advertisements and other means, to ensure that all interested persons know of the hearings and have the opportunity to appear.

In closing, Regent President Lyon thanked the Regents, President Shaw, the chancellors, and staff for the time and effort being devoted to make these hearings successful.

✓ UW-Green Bay - Congratulations on

~~Comments about UW-Green Bay Basketball Team~~, p. 4

Regent Lyon congratulated UW-Green Bay on their winning basketball season and invitation to the NCAA tournament. More important than winning, he commented, is the unifying effect the games have had on the university and the community.

Congratulations also were extended to other successful teams around the System.

- - -

REPORT OF THE PRESIDENT OF THE SYSTEM

Approval of Nonpersonnel Actions

Upon motion by Regent Dreyfus, seconded by Regent Hassett, Resolution 5716 was adopted unanimously.

Resolution 5716: That the report of nonpersonnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.

✓ Presentations -

Presentation by UW-Stevens Point on excellence & innovation, pp 4-6

Thanking Chancellor and Mrs. Sanders for the hospitality afforded during the meetings at UW-Stevens Point, President Shaw introduced the Chancellor, who presented a videotape on excellence and innovation, characteristics of the campus from its inception. Using the wellness theme with the College of Natural Resources as its chief example, the video also included accomplishments in teacher education, communicative disorders, computing, teaching of writing and the arts, and on the award-winning student life program.

In the 1960s and 1970s, he continued, some universities offered their students a smorgasbord of classes, especially in the first two years. Instead, UW-Stevens Point retained a high-quality liberal arts, two-year program which underlies all the academic programs. This is believed to be the main reason why 99 percent of the 1989 graduates were employed. A special curricular task force is currently reviewing all offerings in this two-year beginning program as well as in majors. The results of this review will aid in determining what students need to learn and what they will be able to do in the 1990s and in the new century.

Referring to UW-Stevens Point as the wellness campus, a UW-Stevens Point student speaker on the videotape stressed that many students are accepting the challenge to keep a healthy balance among the physical, intellectual, emotional and spiritual facets of college life. They are developing lifestyles to keep vital and functioning in top form, and they believe that excellence should mean top achievement across all those aspects of life.

The Director of Campus Activities said on the videotape that the health enhancement facility represents a special example of innovative team work among the students, university and Board of Regents.

This reputation for excellence and innovation began almost 100 years ago by offering students seeking first-rate, specialized training a safe, well-managed campus. UW-Stevens Point also gave Wisconsin and the nation the first American college degree in conservation and became the forerunner for today's fields in natural resources. UW-Stevens Point has grown across these decades, and a few years ago, the campus was ranked by *The Milwaukee Journal* in the top one-quarter of Wisconsin's institutions of higher education--public or private. The incoming freshmen profile, based on high school rankings, has risen sharply and continues to climb; and the College of Natural Resources, started as an innovative program, has grown to a world-class enterprise.

A student on the video provided an example of a field study for nesting areas of birds. He enthusiastically recommended the College of Natural Resources as an institution for learning and environmental sciences, stating that interactions with professors and the possible field work are almost limitless. Another student emphasized that the interrelation of forestry, wildlife, soils and water studies demonstrates to the students a total understanding of resources in general. Two successfully-employed graduates lauded their education from UW-Stevens Point as having equipped them to perform effectively in the business world and in life in general.

Today's graduates are in the vanguard of America's counterattack to restore an ecological balance to an endangered environment. Partly because of pioneering collaboration with AT&T, the academic and administrative computing programs also have flourished. With the foresight and continued support of Wisconsin's higher education leadership, it is believed that blended ingenuity and academic integrity will retain the cutting edge of discovery in many fields of enterprise.

The video concluded with an expression of appreciation to the Board of Regents for its continued support, understanding and initiatives.

Chancellor Sanders was thanked for the visual presentation by President Shaw and Regent President Lyon.

REPORT OF THE PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

Regent Gundersen, Chair, presented the report.

Consent Agenda Items

Regent Gundersen presented Resolutions 5717-5720, which had been approved unanimously by the Committee, and moved their adoption by the Board of Regents. The motion was seconded by Regent Davis, and carried unanimously.

✓ UW Centers - Bldgs + Land - →

~~UW Center Rock County: Approval of Plan for Rock County to Construct and Fund a Remodeling and Greenhouse Addition Project~~, R 5717, p. 6

Resolution 5717: That, upon the recommendation of the UW Centers Chancellor and the President of the University of Wisconsin System, the plan for Rock County to construct and fund a Remodeling and Greenhouse Addition project at the University of Wisconsin Center-Rock County at an estimated cost of \$267,800 be approved.

✓ UW-Milwaukee - Bldgs + Land - →

~~UW Milwaukee: Authority to Construct Sandburg Residence Hall West Tower Domestic Hot Water Distribution Piping Replacement~~, R 5718, p. 6

Resolution 5718: That, upon the recommendation of the UW-Milwaukee Interim Chancellor and the President of the University of Wisconsin System, authority be granted to construct a Sandburg Residence Hall West Tower Domestic Hot Water Distribution Piping Replacement - Phase IV project for an estimated total project cost of \$261,700 of Program Revenues.

✓ UW-Superior - Bldgs + Land - →

~~UW Superior: Approval to Name South Campus Baseball Field After Edward G. "Ted" Whereatt~~, R 5719, p. 6

Resolution 5719: That, upon the recommendation of the UW-Superior Chancellor and the President of the University of Wisconsin System, approval be granted to name the south campus baseball field at UW-Superior after Edward G. "Ted" Whereatt.

✓ (x ref Bldgs, Naming of - (same))

Approval of Minor Projects

Resolution 5720: That, upon the recommendation of the UW-Madison, Parkside and River Falls Chancellors and the President of the University of Wisconsin System, the following minor projects be approved, at the cost and from the funding sources indicated, summarized as follows:

Program Revenue	\$399,000
General Fund Supported Borrowing -	
Health, Safety and Environment	<u>225,800</u>
	\$624,800

UW-Madison

Approval of
Kronshage Houses Corridor Asbestos Removal/Ceiling and Lighting Replacement, ~~\$238,000, Housing Program Revenue~~ R 5720, p.7

UW-Parkside - Bldgs + Land - Approval of

Communication Arts Building Art Lab HVAC Renovation, R 5720, p.7
~~\$225,800, General Fund Supported Borrowing - Health, Safety and Environment~~

UW-River Falls - Bldgs + Land - Approval of

Lot "N" Relocation and Expansion, ~~\$161,000, Program Revenue~~ R 5720, p.7

UW-Stevens Point - Bldgs + Land -Committee Discussion of UW-Stevens Point Planning Issues, p.7

A presentation was made to the Committee on UW-Stevens Point campus planning issues by Assistant Chancellor Gregory Diemer. The following areas were discussed: the history of campus development, current construction projects, space use, parking, campus boundaries, pedestrian circulation, building connections, residence halls, storage, and campus-community relations.

Approval of Design Report and Authority to Construct an Electrical and Signal Distribution System Improvement Project. UW-Madison R 5721, p.7

Presenting Resolution 5721, Regent Gundersen reported that it was unanimously approved by the Committee, but that Regent Dreyfus asked for the item not to be included on the consent agenda to provide the opportunity to share with the Board his concerns regarding the need to expend this amount of money when the current electrical distribution system appeared adequate.

In discussion at the Board meeting, Regent Dreyfus inquired as to whether there had been power outages. He knew of no particular shortage relative to the communications signals, and it seemed to him that the real electrical need is in the \$200,000 range. He wondered if the other parts of the project were necessary.

Regent Davis reported that review by the Wisconsin Power and Light staff found the project to be reasonable and necessary. A particular concern was that some electrical and signal conduits currently were located in the same areas as the steam conduits. His staff also was aware of professors who have been plagued with power problems.

Regent Dreyfus said his concern was satisfied by that independent review.

Upon motion by Regent Gundersen, seconded by Regent Dreyfus, Resolution 5721 was adopted unanimously.

Resolution 5721: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the Design Report be approved and authority granted to construct the 1989-91 Electrical and Signal Distribution System Improvement project at an estimated project cost of \$1,770,000 of General Fund Supported Borrowing.

✓ Policy
Revision to Regent Policy 89-4: Authorization to Remove Unneeded Structures, R 5722, pp 8-9

Reporting unanimous Committee approval of Resolution 5722, Regent Gundersen added that Regent Hassett appeared during the discussion and expressed his support for the proposed revision.

✓
(x) Budget & Land - (Came)
It was moved by Regent Gundersen, seconded by Regent Gelatt, and unanimously carried that the following resolution be adopted by the Board of Regents.

Resolution 5722: That, upon the recommendation of the President of the University of Wisconsin System, Regent Policy 89-4: Authorization to Remove Unneeded Structures, be revised as follows to address demolition of buildings or portions of buildings to continue recognition of individuals who have had facilities named after them, when the facilities are decommissioned:

That, upon the recommendation of the President of the University of Wisconsin System, approval be granted to increase the authority delegated to the Chancellors to permit their approval of the removal/razing of obsolete or unneeded University structures when the structure's current value, as determined by the State Department of Administration, does not exceed \$100,000, subject to compliance with policies of the State Building Commission.

No facility or portion thereof which has been named after a person shall be removed/razed or have the name removed unless the Board has approved a plan to continue recognition of the person after whom the facility was named. Examples of such continued recognition are a plaque, an appropriately placed monument, a cornerstone of a new facility constructed on the site of the demolished building, etc.

[Note: A corollary Regent Policy 90-2 stipulates conditions for naming facilities after persons.]

✓ *Budget, Capital - Comments on progress*

→ 1991-93 Capital Budget, pp 9-11

Regent Gundersen reported action on the UW System capital budget request by the Higher Education Subcommittee of the State Building Commission, noting first that the Committee was working under tight constraints because the Governor had placed a limit of \$100 million on the amount of new bonding authority to be provided. Consequently, most of the UW System's major projects were given planning funds rather than the requested construction funds.

Construction approval was received for all eight projects requested as "prior commitments." This amounted to \$56 million of the total of \$167 million request. In addition, construction approval was received for the proposed utility projects and the College of Natural Resources project at UW-Stevens Point, but at funding levels less than requested.

Planning funds were approved for the UW-Green Bay Children's Center, the UW-Stout Jarvis Hall remodeling, the UW-River Falls Davee Library, the UW-Madison Chemistry addition, and the UW-Madison Armory at a level of \$50,000 rather than the requested \$500,000.

Approval was not given for the UW-Madison lecture halls' remodeling, the UW-Extension production equipment request, the Great Lakes Research Facility remodeling or the UW-La Crosse Children's Center or Student Health Center. These projects were requested for construction funding amounting to \$9.5 million.

Requested planning funds were not received for the UW-Madison Law School, the UW-Milwaukee Bolton Hall or Englemann Hall projects, the UW-Stout Applied Arts project or the UW-Whitewater Hyer Hall projects.

While deferred maintenance projects and minor projects were not denied, they were shifted into the "All Agency" accounts, which means the UW System will have to compete with all the other agencies to receive allocations of these funds on a project-by-project basis. Because funds were not provided in those "All Agency" accounts to finance all the requests submitted by the various state agencies, competition for the funds was expected to be intense.

Approval was granted for about \$80 million of the requested \$100 million in projects to be funded from gifts, grants and program revenues. Projects approved include the UW-Green Bay Student Union; the UW-La Crosse Student Life Center; the UW-Milwaukee parking project; the UW-Stevens Point Residence Hall remodeling; the UW-Stout Student Center; the UW-Madison Material Sciences and Engineering remodeling, the warehouse purchase, the Lot 14 parking ramp; plus the requested \$25 million in minor projects and infrastructure projects. Approval was not granted for about \$11 million of the \$12.33 million requested for the Center for Health Sciences project because the Division of State Facilities Management (DSFM) wanted first to review a long-range plan. Two parking lots also were not approved.

Regent Gundersen then commented on two DSFM recommendations which he found disturbing, because they run counter to the Board's need for more flexibility and delegated authority.

The first such recommendation was to reject the Board of Regents proposed ten-year plan to address the deferred maintenance backlog. Forty-seven million dollars had been requested for these projects, which were to begin with existing health and safety needs. The plan also stressed the need for a sustained and reliable funding source so that a management plan could be followed that would most effectively solve the backlog problem. It was requested that the funds be made part of the UW System budget, so that the total would be known and projects scheduled accordingly. The recommendation by the DSFM was to place all projects and all minor project funding in "All Agency" accounts. This means requests would have to be submitted to DSFM on a project-by-project basis, and DSFM would determine the need and budget on a case-by-case basis--a process which would involve extensive review and delays.

The DSFM also recommended taking all of the accounts for equipment and contingency from the projects and putting them in a new "All Agency" account. The university then would be required to submit detailed lists of equipment and to justify each piece to be acquired. Thus, the kind and amount of equipment to be included in each project would be determined by DSFM, and not by the faculty and staff responsible for delivering the programs.

With this approach, Regent Gundersen commented, DSFM was continuing to pursue expansion of an antiquated and centralized control process which runs counter to modern management concepts. Instead of receiving more flexibility, the UW System would be subjected to more constraints. Emphasizing that the situation must be changed, he stated his conviction that millions of dollars could be saved by streamlining the process.

Stating his belief that DSFM does not trust the Board and staff to constrain spending, Regent Dreyfus suggested the Board should revisit the priorities that had been set forth. At the last meeting, the Board had rejected the recommendation of the Physical Planning and Development Committee that approval of the UW-Milwaukee Architecture Building be delayed, even though two of the Committee members had a combined total of ten years of experience on the Building Commission. He challenged the notion that all prior commitments must go forward, regardless of the state of the economy or the feelings of the Legislature.

As set forth in the capital budget, he noted, deferred maintenance is the third priority of the Board, following prior commitments and major projects. He believed that deferred maintenance should be made the first priority and suggested that the matter be discussed at the April meeting of the Physical Planning and Development Committee.

✓ Bldgs + Land - Plans for -
Campus Security Lighting, p. 11

Regent Gundersen advised the Board that a report on campus security lighting was first in a series of reports he had requested on elements of responsibility assigned to the Physical Planning and Development Committee by the Regent Bylaws. Each of these reports will explain more fully what is being done in these various activities to comply with Regent policies and to determine if the policies are adequate. If the Committee would determine any need for change in policies, recommendations would be brought to the attention of the Board.

✓ UW-Stevens Point - ~~Admission~~ - Appreciation for
Campus Tour, p. 11

Regent Gundersen reported that the Regents were given an interesting and informative tour of the UW-Stevens Point campus, arranged by Assistant Chancellor Gregory Diemer. Thanking all involved with the tour preparations, he said the Regents saw a superb, carefully maintained campus. "It obviously has been well-kept and well-loved by this staff."

REPORT OF THE EDUCATION COMMITTEE

Regent Grover, Chair, gave the Committee's report.

Consent Agenda Items

Regent Grover presented Resolutions 5723-5729, which had been unanimously approved by the Committee and moved their adoption by the Board of Regents as consent agenda items. The motion was seconded by Regent Hassett and carried unanimously.

Students

Review of Post-Secondary Advanced Placement Opportunities for high school students, p. 13

Acting Vice President Albert Beaver reported to the Education Committee on a review of post-secondary Advanced Placement Opportunities for High School Students by a UW/DPI working group appointed by President Shaw and Superintendent Grover.

In April, the Board will be asked to act on a recommendation to establish a mechanism which will result in a standard score for each test, to be accepted by all UW institutions.

Public Instruction, Dept. -

College Readiness Report presented to Edn. Comm., p. 13

Regent Grover reported receipt by the Committee of a College Readiness Report from the Department of Public Instruction, done in cooperation with the UW System and the American College Testing program, to provide each public high school in Wisconsin with feedback on its 1989 graduates who enrolled as new freshmen in the UW System.

The results in this study are expected to increase awareness of the importance of better academic preparation and earlier educational planning.

UW-Stevens Point

to Edn. Comm.

Presentation by UW-Stevens Point on Concern for the Environment: Environmental Education, p. 13

The UW-Stevens Point made a presentation to the Committee on Concern for the Environment: Environmental Education. The presentation was introduced by Chancellor Sanders and presented by Dean Alan Haney of the College of Natural Resources, the largest college of its kind in North America. Dean Haney advised the Committee that there are currently 1400 undergraduate majors in the college; and 89 percent of recent graduates have either taken positions related to the fields in which they were trained, or are pursuing graduate programs. He described the academic programs in forestry, the four options in water resources, the soil major, the wildlife program, and the offerings in environmental protection.

✓ Calendar -
→ 1992-93 Academic Calendars reported, p. 14

Regent Grover reported that the Committee received an informational report on the 1992-93 academic calendars.

✓ Regent Policies -
→ Status Report on Implementing UW System Policy on Remedial Education, p. 14
(Xref Remedial Programs - (same))
The Education Committee received a status report on implementing Regent Resolution 5088: UW System Policy on Remedial Education.

✓ Tenure -
→ Report on Post-Tenure Review, p. 14

Regent Grover reported on Committee receipt of a report on post-tenure review as requested by Regent President Lyon. Vice President Beaver summarized the report and concluded that in his opinion the merit system is working effectively and no problems have been identified to indicate a necessity for modifications in the present system.

Regent Lyon noted that the emphasis in the report seems to be on use of post-tenure review to develop professional skills of faculty rather than as measures of effectiveness. He stated his hope that the subject of review of tenured faculty will prompt discussion during the hearings on undergraduate education, including the question of whether periodic evaluations, outside of the salary-setting process, should be considered.

✓ Undergraduate Education -
→ Status Report on Implementing UW System Undergraduate Transfer Policy, p. 14

The Education Committee received a status report which had been requested by Committee members on implementing Regent Resolution 5383: UW System Undergraduate Transfer Policy.

It was the consensus of the Committee that this process has worked extremely well, and the members were most pleased with the cooperation extended throughout the System to effectuate this policy.

In response to a question by Regent Nicholas, President Shaw noted that grade point averages at the institution from which the student is transferring are used for admission of transfer students to the new institution. After admission, however, they are not figured into the grade point average at the institution to which the student transferred.

✓ Regent Hassett reported that the VTAE System has been very pleased with how well the transfer policy is working.

(Xref Transfer of Credits - (same))

Enrollment Management

1990-91 Update on Degree-Granting Program and Department Enrollment Management

and elimination of reporting to Ed. Committee, R 5730 p. 15

An update on degree-granting program and department enrollment management was presented to the Committee. Questioning the value of continuing to receive such reports, the Committee approved a resolution providing for discontinuance of this report as a regular agenda item.

It was moved by Regent Grover and seconded by Regent Davis that the following resolution be adopted by the Board of Regents:

Resolution 5730: That the annual report on degree-granting program and department enrollment management no longer be a regular agenda item reported to the Education Committee.

Regent Flores pointed out that this action did not mean the Regents do not support the concept of enrollment management. It was simply felt that this particular report was not very useful.

President Shaw added that later in the Spring a comprehensive list of reports that might be discontinued would be brought to the Board.

Put to the vote, Resolution 5730 was adopted unanimously.

✓ Students - Report on

Outcomes of New Freshmen Students: Retention, Graduation and Time to Degree, p. 15

Regent Grover reported Committee receipt of a report on outcomes of new freshmen students: retention, graduation and time to degree.

✓ Administrative Code

Reporting of Outside Income to be addressed at April meeting, p. 15

Regent Davis asked that the issue of reporting outside income, requested by Regent Lyon for the May meeting, be scheduled instead for the April meeting, and that the Committee be presented at that time with recommendations upon which it could take action.

✓ Budget

REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Regent Gelatt, Chair, presented the Committee's report.

Response to Governor's 1991-93 Biennial Budget, pp 15-16

At a portion of the meeting to which all Regents were invited, President Shaw outlined four options to be considered in response to the Governor's 1991-93 biennial budget: (1) to increase GPR funding by

✓ (ref Governor - (seems))

\$40 million on an ongoing basis; (2) to increase tuition by an average annual rate of 6.3 percent as set forth in the Regents' Biennial Budget request, and reduce the number of full-time positions by 440; (3) to increase tuition by 8.9 percent in 1991-92 and 9.8 percent in 1992-93 to fund all items listed as the top five priorities, and reduce full-time positions by 62; and (4) to phase in the entire \$40 million shortfall by reducing 700 staff positions between 1992 and 1995, and to reduce summer school costs beginning in 1992-93 to generate an additional \$5 million.

✓ There was considerable Regent discussion, but no action was requested or taken.

UW-Stevens Point

To Bus. & Fin. Committee

~~UW-Stevens Point Presentation on Distributed Academic and Administrative Computing~~, p. 16

Regent Gelatt reported that a presentation on Distributed Academic and Administrative Computing at UW-Stevens Point was given to the Committee by James Schurter, Dean of Academic Support Programs and Information Technology, who provided an overview of the goals of information technology, the operating principles for implementation of those goals, and an outline of the impact of the information technology environment on students, faculty and staff. The nature and advantages of a campus-wide network and a distributed, non-mainframe environment were emphasized.

Gifts, Grants and Contracts

Regent Gelatt reported unanimous approval of Resolution 5731, with Regent Steil abstaining from item number 62 on page 11.

Upon motion by Regent Gelatt, seconded by Regent Vattendahl, Resolution 5731 was adopted, with Regent Davis abstaining and Regent Steil abstaining from Item 62 on page 11.

Resolution 5731: That, upon recommendation of the President of the University of Wisconsin System, the gifts, grants and contracts presented at this meeting (copy on file with the papers of this meeting) be accepted, approved, ratified and confirmed; and that, where signature authority has not been previously delegated, appropriate officers be authorized to sign agreements.

Mandatory Refundable Fee

The Business and Finance Committee heard a presentation by the United Council of UW Student Governments in support of a proposed increase in the mandatory refundable fee from \$0.50 to \$0.75 per semester and summer session. A suggested budget of how the increased fees would be utilized also was presented. Regent Vos offered a number of amendments to the

resolution, and the resolution as amended was approved unanimously by the Committee. The changes in this resolution include: requiring written notification of an upcoming referendum three days in advance; changing a reference in the draft resolution from the United Council to any organization funded by the mandatory refundable fee; changing the refund provision to be more explicit about the rules under which an organization receiving the mandatory refundable fee will have to make the refund; and indicating that votes to approve an increase in the mandatory refundable fee must all occur in one academic semester.

(x ref Policies - (same))
It was moved by Regent Gelatt and seconded by Regent Steil that the following resolution be adopted by the Board of Regents:

Resolution 5732: That, upon the recommendation of the President of the University of Wisconsin System, the current mandatory refundable fee for the United Council of University of Wisconsin students be increased from \$.50 to \$.75 per semester and summer session and,

That the first paragraph of Section 1 of the Mandatory Refundable Fee Policies and Procedures adopted by the Regents in April 1987 be amended to read:

After the Board approves a Mandatory Refundable Fee (MRF), the question of contributing to MRF shall be submitted to the students in referendum at least every two years. A referendum must be held in order to initiate, continue or discontinue the fee. Written notification must be received by all organizations funded by the MRF three days in advance of an upcoming referendum at any member or non-member institution.

At minimum, the referendum shall include, but not limited to the following language:

The students at the University of Wisconsin -
_____ agree to support
_____ with a mandatory
refundable fee of _____ per _____ and
_____ per summer session. This amount
plus postage is refundable upon written request
to the _____ postmarked within 45
days of the first day of class. If this
referendum passes, it will come up for
reconsideration at least every two years. The
fee may be adjusted between referenda by the
Board of Regents.

That the first paragraph of Section 2 of the Mandatory Refundable Fee Policies and Procedures adopted by the Regents in April 1987 be amended to read:

The following procedure shall be used for consideration of changes in the level of the Mandatory Refundable Fee (MRF):

1. The organization seeking a change in the MRF level will first gain approval by its Board of Directors by a 2/3 vote of the members. The proposal for the change will then be taken back to each individual student senate and must be passed by 2/3 of the student senates by a majority vote in each senate. The proposed change will return to the Board of Directors to be passed by a 2/3 vote of the members. The student votes necessary to increase the MRF must all occur in one academic semester.

While he had reservations regarding the 50 percent increase in fees, Regent Vos stated his intention to vote for the resolution because of the added amendments. He hoped that any future requests for increase would be reviewed with particular attention to holding down the percentage of increase.

Put to the vote, Resolution 5732 was adopted unanimously.

✓ Budget -
-
Update on Impact of Federal Budget on Grants and Contracts, p. 18

Regent Gelatt reported that an update on the impact on grants and contracts of the proposed federal budget was presented to the Committee by Vice President Poellnitz. Key points include a potential increase in federal funding for research, a reallocation of aid to the neediest students, and a shift in student aid funding to an increased emphasis on loan programs.

✓ Tax Sheltered Annuities -
-
Legal Review of Tax Sheltered Annuity Review Committee Report, p. 18

Regent Gelatt noted that, at the February meeting, the Business and Finance Committee asked the Tax Sheltered Annuity Review Committee to obtain legal advice regarding vendors who had allowed employees to direct contributions to unapproved funds. Based upon the review conducted by System General Counsel Stathas, employees are not required to liquidate accounts in programs that are not approved, but they cannot make additional contributions to these funds. No further action by the Board was required.

Fees -

Request for System Review of Additional Student Fees, p. 19

(Xref Students - same) - Regent Vos brought to the Committee's attention an article in the Stevens Point student newspaper regarding students in residence halls being charged additional fees that were being used to pay for services in areas other than residence hall services. The Committee directed System Administration to review the matter and report back to the Committee at next month's meeting. The Committee also asked for a general review of whether the policy on use of student fees is being followed.

Regent Committee - Audit Subcommittee

Report of the Audit Subcommittee, p. 19

Regent Gelatt reported that the Subcommittee was advised by Audit Director Brunkow that an unannounced cash count at the UW-Madison Athletic Department was performed and all was found to be in order. A similar such audit in the summer had exposed some problems in cash-handling, but those problems had now been corrected.

Regent Committee - Committee on Licensing

REPORT OF THE COMMITTEE ON LICENSING

Update of Activities, p. 19

Regent Flores presented the report, noting that Regent President Lyon established an ad hoc Committee on Licensing in December, 1990, to examine collegiate licensing policies in the UW System.

The Committee, which consists of Regent Schilling, Chair, Regent Flores and Regent Weinstein, had met four times.

A number of issues were being examined, including the pros and cons of collegiate licensing; the structure of the licensing program at UW-Madison; the status of collegiate licensing at UW institutions other than UW-Madison; collegiate licensing at other universities; possible exemption policies in a licensing program; the use of collegiate licensing revenue; the pros and cons of administering the program internally versus utilizing an external agent; the relationship between collegiate licensing and anti-trust law; and the policy on competition with the private sector.

The Committee had reached a preliminary conclusion that there may be merit to having consistent statewide licensing policies in some or all of the policy areas noted above and planned to consider drafting a Regent policy on licensing for this purpose. The Committee hoped to be able to bring a draft policy to the Board for consideration at its April meeting.

UW-Stevens Point
ADDITIONAL RESOLUTION

~~Resolution of Appreciation, UW-Stevens Point~~ *for last meeting, R 5733, p. 22*

The following resolution, presented by Regent Dreyfus, was adopted by acclamation:

Resolution 5733: Whereas, the Board of Regents is very pleased to have been invited to hold our March 1991 meetings at UW-Stevens Point; and

Whereas, our visit has been enriched by the interesting demonstrations and tours and by the presentations made to the Board and to each of the Committees; and

Whereas, the gracious hospitality extended by UW-Stevens Point and the warm welcome by the entire Stevens Point community has been greatly appreciated;

Now, Therefore, Be It Resolved that the Board of Regents hereby expresses our gratitude to Chancellor and Mrs. Sanders and to all those involved for making our visit a truly memorable and enjoyable occasion.

- - -

At 9:55 a.m., the following resolution, moved by Regent Nicholas, was unanimously adopted on a roll call vote, with Regents Clusen, Davis, Dreyfus, Gelatt, Grover, Gundersen, Hassett, Krutsch, Lyon, Nicholas, Steil, Vattendahl and Vos voting "Aye" (13), and no Regents voting "No."

Resolution 5734: That the Board of Regents recess into closed session to consider personnel matters, including annual evaluations and appointment of a UW-Milwaukee named professor at a salary in excess of Group 6 maximum, as permitted by s. 19.85(1)(c), *Wis. Stats.*; to consider honorary degrees at UW-Madison, as permitted by s. 19.85(1)(f), *Wis. Stats.*; and to confer with legal counsel, as permitted by s. 19.85(1)(g), *Wis. Stats.*

- - -

CLOSED SESSION

The Board arose from closed session at 11:45 a.m. and announced adoption of the following resolutions:

Professorships - Named -

Named Professorship, UW-Milwaukee

Resolution 5735: That, upon recommendation of the Interim Chancellor of the University of Wisconsin-Milwaukee and the President of the University of Wisconsin System, Arthur D. Warga be appointed as Sheldon B. Lubar Professorship in Finance, with tenure, School of Business Administration, University of UW-Milwaukee, Wisconsin-Milwaukee, at an academic year salary of R 5735, \$110,000, effective August 1991. p. 21

(x ref UW-Milwaukee - same, but drop the "UW-Milw" at end)

Honorary Degrees - UW-Madison - Awards from 9/7/90 meeting to

Resolution 5736 was adopted in closed session of the Board of Regents on September 7, 1990, but was not announced, pending campus receipt of acceptance from the nominees.

Resolution 5736: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, the following persons be awarded honorary degrees, subject to acceptance by the nominees:

(x ref Doraiswamy, L.K. - Awarded UW honorary degree, R 5736, p. 21)

L. K. Doraiswamy, Doctor of Science & Mabel Smythe-Haith, Doctor of Laws, R 5736, p. 21

(x ref Smythe-Haith, Mabel - Awarded UW-Madison honorary degree, R 5736, p. 21)

Honorary Degrees - UW-Milwaukee - Awards from 2/8/91 meeting to

Resolution 5737 was adopted in closed session of the Board of Regents on February 8, 1991, but was not announced, pending campus receipt of acceptance from the nominees.

Resolution 5737: That, upon the recommendation of the UW-Milwaukee Interim Chancellor and the President of the University of Wisconsin System, the following persons be awarded honorary degrees at UW-Milwaukee, to be conferred at commencement in May 1991, subject to acceptance by the nominees:

(x ref Harris, Chauncy D. - Awarded UW-Milwaukee honorary degree, R 5737, p. 21)

Chauncy D. Harris - Doctor of Science & Filiberto Murguia - Doctor of Public Service, R 5737, p. 21

(x ref Murguia, Filiberto - Awarded UW-Milwaukee honorary degree, R 5737, p. 21)

The meeting was adjourned at 11:45 a.m.
