EXECUTIVE DEPARTMENT

Madison, Novbr. 3<sup>d</sup> 1863.

Mrs. L. J. Harvey  
State Sanitary Agent.

Madam.

On the receipt of this, you will please proceed without delay to Vicksburg and Natchez, Miss., and other points in that neighborhood where there may be sick and wounded Wisconsin soldiers, to aid and assist them as much as possible. You will not stop to remain at any intermediate point except Helena, Ark., where a short visit from you would be desirable. As to the kind of aid and assistance to be rendered by you to the sick and wounded Wisconsin soldiers, your former experience will be a better guide to you, than any special instructions; but I wish to call your attention to one point, i.e. to see that

the soldiers in hospitals not only, but also the Wisconsin regiments in the field, in and about the places above mentioned, are constantly supplied with sanitary goods from the Sanitary Commissions.

Upon your arrival and from time to time afterwards, at least once a week, you will make full written reports to me concerning the sanitary condition of Wisconsin troops that come under your observation, the names of sick & wounded Wisconsin soldiers in hospitals, the condition of them generally and of the hospitals, your own actions in connexion with your mission and such other matters bearing upon the sanitary condition of Wisconsin soldiers as you may deem of interest or importance.

Your compensation will be the same that you have heretofore received when acting in this capacity, to wit, three dollars per day, besides which your necessary travelling expenses and other expenditures that may seem necessary for the soldiers will be paid, of all of which expenses and expenditures you will keep and make a full and detailed

account accompanied by vouchers as much  
as possible, which account you will send  
to this Office as often as once in every two  
weeks.

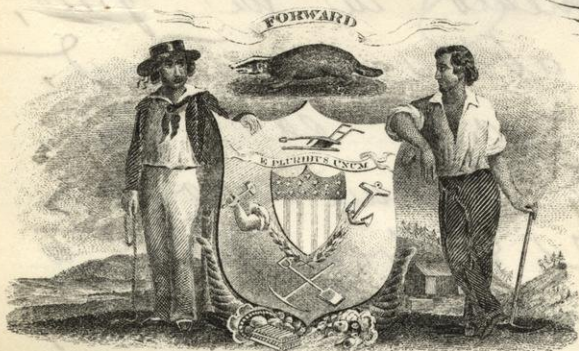

Very respectfully

Edward Salomon,  
Governor.

Hon. J. S. Lewis }  
Madison, Miss }

Sir:

My report  
this month must be very  
disconsoling to you few  
troops on the river and  
so few in hospital.

Knowing that you  
know the situation of our  
regiments, I have expected  
every mail an order to  
to go to some other field  
of labor where I could be  
some useful than I can  
here.

It is true that I have  
a great deal to do in this  
way of answering letters  
inquiring after lost friends

and the efforts of deceased  
Soldiers - sending them to  
friends or, where they have  
been turned over to the  
Government stating the  
fact.

It seems to me that I  
could do more good in  
some other way.

However I trust the  
Legislation this winter  
will do something toward  
establishing an asylum  
for the children of those  
who have fallen in this  
war. Almost every other  
State has such an  
institution already es-  
-tablished.

So it is not the least  
we can do for our fallen  
heroes, to take good care of  
and educate their children.  
I believe the people would

be glad to furnish the  
means for this good work  
if it is only brought before  
them in a proper way  
Any thing that I can  
do to aid in this matter  
either now or hereafter  
would give me great  
pleasure to us.

Always to be  
Yours ever, I am,

Yours respectfully  
C. J. P. Harvey

Camp 16<sup>th</sup> Regiment Wis. Vol.  
Vicksburg, Feb. 16<sup>th</sup> 1864.

Mrs. Harvey,

Soldier's dear Friend:

I pray pardon ~~for~~ the liberty I take in addressing you. I am one of those eight boys who were confined in the military prison for refusing to sign the reenlisting papers. Believing that we had been deceived by our officers, we should have remained under arrest but for your kindness in coming to remind us of the duty we owe to our country. You cannot know the gratitude I owe you. Leaving a dear wife and child to serve my country, I have always tried to merit the title of patriot on the battlefield and in camp, until that day when some false spirit blinded me, and I could not see that I was doing wrong to my country and disgracing

myself by refusing to sign those papers.  
Now, as a Wisconsin soldier, I ask  
you to pardon me and my comrades  
for causing you to visit that prison,  
and I promise never again to set such  
a bad example while in the service  
of my country. I shall, moreover,  
try and repay your kindness, as far  
as possible, by cheerfully performing  
my duty as a soldier.

Gov. Salomon:

I arrived here yesterday -  
Saw the Medical Director, was  
well sick, treated with all courtesy  
& kindness - Today I have been  
through 5th St Hospital - found  
some twenty of our men there  
A majority of them ought to be  
discharged from the service  
& will be so soon as they  
can procure their descriptive  
rolls. They are well cared for  
by the sanitary associations  
here & I am convinced  
that visiting City Hospitals  
is not the way for our  
state to do good to suffer-

ing soldiers. tonight I am  
going down to Cape Girardeau  
where Col Daniels Regt now is.  
They are suffering there &  
Quarten Master Mann of that  
regiment is here & thinks I  
can do great good by going  
I can at least get the  
description rolls for some  
men here & bring them back  
with me, & hasten  
their discharge.

This P.M. I visit  
the Magazine & Guard Sammiton  
Hospitals.

The men are glad to  
know they are remembered  
by you. I visited one poor  
fellow today, that will soon  
receive his final discharge  
He is going to the S. per.

His name is Wm. McFarland  
from Ash Grove 1<sup>st</sup> Wis. Cav. Co

The tears rolled down his cheeks  
when he spoke of home, & he  
said "I hate to do any thing more."  
He seemed glad to be here.  
He is very comfortable &  
has all he wants.

How the Union Ladies  
work here! The overhust  
has such a reality to our  
sadies farther north as it  
does <sup>here</sup> to the people here  
Their whole heart is in their  
work. & the necessity is such,  
all the ability, energy, & strength  
of every northern woman ought  
to be engaged in this work,  
not one.

I shall visit all the Hospitals  
in the city as soon as I can  
& report to you

Yours very truly

Gov. Solomon:

The 1<sup>st</sup> Wis. Co. are here  
& not over one hundred & fifty men  
able to do duty. & they look like the  
ghosts of their former selves.

More than one hundred men  
are in the Hospital closely packed in  
small badly ventilated rooms they  
are sick and dying of almost every  
disease that flesh is heir to.

Their only nurses are the  
convalescent patients. who go pale  
& tottering through the rooms—  
do all they can, but soon get  
sick again. This requires but

only one Surgeon. The first left  
has gone home. The second is here  
aick.

In camp there are one hundred  
& seventy sick. The surgeon says  
not very sick, only Chronic Dysentery  
& diarrhoea.

Major Lorry has just  
returned from Helena with  
a part of the regiment.

Twenty five sick ones were  
sent to St Louis because they  
could not be got into the  
Hospital here. Nineteen were  
crowded in. Three died coming  
up the river. Their names were  
Wm. Spenser Co. G. Appleton.  
- Rollo Co. B. & Charles Kilt  
Co. K. Eagle. Wis. one died  
yesterday. I have not been able to get  
his name. Just before they  
started Ira Adams Co. K, &  
- Scofield Co. I. died. Others are

dead & dying whose names  
I have not been able to learn

Yesterday I went up to  
Camp with the Surgeon, and there  
on the grass & about one tent  
lay more than one hundred  
men waiting for him.

I spoke to Major Jerry who  
only keeps up by his iron will  
& Quinine. He will die unless  
he comes home - he told me  
he would not leave his men  
yet, but must bye & bye. He is  
growing weaker every day.

I had been talking but  
a few moments when the  
Surgeon came up & said  
Major have you a horse to  
sell? I said I do not have the  
two men? & he replied Oh  
there is another doctor taking  
care of them, this "other doctor"  
was a Scout in one of the companies

& knows very little about America.  
I am told by one of the Capt's

The boys expect so much from  
the state now I am here  
to tell you about it, & I  
believe they will not be disappointed.

The sick men cry like children  
some of them scream like boys, &  
say oh my Mother! - My Mother!  
Can't I go home Mrs Harvey?

Some try to look brave, but  
the life quivers. One strong  
large framed man said to  
me, "Your husband has  
gone I wish we were all  
with him". I have passed through  
scenes that I trust will give  
me strength for future action.

I am very well & am glad to come.

~~Will you send us four strong  
men for muskets & one or  
two good doctors.~~

Dear Sir

I have just returned from Lexington where the 11 Regiment of Mo. Vol. are in Camp. I found them suffering very much from malarial diseases contracted at Helena & in Arkansas. There were over one hundred unfit for duty & the following were in tent hospital under the care of Surgeon Strong.

Harvey Barnes	Co. H.	Pneumonia
Jeremiah Phelps	Co. E.	Fever
Orison Washburn	A.	Chronic Dysentery
Wm. Sullivan	D.	Dysentery
Enos Goant	B.	Fever

Luke Slagler Co. A. Fever  
 John Faith " H. <sup>Died Thursday night</sup> Pneumonia <sub>at 11.30</sub>  
 Wm Trotter, H. Typhoid Fever  
 Charles Charlesworth A. Pneumonia  
 Wm Stetson I. Fever  
 Wm Smith C. Congestive Brain  
 R. S. Howard B. Fever  
 John A. Jordan I. Pneumonia  
 Edward Mathinson B. Fever

Bradford Dodge B. <sup>Died on Thursday</sup>  
 J. D. Mallory B. <sup>Died</sup> <sub>Oct 30<sup>th</sup></sub>  
 Martin L. Stone I. Typhoid Fever <sup>Died Oct 30<sup>th</sup></sup>

Timothy Perry & David Kerr of  
 Co. A. have also died since Oct  
 1st. I found them in need of  
 Sanitary boards & have sent  
 them all they needed in that  
 way. Col Harris is not looking  
 very strong but is improving  
 daily. The weather is delightful  
 & I think health must come

to the sufferers.

Gen Steele in command  
at this place (Linton) speaks in  
the highest terms of our brave  
Col Harris and of the 11<sup>th</sup> Reg—  
and decidedly I know from all  
I hear. There are twelve or thirteen  
regiments at this place. I write  
you my best wishes

I shall want some more  
money soon. I have only \$25.00  
left I believe. I will send in  
my acct soon. If I have put  
any of it as you think I ought  
out to. do not hesitate to say so  
to me. My own expenses, thanks  
to every body with whom I have  
to do are very little & so I am  
enabled to do so much more  
good with the same amount  
of money. I would like to give  
something to the Sauter's cause, if you  
are willing. Yours Truly  
Mrs J. P. King

To his Excellency the Governor of Wis.

Dear Sir With reference to the case of Thomas of Merrill Co. B. 2<sup>nd</sup> Regt. Wis. Inf. I beg leave to state that since writing to you concerning him we have learned that Mr Merrill has got better and has started for New Orleans on his way to join his Regiment. From all the evidence that we could gather we believed that he was dangerously sick aticksburg, hence our application for a discharge I presume that if Mr Merrill is able to join his Regt. he will not desire a discharge neither will his friends at home wish it for him I write this because I think that justice to you and to us demands this explanation

Yours Respectfully

SOLDIERS' HOME,

Wicksburg, Miss., Feb 10<sup>th</sup> — 1864

Gen. J. D. Lewis }  
Madison Miss }.

Dear Sir:

Yours of Jan. 25<sup>th</sup>  
is but just rec'd. I should at once  
comply with your wish for me  
to go to Memphis but I was  
glad that I was much more  
needed here. The hospitals there  
are being broken up — many  
of them at least — and the recent  
movement of the Army under  
Gen'l Sherman has filled  
our hospitals here with sick.  
New ones are being opened  
& filled with sick & wounded.  
Wicksburg bids fare to be  
what Memphis was one year  
ago. Only I do hope there will  
not be so much suffering.  
Our hospitals are in good order  
& in charge of excellent men

We have three Gen. Hospitals -  
The 3rd Person in charge of  
Surgeon Powell of Chicago -  
Hospital No 2, & 3 in charge of  
Surgeons Hill & Kimball - all  
gentlemen & well fitted for  
their positions. The Marine  
hospital has just <sup>been</sup> opened &  
will soon be in operating order  
Other buildings are being prepared  
for the reception of patients  
Some of our 12<sup>th</sup> brought in  
twenty five or thirty wounded  
from near Jackson a few  
days since. I have visited  
them, there are no wise men  
among them. Altho the men  
told me the 12<sup>th</sup> were under  
fire - a few were killed &  
some wounded. Those most  
severely wounded were left  
at Chertown about twenty miles  
from here.

I report that we have no  
sanitary supplies in either of the

Sanitary Comm. Rooms here. You  
best I should take some to  
go over to Christian as I know  
they must need them. We  
are expecting "boards" every day  
to urge upon the people the  
necessity of sending vegetables  
& fruits over here. There will  
be great suffering here if they  
do not come soon.

I am convinced that it is  
very important that we get  
the statement here & perhaps  
at New Orleans for the summer  
I have just returned from  
a boat bound up from N. Orleans  
in care of Dr. Crozier from  
the 20 - Wise estimated one  
hundred & sixty discharged and  
frankish men. It was very sick  
to see so many pale, feeble, broken  
down men going home - perhaps  
to die, but they were comfortable  
the boat was such a nice one  
& wish Wis. would charter for

The Government, or if this could  
join with all in chartering a  
boat, I believe my probable lives  
might be spared - saved to  
their country & families

It is a fact that the States  
owe this to sick soldiers.

So let them be taken north  
to their homes, or northern hospitals  
& not let them stay here to die  
in southern pest houses, for  
hospitals can be nothing better  
in the coming hot weather.

I do sometimes feel that if I  
could see our Legislature & talk  
to them I could make them  
realize this. But you can do it  
& will, I know - Pardon me for  
writing so earnestly. I write because  
I feel deeply - & I feel because I have  
seen so many die that might  
have lived. Hoping that you  
will pardon of my action

I am

To his Excellency  
Gov Wisconsin

Dear Sir

Your excellency is doubtless aware of the fact, the results of experience and observation that few persons are competent to minister to the wants - the comfort - and the moral condition of the sick. No where is this position so well exhibited as at our Military hospitals among those who are Surgeons, nurses and those too who visit the Hospitals for humane and benevolent objects and purposes. Among the last a large majority are more mischievous than beneficial in their visitations, and yet, others again are highly beneficial and efficient.

Among the last named class, I deem it a duty as well as a pleasure to mention as prominent Mrs Harvey the widow of your lamented predecessor in the gubernatorial chair of your state. She is not only efficient but untiring in her efforts, and her ministrations are characterized by a deportment which at the same time commands the respect of the Surgeons and officers under his authority, and the gratitude of those who are the special objects of her care. Kindness, gentleness, and zeal for the sick mark her intercourse with them and

no case however humble from your state is neglected or forgotten and if there is a way in which they can be benefitted, she will discover and secure it. No condition of the weather or other forbidding circumstances prevents her from the faithful discharge of her duties, and her perseverance overcomes even formidable difficulties and such as would deter others from attempting.

Her ladylike deportment, her amiable disposition, and her respectfull demeanor have rendered her a welcome visitor to all the hospitals, on the part of Surgeons, while her kindness and sympathy have secured for her, the love and gratitude of the sick and afflicted soldiers.

You have displayed wisdom in her selection and appointment. I would that the Governors of other states would be equally discriminating in their selections, and the service as well as the soldier would be largely benefitted rather than injured by injudicious selections of persons whose humanity is but a blustering display and whose efficiency is mischievous.

Yours with profound respect &c

Sir; I learn from  
the wounded men here,  
brought up from Dickson's  
& Winkler's Post that we  
have many sick & wounded  
at Memphis & that they  
wished <sup>and</sup> to return there  
very much. I shall leave  
St Louis tomorrow morning  
at ten A.M. on the new steamer  
Pulch. in company with the  
present Proctor of the Soldier

Wisconsin with all medical

Sanitary Service. There will  
be a Soldiers Home opened  
at Memphis, & Mr. Waters  
& Miss Estlin will take  
charge. I am confident  
that I shall be enabled  
to render our people  
great service there  
because I have the ex-  
perience both of Sanitary  
Commissioning & the  
Military authorities.

When I asked for goods  
at this Sanitary Commission  
the other day. The Pres. said  
"take all you wish, & order  
more at any time you

I have never been denied  
a request yet by any body.

So, you will remember  
what I said to you

This newspaper notices  
annoy me very much

I have two or three articles  
sent to me recently that were  
not about writing in Kennedy

no more. I do not wish  
to be "Florence Nightingale"  
nor any thing of the kind. I  
am simply doing my duty  
& doing very little compared  
with the great amount there  
is to be done. If I write facts  
that you think would be  
of interest to the public  
you will of course do what  
you think best with them.

I am very mentally &  
physically when I write for

Sir:

I am well  
here Wednesday Evening.

We came down under  
the escort of the gunboats  
which shelled the woods from  
above Island No. Ten to

New Madrid. From reports  
at Columbus Ky, we learned  
that the rebels had established  
batteries along the shore  
& had been firing upon  
our boats. The reports  
were much exaggerated  
however. Genl. Hamilton

received one very kindly  
& is treating one with all  
possible consideration

He is spoken very highly  
of by every one, I have told.

He seems a high spirited  
honorable energetic  
strong governed Genl  
capable of accomplishing  
whatever he undertakes &  
capable of undertaking  
whatever circumstances  
seem to demand.

I have today been talking  
with him about a State  
Hospital. He thinks it prac-  
ticable. Says if the Legislature  
will not purchase the Medi-  
cine perhaps they will send  
it, donations from individ-  
als I am sure will support  
it amply. Pray to consider  
this subject Gov. Genl

nor begin to imagine  
the good it will do for  
our poor suffering wounded  
men this coming summer

Any thing that I can  
do to forward it I will  
Please write me in refer-  
ence to this at Memphis

We have a great many  
sick & wounded here &  
tomorrow I commence  
visiting the hospitals

Our Soldiers Home here  
is going to be a model it  
will soon be ready to  
receive the suffering. I feel  
that I can do good here, I  
love very well, & shall labor

to go, the authorities are  
so willing to aid me.

Dear Sir

I arrived here just before  
the Army left to go south some twenty five  
thousand in Genl Sherman's command  
We had two or three segments, and they  
were going to leave between one & two hundred  
sick in the Fort & in the Post Hospital.

Every man left, has his "Discharge Roll"  
I shall be able to get many of them discharged  
I labor hard in Hospital from morning  
until night. Am very well and the consciousness  
of being of some little service to my countrymen  
keeps me cheerful.

The 23<sup>d</sup> Reg. went into camp  
here yesterday. They are very well, I saw

Smoggen Valley, Am enabled to supply our  
people with all the Sanitary Goods they  
need. Goods sent to our people here will  
reach them sooner than to any other

Rel. to the wounded  
from the Red River  
Expedition. Copy furnished  
State for file May 4<sup>th</sup> 1864

Gov. J. S. Lewis }  
Mississippian (his)

Dr. Sir:

From home doubtless

before this rec'd news from the Red  
River expedition.

On Thursday last the U.S.S. An. Com.  
hospital boat arrived here from below  
with sick & wounded.

On board I found some  
of our ~~soldiers~~ from the 23<sup>rd</sup> & 29<sup>th</sup> -  
Regiments. Brother Ellis wounded  
in the line from Co. D. 23<sup>rd</sup> said that  
six from their reg. were killed and  
84 wounded, & forty missing -  
Could give me no names.

Sidney Smith from Co. B. 29<sup>th</sup> -  
could give me no information  
concerning this reg. as he was  
wounded in the beginning of the  
battle & was brought away before  
the reg. left the field.

On this boat they were all  
comfortable. He sent about forty  
from hospital here to hospital further

mouth.

From this boat I went on board  
the Cherrango which came in  
about two hours later directly  
Red sea. The sight that met  
my eyes at every step begins to  
describe. The lower part of the  
boat was filled with negroes almost  
naked, <sup>of every age</sup> from babies a few hours  
old to "old gray haired men &  
women & very filled, just like this  
about it in a sugar barrel. It was  
almost impossible for me to get  
through this mass of human life  
to the front, for wishing, dying  
ones about the cabin, the gun deck  
the horizon deck were all covered  
with our soldiers - some dead  
some dying all suffering for care.

One after another, saying, "Officer  
that I over a child, Mrs Henry  
come away! you can do nothing.  
These men have had us ever  
since they were wounded. It is  
impossible come away. They will be  
put into hospital here & covered  
for as far as possible." I asked  
if they had any supplies, no stimulants.  
"Nothing! Nothing!" one of the nurses

said. "Oh Broo Hing if you wife  
only bring us some sponges  
& small syringes to the wounds  
& some lint too." I trusted away  
& soon returned with every thing  
they needed. Shirts, drawers, socks  
Lemons, sugar, wines, cornmeal  
flour, jellies, rice, fresh  
crackers, pitchess, tumblers,  
wash basins, sponges, soap  
towels, handkerchiefs, clothes, lint  
& syringes these last I bought  
so they had none at the Com. room,  
but not least a most  
excellent nurse. (Miss Prissell) that  
could dress wounds equal to any  
surgeon. I asked permission of  
the Surgeon in charge of the boat  
to ~~to~~ come on board & go to work.

It was given very gratefully, &  
we did go to work. The day was  
very warm. The men were men  
brought up with fever from wounds  
& disease or fainting for loss of  
blood. Cold water was best  
& we gave the low small & wine  
first. Their faces & throats were  
betwixt & wiped on a clean towel

I then opened cans of peaches  
& gave each man a cracker  
& a peach. The peaches were  
excellent! Oh that the one that  
sent them could have seen the  
gratefully, tearful eyes of the sons  
brothers, fathers & laborers as  
I saw them that day & heard  
the fervent "God bless you" as I  
did. How grateful I was, and  
am every day that I am permitted  
to be the savior of their country.

While I was doing this, Miss  
Wiswall was dressing wounds.

We landed, with many, when  
the ambulances came to receive  
them & take them to hospital.

~~As~~ I know there were many  
wise men on board, but  
I could not ask for them. This  
you will think strange, but you  
would not if you were with me.

If you ask for men on any state  
it makes her so as if you  
do not ask for. That often having  
done it a few times, you will  
ask it for humanity sake.

most of them  
they all knew me & said to me  
so I passed by them. "We know you  
would come". Poor fellows they  
wished help from every body.

We are living surrounded  
by horrors. I fear "the reign  
of terror" to us is fast approaching.  
Since the last Pittman tragedy  
our colored troops & their officers  
are with a breathless anxiety  
the action of Government.

Today a man from Chesapeake  
was brought on an adjoining  
plantation by the officers  
of a negro regiment for saying  
before them that he believed  
the rebels did signs in killing  
the negroes on a plantation  
near here. When which they  
(the rebels) made a social ac-  
-cuse. The gentleman was a  
cotton speculator & had been  
up the (Gard) & had just  
returned & did not learn his  
name. The paper do not  
promise only the horrors of  
the last Pittman affair.

Our officers of negro regiments  
declare they will take no more

prisoners - & there is death to  
the rebel in every black man's  
eye. They are still a terrible  
they will fight. One poor  
fellow (black) from Sevier  
had one arm shot off, & the  
other shattered. When the  
boat ~~arrived~~ <sup>was</sup> his arm  
had ~~not~~ <sup>not</sup> been shot <sup>was</sup> shut  
with other life than his own!  
He said to one of our Officers  
Do you think (Mason) I should die?  
I do wish to see my wife &  
children in Memphis see them  
when told that it was doubtful  
if he lived. He said he'd be  
satisfied to have done any duty  
fighting for my country & my  
brethren & I die a man & a  
free man! he said he'd be  
taken to Knoxville his  
arm amputated & it is thought  
he will live. The negroes know  
what they are doing - Perhaps the  
long secession & when we

Sir:

I have just returned from Corinth, Jackson, & La Grange.

At Corinth I found <sup>no</sup> general hospitals, & no Wis. Reg't. At Jackson & La Grange I found & found many of our sick. Enclosed I send you a full report of the sick at La Grange & also those in the Brester hospital at this place. I will send a full report of those I found <sup>at</sup> Jackson by next

mail.

The hospitals in this region  
are improving rapidly.

The 8<sup>th</sup> Reg. & 12<sup>th</sup> are  
located within a few miles  
of Memphis on the Railroad  
The 33<sup>d</sup> is at Moscow, & is  
spoken highly of, as are all  
Wisconsin regiments.

The 32<sup>d</sup> are in camp  
in the city. Col. Howe has  
been quite <sup>sick</sup> but has entirely  
recovered. His commanding  
officers speak <sup>highly</sup> of him  
& his regiment. They have  
suffered severely by long &  
rapid marches, but are now  
improving in health & spirits.

Major Genl. Hamilton of  
our state commends the  
confidence & respect of  
all soldiers & officers

may well be proud of  
such an Officer

It is such as he has proved  
himself to be that must

Gov. E. Salomon  
Madison, Wis

Dear Sir: I today rec'd  
a note from Gov. Dotson asking  
for the particulars, or of the whereabouts  
of Milton L. Deffenner. He died in a general  
hospital somewhere about the tenth of March.

The circumstances of his death are  
most distressing. I had seen him every  
day almost, for weeks. He had been a  
very strong athletic man but had  
finally yielded to disease & was  
broken down. The physician considered  
him a proper subject for a dissection.  
He was examined at my request  
by the Medical Inspector & his  
papers were about to be made over  
when on Thursday the 6th of March

he had an attack of sore throat with  
swimsy & <sup>had a</sup> I mean stood by him  
all day to keep him thro' things to  
death, on Sunday he was better  
Sat. I did not see him, but thought  
of him often. His fortitude, his anxiety  
to get home, & his cheerful speaking  
face had interested me in him  
very much. When I visited his  
cot he was always so glad to see  
me. On Sunday I went to Geobran  
On Monday I visited with Mr. Allen  
the 2<sup>d</sup> Wis. Cav. Going to the  
regiment. I so wanted asked the  
Surgeon to go with me to the  
hospital, he thought I had better  
not go as they had to very scarce  
there that morning. I insisted upon  
going, & on our way the Surgeon told  
me the night before they had  
found a young man lying  
on the ground disarmed  
& terribly disfigured by Sycipelas.  
They supposed he must have escaped  
the Swarts & got out of their hands

I saw him but he <sup>was</sup> in spasms  
& no vestige of human look about  
him. I said to the doctor, do you  
know his name & before he could  
answer, a hand from the cot was  
stretched out toward me & a  
voice said "I know you (Mr. Henry)  
don't you <sup>know</sup> me - by the name". I can  
conceive my feelings, I saw  
that he was dying - That these  
were the few last moments  
before dissolution I remained  
with him as long as I could.

I went to the Adams Hospital  
where I left <sup>him</sup> & enquired for him  
& was told he had deserted one  
Sat. night. How he was got  
to Camp is a mystery. It was  
two miles or more & he was very  
weak. He undoubtedly in some  
way deceived the guard in  
his deranged state & so got  
past them. I wish this had been  
shorter but indeed I cannot <sup>make it so,</sup>  
I have not been well since

my return from Vicksburg two  
weeks since, I was taken sick  
on the boat coming up the river  
& I do not get over it, altho' I  
am better. The physicians say  
I shall get well here if I am  
confined & quiet. I dare not allow  
do thro' I could go home, & I am  
<sup>able</sup> to do every thing that is asked of  
me except visit the sick, from  
my own room. The Surgeons  
are very kind & treat me with  
every consideration I could desire.  
I went to Vicksburg to see Genl  
Grant. I saw him & was treated  
<sup>with</sup> all possible attention. I had four  
requests to make - He referred  
me to his Med. Director, who proved  
to be my old friend Doct. Mills of  
St. Louis. After talking with him I  
again saw the Genl & he promised  
all I wished. Doct. Volkmann the  
Med. Inspector from Washington  
called upon me yesterday & examined  
me thro' all we had asked for

The thought would be accomplished  
These orders have already received  
no. one, to send all Chronic  
diseases patients to another hospital  
another to clean out the convalescent  
camp here by discharging those  
unfit for service at once & send-  
ing others to their regiments  
The third & most important  
& I think of the three, is, to appoint  
a med. inspection to every Army  
Corps who shall have full power  
to discharge disabled men.  
The fourth we have yet to be con-  
sidered. Volkmann told me that the  
last words Genl Grant said to him  
when he left him at Genes Point  
was that he would issue such  
an order. It is the same order  
in regard to <sup>unfit</sup> Surgeons, which  
they have on the Patrons, allowing  
a certain proportion of every regiment  
to go home on a Surgeon's & sick

would be to go down an enormous  
Certificate for twenty or thirty  
days. If <sup>even</sup> the tone of peace  
is destroyed it would be ruin to  
our soldiers it would impair  
the sanitary condition of our  
Army our health & our

When I was below at Morris  
Porter from our five bales of  
Cotton which I shall sell &  
use for ~~the use of~~ the soldiers.  
The Western & U.S. Sanitary Commission  
have urged me to act with them  
as their agent, but I choose rather  
to remain independent of any  
particular Commission for they  
have both been like kind to me  
& my efforts upon either are always  
honored. The head of U.S. Commission  
after I refused to act as their agent  
said before he returned to Wash-  
ington he should have an order  
permitting me to draw beside  
all the goods I wished. and

hundreds of dollars per month to be  
used as in my judgment that  
best, & I must not render an  
account of <sup>it</sup> my receipt for in-  
fully sum that I would use it  
for those who needed it - I shake  
not of course draw money, but  
the confidence they placed in me  
was certainly very gratifying

I have had so much home  
work to do, so many letters to  
answer, that I get no time  
to send you reports so I would  
like to do. Our hospitals here  
are improving every day, & our  
Prisoner regiments in Camp  
here are doing nicely. Mrs. C  
may well be proud of her soldiers  
& of her Officers with few exceptions  
we have the 2<sup>d</sup> Cav, the 12<sup>th</sup> 32<sup>d</sup> & 33<sup>d</sup> -  
You see an army my friends  
& I desire every day that they are  
my friends. Col. Howe's regiment  
belonging to the city - brigade for efficiency  
strength & good discipline is not surpassed  
by any regiment here. I speak of them

because they are constantly on  
duty in the city. The Col is a noble  
instructor of as an efficient high-  
minded self-disciplined officer  
& his regiment are worthy of  
their Col. I am glad to be able  
to say this of a friend & esteem  
so highly as I do Col Howe but  
I would not say it if he did  
not richly deserve it.

Gov. Edward Salomon

Madison Wisconsin

Dear Sir:

It is, & has been  
next to impossible to send you any thing  
like a correct report of what I am, & have  
been doing. For the last few weeks I have been  
laboring constantly in hospitals - sucking out  
soldiers broken in health to such a degree  
that they could in no possible way be  
of any further service to their country,  
& bringing such cases before the Medical  
Authorities, who, upon examination  
discharged them. In this way I trust  
many a human life has been prolonged

At least until they reached their homes.

This I believe to be both just & merciful, just to the Government, & merciful to the men.

The weather is quite warm like our June days. To our poor suffering ones in hospital it is very debilitating. As a matter of course, & finally life itself fails them. Death is as present threatening more rapidly than the authorities. Oh how we feel the necessity of northern hospitals now. Would the "Water Cure" at Madison have been fitted up by the Government for a military hospital many a valuable life might have been spared to Wisconsin & to the Service that must now go out in Annapolis. How our

dying men look with longing eyes  
& outstretched arms (northward  
& with their last breath, ask "Can't  
we go home?" I have seen unwritten  
histories, witnessed untold sufferings  
borne with heroic endurance  
in these hospitals that I shall never  
forget. I know that love of country &  
true patriotism is no myth but  
a reality - upon whose altar many  
a human life is freely offered a  
willing sacrifice.

I send you a list of men  
br'd up from Vicksburg and  
placed in a new hospital opened  
the 10<sup>th</sup> of this month. It is just  
as nice & comfortable as it can be  
Many went for joy when they found  
how kindly they had been cared for.

I have visited the 8th Reg. now  
from 5 Dickelby and the 12<sup>th</sup> 33<sup>rd</sup>  
32<sup>nd</sup> & the 2<sup>nd</sup> Cav. now in camp  
here, have carried them  
sanitary goods & vegetables as they  
have none. Gov. sent nothing  
of the 33<sup>rd</sup> is a miserable, Gov  
Casey of the 12<sup>th</sup> is a model surgeon

I shall want some more  
money soon - will send in my  
acct. the first of April. I should  
have sent in a month, why it  
amounted to 20 little that I put  
it off - I got so fatigued that  
it is almost impossible for  
me to write in the evening & that  
is the only time I have, or should like  
I went to Jackson upon the receipt  
of Mr Watson's <sup>letter</sup> & the man spoke  
of will be discharged at once

Yours Respectfully

A Letter to a Friend in the Western Army -  
written by Mrs C. A. P. Kearney.

My dear Col:

There is not, perhaps, a more difficult task, than to relate simple facts; in such a manner as to convey an entirely correct impression; the difficulty is increased, when the relator is an interested party: but I do wish if possible, to give you a full description of my recent interview with the President, in reference to establishing a Northern Hospital, in Wisconsin. The high regard I entertain for him, will, I am sure, prevent my erring in self-favor at least.

I entered the "White House", not with fear, and trembling, but strong, & self-possessed, fully conscious of the rightness of my mission. I was received after short delay, I had never seen Mr Lincoln before; he was alone, in a medium sized office-like room. no elegance about him, no elegance in him; he was plainly clad in a suit of black that ill-fitted him. no fault of his tailor, however.

17<sup>th</sup>

Nothing at all, so far as our suffering soldiers are concerned.

I told him our Western men had never received any benefit from these inspections, & we had very little confidence in any good, resulting from them. "Anyone of disengagement, and with common allowance of humanity, that is loyal, that has been through our Southern River Hospitals knows, & feels the necessity for what I ask, and yet you say you never have received a report to that effect. The reason is this, I believe, Mr. Stanton, The Medical authorities know that the Heads of Department do not wish Hospitals established so far from Army lines, & report accordingly. I wish this could be overruled. Can't anything be done?" "Nothing until the Surgeon Gen'l returns." "Good morning," I said, & left him, not at all disappointed. I returned to Mr. Lincoln. It was I think, past the usual time for receptions. No one was waiting to be received, & the messenger said I had better pass directly into the President's, it would be more comfortable sitting there. as there was only one gentleman with him & he would soon be through.

8<sup>th</sup>

I passed into the back part of the room & seated myself, on the sofa in such a position that the desk was between me & Mr Lincoln. I do not think he knew that I was there. The gentleman with him had just given him a paper, he looked it over carefully, said "yes - that is sufficient endorsement for any body. What do you want?" I could not hear distinctly what the reply was but the promotion of somebody in the Army, either a son or friend was strongly urged. I heard the words. I see there are no vacancies among Brigadiers from the fact that so many Col's are commanding Brigades. At this, the President threw himself forward in his chair in such a manner as to show me the most curious, comical face, I ever saw in my life. He was looking the man straight in his face with his left hand raised in a horizontal position & his right hand patting it coaxingly he said. "my friend, let me tell you something about that." You are a farmer, I believe, if not, you will

9<sup>th</sup>

understand me. Suppose you have a  
cattle yard full of all sorts of cattle, cows,  
oxen, & bulls & you kept killing & killing  
your cows, & oxen, taking good care of  
your bulls, by & by you would find  
out you had nothing but a yard full  
of old bulls, good for nothing under  
heaven. Now it will be just so with  
my Army if I don't stop making

"Brigaded Gen's." The man was answered  
he could scarcely laugh tho' he tried  
to but you should have seen Mr Lincoln  
laugh. He laughed all over - he enjoyed  
the point of that story if his friend did not.  
The story is not strictly delicate is certainly  
improper. As I commenced to tell you  
everything that I saw of this singular man  
this must fill its place -

The gentleman soon departed  
fully satisfied I suppose. I stepped  
forward, the President motioned <sup>me</sup> to  
a chair near him. "Well, what did the  
Sec of War say?" I gave him a full  
account of my interview, & then said,  
"I have no where else to go but to you."  
He said earnestly, "Mr Stanton knows  
very well there is an acting Surgeon  
Gen'l here, & that Hammond will not

11<sup>th</sup>  
and I am tired of hearing about them"

He spoke impatiently. I replied, "I regret, President, to add a feather's weight to your already overwhelming care, and responsibility. I would rather have staid at home." With a kind of half smile he said, "I wish you had"! I answered him as tho' he had not smiled. "Nothing would have given me greater pleasure but a keen sense of duty to the Government, justice & mercy to its most loyal supporters & regard for your honor & position made me come. The people cannot understand why they are left to die - when with proper care they might live, and do good service for their country. Mr Lincoln I believe you will yet be grateful for my coming." He looked at me earnestly. I could not tell whether he was annoyed or not. I continued, as he did not speak, "I do not

come to plead for the lives of criminals, for the lives of deserters, neither for those men who have been the least disloyal, but I come to plead for the lives of those who were the first to hasten to the support of the Government - who helped to place you where you are - because they trusted you - Men who have done all they could - and now when flesh & nerve & steel muscle are all pray for your life & the life of the Republic, they scarcely ask for that

12<sup>th</sup>

for which I plead. They expect to sacrifice  
their lives for their country. Many say,  
we wish we could do more, but, I suppose  
this is all right. I know if they could  
come North they could live, & be well,  
strong men again; many of them, I say, I  
know, because I was sick among them last  
Spring surrounded by every comfort,  
with the best of care, and determined  
to get well. I grew weaker day by day until,  
not being under military law, my friends  
brought me North. I recovered entirely,  
simply, by breathing Northern air. While  
I was speaking, the expression of Mr Lincoln's  
face had changed many times. He had  
never taken his eye from me. Now every  
muscle in his face seemed to contract  
& then suddenly expand as he opened  
his mouth. you could almost hear  
them snap. as he said. "You assume  
to know more than I do!" & closed his  
mouth as though he never expected to  
open it again. sort of glammed it too,  
I could scarcely reply. I was hurt & I  
thought the tears would come, but I  
recollected in a moment & said -

19<sup>th</sup>

"Pardon me Mr Lincoln, I intend no disrespect, but it is because of the knowledge, and because I do know, what you do not know, that I come to you. If you knew what I know + had not already ordered what I should know that an appeal to you would be <sup>not</sup> in vain. but I believe this people have not trusted you for naught.

The question only is, whether you believe me, or not. If you believe me will you give us Hospitals! If not - will -" with the same snapping of muscle, he again said. "You assume to know more than surgeons do!" "Oh no! Mr Lincoln I could not perform an amputation nearly as well as some of them do.

Indeed I doubt whether I would do it at all. But, this is true. I do not come here for your favor, I am not an aspirant for military honor. While it would be the pride of my life to be able to command your respect + confidence, still even this, I can waive for the time being to gain my object. Now the medical authorities below as well as I do, that you are opposed to establishing Northern

14<sup>th</sup>

Hospitals & they report to please you. They desire your favors.

I come to you from no casual tour of inspection having passed rapidly through the general Hospitals in our principal cities on the River, with a cigar in my mouth & a catan in my hand, talking to the "Surgeon in charge" of the price of cotton & abusing the Generals in our army for not blowing & performing their duty better, and finally coming into the open air, with a long drawn breath as tho' they had just escaped suffocation, and complacently saying, "a very fine hospital you have here, Sir." The boys seem to be doing very well, a little more attention to ventilation is desirable, perhaps? It is not there. I have visited Hospitals but, for eight months from early morning, until late at night, sometimes, I have visited the regimental & general Hospitals on the Mississippi from Quincy to Vicksburg. and I come to you from the cots of men who have died - who might have lived had you permitted it. This is hard to say - but it is true. During the time that

15<sup>th</sup>

I was speaking the few last sentences. Mr Lincoln's brow had become very much contracted, and a perspire would had settled over his whole face. He sharply asked me how many men Wisconsin had in the field. "That is how many did she send to the field, I mean?" "I suppose about fifty thousand, I think, I do not know exactly." "That means she has about twenty thousand now." He looked at me & said with a sort of sneer - "you need not look so sober; they are not all dead." I made no reply. I had noticed the veins in his face filling full - within a few moments & one vein across his forehead was as large as my finger.

It gave him a frightful look almost - with a quick impatient movement of his whole frame he said - "I have a good mind to dismiss them all from the service & have no more trouble with them!" I was surprised at what seemed his lack of self-control - I knew he did not mean one word of what he had said. I looked at him for a moment - He was pale, & the silence was painful. I then said slowly; "they have been faithful to the Government - they have been faithful to you."

16<sup>th</sup>

They will still be loyal to the Government, do what you will with them. But, if you grant my petition, you will be glad as long as you live. The prayer of grateful hearts will give you ~~strength~~ <sup>strength</sup> & ~~aid~~ <sup>aid</sup> & ~~will~~ <sup>will</sup> strength in the hour of trial, & strong & willing arms will return to fight your battles."

The President bowed his head & with a look of sadness that I shall never forget, <sup>and</sup> said, "I shall never be glad any more." All serenity had passed from his face, & for a moment he seemed looking inward & backward. My heart ached for him. I said, "Do not say so Mr. Lincoln - for who will have so much reason to rejoice as yourself when this Government is restored, as it will be." "I know! I know!!" he said pressing a hand on each side & bowing forward, "but, the springs of life are wearing away." I asked if he felt his great cares were injuring his health. "No!" he replied, "not directly perhaps." I asked if he slept well? He said he never was a good sleeper & of course he slept less now, than ever before. He said the people did not yet appreciate the magnitude

17<sup>th</sup>

of this Rebellion & that it would be a long time before the end. I began to feel <sup>that</sup> I was occupying time valuable to him & to others. I arose to take my leave & said; "Have you decided upon your answer to the object of my visit?" He replied, "No! come to-morrow morning to it is Cabinet meeting to-morrow. Yes, come at twelve o'clock, there is not much for the Cabinet to do to-morrow."

He arose & bade me a cordial good morning. The next morning I awoke terribly depressed, feeling that I was to fail in the object for which I came. The only evidence I had that I was at all excited, was, that I was cold & colorless constantly looking at my watch & wondering if twelve o'clock would never come. At last I ascended the steps of the White House, just as all visitors were being dismissed, because the President would receive no one that day. I asked the messenger if that meant me? He said, "No! the President wished you to wait; the Cabinet would adjourn very soon & I waited & waited three long hours & more - in which time the President had sent out twice saying - "Tell Mrs.

18<sup>th</sup>

Havey to wait, we shall soon adjourn. I was fully prepared for defeat. Every word of my reply was chosen & carefully placed, I walked the room & studied a map which covered one of the walls of the Reception Room - I listened & at last heard many foot-steps. The Cabinet had adjourned - Mr Lincoln did not wait to send for me but came directly into the room where I was waiting. It was the first time I had noticed him standing. He is very tall & moves with "shuffling gait"; <sup>he</sup> came forward rubbing his hands, saying, "my dear Madam! I am very sorry to have kept you waiting so long but we have just this moment adjourned" - I replied "my waiting is no matter, Mr Lincoln - but you must be very tired & we will not talk to night" - he said, "No! sit-down" - I had risen when he came in. He placed himself in a chair beside me & said; "Mrs Havey I only wished to tell you myself that an order equivalent to the granting of a hospital in your State has been

19<sup>th</sup>

issued

nearly twenty four hours. I could not speak. I was so entirely unprepared for it. I wept for joy I could not help it. When I could speak I said, "God bless you, <sup>I thank you!</sup> & then the order for the Hospital at Parrisieu. Chisim which had been countermanded coming into my mind. I said, "Do you mean really & truly that we are going to have a Hospital now?" With a look full of humanity & benevolence. he said. "I do most certainly hope so," this he said emphatically. No reference was made to any previous opposition. He said he wished me to come & see him in the morning he would give me a copy of the order. I was so much excited I could not talk to him. He saw it & commenced talking upon other subjects, asked me to look at the Map which he said gave you a correct idea of the location of all the principle battles grounds of Europe. "It is a fine Map," he said, pointing out Waterloo, & the different battle fields on the Crimea &c. - then smiling said "I am afraid you will not like it - as well when I tell you

"who executed it" - I replied "The work is  
 well done, whoever he may be - Who did it?"  
 "Mr. Loken, and he certainly did do  
 this well. He did it - whilst he was at  
 West Point". There was nothing more  
 said for a moment - I shortly took  
 my leave with a promise to call  
 again upon him, at nine o'clock  
 next morning. I suppose the excitement  
 caused the intense suffering of that  
 night. I was very ill all through the  
 night, & it was ten o'clock next morning  
 before I was able to be dressed & send  
 for a carriage, to keep my appointment  
 with the President. It was past the  
 hour, and more than fifty persons  
 were <sup>in the</sup> waiting room. I did not expect  
 an audience, but sent in my name  
 & said I would call again. The  
 messenger said "you had better wait.  
 I think the President will see you."  
 And by the way I will say here -  
 this messenger seemed a very  
 confidential servant of Mr. Lincoln,  
 and seemed to understand <sup>him</sup>. I had  
 been seated but a moment, among  
 the anxious, expectant waiting faces,  
 when the door opened & a voice said,

21<sup>st</sup>

"Mrs Harney the President will see you now." I was slightly embarrassed to be gazed at so curiously, by so many, with a look that said as plainly as words could, "Who are you?"

As I passed I heard one person say, "She has been here six days, every day, & what's more she is going to win." I entered the presence of Mr Lincoln for the last time. He smiled very graciously & drew a chair beside him, & said come here & sit down. He had a paper in his hand which he said was for me to keep. I took it. It was a copy of the order just issued. I thanked him - not only for the order, but for the manner & spirit in which it ~~had~~<sup>been</sup> given. Then said I must apologise, for not having been there at ten o'clock, as he had desired me to be - but that I had been very sick all night. He looked up curiously, "Did joy make you sick?" I don't know, very likely it was the relaxation of nerves after intense excitement.

Vicksburg June 1<sup>st</sup> 1864

Mrs C. A. P. Harvey  
Agent for Mrs

Madam in accordance  
with your request I proceeded to New Orleans  
to look after the sick and wounded of Wisconsin  
soldiers in Hospital at that point I left  
this place on the 28<sup>th</sup> May and returned to this  
point on the 31<sup>st</sup> Attached you will find  
a list of sick and wounded as given me  
by the clerks of the different Hospitals However  
there appeared to be some errors in the books as  
by a personal examination of the several wards  
some of the men were not to be found, and some  
of those there knew of their transfer up the river or to  
their regiments The greatest discrepancy was in  
the Barracks Hospital I visited each Hospital  
at least once and went to the cot of each man  
and by a personal interview ascertained his exact  
condition And I can assure you it appeared  
to give the men great satisfaction to be visited  
and to know that the State had not forgotten  
them They said <sup>many of them</sup> they had about concluded that

no one was going to come as far down as New Orleans to see them. It was so far from this. In fact it was a great satisfaction to witness the feeling of pleasure manifested when you make yourself known as coming on the part of the state to look after their welfare and wants and while the laugh is on the lips the tear is in the eye & one starts responsive in your own eyes to the heart feeling manifested. But you madam have made so many such visits that you are aware just what the feeling and effects are. But when speaking on this subject my mind reverts to those cold and heartless beings who think if the soldier gets his regular rations with a cot to sleep upon that is sufficient. I only wish such could be, by some means induced to enlist and become soldiers for a short time (say 3 years)

I have indicated on the list such as I think should be transferred to some northern hospital and as soon as a hospital boat shall go to New Orleans as I think their lives depend on such transfer. The different surgeons in charge said that they would endeavor to send all cases of chronic diarrhea north on first boat (Hospital) as those cases were very fatal.

Generally the Hospitals are very well managed  
and the men made comfortable as they can be  
away from home and friends. One part of the  
Barracks Hospital was in much confusion  
but the excuse was that a week before they rec'd  
400 new patients I thought a week sufficient  
to regulate the Hospital and to have given all  
at least a change of clean clothes which some  
had not yet received. I arranged for some  
furloughs and discharges and others to be trans-  
ferred north. I was unable to see our  
regiments as they were stationed at different  
points on the river and making changes so  
often that I could not tell certainly where  
they were (attached you will also find a bill  
of expenses in items)

Hoping my visit has been productive of  
some good and will meet your approval

I remain

with regards

Dear Sir:

The recent  
 changes in our armies at  
 the West bring many of our  
 regiments again into this  
 Department. The 8<sup>th</sup>, 14<sup>th</sup>  
 & 33<sup>d</sup>, were in camp here  
 several days, but have now  
 gone to New Orleans. The 23<sup>d</sup>  
 also went down there a few days  
 since - did not disem<sup>bar</sup> here.  
 The sick were all left <sup>in</sup> hospital  
 at this place, filling all our  
 sick hospitals to overflowing.  
 Enclosed I send you a list  
 of Miss. sick <sup>now</sup> in  
 hospital.

Before the afternoon

weather & shall again visit  
the hospitals in New Orleans  
& Breckinridge City,

I trust the sick remainder  
from the last named hospital  
will be transported north before  
long.

A few days since, about  
one hundred proved prisoners  
were brought in from Jackson  
& Cahaba among them were  
Mr. P. French. 2<sup>d</sup> Cav.

A. Thomas. 3<sup>d</sup> Cav. Co. G.

A. Cate 2<sup>d</sup> Cav. Co. D.

I think these were all. I send  
you enclosed also a full  
list of the deaths in the  
prison at Cahaba. I think  
is but one pris. more named  
but as I have the list  
I send it.

My work is now all that  
I can do. Yours Respectfully

**Soldiers' Home,**

Vicksburg, Miss. Nov. 27<sup>th</sup> 1864

Hon. J. E. Lewis  
Gov. of Wisconsin }

Dear Sir:

I have the pleasure to inform you that the Sanitary condition of our soldiers in this department is daily improving. There are several reasons for this - The air has been purified by frost - many of the putrid convalescents have been forwarded, or sent to northern hospitals, and the permanently disabled are being discharged from the Army.

The united, and untiring efforts of the ~~A. S. S.~~ <sup>Sanitary</sup> ~~Association~~, and Christian Commissions have brought and are scattering with a liberal hand, physical, mental, moral and religious comforts among our brave men in Camp, field, and hospital.

The weary, disheartened, discouraged

soldier, without descriptive roll,  
money, or friends, away from his  
regiment, has learned to look up  
for aid to ~~the~~ <sup>these</sup> ~~Army~~ Commissary  
as he does to his God for breath,  
and expects it as freely. Thanks  
to the noble generosity of our  
people he is never disappointed  
when his voice can reach them  
or any of their agents.

We shall soon be very  
much in need of woollen shirts  
and drawers, Comforts & Quilts;

As the cold weather advances  
we see the great necessity  
for these articles.

The damp atmosphere here  
produces a deathlike chilliness  
which demands flannel quite  
as much as our piercing winter  
cold - sometimes I think a  
great deal more.

I hope our friends at home  
will remember this when they  
are making up their boxes of

precious things to send us.

Within the past few cold days we have given flannel wrappings to nearly a week's amount of that most precious thing suffered. Men for long have from hospitals where they have been during the summer have often no means of getting necessary clothing except through the Comms. Clothing as they wear in their summer blouses and cotton they would soon sicken again, be returned to hospital, or, perhaps bring home.

These men we make comfortable, & all what you, and our northern friends do not see their tearful, grateful faces, and hear their fervent "God bless you"

Our regiments at Little Rock Pine Bluff, Drowl Bluff, and Permech are in much better condition than when they were on the river.

Large quantities of sanitary goods  
have been sent them and had  
they received them all, they would  
now be abundantly supplied,  
but, unfortunately, the U.S. Gun  
boat ~~Donlieth~~<sup>Wagon</sup> and about  
two thirds of her cargo a total  
loss, also a barge loaded  
with fifteen hundred packages  
from the Western Commission  
~~and~~ & ~~goods~~ are lost.

Notwithstanding these disasters  
many goods have reached them  
and more are being sent.

There are agents there to  
distribute them.

These facts I learned from  
Gen. Woodward, the Sanitary  
Inspector of this Department.  
I intended to visit Wisconsin  
regions at these different points  
but Gen. Or. thought I could  
do more good <sup>at this place & vicinity</sup> ~~there~~ as there  
was no state agent here.

There are two Sanitary Depots here and their obliging and gentlemanly Agents enable me to do a great deal more than I could otherwise.

From them I receive all the Sanitary goods I wish for distribution.

I recently rec'd a letter from the Lieut. San. Agt of N. Orleans in which he wished me to ask of you the appointment of agents for this, as he had always done all he could for Wisconsin soldiers. I replied & hoped he would continue to do so, & I would do, as I had ever done, all I could for all. Freshets & so save our States the ~~State~~ expense of one Agent while I believe no Wisconsin soldier has <sup>asked</sup> word of me in vain, and they in this vicinity all know where to find me!

Yes - the ~~army~~ is true of <sup>Soldiers from</sup> N. B.  
Lower Ill. Ohio, and, <sup>and</sup> every  
every soldier of the U.S. Army.

Our boys in blue are alike  
dear to me! God bless them  
all - no state can do  
them up individually but they  
can strike the pride of ~~all~~  
every one.

"State rights" are not  
recognized by Sanitary Agents  
any more than they are by  
the Country.

The only Wis. reg. ~~at~~ present  
at Pickens is the 2<sup>nd</sup> Wis. Co.  
& they have moved out on a scout  
The Surgeon informed me that  
he had only twenty two sick  
coll. - that 650 were mounted  
and one hundred & fifty went  
out to guard the pontoon train  
A better report of the regiment  
than we have heard before  
in a year. The regiment is  
thriving the ~~regiment~~ is thriving

under the efficient and  
energetic command of  
Major Dale - a gentleman  
whom I hear very highly spoken  
of.

I know Memphis I hear very  
favorable reports. We have  
but few men in hospital  
there.

The 4th Cavalry are in  
Bates Range. We have sent  
them packing goods recently.

Unless I hear of some place  
on the river where I can  
do more good than I can here  
I shall not leave this place  
at present.

My health is not as  
good as it was last winter  
I got tired with leg pain  
for it, than I used to ~~be~~.

Have we an agent at  
Memphis?

Enclosure I send you <sup>a list</sup>  
of the goods which I have

distributed the <sup>this</sup> ~~last~~ <sup>8</sup> month.

These have been issued mostly to individuals by my own hand.

In addition I have seen to boxes notably filled from Shopien & Chinton Imotion. Oris. which I have also distributed.

Much alarm is felt at Newport his anticipated attack there from rebel forces.

Major Genl. Sisson is in command here. He is hated by Cotton speculators but I am happy to say equally so by rebel sympathizers.

Some of his recent actions and orders I think wise, at least, stamp him loyal.

If you have any comments for me I shall gladly receive them.

Yours respectfully

Letter from Mrs. Army - Sanitary work  
on the Mississippi

**Soldiers' Home,**

Vicksburg, Miss. Oct. 1<sup>st</sup> 1864

Hon. J. J. Lewis }  
Gov. of Wisconsin }  
Sir:

I find every thing pertaining  
to the sanitary condition of camp, and hospital  
much improved since July. I spent  
some time in Memphis visiting hospitals  
seeking out all Wisconsin patients, and  
rendering them all the aid I could with  
<sup>the</sup> limited means I have, and <sup>gave</sup> to every sick  
and wounded soldier the comfort  
of a cheering word, from a loyal  
woman. God bless their brave hearts,  
but you should see how nobly they  
bear suffering. It makes one feel  
almost as though they would like to suffer  
too, just to see, if they could bear it  
as well.

In Memphis there are ~~about~~  
eight General hospitals averaging  
between three, & four hundred patients  
each. Among them are about one  
hundred Wisconsin men from different regiments. The major  
ity men doing well.

2  
hundred Wisconsin men from different  
regiments. The majority were  
doing well. There were several  
interesting incidents occurred during  
my visits. While going through one  
of the wards in Adams hospital a  
voice said, "Oh Mrs Harvey" & another  
voice replied "Charley! Charley, is it  
you? How did you come here? I soon  
sat beside a pale faced skeleton boy  
that I, about six months ago kept  
at this place (Soldiers Home) from going  
to his regiment at Peter Rouge.  
Against all ~~odds~~ <sup>odds</sup> ~~odds~~ <sup>odds</sup> I thought  
he would die. I kept <sup>him</sup> for four weeks. He  
was a recruit for the Thirty-fifth reg.  
He was quite strong when he left  
J. (Vicksburg, but as delicate looking as  
a school girl, but <sup>with</sup> as brave a heart  
as ever beat in a soldiers breast.  
It almost broke my heart to  
let him go, but his lip never  
quivered - his <sup>voice</sup> never faltered, as  
he started alone for his regiment.  
I wrote a letter to his commanding

<sup>3</sup>  
solid officer with the reasons for  
my keeping him. He told me  
they rec'd him kindly - gave him  
light duty, but he was soon taken  
sick again, & out of six months  
in the service, he has been five  
in hospital at the "Home".

I said, Chasley you must  
have a furlough, or a discharge.  
He said "No. I am getting better,  
& am going to serve my  
time out. I can write a good  
hand & clerks are needed" Oh  
was I not proud that he was  
a Wisconsin boy! This kind  
of boy is not confined to Wis-  
consin, <sup>nowhere</sup> the country is full of them.  
" I made inquiries about Little  
Rock. Sanitary goods have been  
sent there. I shall visit there  
& in that vicinity soon.

The health of the troops at this  
point is vastly improved. The camp  
of the second Wis. Cav. has been removed  
to a new ground & the big tree

What is left in them is <sup>42</sup>reviving after this  
terrible summer. Alas! in morning  
a noble heart no spark is left.  
They sleep that sleep which knows  
no waking. On my first visit to the  
cemetery after my return I was  
presented with the most exquisitely  
elegant watch & chain & ever saw.  
I was humbled, & could only bow  
my head before him to whose  
gratitude for the little that  
I had done had prompted  
them to do so much for me.  
Capt King of Milwaukee, the true  
soldier, the polished gentleman,  
honored & respected as a man  
& an officer by his regiment,  
was chosen to make the presentation  
which he did most gracefully.

A few evenings after my arrival  
at this point the report was brought  
me that the "Arthur" was just in  
with two or three hundred <sup>embalmed</sup> sick  
on board from below & without  
sanitary goods. With the aid of

5-12  
Stating Agents we soon had on board  
Two bbls of Crackers, sacks of various  
Wine, fruit, Whisky, sugar,  
Blackberry Syrup & clothing. There  
were about one hundred of the  
fourth <sup>mis</sup> Co. from Baton Rouge  
going home on sick furloughs  
so my work comes to me  
in one way & another. I shall  
go to New Orleans as soon  
as the weather is a little cooler.

Hoping that my return may  
meet your approval, I am,

Yours Respectfully

Sir Sir:

When I rec'd  
your request to visit hospitals in  
New Orleans I was not able to go.

I had felt that it was important  
for some one to go there, and had  
proposed doing so as soon as  
I could have the time. Mr Smith  
our former agent at Memphis,  
who is doing business here, & believe,  
kindly consented to go in my  
stead.

I know that his good sense  
& experience rendered <sup>him</sup> fully  
competent, & his physical  
strength would enable him  
to accomplish a great deal  
more than I could.

My health is quite restored  
so I am glad I did not go

The return of the Red river expedition  
small is important for some  
one to be here.

Enclosed you will find  
Mr Smith's report. It is of later  
date than Dr. Batters which  
I sent her by boat a short  
time since.

I shall give the list of  
men that ought to be transferred  
to the north is marked by red-  
to the Surgeon in charge of  
hospital Stearn when I know  
my well & I can serve he  
will attend to it as this I  
was on the ground.

I intend visiting Memphis  
hospital soon. There are  
important changes in hospitals  
here.

A poor man from the R. Co.  
was brought to Sulzer's room, with  
a feverish & few days since.  
I thought he was dying when  
he was brought. But I took care

of him for a day or two & he seemed  
a little better & then sent him to  
the best Hospital here where  
he will have the very best medical  
attention & I do hope he will  
live. I have not heard from him  
this morning. His name was Alex.  
McLeod Co. I. & Co.

If you see from your  
standpoint any place where I  
can be more useful than  
here you will of course  
tell me.

The weather is very warm  
but I do not mind it. My health  
was now better than it is now.

Something that my action  
will meet your approval

I am. Very respectfully

Hon. J. S. Lewis  
Secy. of War

to Sir:

When I wrote  
you last, I did not expect to  
remain in Vicksburg another  
month, but I am still here.

I was all ready to go up White  
river when the brigades containing  
the thirty fifth & twenty third Wis.  
regiments came up & left their  
sick & wounded - mostly sick.

They disembarked for a  
night on the levee. I went  
down to see them. They were  
from Monroeville about brought  
all their sick with them  
So here was the dashing  
officer on duty - the strong &  
able bodied soldiers - the tot-  
tering convalescent - the panting  
fever patient, the dying, & the dead.

We glad to rest their weary  
hearts on the bosom of mother  
earth after having been  
crowded on board the  
transports so many days.

The twenty-fifth reg. left  
between fifty & sixty <sup>or</sup> less, in  
hospital. Several came to  
the "Home". We cared for  
them two or three weeks. They  
improved daily. Could walk  
& are now at home.

Of those that were sent  
to hospital, many died. They  
were dying when they  
reached there.

The twenty-third reg. left  
between fifteen & twenty. I think  
but one of their numbers died  
a Mrs Young of Co. I. There is  
one more very sick, more expect-  
-ed to live in Mrs Pherson's  
by the care of Hermann Hall  
of Co. D. Others are convalescent.  
Some have been returned to

Soldiers' Home,Vicksburg, Miss.180

Their regiments ~~is~~ line or six  
are awaiting their furloughs  
at this place.

The second Cavalry have  
suffered very severely during  
the last month they have  
died & many are sick in  
hospital. I have not been  
able to get a report from  
this regiment.

I have not visited the  
regiment recently, because  
of ill health.

I was taken sick the  
night after I went down  
to the Line before repairs  
to it was not able to leave my  
room for many days.

Since then I have been  
able to visit hospitals, to render  
service to our men stopping  
here. I have at all times

<sup>ample</sup>  
an ~~ample~~ <sup>ample</sup> supply of sanitary  
goods & the soldiers know  
where to come, to get them.  
I rec'd a donation of one  
hundred & thirteen dollars  
a short time since by means  
of which I have been en-  
abled to help further these  
men who had not been  
paid. Of course this aid  
has not been confined  
to our state soldiers, but  
to wherever needed it.

So long as I have any money  
from my salary I shall make  
no charge upon the state to  
aid soldiers. This I know  
will meet your approval,  
& it is but right, as I have  
been unable to do what  
I might have done had  
my health been good  
I am improving now  
however & I hope to be able  
to visit other parts on  
the river

during the <sup>5</sup> coming months  
 I have by letter from <sup>the</sup> ~~the~~  
 different hospitals <sup>in this department</sup> after  
 the soldiers generally know  
 where I am & when they get  
 into hospital or on their way  
 to let me know their needs  
 I am often unable to do  
 for them simply by writing  
 but I intend to visit the  
 just so often as my  
 health will permit

I enclose you a report  
 of those of the thirty-fifth  
 regiment who were left in  
 hospital here

The second Co. are all  
 mounted on fine horses  
 & it is rumored they are  
 about to see active service.

If you have any wish for  
 me to do differently, or any  
 change to suggest you will  
 of course let hear from you

Yours Respectfully

Dr. Sir:

I have this moment rec'd a letter from Gen'l Beztard informing me of your displeasure because of my sending Mr Geo. C. Smith to N. Orleans. I am very much surprised, as I, for a long time was in doubt about my own position here, thinking from his (Mr. S.) manner that he had come to take my place as State Agent. He rec'd letters & packages addressed to "Wis. State Agt Bicksburg." I was so much annoyed by this & his manner that I finally asked him if you were dissatisfied.

with me? he replied. "Oh no, but  
I will assist you," &c. I do not  
remember just what he said  
but I impress certainly that  
he had your authority to aid  
me. You had written something  
about an affidavit & altho  
it seemed strange that you  
did not write me, <sup>about time</sup> I thought  
it all right.

He has been very kind to  
me, sometimes overkind -  
I could not understand &  
cannot now.

Another thing I know the  
R. Master assigned him  
rooms at State St. & St. J.

I am much regret having  
incurred your displeasure  
but I cannot see that I am  
to blame in the matter. I will  
be more careful in future  
& consult you before acting.  
It has never occurred to me

that anyone would attempt  
to decline me. This is a good  
lesson.

I have much to tell you  
that I have no time to write.  
I believe I shall come home  
soon. We have very few  
Wiscnamin men in hospitals  
here now. I have endeavored  
to have all that were here, for-  
brought - & sent to northern hospitals.  
Others will be brought up from  
below - but will not be left

Dr. Sir:

Enclosed you will find report of changes in hospital in this city.

There seem to be important changes taking place in the morning, what they are, we do not yet know. It is generally thought that the Georgia portion of the 16<sup>th</sup> & 17<sup>th</sup> Regt Corps are to be ordered to the Potomac.

As so the number of our troops <sup>here</sup> will be much lessened. I think one Ajt only to remain on the river however. We shall still have men in the 103<sup>rd</sup> Regt Corps & a few scattered regiments.

As I have been here so long I am still willing to remain as long as my health will permit. If you

desiring it

I am going down the river again to N. Coleman soon to visit all the interesting points, and shall take some boxes to relieve the needy as far as possible.

Mr Smith is here, our former agent at Memphis. I believe he is going into business here. I shall be glad to have him to consult with, as he seems to be an A. J. Russell good man & he has had experience in carrying fur over columns.

If you feel that I can be of any more service in any other place or position you will of course tell me so.

I am willing to do, anything or go to any place where I can <sup>do</sup> the most good.

Perhaps I shall ask for a furlough by which to come home a little while - but not now, unless you think I have better go somewhere else.

I forget whether I wrote you about the Rev.

From H. Book of the 9th or 10th.  
If I did not. R. will say  
now that I have. I remember  
that he has disagreed the  
service & himself must  
shamefully. Of course he  
be of no possible bid to me.

He was a stranger to me

Hail. Mis }

Dear Sir:

Since the return of the Expedition I have been very busy distributing sanitary goods to our regiments. The "Commissions" have just rec'd a large quantity of vegetables which our "hardtack", bacon-pul, half starved soldiers were very glad to get.

Yesterday I visited the camp of the 25<sup>th</sup>, about two miles from town. & that, over Vicksburg hills with six bbls of potatoes & a heavy ambolance is not easy for the horses. Those of the day that were well were in good spirits. but it was enough to break ones heart to see the sick & worn out, by the late march. Poor fellows. They lay in the dust, dirty, ragged & no appetite. If they had nothing to eat but hardtack & bacon, which lay piled up in our camp

of them tent in the dirt

I asked them if they did not think they would feel better if they had some clean clothes. They replied with tearful eyes, "Oh yes Mrs Horry, but we can do without until we get to Memphis". I inquired if there was anything they could eat - & one young boy said - "If I could have some green stewed Apples they would taste good" - I said, baked Apples? No! no, stewed Apples, he replied with a look & a sigh that said more plainly than words could - I know I cannot have it.

I hastened home - got old quilts & Comforters, towels, P. H. Chiefs, shirts, drawers & socks. Pillows with nice clean cases, some good dried beef - sweet bread & butter, and two quarts of "stewed Apples, done just as Mrs Dean used to give us at her table. Cotswold bitters & Blackberry Syrup I took these hurried back. They were not expecting me, I was just in time for supper. I took the blankets out of their tents &

gave them a good shaking, put down  
the rubber ones first on the ground  
then the bed quilts & pillows. Had  
them wash their face & hands, but  
I had forgotten to bring a wash basin  
so, they had to pour water on their  
hands from their canteens & use  
the towels. Then, while they were  
changing their clothes, I got some  
dishes from the surgeons & divided  
up the apples. Cut the beef, the  
bread & butter was all prepared.

Ben should have seen them  
write "this tastes good", "Oh how  
good this is" "I can eat this"  
were expressions heard from one  
& another. I only wish that  
those that sent all these good  
things could have seen & heard  
what I did that night. I tell  
you boys. Tears would come  
in spite of every effort, as I went  
from tent to tent. Tears of grati-  
tude that I was permitted to  
be the absorber of <sup>most of their</sup> their bounty.

I would not exchange the memory  
of their grateful faces, & their heartfelt  
"God bless you's" for any thing in this  
world. All our people, the good

They have done, but, also tell them  
not to be "worry" in well doing."

I cannot fill volumes like the  
foregoing but I have no time to write  
it - now you to read it

that I can do.

Keokuk, Iowa

Nov. 14. [1862]

Mrs L. P. Harvey.

Esteemed Madam,

Your card & note of inquiry was handed to me last evening by Mrs Ten Eyke. I called to-day at the Office of the Hospital & spoke with the Chief Clerk.

We have had a number of Wisconsin men in our Hospital, and the State has shown a generous interest in them. Two agents successively have been sent to care for them, the latter of whom was Mr Sturges. Mr E. W. Blatchford, Sec. of the Chicago San. Commission wrote to me, in the

interview, perhaps, between  
the visits of these agents,  
asking me to make inquiries,  
and, if needful, ad-  
minister relief, saying  
that the Gov. of Wisc. had  
placed monies in the hands  
of their commission for the  
benefit of soldiers from  
that State. On the arriv-  
al of Mr Stunges I was  
relieved of any special  
care in that direction.

Now there is no agent of  
Wisc. here, but Mr J. C.  
Todd who is on the ground  
as an agent, I think, for  
Iowa "boys," has proffer-  
ed his agency, I under-  
stand, to the Gov. of Wis.

From what I know of the  
general condition of our  
Hospital, & of Wis. men  
in common with others, I  
hardly feel that a spe-  
cial agent in their behalf  
is needed here at present.

The most humane note which  
seems to me to claim atten-  
tion now — aside from the  
the moral & religious wants  
of our two thousand men —  
is the prompt discharge  
of those who are clearly in-  
capacitated for a soldier's  
life, who long for their homes,  
& would ~~be~~ <sup>had</sup> much better  
be there. But we must  
patiently wait, when we  
can do nothing to effect.

A Wisc. Soldier gave me this morning his name, saying that his discharge had arrived, but the delay of his descriptive roll prevented his obtaining his money. I afterward saw, in the Office, a letter from St Louis, I think, which, with the assurances of the Clerk, led me to feel that no agency in his behalf might be required. His name is James Livermore, Co. H, 16<sup>th</sup> Wisc. He has been discharged two months, but his Roll, requiring correction, has not <sup>yet</sup> been forwarded.

Excuse this hasty note. With much honor for that sorrow that seeks alleviation in ministering to other sufferers,  
Yours very respectfully  
C. A. Williams

Chas. Orio }

Dear Sir:

Enclosed, I send  
you a copy of a letter, rec'd last  
evening. It shows the justifications  
of our Common Soldiers. It gratified  
me, & I think it will you. These  
men had all deserted, & some  
one had destroyed their papers  
because of some misunderstanding  
between the men & their Officers.  
I knew that a little explanation  
would make it all right, & they  
would sign other papers which  
they had hesitated to  
do. They were loyal men, & good  
soldiers & I could not endure  
the thought that they should  
do anything that would cast  
a shadow upon this fact.

I also enclose you a report from  
Hospital No 2 in addition  
to the one sent you last week.  
My duties are increasing daily.  
The weather is delightful. Had  
a hard frost last night.

We hear nothing from Sherman's  
Army except from rebel sources.  
All reports are favorable to the  
Union Cause. Deserters are daily  
coming in from the rebel Army  
& they bring sad news of the  
distraction of the Southern people.

I have sent you our report of my  
expenses this month. They have  
been so trifling I thought I would  
wait until next month.

We have news of the "Home" Mis.  
Regiments awaiting for transportation 29<sup>th</sup> Reg  
7<sup>th</sup> - 23<sup>rd</sup> Reg, 24<sup>th</sup> 23<sup>rd</sup> Reg, and 12 from the  
20<sup>th</sup> Reg. The security in Wisconsin  
is glorious!

Yours Respectfully

Sir: I have today return-  
ed from New Orleans. I left here  
about ten days since on a U. S. S  
Comm. boat loaded with goods.

We stopped at Natchez, Port Hudson  
& Baton Rouge. In no place  
did I find so many of our  
sick, wounded & convalescent  
as in N. Orleans. At Natchez we  
have none in hospitals. The 33<sup>d</sup>  
Regt. left there last week. The 12<sup>th</sup>  
regiment have returned there,  
but, left their sick & public ones  
all here. When we passed there  
today they were in line of battle  
two miles from Natchez  
Had not my orders from you  
been so peremptory I should have  
remained in N. Orleans believing  
that I could do a great deal more  
good there, than here, or elsewhere.  
As it is, I shall remain here until  
I receive other orders.

Gen. Salomon

Dear Sir:

I wrote you this morning about our forced prisoners

I have seen Gen. Davidson. He said he had no idea that Missourians had so many in Captivity, supposed they were nearly all at Prairie du Chien. Said as soon as they were found, notice will be very soon given, he would order them at once to Prairie du Chien.

He receives every night the report of the number of P.P. in Camp, but not the number from each state

This is the reason for his not knowing  
we had so many.

He treated me, as every  
one else does with all due respect  
and consideration, & said if  
in any thing he could aid me  
at any time he would gladly  
do so to the extent of his power

I consider myself very  
fortunate in having gained  
the good will of the Powers  
that be here, particularly, when  
I see how other people are  
treated.

Yours truly

Bro. Salomon

Dear Sir:

Yesterday I visited the penal prisoners at Bentons Barracks, there are about one hundred. I saw the Officers that have them in charge. I learned that they were regulars - some were sent to Brown & Chien or to Wisconsin - somewhere.

Poor fellows they are coming down rapidly with that terrible disease contracted in a malarious atmosphere and must come forth, or soon go into Hospitals and die.

They feel, & justly too that

something

ought to be done for them.  
The Gov. of Louisiana I  
learn has taken his regular  
prisoners home. The men  
begged me to write to you.

I am going today to see  
Gen Davidson & find  
out if any thing can be done  
for them here.

Now, may I thank  
this is a little beyond my  
province, but I found  
one or two of the poorfellows  
in hospital & am trying  
to get them discharged &  
sent home. I thought it  
merciful to prevent any more  
being brought in by having  
them all sent north as soon  
as possible.

I told the boys you would  
do all you could for them.

Dear Sir,

Through your  
Sec. Mr Watson, I this morning  
rec'd three hundred (300) dollars.

I did not expect any thing  
more than enough for my expenses.

Wisconsin has done nobly, done  
generously by me and I would be  
glad if I had something more  
than time & strength to devote  
to the service of her people. but  
at present I have no income.

Whatever money is given me,  
aside from necessary expen-  
ses, shall be spent for the

for the good of others.

As often in bottling  
me please direct to the care  
of Hon Geo. Partridge

308. Olive St. St. Louis

and I shall receive it wherever  
I may be.

As soon as I get through  
the Hospitals here & see that  
all our people are sent home  
that ought to be, or, in other words  
see that all are discharged from  
the service that are proper  
subjects for such discharge  
I shall go South again. The  
hospitals here are well cared  
for & I am not needed here.

I will write you as I have  
time

Gov. Edward Salmon }  
    (Markison Miss) }

Sir:

I last evening recd letters desiring me to look after the case of Mr. J. Baker of the 7<sup>th</sup> Mis. Co., at the "New House of Refuge" hospital.

This morning I visited the hospital - saw the surgeon in charge who told me the man was rapidly convalescing after typhoid.

I saw Mr. Baker & his looks & words confirmed what the doct. had said. He told me he thought he should be able to return to his regiment before long - made no complaint now, & as the Surgeon did not think him a proper subject for discharge I could do no more.

This hospital is as well officered & conducted as any hospital in the city

We have between twenty & thirty men  
there, mostly convalescents however.

A number of them will be dis-  
charged from the service. Their  
hopes are now much awed. I do not  
send you lists of names by course.  
I have them & can, if you wish me  
to do so.

I have been to Toronto recently -  
found the sick in a most deplorable  
state - A. W. Storer & Surgeon,  
I directly had the fact put up on paper  
by one of the most prominent citizens  
& signed by our twenty influential  
men - both officers & citizens. This  
paper I gave to the Med. Dir. who  
who thanked me & says they shall  
be removed as well. I felt partic-  
ularly justified in doing this, as  
our sick of the 11<sup>th</sup> Wis. Regiment  
had been most basely and  
shamefully treated by this brutal  
Surgeon & starved by the Steward.

I trust their days are numbered  
in hospital.

The objects of my visit there  
were gained. I will try in a few words  
to give you the history of me & this with  
slight variations in the history of my  
travels. & of my daily work

I recd a letter from Milwaukee in  
behalf of the son of a poor widow of that city  
who was in downtown hospital, but whose  
certificate of disability had been made  
out & signed & had been sent to St Louis  
to be perfected. I went to the discharge  
office - found the papers - they had  
been there for many weeks because  
they were ignorant of the whereabouts  
of the man to whom they belonged.

They permitted me to take the papers  
to downtown - when there I found  
the man's descriptive Roll had been  
sent with a great many others to  
the Pay Masters at St Louis. This  
I knew the Surgeon had no

right to do - I went to the Commandant  
of the Post he from the response I  
sent (which were his Certificate of Discharge  
signed by the Authorities) made  
out his discharge & signed it  
& gave it to me with permission  
to take it & the man to St Louis &  
find his description Roll from which  
his final statement could be made  
out. This I was to do if I could - I  
found the S. Roll - at the Pay Masters  
with fifty others I should think - this  
they let me have - I took it to the District  
Office he told me it would be im-  
-possible to have it done here it,  
& the man must go back to Drouot  
I said, I shall try first here Sir  
will you let me see Genl Cass?  
It will do no good he replied -  
I saw Genl Cass - told him the  
circumstances. He ordered the  
final statement to be made out  
at once in that office. The Officer  
told him it could not be done  
until evening as Col Bonneville  
the one that signed them would  
not be in until evening - "Send me  
a order for him" said the Genl  
then turning to me - said Motion  
This man can have his papers

at two o'clock, he will have  
from that time until three  
to drive his dog, & then take the  
cars for home in the mean  
time the soldier had been well cared  
for at the "Home" without charge.  
Within barely four hours from  
the time he left Boston he was  
fully discharged & had said his  
fare & trust is long in this with  
his mother. My work in St. Louis  
again seems coming to a close  
& I have some work yet to do  
at Benton Barracks & then I  
shall go down the river again  
visit the hospitals at Cairo, Memphis  
Columbus & so on down to Memphis.

If you wish to write to me direct  
here care of Gen. Lee. Postoffice &  
I shall get it whenever I may be  
You will I am sure excuse

This long letter I could not  
well make it shorter

A man by the name of Phelps  
from Mineral Point came here  
the other morning with letters from  
you & Mr Hastings, said he  
had been to visit his three sons  
in the 11<sup>th</sup> Regt. that the boys  
had not been paid & he was  
getting sick & they told him to  
call upon me, & I would help  
him. He had one young son  
home - seemed like an excellent  
man. I gave him fifteen dollars  
I hope I did right - He said the  
allowance of the boys would be sent  
to Madison, & I told him to let  
you have the money there. He  
promised to write you about  
it as soon as he got home.  
I send you enclosed his receipt  
& try to do as near right as  
I can. & try to do as economical

as President.

I cannot close this letter without asking you what you think about the feasibility of having a State Military Hospital located at Madison - say the Water Cure. In the coming warm weather with the great number of wounded that we have & are likely to have, many a precious life could be saved if we had a hospital in our own State. Many say if we could only breathe Wisconsin air "we could get well. we could get strength"

I know there can be no general order to send Wisconsin sick & wounded to their own State. But, we could snatch one here & another there & when we could not get a dollar here for them - if the authorities knew we had a hospital

Mrs. Haney, St. Louis.  
we could get an order for  
this <sup>July 20, 63</sup> ~~order~~ & that man to  
be sent to "our hospital". &  
soon it would be filled &  
the whole joy it would carry  
to every heart that comes to  
their own broad state.

I do beseech <sup>you</sup> Governor to  
give this some thought —  
I have written out a appeal  
to the Legislature for this object  
but finally concluded to write  
to you first. The charity & benevolence  
of friends would then have  
a new object, & sometimes  
but that I would come home  
& talk to you all about it.

I do not see exactly how it  
can be done except at the expense  
of the state, the patients could  
be got from Government & I  
am sure.

Sincerely hoping & praying  
that this object may be gained  
for our poor sick & wounded  
soldiers I am yours Respectfully

Sir: I today visited  
the "Lawton Hospital" a new  
building fitted up expressly for  
the reception of the wounded  
which have been brought from  
Pickensburg, & Arkansas Post  
I found four of our 23<sup>rd</sup> Reg  
Col. Guppy, one poor fellow with  
both arms off just below the  
shoulder with tears streaming  
down his cheeks said "I am  
so glad to see you, how do you  
do you suppose I can get some  
arms when I get well?" I said  
Yes, my noble friends Wis. will

find names for his brave homeless  
sons. But Oh my best what  
a sighs! I wiped his tears  
away - he could not do it you  
know. I talked to him  
with cheerfulness, until I got  
him laughing when my  
own heart was weeping tears  
of blood almost - for the poor  
helpless yet hopeful one before  
me. His name was Levi Vanatta  
Co. A. 23<sup>rd</sup> Reg. - He said he was  
from Madison.

The other names were  
Thomas Gale Co. H. Lost night <sup>the name</sup> Sergeant  
Seymour Bird " Co. 2<sup>nd</sup> Reg. Broken  
C. A. of Cannon " Co. Lost part of night from  
They all spoke in the highest <sup>terms</sup>  
of the Officers & Regiment. No  
officer was killed or wounded  
about fifteen of the men were  
wounded & eight or nine killed  
I could get no other names

One of the men said to me  
"We would have followed Col.  
Sully through fire & never  
flinched a hair tho' the bullets  
flew thick & fast around us  
like hail stones". They said  
they were under fire, heavy  
fire only about one hour before  
they last surrendered.

I will write no farther  
of the mutilated host in  
that hospital. The heart sickens  
& almost dies with me at  
the thought, but I will write  
you just a line of our own people  
as fast as I can - them.

I am going down the  
river with some Sanitary  
Boards & Agents to establish  
a Soldiers Home at Memphis  
& with funds for our own agents  
Yours Respectfully  
Mrs. L. P. Harney

P.S. I must tell you how  
successful I was with Genl  
Curtis the other day I got a  
written order & he promised  
to make it General to permit  
men to be discharged from  
hospitals without Dr. Rolls  
giving them a certificate  
& let them get their Dr. Rolls  
& settle with the Government  
afterwards. I tell you it carried  
joy & hope to many a sorrowful  
heart. Genl Curtis has permitted  
me by an especial order to  
send two or three home before  
in any trying cases, but this  
he has made more General  
so that it may reach further  
the usual channel as <sup>soon</sup> as possible.

Sir;

On the evening of  
the twenty first I rec'd your request  
to me to visit this Hospital &  
yesterday left St Louis arriving here  
about 5 o'clock last evening -  
walked a half mile in the  
meanest road I ever saw - found  
a very comfortable Hotel, procured  
a horse & buggy came over here  
saw the Surgeon in charge. He  
told me there were but six Wisconsin  
men in this hospital & he would  
examine their cases that evening

& if I could do any thing for them  
let me know in the morning.

This morning I came again  
& found that they worked late  
and faithfully examined all  
the men finding three out  
of the six proper subjects for  
discharge but the name of

Bowen Dr. Nye was not among  
the number. The Surgeon told  
me if I would stay today I could  
find them. I have just been  
through woods & altho' they have  
wretched dilapidated buildings  
they have faithful surgeons  
& stewards. & the contrast between  
this & Soudon is very great.

Here the men are cared for  
& get well, & there they are abused  
& die.

The case of Bowen Dr. Nye  
about whom Mr. Watson wrote  
is rapidly convalescing. They

examination cloudy & can  
find no disease about him  
he looks well, sleeps well, and  
eats well & they very strongly  
suspect he is "playing off" as  
they term it.

I should wish to you full reports of what I am enabled to do, had I time to do so and you the time to read it. I have often commenced writing to you & found I was going to be so lengthy sent it to somebody else whose time was not so valuable as your own. Camp Breckinridge Nov. 22. 1862.  
Gen. Edward Salomonson  
Madison Wis.

Dear Sir

I rec'd several letters from Quincy Ill. asking for aid for our men in Hospital at that place. I wrote to them for information as to what they wanted & in what way I could be of service to them but receiving no answer concluded to go on.

I found some thirty or forty there all well cared for as they could be in hospital.

Many of them were subjects for discharge but without Descriptive Rolls. I wrote to the Regiments for some of them, for others I was enabled to procure Imbroglios and called the attention of the Surgeon to some cases already having their Descriptive Rolls. Such were explained while I was there & rec'd certificates of disability. They were all glad to see some one interested in them.

I had thought of going to the bank  
but as I had no transportation up  
the river & knew from report that  
the hospitals & wharf were well  
cased for I concluded not to go.  
I rec'd a letter from the Chaplain  
of the Hospitals, a most excellent  
man which I send to you. In it you  
will learn that I was not needed, &  
I learn that the place is beyond my  
limits, so tell you the truth Governor  
I do not know how far my limits are  
extended. I have visited my hospital in  
St Louis many times and some of them  
very day for weeks, very few new patients  
are being brought up the river now.  
I have done all I could for those that  
are there. The surgeons will as soon  
as possible discharge those that will  
never again be fit for service.

Altho' I had a most delightful  
home I felt that I could do more  
good elsewhere. I have now learned  
so well the routine of St. Louis and

I think have made friends among the  
influential so that for interest in  
individual cases I can do all by letter  
that I could do there in person.

Last Monday morning I saw Major  
Gen. Curtis and he has given me written  
permission to visit all Hospitals in  
his Command for the purpose of adminis-  
tering to the sick and suffering also giving  
an order to D. Masters & Transportation  
Companies to give me all possible facilities  
for the transmission of myself and my  
Military Reticle. I may visit the transport  
from one point to another. He also  
said that what he had given me would  
take me either side of the river whether  
within his Command or beyond it.

I left St. Louis with some most excellent  
nurses on their way to Corinth where  
I shall go before long. I stop part at  
this place where we still have some  
forty or fifty 1st Wis. Cav. men in  
hospital. Some are detailed as nurses

The Hospital is in fine condition, an excellent surgeon, good nurses a fine clean building, but the patients as orderly & clean as it ought to be but the contrast is so great between this & the one where I came here before that I call it hell sight.

I have been enabled to do some good here. I am going down the river in a few days. Genl. Washburne was in St. Louis a short time since & he was desirous that I should go to Helena where he is now in Command there is a great deal of suffering there I shall go there. If you wish to write to me within a few weeks direct to Helena to his care I shall get it. I shall visit all hospitals on the river, Genl. in Gen. Curtis's Command before I return to St. Louis unless there are reasons why I ought to return sooner. My health is very good, never better.

When ever I hear of a sick man needing help there I shall give something that this will meet your approval. I am  
Yours Respectfully  
Mrs. S. W. Hervey

I have visited the hospital

all are in as good health

the high prices of every thing  
they are very much in  
need of sanitary supplies  
which I trust will soon  
be sent. A quantity will  
be sent to Baton Rouge this week

I think I wrote you about  
Brookings City - that the sick  
there were ordered to Dr. Adams

I was useless for me to  
go there.

I am now at work dis-  
tributing ~~sanitary~~ books to the  
suffering prisoners in Camp  
four miles from town  
& am in better health now

There is a large hospital

Gen. J. S. Lewis

Dear Sir:

I send you the monthly report of my expenses, as I have done heretofore to Gen. Salomon.

To send you a detailed account of my daily doings is impossible. My life is full of thrilling incidents, and I trust of much good accomplished for our people. I can truly say that I have never attempted to do any thing, & failed. If another had done that which I have been enabled to do I could write & tell you about it easily, but as it is scarce, I do whatever my hand finds to do, & am not idle.

So this, the authorities, and many a poor soldier will testify I have the confidence of both medical & military authorities here as I have here elsewhere for which I am very grateful and endeavor to deserve it.

The Army in this region are

in almost perfect health. It is ever  
unusual to hear regimental surgeon  
say we have here none or sick call  
for ten days. The 33<sup>d</sup> Reg. have had  
only two in hospital for a long time  
The 16<sup>th</sup> & 17<sup>th</sup> are in equally good health  
I saw Major Reynolds on the 21<sup>st</sup>  
today & he informed me that the  
16<sup>th</sup> had nearly all subsisted as  
veterans & were going home.

Of course from all these Regts  
there are many or less in bed sick,  
broken down, dying men. These  
from <sup>where</sup> importunities far from home &  
friends, it is my duty, & soon becomes  
my pleasure to visit, to comfort  
to inspire with hope of life, if possible  
& hope in this life fails, to point them  
to a higher & a better life beyond the  
grave. and their dying "bid bless you"  
are benedictions very precious to me.

I have been visiting a little Indian  
Catholic boy of the 12<sup>th</sup> Reg for the past  
months. He had consumption, wanted  
to go home to die, but Indian like  
said little. It was some time before  
I got his confidence, & then he would  
ask me for every thing he wanted.

a chicken, eggs, a little jelly, flannel  
all of which, I was enabled to procure  
for him. On Christmas I made him  
a little cap & crown of evergreen  
& hung up at the head of his cot  
which pleased him much. I sent  
for a priest for him, for three or  
four days I have been engaged  
in prisons & have had no time  
to go & see him & this morning  
I hear that he is dead & buried.  
So his paper away Louis Shopper  
I learn from his attendants that he  
died quietly & hopefully. I believe he  
was a Christian. This only one of many  
instances.

I am just now filled with in-  
-dignation at this thirty dollar premium  
for deserters. Rebels are filling  
our prisons with innocent men  
within a short time I have procured  
the release of many wise men  
some who never were in the army  
at all, & others who had fought  
nobly through the whole siege  
of Vicksburg & were taken to hospital  
soon after the surrender, & from  
there paroled home. When the

just enough apprised, not able to leave  
their beds. A certificate to that  
effect given them, but it was pronounced  
not sufficient. A case of just this  
kind came to my notice last Sat.  
I was going through the prison, &  
inquired for a 2<sup>nd</sup> class man whose  
name I had. I saw a man turn  
& walk from me - & was told that  
was him. I called him to me  
said, I am glad to see you Sir. He  
said I am glad to see my friends  
but not here. I would say no  
more for weeping. I said how is it  
that you are here? He gave me  
just the above account. Showed me  
his certificate & a letter from his  
Col. I said give them to me & I will  
have you <sup>out of</sup> this. I took them to my bail  
J. M. Pherson & stated the facts. He  
said that he & wife take these,  
& send to you an order for  
his release to ~~pay~~ as I am  
able to look in to it. This was Sat eve.  
on Monday morning I rec'd the order  
tho' it was raining hard but I took a  
horse carriage to the jail & bid him  
away. He has gone to his Reg. a grateful  
man (I was suspiciously, but I thought)

one to send to different points  
it can all be got along with without  
difficulty.

I beg here to Vicksburg Miss.

Jan. 28. 1864.

Gov. J. V. Lewis.

Sir:

I am in receipt of a line  
from Mr. Firman (Mil Sec) inquiring  
if I would like the Memphis Agency, or  
that, in connection with the one I  
have here. In reply, I would say  
this point appears as important as  
any upon the river above New Orleans,  
and since it is to be the base of  
somewhat extensive operations in  
the interior, it may soon become still  
more important. I therefore see  
no reason for changing my  
location. However with a com-  
petent, energetic Assistant I can attend  
to the Agency at Memphis and  
all below at present.

As the warm weather advances  
it may be necessary to have an Agent  
stationed at New Orleans.

I know just what is to be done  
and how to do it, and with some

one to send to different points  
it can all be got along with without  
difficulty.

I beg here to suggest to your  
Excellency the propriety of procuring  
for the State, a Hospital Steamer  
to run during the Spring and  
Summer between New Orleans  
and some point within the  
limits of our own State receiving  
from the General Government  
the usual allowance for transport-  
ation, Wisconsin defraying the  
balance of the expense.

This would insure the  
prompt removal of our sick  
and wounded from pestiferous  
camps and an inveterate climate  
to the healthful air of their own  
State.

I trust this matter will  
receive your earnest, careful  
consideration.

The majority of these men will

 our soldiers here than I expected.  
 I have been in Hospital No. 2. This  
 week. At this hospital the sick are all  
 in tents. They are said to recover  
 more rapidly than those confined  
 within walls. I must say I doubt  
 on the score for it. It is true the  
 ventilation is good. They get more  
 air - but the atmosphere here is  
 very damp & unhealthy, morning &  
 evening. They seem to have the  
 usual complaints coming to sick  
 soldiers on this river. The weather  
 is now very fine, and our men  
 are improving in health both  
 in camp & hospital. But Vicksburg  
 has been a grand slaughter house  
 both for Union men & rebels. I  
 when one hears how, & sees where  
 they have suffered, the wonder is  
 not that so many died, but that  
 any lived. I send a list of names

Dear Sir

I yesterday (N.B.)  
visited the hospital of St Saviour  
It was delightful - I know <sup>nothing</sup>  
nothing like it. <sup>restless</sup> Patients, order  
& home comfort every where  
prevailed. The air was as pure  
as in our own country homes.

The wards will accommodate  
about twenty five hundred  
patients. They have about  
seven hundred at present  
I found no disease in men  
sick, & wounded, & send the  
following list. I do not mean  
myself in the service of the state  
but I have gained in health &  
strength as rapidly since  
I left home that I felt

I cannot visit the hospitals here  
 as they tell me no one from  
 Miss - has visited them. They were  
 very glad to see me.

It was a sad sight to  
 many wounded men: but  
 I got along nicely - was able  
 to speak a kind word to them  
 all, & to tell them Miss's  
 remembrance & to  
 see suffering ones.

Report of Mrs. Cordelia P. Harvey, Agent to aid  
sick and wounded soldiers.

Madison October 8/1862

Hon E. Salomon

Governor of Wisconsin  
Sir

Under your letter of appointment and instructions to proceed to Saint Louis to look after the welfare of the sick and wounded soldiers from Wisconsin in Saint Louis, I proceeded to that city, arriving there September 26<sup>th</sup>. I lost no time in presenting my letters to Dr. Mill, the U.S. Medical Director, who received me kindly, and furnished me with the necessary papers, giving me admission to the Hospitals at any time. I had scarcely arrived at Saint Louis before I met with Lieut Mann, Quartermaster of the 1st Cavalry, who begged me to go to Cape Girardeau, informing me of the great need of my services there, a large number being very sick, and in want of attention. Though not strictly in the line of my instructions, I felt it my duty to repair to Cape Girardeau, but first remained to make a hasty visit to the Fifth Street and Gentin Rowan hospitals. The Wisconsin men, as well as all others, in those hospitals, are well cared for and comfortable. Found quite a number of the 1st Cavalry men here, without description rolls, and took their names, that I might procure the rolls at Cape Girardeau.

2

Arriving at Cape Seward, ~~there~~ I found about 100 men of the 1st Cavalry in a hospital - a building

erected for a seminary, badly ventilated, and unfit for its purposes as a hospital. Some 25 or 30 of these men were very sick - some of them died while I was there. Sixty or more were at camp, in and about their tents, many of them but the ghosts of men, weak and scarcely able to help themselves. Soon after my arrival, Major Torrey's battalion, of the same regiment came up from Helena, and many of them, including the Major, were sick. Nineteen of the sick men were crowded into the hospital, and twenty five were taken up to Sanit Louis.

Dr. Kramer, the Regimental Surgeon, was on duty, prescribing for the men. Dr. Russell, one of the Assistant Surgeons, was absent (in Wisconsin, I understand), and Dr. Young, the other Assistant, was sick. Dr. Young, however was so far recovered when I left, that he thought he should soon be able to attend to some extent to his duties.

2

Arriving at Cape Sordanean, there I found about  
100 men of the 1st Cavalry in a hospital - a building

erected for a seminary, badly ventilated, and unfit  
for its purposes as a hospital. Some 25 or 30 of these men  
were very sick - some of them died while I was there. Sixty  
or more were at camp, in and about their tents, many  
of them but the ghosts of men, weak and scarcely able  
to help themselves. Soon after my arrival, Major  
Torrey's battalion, of the same regiment came up from  
Helena, and many of them, including the Major,  
were sick. Ninety of the sick men were crowded  
into the hospital, and twenty five were taken up  
to Saint Louis.

Dr. Kramer, the Regimental Surgeon, was on duty,  
prescribing for the men. Dr. Russell, one of the Assistant  
Surgeons, was absent (in Wisconsin, I understood), and  
Dr. Young, the other Assistant, was sick. Dr. Young,  
however was so far recovered when I left, that he  
thought he should soon be able to attend to some extent  
to his duties.

The sick men were in need of everything, of clean clothing, of comfort, and delicacies such as sick men always want for their proper treatment. The condition of many of these poor fellows, broken down, discouraged, heart and home sick, was melancholy indeed. I was able to do much for them, and the hospital at Cape Girardeau is now supplied with an additional Assistant Surgeon, detailed at my request by the U.S. Medical Director, with four good female nurses furnished by the Western Sanitary Commission at Saint Louis, and

also with abundant stores, so greatly needed. I telegraphed to James E. Yeatman Esq, President of the Western Sanitary Commission, at Saint Louis, last Sunday morning for a supply of hospital stores and comforts, and received the following ample list as soon as they could be brought by steamer;

Nonpareil  
150 bosom shirts, 100 hospital shirts, 100 pair's drawers,  
50 pillows, 100 pillow slips, 30 undershirts,  
50 towels, 150 bandages, 10 lbs lint, 3 close stools  
25 lb flippers, 20 spit cups.  
10 lbs farina, 50 lbs soda crackers, 2 bottles cherry, 3 do pear  
10 jars jelly, 1 box sweetback, 25 lbs dried apples,  
20 lbs small dried fruit, 10 lbs barley, 10 lbs Sage, 10  
Sponges, 20 cakes soap.

I have felt it my duty to endeavor to interest the people of Wisconsin in making up and forwarding supplies to the Commission at Saint Louis, by addressing an appeal directly to them. Having seen the operations of the Commission, I know that it deserves their most hearty and unimmediate aid. Believing that I could in no better way serve our soldiers than by returning to Wisconsin for a few days to endeavor to direct the stream of benevolence towards Saint Louis, I have done so, expecting to return to my post early next week.

While at Cape Girardeau, I obtained from Dr Kramer certificates of disability for the following named soldiers, totally unfit for future duty;

Certificates of Disability given by Surgeon Kramer  
for the purpose of procuring a discharge from the Service.

I dare not close this report without an allusion to a subject which is upon the hearts of all of the members of the regiment with whom I conversed. The unanimous feeling is that the regiment, composed of a hale and brave a body of men as ever lived in Wisconsin or volunteered in their country's cause, has been sacrificed to the strange freaks, the unauthorised and unprovided for movements, and the utter want of any care for life and health, - nay, the wanton cruelty, in many cases, of Col. Daniels. This is the universal testimony of sick and well men. Men who went from this state hearty and strong, leaving families dependent upon them, died while I was at Cape Guardian, declaring to the last that "Colonel Daniels had murdered them!" They thought it strange that the helping hand of the State had never been extended to them, and begged me to lay their complaints before you, sure that if you knew their justice, the influence of the Executive would be exerted in their behalf.

I herewith present a statement of my expenditures on behalf of the State. The liberality of the Sanitary Commission, and the kindness of railroad Carriers, and of the proprietors of Steamboats and hotels who knew my mission, has enabled me to accomplish what I have thus far been able to do at small cost. I cannot be mistaken in the feelings of gratitude exhibited towards myself personally, and the State which sent me forward, when I feel that some good has already been accomplished.
