The libraries provide public access to a wide range of material, including online exhibits, digitized collections, archival finding aids, our catalog, online articles, and a growing range of materials in many media.

When possible, we provide rights information in catalog records, finding aids, and other metadata that accompanies collections or items. However, it is always the user's obligation to evaluate copyright and rights issues in light of their own use.

Key:

- ① System message: This is a display of the full record for item 4 of a list of 16 items.
- ② Author, title, place, publisher and date.
- ③ Location and call number. If copies of the book are located in two or more campus libraries, this section will include information on each location.
- ④ Format: The book is 237 pages long, contains illustrations, and is 25 centimeters tall.
- ⑤ Other Entries That May Be Searched: Listed here are the entries under which this record can be found. The entries are numerically indexed in the column to the left and can be used for searching purposes. For example, to see whether other books with the subject heading Economic forecasting--United States are in the computer catalog, type:
