PALM SUNDAY

LUKE 19: 28-- 38

And when he had thus spoken, he went on before, going up to Jerusalem.

And it came to pass, when he drew nigh unto Bethpage and Bethany, at the mount that is called Olivet, he sent two of the disciples, saying

Go your way into the village over against you; in which as ye enter ye shall find a colt tied, whereon no man ever yet sat: loose him and bring him.

And if any one ask you, Why do ye loose him? thus shall ye say, The Lord hath need of him.

And they were sent away, and found even as he had said unto them.

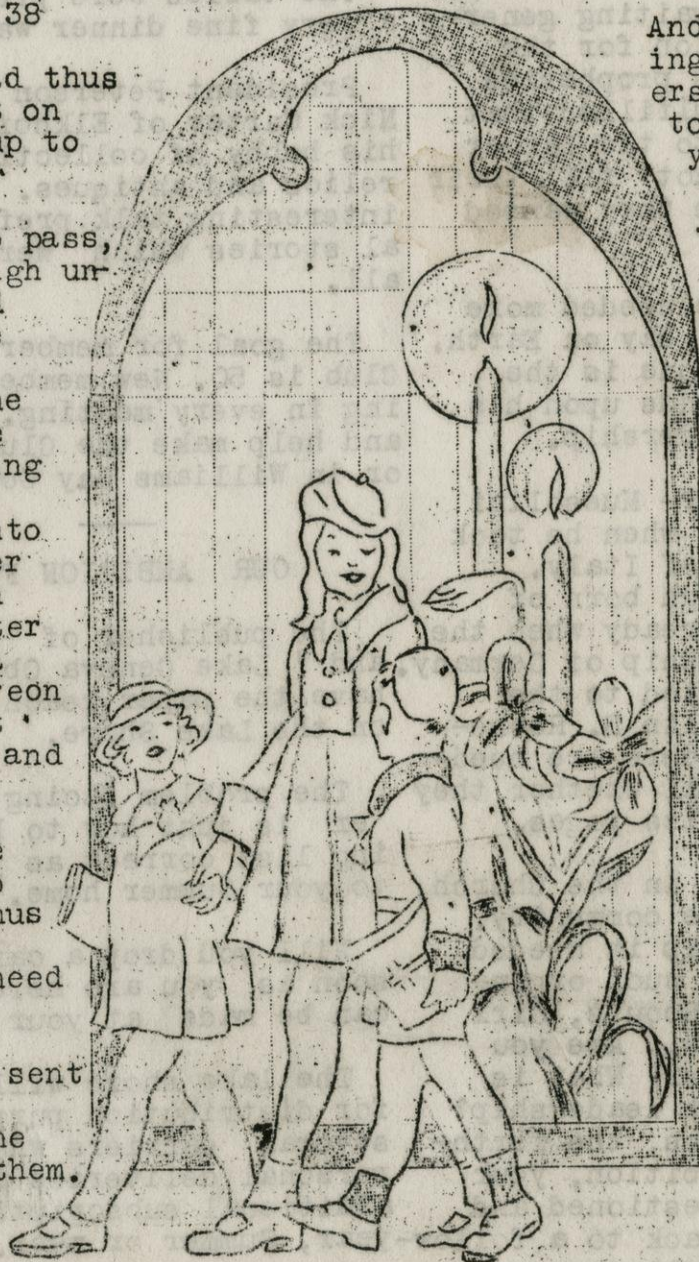

And as they were loosing the colt, the owners thereof said unto them, Why loose ye the colt? and

They said, The Lord hath need of him.

And they brought him to Jesus; and they threw their garments upon the colt, and set Jesus thereon.

And as he went, they spread their garments in the way. (John's Gospel says "Took the branches of palm trees, and went forth to meet him)."

And as he was now drawing nigh, even at the descent of Olives, the whole multitude of the disciples began to rejoice and praise God with (next page)

a loud voice for all the mighty works they had seen;

saying " Blessed is the King that cometh in the name of the Lord: peace in heaven, and glory in the highest.

LEADERSHIP WANTED

When the multitude proclaimed Jesus as the King on that memorable Palm Sunday they were giving recognition to Jesus ' Leadership. They Jews had been waiting generation after generation for the great leader who was prophesied and to many Jesus fulfilled that prophesy. However to the larger portion Jesus did not fill their expectations because they wanted a political leader.

Today Leadership is needed more than back in Jesus ' day on Earth. In every group some one is the leader. So much depends upon his reasons for that leadership.

El Duce means leader- Mussolini was the man of hour when he took over the leadership of Italy. Fuhrer Hitler, though born of humble parents, was ready when the time came for leadership of Germany. In 1933 America rallied to the leadership of Franklin D. Roosevelt. Political leaders are needed. History will tell whether they deserve a place on its pages.

Leaders are needed in the Church, in the school, in the community. Responsible leadership is needed for the direction of such organizations as the Boy Scouts, Girl Scouts, Y.M.C.A., etc. Are you willing to be a leader? What is your reason for such leadership? If for selfish reasons, the furthering of personal ambition, your leadership may be questioned and you will soon drop back to a follow-year, Summer or week. Most of us are followers and rightly so. However we seek a leader who will forget self in the promotion of a great cause. It may be that you may be called.

Because Jesus came as a Leader to translate into every day life the character and virtues of his Father " God ".

Today His leadership is acknowledged by more than ever before.

The Men's Community Club

The Men's Community Club is going strong. The crowd at Rose Lane more nearly took on the appearance of a banquet.

The tables were prettily set and a very fine dinner was served.

President Peterson had secured Nick Carter of Elkhorn to speak on his hobby of collecting prehistoric relics and antiques. He gave an interesting talk prefaced by several stories which were enjoyed by all.

The goal for membership in the Club is 50. New members are coming in every meeting. Come on in and help make the Club a real factor in Williams Bay Community life.

OUR AMBITION FOR SUMMER

The publisher of " Bay Leaves " and " Lake Geneva Observer " wishes to have the paper reach every home on the Lake Shore.

The problem facing the publisher is just how to keep the mailing list correct as you come out to your Summer home.

Will you drop a card just as soon as you are here so delivery can be made at your Summer home?

The lake shore will be divided for distribution purposes among several carriers who will make personal deliveries and secure additional subscriptions by the year, Summer or week.

The editor and publisher is F.M. Van Epps, Williams Bay, Wis.

Subscriptions are \$1.00 per year.

FONTANA'S NEW SCHOOL WILL SOON GET A START

Work will soon start on the new school building at Fontana. The bids first received for the work on the building have been lowered to keep within the funds available for the new building. Additional ground has been purchased near the old building.

The following officers for the village of Fontana were elected at the annual spring election, held last Tuesday, April 5th—President, H.G. Foote; Clerk, M.P. Quinn; Treasurer, Miss Rachel Porter; Assessor, C.D. Higgs. Trustees—Basil Birdsall, Lyle Erkfitz, Joseph Robinson. Supervisor, L.G. Buckles.

A referendum authorizing the village board to pay up to half the cost of constructing sidewalks, the other half to be charged to property owners, carried 130 to 73.

SILVER WEDDING ANNIVERSARY IS CELEBRATED BY LAKE GENEVA COUPLE

Mr. and Mrs. Robert Blackwood quietly celebrated their 25th wedding anniversary on Monday, April 4. On Sunday before, they were happily surprised to have about 50 of their relatives and friends come from Chicago by bus, bringing gifts and refreshments.

Mrs. Blackwood's maiden name was Margaret Cronin. The couple were married at the local Catholic Church. Mr. Blackwood was at that time gardener on the S.W. Allerton estate. They later moved to their present home on Madison Street. Mr. Blackwood is owner of the Blackwood green-houses in Lake Geneva.

The Lake Geneva Country Club will open for the 1938 season on May 1st. Mrs. May G. Hatch will

resume her work as stewardess of the club. Jack Burgess will continue as professional. Joe Lazzio will be at the club in his duties. He and his family have been in Florida for the winter.

MR. WILLARD W. JACQUES AND DAUGHTER GIVE LUNCHEON

Willard W. Jacques and his daughter, Mrs. Anson Clough of Montclair, N.J. gave a luncheon on Monday at the Flower Show on the Navy Pier in Chicago, for the directors and executive committee of the Garden Club of Illinois, of which the late Mrs. Jacques was president.

It has been the custom for each president to give such a luncheon in her last year of office, and Mr. Jacques carried out the tradition. No president of the club has been appointed to succeed Mrs. Jacques, although Mrs. George Plamondon is acting president.

WINTER STILL LINGERS IN THE LAP OF SPRING

So wrote a poet. It was somewhat surprising to most of us when we awoke on Wednesday morning and found that someone had "turned off the heat" and Old Man Winter had come back to us, bringing about six inches of snow and chasing balmy Spring away because it had come to us too soon.

A notice in the St. Genevieve, Mo. Daily read— "The weather is very changeable, we hope there will soon be a change." AND THERE WAS.

"Everybody talks about the weather, but no one ever does anything about it"—Mark Twain. Cheer up! the thermometer reads 32 degrees but the calendar reads April 7. Only 262 shopping days before Christmas.

It takes eleven inches of snow to make as much moisture as one inch of rain. We are glad we got the snow in Wisconsin instead of the floods as in Illinois.

LIMIT NUMBER OF TAVERNS AT BAY

There is published this week in the Regional News, Lake Geneva a copy of An Ordinance which has in effect the limiting of the number of taverns within the Village of Williams Bay to four.

VILLAGE TAX COLLECTIONS

The total amount that was placed on the Tax Roll for Williams Bay was \$91,858.78 and O.M. Waterbury reports that he collected \$59,861.19 which is much better than in the year previous.

The Financial Statement read by the Clerk at noon on Election Day showed that there was on hand sufficient to cover the 1938-9 budget that was passed last November and still leave a comfortable balance for emergencies.

As soon as the Financial Statement is audited it will be published for the tax payers to study.

LAKE GENEVA RETAINS ITS MAYOR

After a heated battle in which Attorney Trinke tried to get the mayoralty of Lake Geneva on a platform of economy, the voters decided that the present Mayor and Council were not so bad after all and re-elected Walter M. Ledger.

In a three cornered fight for Chairman of Delavan Town Board Asa G. Williams won out by a large margin.

In Walworth Village Dr. W. W. Coon who was drafted into the office of Village president several years ago refused to be considered again Mr. Brown of Brown & Loftus was elected to succeed him, while Guy Converse, who has served many years lost to L. Mc Elwain. Guy is now Water Superintendent and the citizens felt that was enough for one man to handle.

CLIFTON MUSTIN HAS NEW BUSINESS IN COUNTY

Clif Mustin has the agency for Walworth County for Nehi Soft Drink Products and is busy working up business.

As soon as the weather warms up sufficiently he will start to work on his restaurant the "Homway" so as to have it open by Memorial Day.

PIEHL & PIEHL BUSY.

In the "Birches" subdivision on the South Shore, Piehl & Piehl are constructing a very fine modern home for Mrs. George Betts and also on the South Shore they are remodeling the log cabin, which the Rawleigh Warner's purchased together with additional frontage near their home last Summer.

NEXT ISSUE OUT ON WEDNESDAY

The editor made no particular effort to secure advertisement this week as he was busy with closing the books of the Village, attending Village Board Meetings, looking after an election, etc.

Thanks for the advertisements which came in by mail.

In getting the issue out next Wednesday it will reach its readers in time to tell of places to make Easter purchases.

Watch the advertisements which appear in "Bay Leaves". The business men and women are conducting their business for your benefit. Without you they could not stay in business. Tell them that you saw the announcement of the things you buy in "Bay Leaves". It is your paper and will help to make it easier to secure advertisements.

Mention "Bay Leaves".

HIGHROAD PLAYERS GIVE PERFORMANCE

The Highroad Players, a young dramatic group of the Congregational church, directed by Mrs. George Hotton, gave their first public performance last Sunday evening at the church. The play, "A Twentieth Century Lullaby", is a religious play, based on the story of a mother's love for her young son, John Peter Ulrich, and who naturally wants him to grow up knowing only of the better things in life without meeting with the difficulties concerned with the same, but he of course, meets with all these things during his life's different periods, boyhood, school, college, war, vocation and marriage. All characters were well chosen for their parts, as follows- A Mother, Mary Smith, Elsie Ambrose; School-master, Rector Blakeley; Clergyman, David Keiser; Business man, Jack Keiser; Politician, Lester Hackett; Bride, Josephine Ambrose; Madonna, Leola Ripley; Announcer, Carl C. Bjorge.

The group will present the play before the State Federated Woman's Clubs at Whitewater this Saturday, April 9.

PARENTS OF GENE EICHAR CELEBRATE WEDDING ANNIVERSARY

Mr. and Mrs. Frank G. Eichar of Rockton, Ill., parents of Mr. Gene Eichar, Williams Bay, held open house last Sunday, April 3, at the home of their son and Mrs. Eichar, "Chateau Charlotte" on Stamm Street, to celebrate their fiftieth wedding anniversary.

Relatives and friends from Rockton, Beloit, Chicago and Waterloo, Iowa, were present.

Mr. and Mrs. Eichar were married in Waterloo, Iowa, fifty years ago.

Mr. and Mrs. J. S. Hotton who have been enjoying a six months trip to the West coast, returned to their home in Wms Bay last Monday.

WMS BAY GARDEN CLUB HAS INTERESTING SPEAKER FOR MEETING

The Garden Club met with Mrs. G. Van Biesbroeck on Constance Blv'd. for their regular meeting, Tuesday afternoon.

After a short business meeting a very interesting lecture on "Russia and Roumania Gardens" was given by Miss Smith, a native Russian, who came to this country after the World War, becoming an American citizen, and later in 1937, visited her native country.

Bucharest in Roumania has many beautiful formal gardens. In Petersburg, Russia, now Leningrad, the gardens surrounding the former Czar Nicholas II palace were about the world's grandest. Many of the gardens planted in different colors but of one shade, one garden loved so much by the former Czarina or Empress, was a mile and a half in length, all planted in flowers of pink colors. There were 300 rooms in this palace and the woodwork in all the rooms was of the most expensive and rare woods. One part of this palace is now being used as a sanitarium; the gardens nearly all of them destroyed and the palace stripped of the costly furnishings and art objects.

In Crimea there are beautiful Botanical Gardens and many rare trees from 500 to 600 years old and 300 feet in diameter. Wonderful varieties of fruit trees such as peaches, olives, oranges and rare plums, much larger than are grown in this country. Here grow the rarest trees in the world. Magnolia blossoms grow wild along the mountain roads. Strawberries are ripe at Christmas time; and here grow many wonderful varieties of delicious grapes.

Miss Smith showed many beautiful mounted specimens of real flowers, wild grasses, tree leaves, and tree blossoms.

There were eight guests present. A letter from Mrs. A. P. Lovejoy and cards showing the beautiful gardens in Virginia where she is visiting this Spring were enjoyed by those present.

Mrs. C. Bjorge and Mrs. Frank Herman joined the club.

CRANE FARM SANITARIUM

Probably many of you readers have wished to know more about the Sanitarium located on STH 50 and backing on Lake Como. The editor did and called last week.

Miss Sarah Ruhl, Superintendent and Registered Nurse, very kindly showed me around the building.

The capacity of the Sanitarium is eighteen patients. They come from Chicago after being released from hospital care and stay there until fully recovered and ready to take their places again in the Crane Co. plant.

Dr. J. H. Chivers, Head of the Medical Department of Crane Co. is in charge of the work as a part of his department.

There is a large sunroom with quartz glass, billiard tables, etc. for the use of the guests, for the patients are treated as guests. They can come and go as they wish in keeping with their physical condition.

The Sanitarium came here from Buffalo Rock near Ottawa on May 5, 1927.

Though most of the patients are men, there are accommodations for women also.

We are glad to have the Sanitarium in our neighborhood. Crane Farms in charge of Harry Landon, surrounds the Sanitarium and in the summer the Club House and cottages are a busy place.

Mrs. Eideman, Chicago, came with the Wm Rockenfellers from Chicago for the day.

MORE RARE HOUSE PLANTS ARE SEEN

Luther Burbank, world renowned horticulturist once said—"If you love plants and flowers they will grow and produce for you". How true you would say if you were to visit The home of Mrs. H. Bodorff on Congress Street and see her many beautiful house plants, which are all arranged before a large south window. There are two large foliage plants beautifully colored: Coleus; a red and a white and green Coule plants; a large Cyncevera; a German myrtle, also a Swedish myrtle which has white blossoms on; a white begonia which has blossomed all winter also a pink begonia; an Oxalis; a Pandora plant; a purple primrose which started to bloom in December and now has twelve blossoms and ten buds, each blossom lasts three weeks.

Mrs. Bodorff also has a very attractive outdoor garden during the summer and the late fall. Stop and look at these plants, it is worth while.

LIFE BEGINS AT NINETY

Chicago's oldest living Dane, Mr. Karman Jorgenson, who was born in Denmark 97 years ago, coming to America when he was 31. Mr. Jorgenson spent the day, his birthday, on March 19, tidying up the yard, trimming the trees, raking the leaves. Under the porch of his home was a woodpile all neatly stacked and sawed in even lengths. He built the garage in his yard when he was eighty years old and a cabinet in his home when he was 84. He is the oldest member in his Odd Fellows Lodge, 58 years.

Mr. Jorgenson, of medium height, shows little evidence of advancing age. He's never sick. He pays no attention to diet; likes good substantial meals such as potatoes and meat.

He was awarded a medal in 1928 by the King of Denmark for bravery when he fought in the war between Denmark and Germany in 1864.

PERSONALS

Mr. and Mrs. Harvey S. Brackett, Cedar Point Park, who have been in Mexico, Florida and the Southwest for the past winter, returned to their home in Wms Bay on Wednesday.

SWEDISH AMERICANS TO OBSERVE TERCENTENARY ON FRIDAY

More than 175,000 Swedish Americans in Chicago will join the two million others throughout the country this Friday evening in a special observance of "Forefathers' Day", the 300th anniversary of the landing of the first Swedish colonists in America. The day has been declared a legal holiday in the State of Pennsylvania and a dinner will be held in Philadelphia Friday evening to raise a fund of \$750,000 for the Swedish American Museum, at which Gov. Earle will preside.

Mrs. Robert N. Anderson was hostess to the members of the Wednesday Bridge Club at her home on Geneva Street. A one o'clock luncheon was served.

Dr. Karl Wurm of the Astro-physical Observatory, Potsdam, Germany, has come to the Yerkes Observatory as a visiting professor.

Mr. and Mrs. W.M. Davis, who have been spending the winter in California returned to their summer home at Oak Bank on the lake shore, this week.

A gymnastic exhibition was given by the Wms Bay school last night. A good crowd turned out to see demonstrations of tumbling, archery, wrestling, boxing, relays, marching drills and folk dancing given by the students.

Mr. Jorgenson is a great uncle of Mr. H.A. Stark, Williams Bay.
