## INTRODUCTORY

---

**T**HE publishers are pleased to place before the public the third edition of the Beloit City Directory, compiled by them, with the assurance that the volume will be welcomed by all who have occasion to consult it. Beloit is growing in all ways and has at this writing (July, 1917) a population of 20,000.

A volume might be filled for the purpose of exploiting the advantages of Beloit, but the facilities in a business way and the character of the population is so well understood in all parts of the country that a recital of that character is hardly necessary in dedicating to the public a book that treats of the public. In the belief that this copy of the Directory will be found the most complete and most accurate of any that has been published, it is submitted for the approval of those to whom it is meant to be of service.

Respectfully,

THE McCOY DIRECTORY CO..

Rockford, Illinois.
