Hospital - Council of Trustees - Report on favorable financial performance, pp 1-2
REPORT OF THE PRESIDENT OF THE BOARD

Report of the Council of Trustees of the UW Hospitals and Clinics

Regent Flores, Chair, reported on the November 7 meeting which began with Superintendent Derzon advising the Council that financial results for the first quarter of the fiscal year had been favorable. Admissions were 6.8 percent above estimates, resulting in gross patient revenues nearly \$4 million over budget.

The favorable performance was attributed to a variety of factors, including addition of new faculty in a number of clinical departments, successful efforts to increase the volume of primary care activity at affiliated clinics, effective hospital outreach efforts in the region, and continued commitment to growth by the clinical departments.

The Council then heard from Dr. Farrell, Chairman of the Department of Pediatrics and Medical Director of University of Wisconsin Children's Hospital, who reviewed the accomplishments of Children's Hospital since its reestablishment in July 1988. Following a brief discussion of the benefits of membership in the National Association of Children's Hospitals and Related Institutions (NACHRI), the Council adopted a motion establishing the Children's Hospital Advisory Committee, which will report to the Council semi-annually. Establishment of an advisory council is prerequisite for membership in the NACHRI.

Vice Chancellor Noren reported that the Policy, Management and Planning Steering Committee, which had been examining critical issues related to governance and strategic decision making in the Center for Health Sciences, had approved a draft report and will submit its final report in the near future. The Council likely will review the report by February. That report will go first to the Chancellor, then to the Council, and then to the Board of Regents.

Mr. Derzon also reported that, because of continued growth in its programs, UW Hospital's Sports Medicine Clinic has been exploring options for meeting the need for additional space. One option under consideration is relocation of the Sports Medicine Clinic to a new site. Discussions are under way and a proposal will be brought to the Council at a later date.

The Council also heard from Peter Pruessing, Executive Director of University Health Care, Inc., who reported various collaborative efforts among University Health Care, the Medical School faculty and UW Hospital and Clinics, all aimed at providing the broad base of patient care activity necessary to support the Center for Health Sciences' diverse education, research, and service mission.

Finally, Jane Barnett, Director of Regional Affairs at UW Hospital and Clinics, reviewed the hospital's regional activities, noting that the hospital now provides on-site clinical consultation at 17 sites throughout south-central Wisconsin and northern Illinois. Five new clinical services were added in the last year, and regional activities will be further enhanced by recent additions of two physicians' liaisons and a referring physician coordinator.

✓ VTAE - Report on budget, p. 2 -

Report of the President of the State Board of Vocational, Technical and Adult Education

Regent Hassett, President of the State VTAE Board, reported that the Board approved a budget increase request of 7.5 percent in additional state aid, divided among 16 schools. The salary increase request was about 6 percent.

✓ Campus Visits - Report on Regents' visits, p. 3

Regent President Lyon reported that during September and October members of the Board of Regents in groups of two or three visited thirteen of the UW System institutions. The institutions not visited were UW-Stout where the Regents met in October, and UW-Superior where they met in July. During the campus visits, Regents met with chancellors, administrative staff and the leadership of the faculty, the academic staff and the student governance groups.

Regents generously devoted considerable time to these visits, in order to gain a better understanding of the institutions and to become better acquainted with the people associated with each of them. The chancellors, deans, faculty, academic staff and students also devoted considerable time and effort to develop presentations and tours which increased the Regents' knowledge of the various campus' programs, plans and problems.

Regent comments indicated a consensus that it was time very well spent. In particular, the visits helped members of the Board to see and better understand campus programs and initiatives in concrete terms; have informal and frank discussions with faculty, academic staff and student leaders; and hear about issues that are of greatest concern to the administration and governance groups of the institutions.

In conclusion, Regent President Lyon stated that the visits were an important step in gaining greater first-hand knowledge about the unique aspects of the diverse UW System. "I hope that these visits demonstrate to our university community--the educators and the students--that the Board is accessible and that we are interested in the perspectives and ideas of our administrators, our faculty, staff and students. On behalf of all of my colleagues, I want to thank those people who helped in expediting these visits, and most of all, I want to thank all of you for taking time to participate."

REPORT OF THE PRESIDENT OF THE SYSTEM

Report of Nonpersonnel Actions/Informational Items

Upon motion by Regent Schilling, seconded by Regent Dreyfus, the following Resolution was unanimously adopted by the Board:

Resolution 5637: That the report of nonpersonnel actions by administrative officers to the Board of Regents and informational items reported for the record (copy on file with the papers of this meeting) be received for the record; and that actions included in the report be approved, ratified and confirmed.

REPORT OF THE EDUCATION COMMITTEE

The Committee's report was presented by Vice Chairman Davis.

Consent Agenda Items

The following resolutions, which were approved unanimously by the Committee, were presented as consent agenda items for action by the Board of Regents as a single unit.

It was moved by Regent Davis, seconded by Regent Weinstein, and unanimously voted that Resolutions 5638-5640 be adopted by the Board of Regents.

Tung, Dr. Rosalie - Resigned as UW-Milwaukee

Report of the Acting Vice President

~~Acting Vice President Beaver advised the Education Committee that Dr. Rosalie Tung, the Wisconsin Distinguished Professor of Business Administration and Director of the International Business Center at UW-Milwaukee, had resigned to accept a chaired position at Simon Fraser University, Vancouver, British Columbia. Her resignation will be effective December 31, 1990.~~

pp 4-5

Regent Clusen asked if salary considerations were involved in her departure.

Interim Chancellor Schroeder replied that, although Dr. Tung's new position accorded a small salary increase, the primary reason was that Simon Fraser University offered her an opportunity to work exclusively in Asian American Commercial and Business Relations, which is her specialty. UW-Milwaukee will be aggressively seeking a successor.

Design for Diversity - Acceptance of

~~Design for Diversity~~ Implementation Report, R 5641, pp 5-6

Minorities - (same)

Regent Davis noted the requirement to submit to the Governor and the Legislature a report on progress in the *Design for Diversity*. Dr. James Sulton, Special Assistant to the President for Minority Affairs, summarized the 1989-90 Minority/Disadvantaged Report, after which the Committee unanimously approved Resolution 5641.

Legislative Reports - Implemented Report on Design for Diversity sent to Legislature & Governor, R 5641, pp 5-6

Adoption of the following resolution by the Board of Regents was moved by Regent Davis and seconded by Regent Clusen:

Resolution 5641: That, upon the recommendation of the President of the University of Wisconsin System, the Board of Regents accepts the 1989-90 Minority and Disadvantaged Report for submission to the Governor and Legislature, as required by sec. 36.25(14m)(b), *Wisconsin Statutes*.

While she did not intend to vote against the report, Regent Krutsch stated her wish to offer a different perspective on the direction of the *Design for Diversity* program.

Referring to the goal in the original report of eliminating underrepresentation of minority and economically disadvantaged people in the UW System, Regent Krutsch expressed discomfort with the concept embodied in the word "underrepresentation," which seemed to imply that, unless there is a certain number of students from a particular group, the UW System is doing something wrong which must be corrected by increasing numbers. She felt the concept of "low participation rates" within certain groups would be a preferable term because it would not imply that there is any correct number for a particular group, but would stimulate examination of the situation.

Labeling the existing situation "underrepresentation," she commented, has led to the current effort to achieve the correct proportion regardless of the qualified pool. This approach, she felt, has campuses competing with each other, often for the same students. In addition to fiscal costs, she thought there are costs to the self-esteem of minority groups and also costs in the resentment of others who are not members of the favored groups. This approach, she commented, also makes the assumption that, were it not for past discrimination, the number of minority students in each freshman class would be approximately equal to their number in the high school graduating class. There are examples throughout the world and in this country, she noted, of minority groups who have historically been discriminated against and yet have very high participation rates in higher education.

Conceptualizing the situation as "low participation" instead of "underrepresentation" prompts many questions, both about the behaviors of UW institutions and about the behaviors of the groups involved. At that point, one could consider the appropriate role of the university in helping to

increase the participation of individuals who are members of groups with low participation rates. In that regard, the university is beginning to do collaborative work with K-12 institutions in such areas as pre-college programs. The university also can conduct social science research on behaviors to increase the likelihood of K-12 success and perhaps make other efforts within the proper mission of higher education. She did not think the current effort is succeeding even as a gesture of concern in the minority community, since many still view the UW System as a racist institution.

It must be recognized, she stated, that it is the responsibility of individual students, regardless of the group to which they belong, to study hard to advance themselves.

Inasmuch as one of her roles as a Regent is to bring the broad public perspective to the university, she considered the current policy, driven by the quest for correct representation, to be at odds both with the principles of the original civil rights movement and with the beliefs of the people of the state.

Regent Flores noted that the report showed great progress in the first year but loss of some gains in the second year. He suggested further study to determine how the record could be improved.

Regent Weinstein commented that it would not be accurate to describe the *Design for Diversity* as an agenda to establish quotas for certain groups. There was more concern about retention rates than about simply recruiting numbers of students, with the success of the individual student being more important than the numbers. A major thrust, he added, had been to establish a coordinating mechanism, which is the purpose of Mr. Sulton's office. Funding also is required, but the Legislature has not provided the additional money needed for the programs. He was concerned about use of the word "favored" in referring to disadvantaged people. If asked, he thought they would rather have someone else favored.

In conclusion, Regent Weinstein stated his strongly held view that universities must act in a manner more exemplary than society as a whole.

Put to the vote, Resolution 5641 was adopted unanimously.

✓ Academic Staff -

→ Announcement of 1990-91 Academic Staff Professional Development Awards, p. 6

Regent Davis reported that agenda materials for the Education Committee contained announcement of 1990-91 Academic Staff Professional Development Awards. The 63 grants provide funds for 75 academic staff members to participate in a variety of projects, 17 of which enhance *Design for Diversity*.

REPORT OF PHYSICAL PLANNING AND DEVELOPMENT COMMITTEE

Regent Gundersen, Chair, presented the Committee's report.

Consent Agenda Items

Resolutions 5642-5644, approved unanimously by the Committee, were presented as consent agenda items for action by the Board of Regents as a single unit.

✓ Bldg Fund -
Upon motion by Regent Gundersen, seconded by Regent Dreyfus, the following resolutions were adopted unanimously by the Board of Regents:

UW-Madison: Approval of Design Report for Memorial Union HVAC Replacement Project, R 5642, p. 7

(x ref Memorial Union - Misc. -

Resolution 5642: That, upon the recommendation of the UW-Madison Chancellor and the President of the University of Wisconsin System, authority be granted for the following actions as they relate to the Memorial Union HVAC Replacement project:

- (a) To bid the Tripp Commons portion of the project as an add-alternate at an estimated cost of \$110,000 at a reduced scope of work which excludes installation of the full economizer system for the new air conditioning system;
- (b) To increase the budget by \$129,500, including the above-referenced \$110,000, from \$300,000 to a revised total of \$429,500, with the \$129,000 increase split between \$64,750 of Program Revenues and \$64,750 of Gift Funds; and
- (c) Approve the Design Report reflecting these changes and grant authority to construct the project at the revised total project cost of \$429,500, using \$364,750 of Program Revenues and \$64,750 of Gift (Memorial Union Building Association) Funds.

UW System: Approval of Minor Projects

Resolution 5643: That, upon the recommendation of the UW-Eau Claire, Platteville and Stout Chancellors and the President of the University of Wisconsin System, the following minor projects be approved and authority granted to construct them, at the costs and from the funding sources indicated. These funding sources are summarized as follow:

General Fund Supported Borrowing Funds:	
Minor Projects	\$ 60,900

✓ Radio & Television

UW System: Approval of the Financing Plan and Authority to Construct WHA-TV Tower Replacement Project, PP 8-9

This agenda item was deferred. Discussions were continuing with the Motorola Corporation, but there was no recommendation for Committee consideration.

✓ Ref Bldgs & Land - same

In response to a question by Regent Clusen, Regent Gundersen explained that the Committee does not intend to take action until full funding of the project is assured.

Vice President Brown added that Motorola is not willing to make an agreement until all parties have signed on. The Educational Communications Board had been slow confirming participation because of need for additional funding to move their transmitter. That request was to go to the Building Commission this month for approval. If the agreement with Motorola could not be made, the project would not go forward and the WHA tower would stay at its current location.

Regent Clusen commented that all who enjoy WHA should be concerned about this situation.

REPORT OF THE BUSINESS AND FINANCE COMMITTEE

Regent Gelatt, Chair, presented the Committee's report.

Consent Agenda Items

Resolutions 5645-5647, which were approved unanimously by the Business and Finance Committee, were presented as consent agenda items for action as a single unit by the Board of Regents.

Upon motion by Regent Gelatt and seconded by Regent Steil, the following resolutions were adopted by the Board of Regents, with Regent Davis abstaining from the vote on Resolution 5646:

✓ Budget ->

1991-93 Biennial Operating Budget Requests, R 5648, pp 10-11

After introduction by Regent President Lyon, the Committee with all Regents invited to participate, addressed the 1991-93 Biennial Budget resolutions.

Regent Gelatt presented Resolution 5648, which had been approved after amendment at the Committee meeting, and moved its adoption by the Board of Regents. The motion was seconded by Regent Schilling.

Resolution 5648: That, upon recommendation of the President of the University of Wisconsin System:

the operating budget request increases for Program Requests, Costs to Continue, Technical Items and other Program Revenue Funded Items be approved for submission to the Governor, Department of Administration, and the Legislature:

GPR	\$ 54,977,100
Academic Fees/Tuition	23,944,700
Sub--Total GPR/Fees	\$ 78,921,800
Other Program Revenue	192,773,100
TOTAL INCREASE	\$271,694,900

the proposed budget increases needed to adjust the salaries of faculty and academic staff to competitive levels under current market conditions be approved for submission to the Governor, Department of Administration, and the Legislature:

GPR	\$28,740,800
Academic Fees/Tuition	<u>9,523,700</u>
Sub-Total GPR/Fees	\$38,264,500
Other Program Revenue	<u>12,823,900</u>
TOTAL INCREASE	\$51,088,400

for a total biennial increase request of:

GPR	\$ 83,717,900
Academic Fees/Tuition	<u>33,468,400</u>
Sub-Total GPR/Fees	\$117,186,300
Other Program Revenue	<u>205,597,000</u>
TOTAL INCREASE	\$322,783,300

which would provide for a total 1991-93 budget level of \$4,386,859,900 (excluding pay plan).

In reply to a question by Regent Weinstein, President Shaw said that under the revised resolution, assuming a six percent pay plan, the increase in GPR would be reduced from 8.8 percent to 7.9 percent. The decrease in fees would be from 7 percent to an average 6.3 percent.

If the Board were to decide that nonresident tuition should be increased by \$300 instead of \$113, Regent Weinstein asked if that would create a pool of money that might be available to impact resident undergraduate tuition.

President Shaw said he would be reluctant to substitute one for the other, since that would cause the Madison campus to subsidize other institutions.

Replying to a question by Regent Gelatt, President Shaw said movement to the peer midpoints had been modified to a rate at which it would take twelve years to reach those levels.

Regent Krutsch noted an inconsistency in the policy as it related to tuition for resident Medical and Veterinary School students, which already was above the peer midpoint due to statutory requirements that tuition cover a certain percentage of cost. She asked if a statutory change should be proposed so that the midpoint policy could be applied consistently.

President Shaw explained that another issue concerned revenue lost for those two programs if tuition were reduced. If the lost revenue were not replaced by GPR, programs would have to be reduced.

Put to a roll-call vote, Resolution 5648 was adopted, with Regents Clusen, Davis, Dreyfus, Flores, Gelatt, Gundersen, Hassett, Krutsch, Lyon, Nicholas, Schilling, Steil and Weinstein voting "Aye" (13) and Regents Doughty Luckhardt and Vos voting "No" (2).

✓ Compensation - Acceptance of

➔ 1991-93 Faculty and Academic Staff Pay Plan, R 5649, pp 12-13

Regent Gelatt reported that the resolution was amended at the Committee meeting to reduce the total pay plan increase to 5 percent for unclassified staff and 3 percent for classified staff. However, the amended resolution failed, and the Committee made no recommendation on the pay plan.

(X ref) Regent Hassett moved adoption by the Board of a 6 percent per year pay plan for unclassified staff, as set forth in the following resolution, with a 4 percent increase for classified staff. The motion was seconded by Regent Flores.

✓ Salary - (same)

Resolution 5649: That, upon recommendation of the President of the University of Wisconsin System, The Board of Regents endorses the attached request to the Secretaries of the Department of Employment Relations and the Department of Administration for a 1991-93 competitive pay plan for faculty and academic staff and approves the following recommendation:

✓ (X ref) Faculty - (same)

A salary plan of six percent each year of the 1991-93 biennium, in addition to catch-up salary requests in the 1991-93 operating budget, in order to maintain the competitive position of faculty and academic staff with peer institutions in the 1991-93 biennium.

✓ (X ref) Academic Staff - (same)

This recommendation will be reviewed against available information for peers in May 1991. One quarter of 1% (.25%) of pay plan funds for 91-93 shall be earmarked and available only to reward outstanding teaching.

Regent Dreyfus moved to amend the motion to a 5 percent increase for unclassified staff and a 3 percent increase for classified staff. The motion was seconded by Regent Vos.

The question was put on the amendment and it failed on a roll-call vote, with Regents Doughty Luckhardt, Dreyfus, Krutsch, Nicholas, Steil, and Vos voting "Aye" (6), and Regents Clusen, Davis, Flores, Gelatt, Gundersen, Hassett, Lyon, Schilling, and Weinstein voting "No" (9).

Regent Krutsch said she would be comfortable in voting for a 6 percent and 4 percent increase if it were possible to reduce the total GPR request to 7 percent. If the only method to do that would be further enrollment decreases, she was willing to support such a reduction, in order to preserve quality in a fiscally responsible way.

In response to a question by Regent Weinstein, President Shaw said that, if the pay plan increase were 5 percent and 3 percent, the GPR increase would be 7.1 percent and the fee increase would average 5.6 percent. If the pay plan increase were 4 percent and 3 percent, the GPR increase would be 6.6 percent and the fee increase would be below 5 percent. With a pay plan increase of 6 percent and 4 percent, the enrollment impact of reducing the GPR request to 7 percent would be a

reduction of 1055 students per year, along with about 150 faculty and staff. This would be in addition to the reduction of 4700 students for the biennium specified in the Enrollment Management plan.

Regent Weinstein inquired about the impact of a reduction of 150 faculty/staff on the faculty/student ratio.

President Shaw replied that the downsizing would be done without damaging the student/faculty ratios, in order not to jeopardize quality.

Regent Nicholas preferred keeping tuition at the 6.3 percent rate but lowering the GPR increase to 7 percent. He asked how the coming 13 percent decrease in traditional-age students relates to the 4700 planned enrollment reduction.

President Shaw replied that anticipated enrollment reductions are less than 13 percent, due to higher retention rates and expected increases in adult student numbers. Optimistic estimates were for a 3.7 percent enrollment decline over the next four years. Some institutions currently are turning away adult students.

Regent Nicholas favored planning for a larger enrollment reduction, in view of the fact that estimates might be overly optimistic. If reduced enrollment plus tuition could be combined to reduce the GPR increase, he would be inclined to support the 6 and 4 percent increase in salaries because of his commitment to recruiting and retaining the best faculty and staff.

It was noted by President Shaw that the 6 percent figure would be reviewed and quite possibly modified in the spring.

Regent President Lyon pointed out that, when tuition levels are determined in July, the Board will have the ability to set rates and consider enrollment in view of actual GPR appropriations.

Regent Vos considered it unfair to ask taxpayers to pay for higher salaries and then tell them they cannot attend the UW System institutions because of enrollment limits.

Regent Flores said he was unwilling to consider further enrollment cuts without knowing which students would be affected.

Regent Weinstein did not think the Board should cut into the flesh of the budget to make sure that a 7 percent GPR increase is not exceeded, when the actual salary increase could well be less than 6 percent.

Regent Nicholas said his intent was to guard against spending more than resources could afford.

Put to the roll-call vote, Resolution 5649, with a 4 percent increase for classified staff, was adopted with Regents Clusen, Davis, Flores, Gelatt, Gundersen, Hassett, Lyon, Schilling and Weinstein voting "Aye" (9) and Regents Doughty Luckhardt, Dreyfus, Krutsch, Nicholas, Steil and Vos voting "No" (6).

✓ Tuition

→ Long-Term Tuition Policy, R 5650, pp 14-16

Regent Gelatt reported that the Regents considered various options at the Committee meeting after which they amended the proposed policy to allow more time to move undergraduate resident tuition to the peer midpoints, and to set non-resident tuition within the range of peer institutions, rather than as a percentage of instructional cost.

It was moved by Regent Gelatt and seconded by Regent Schilling that the following resolution be adopted by the Board of Regents:

✓
(X ref Policies - (same))
It shall be the policy of the UW System to bring tuition for undergraduate residents at UW-Madison, UW-Milwaukee, and the Comprehensive institutions to the midpoint of their peer institutions. The distance to the midpoint will be reviewed at the beginning of each biennium. The UW Centers will maintain the same percentage relationship to the Comprehensive universities as exists in 1990-91 (82%).

Once peer midpoints have been reached, in normal circumstances, tuition would increase at about the rate of inflation as projected by Data Resources, Inc. in October of the even years for the following calendar year. This rate will remain in effect for the biennium.

Non-resident tuition at the doctoral and comprehensive institutions shall be set within the range of non-resident tuition of peer institutions and generally not as a percentage of instructional cost. Market factor increases of non-resident tuition will be retained by the institution at which it is raised..

This policy assumes continued reasonable GPR contributions to the budget. The Board reserves the right to reconsider this policy in unusual circumstances to assure that both state and student contributions are fairly determined.

Regent Nicholas moved to amend the resolution to keep tuition at UW-Madison and UW-Milwaukee at the same level, in order for UW-Milwaukee to increase educational quality and have the image of a doctoral institution receiving its fair share of resources. The motion was seconded by Regent Schilling.

Regent Weinstein moved to amend the proposed amendment to keep the change revenue neutral. The motion was seconded by Regent Vos.

Regent Clusen said she would support keeping the tuition equal since the request to do so was coming from UW-Milwaukee.

As one who had participated in the recent campus visit to UW-Milwaukee, Regent Weinstein said students did not see decoupling of tuition as affecting the quality of their instruction. Only some faculty considered it a quality issue, because of their concern that a difference in tuition might imply a difference in the quality of the institutions.

Regent Nicholas expressed a preference for moving UW-Milwaukee up to the UW-Madison tuition level and not make the policy revenue neutral, in order not to penalize UW-Madison.

Put to a roll-call vote, the amendment to the amendment failed, with Regents Doughty Luckhardt, Vos and Weinstein voting "Aye" (3) and Regents Clusen, Davis, Dreyfus, Flores, Gelatt, Gundersen, Hassett, Krutsch, Lyon, Nicholas, Schilling and Steil voting "No" (12).

Regent Flores pointed out a problem which would occur in the future because the two institutions have separate peer groups. When UW-Milwaukee reached its peer midpoint, UW-Madison would be blocked from advancing to its peer midpoint.

President Shaw suggested resolving that problem by stating that it should be the policy of the UW System to bring tuition for the undergraduate residents at UW-Madison and UW-Milwaukee to the midpoint of the Big Ten institutions.

President Shaw's suggestion was accepted by Regent Nicholas and Regent Schilling who had made and seconded the motion.

In response to a question by Regent Weinstein, President Shaw indicated that segregated fees at UW-Milwaukee are \$50 higher than at UW-Madison.

Regent Krutsch commented that inherent in the discussion was the question of whether a state like Wisconsin can have two flagship universities. If the peer group of UW-Milwaukee also is considered to be the Big Ten, it seemed to her there will be further issues about equivalent commitment of resources. She asked if there are any other states that have the same tuition at two state universities and, if so, did it imply that they should be equal in all other ways.

In reply, President Shaw said there are states, such as California, in which tuition at the state universities is about the same. A uniform tuition policy, however, does not require uniformity in all respects.

The question was put on the amendment, and it carried on a voice vote.

Regent Vos questioned the proposed tuition increase for non-resident graduate students, which would be at a lower rate than the increase for resident undergraduates. Since non-resident graduates do not pay the full cost of instruction, their education is being subsidized by resident taxpayers.

Because most of the non-resident graduate students are employees, President Shaw explained, the non-resident portion of their tuition is waived, and there would be no revenue gain in raising their tuition.

In response to a question by Regent Vos, Chancellor Shalala said 70 percent of the graduate students at UW-Madison are employees.

Replying to a question by Regent Gelatt, President Shaw said UW-Madison ranks second among its peers in non-resident graduate tuition.

If the tuition policy is to be market driven, Regent Gelatt observed, raising non-resident graduate tuition would not accord with that policy.

Put to a voice vote, Resolution 5650, as amended, was adopted, with Regent Vos voting "No."

Resolution 5650: It shall be the policy of the UW System to bring tuition for undergraduate residents at UW-Madison and UW-Milwaukee to the midpoint of the Big Ten, and the Comprehensive institutions to the midpoint of their peer institutions. The distance to the midpoint will be reviewed at the beginning of each biennium. The UW Centers will maintain the same percentage relationship to the Comprehensive universities as exists in 1990-91 (82%).

Once peer midpoints have been reached, in normal circumstances, tuition would increase at about the rate of inflation as projected by Data Resources, Inc. in October of the even years for the following calendar year. This rate will remain in effect for the biennium.

Non-resident tuition at the doctoral and comprehensive institutions shall be set within the range of non-resident tuition of peer institutions and generally not as a percentage of instructional cost. Market factor increases of non-resident tuition will be retained by the institution at which it is raised.

This policy assumes continued reasonable GPR contributions to the budget. The Board reserves the right to reconsider this policy in unusual circumstances to assure that both state and student contributions are fairly determined.

Regent Gelatt moved adoption by the Board of Regents of Resolution 5651, which had been approved in Committee, and the motion was seconded by Regent Davis.

Resolution 5651: That the report entitled Supplementary Materials, 1991-93 Biennial Budget, 97.5%-103.7% of Base Budget Exercise, be accepted by the Board of Regents for transmittal to the Department of Administration as directed by memorandum dated August 16, 1990 from the State Budget Director, Department of Administration.

Put to the vote, Resolution 5651 was adopted, with Regents Vos and Doughty Luckhardt voting "No."

ADDITIONAL RESOLUTION

(to UW-Stevens Point)
(to Madison)

Change in Location for March and April 1991 Meetings, R 5652, p.17

Upon motion by Regent Schilling, second by Regent Nicholas, Resolution 5652 was adopted unanimously.

Resolution 5652: That, at the request of the UW-Stevens Point Chancellor, the March 7 & 8, 1991, Regent meetings be held at UW-Stevens Point; and

UW-Stevens Point -

That the location of the April 4 & 5, 1991, Regent meetings be changed from Stevens Point to Madison.

Board to meet

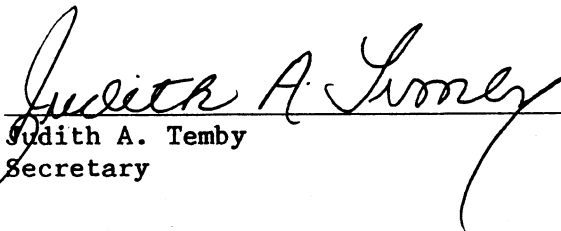

on campus in March instead of April 1991, R 5652, p.17

At 10:35 a.m., the following resolution, moved by Regent Nicholas, was unanimously adopted on a roll call vote, with Regents Davis, Doughty Luckhardt, Dreyfus, Flores, Gelatt, Hassett, Lyon, Nicholas, Schilling, Steil, Vos and Weinstein voting "Aye" (12), and no Regents voting "No."

Resolution 5653: That the Board of Regents recess into closed session to consider personnel matters, including possible appointment of a Wisconsin Distinguished Professor at a salary which exceeds the Executive Salary Group 6 maximum, as permitted by s. 19.85(1)(c), *Wis. Stats.*; and to confer with legal counsel, as permitted by s. 19.85(1)(g), *Wis. Stats.*

The Board arose from closed session at 11:30 a.m. with no actions having been taken.

The meeting was adjourned at 11:30 a.m.
